(a company incorporated in England with registered number 14259; the liability of its members is limited)
as Issuer

PROGRAMME FOR THE ISSUANCE OF NOTES AND WARRANTS

On 24 February 1999, HSBC Bank plc (the "Issuer") established a Programme for the Issuance of Notes and Warrants (the "Programme").

This document (the "Base Prospectus") (which expression shall include all documents incorporated by reference herein) has been prepared for the purpose of providing disclosure information with regard to the notes (the "Notes") and warrants (the "Warrants"). This Base Prospectus is a base prospectus in accordance with Art. 35 para. 1 of the Financial Services Act ("FinSA") and has been evaluated and approved pursuant to Art. 51 et seq. of the FinSA and Art. 59 et seq. of the Financial Services Ordinance ("FinSO") by the reviewing body SIX Exchange Regulation AG ("Reviewing Body") on 23 June 2021. According to Art. 55 FinSA, base prospectuses shall be valid for public offers in Switzerland or admission to trading on a trading venue in Switzerland of the Notes and Warrants for 12 months after approval. After this period, this Base Prospectus will either be registered again with a prospectus reviewing body or it may be used exclusively for exempt offers pursuant to Art. 36 para. 1 FinSA. Together, this Base Prospectus (as amended or supplemented) and the applicable Final Terms (the "Final Terms") (as amended or supplemented) constitute the prospectus for the relevant Notes and Warrants. Furthermore, the Issuer reserves the right to set forth information which may be required in the case of an offer to private clients in a key information document ("Key Information Document" or "KID") pursuant to Art. 58 FinSA. During the transitory period pursuant to Art. 111 FinSO the Issuer may publish a simplified prospectus alternatively to a KID.

This Base Prospectus does not comprise (i) a base prospectus for the purposes of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018, as amended (the "EUWA") (the "UK Prospectus Regulation") or (ii) a base prospectus for the purposes of Regulation (EU) 2017/1129 (as amended, the "EU Prospectus Regulation"). This Base Prospectus has been prepared solely with regard to Notes and Warrants that are not to be admitted to listing or trading on any regulated market for the purposes of the Markets in Financial Instruments Directive 2014/65/EU (as amended, "MiFID II") or Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA ("UK MiFIR") and not to be offered to the public in the United Kingdom (the "UK") (other than pursuant to one or more of the exemptions set out in Section 86 of the Financial Services and Markets Act 2000 (as amended, the "FSMA")) or a Member State of the European Economic Area (other than pursuant to one or more of the exemptions set out in Article 1(4) of the EU Prospectus Regulation).

In relation to any Notes or Warrants, this Base Prospectus must be read as a whole, together also with the relevant Final Terms and Key Information Document (where applicable). Any Notes or Warrants subject to this Base Prospectus and issued under the Programme on or after the date of this Base Prospectus are issued subject to the provisions described herein. This does not affect any Notes or Warrants already in issue.

This Base Prospectus will be valid until 12 months from the date hereof.

Any person (an "Investor") intending to acquire or acquiring any securities from any person (an "Offeror") will do so, and offers and sales of the securities to an Investor by an Offeror will be made, in accordance with any terms and other arrangements in place between such Offeror and such Investor including as to price, allocations and settlement arrangements. The Issuer will not be a party to any such arrangements with Investors (other than the Dealers as defined herein) in connection with the offer or sale of the securities and, accordingly, this Base Prospectus and any Final Terms will not contain such information and an Investor must obtain such information from the Offeror.

The Issuer has been assigned the following long term credit ratings: A+ by S&P Global Ratings UK Limited ("S&P"); A1 by Moody's Investors Service Limited ("Moody's"); and AA- by Fitch Ratings Limited ("Fitch"). Each of S&P, Moody's and Fitch is established in the UK and registered under Regulation (EU) No 1060/2009 on credit rating agencies as it forms part of the domestic law of the UK by virtue of the EUWA (the "UK CRA Regulation"). As such, each of S&P, Moody's and Fitch appears on the latest update of the list of registered credit rating agencies (as of 31 December 2020) on the UK Financial Conduct Authority's (the "FCA") Financial Services Register. The ratings each of S&P, Moody's and Fitch have given to the Issuer are endorsed by S&P Global Ratings Europe Limited, Moody's Deutschland GmbH and Fitch Ratings Ireland Limited, respectively, each of which is established in the European Union and registered under Regulation (EU) No 1060/2009 on credit rating agencies (the "EU CRA Regulation").

EU PRIIPs REGULATION - IMPORTANT – EEA RETAIL INVESTORS - If the Final Terms in respect of any Notes or Warrants includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes or Warrants are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive 2016/97/EU (as amended, the "Insurance Distribution Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the EU Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "PRIIPs Regulation") for offering or selling the Notes or Warrants or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or Warrants or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

UK PRIIPs REGULATION - IMPORTANT - UK RETAIL INVESTORS – If the Final Terms in respect of any Notes or Warrants includes a legend entitled "Prohibition of Sales to UK Retail Investors", the Notes or Warrants are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the EUWA; or (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive 2016/97/EU, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of the UK Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "UK PRIIPs Regulation") for offering or selling the Notes or Warrants or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or Warrants or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

The Notes and Warrants have not been and will not be registered under the United States Securities Act of 1933, as amended (the "Securities Act") or the state securities laws of any state of the United States, and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act ("Regulation S")) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Accordingly, the Notes and Warrants are being offered and sold to non-U.S. persons in offshore transactions in reliance on Regulation S.

The Issuer does not intend to offer and sell any Notes or Warrants in the United States or to U.S. persons in reliance on Rule 144A.

In addition, Warrants may not be offered or sold to, or for the account or benefit of U.S. persons (as defined in the U.S. Commodity Futures Trading Commission regulation 23.23(a)(23)) at any time.

The Notes are not deposit liabilities of the Issuer and are not covered by the UK Financial Services Compensation Scheme or insured by the U.S. Federal Deposit Insurance Corporation or any other governmental agency of the UK, the United States or any other jurisdiction.

The Notes and Warrants do not constitute a collective investment scheme as defined in the Federal Collective Investment Schemes Act ("CISA") and are not subject to authorisation by the Swiss Financial Markets Supervisory Authority ("FINMA"). Accordingly, Noteholders and Warrantholders do not have the benefit of the specific investor protection provided under the CISA. Holders of the Notes and Warrants bear the issuer risk.

RISK FACTORS

This section provides details of the principal risks associated with the Issuer and the Notes and Warrants.

Any investment in the Notes and Warrants is subject to a number of risks. Prior to investing in the Notes and Warrants, prospective investors should carefully consider risk factors associated with any investment in the Notes or Warrants, the business of the Issuer and the industry in which it operates together with all other information contained in this Base Prospectus, including, in particular, the risk factors described below. The Issuer considers such risk factors to be the principal risk factors that may affect its ability to fulfil its obligations under the Notes and Warrants and/or risk factors that are material for the purposes of assessing the market risk associated with the Notes and Warrants. Words and expressions defined in the Conditions or elsewhere in this Base Prospectus have the same meanings in this section.

The following is not an exhaustive list or explanation of all risks which investors may face when making an investment in the Notes or Warrants. Additional risks and uncertainties relating to the Issuer or the Notes and Warrants that are not currently known to the Issuer, or that the Issuer currently deem immaterial, may individually or cumulatively also have a material adverse effect on the business, prospects, results of operations and/or financial position of such Issuer or the Notes and Warrants themselves, and, if any such risk should occur, the price of the Notes and Warrants may decline and investors could lose all or part of their investment. Investors should consider carefully whether an investment in the Notes or Warrants is suitable for them in light of the information in this Base Prospectus and their personal circumstances.

(1) Risks relating to the Issuer

A description of the risk factors relating to the Issuer that may affect the ability of the Issuer to fulfil its obligations under the Notes and Warrants are set out in the section entitled "*Risk Factors*" on pages 1 to 22 of the Registration Document (as defined in the section headed "*Incorporation by Reference*" below).

(2) Risks relating to all issues of Notes and Warrants

A wide range of Notes and Warrants may be issued under the Programme. The Issuer may issue Warrants linked to, or Notes with principal and/or interest determined by reference to, one or more variables such as an index, formula, securities, currency exchange rates, interest rates, inflation indices or other factors (each underlying, currency or other asset being a "**Reference Asset**"). A number of these Notes or Warrants may have features which contain particular risks for investors. Set out below is a description of some of the risks that should be taken into consideration by prospective purchasers of Notes or Warrants.

Credit risk

The Notes and Warrants are direct, unsecured and unsubordinated obligations of the Issuer and not of any other person. If the Issuer's financial position were to deteriorate, there could be a risk that the Issuer would not be able to meet its obligations under the Notes and Warrants (the Issuer's credit risk). If the Issuer becomes insolvent or defaults on its obligations under the Notes and Warrants, in the worst case scenario investors in the Notes and Warrants could lose all of their invested amounts. Unlike a savings account or similar investment, an investment in the Notes or Warrants is not covered by the UK Financial Services Compensation Scheme.

Investors should be aware that any rating of the Issuer reflects the independent opinion of the relevant rating agency and is not a guarantee of the Issuer's credit quality. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by its assigning rating agency at any time.

The Notes and Warrants are unsecured obligations

It will be particularly important for the investor to evaluate the Issuer's credit risk when considering an investment in the Notes and Warrants as the Notes and Warrants are not secured. If the Issuer became unable to pay amounts owed to the investor under the Notes or Warrants (as applicable), such investor will not have recourse to the Reference Asset(s) or any other security or collateral and, in a worst case scenario, may not receive any payments under the Notes or Warrants (as applicable).

The Notes and Warrants are not ordinary debt securities and investors are exposed to the risks relating to the Reference Asset(s)

An investment in the Notes and Warrants is not an equivalent to an investment in a time deposit. The terms of the Notes and Warrants may differ from those of ordinary debt securities because the Notes may not pay interest, the Warrants do not pay interest and, on redemption or expiry (as applicable), depending on the performance of the Reference Asset(s) the Notes and Warrants may return less than the amount invested or nothing.

The repayment of any amount invested in Notes and Warrants and any return on investment may be variable and is not guaranteed. Unlike a savings account or similar investment with a lower return and little or no capital risk, the Notes and Warrants may potentially have a greater return but there is a greater risk of loss of capital. As a result, the investors' capital can fall below the amount initially invested.

Notes and Warrants are linked to the value or level of the underlying Reference Asset(s) and payment at maturity or expiry (and/or payment on early redemption in certain circumstances) and/or payment of interest amounts depend on the performance of the Reference Asset(s). Investors should therefore be prepared to be exposed to the risks related to the Reference Asset(s). The value or level of the Reference Asset(s) can alter sharply because they reflect the performance of the underlying value or general stock and other market conditions. Therefore, there is a risk that, if the value or level of the Reference Asset(s) does not move in the anticipated direction, the Notes or Warrants may return less than the amount invested and, in a worst case scenario, investors could lose their entire invested amount. In addition, investors should note that there may be a risk that if the issuer of an underlying Reference Asset becomes insolvent, the value of such Reference Asset will become zero. As a result thereof the value of the Notes or Warrants will be adversely affected and in a worst case scenario become zero as well. Investors in the Notes or Warrants would then lose all of their invested amounts.

The Issuer cannot predict the value or level of the Reference Asset(s) on any date during the life of the Notes or Warrants or at maturity or expiry (as applicable). The total return of the Notes or Warrants may be less than other fixed rate instruments, including other securities available directly from the Issuer. Investors should compare the rates of return and other features of the Notes or Warrants to other available investments before deciding to purchase the Notes or Warrants.

Past performance of the Reference Asset(s)

Past performance of the Reference Asset(s), if provided, should not be taken as an indication of future performance of the Reference Asset(s). The Issuer cannot provide any assurance that the performance of the Reference Asset(s) will result in a positive return on any investment.

Capital risks relating to Notes and Warrants which are not principal protected

Unless the relevant Series of Notes or Warrants is fully principal protected, the repayment of any amount invested in the Notes or Warrants is not guaranteed. As a result the investors' capital can fall below the amount initially invested in such Notes or Warrants and, in the worst case, the investors may lose their entire invested amount.

No ownership rights

An investment in Notes or Warrants relating to Reference Asset(s) is not the same as an investment in the Reference Asset(s). The Notes or Warrants do not (prior to physical settlement of any Notes by delivery of Reference Asset(s), where applicable) confer any legal or beneficial interest in any Reference Asset(s) or securities underlying any Reference Asset(s) (if the Reference Asset is an index) and do not provide a Noteholder or Warrantholder with any of the rights that a holder of such Reference Asset(s) may have (such as voting rights and rights to receive dividends).

There may be no active trading market or secondary market liquidity for Notes or Warrants

Any Series of Notes or Warrants issued will be new securities which may not be widely distributed and for which there is no active trading market (even where, in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche which is already issued). If the Notes or Warrants are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar Notes or Warrants (as applicable), general

economic conditions, commissions paid by the Issuer and the financial condition of the Issuer and existing liquidity arrangements (if any) might not protect Noteholders from having to sell the Notes at substantial discounts to their principal amount in case of financial distress of the Issuer. Accordingly, the investor is subject to the risk that its investment in the Notes and Warrants may be difficult or impossible to trade. If a market does develop, it may not be very liquid and such liquidity may be sensitive to changes in financial markets.

It is not possible to predict whether any trading market for the Notes and Warrants will develop or, if it does, the price at which Notes and Warrants will trade in the secondary market or whether such market will be liquid or illiquid. If any Notes and Warrants are not listed or traded on any exchange, pricing information for the Notes and Warrants may be more difficult to obtain and the liquidity of the Notes and Warrants may be adversely affected. Also, to the extent that Notes are redeemed or purchased and cancelled or Warrants are exercised or purchased and cancelled, the number of Notes or Warrants outstanding will decrease, resulting in a lessening of the liquidity of the Notes and Warrants. A lessening of the liquidity of the Notes and Warrants may cause, in turn, an increase in the volatility associated with the price of the Notes and Warrants. An investor in the Notes or Warrants is subject to the risk therefore, that to the extent that there is no liquid market in the Notes and Warrants, an investor may have to wait until redemption of such Notes or until it is able to exercise such Warrants in order to realise the value of its investment and, as such, an investor should proceed on the assumption that they may have to bear the economic risk of an investment in the Notes or Warrants until their redemption or exercise date.

Illegality

The Noteholders and Warrantholders are subject to the risk that the Issuer may terminate its obligations under the Notes or Warrants if the Calculation Agent determines acting in good faith and a commercially reasonable manner that the performance of the Issuer's obligations under any Notes or Warrants (or, in the case of Warrants and Notes other than Alternative General Conditions Notes, the Issuer's designated affiliates' obligations under any hedging or funding arrangement established in connection therewith) shall after the trade date have become unlawful or (in the case of Warrants and Notes other than Alternative General Conditions Notes only) impracticable in whole or in part, unless the relevant Final Terms in respect of a Series of Notes specifies "Early Redemption for Impracticability" as not applicable, in which case the Issuer will not be entitled to terminate its obligations under such Notes or Warrants for the reasons of impracticability only. Following such a determination of illegality or (as the case may be) impracticability, the Issuer may terminate its obligations under the Notes against payment of the Early Redemption Amount specified in the relevant Final Terms or terminate its obligations under the Warrants against payment of the Fair Market Value. In the case of Notes other than Alternative General Conditions Notes, the Final Terms may specify the Early Redemption Amount as being the Fair Market Value of such Note immediately prior to such termination. The Fair Market Value of a Note or Warrant will be adjusted to account fully for any reasonable expenses and costs incurred by the Issuer and/or its designated affiliates in connection with the Issuer's obligations under the Notes or Warrants or any related hedging and/or funding arrangements as a result of such events. Noteholders and Warrantholders may suffer a loss of some or all of their investment as a result of such early termination, and will forego any future performance in the relevant Reference Asset and, in the case of Notes only, future interest payments applicable to such Notes (if any).

Early Redemption for Taxation Reasons

The Noteholders are subject to the risk that the Issuer may terminate its obligations under the Notes if the Issuer determines that it would be required to gross-up payments to the holders following a withholding or deduction required by law of taxes, duties, assessments or governmental charges imposed or levied by or on behalf of the United Kingdom. Following such a determination, the Issuer may terminate its obligations under the Notes against payment of the Early Redemption Amount specified in the relevant Final Terms. In the case of Notes other than Alternative General Conditions Notes, the Final Terms may specify the Early Redemption Amount as being the Fair Market Value of such Note immediately prior to such termination. The Fair Market Value of a Note will be adjusted to account fully for any reasonable expenses and costs incurred by the Issuer and/or its designated affiliates in connection with the Issuer's obligations under the Notes or any related hedging and/or funding arrangements as a result of such events. Noteholders may suffer a loss of some or all of their investment as a result of such early termination and will forego any future performance in the relevant Reference Asset and future interest payments applicable to such Notes (if any).

Certain factors affecting the value and trading price of Notes and Warrants

The value of Notes and Warrants prior to maturity or expiry (as applicable) is expected to depend on a number of factors including, without limitation: (i) the financial condition and funding costs of the Issuer; (ii) the value and volatility of the Reference Asset(s) and liquidity of the Reference Asset(s); (iii) the time remaining to expiration or maturity; (iv) any change(s) in interest rates, dividend yields and inflation rates; (v) any change(s) in currency exchange rates; (vi) economic and market conditions; and (vii) any related transaction costs. As a result of these factors the price at which a Noteholder or Warrantholder will be able to sell the Notes or Warrants prior to maturity or expiry (as applicable) may be less than the initial amount invested in the Notes or Warrants. Each of these factors interrelate in complex ways (for example, one factor may offset an increase in the value of the Notes or Warrants caused by another factor). Investors are subject to the risk that the value of Notes or Warrants may be adversely affected by one or more of the following factors:

(a) *Fluctuations in the level or value of the Reference Asset(s)*

Fluctuations in the value or level of the Reference Asset(s) may affect the value of the Notes or Warrants, but equally an investor in the Notes or Warrants is subject to the risk that expectations of fluctuation in value or level of the Reference Asset(s) during the remaining period to the maturity of the Notes or expiry of the Warrants (as applicable) or any earlier redemption or exercise date would adversely affect amounts payable in respect of the Notes or Warrants. The level or value of the Reference Asset(s) may vary over time and may increase or decrease by reference to a variety of factors which may include corporate actions, macro-economic factors and speculation.

(b) *Interest rates*

Rising interest rates may lower the value of the Reference Asset(s), and thus, the value of the Notes and Warrants. Changes in interest rates may also affect the economy of a country in which the Reference Asset(s) or securities underlying the Reference Asset(s) (where such Reference Asset(s) is an equity index) are traded, and which may adversely affect the value of the Notes and Warrants.

(c) *Volatility of the Reference Asset(s)*

If the size and frequency of market fluctuations in value of the Reference Asset(s) increase or decrease, the trading value of the Notes and Warrants may be adversely affected.

(d) *Time remaining to maturity or expiry*

The Notes and Warrants may trade at a value above that which would be expected based on the level of interest rates and the level of the Reference Asset(s). Any such difference will reflect a **"time premium"** resulting from expectations concerning the Reference Asset(s) during the period prior to the maturity of the Notes or the expiry of the Warrants. An investor in the Notes and Warrants should be aware of the risk that, as the time remaining to the redemption or exercise (as applicable) of the Notes and Warrants decreases, this time premium would likely decrease, which would adversely affect the value of the Notes and Warrants.

(e) *Dividend rates*

An investor in the Notes and Warrants is subject to the risk that changes in dividend or other distribution rates on the Reference Asset(s) may adversely affect the trading value of the Notes and Warrants. If the dividend or other income rates on the Reference Asset(s) increase, the trading value of the Notes and Warrants are likely to decrease as the Notes and Warrants generally do not reflect such distributions by way of increase in amounts payable on redemption or exercise, or pass-through payments of such distributions.

Pricing

As part of the valuation mechanism, Notes and Warrants may specify a time and an exchange or other venue in which the level or value of the Reference Asset(s) are to be observed. Depending on how the level or value of the Reference Asset(s) is calculated, the level or value of such Reference Asset(s) may fluctuate throughout the trading day, and they may change rapidly. As a result, investors should note that return on any Notes and Warrants may be particularly sensitive to the choice of valuation times and valuation

methods. The "**price discovery**" mechanism used to ascertain the value of the underlying at any given time on exchanges or other venues may not be uniform throughout the trading day. This may affect the valuation of any issuance of Notes and Warrants. For example, exchanges may conduct auctions to set an opening or closing price, and trading characteristics and participants in after-hours trading sessions may differ from those during regular hour sessions.

Potential conflicts of interest

The Issuer and/or affiliates of the Issuer may from time to time: (i) advise or engage in business with the issuers of or obligors in respect of Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index) regarding transactions to be entered into by them; (ii) engage in transactions involving Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index) for their proprietary accounts, for other accounts under their management or to facilitate client orders; (iii) carry out hedging activities related to the Notes and Warrants by purchasing or entering into derivatives transactions relating to the Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index) (but will not be obliged to do so); (iv) publish research reports relating to Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index); or (v) acquire non-public information about Reference Asset(s) and/or any relevant securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index). In undertaking any such activities, neither the Issuer nor any affiliate of the Issuer is under any obligation to consider the interests of the Noteholders, and any such activity by the Issuer or its affiliates (as applicable) may have a negative effect on the value or level of such Reference Asset(s) and therefore on the value of any Notes and Warrants to which they relate.

In addition, the conditions of the Notes or Warrants may provide for (a) the early redemption of the Notes, or an early termination of the Warrants, as the case may be, and/or (b) a lesser amount being payable in respect of the Notes or Warrants, if the value of any Reference Asset exceeds, falls below, is equal to or does not stay within pre-determined reference levels ("**Threshold Events**"). The activities described in the preceding paragraph may cause such Threshold Events to be triggered, which could potentially have a negative impact on the value of any Notes and Warrants to which they relate.

Certain affiliates of the Issuer or the Issuer itself may: (i) be the counterparty to the hedge of the Issuer's obligations under an issue of Notes and Warrants; (ii) be the Calculation Agent responsible for making determinations and calculations in connection with the Notes and Warrants; or (iii) publish research reports which express opinions or provide recommendations that are inconsistent with purchasing or holding the Notes and Warrants referencing the Reference Asset(s). Accordingly, there is a risk that certain conflicts of interest may arise both among the Issuer or these affiliates and between the interests of the Issuer or these affiliates and the interests of Noteholders or Warrantholders (as applicable).

Fees, commission and cost of hedging

The original issue price of the Notes or Warrants may include the distribution commission or fee charged by the Issuer and/or its affiliates and the cost or expected cost of hedging the Issuer's obligations under the Notes or Warrants (if any). Accordingly, there is a risk that, upon issue, the price, if any, of the Notes or Warrants in any secondary market (including the price (if any) at which the Issuer or its affiliates would be willing to purchase Notes or Warrants from the investor) would be lower than the original issue price. Such fee, commission and cost of hedging may also be deducted from the redemption or settlement amount payable in respect of the Notes (in the case of Notes other than Alternative General Conditions Notes) or Warrants. In addition, any such prices may differ from values determined by pricing models used by the Issuer or affiliates as a result of such compensation or other transaction costs.

Effect of general economic conditions on the Notes and Warrants

The market for debt securities is influenced by economic and market conditions, interest rates, currency exchange rates and inflation rates in Europe and other countries and areas. There can be no assurance that events occurring elsewhere will not cause market volatility or that such volatility will not adversely affect the price of Notes or Warrants or that economic and market conditions will not have any other adverse effect.

Hedging activities of the Issuer and affiliates

The Issuer or its affiliates may carry out hedging activities related to the Notes and Warrants, including purchasing Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index), but will not be obliged to do so. Certain of the Issuer's affiliates may also purchase and sell the Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index) on a regular basis as part of their securities businesses. Any of these activities could potentially affect the value of the reference factor, Reference Asset(s) or securities underlying Reference Assets(s) (where such Reference Asset(s) is an equity index) and, accordingly, the value of the Notes or Warrants.

Calculation Agent's discretion and valuation

Calculation of the interest payments (if applicable) and/or amount payable in respect of redemption or expiry or exercise may be by reference to certain specified screen rate(s), level(s) or value(s) published on an exchange or other quotation system, or if any such rate(s), level(s) or value(s) is not displayed at the relevant time, rate(s), level(s) or value(s) (as applicable) determined by the Calculation Agent acting in good faith and a commercially reasonable manner, or otherwise, an exercise of its discretion in accordance with and pursuant to the terms and conditions of the applicable Notes and Warrants. The Calculation Agent may also have other discretionary powers (including without limitation, powers to (i) adjust terms and conditions of Notes and Warrants; (ii) in certain circumstances, substitute the Reference Asset; (iii) postpone payment; (iv) redeem or terminate the Notes and Warrants prior to their scheduled maturity or expiry, as applicable; or (v) apply any combination of the foregoing). Investors should be aware that, in circumstances where the Issuer has entered into hedging arrangements (or otherwise), the exercise of its discretionary powers as Calculation Agent under the conditions of the Notes and Warrants, or as calculation agent under its related hedge, may have an adverse impact on the performance of the Notes and Warrants, which may result in a lower return, or no return at all. The Notes may be redeemable prior to their scheduled maturity and the Warrants may expire prior to their scheduled expiry in certain circumstances at an amount determined by the Calculation Agent which may be less than their nominal amount. Accordingly, an investor in the Notes and Warrants is subject to the risk that the calculation of payments and other determinations under the Notes and Warrants are conclusively determined by one party which may be the Issuer itself or its affiliates and the investor cannot object to such calculation or determination.

The Calculation Agent may be permitted to use its proprietary models in setting the terms of an adjustment, and it may be difficult for investors to predict the resulting adjustments in advance. In such case, an investor would be subject to the risk that it would be difficult to verify that adjustments made to payments under the Notes and Warrants are legitimate and consistent with the terms of an issue of Notes and Warrants without expertise in applying valuation models.

All calculations and determinations made by the Calculation Agent in relation to the Notes and Warrants shall (save in the case of manifest error at the time the relevant determination is made) be final and binding on the Issuer and all Noteholders and Warrantholders. The Calculation Agent shall have no obligations to the holders of Notes or Warrants, and shall only have the obligations expressed to be binding on it pursuant to the Conditions. The Calculation Agent may delegate to an affiliate some or all of its functions, powers, duties and obligations as it deems appropriate without the prior consent of the holders of the Notes or Warrants.

Exchange rate risks and exchange control risks

The Issuer will generally pay amounts in respect of the Notes and Warrants in the Settlement Currency (as referred to in the relevant Final Terms). As a result there are various potential exchange rate risks that investors in the Notes or Warrants need to consider.

Investor converting amounts paid in the Settlement Currency into the Investor's Currency

If an investor anticipates that it will need to convert payments made under the Notes or Warrants from the Settlement Currency into a currency of its choice (the "**Investor's Currency**") (for instance, if other obligations of the investor are payable in the Investor's Currency), then the investor is subject to the risk that the currency conversion rate which it must pay for exchanging the Settlement Currency into the Investor's Currency becomes less attractive and therefore decreases the realisable value of its investment.

An appreciation in the value of the Investor's Currency relative to the Settlement Currency at any time would decrease (i) the value of any redemption (in the case of Notes) or cash settlement (in the case of Warrants) payable to the investor and (ii) the market value of the Notes or Warrants, in each case where converted into the Investor's Currency at that time. As a result, the amount that the investors receive in respect of the Notes or Warrants, as converted, may be less than expected or zero.

Material risks involved in currency conversion

The material risks involved in the currency conversion include the risk that exchange rates may change significantly (including changes due to performance of the Investor's Currency relative to the Settlement Currency). It is impossible to predict whether the value of one such currency relative to another will rise or fall during the term of the Notes and Warrants.

Amounts converted from another currency into the Settlement Currency or calculated by reference to an underlying currency pair

The Final Terms in relation to some Notes may specify that Conversion provisions apply in relation to specified payments under the Notes, in which case the amounts of such payments will be converted into the Settlement Currency in accordance with provisions set out in the relevant Final Terms. The relevant Final Terms may also specify in relation to a Series of Notes or Warrants that certain amounts payable in respect of the Notes or Warrants are to be determined by reference to the exchange rate(s) between one or more underlying currencies. In any such case, the exchange rate and exchange control risks set out above in relation to the Settlement Currency and the Investor's Currency may apply to the Settlement Currency and/or a Cross Currency and the underlying currency and/or such underlying currency pair(s).

In addition,

- (a) if "Price Source Disruption" is specified in the relevant Final Terms as being applicable to any Notes or Warrants, then if for any reason a relevant rate of exchange is not available the Calculation Agent may (i) use alternative sources to determine an exchange rate (such source as may be determined by the Calculation Agent), (ii) postpone the determination of the rate of exchange (subject to a postponement cut-off of 30 calendar days (or such other number of calendar days as may be specified in the Final Terms)) after which the Calculation Agent, acting in a commercially reasonable manner, shall determine its good faith estimate of the rate and use exchange rates prevailing at later times or (iii) determine the rate of exchange as the arithmetic mean of exchange rates provided by leading dealers in the relevant foreign exchange market.
- (b) if "EM Price Source Disruption" is specified in the relevant Final Terms as being applicable to any Notes, then if for any reason a relevant rate of exchange is not available the Calculation Agent may (i) postpone the determination of the rate of exchange (subject to a postponement cut-off of 30 calendar days (or such other number of calendar days as may be specified in the Final Terms)), (ii) following such postponement cut-off, use alternative sources specified in the relevant Final Terms to determine an exchange rate (the "**alternate rate of exchange**"), and/or (iii) in certain circumstances (including where no rate of exchange or alternate rate of exchange is available following postponement or the Calculation Agent determines that any rate of exchange or alternate rate of exchange (as applicable) determined in accordance with the Conditions is not reflective of the rate that the Issuer could obtain in the general foreign exchange market), determine the rate of exchange in good faith and a commercially reasonable manner.

Additionally, where "EM Price Source Disruption" is specified in the relevant Final Terms as being applicable to any Notes, the relevant Final Terms may also specify "Price Materiality" to be applicable to such Notes. Where Price Materiality is specified as being applicable to any Notes, if the Calculation Agent determines that the rate of exchange determined in accordance with the Conditions differs from the fallback rate of exchange determined in accordance with the Conditions by the Price Materiality Threshold Percentage specified in the Final Terms or more (or if no such Price Materiality Threshold Percentage is specified in the Final Terms, by three per cent. or more), the Calculation Agent may determine the relevant rate of exchange in good faith and a commercially reasonable manner.

The exchange rate so determined may differ from the rate which would have prevailed but for the occurrence of the disruption and this may lead to a decrease in the amount payable to the investors. In

addition, if the Calculation Agent postpones the determination of the rate of exchange the due dates for any payments in respect of the Notes or Warrants (including, without limitation, the maturity date or cash settlement payment date) and/or the date of delivery, where physical settlement applies, may also be postponed.

If a specified fixing date for the determination of a relevant exchange rate is an Unscheduled Holiday, the fixing date will be postponed to the next relevant currency business day which is not an Unscheduled Holiday (subject to a postponement cut-off of 30 calendar days (or such other number of calendar days as may be specified in the Final Terms)), after which the Calculation Agent, acting in a commercially reasonable manner, shall determine its good faith estimate of the relevant rate.

If the Issuer is unable to settle payments in the Settlement Currency, the Issuer may, in certain circumstances, settle any payments due under the Notes or Warrants by payment of the Alternative Payment Currency Equivalent (which will be an amount in USD or such other currency specified as the Alternative Payment Currency in the relevant Final Terms) (see "*Payment of Alternative Payment Currency Equivalent*" below).

Exchange control risks

Investors in Notes and Warrants should also be aware that there is the risk that authorities with jurisdiction over the Investor's Currency or Settlement Currency such as government and monetary authorities may impose or modify (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or transfer of funds in and out of the country. It is impossible to predict whether the value of one such currency relative to another will rise or fall during the term of the Notes and Warrants. As a result of exchange controls and restrictions the Issuer may not be able to make payments under the Notes and Warrants in the Settlement Currency and will therefore pay the equivalent of the amounts due under the Notes in U.S. dollars or another currency. Investors in the Notes and Warrants will therefore forego any future performance of the Settlement Currency. See for further details "*Risks relating to Emerging Markets*".

Payment of Alternative Payment Currency Equivalent

Notes and Warrants may provide that, if by reason of an FX Disruption Event or the relevant clearing system ceasing to accept payments in the Settlement Currency or the occurrence of an event specified in the Final Terms as an Alternative Payment Currency Event, the Issuer is not able to satisfy its obligations to pay any amounts due under the Notes or Warrants (as applicable) in the Settlement Currency, then the Issuer is entitled to make the payments in USD or any other currency specified as the Alternative Payment Currency in the relevant Final Terms (the "**Alternative Payment Currency**").

Certain considerations regarding hedging

Investors intending to purchase Notes or Warrants to hedge against the market risk associated with investing in a Reference Asset should recognise that there is a risk that the value of the Notes or Warrants may not exactly correlate with the value of the Reference Asset to which they relate. Due to fluctuating supply and demand for the Notes or Warrants, there is no assurance that their value will correlate with movements of the Reference Asset. In addition, the formula for redemption or exercise (as applicable) may be subject to a cap. For these reasons, among others, it may not be possible to purchase or liquidate assets in a portfolio at the prices used to calculate the value of any relevant Reference Asset. Accordingly, investors who invest in Notes or Warrants as a means of hedging may be exposed to risks arising out of such differences in value.

Value of Baskets

The value of a basket of Reference Assets to which any Notes or Warrants relate may be affected by the number of Reference Assets included in such basket. Generally, the value of a basket that includes Reference Assets from a number of companies or obligors or other components or which gives relatively equal weight to each Reference Asset will be less affected by changes in the value of any particular Reference Asset included therein than a basket that includes fewer Reference Assets or that gives greater weight to some Reference Assets.

In particular, if the Reference Assets included in a basket are all in or connected with a particular industry, the value of such basket will be affected to a greater extent by the economic, financial and other factors affecting that industry than if the Reference Assets included in the basket relate to various industries that

are affected by different economic, financial or other factors or are affected by such factors in different ways.

Investors in the Notes and Warrants are subject to the risk that other risks relating to the Reference Assets which adversely affect the value of the Notes or Warrants will be exacerbated due to the number of and/or type of Reference Assets.

Change of law

The Conditions of the Notes and the Conditions of the Warrants are based on English law and relevant tax law in effect as at the date of this Base Prospectus. There is a risk that the interpretation and/or effect of the Conditions may be subject to change in such a manner as to adversely affect the contractual rights of holders of the Notes and Warrants. The value of the Notes and Warrants may also be affected by changes in the laws of the jurisdiction of listing or incorporation of the issuers of or obligors under the Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index).

No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Base Prospectus.

Clearing systems

Because Notes and Warrants may be held by or on behalf of the relevant clearing system as specified in the relevant Final Terms investors will be able to trade their interests only through the relevant clearing system. Investors will have to rely on their procedures for transfer, payment and communication with the Issuer to receive payment under the Notes and Warrants. Investors are therefore subject to the risk of those settlement procedures failing such that payments due under the Notes or Warrants may be delayed and that book entries or entries in the register are entered incorrectly which may lead to difficulties with an investor asserting ownership of its Notes or Warrants.

The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, interests in the global Notes or global Warrants. Holders of interests in the global Notes or global Warrants will not have a direct right to vote in respect of the relevant Notes or Warrants. Instead, such holders will be permitted to act only to the extent that they are enabled by the relevant clearing system to appoint appropriate proxies.

Modification, waiver and substitution

Investors in the Notes or Warrants are subject to the risk that modifications to the Conditions of the Notes or Warrants may be made without the consent of any Noteholders or Warrantheolders, as the case may be, where the Issuer determines that:

- the modification is not materially prejudicial to the interests of the Noteholders and the Warrantheolders as a whole;
- where the modification of the Notes or Warrants is of a formal, minor or technical nature or is made to correct a manifest error or comply with mandatory provisions of the law of the Issuer's jurisdiction of incorporation; or
- where the Conditions are inconsistent with the termsheet relating to the relevant Notes or Warrants.

There is a commercial risk that the obligations of the Warrantheolder or the Noteholder will be owed by a principal debtor other than the Issuer. The Notes and Warrants permit the substitution of an affiliate of the Issuer as principal debtor in respect of the Notes and the Warrants, **provided that** the Issuer provides a guarantee.

Regulatory initiatives may restrict certain investments and have an adverse impact on the regulatory treatment of the Notes and the Warrants

In Europe, the U.S. and elsewhere there is increased political and regulatory scrutiny of the derivatives and structured securities industries. This has resulted in a raft of measures for increased regulation which are currently at various stages of implementation and which may restrict investment in certain Notes and Warrants, have an adverse impact on the regulatory position for certain investors and/or on the incentives

for certain investors to hold Notes and Warrants and may thereby also affect the liquidity of such Notes and Warrants in the secondary market. Investors in the Notes and the Warrants are responsible for analysing their own regulatory position and none of the Issuer or the Dealers makes any representation to any prospective investor or purchaser of the Notes or the Warrants regarding the regulatory treatment of their investment at the time of such investment or at any time in the future. Prospective investors should therefore make themselves aware of the changes and requirements applicable to them, in addition to any other applicable regulatory requirements with respect to their investment in the Notes or the Warrants.

Limitations on exercise or trading size

If so indicated in the relevant Final Terms, an investor must tender a specified minimum number of Warrants (and integral multiples of Warrants thereafter) or minimum trading size or total consideration of Notes at any one time in order to exercise or on-sell the Notes or Warrants. Thus, investors with fewer than the specified minimum number of Warrants (or specified multiples thereof) or minimum trading size or total consideration of Notes will either have to sell their Notes or Warrants or purchase additional Notes or Warrants, incurring transaction costs in each case, in order to realise their investment. Furthermore, investors in such Notes or Warrants incur the risk that there may be differences between the trading price of such Notes or Warrants and the Cash Settlement Amount of such Warrants or the Final Redemption Amount or Early Redemption Amount of such Notes (as applicable).

If specified in the applicable Final Terms, Notes which settle physically in the underlying Reference Asset may only be redeemed in such amounts as will ensure that the number of relevant Reference Assets to be delivered is equal to an integral multiple of the minimum allowed trading amount of the relevant Reference Asset on the relevant stock exchange as from time to time specified by such stock exchange or other market in which the Reference Asset is traded (the "**Minimum Trading Amount**"). Where the exercise of a holding of such physically settled Notes would not result in the purchase of a number of relevant Reference Assets equal to an integral multiple of the relevant Minimum Trading Amount, the Holder will receive the maximum number of relevant Reference Assets equivalent to the maximum integral multiple of the Minimum Trading Amount and may be entitled to a payment in lieu at the option of the Issuer, determined in the sole and absolute discretion of the Issuer, in respect of the remaining Reference Assets unless any such payment is of a *de minimis* amount, in which case, Holders shall not receive anything in respect of the remaining Notes. Holders will, therefore, either have to sell their Notes or purchase additional Notes, incurring transaction costs in each case, in order to realise their investment.

Risk of automatic / mandatory early redemption or termination

In relation to certain types of Notes or Warrants early redemption or termination occurs if certain conditions set out in the relevant Final Terms are met. Investors should therefore be aware that certain types of Notes and Warrants may terminate prior to the stated maturity date or expiry date (as applicable). As a result investors in such Notes or Warrants may forego any future interest or other payments as well as any appreciation or depreciation (as applicable) in the underlying Reference Assets.

Risks relating to benchmark reform and transition

Regulation and reform of Benchmarks

London Inter-Bank Offered Rate ("**LIBOR**"), the Euro Interbank Offered Rate ("**EURIBOR**") and other indices which are deemed "benchmarks" are the subject of ongoing national, international and other regulatory guidance and reform. Some of these reforms are already effective whilst others are yet to apply. These reforms may cause such "benchmarks" to perform differently than in the past, or to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to a "benchmark". For example, on 5 March 2021 the FCA confirmed that all LIBOR settings will either cease to be provided by any administrator or no longer be representative: (i) immediately after 31 December 2021, in the case of all sterling, euro, Swiss franc and Japanese yen settings, and the 1-week and 2-month U.S. dollar settings; and (ii) immediately after 30 June 2023, in the case of the remaining U.S. dollar settings.

Regulation (EU) 2016/1011, as amended (the "**EU Benchmarks Regulation**"), and Regulation (EU) No. 2016/1011 as it forms part of domestic law of the United Kingdom by virtue of the EUWA (the "**UK Benchmarks Regulation**"), apply to the provision of benchmarks and the contribution of input data to a

benchmark within the EU or the UK (as applicable) and prevent certain uses by EU or UK supervised entities (as applicable) of "benchmarks" of unauthorised administrators.

The EU Benchmarks Regulation and the UK Benchmarks Regulation, together with other international, national or other reforms or the general increased regulatory scrutiny of "benchmarks" could have a material impact on any Notes or Warrants linked to a "benchmark". Such reforms could result in changes to the manner of administration of "benchmarks", with the result that such "benchmarks" may perform differently than in the past (and such changes could have the effect of reducing or increasing the rate or level or affecting the volatility of the published rate or level) or may have the effect of discouraging market participants from continuing to administer or contribute to certain benchmarks, trigger changes in the rules or methodologies used in certain benchmarks or lead to the discontinuance or unavailability of quotes for certain benchmarks.

A Benchmark Trigger Event could occur in relation to the Notes or Warrants

A "**Benchmark Trigger Event**" (as defined in the Conditions) may occur in relation to a Series of Notes or Warrants linked to a "benchmark" index in a number of scenarios, including:

- upon the cessation of any benchmark;
- where the administrator of a benchmark does not obtain authorisation/registration or is not able to rely on one of the regimes available to non-EU benchmarks; or
- certain other events (including, without limitation, an announcement by or on behalf of the administrator of a Relevant Benchmark that such Relevant Benchmark will cease to be provided or the imposition of restrictions on the use such Relevant Benchmark) determined to have occurred by the Issuer.

Determination of a Benchmark Trigger Event

The circumstances with respect to a Relevant Benchmark that may lead to the occurrence of a Benchmark Trigger Event are beyond the Issuer's control. However, in all cases, the Issuer will make a determination as to whether the relevant circumstances have arisen.

In making a determination as to whether the occurrence of the relevant circumstances constitute a Benchmark Trigger Event the Issuer may take into consideration any factors the Issuer considers relevant to such determination (including prevailing market practice and the impact of such circumstances on any related hedging arrangement of the Issuer and/or its affiliates). The Issuer is under no obligation to act in the best interests of the holders of the Notes or Warrants in making such determination, and there is no guarantee that the determinations made by the Issuer will lead to the best possible outcome for investors.

Consequences of the occurrence of a Benchmark Trigger Event

The occurrence of a Benchmark Trigger Event in relation to a Relevant Benchmark to which the Notes or Warrants are linked could result in such Relevant Benchmark being deemed replaced (for the purposes of the Notes or Warrants) with an alternative benchmark (a "**Replacement Index**") selected by the Issuer (or any Alternative Pre-nominated Index specified in the Final Terms as applicable), adjustment to the terms and conditions pursuant to Condition 15A (*Consequences of a Benchmark Trigger Event*) or Condition 8A (*Consequences of a Benchmark Trigger Event*) (as applicable), early redemption or termination, discretionary valuation by the Issuer and/or the Calculation Agent, delisting or other consequences in relation to Notes or Warrants linked to such Relevant Benchmark.

There can be no assurance that the amounts payable to investors in relation to any Notes or Warrants following the application of a Replacement Index or the Alternative Pre-nominated Index pursuant to Condition 15A (*Consequences of a Benchmark Trigger Event*) (in the case of Notes), or a Replacement Index or the Alternative Pre-nominated Index pursuant to Condition 8A (*Consequences of a Benchmark Trigger Event*) (in the case of Warrants), and any related adjustments to the terms and conditions of the relevant Notes or Warrants (as applicable), will correspond with the amounts that investors would have received if the original Relevant Benchmark had continued to apply, and investors may accordingly receive less than they would otherwise have received.

The determination and use of a Replacement Index or the Alternative Pre-nominated Index following the occurrence of a Benchmark Trigger Event may result in changes to the Conditions and/or payments that are lower than or that do not otherwise correlate over time with the payments that could have been made on such Notes or Warrants if the Relevant Benchmark remained available in its current form. Any such consequence could have a material adverse effect on the value of and return on any such Notes or Warrants.

Taxation and other charges in relation to the Notes and Warrants

Transactions involving Notes or Warrants may have tax consequences for potential purchasers which may depend, amongst other things, upon the status of the potential purchaser and laws relating to transfer and registration taxes. Stamp duty, stamp duty reserve tax and/or similar transfer taxes may be payable on any conveyance or transfer (actual or deemed) or agreement to transfer assets in cases where obligations of the Issuer under the Notes are or may be physically settled.

Transactions involving Notes or Warrants may be subject to United Kingdom stamp duty or stamp duty reserve tax, and are subject to the risk that instruments effecting or evidencing transfers of Notes or Warrants and executed in the United Kingdom may not be admissible in evidence in civil proceedings unless duly stamped. An instrument of transfer executed outside the United Kingdom is also subject to the risk that it may be inadmissible in United Kingdom civil proceedings unless duly stamped after it has been first received in the United Kingdom.

Under the terms and conditions of the Notes all payments and deliveries will be subject to any fiscal or other laws and regulations in the place of payment and Noteholders may be responsible for paying, or suffer a deduction for, any applicable duties, taxes or other charges imposed by such laws and regulations, subject only to the Issuer's obligation to gross-up in relation to certain taxes imposed by the United Kingdom under Condition 8A (*Taxation - Gross-up*). This gross-up obligation is applicable provided Condition 8B (*Taxation – No gross-up*) is not specified as applying to a Series of Notes and is subject to a number of exceptions and covers only certain withholdings and deductions on account of taxes imposed by the United Kingdom; in particular, it does not cover stamp duty, stamp duty reserve tax and/or similar transfer taxes.

If Condition 8B (*Taxation – No gross-up*) is specified as applying to a Series of Notes in the relevant Final Terms, the Issuer will not be required to gross-up or pay any additional amounts in respect of the Notes in respect of which any withholding or deduction has been required to be made in respect of any tax. Accordingly, investors may receive a lower return than would be received on an investment where no withholding tax is payable or where the issuer has an obligation to gross-up for such withholdings or deductions.

Under the terms and conditions of the Warrants, Warrantholders are responsible for paying all stamp duties, stamp duty reserve tax and/or other taxes or duties, securities transfer taxes and any other charges, if any, payable in connection with the subscription, purchase or exercise of the Warrants. The Issuer will not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer or exercise of any Warrants nor shall it be obliged to pay any additional amounts to the Warrantholders in respect of any withholdings or deductions that are made on payments to them on account of any taxes.

Potential purchasers who are in any doubt about the tax consequences of purchasing any Notes should consult and rely on their own tax advisers.

France – French Financial Transactions Tax

Pursuant to Article 235 *ter* ZD of the French tax code, acquisitions for consideration of equity securities (*titre de capital*) within the meaning of Article L 212-1 A of the French Monetary and Financial Code or similar instruments within the meaning of Article L 211-41 of the French Monetary and Financial Code that provide or could provide access to capital or voting rights, resulting in a transfer of ownership within the meaning of Article L 211-17 of the French Monetary and Financial Code (that is resulting from the registration of the acquired securities in the securities accounts of the purchaser), admitted to trading on a French, European or foreign regulated market within the meaning of Articles L 421-4, L 422-1 or L 423-1 of the French Monetary and Financial Code and issued by a company having its head office in France and whose market capitalisation as of 1 December of the year preceding the year in which the acquisition occurs exceeds EUR1 billion ("**French Qualifying Securities**"), are subject to the French financial transactions tax ("**French FTT**"), levied at the rate of 0.3 per cent. The French FTT also applies to an acquisition of

securities (irrespective of which entity issued such securities) when these securities represent French Qualifying Securities ("**Synthetic French Qualifying Securities**"). If applicable, the cost of the French FTT may be deducted from the amounts payable to the Warrantheolders and/or Noteholders.

The French FTT could also be triggered if the Issuer and/or its affiliates choose to purchase Reference Asset(s) or securities underlying the Reference Asset(s) (where such Reference Asset(s) is an equity index) to hedge their exposure under the Warrants and/or the Notes if such Reference Assets(s) or securities underlying the Reference Asset(s) (where such Reference Asset(s) is an equity index) are French Qualifying Securities or Synthetic French Qualifying Securities and assuming none of the French FTT exemptions provided for by Article 235 *ter* ZD of the French tax code apply to the relevant acquisition. If applicable, the cost of this French FTT may be deducted from the amounts payable to the Warrantheolders and/or Noteholders. If physical settlement of the Notes would give rise to an acquisition of French Qualifying Securities or Synthetic French Qualifying Securities, the French FTT would apply to this acquisition (assuming none of the French FTT exemptions provided for by Article 235 *ter* ZD of the French tax code applies) and the corresponding cost may be charged to the Noteholders or Warrantheolders (as applicable).

Italy – Italian Financial Transactions Tax

Italian financial transaction tax may apply to Notes and Warrants linked to Reference Assets that are securities issued by Italian Issuers.

A financial transaction tax has been introduced under Italian law, ("**Italian FTT**"), pursuant to Article 1, paragraphs 491 – 500, of Law 24 December 2012, no. 228, as implemented by Ministerial Decree issued on 21 February 2013 and amended by Ministerial Decree issued on 16 September 2013. The Italian FTT applies, *inter alia*, on cash-settled derivatives ("**Italian FTT on Derivatives**") executed or modified on or after 1 September 2013, both traded or not on Qualifying Markets (as defined below) and unlisted, whose underlying are mainly shares or participating financial instruments issued by Italian resident companies or the value of shares issued by Italian resident companies, including warrants and certificates. The condition is met when more than 50 per cent. of the equity portion of the underlying is represented by the market value of shares or participating financial instruments issued by Italian resident companies.

Accordingly, there is a risk that the Italian FTT on Derivatives could be triggered where the issuer of a Reference Asset relating to the Warrants and, where deemed to represent the underlying equity instruments or characterised as derivative instruments, the Notes (together with the Warrants, the "**Affected Instruments**") is an Italian resident or the issuer of a security underlying a Reference Asset is an Italian resident. The residence and nationality of the Issuer and any holder of the Affected Instrument and the place of execution of the Affected Instrument would be irrelevant as the application of the Italian FTT on Derivatives is exclusively dependent on the residence of the issuer of the underlying Reference Asset or of the securities underlying a Reference Asset (where such Reference Asset is an equity index).

The Italian FTT on Derivatives applies at a fixed amount, due from both parties equally, as follows:

- Index-Linked Affected Instruments where a security that forms part of the Reference Asset is issued by an Italian-resident company: from EUR0.01875 to EUR15, depending on the notional value of the contract;
- Equity-Linked Affected Instruments where an underlying Reference Asset is issued by an Italian-resident company: from EUR0.125 to EUR100, depending on the notional value of the contract; and
- Affected Instruments linked to a basket of Reference Assets or Reference Indices: from EUR0.25 to EUR200 depending on the notional value of the contract.

The above amounts are reduced by 80 per cent. where the transaction is implemented in a regulated market or in a multilateral trading facility. An investor in the Affected Instrument is subject to the risk that payments under the Affected Instruments will be adversely affected by this Italian transaction tax as these charges will be deducted from the Cash Settlement Amount or Final Redemption Amount.

The issuance of financial instruments qualifying as transferable securities ("*valori mobiliari*") according to article (1)(1-bis)(c) of Legislative Decree no. 58 of 24 February 1998, is exempt from Italian FTT on Derivatives. The Italian Ministry of finance clarified that, following the issuance, if a number of

intermediate transfers (e.g. intermediate transfers between financial intermediaries) are required before the initial placement of the notes or warrants to the ultimate investors, said intermediate transfers are exempt from Italian FTT. However, Italian FTT will apply to the transactions following the initial placement. In the case of cash-settled transferable securities, the cash settlement of such transferable securities is a transaction outside the scope of Italian FTT on Derivatives.

Besides the Italian FTT on Derivatives, the Italian FTT also applies to transfers of certain shares and participating financial instruments issued by Italian resident companies and other instruments representing the latter ("**Italian FTT on Shares**"), both traded or not on Qualifying Markets (as defined below) and unlisted.

Italian FTT on Shares applies on transactions negotiated and settled as from 1 March 2013. Accordingly, there is a risk that the Italian FTT on Shares could be triggered where the Issuer and/or its affiliates purchase Reference Assets or securities underlying the Reference Assets (where such Reference Asset is an equity index) to hedge their exposure under the Affected Instruments if such securities are shares and participating financial instruments issued by Italian resident companies and other instruments representing the latter and are not exempted from the Italian FTT requirement ("**in-scope securities**"). The residence and nationality of the parties to the transaction and the place of execution of the transaction would be irrelevant as the application of the Italian FTT on Shares is exclusively dependent on the residence of the issuer of the in-scope securities.

The Italian FTT on Shares would be applicable in the case in scope securities are transferred to investors in Affected Instruments upon physical settlement of the relevant Affected Instruments.

The Italian FTT on Shares is levied at the following rates, which would be due from the Issuer and/or its affiliates on acquisition of the shares:

- per cent. of the acquisition price on transfers transacted on a Qualifying Market (as defined below); and
- 0.2 per cent. of the acquisition price otherwise.

For the purpose of the application of the lower rate, "**Qualifying Markets**" are deemed to be:

- (i) regulated markets or multilateral trading facilities pursuant to Article 4, paragraph 1, points 21 and 22 of Directive 2014/65/EU, of an EU Member State and of an EEA Member State which allows an adequate exchange of information with Italy; and
- (ii) markets recognised by the Italian regulator Consob, established in an EU Member State or a state which allows for an adequate exchange of information with Italy.

Italian FTT on Derivatives and Italian FTT on Shares are required to be levied and subsequently paid to the Italian tax authority by financial intermediaries (e.g. banks, trusts and investment companies) or other subjects involved in the execution of the transaction. Where more intermediaries are involved in the execution of the transaction, Italian FTT on Derivatives and Italian FTT on Shares is payable by the subject who receives the order of execution directly from the ultimate purchaser or counterparty. Intermediaries and other non-Italian resident subjects having no permanent establishment in Italy which are liable to collect and pay Italian FTT on Derivatives and Italian FTT on Shares to the Italian tax authority may appoint an Italian tax representative for the purposes of collecting and paying Italian FTT on Derivatives and Italian FTT on Shares. If no intermediary or other subjects are involved in the transaction, Italian FTT on Derivatives and Italian FTT on Shares is directly paid by the ultimate purchaser or counterparty.

An investor in the Notes and/or Warrants is subject to the risk that payments under the Affected Instruments will be adversely affected by the Italian FTT as these charges may be deducted from the Cash Settlement Amount or Final Redemption Amount.

Spain – Spanish Financial Transactions Tax

On 16 October 2020, the Spanish Parliament approved the Law 5/2020, of 15 October, on the Tax on Financial Transactions ("**Spanish FTT Law**") introducing the Spanish FTT that has entered into force on 16 January 2021.

The Spanish FTT is aligned with the French and Italian financial transactions tax. Specifically, the Spanish FTT is an indirect tax levied on the acquisitions for consideration of shares issued by Spanish companies regardless of the residency of the parties involved in the transaction, or of the jurisdiction where the shares are traded, provided that they comply with the following conditions: (i) the shares should be admitted to trading on a regulated market under Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments (or in a foreign market declared equivalent by the European Commission), and (ii) the stock market capitalisation value of the company should exceed €1,000,000,000 (the "**Qualifying Shares**").

The taxable base of the Spanish FTT is the total consideration paid excluding certain items such as transaction costs and intermediary fees. The applicable rate is 0.2 per cent.

In principle, Spanish FTT does not apply to the acquisition of financial instruments (including derivatives) different from Qualifying Shares or certificates of deposit representing such Qualifying Shares (the "**Qualifying Certificates of Deposit**") such as the Notes or Warrants. However, if the liquidation or settlement of such financial instrument results in the physical delivery of Qualifying Shares or Qualifying Certificates of Deposit, Spanish FTT may be triggered.

People's Republic of China – China Connect

General

In respect of Notes or Warrants linked to China Connect Underlyings that are eligible securities listed and traded on any stock exchange (each a "**China Connect Market**") in the PRC which are acceptable to SEHK under any securities trading and clearing links programme developed by SEHK, any such China Connect Market, HKSCC and the CSDCC for the establishment of mutual market access between SEHK and any such China Connect Market ("**China Connect**", such securities being "**China Connect Underlying**" and the trading of China Connect Underlying through SEHK being "**Northbound Trading**"), such Notes or Warrants reflect the risks of an investment in such China Connect Underlyings by an investor (a "**China Connect Investor**") purchasing such China Connect Underlyings through Northbound Trading under China Connect.

If the rules and regulations relating to China Connect become subject to change in the future, the Calculation Agent may determine that a Hedging Disruption or Change in Law has occurred and redeem the Notes or terminate the Warrants at Fair Market Value. The China Connect Investor is subject to the risk that such value may be less than what the Noteholders or the Warrant holders expected. Furthermore, if a China Connect Share Disqualification or a China Connect Service Termination occurs, the Issuer may, at its sole and absolute discretion, determine to adjust certain terms of the Notes or Warrants (as applicable) or redeem the Notes or terminate the Warrants early. Noteholders or Warrant holders may suffer a loss of some or of all of their investment as a result of such adjustment or early redemption or termination (as the case may be) and will forego any future performance in the relevant China Connect Underlying that may occur following such redemption or termination.

Regulatory Requirement

Investments by China Connect Investors under Northbound Trading are subject to, amongst other things, restrictions on maximum percentage holding of the shares issued by a PRC listed company (both on a single foreign investor basis and on an aggregate foreign investor basis).

The investor in the Notes and Warrants will be subjected to the effect of equivalent restrictions and controls to those imposed on China Connect Investors. Therefore, if China Connect Investors became unable to invest directly in or alternatively hold China Connect Underlying or China Connect Investors were not allowed to sell or receive proceeds from the sale of such China Connect Underlying, the value of the Notes and Warrants may be adversely affected and, in the worst case, may become worthless.

Trading Quotas under China Connect

Although there is no longer an aggregate quota limitation, trading of China Connect Underlying through China Connect is still subject to a daily quota (the "**Daily Quota**"). The Daily Quota under China Connect is applicable to the whole market and limits the maximum net buy value of cross-boundary trades under China Connect each day. Daily Quota limitations may prevent China Connect Investors from purchasing China Connect Underlyings when it is otherwise advantageous to do so. In particular, once the remaining

balance of the relevant Daily Quota drops to zero or the Daily Quota is exceeded, buy orders will be rejected (although the China Connect Investors will be permitted to sell their China Connect Underlyings regardless of the quota balance).

Under the SEHK rules, it will be possible to sell China Connect Underlyings through China Connect irrespective of whether there is a breach of the Daily Quota. If Northbound Trading is suspended as a result of a breach of the Daily Quota, none of the entities in the HSBC Group will be able to submit any further buy orders and any buy orders received but not yet routed to the market may be rejected or delayed until sufficient quota is available. The regulators may also announce further requirements on China Connect which may vary, amend or supplement the requirements as currently known. Any corporate action adjustment shall be determined by the Calculation Agent in accordance with the terms of the Notes and Warrants, with reference to the then applicable laws, rules, regulations and guidance in relation to China Connect. Therefore, if China Connect Investors became unable to invest directly in or alternatively hold China Connect Underlying or China Connect Investors were not allowed to sell or receive proceeds from the sale of such China Connect Underlying, the value of the Notes and Warrants may be adversely affected and, in the worst case, may become worthless.

Taxation Issues

The amount of a payment to the investor under the Notes and Warrants may be decreased to take into account the effect of taxes (including financial transaction taxes, any PRC taxes, duties and similar charges, including, without limitation, any enterprise income tax, stamp duty or value-added tax) on or in connection with an investment in the Reference Assets. There is a risk that tax law or practice will change in the future resulting in the imposition of or increase in tax on an investment in, or disposition of, Reference Assets. This will result in a decrease of the amounts payable under the Notes or Warrants.

The PRC Ministry of Finance ("MOF"), the State Administration of Taxation ("SAT") and the China Securities Regulatory Commission ("CSRC") jointly released Caishui [2014] No.81 dated 31 October 2014 defining that dividends from A-share investments by investors from the Hong Kong market are not subject to the differentiation tax policies based on the shareholding period for the time being, but subject to a 10 per cent. enterprise income tax ("EIT") withholding by the listed company before Hong Kong Securities Clearing Company Limited is able to provide details on identities and shareholding periods of investors to CSDCC from 17 November 2014. However, investors from the Hong Kong market may apply to the relevant tax authorities for tax relief in respect of dividend payments under any applicable bilateral treaties/arrangements on the avoidance of double taxation signed between the PRC and their resident jurisdictions. The same circular (Caishui [2014] No. 81) grants temporary exemption from EIT and Business Tax ("BT") for the gains arising from the sale of A-shares of a PRC company listed on the Shanghai Stock Exchange and traded through Shanghai-Hong Kong Stock Connect, effective 17 November 2014. It is uncertain whether or when such exemptions may expire. On 23 March 2016 the MOF and SAT jointly issued Caishui [2016] No.36 which provides detailed implementation guidance on the further rollout of the Value-Added Tax ("VAT") reform. From 1 May 2016 VAT replaced BT to cover all sectors that used to fall under the BT. Caishui [2016] No.36 grants VAT exemption on gains arising by Hong Kong market investors from trading A-shares listed on the Shanghai Stock Exchange and traded through the Shanghai-Hong Kong Stock Connect. On 5 November 2016, MOF, SAT and CSRC jointly issued Caishui [2016] No. 127, which provides that since 5 December 2016, Hong Kong market investors are temporarily subject to EIT on dividends from the relevant A-shares of a PRC company listed on the Shenzhen Stock Exchange and traded through the Shenzhen-Hong Kong Stock Connect at a rate of 10 per cent., but are temporarily exempted from EIT and VAT on the gains arising from trading such A-shares. Both circulars (Caishui [2014] No. 81 and Caishui [2016] No. 127) provide that title transfer of shares by Hong Kong market investors under China Connect because of a sale, inheritance or gift is subject to stamp duty in China. Circular Caishui [2016] No. 127 also provides that stamp duty on covered short selling is temporarily exempted, and this is applicable to Hong Kong market investors through both Shanghai-Hong Kong Stock Connect and Shenzhen-Hong Kong Stock Connect. If any PRC taxes, duties and similar charges (including, without limitation, any EIT, stamp duty or VAT) are applicable to the trading of Reference Assets, it may result in a Hedging Disruption or an Increased Cost of Hedging and the Issuer will determine whether to terminate the Notes or Warrants. If the Issuer determines to terminate the Notes or Warrants, the Calculation Agent may make such adjustments as it determines to be appropriate to the terms of the Notes or Warrants. This may result in a lower payment by the Issuer to the Noteholders or Warranholders.

(3) **Risks relating to the Notes**

General

An investment in the Notes is speculative and entails substantial risks. Noteholders should understand that in some instances they could suffer a partial or complete loss of their investment subject, if applicable, to any minimum redemption amount specified in the relevant Final Terms. In the case of Notes linked to a Reference Asset or Reference Assets, any investment return on a Note determined by reference to changes in the level and/or the value of the Reference Asset(s), is subject to fluctuation and may be less than would be received by investing in a conventional debt instrument. Changes in the level and/or the value of the Reference Asset(s) cannot be predicted. If so provided in the relevant Final Terms, the Notes may be subject to early redemption by reference to changes in the level and/or the value of the Reference Asset(s). On redemption, the Notes may be redeemed in such manner as the Final Terms provides or, in certain circumstances, may be exchanged for other securities.

Notes issued at a substantial discount or premium

The market values of Notes issued at a substantial discount to or premium above their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the Notes, the greater the price volatility.

Notes may be redeemed prior to maturity

In the event that the Issuer would be obliged to increase the amounts payable in respect of any Tranche of Notes due to any withholding or deduction for or on account of tax imposed by the United Kingdom, the Issuer may redeem all outstanding Notes in accordance with the Conditions of the Notes. If specified in the relevant Final Terms, the amount payable by the Issuer in such circumstances may be less than the amount invested in the Notes or what would have been received under the Notes if the Notes had not been so redeemed and investors will forego any further interest payments (if any) in respect of the Notes. The Noteholders may not benefit from any appreciation in value or level of the Reference Asset(s) that may occur following such redemption.

Notes with multiple denominations

Where the Notes are specified as having a denomination consisting of a minimum denomination plus a higher integral multiple of another smaller amount, it is possible that such Notes may be traded in the clearing systems in amounts in excess of such minimum denomination that are not integral multiples of the minimum denomination. In such a case, should Definitive Notes be required to be issued, Noteholders who, as result of trading such amounts, hold a principal amount that is less than the minimum denomination may not receive a Definitive Note in respect of such holdings and would need to purchase a principal amount of Notes such that their holding amounts to, or is an integral multiple of, the minimum denomination.

Early Redemption upon the occurrence of an Event of Default

If the Calculation Agent determines that the Notes have become immediately due and payable following an Event of Default (as defined in the Conditions) with respect to the Notes such Notes may be redeemed early against payment of the Early Redemption Amount. The Final Terms may specify the Early Redemption Amount as being the Fair Market Value of such Note immediately prior to such redemption. The Fair Market Value of a Note will be adjusted to account fully for any reasonable expenses and costs incurred by the Issuer and/or its designated affiliates in connection with the Issuer's obligations under the Notes or any related hedging and/or funding arrangements as a result of such events. Noteholders may suffer a loss of some or all of their investment as a result of such early redemption and will forego any future performance in the relevant Reference Asset and future interest payments applicable to such Notes (if any).

Meetings of Noteholders

Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner

contrary to the majority, so investors in the Notes are subject to the risk that the Conditions may be modified without their consent.

Specific risks relating to Fixed Rate Notes

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Investors will not benefit from any increases in market interest rates above the fixed rate payable in respect of the relevant Notes.

Specific risks relating to Floating Rate Notes

Variable Returns

Floating Rate Notes have returns that are variable as a result of the method by which the interest is calculated. The rate of interest is not fixed and is tied to the performance of an underlying benchmark and, if so specified in the relevant Final Terms, may be subject to a maximum rate or minimum rate on the interest payable. The rate of interest can periodically go down and therefore return on the Notes is not guaranteed and may in a worst case become zero (or, if a minimum rate of interest is specified, the minimum rate of interest). Investors should be aware that in respect of Floating Rate Notes which are subject to a maximum interest rate investors will not benefit from any increases of the underlying benchmark above such maximum interest rate.

The market continues to develop in relation to near risk-free rates which may be reference rates for Floating Rate Notes

To avoid the problems associated with the potential manipulation and financial stability risks of interbank offered rates ("**IBORs**"), regulatory authorities in a number of key jurisdictions are requiring financial markets to transition away from IBORs to near risk-free rates which exclude the risk-element of interbank lending. Near risk-free rates may differ from IBORs in a number of material respects. In particular, in the majority of relevant jurisdictions, the chosen risk-free rate is an overnight rate (for example, the Sterling Overnight Index Average as the Sterling Overnight Index Average ("**SONIA**"), in respect of GBP, the Secured Overnight Financing Rate ("**SOFR**") in respect of USD, and the euro short-term rate ("**€STR**") in respect of EUR), with the interest rate for a relevant period calculated on a backward looking (compounded or simple weighted average) basis, rather than on the basis of a forward-looking term. As such, investors should be aware that risk-free rates may behave materially differently from LIBOR, EURIBOR and other IBORs as interest reference rates for the Notes.

Investors should also be aware that the market continues to develop in relation to near risk-free rates such as SONIA, SOFR and €STR as reference rates in the capital markets. In particular, market participants and relevant working groups are exploring alternative reference rates based on SONIA, SOFR and €STR which seek to measure the market's forward expectation of such rates over a designated term.

The market or a significant part thereof (including the Issuer) may adopt an application of SONIA, SOFR, €STR and/or any other near risk-free rate that differs significantly from that set out in the Conditions (including in relation to fallbacks in the event that such rates are discontinued or fundamentally altered) and used in relation to Floating Rate Notes referencing near risk-free rates such as SONIA, SOFR and/or €STR issued under this Programme.

Since near risk-free rates are relatively new in the market, Notes linked to such rates may have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms for debt securities linked to SONIA, SOFR, €STR and/or any other near risk-free rate, such as the spread over the rate reflected in interest rate provisions, may evolve over time, and trading prices of the Notes linked to SONIA, SOFR, €STR and/or any other near risk-free rate may be lower than those of later-issued debt securities linked to the same rate as a result.

Historical levels are not an indication of future levels

Hypothetical or historical performance data and trends are not indicative of, and have no bearing on, the potential performance of near risk-free rates and therefore Noteholders should not rely on any such data or trends as an indicator of future performance. Daily changes in near risk-free rates have, on occasion, been

more volatile than daily changes in comparable benchmark or market rates. As a result, the return on and value of debt securities linked to near risk-free rates may fluctuate more than floating rate securities that are linked to less volatile rates. The future performance of any near risk-free rate is impossible to predict, and therefore no future performance of any near risk-free rate should be inferred from any hypothetical or historical data or trends.

Calculation of Interest Rates based on near risk-free rates are only capable of being determined at the end of the relevant Interest Period

Interest on Notes which reference near risk-free rates such as SONIA, SOFR or €STR is only capable of being determined at the end of the relevant Interest Period and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Notes that reference such rates to reliably estimate the amount of interest that will be payable on such Notes. Further, if the Notes become due and payable under Condition 11 (*Event of Default*), the Rate of Interest applicable to the Notes shall be determined on the date the Notes became due and payable and shall not be reset thereafter.

In addition, the manner of adoption or application of SONIA, SOFR, €STR and/or any other near risk-free rate in the structured products markets may differ materially compared with the application and adoption of the such rate in other markets, such as the Eurobond, derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of such rates across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of any Notes referencing near risk-free rates. Investors should consider these matters when making their investment decision with respect to any such Notes.

The Issuer has no control over the determination, calculation or publication of near risk-free rates

The Issuer has no control over the determination, calculation or publication SONIA, SOFR, €STR and/or any other near risk-free rate. There can be no guarantee that such rates will not be fundamentally altered in a manner that is materially adverse to the interests of investors in Floating Rate Notes linked to the relevant rate. If the manner in which the relevant near risk-free rate is calculated is changed, that change may result in a reduction of the amount of interest payable on such Notes and the trading prices of such Notes.

Near Risk-Free rates may cease to be available

There can be no guarantee that SONIA, SOFR, €STR and/or any other near risk-free rate will not cease to be published, be discontinued and/or be otherwise unavailable for use by the Issuer.

In relation to a near risk-free rate other than SOFR, a discontinuation (or certain other events which may affect the Reference Rate) may constitute a Benchmark Trigger Event (as further described above in the risk factor entitled "*A Benchmark Trigger Event could occur in relation to the Notes or Warrants*").

In relation to SOFR, a discontinuation (or certain other events including the prohibition of use of SOFR as a Reference Rate) may result in the rate applicable to the Notes being replaced with a successor or equivalent rate selected or recommended by the relevant governmental body, an overnight funding rate or a rate determined by reference to ISDA provisions relating to SOFR. These alternative rates are uncertain and no market convention currently exists, or may ever exist, for their determination. Further, in such circumstances the Issuer (in consultation with its designee) may, without the consent of Noteholders be entitled to make conforming changes to the Conditions relating to the calculation and determination of interest to give effect to such replacement rate in a manner that may be materially adverse to the interests of investors in Floating Rate Notes linked to SOFR. If it is not possible to determine a successor or equivalent rate, the floating interest rate on the Floating Rate Notes may accrue at the same rate as the immediately preceding Interest Period (or, in the case of the initial Interest Period, the Initial Interest Rate), effectively converting the Floating Rate Notes (during the Interest Period) into fixed rate instruments.

In relation to SONIA, a discontinuation (or certain other events including the prohibition of use of SONIA as a Reference Rate), unless the relevant event constitutes a Benchmark Trigger Event (in which case Condition 15A (*Consequences of a Benchmark Trigger Event*) will apply), may result in the rate applicable to the Notes being replaced with the Bank of England's Bank Rate plus an average spread of SONIA to the Bank Rate over a specified period. If, however, it is not possible to determine the floating rate of interest applicable to any Floating Rate Notes in accordance with such provisions, then the floating interest rate on such Notes may accrue at the same rate as the immediately preceding Interest Period (or, in the case of the

initial Interest Period, the Initial Interest Rate), effectively converting such Floating Rate Notes (during the Interest Period) into fixed rate instruments.

Specific risks relating to Zero Coupon Notes

If the Notes are Zero Coupon Notes, the Issuer will not make any interest payments with respect to the Notes.

Notes subject to optional redemption by the Issuer

An optional redemption feature allowing the Issuer to redeem the Notes prior to their maturity is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Investors should consider reinvestment risk in light of other investments available at that time. As a result of the exercise of a call right by the Issuer, investors will forego any further interest payments (if any) in respect of the Notes and, if so specified in the Final Terms, investors may receive less than their invested amount.

Where Notes of any Series qualify in whole or in part towards the Issuer's minimum requirements for own funds and eligible liabilities ("**MREL**"), and if such Notes are redeemable prior to maturity at the Issuer's option, pursuant to the Statement of Policy of the Bank of England set out in "*The Bank of England's approach to setting a minimum requirement for own funds and eligible liabilities (MREL)*" dated June 2018 the Issuer may not, unless the Bank of England has approved such optional early redemption, exercise its option to redeem such Notes prior to maturity if, prior to such optional early redemption, the Issuer is, or following such optional early redemption the Issuer would be, in breach of its minimum requirements for own funds and eligible liabilities. Further, under Regulation (EU) No. 575/2013 on prudential requirements for credit institutions and investment firms and amending regulation (EU) No 648/2012 (as amended, supplemented or replaced from time to time, the "**CRR**"), the Issuer will be required to obtain the prior permission of the Prudential Regulatory Authority (for capital instruments) or the Bank of England (for non-capital eligible liabilities) to effect the call, redemption, repayment or repurchase of any Notes which count towards the Issuer's MREL prior to their scheduled maturity.

An investment in the Notes is subject to reinvestment risk

If the Notes are subject to an early redemption prior to their stated maturity date, there is no guarantee that investors will be able to reinvest the proceeds from the Notes at a comparable return for a similar level of risk.

Effect of interest rates on the Notes

Investors in Notes are exposed to the risk that subsequent changes in interest rates may adversely affect the value of the Notes. Investments in the Notes may involve interest rate risk with respect to the currency of denomination of the Notes. A variety of factors influence interest rates such as macro economic, governmental, speculative and market sentiment factors. Such fluctuations may have an impact on the value of the Notes.

Capped Return

The terms and conditions of Notes and/or Warrants in relation to which the return is determined by reference to one or more Reference Assets may provide that the return payable on the Notes or Warrants is subject to a cap. In these circumstances, the exposure to the performance of the relevant Reference Asset(s) may be limited and accordingly, investors could forgo a return that could have been made had they invested in a product without a similar cap.

Further and other issues of Notes

The Issuer shall be at liberty from time to time without the consent of the Noteholders to create and issue further notes to be consolidated with and form a single series with the outstanding Notes. In addition, the Issuer may issue other notes and/or other instruments, the value of which is linked to one or more of the Reference Assets. Any such issue of further notes may have an adverse effect on the value of Notes.

(4) Risks relating to the Warrants

Certain factors affecting the value and trading price of Warrants

The Cash Settlement Amount at any time prior to expiration is typically expected to be less than the trading price of such Warrants at that time. Any difference between the trading price and the Cash Settlement Amount will reflect, among other things, a "time value" for the Warrants. The "time value" of the Warrants will depend partly upon the length of the period remaining to expiration and expectations concerning the value or level of the Reference Asset(s) to which the Warrant relates. Warrants offer hedging and investment diversification opportunities but also pose some additional risks with regard to interim value. The interim value of the Warrants varies with the price, value and/or level of the Reference Asset(s) as well as by a number of other interrelated factors, including those specified herein.

Before acquiring, exercising or selling Warrants, investors should carefully consider, among other things, (i) the trading price of the Warrants, (ii) the value and volatility of the Reference Asset(s), (iii) the time remaining to expiration, (iv) any change(s) in interim interest rates and dividend yields, (v) any change(s) in currency exchange rates, (vi) the depth of the market or liquidity of the Reference Asset(s) and (vii) any related transaction costs.

As a result of these factors the price at which a Warrantholder may be able to sell the Warrants prior to expiry may be less than the initial amount invested in the Warrants. Investors should also note that each of these factors interrelate in complex ways (for example, one factor may offset an increase in the trading value of the Warrants caused by another factor).

Time lag after exercise

Unless otherwise specified in the Final Terms, in the case of any exercise of Warrants, there will be a time lag between the time a Warrantholder gives instructions to exercise and the time the applicable Cash Settlement Amount relating to such exercise is determined. Any such delay between the time of exercise and the determination of the Cash Settlement Amount will be specified in the applicable Final Terms or Conditions of the Warrants. However, such delay could be significantly longer, particularly in the case of a delay in the exercise of Warrants arising from any daily maximum exercise limitation, or following the imposition of any exchange controls, other similar regulations affecting the ability to obtain or exchange any relevant currency (or basket of currencies) on the Valuation Date. The price of the relevant Reference Asset(s) may change significantly during any such period and such movement or movements could decrease the Cash Settlement Amount in respect of the Warrants being exercised and may result in the Cash Settlement Amount being zero.

The time remaining to the expiration of Warrants

As the time remaining to the expiration of the Warrants decreases, the trading value of a Warrant is expected to decrease.

(5) Risks relating to Emerging Markets

Notes and Warrants issued may relate to Reference Assets which are located in an emerging market and/or may be denominated and/or settled in an emerging market currency. Investors in such Notes or Warrants should be aware that these markets are subject to greater risks than well-developed markets. The value or level of the Reference Asset(s) which are linked to an emerging market country and/or exchange rates in relation to the emerging market currency in which the Notes or Warrants are denominated and/or to be settled may therefore be volatile and investment in such Notes and Warrants will involve additional risks and special considerations not typically associated with investing in Notes or Warrants which are linked to other more established economies.

The Issuer considers the following risks to be material:

(a) *Settlement procedures*

Many emerging market countries have only recently developed organised securities markets, and the institutions on which they depend, with the result that the procedures for settlements, clearing and registration of securities transactions can give rise to technical and practical problems. In addition, since most emerging markets have civil law systems, which do not recognise a distinction between legal and beneficial ownership, it is not usually possible to use nominees (which may affect how interests in the Reference Asset(s) are held) and the provision of custody services is a relatively novel practice in most emerging markets, and the controls put in place in more mature markets may not be available. Inefficient systems may result in delayed payments on the Reference Asset(s), which may in turn delay payments under the Notes or Warrants.

(b) *Exchange controls and repatriation of profits*

Certain emerging market countries may operate exchange controls affecting the transfer of money in and out of the country and the convertibility of the local currency. Some countries also impose restrictions on the ability of foreign investors to repatriate profits or the proceeds of sale of their investments without an official permit. In some cases the currency is non-convertible although many currencies are "semi-convertible". An investor in the Notes or Warrants where the underlying Reference Asset(s) are linked to an emerging market country or in Notes or Warrants which are denominated and/or settling in an emerging market currency are subject to the risk that, if such emerging market currency ceases to be convertible into the Settlement Currency or becomes only semi-convertible, then the Notes or Warrants may return less on exercise or expiry or maturity (respectively) than the amount invested or nothing. This includes circumstances where "Payment of Alternative Payment Currency Equivalent" is specified as applicable in the relevant Final Terms and the Issuer elects to settle the Notes or Warrants (as applicable) in the Alternative Payment Currency, as the disruption to convertibility may affect the exchange rate at which the Settlement Currency may be converted into the such Alternative Payment Currency.

Moreover the value of investments in the underlying Reference Asset(s) can fluctuate significantly due to volatile exchange rates and high inflation. Emerging markets may experience higher volatility in their foreign exchange rate movements than other countries, and changes in the foreign exchange rates may have a negative impact on issuers of Reference Asset(s) whose businesses are heavily reliant on exports and, as a consequence, the general economic conditions in emerging market countries which are heavily reliant on exports. The risk for an investor in the Notes or Warrants is that the price of the Note or Warrant might be more volatile (as the amounts payable under the Note or Warrant are linked to the value of the Reference Asset) or that issuers of the underlying Reference Assets or constituent securities of a Reference Asset will not perform at an expected level, which may cause payments due under the Notes or Warrants to be lower than expected.

(c) *Disclosure and information*

The level of disclosure of information relating to a company's business and ownership to shareholders, and to the stock exchange on which its shares are listed, is much less extensive in most emerging markets than in more sophisticated markets. Although many emerging markets now have insider dealing laws, it cannot be assumed that the regulatory authorities have both the ability and the will to enforce the legislation rigorously. Similarly, although money laundering regulations have been introduced in some jurisdictions, their practical effect has yet to be assessed.

Accordingly, an investor in Notes or Warrants linked to an emerging market country are subject to the risk that information available on the Reference Assets which might form the basis of its investment decision in respect of the Notes or Warrants may be of poorer quality than that available on Reference Assets linked to well-developed markets and investors may not receive relevant information relating to the Reference Assets at the same time as other market participants, which may cause price volatility and the market price of the Notes or Warrants may drop at a later point in time once all relevant information becomes available.

(d) *Market liquidity and volatility*

The stock exchanges of emerging market countries are generally much smaller (in terms of market capitalisation, turnover, and number of stocks traded) and are still in a premature stage when compared to the well-developed markets. The likelihood of exchange or market disruption e.g. temporary exchange closures, broker defaults, settlement delays and broker strikes and disputes among listed companies, the stock exchanges and other regulatory bodies, could be higher than the well-developed markets. These disruptions could have an adverse effect on the overall market sentiment and on the value of the Reference Asset(s). The capital market of emerging market countries could be heavily influenced by government policies and a limited number of major stakeholders. The governing bodies could from time to time impose restrictions on trading in certain securities, limitations on price movements and margin requirements. Such events in turn may affect overall market sentiment and lead to fluctuations in the market prices of the Reference Asset(s), thus adversely affecting the value of the Notes or Warrants.

Therefore, there is a risk that the trading price of such Notes or Warrants may be more volatile and that the value of the underlying Reference Asset(s) may be adversely affected (following which, amounts payable under the Notes or Warrants would be adversely affected as a consequence).

(e) *Accounting standards*

In some emerging market countries, accounting standards and practices vary significantly from internationally accepted standards. It is therefore difficult in such jurisdictions to obtain reliable historic financial information on Reference Asset(s) which may underlie the Notes or Warrants even where accountancy laws have been reformed to bring them into line with international standards (a problem which hyper-inflation has exacerbated in some markets). Great care must therefore be taken to assess asset and business valuations. Entities in emerging market countries may not generally be subject to uniform accounting, auditing and financial reporting standards and auditing practices and requirements may not be comparable to those applicable to obligors located in developed countries.

(f) *Political risks*

The pace of political and social change will be more rapid than in well-developed markets. This is a common feature of emerging market countries and is often related to the transition from a centrally planned economy to a modern market economy. Far-reaching legal and political reforms have inevitably resulted in new constitutional and social tensions, and the possibility of continuing instability and even a reaction against market reforms cannot be discounted. Such instability may discourage investors from investing in the particular emerging market, which could reduce the market value of the underlying Reference Asset(s) and/or adversely impact exchange rates in relation to the relevant emerging market currency and therefore reduce the market value of the Notes or Warrants and any amounts payable thereunder.

The unique political and diplomatic status of each emerging market relative to other countries may also make the equities and debt markets in such emerging markets more volatile and more price sensitive to global or regional economic and political developments than other markets. Such increased price volatility could lead to the Notes' or Warrants' trading price (during the life of the Notes or Warrants) or the relevant amount payable thereunder being lower than expected.

There is a particular risk that policies in emerging markets encouraging foreign investment may be abandoned or reversed. Restrictions imposed on foreign investment or restrictions which concern the repatriation of capital invested in emerging markets may increase the transaction costs payable by the Issuer and/or its affiliates which, as such costs are passed to the investor, may thereby decrease the payments due under the Notes or Warrants, or entitle the Issuer to terminate the Notes or Warrants early. On a political level, such restrictions could lead to renationalisation of privatised industries and expropriation of private property without compensation which may have a negative effect on the financial position of the issuers of the Reference Asset(s).

(g) *Economic risks*

The economies of individual emerging market countries may differ favourably or unfavourably from the economies of developed countries in such respects as growth of gross domestic product, rate of inflation, volatility of currency exchange rates, depreciation, capital reinvestment, resource self sufficiency and the balance of payments position. In the past, a number of emerging market countries' markets have experienced significant adverse economic developments, including substantial depreciation in currency exchange rates against major currencies, increased interest rates and inflation, reduced economic growth rates, increases in foreign currency debts, corporate bankruptcies, declines in market values of listed shares and government imposed austerity measures. All of these economic factors may adversely affect the value and performance of Reference Asset(s) and therefore the value of the Notes or Warrants.

(h) *Restrictions and controls*

Notes and Warrants may be subject to risk that restrictions and controls on the Reference Asset(s) are imposed by governments, governmental or regulatory bodies, regulators or exchanges of emerging markets jurisdictions. As a result of such restrictions and controls, potential delays might occur in respect of payments due under the Notes or Warrants linked to such Reference Asset(s) or even that funds may not be payable under the Notes or Warrants on settlement following the exercise, sale, redemption or termination of the Notes or Warrants. Also, taxes and charges levied in respect of buying and selling equity or debt securities relating to such restrictions and controls may be deducted from amounts payable under the Notes or Warrants.

(i) *Legal and Regulatory framework*

The sophisticated legal and regulatory systems necessary for the proper and efficient functioning of modern capital markets may yet to have been developed in some emerging market countries. A high degree of legal uncertainty may therefore exist as to the nature and extent of investors rights and the ability to enforce those rights in the courts. Many advanced legal concepts which now form significant elements of mature legal systems are not yet in place or if they are in place, have yet to be tested in the courts. It is difficult to predict with any degree of certainty the outcome of judicial proceedings (often because the judges themselves have little or no experience of complex business transactions), or even the quantum of damages which may be awarded following a successful claim. It may also be difficult to obtain and enforce a judgment relating to emerging markets debt in the jurisdiction in which the majority of the assets of an obligor is located.

Specific risks relating to Notes and Warrants settling in emerging markets currencies

Notes and Warrants issued may be denominated and/or settle in an emerging market currency. Investors in such Notes and Warrants should be aware that these markets are subject to greater risks than well developed markets. Investment in the Notes and Warrants will involve additional risks and special considerations not typically associated with investing in Notes and Warrants which are settled in more conventional currencies such as Euro or U.S. dollar.

Currency exchange rate fluctuations

The rapid pace of political and social change in emerging market countries increases the likelihood that currency exchange risks will eventuate where the Settlement Currency is linked to an emerging market country. Currency exchange risks are described in detail above in the section entitled "*Risks relating to all issues of Notes and Warrants – Exchange rate risks and exchange control risks*".

Specific risks relating to Notes and Warrants linked to Reference Asset(s) denominated in Offshore RMB and traded outside the PRC and Notes and Warrants settled in Offshore RMB outside the PRC

Notes and Warrants linked to Reference Asset(s) denominated in Offshore RMB and traded outside the PRC and Notes and Warrants settled in Offshore RMB outside the PRC may be issued under the Programme. For the purpose of those Notes and Warrants and where the context requires, "**Offshore RMB**" shall refer to Chinese RMB that is freely deliverable between accounts in the relevant Offshore RMB Centre as specified in the relevant Final Terms in accordance with the law and applicable regulations and guidelines issued by the relevant authorities in the relevant Offshore RMB Centre as specified in the relevant Final

Terms prevailing as of the Trade Date of the Notes and Warrants. Set out below is a description of some of the risks that should be taken into consideration by prospective investors in such Notes and Warrants.

- (a) *RMB is not freely convertible; Restrictions on RMB conversion through relevant Offshore RMB Centres (as specified in the relevant Final Terms) may adversely affect the liquidity of the Notes and Warrants*

Renminbi is not freely convertible at present. The government of the PRC (the "**PRC Government**") continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar. However, there has been a significant reduction in control by the PRC Government in recent years, particularly over trade transactions involving the import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items.

On the other hand, remittance of Renminbi into and out of the PRC for the purposes of capital account items, such as capital contributions, debt financing and securities investment, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities on a case-by-case basis and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into and out of the PRC for settlement of capital account items are developing gradually.

Although Renminbi was added to the Special Drawing Rights basket created by the International Monetary Fund in 2016 and policies further improving accessibility to Renminbi to settle cross-border transactions were implemented by the People's Bank of China ("**PBoC**") in 2018, there is no assurance that the PRC Government will continue to liberalise control over cross-border remittance of Renminbi in the future, that the schemes for Renminbi cross-border utilisation will not be discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or out of the PRC. Despite the Renminbi internationalisation programme and efforts in recent years to internationalise the currency, there can be no assurance that the PRC Government will not impose interim or long-term restrictions on the cross-border remittance of Renminbi. In the event that funds cannot be repatriated out of the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC, which may negatively impact on the liquidity of the Notes and Warrants and thus the value of the Notes and Warrants. In addition, if Renminbi outside the PRC is unavailable, this will impact on the ability of the Issuer to source Renminbi to perform its obligations under Notes and Warrants denominated in Renminbi.

- (b) *RMB interest rate risk*

The PRC Government has gradually liberalised its regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility and, as a result, the value of the Notes and Warrants may fluctuate as well. In addition, the interest rate for Renminbi in markets outside the PRC may significantly deviate from the interest rate for Renminbi in the PRC as a result of foreign exchange controls imposed by PRC law and regulations and prevailing market conditions.

Renminbi-denominated Notes may carry a fixed interest rate ("**Fixed Rate Notes**") or have a resettable interest rate ("**Resettable Notes**"). Consequently, the trading price of Renminbi-denominated Notes which are Fixed Rate Notes or Resettable Notes will vary with the fluctuations in the Renminbi interest rates. If holders of such Renminbi-denominated Notes propose to sell their Renminbi-denominated Notes before their maturity, they may receive an offer lower than the amount they have invested.

- (c) *RMB exchange rate risk*

Offshore RMB represents a market which is different from that of RMB deliverable in the PRC. The exchange rate of Offshore RMB against the U.S. dollar, Hong Kong dollar or other foreign currencies may be different from the exchange rate of RMB deliverable in the PRC against such currencies. Apart from its own supply and demand, the Offshore RMB exchange rate may be influenced by the onshore exchange rate (which currently trades within a band set by authorities in the onshore interbank market), and the two rates may converge with or diverge from each other.

The value of Renminbi against other foreign currencies is susceptible to PRC internal and external factors. In 2015, the PBoC implemented changes to the way it calculates the Renminbi's daily mid-point against the U.S. dollar to take into account market-maker quotes before announcing such daily mid-point. This change, and others that may be implemented, may increase the volatility in the value of the Renminbi against foreign currencies. All payments will be made in Renminbi with respect to Renminbi Notes and Warrants unless otherwise specified. As a result, the value of these Renminbi payments may vary with the changes in the prevailing exchange rates in the marketplace. If the value of Offshore RMB depreciates against the U.S. dollar, Hong Kong dollar or other foreign currencies, the value of a Noteholder's or Warrantholder's investment in U.S. dollar, Hong Kong dollar or other applicable foreign currency terms will decline.

(d) *RMB payment risk*

If the Settlement Currency for the Notes or Warrants is Offshore RMB and "Payment of Alternative Payment Currency Equivalent" is specified as applicable in the relevant Final Terms, an investor is subject to the risk that payments in respect of such Notes or Warrants will be made in the Alternative Payment Currency specified in the relevant Final Terms instead of Offshore RMB. To the extent the Issuer is not able, or it is impracticable for it, to satisfy its obligation to pay the Final Redemption Amount and/or Cash Settlement Amount (as applicable) and/or any other amounts due as a result of Offshore RMB Disruption (as defined in the Conditions), the Issuer will be entitled to settle any such payment in the Alternative Payment Currency specified in the relevant Final Terms on the due date at the Alternative Payment Currency Equivalent (as defined in the Conditions) of any such Final Redemption Amount and/or Cash Settlement Amount (as applicable) and/or any other amounts due. In this case, the risk factors in the section entitled "(2) Risks relating to all issues of Notes and Warrants – Exchange rate risks and exchange control risks" would apply as if the relevant Alternative Payment Currency were the Settlement Currency.

(e) *Payments with respect to the Notes and Warrants may be made only in the manner through Renminbi bank accounts maintained at banks in the relevant Offshore RMB Centre.*

Investors in the Notes and Warrants should be aware that all Offshore RMB payments under the Notes and Warrants will be made solely by credit to Renminbi bank accounts maintained at banks in the relevant Offshore RMB Centre as specified in the relevant Final Terms in accordance with the law and applicable regulations and guidelines issued by the relevant authorities in the relevant Offshore RMB Centre as specified in the relevant Final Terms.

(6) **Risks relating to Equity/Index-Linked Notes and Warrants**

No investigation has been made of the financial condition or creditworthiness of any issuer of any Reference Asset(s)

No investigation has been made of the financial condition or creditworthiness of any issuer of any Reference Asset(s) or the securities underlying a Reference Asset(s) (where the Reference Asset(s) is an equity index) in connection with the issue of any Equity/Index Linked Notes or Warrants. Investors in the Equity/Index Linked Notes or Warrants should obtain and evaluate the same information concerning the Reference Asset(s) or the securities underlying a Reference Asset(s) (where the Reference Asset(s) is an equity index) and each such issuer as they would if they were investing directly in the Reference Asset(s) or such securities. In addition, investors should understand that the historical performance of the Reference Asset(s) should not be viewed as predictive of future results.

Actions or omissions of the issuer of the securities, the sponsor of an index or other

In certain circumstances, the actions or omissions of the issuer of securities to which the Equity/Index-Linked Notes or Warrants relate or for which the Equity/Index-Linked Notes or Warrants are exchangeable, the sponsor of an index to which Equity/Index-Linked Notes or Warrants are linked or others outside the control of the Issuer, may adversely affect the rights of the Noteholders or Warrantholders (as applicable) and/or the value of the Equity/Index-Linked Notes or Warrants, including actions that may give rise to an adjustment to, or early redemption or termination (as applicable) of, the Equity/Index-Linked Notes or Warrants.

Market Disruption Events

Investors in the Equity/Index-Linked Notes and Warrants are subject to the risk that a Market Disruption Event will occur in relation to a Reference Asset. A Market Disruption Event may occur in respect of Notes and Warrants if, as determined by the Calculation Agent: a related stock exchange closes early without notice; limitations are imposed on trading; trading is suspended; or market participants are prevented from obtaining valuations or effecting transactions, and, in relation to a China Connect Underlying, in the case of early closure of the relevant exchange (the "**China Connect Market**"), disruption of such exchange or suspension of trading on such exchange including the early closure or disruption of the securities trading and clearing links programme developed or to be developed by The Stock Exchange of Hong Kong Limited (the "**SEHK**"), the China Connect Market, the Hong Kong Securities Clearing Company Limited and the China Securities Depository and Clearing Corporation for the establishment of mutual market access with SEHK and the China Connect Exchange.

If the Calculation Agent determines that a Market Disruption Event has occurred, then this will result in the occurrence of a Disrupted Day in relation to the relevant Reference Asset, the consequences of which are discussed in the immediately following paragraphs.

Disrupted Day

Investors in the Equity/Index Linked Notes and Warrants are subject to the risk that a Disrupted Day may occur in relation to a Reference Asset. A Disrupted Day may occur in respect of Notes and Warrants if, as determined by the Calculation Agent: a stock exchange or related stock exchange fails to open for trading during its regular trading session, or, in relation to China Connect Underlying, on which the China Connect Service fails to open for order routing during its regular order-routing session; or on which a Market Disruption Event has occurred; or if an index sponsor fails to publish the level of an index.

If the Calculation Agent determines that a Disrupted Day has occurred, the Calculation Agent may postpone the Valuation Date to a later date which is not a Disrupted Day, **provided that** the Valuation Date will not be postponed beyond the eighth consecutive Scheduled Trading Day (or such other number of Scheduled Trading Days as may be specified in the Final Terms) after the Scheduled Valuation Date (the "**Limit Valuation Date**"). If the Calculation Agent postpones the Valuation Date the due dates for any payments or delivery in respect of the Notes or Warrants (including, without limitation, the maturity date, settlement date or cash settlement payment date) may also be postponed. Any such postponement may have an adverse effect on the value of such Notes or Warrants.

Additional Disruption Events

Investors should note that Additional Disruption Events may occur in relation to the relevant Notes and Warrants in certain circumstances described in the Conditions. If any Additional Disruption Event occurs in relation to the relevant Notes and Warrants, the Issuer may (and in the case of Alternative General Conditions Notes, only if the Issuer determines that the continuation of the Notes is impossible or would result in a significant alteration of the economic balance of the Notes compared to that which existed at Issue Date) declare a valuation date and designate an early redemption date in respect of the Notes or an exercise date in respect of the Warrants (as applicable) and the Noteholders or Warrantholders will receive an early redemption amount or termination amount (as applicable) based on the determinations made by the Calculation Agent.

The following Additional Disruption Events may be specified to be applicable in the relevant Final Terms:

- "**Change in Law**" may occur where the Issuer determines that (a)(i) (in the case of Warrants and Notes other than Alternative General Conditions Notes) it will or has become illegal for it to hedge its obligations under the Notes or (as the case may be) Warrants or (ii) (in the case of Alternative General Conditions Notes) it will or has become illegal for the Issuer to issue, have outstanding and perform its obligations with respect to the Notes or (b) the Issuer (in the case of Alternative General Conditions Notes) or the Issuer or its designated affiliates (in the case of Warrants and Notes other than Alternative General Conditions Notes) would incur materially increased costs in performing its obligations under the Notes or (as the case may be) Warrants, each due to a change in law;

- in the case of Warrants and Notes other than Alternative General Conditions Notes, "**Hedging Disruption**" may occur if the Issuer or its affiliates become unable to hedge or would suffer material delay in conducting any hedging transactions relating to the Notes and Warrants;
- in the case of Warrants and Notes other than Alternative General Conditions Notes, "**Increased Cost of Hedging**" may occur where the Issuer would incur a materially increased cost, other than as a consequence of deterioration in its own creditworthiness, in hedging its obligations under the Notes and Warrants;
- "**Failure to Deliver**" may occur upon the failure of a party to deliver, when due, the relevant Reference Asset(s) in respect of the Notes, where such failure is due to illiquidity in the market for such Reference Asset(s);
- "**Insolvency Filing**" may occur if the issuer of the Reference Asset(s) institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding up or liquidation by it or such regulator, supervisor or similar official or it consents to such petition, **provided that** proceedings instituted or petitions presented by creditors and not consented to by the issuer of the Reference Asset(s) shall not be deemed an Insolvency Filing;
- in the case of Warrants and Notes other than Alternative General Conditions Notes, "**China Connect Share Disqualification**" may occur where the Underlying Securities cease to be accepted as "China Connect Securities" (as defined in the rules of SEHK) for the purpose of the China Connect Service; and
- in the case of Warrants and Notes other than Alternative General Conditions Notes, "**China Connect Service Termination**" may occur where one or more of the China Connect Market, SEHK, the China Securities Depository and Clearing Corporation, Hong Kong Securities Clearing Company Limited or any regulatory authority with competent jurisdiction permanently suspends or terminates the China Connect Service or a part thereof for any reason which materially affects the routing of orders in respect of, or holding of, the Underlying Securities through the China Connect Service.

Upon the occurrence of such an early redemption prior to the originally scheduled maturity date of the relevant Notes or of an exercise date prior to the originally scheduled exercise dates or expiry dates of the relevant Warrants, Noteholders may suffer a loss of some or of all of their investment and will forego any future performance in the relevant Reference Asset that may occur following such redemption or termination.

U.S. withholding tax may apply to Notes or Warrants linked to Reference Asset(s) that are securities issued by U.S. issuers

Where Notes or Warrants are linked to Reference Asset(s) and some or all of the Reference Asset(s) are securities of U.S. issuers, certain payments on the Notes or Warrants could be subject to U.S. withholding tax (up to 30 per cent., depending on the applicable treaty or other exemption). In addition, U.S. withholding tax could be imposed on holders of the Notes or Warrants to the extent U.S.-source dividends are paid on the Reference Asset(s), even if no corresponding payment is made on the Notes or Warrants to such holders.

If U.S. withholding tax is required on Notes or Warrants linked to Reference Asset(s) that are securities issued by U.S. issuers, the Issuer will not be required to pay any additional amounts with respect to the withheld amounts. See "*Taxation – United States Taxation – Withholding on Dividend Equivalent Payments*" below.

Provision of information

None of the Issuer or any of its affiliates is under any obligation to provide information in respect of any Reference Asset or the securities underlying the Reference Asset(s) (where the Reference Asset(s) is an

equity index) or monitor whether or not any event or circumstance in respect of such Reference Asset(s) has occurred unless it is explicitly and positively stated that such person will do so. The Issuer may have acquired, or during the term of the Notes or Warrants may acquire, non-public information with respect to one or more Reference Assets or the securities underlying the Reference Asset(s) (where the Reference Asset(s) is an equity index). The Issuer is not under any obligation to make such information available to holders of such Notes or Warrants. Therefore, an investor in the Notes or Warrants should obtain and evaluate information concerning the relevant Reference Asset(s) or securities as it would if it were investing directly in such Reference Asset or securities.

Specific risk factors relating to Index-Linked Notes and Warrants

Successor Index, Index Modification, Index Cancellation

In certain circumstances, certain adjustments may be made to the index or indices to which Notes or Warrants are linked (each a "**Reference Index**"), which may result in a loss to the Noteholders or Warrantholders. The Issuer considers the following to be material risks of adjustment:

- (i) the replacement of the relevant Reference Index by a successor index if the relevant Reference Index is not calculated or announced by the relevant Index Sponsor or is replaced by a successor index;
- (ii) the modification of the relevant Reference Index by the relevant Index Sponsor which may have a material effect on the Notes and Warrants; and
- (iii) the cancellation of the relevant Reference Index by the relevant Index Sponsor, which may result in either (A) the redemption or termination of the relevant Notes or Warrants upon payment of the Fair Market Value of the Notes or Warrants immediately prior to such termination (or, in the case of Alternative General Conditions Notes, the Early Redemption Amount, but only if the Issuer determines that the continuation of the Notes is impossible or would result in a significant alteration of the economic balance of the Notes compared to that which existed at Issue Date) or (B) the continuation of the Notes and Warrants, in which case the relevant level of the Reference Index will be determined by the Calculation Agent acting in good faith and in a commercially reasonable manner.

As a result of any such replacement, modification or cancellation, Noteholders or Warrantholders may suffer a loss of some or of all of their investment and may forego any future performance in the relevant Reference Index.

Calculation and administration of HSBC proprietary Indices / third party index sponsor

With respect to Notes or Warrants which are linked to one or more HSBC proprietary Reference Indices, investors should understand that such Reference Indices are calculated independently by a third party calculation agent (the "**Third Party Calculation Agent**") and administered independently by a third party index administrator (the "**Third Party Administrator**"). As such, HSBC Bank plc is not responsible for the calculation or administration of the HSBC proprietary Reference Indices and is not the index sponsor for the purpose of Notes or Warrants which are linked to such Reference Indices. The Third Party Administrator will act as index sponsor.

The identity of the Third Party Calculation Agent and Third Party Administrator for each HSBC proprietary Reference Index is specified in the index rules thereof and such entities may, respectively, make determinations of the level of the HSBC proprietary Reference Indices, and of any adjustments that need to be made to the HSBC proprietary Reference Indices, without considering the interests of investors in the Notes or Warrants.

The Third Party Administrator, acting as index sponsor, does not act as fiduciary for or an adviser to the Warrantholder or Noteholder in respect of any determination or judgement or otherwise. The Third Party Administrator may have economic interests adverse to those of the Warrantholders and Noteholders, including with respect to certain determinations and judgements that the Third Party Administrator may be required to make pursuant to the terms of the HSBC proprietary Reference Index, any of which may affect payments in respect of the Warrants or Notes. The Third Party Administrator may act in its own interests in such capacities and need not have regard to the interests of the Noteholders or Warrantholders.

HSBC Bank plc has no responsibility for the calculation of the HSBC proprietary Reference Indices, which is performed by the Third Party Calculation Agent, and does not guarantee or represent or warrant the accuracy or completeness of the HSBC proprietary Reference Indices or the data comprised therein. Furthermore, HSBC Bank plc has no responsibility in relation to the administration by the Third Party Administrator of the HSBC proprietary Reference Indices.

Details of where further information regarding HSBC proprietary Reference Indices including the index rules or summaries thereof (if available) will be specified in the relevant Final Terms.

Specific risk factors relating to Equity-Linked Notes and Warrants

Extraordinary Events

There is a risk in respect of Equity-Linked Notes or Warrants that certain Extraordinary Events may occur in respect of Reference Asset(s) (such as a merger, a takeover or exchange offer, delisting, nationalisation or transfer to a governmental agency or the insolvency or bankruptcy of the issuer of the Reference Asset(s)). If such event has occurred, the Calculation Agent may take certain actions, such as adjusting certain Conditions or redeeming the Notes or terminating the Warrants.

Upon the occurrence of such an early redemption or termination of the relevant Equity/Index-Linked Notes or Warrants, the holders thereof may suffer a loss of some or all of their investment and will forego any future performance in the relevant Reference Asset(s) that may occur following such redemption or termination.

FX Rates

The value of the relevant Equity-Linked Notes or Warrants may be affected by changes in foreign exchange rates. For example, an appreciating USD relative to local currency may lower the value of the relevant Equity-Linked Notes or Warrants while a depreciating USD may increase the value of the relevant Equity-Linked Notes or Warrants.

Potential Adjustment Events

Investors in Equity-Linked Notes or Warrants are subject to the risk that certain circumstances in respect of Reference Asset(s) occur (such as a subdivision, consolidation or reclassification of securities, a distribution of dividend or extraordinary dividend or any other event that may have a diluting or concentrative effect on the theoretical value of the relevant Reference Asset(s)). If the Calculation Agent determines that such circumstances have occurred, the Calculation Agent may (but is not obliged to) make such corresponding adjustment(s) as it determines to be appropriate, to the number of Reference Asset(s) to which each Equity-Linked Note or Warrant relates and to any other exercise, settlement, payment or other term of the relevant Equity-Linked Notes or Warrants to account for that diluting or concentrative effect, and determine the effective date(s) of such adjustment(s). In the case of Alternative General Conditions Notes only, such adjustment(s) must be made with a view to produce a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position as prior to the relevant Potential Adjustment Event. Such adjustments may adversely affect the value of the relevant Equity-Linked Notes or Warrants and/or any amount payable on redemption or termination of the Notes or Warrants and the holders thereof may suffer a loss of some or all of their investment as a result.

Specific risks relating to Equity-Linked Notes and Warrants where Securities are Units in an exchange-traded fund

In respect of Equity-Linked Notes and Warrants where the Reference Asset(s) are units in an exchange-traded fund, one of the following events may occur:

- (i) the relevant fund is (or is to be) wound-up or similar, or makes a restructuring arrangement with its creditors or certain insolvency proceedings or similar are commenced against the fund;
- (ii) breach by the relevant fund of any applicable leverage restriction or any contractual restriction binding on or affecting the fund or any of its assets;
- (iii) resignation, termination or replacement of the fund adviser;

- (iv) any change or modification of the fund documents that could reasonably be expected to affect the value of the Units or the rights or remedies of any holders thereof from those prevailing on the Issue Date;
- (v) any breach of any strategy or investment guidelines stated in the fund documents that is reasonably likely to affect the value of the Units or the rights or remedies of any holders thereof;
- (vi) in the case of Warrants and Notes other than Alternative General Conditions Notes, it becomes impractical or impossible for the Issuer to hedge its obligations under the Notes or Warrants, as applicable;
- (vii) cancellation, suspension or revocation of the registration or approval of the Units or the fund by any governmental, legal or regulatory entity with authority over the Units or the fund;
- (viii) any change in the legal, tax, accounting or regulatory treatments of the fund or the fund adviser that is reasonably likely to have an adverse impact on the value of the Units or on any investor therein;
- (ix) the relevant fund becoming subject to any investigation, proceeding or litigation by any relevant governmental, legal or regulatory authority involving the alleged breach of applicable law for any activities relating to or resulting from the operation of the fund;
- (x) it becomes impractical or impossible for the Calculation Agent to be able to determine the value of the units in the fund and this is likely to continue for the foreseeable future, or if there is an information failure which would make it difficult to monitor the fund;
- (xi) in the case of Warrants and Notes other than Alternative General Conditions Notes, the Calculation Agent has determined that it has become illegal to hold the units in the fund or that the Issuer would incur a materially increased cost in performing its obligations under the Notes or Warrants;
- (xii) in the case of Warrants and Notes other than Alternative General Conditions Notes, the Issuer would incur a materially increased amount of tax on its hedge of the Notes and Warrants except for where this is solely due to a deterioration in the Issuer's creditworthiness;
- (xiii) the index underlying a fund is cancelled, or there is a material change in the formula or method of calculating the underlying index or other material modification of the relevant index, or the index sponsor fails to calculate and announce the underlying index; or
- (xiv) in the case of Alternative General Conditions Notes, the Calculation Agent determines in good faith that the Issuer will incur a materially increased cost in performing its obligations under the Notes due to any change in any applicable law or regulation (including tax law) or due to the change in the interpretation of any applicable law or regulation by any court or tribunal (including a taxing authority).

Following the occurrence of such event ("**Extraordinary ETF Event**"), the Calculation Agent may make certain adjustments to or substitutions for the Affected Units as the Calculation Agent may determine or the Calculation Agent may determine that the relevant Notes or Warrants shall be terminated upon payment to the holders thereof of the Fair Market Value (or, in the case of Alternative General Conditions Notes, the Early Redemption Amount) of the Notes or Warrants (as applicable), each of which may result in a loss to such holders.

Tax and Currency Risk

The tax status of funds in those jurisdictions in which they conduct their business and/or any change in taxation rules or treatment in such jurisdictions could affect the value of the assets of such funds or the ability of funds to achieve their investment objectives. Consequently this could adversely affect the value of the Notes or Warrants linked to such funds. In addition, remittance of income and capital gains generated by underlying investments of funds in certain countries may be dependent on there being liquidity in the relevant local currency and the absence of foreign exchange controls which inhibit or prevent the repatriation of such gains. In any such circumstances, the value of the notional shares of funds may be adversely affected and as a result the relevant funds and the value of the Notes or Warrants may be adversely affected.

Class of Investments

Prospective purchasers or investors should note that funds may have legal or other discretions in relation to their investments and no assurance can be given that the exercise of such discretions will achieve the investment objectives of such funds. Therefore, there is a risk that return on an investment in funds may not be achieved. This would have an adverse effect on the value of the Notes or Warrants and any amounts payable thereunder.

Investment Risk

There can be no assurance that any fund will achieve its investment objectives. The investment income of each fund is based on the income earned on the securities it holds, less expenses incurred. Therefore, the funds' investment income may be expected to fluctuate in response to changes in such expenses or income and this may have an adverse effect on the value of the Notes or Warrants and any amounts payable thereunder.

High yield

Some reference funds may invest in high yield securities. High yield securities are typically medium or lower rated securities and are sometimes referred to as "**junk bonds**". Such securities are more likely to react to developments affecting market and credit risk than are more highly rated securities, which primarily react to movements in the general level of interest rates. The risk of loss due to default by issuers of high yield securities is significantly greater because lower rated and unrated securities of comparable quality generally are unsecured and frequently are subordinated to the prior payment of senior indebtedness. In addition, funds which invest in such securities may find it more difficult to sell high yield securities or may be able to sell the securities only at prices lower than if such securities were widely traded. Furthermore, such funds may experience difficulty in valuing certain securities at certain times. Prices realised upon the sale of such lower rated (or unrated) securities, under these circumstances, may be less than the prices used in calculating the value of such funds. All such risks could adversely affect the value of Notes or Warrants linked to funds which invest in high yield securities.

Additional considerations/ risk factors set out in offering documents relating to funds

Investors in the Notes and/or Warrants which are linked to funds (including, but not limited to, exchange-traded funds) should note that there may be particular investment considerations and risk factors set out in the offering documentation relating to such funds and are advised to read and consider such offering documentation in making an investment decision to invest in such Notes and/or Warrants. Such information is not incorporated by reference and does not form part of this Base Prospectus.

(7) Risks relating to Interest Rate-Linked Notes and Warrants and Inflation Rate-Linked Notes and Warrants

Volatility

Interest rates and inflation rates may be volatile and unpredictable. Investors should be aware of the possibility of significant changes in interest rates and inflation rates resulting in a decrease in the value of interest payments and/or the principal payable on the Notes at redemption or Warrants at expiry or exercise. As a consequence the market value of the Notes or Warrants may also fall.

Interest income risk

In relation to certain types of Interest Rate-Linked Notes and Warrants and Inflation Rate-Linked Notes and Warrants, interest only accrues on days on which the interest related Reference Asset fixes within a predetermined range set out in the Final Terms. If the interest-related Reference Asset does not fix within such range on one or more days during the term of the Notes or Warrants, then the return on the Notes or Warrants may be lower than traditional fixed rate securities, or even zero. Holders should note that no interest accrues on days when the interest-related Reference Asset fixes outside of the range.

Specific risks relating to Inflation Rate-Linked Notes and Warrants

Where Notes or Warrants reference an inflation index, the Notes or Warrants will be exposed to the performance of such inflation index which may be subject to fluctuations that may not correlate with

changes in interest rates, currencies or other indices and may not correlate with the rate of inflation experienced in the jurisdiction of the Noteholders or Warrantholders. Any payments made under the Notes or Warrants may be based on a calculation made by reference to an inflation index for a month which is several months prior to the date of payment and therefore could be substantially different from the level of inflation at the time of payment on the Notes or Warrants.

Broadly speaking, in an inflationary environment amounts payable will be adjusted up and in a deflationary environment amounts payable will be adjusted down. In a deflationary environment, the amount of interest payable (if applicable) might be lower than the fixed rate that would have been applicable before such adjustment and the redemption amount or the amount payable in respect of expiry or exercise may be reduced.

Alternative valuation following disruption events in respect of inflation indices

Upon the occurrence of certain events in relation to an inflation index, for example the level of the inflation index has not been published or the inflation index is discontinued or is rebased or materially modified – then, depending on the particular event, the Issuer or Calculation Agent may:

- determine the level of the inflation index;
- determine a successor to the original inflation index;
- make changes to the level of the rebased index; or
- make adjustments to the inflation index and/or the terms of the Notes or Warrants by reference to equivalent adjustments made in respect of the Related Bond specified in the terms and conditions of the Notes or Warrants or the Fallback Bond selected by the Calculation Agent.

Any such event or determination may have an adverse effect on the value of the Notes or Warrants.

If the inflation index is rebased or materially modified, and no action is taken in respect of the Related Bond or Fallback Bond, the Calculation Agent may make changes to the level of the rebased index or make adjustments to the inflation index and/or the terms of the Notes or Warrants. Such consequential action by the Calculation Agent may have a negative effect on the value of the Notes or Warrants.

If, on any day on which a valuation is to be made, the level of the inflation index has not been published, and no action to determine a substitute level of the inflation index has been taken in respect of the Related Bond or Fallback Bond, the Calculation Agent shall determine a substitute level of the inflation index calculated by reference to the latest published level of the inflation index, and such level may differ from the index level (if any) published or announced after the relevant valuation date. Such event may have an effect on the valuation of the Notes or Warrants and on the interest (if applicable) and/or the amounts payable in respect of redemption, expiry or exercise. If an inflation index has been discontinued and no successor index has been determined in respect of the Related Bond or Fallback Bond, but the sponsor of the inflation index has specified a replacement inflation index, the Calculation Agent may specify such replacement inflation index to be the Successor Index in respect of the Notes or Warrants. Failing that, the Calculation Agent will determine an appropriate alternative index, and such index will be deemed a "**Successor Index**". Such events may have an effect on the valuation of the Notes or Warrants and on the interest (if applicable) and/or the amounts payable in respect of redemption, expiry or exercise.

Early redemption or termination of the Notes or Warrants and reinvestment risk following such early redemption or termination

If the Calculation Agent determines that an inflation index has been discontinued and there is no appropriate alternative successor index, the Calculation Agent may redeem the Notes or terminate the Warrants prior to their scheduled redemption date or expiry date (as applicable) in accordance with the terms and conditions of the Notes or Warrants.

(8) **Risks relating to Currency-Linked Notes and Warrants**

Volatility of exchange rates

Exchange rates can be volatile and unpredictable. Investors should be aware of the possibility of significant changes in rates of exchange between the Specified Currency and Reference Currencies, the Denomination Currency and the Settlement Currency and the Settlement Currency and Alternative Payment Currency (as applicable) may result in a decrease in the value of interest payments and/or the principal payable on the Notes at maturity or early redemption or the payments on Warrants at expiry or exercise. As a consequence, the market value of the Notes or Warrants may also fall.

FX Disruption Event

Investors in the Notes or Warrants should be aware that, following the occurrence of a FX Disruption Event (as defined in the Conditions) the Issuer may elect (a) to redeem the Notes or terminate the Warrants (as applicable) against payment of the Early Redemption Amount, which (in the case of Warrants and Notes other than Alternative General Conditions Notes) may be an amount determined by the Calculation Agent to be the fair market value of the Notes or Warrants less the cost to the Issuer of unwinding any underlying and/or related hedging and/or funding arrangements and in any case, such amount may be less than any amount received at maturity or expiry or exercise and may result in a loss to the investors or (b)(i) (in the case of Warrants and Notes other than Alternative General Conditions Notes) instruct the Calculation Agent to make such adjustments to the Conditions of the Notes or Warrants as it determines to be necessary or desirable to reflect any market practice which develops in respect of the FX Disruption Event or (ii) (in the case of Alternative General Conditions Notes) instruct the Calculation Agent to make such adjustment(s) to the Conditions as it determines to be necessary or desirable to reflect or account for the FX Disruption Event with a view to produce a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position as prior to the relevant FX Disruption Event.

If, by reason of an FX Disruption Event, the Issuer is unable to settle payments under the Notes or Warrants in the Settlement Currency the Issuer may settle payments by payment of the Alternative Payment Currency Equivalent (which will be an amount in USD or such other currency specified as the Alternative Payment Currency in the relevant Final Terms). Also, if the Notes are redeemed early or the Warrants are terminated early, investors will forego any future performance in the underlying currency.

Notes linked to an index, formula or other underlying and multi-currency and Dual Currency Notes

The Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated ("**Dual Currency Notes**"). Prospective investors should be aware that:

- (i) the market price of such Notes may be very volatile;
- (ii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iii) they may lose all or a substantial portion of their principal and/or interest payments;
- (iv) the relevant currencies may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices; and
- (v) the timing of changes in a relevant currency may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the relevant currency, the greater the effect on yield.

(8) **Additional risks relating to Alternative General Conditions Notes**

The Issuer may redeem the Notes if the economic balance is significantly altered

The Issuer may redeem the Notes upon the occurrence of events that are not attributable to the Issuer, but that have as a consequence that the economic balance between the Issuer and the Noteholders as at the Issue Date is significantly altered. This would include, without limitation, circumstances where such economic balance is altered as a consequence of actions being taken by a regulator, additional or increased solvency

or regulatory capital requirements being imposed on the Issuer, nationalisation and similar circumstances. The Early Redemption Amount payable by the Issuer in such circumstances may be less than the amount invested in the Notes or what would have been received under the Notes if the Notes had not been so redeemed and investors will forego any further interest payments (if any) in respect of the Notes.

Noteholders may receive a Monetisation Amount if they do not elect to receive the applicable Early Redemption Amount

The applicable Final Terms may specify that, in the event of an early redemption of the Notes, the Monetisation Option will apply. In that case, the notice of early redemption will specify the applicable Early Redemption Amount as well as the Monetisation Amount. Noteholders that do not elect to receive the Early Redemption Amount in accordance with the procedure set out in the notice of early redemption will not receive the Early Redemption Amount on the date fixed for redemption, but will receive the Monetisation Amount (on the original Maturity Date of the relevant Notes) and will not receive any interest or other amounts between the date fixed for redemption and the payment of the Monetisation Amount on the original Maturity Date.

(9) Risks relating to ESG Bonds

The use of proceeds of the Notes may not meet investor expectations or requirements.

In relation to Tranches of Notes which are specified in the relevant Final Terms as being "Green Bonds", "Social Bonds" or "Sustainable Bonds", (together, "**ESG Bonds**"), the Issuer will exercise its judgement and sole discretion in determining the businesses and projects that satisfy certain eligibility requirements that purport to promote green, social and/or sustainable initiatives as applicable ("**ESG Assets**") and will be financed by an amount equivalent to the net proceeds of the Notes (the "**Proceeds**"). If the use of the proceeds of the Notes is a factor in an investor's decision to invest in the Notes, they should consider the disclosure in "*Green Bonds, Social Bonds and Sustainable Bonds*" below and/or in the relevant Final Terms relating to any specific Tranche of Notes and consult with their legal or other advisers before making an investment in the Notes. There is no contractual obligation to allocate such funding to finance eligible businesses and projects or to provide annual progress reports as described in "*Green Bonds, Social Bonds and Sustainable Bonds*" below and/or in the relevant Final Terms. The Issuer's failure to so allocate or report, the failure of any of the businesses and projects funded with the Proceeds to meet a specific framework or the failure of external assurance providers to opine on the ESG Assets conformity with a specific framework, will not constitute an Event of Default (as defined in the Base Prospectus) with respect to the Notes and may affect the value of the Notes and/or have adverse consequences for certain investors with portfolio mandates to invest in ESG Assets, which may in turn affect the liquidity of the Notes. Furthermore, any such failure will not lead to an obligation of the Issuer to redeem such Notes.

No assurance can be given that ESG Assets will meet investor expectations or requirements regarding "green", "social", "sustainable" or similar labels (including Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment (the EU Taxonomy) or Regulation (EU) 2020/852 as it forms part of the domestic law of the UK by virtue of the EUWA), or that any adverse environmental, social and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any of the businesses and projects funded with the Proceeds, which may affect the value of the Notes. Legal or regulatory definitions or market views as to what constitutes a "green", "social" or "sustainable" or an equivalently labelled project or as to what precise attributes are required for a particular project to be defined as "green", "social" or "sustainable" or any such other equivalent label may vary. Accordingly, no assurance is or can be given to investors that any projects or uses the subject of, or related to, any of the businesses and projects funded with the Proceeds will meet any or all investor expectations regarding such "green", "social", "sustainable" or other equivalently-labelled performance objectives.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) which may be made available in connection with the issue of the Notes and in particular with any of the businesses and projects funded with the Proceeds to fulfil any environmental, social, sustainable and/or other criteria. For the avoidance of doubt, any such opinion or certification is not, nor shall it be deemed to be, incorporated in and/or form part of this Base Prospectus. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer or any other person to buy, sell or hold the Notes. Any such opinion or certification is only current as at the date that opinion was initially issued. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained

therein and/or the provider of such opinion or certification for the purpose of any investment in the Notes. The providers of such opinions and certifications are not currently subject to any specific regulatory or other regime or oversight.

If a Tranche of Notes is at any time listed or admitted to trading on any dedicated "green", "environmental", "social", "sustainable" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any of the businesses and projects funded with the Proceeds. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Issuer or any other person that any such listing or admission to trading will be obtained in respect of a Tranche of Notes or, if obtained, that any such listing or admission to trading will be maintained during the life of the Notes, and any failure to obtain or maintain such listing may affect the value of the Notes.

The Issuer gives no representation or assurance as to the environmental, social or sustainable impact of any Reference Asset

No representation or assurance is given by the Issuer or any other person that the Reference Asset(s) or securities underlying any Reference Asset(s) (if the Reference Asset is an equity index), satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any direct or indirect environmental, social or sustainable impact of the businesses or products of the Reference Asset(s) or issuers of such Reference Asset(s) or securities underlying such Reference Asset(s). If such environmental, social or sustainable impact is a factor in an investor's decision to invest in Notes, investors should consult with their legal or other advisers before making an investment in such Notes.

Organisational Structure

Following the completion of the HSBC Group's ring-fencing of its UK retail banking activities on 1 July 2018, and as part of the implementation of HSBC Group's reorganisation plans, the Issuer became a wholly-owned subsidiary of HSBC UK Holdings Limited in October 2018. HSBC UK Holdings Limited is a wholly and directly owned subsidiary of HSBC Holdings plc.

Accordingly, the Issuer is now a wholly and directly owned subsidiary of HSBC Holdings plc.

TAXATION

Transactions involving the Notes and Warrants may have tax consequences for potential purchasers which may depend, amongst other things, upon the status of the potential purchaser and laws relating to transfer and registration taxes. United Kingdom Taxation – Notes

The following is a summary of the United Kingdom withholding taxation treatment at the date hereof in relation to payments of principal and interest and certain other payments in respect of the Notes. It is based on current law and the practice of Her Majesty's Revenue and Customs ("HMRC"), which may not be binding on HMRC and which may be subject to change, sometimes with retrospective effect. The comments do not deal with any other United Kingdom tax aspects of acquiring, holding or disposing of Notes. The comments relate only to the position of persons who are absolute beneficial owners of the Notes. Noteholders should be aware that the particular terms of issue of any Series of Notes as specified in the relevant Final Terms may affect the tax treatment of that and other Series of Notes. The following is a general guide for information purposes and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all of the tax considerations that may be relevant to a purchaser. Noteholders who are in any doubt as to their tax position should consult their professional advisers. Noteholders who may be liable to taxation in jurisdictions other than the United Kingdom in respect of their acquisition, holding or disposal of the Notes are particularly advised to consult their professional advisers as to whether they are so liable (and if so under the laws of which jurisdictions), since the following comments relate only to certain United Kingdom taxation aspects of payments in respect of the Notes. In particular, Noteholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom.

(A) United Kingdom Withholding Tax

1. Interest on Notes issued for a term of less than one year (and which are not issued under arrangements the effect of which is to render the Notes part of a borrowing with a total term of one year or more) may be paid by the Issuer without withholding or deduction for or on account of United Kingdom income tax.
2. Interest on the Notes may also be paid without withholding or deduction for or on account of United Kingdom income tax so long as the Issuer is a "bank" for the purposes of section 878 of the Income Tax Act 2007 and so long as such payments are made by the Issuer in the ordinary course of its business.
3. In all other cases, falling outside the exemptions described in paragraphs 1 and 2 above, interest on the Notes may fall to be paid under deduction of United Kingdom income tax at the basic rate (currently 20 per cent.) subject to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double taxation treaty or to any other exemption which may apply.
4. Any payments made by the Issuer under the Deed of Covenant may not qualify for the exemptions from United Kingdom withholding tax described above.

(B) United Kingdom Withholding Tax – Other Payments

Where a payment on a Note does not constitute (or is not treated as) interest for United Kingdom tax purposes, it would potentially be subject to United Kingdom withholding tax if, for example, it constitutes (or is treated as) an annual payment, a manufactured payment, rent or similar income or royalties for United Kingdom tax purposes (which will be determined by, amongst other things, the terms and conditions specified by the Final Terms of the Note). In such a case, the payment may fall to be made under deduction of United Kingdom tax (the rate of withholding depending on the nature of the payment), subject to any exemption from withholding which may apply and to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double tax treaty.

(C) **Other Rules Relating to United Kingdom Withholding Tax**

1. Notes may be issued at an issue price of less than 100 per cent. of their principal amount. Any discount element on such Notes will not generally be subject to any United Kingdom withholding tax pursuant to the provisions mentioned above.
2. Where Notes are to be, or may fall to be, redeemed at a premium, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest. Payments of interest are subject to United Kingdom withholding tax as outlined above.
3. Where interest or any other payment has been paid under deduction of United Kingdom income tax, Noteholders or Couponholders who are not resident in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.
4. The references to "**interest**" above mean "interest" as understood in United Kingdom tax law. The statements above do not take any account of any different definitions of "**interest**" or "**principal**" which may prevail under any other law or which may be created by the terms and conditions of the Notes or any related documentation. Noteholders or Couponholders should seek their own professional advice as regards the withholding tax treatment of any payment on the Notes which does not constitute "interest" or "principal" as those terms are understood in United Kingdom tax law.
5. The above summary under the heading of "*United Kingdom Taxation – Notes*" assumes that there will be no substitution of the Issuer pursuant to Condition 16 (*Meetings of Noteholders, Modifications and Substitution*) of the Notes and does not consider the tax consequences of any such substitution.

United Kingdom Taxation – Warrants

The following is a summary of the United Kingdom withholding taxation treatment at the date hereof in relation to payments in respect of the Warrants and of the treatment of Warrants for the purposes of United Kingdom stamp duty and stamp duty reserve tax. It is based on current law and the practice of HMRC, which may not be binding on HMRC and which may be subject to change, sometimes with retrospective effect. The comments do not deal with other United Kingdom tax aspects of acquiring, holding or disposing of Warrants. The comments in relation to United Kingdom withholding tax relate only to the position of persons who are absolute beneficial owners of the Warrants. The following is a general guide and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all tax considerations that may be relevant to a prospective purchaser. Warrantheolders who are in any doubt as to their tax position should consult their professional advisers. Warrantheolders who may be liable to taxation in jurisdictions other than the United Kingdom in respect of their acquisition, holding or disposal of the Warrants are particularly advised to consult their professional advisers as to whether they are so liable (and if so under the laws of which jurisdictions), since the following comments relate only to certain United Kingdom taxation aspects of payments in respect of the Warrants. In particular, Warrantheolders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Warrants even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom.

(A) **United Kingdom Withholding Tax**

Warrants that are not derivatives

Payments under the Warrants which do not amount to interest, rent or annual payments (and are not treated as, or as if they were, interest, rent or annual payments for United Kingdom tax purposes) may be made without any withholding or deduction for or on account of United Kingdom tax.

Payments where the Warrants constitute derivative contracts

The Issuer should not be required to withhold or deduct sums for or on account of United Kingdom income tax from payments under Warrants that are treated as derivative contracts for the purposes of Part 7 of the Corporation Taxes Act 2009.

(B) **United Kingdom Stamp Duty and Stamp Duty Reserve Tax**

United Kingdom stamp duty or stamp duty reserve tax may be payable on any issue, transfer or agreement to transfer the Warrants or any interest in the Warrants.

Taxation in Switzerland

The Issuer disclaims any liability in respect of the following summary of certain tax implications. The following summary does not purport to be a comprehensive description of all Swiss tax consequences linked with the acquisition, holding, sale, lapse or redemption of the Notes and/or Warrants and does in particular not consider specific facts or circumstances that may apply to a particular investor and is for general information only. This summary is based on the tax laws of Switzerland currently in force and as applied on the date of this Base Prospectus which are subject to changes (or changes in interpretation) which may have retroactive effect. Prospective investors are advised to consult their own tax, legal and financial advisers with respect to the tax consequences of the acquisition, holding, sale, lapse or redemption of the Notes and/or Warrants in light of their particular circumstances.

(A) **Swiss Withholding Tax**

Provided that the Issuer is at all times resident and effectively managed outside of Switzerland, and does not maintain a branch or permanent establishment in Switzerland, payments by the Issuer will not be subject to Swiss withholding tax, currently levied at a rate of 35%.

(B) **Swiss Stamp Duties**

The Swiss Stamp duties encompass the Swiss securities transfer tax and the Swiss securities issuance tax (together "**Swiss Stamp Duties**").

Transactions on Notes and/or Warrants classified as pure derivatives for Swiss stamp duties purposes are generally not subject to the Swiss Stamp Duties. Exceptions may apply, in particular for the sale and transfer of Notes and/or Warrants with a duration of more than one year, which may be subject to the Swiss securities transfer tax currently at a rate of 0.15% for Swiss securities and 0.3% for foreign securities, respectively. This tax would apply on transactions, whether by a Swiss or foreign resident investor, involving a Swiss securities dealer within the meaning of the Swiss Stamp Duties Act, if no exemption applies. The same may apply in case of physical delivery of the underlying(s) being taxable securities within the meaning of the Swiss Stamp Duties Act at redemption.

(C) **Swiss (corporate) Income Tax**

Tax treatment for Notes and/or Warrants held by a Swiss resident investor as part of their private assets

A Swiss resident investor holding the Notes and/or Warrants as part of their private assets is required to include all payments of interest (being periodic or one-time) received in their personal income tax return for the relevant period and is taxable on the net taxable income.

A capital gain realised on the sale or other disposition of the Notes and/or Warrants by such an investor is in principle exempt from income tax and conversely a capital loss is in principle non-deductible. An exception is made for so-called notes with one-time predominant interest payment.

Products which are not straight debt instruments but have components of debt instruments and derivatives intertwined generally qualify as combined instruments. The tax treatment thereof depends in particular on whether they are considered as transparent or not for Swiss income tax purposes.

A product generally classifies as transparent for tax purposes if the values of the debt instrument and the derivative component are disclosed separately from each other in the sales documentation as well as in the offering prospectus, or, if this is not the case, if the product is a standard one and the values of the debt instrument and the derivative component can be determined analytically at any time by using conventional financial pricing models such as, for instance, the "bond floor pricing model" of the Swiss Federal Tax Administration. Conversely, if the debt instrument

component is not disclosed separately from the derivative component and if the conditions for analytic determination of the values of those components do not apply, the products classify as non-transparent.

If the products are considered as not-transparent for Swiss income tax purposes, any amount received by the investor (upon sale, lapse, exercise or redemption) in excess of the amount invested (at issue or upon purchase) is treated as taxable income in the hands of the investor if the products qualify as a note with predominant one-time interest payment. If they do not qualify as a note with predominant one time interest payment, the investor is only subject to tax on the periodic interest payments and (at redemption) on the difference between initial issuance price and the redemption price. For the purpose of determining whether a product is a note with predominant one-time interest payment the difference between initial issuance price and the redemption price is treated as one-time interest.

If the products are considered as transparent for Swiss income tax purposes, they will be split notionally in a debt instrument and a derivative instrument component. The debt instrument component follows the usual tax treatment either as note with predominant one-time interest or as note with no predominant one-time interest payment, as applicable. Gains or losses on the derivative instrument component are generally treated as capital gains or losses.

Products which are linked to underlyings, such as bonds, shares, or baskets of such assets, may also be treated, under certain circumstances, as direct investments in bonds, shares or in an investment fund. Products linked to a basket of investment funds may be treated as an investment in an investment fund.

Products in the form of reverse convertibles linked to shares, precious metals and commodities with no guaranteed payments and a duration of less than or equal to one year may be treated as straight derivatives.

Tax treatment for Notes and/or Warrants held by a Swiss resident investor as part of their business assets

Income, capital gains and capital losses linked with the Notes and/or Warrants realised by Swiss resident individual investors holding those assets as part of their business assets, as well as by Swiss resident corporate investors, are part of their business profit subject to income tax, respectively corporate income tax. The same applies to Swiss resident individual investors who qualify as so-called professional securities dealers.

Tax treatment for Notes and/or Warrants held by a non-Swiss resident investor

An investor who is not a Swiss resident for tax purposes will generally not be liable for Swiss income or corporate income tax on the income or capital gain linked with the Notes and/or Warrants, unless and to the extent those assets are attributable to a permanent establishment or a fixed place of business maintained in Switzerland by such non-Swiss resident investor.

(D) International Automatic Exchange of Information in Tax Matters

Switzerland has concluded a multilateral agreement with the European Union on the international automatic exchange of information (the "AEOI") in tax matters, which applies to all EU member states and some other jurisdictions. In addition, Switzerland has concluded the multilateral competent authority agreement on the automatic exchange of financial account information (the "MCAA"), and a number of bilateral AEOI agreements with other countries, most of them on the basis of the MCAA. Pursuant to those agreements and the implementing laws of Switzerland, yearly reporting requirements are imposed on financial institutions in respect of certain account holders and controlling persons of entities resident in reportable jurisdictions. Reportable information includes personal and financial data collected during the previous calendar year.

United States Taxation

The following summary describes certain of the principal U.S. federal income tax consequences resulting from the purchase, ownership and disposition of Notes that are principal protected and Warrants that require the payment of a substantial exercise price. Investors are directed to review any discussion of Notes that

are not principal protected and Warrants that do not require the payment of a substantial exercise price in a relevant supplement to this Base Prospectus or relevant Final Terms. This summary does not purport to consider all the possible U.S. federal income tax consequences of the purchase, ownership and disposition of the Notes and the Warrants and is not intended to reflect the individual tax position of any beneficial owner of Notes. The summary also does not address any aspect of U.S. federal taxation other than U.S. federal income taxation (such as the estate and gift tax (except to the extent explicitly addressed below) or the Medicare tax on net investment income). The summary is based upon the U.S. Internal Revenue Code of 1986, as amended (the "**Code**"), its legislative history, existing and proposed U.S. Treasury regulations promulgated thereunder, published rulings by the U.S. Internal Revenue Service ("**IRS**") and court decisions, all as of the date hereof, all of which authorities are subject to change or differing interpretations, which changes or differing interpretations could apply retroactively. This summary is limited to investors who purchase the Notes or the Warrants at initial issuance and hold the Notes or the Warrants as "capital assets" within the meaning of section 1221 of the Code (i.e., generally, property held for investment) and does not purport to deal with investors in special tax situations, such as financial institutions, tax exempt organisations, insurance companies, regulated investment companies, dealers in securities or currencies, persons purchasing Notes or Warrants other than at original issuance, persons holding notes as a hedge against currency risks or as a position in a "straddle," "conversion transaction," or "constructive sale" transaction for tax purposes, persons required to accelerate the recognition of any item of gross income with respect to the Notes or Warrants as a result of such income being recognised on an applicable financial statement, or persons whose functional currency (as defined in section 985 of the Code) is not the U.S. dollar. The summary does not include any description of the tax laws of any state, local or foreign governments that may be applicable to the Notes or the Warrants or the holders thereof.

Prospective purchasers of the Notes or the Warrants should consult their own tax advisers concerning the application of U.S. federal income tax laws to their particular situations as well as any consequences of the purchase, ownership and disposition of the Notes and the Warrants arising under the laws of any other taxing jurisdiction.

As used herein, the term "**U.S. Holder**" means a beneficial owner of a Note or a Warrant who or which is for U.S. federal income tax purposes (i) an individual who is a citizen or resident of the United States, (ii) a corporation created or organised in or under the laws of the United States or of any state thereof (including the District of Columbia), or (iii) any other person who is subject to U.S. federal income taxation on a net income basis with respect to the Notes or the Warrants. As used herein, the term "**Non-U.S. Holder**" means a beneficial owner of a Note or a Warrant that is not a U.S. Holder. In the case of a holder of Notes or Warrants that is a partnership for U.S. federal income tax purposes, each partner will take into account its allocable share of income or loss from the Notes or Warrants, and will take such income or loss into account under the rules of taxation applicable to such partner, taking into account the activities of the partnership and the partner.

Potential Consequences of a Deemed Exchange

Under certain circumstances, the modification or application of certain terms of the Notes or Warrants including, in certain circumstances, a substitution of the Issuer or a Benchmark Trigger Event, may result in a deemed exchange of "old" Notes or Warrants for "new" Notes or Warrants for U.S. federal income tax purposes. As a result of the occurrence of such a deemed exchange, a U.S. Holder may recognise gain or loss, treated in the manner described above, under "*Sale, Exchange, or Exercise of a Note*" and "*Sale, Exchange or Exercise of a Warrant*," and "new" Notes or Warrants deemed received in a deemed exchange may be treated as issued with, or with different amount of, OID. The IRS and the U.S. Treasury have proposed regulations, upon which taxpayers generally may rely until the promulgation of final regulations, that, in certain circumstances, could reduce the likelihood that a Benchmark Trigger Event would result in a "deemed exchange" of the affected Notes or Warrants. Moreover, the Internal Revenue Service has issued guidance that sets forth certain safe harbours pursuant to which replacing a rate based on LIBOR with an alternative method or index would not result in a deemed exchange. However, there can be no assurance that these regulations, in either their current form or as finalised, or this guidance, will provide any relief from the tax consequences described above if a Benchmark Trigger Event occurs. Prospective U.S. Holders should consult their own tax advisers regarding the application of these rules in their particular circumstances.

Taxation of Non-U.S. Holders

With respect to the Notes, subject to the discussion below on dividend equivalent payments and FATCA, (a) payment of principal, premium, redemption amount and interest by the Issuer or any paying agent to a Non-U.S. Holder will not be subject to U.S. federal income or withholding tax, **provided that** such Non-U.S. Holder provides the Issuer, when necessary, with appropriate documentation evidencing its status as a Non-U.S. Holder, (b) a gain realised by a Non-U.S. Holder on the sale or redemption of the Notes is not subject to U.S. federal income tax or withholding tax and (c) the Notes are not subject to U.S. federal estate tax if held by an individual who was a Non-U.S. Holder at the time of his death. Special rules may apply in the case of Non-U.S. Holders (i) that are engaged in a U.S. trade or business, (ii) that are former citizens or long-term residents of the United States, "controlled foreign corporations", "passive foreign investment companies", corporations which accumulate earnings to avoid U.S. federal income tax, and certain foreign charitable organisations, each within the meaning of the Code, or (iii) certain non-resident alien individuals who are present in the United States for one hundred and eighty-three days or more during a taxable year. Such persons are urged to consult their U.S. tax advisers before purchasing Notes.

A Non-U.S. Holder generally will not be subject to U.S. federal withholding tax with respect to amounts received, if any, with respect to a Warrant, subject to the discussion below of dividend equivalent payments and FATCA, assuming that: (i) the Warrant is not held in connection with a U.S. trade or business or, in the case of a resident of a country that has an income tax treaty with the United States, such Warrant is not attributable to a permanent establishment (or, in the case of an individual, a fixed place of business) in the United States; (ii) in the case of an individual, the Non-U.S. Holder is not present in the United States for one hundred and eighty-three days or more during a taxable year and certain other conditions are met; and (iii) such Non-U.S. Holder is not subject to the rules applicable to certain former citizens and long-term residents of the United States.

Withholding on Dividend Equivalent Payments

Section 871(m) of the Code and Treasury regulations promulgated thereunder ("**Section 871(m)**") generally impose a 30 per cent. withholding tax on "dividend equivalents" paid or deemed paid to certain persons with respect to certain financial instruments linked to U.S. equities or indices that include U.S. equities (such equities and indices, "**U.S. Underlying Equities**"). A "**dividend equivalent**" is any payment that references a dividend on any U.S. Underlying Equity. Section 871(m) generally applies to instruments that substantially replicate the economic performance of one or more U.S. Underlying Equities, as determined upon issuance, based on tests set forth in the applicable Treasury regulations (such an instrument, a "**Specified Security**").

If a Note or a Warrant is a Specified Security, the relevant Final Terms will specify that the Note is a "Section 871(m) Note" or the Warrant is a "Section 871(m) Warrant" for the purposes of Section 871(m) and also specify the method of Section 871(m) withholding that will be applied to the Note or Warrant.

If "Dividend Withholding" is specified in the relevant Final Terms as being applicable, the Issuer will report the appropriate amount of each payment under the Note or Warrant (including possibly a portion of the payments at maturity of the Note or Warrant) that are attributable to dividends on U.S. Underlying Equities, and the applicable withholding agent is expected to withhold 30 per cent. from such payment unless the payee establishes an exemption from or reduction in the withholding tax. In addition, non-U.S. investors may be subject to U.S. withholding tax on proceeds from the sale of a Note or Warrant, to the extent those proceeds reflect dividends on U.S. Underlying Equities.

If "Issuer Withholding" is specified in the relevant Final Terms as being applicable, the Issuer will withhold 30 per cent. of any dividend equivalent payments payable under the Note or Warrant (including possibly a portion of the payments at maturity of the Note or Warrant). If the terms of the Note or Warrant provide that all or a portion of the dividends on U.S. Underlying Equities are reinvested in the Underlyings during the term of the Note or Warrant, the terms of the Note or Warrant will also provide that only 70 per cent. of a deemed dividend equivalent will be reinvested. The remaining 30 per cent. of such deemed dividend equivalent will be treated, solely for U.S. federal income tax purposes, as having been withheld from a gross dividend equivalent payment due to the investor and remitted to the IRS on behalf of the investor. The Issuer will withhold such amounts without regard to either any applicable treaty rate or the classification of an investor as a U.S. or non-U.S. investor for U.S. federal income tax purposes.

If payments to an investor are subject to withholding tax and the investor believes it is eligible for an exemption from, or reduced rate of, withholding tax, the investor may be able to claim a refund of the amounts over-withheld. The Issuer makes no representation regarding investors' eligibility to claim such a refund, and investors may not be able to obtain an IRS Form 1042 from the Issuer or any custodian that would assist investors in obtaining the refund. Furthermore, the Issuer will not be required to pay any additional amounts as a result of this withholding tax, regardless of which withholding method is applicable to the Notes or Warrants, and regardless of whether the investor may have been eligible for an exemption or reduction in the withholding tax on payments from the applicable withholding agent.

The Section 871(m) regulations require complex calculations to be made with respect to Notes or Warrants linked to U.S. securities and their application to a specific issue of Section 871(m) Notes or Section 871(m) Warrants may be uncertain. Prospective investors should consult their tax advisers on the potential application of Section 871(m) to the Notes or Warrants, including, if applicable, the availability of, and process for, claiming a refund of such withholding tax.

Withholding of U.S. tax on account of FATCA

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" may be required to withhold on certain payments it makes ("**foreign passthru payments**") to persons that fail to meet certain certification, reporting, or related requirements. The Issuer is a foreign financial institution for these purposes. A number of jurisdictions (including the jurisdiction of the Issuer) have entered into, or have agreed in substance to, intergovernmental agreements (each an "**IGA**") with the United States to implement FATCA, which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes and Warrants, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes or Warrants, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes or Warrants, such withholding would not apply prior to the second anniversary of the date on which final regulations defining the term "foreign passthru payments" are published in the U.S. Federal Register, and Notes or Warrants treated as debt for U.S. federal income tax purposes issued on or prior to the date that is six months after the date on which final regulations defining "foreign passthru payments" are filed with the U.S. Federal Register generally would be "grandfathered" for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the issuer). However, if additional Notes (as described under "*Terms and Conditions of the Notes – Further Issues*") or Warrants (as described under "*Terms and Conditions of the Warrants – Further Issues*") that are not distinguishable from previously issued Notes or Warrants are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes or Warrants, including the Notes or Warrants offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in the Notes or Warrants. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes or Warrants, no person will be required to pay additional amounts as a result of the withholding.

GREEN BONDS, SOCIAL BONDS AND SUSTAINABLE BONDS

If the relevant Final Terms specify that a Series of Notes are "**Green Bonds**", "**Social Bonds**" or "**Sustainable Bonds**" (together, "**ESG Bonds**") then, unless otherwise specified in the relevant Final Terms, the Issuer will use an amount equivalent to the net proceeds of the issuance of such Series of Notes to fund eligible businesses and projects in eligible green, social or sustainable sectors, respectively (as further described within the applicable framework specified in the relevant Final Terms (the "**Applicable Framework**"), being either the HSBC Green Bond Framework dated 6 November 2015 (the "**HSBC Green Bond Framework**"), the HSBC Sustainable Development Goal (**SDG**) Bond Framework (the "**SDG Bond Framework**") or, if and when adopted the HSBC Sustainable Finance Framework (the "**Sustainable Finance Framework**"). The HSBC Green Bond Framework will be available on the following webpage: <https://www.hsbc.com/investors/fixed-income-investors/green-and-sustainability-bonds>.

The Issuer will track the use of such amount via its internal information systems and provide a progress report ("**Progress Report**") on an annual basis (as further described in the Applicable Framework). In addition, a second party opinion will be obtained from an appropriate provider to confirm the validity of the Applicable Framework. The second party opinion will be published on the following webpage: <http://www.hsbc.com/investors/fixed-income-investors/green-and-sustainability-bonds>.

For each issuance of Notes that are specified in the relevant Final Terms as being "Green Bonds", "Social Bonds" or "Sustainable Bonds", the Issuer will engage an appropriate external assurance provider to independently assure the relevant Progress Report, on an annual basis, and opine on its conformity with the Applicable Framework.

The Progress Report and related assurance report will be made available to the public on the following webpage: <https://www.hsbc.com/investors/fixed-income-investors/green-and-sustainability-bonds>.

- (a) The Notes are direct, unsecured and unsubordinated obligations of the Issuer and rank *pari passu* without any preference among themselves and, at their date of issue, (save for certain obligations required to be preferred by law) with all other unsecured and unsubordinated obligations of the Issuer for the time being outstanding.
- (b) The Notes do not create or transfer in favour of the Noteholder any legal, proprietary, beneficial or other interest in (including, without limitation, voting rights, as applicable) or right to acquire or dispose of any underlying (including, without limitation any reference asset or reference index) or any related purchase, sale, entry into or maintenance of one or more (i) positions or contracts in securities, funds, options, futures, other derivatives or foreign exchange, (ii) stock loan transactions or (iii) other instruments or arrangements (howsoever described) as determined in its absolute discretion by the Issuer or an affiliate in order to hedge, individually or on a portfolio basis, a Note ("**Hedging Positions**") and Noteholders shall have no legal, proprietary, beneficial or other interest in any underlying or Hedge Position by virtue of any investment in the Notes.
- (c) The Issuer is not required to hedge the Notes by holding any corresponding Hedging Positions in any underlying and has discretion to decide its hedging strategy.

4. **Fixed Rate Note Provisions**

(a) *Application*

This Condition 4 (*Fixed Rate Note Provisions*) is applicable to the Notes only if the Fixed Rate Note provisions are specified in the relevant Final Terms as being applicable.

(b) *Accrual of interest*

Fixed Rate Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrears on each Interest Payment Date, subject as provided in Condition 9 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Final Redemption Amount or any other redemption amount, as the case may be, is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 4 (*Fixed Rate Note Provisions*) (as well after as before judgment) until whichever is the earlier of (i) the day

on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the day the Calculation Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment, in which case the Notes will continue to bear interest as aforesaid).

(c) ***Fixed Coupon Amount***

Only if Fixed Coupon Amount is specified in the relevant Final Terms, the amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Notes are in more than one denomination (as specified in the relevant Final Terms), shall be the relevant Fixed Coupon Amount in respect of the relevant denomination.

(d) ***Calculation of interest amount***

The amount of interest payable in respect of the Notes for any period for which a Fixed Coupon Amount is not specified shall be calculated by applying the Rate of Interest to:

- (i) if "Aggregate Outstanding Nominal Amount Rounding" is specified in the relevant Final Terms as being applicable, in the case of Notes represented by a global Note or global Notes, the Aggregate Outstanding Nominal Amount of the Notes represented by such global Note(s); or
- (ii) in the case of Notes in definitive form or if "Aggregate Outstanding Nominal Amount Rounding" is not specified in the relevant Final Terms as being applicable, the Calculation Amount,

and, in each case, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Settlement Currency (as defined in Condition 1 (*Definitions*)) (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention). Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, or the Notes are represented by a global Note or global Notes, the amount of interest payable in respect of such Note or, as the case may be, the amount of interest payable in respect of the Aggregate Outstanding Nominal Amount shall be the product of (1) the amount (determined in the manner provided above) of interest payable in relation to the Calculation Amount and (2) the amount by which the Calculation Amount is multiplied to reach the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount (or, in the case of Instalment Notes (as defined in Condition 2(b)(ii) (*Form, Denomination and Title – Bearer Notes – General; Title*)), the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount as reduced in proportion with any reduction of the outstanding nominal amount as may be specified in, or determined in accordance with the provisions of the relevant Final Terms without any further rounding). For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

5. **Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions**

The following provisions of this Condition 5 apply to all Notes (other than Alternative General Conditions Notes).

(a) ***Application***

This Condition 5 (*Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions*) is applicable to the Notes only if the Floating Rate Note provisions, the Index-Linked Interest Note provisions or other variable-linked interest Note provisions are specified in the relevant Final Terms as being applicable.

(b) *Accrual of interest*

Floating Rate Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 9 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Final Redemption Amount or any other redemption amount, as the case may be, is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 5 (*Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions*) (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the day the Calculation Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment, in which case the Notes will continue to bear interest as aforesaid).

(c) *Screen Rate Determination for Floating Rate Notes not referencing SONIA, SOFR, €STR or SORA*

If Screen Rate Determination for Floating Rate Notes not referencing SONIA, SOFR, €STR or SORA is specified in the relevant Final Terms as being applicable, then the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis, subject always to the provisions of Condition 15A (*Consequences of a Benchmark Trigger Event*):

- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (iii) if, in the case of (i) above, such rate does not appear on that page or, in the case of (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, and unless otherwise specified in the relevant Final Terms, the Calculation Agent will:
 - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time;
 - (B) determine the arithmetic mean of such quotations; and
- (iv) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the principal financial centre of the Settlement Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the principal financial centre of the Settlement Currency) on the first day of the relevant Interest Period for loans in the Settlement Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

provided, however, that if the Calculation Agent or the Issuer (in consultation with the Calculation Agent) determines that in its opinion (x) there is no realistic prospect of the

Reference Banks providing the quotations specified in (iii)(A) above or (y) any such quotations are unlikely to be representative of an underlying market:

- (A) the Calculation Agent shall not be required to request the quotations specified in (iii)(A) above or to make the determination specified in (iv) above; and
- (B) the Calculation Agent may (in consultation with the Issuer) determine a rate by reference to such other sources and/or methodology as directed by the Issuer acting in good faith and a commercially reasonable manner.

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; **provided, however, that** if the Calculation Agent is unable to (or where the above proviso applies, elects not to) determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions or the relevant Final Terms in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

Investors should note that, if the relevant Final Terms specify fall-back provisions that refer to "*ISDA Determination*" or the ISDA Definitions, then the Calculation Agent may be required to determine the relevant Rate of Interest by reference to the rates provided by certain financial institutions selected by it in accordance with the ISDA Definitions if (a) such fallback provisions specify a Floating Rate Option which refers expressly to "*Reference Banks*" in its title or (b) the primary method for determining the relevant rate in accordance with the ISDA Definitions fails for any reason (unless the Final Terms specify that the fallback in respect of such rate shall not be determined by reference to any 'Reference Banks' (as defined in the ISDA Definitions)).

(d) ***ISDA Determination***

If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "**ISDA Rate**" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the "**Floating Rate Option**" (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
- (ii) the "**Designated Maturity**" (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms;
- (iii) the relevant "**Reset Date**" (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on LIBOR, the first day of that Interest Period or (B) in any other case, as specified in the relevant Final Terms; and
- (iv) if applicable, the "Applicable Benchmark", "Fixing Day", "Fixing Time" and/or any other items specified in the relevant Final Terms as relating to ISDA Determination (each as defined in the ISDA Definitions, as applicable) are as specified in the relevant Final Terms,

provided, however, that if in relation to any Interest Period:

- (A) the application of the above provisions does not result in the determination of an ISDA Rate and the Issuer (in consultation with the Calculation Agent) has not determined a Benchmark Trigger Event to have occurred, then the Calculation Agent shall determine the ISDA Rate

for such Interest Period having regard to such facts and circumstances as it considers relevant; and

- (B) the Issuer (in consultation with the Calculation Agent) determines a Benchmark Trigger Event to have occurred, the provisions of Condition 15A (*Consequences of a Benchmark Trigger Event*) shall apply,

and in either case, the Calculation Agent shall not be required to obtain quotations from Reference Banks (as defined in the ISDA Definitions) for purposes of determining the ISDA Rate for such Interest Period notwithstanding that it might otherwise be required to do so as a fallback procedure for the relevant Floating Rate Option pursuant to the ISDA Definitions.

Investors should note that, if ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, then the Calculation Agent may be required to determine the relevant Rate of Interest by reference to the rates provided by certain financial institutions selected by it in accordance with the ISDA Definitions if (a) the Floating Rate Option specified in the Final Terms refers expressly to "Reference Banks" in its title or (b) the primary method for determining the ISDA Rate in accordance with the ISDA Definitions fails for any reason (unless the Final Terms specify that the fallback in respect of such ISDA Rate shall not be determined by reference to any 'Reference Banks' (as defined in the ISDA Definitions)).

(c) ***Screen Rate Determination for Floating Rate Notes referencing SONIA, SOFR, €STR and SORA***

- (i) If Screen Rate Determination for Floating Rate Notes referencing SONIA, SOFR, €STR and SORA is specified in the relevant Final Terms as being applicable, then the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the Relevant Rate, all as determined by the Calculation Agent on the Interest Determination Date for such Interest Period.
- (ii) If the Notes become due and payable in accordance with Condition 11 (*Events of Default*), the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Final Terms, be deemed to be the date on which the Notes became due and payable and the Rate of Interest applicable to the Notes shall, for so long as any such Note remains outstanding, be that determined on such date and as if (solely for the purpose of such interest determination) the relevant Interest Period had been shortened accordingly.
- (iii) If "Payment Delay" is specified as the Observation Method in the relevant Final Terms, all references in these Conditions to interest on the Notes being payable on an Interest Payment Date shall be read as reference to interest on the Notes being payable on an Effective Interest Payment Date instead.

- (B) If the Rate of Interest cannot be determined in accordance with the foregoing provisions, the Rate of Interest shall be (A) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period) or (B) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to the Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin applicable to the first Interest Period).

- (vi) Additional Provisions applicable where "SOFR" is specified as the Reference Rate in the relevant Final Terms:

- (A) If, in respect of any Reference Rate Business Day(i) in the relevant Applicable Period, the Reference Rate is not published as provided in the relevant definition thereof for the related Reference Rate Determination Date, and:
- (I) where "ARRC Fallbacks" are specified as applicable in the relevant Final Terms a SOFR Transition Event and a related SOFR Replacement Date have not both occurred; or

(I) in respect of any Reference Rate Business Day(i) in the relevant Applicable Period, the Reference Rate is not published as provided in the relevant definition thereof for the related Reference Rate Determination Date; and

(II) the Issuer (in consultation, to the extent practicable, with the Calculation Agent) or the Issuer's designee (in consultation with the Issuer) determines that a SOFR Transition Event and the related SOFR Replacement Date have occurred in relation to the Reference Rate (or any SOFR Replacement Rate previously determined in accordance with this Condition 5(e)(vi) on the Reference Rate Business Day on which a determination of Reference Rate is due to be made,

the SOFR Replacement Rate will replace the then-current Reference Rate for all purposes and in respect of all determinations on such Reference Rate Business Day and (without prejudice to the further operation of this Condition 5(e)(vi) all subsequent determinations; **provided that**, if the Issuer (in consultation, to the extent practicable, with the calculation agent) or our designee (in consultation with the Issuer) is unable to or do not determine a SOFR Replacement Rate in accordance with the provisions below prior to 5:00 p.m. (New York time) on the relevant Interest Determination Date, the interest rate for the related Interest Period will be equal to (A) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period) or (B) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to the Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin applicable to the first Interest Period).

(C) If "ARRC Fallbacks" are not specified as applicable in the relevant Final Terms, if:

(I) in respect of any Reference Rate Business Day(i) in the relevant Applicable Period, the Reference Rate is not published as provided in the relevant definition thereof for the related Reference Rate Determination Date; and

(II) the Issuer (in consultation, to the extent practicable, with the Calculation Agent) or the Issuer's designee (in consultation with the Issuer) determines that a SOFR Index Cessation Event and SOFR Index Cessation Effective Date have occurred (the first date on which (I) and (II) occur, being the "**Rate Switch Date**"),

Reference Rate(i) in respect of such Reference Rate Business Day(i) shall be the rate that was recommended as the replacement for the daily Secured Overnight Financing Rate by the Federal Reserve Board and/or

the Federal Reserve Bank of New York or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York for the purpose of recommending a replacement for the daily Secured Overnight Financing Rate (which rate may be produced by the Federal Reserve Bank of New York or other designated administrator, and which rate may include any adjustments or spreads) as determined in relation to related Reference Rate Determination Date for such Reference Rate Business Day(i); **provided, however, that**, if no such rate has been recommended within one Reference Rate Business Day of the Rate Switch Date, then:

- (1) subject to (2) below, Reference Rate(i) in relation to each Reference Rate Business Day(i) falling on or after the Rate Switch Date shall be equal to the rate determined in accordance with the definition of Reference Rate(i) or Condition 5(e)(vi)(A) (as applicable), but as if:
 - (aa) references in Condition 5(e)(i)(iv) to "*Reference Rate Business Day*" were to "*New York City Banking Day*", but so that in the case of the Applicable Period in which the SOFR Index Cessation Effective Date occurred, "d₀" shall be construed so that it means the aggregate of (x) the number of Reference Rate Business Days in the Applicable Period up to (but excluding) the Rate Switch Date and (y) the number of New York City Banking Days in the Applicable Period relating to such Interest Period from (and including) the Rate Switch Date (and "i" shall be construed accordingly);
 - (bb) references to "*daily Secured Overnight Financing Rate*" were to the "*daily Overnight Bank Funding Rate*";
 - (cc) references to "*SOFR Index Cessation Event*" were references to "*OBFR Index Cessation Event*"; and
 - (dd) references to "*SOFR Index Cessation Effective Date*" were references to "*OBFR Index Cessation Effective Date*"; and

- (D) The Issuer (in consultation with the Calculation Agent) may at any time, specify any SOFR Replacement Conforming Changes which changes shall apply to the Notes for all future Interest Periods (without prejudice to the further operation of this Condition 5(e)(vi) and, for the avoidance of doubt, no consent of the Noteholders of the relevant Series or of the Holders of the Coupons appertaining thereto shall be required in connection with effecting such changes, including for the execution of any documents or the taking of other steps by the Issuer or any of the parties to the Agency Agreement (if required). The Issuer shall promptly following determination of any changes pursuant to this Condition 5(e)(vi) give notice thereof to the Noteholders (with a copy to the Calculation Agent) (in accordance with Condition 14 (*Notices*)).

"SOFR Replacement Date" means the earliest to occur of the following events with respect to the then-current Reference Rate (including the daily published component used in the calculation thereof):

For the avoidance of doubt, if the event that gives rise to the SOFR Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the SOFR Replacement Date will be deemed to have occurred prior to the Reference Time for such determination.

"SOFR Replacement Rate" means the first alternative set forth in the order below that can be determined by the Issuer (in consultation, to the extent practicable, with the Calculation Agent) or the Issuer's designee (in consultation with the Issuer) as of the SOFR Replacement Date.

- (c) a public statement or publication of information by the regulatory supervisor for the administrator of the Reference Rate announcing that the Reference Rate is no longer representative.

"Unadjusted SOFR Replacement" means the SOFR Replacement Rate excluding the SOFR Replacement Rate Adjustment.

- (vii) Additional Provisions applicable where "€STR" or "SORA" is specified as the Reference Rate in the relevant Final Terms:

Subject always to the provisions of Condition 15A (*Consequences of a Benchmark Trigger Event*) (as applicable), if, in respect of any Reference Rate Business Day(i) in the relevant Applicable Period, the Reference Rate has not been published as provided in the definition thereof in respect of the related Reference Rate Determination Date (the **"Relevant Reference Rate Determination Date"**), Reference Rate(i) in respect of such Reference Rate Business Day(i) shall be the Reference Rate as determined on the Reference Rate Business Day preceding the Relevant Reference Rate Determination Date on which the Reference Rate has been published as provided in the definition thereof.

(f) ***Index-Linked Interest***

If the Index-Linked Interest Note provisions are specified in the relevant Final Terms as being applicable, the Rate(s) of Interest applicable to the Notes for each Interest Period will be determined in the manner specified in the relevant Final Terms.

(g) ***Maximum or Minimum Interest Rate***

If any Maximum Interest Rate or Minimum Interest Rate is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.

(h) ***Calculation of Interest Amount***

The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the amount of interest (the "**Interest Amount**") payable in respect of the Notes for such Interest Period. Unless otherwise provided in the relevant Final Terms, the Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to:

- (i) if "Aggregate Outstanding Nominal Amount Rounding" is specified in the relevant Final Terms as being applicable, in the case of Notes represented by a global Note or global Notes, the Aggregate Outstanding Nominal Amount of the Notes represented by such global Note(s) notwithstanding that the formula specified in the relevant Final Terms may provide for calculation in relation to the Calculation Amount; or
- (ii) in the case of Notes in definitive form or if "Aggregate Outstanding Nominal Amount Rounding" is not specified in the relevant Final Terms as being applicable, the Calculation Amount,

and, in each case, multiplying the product by the Day Count Fraction for such Interest Period, rounding the resulting figure to the nearest sub-unit of the Settlement Currency (as defined in Condition 1 (*Definitions*)) (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention). Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, or the Notes are represented by a global Note or global Notes, the amount of interest payable in respect of such Note or, as the case may be, the amount of interest payable in respect of the Aggregate Outstanding Nominal Amount shall be the product of (1) the amount (determined in the manner provided above) of interest payable in relation to the Calculation Amount and (2) the amount by which the Calculation Amount is multiplied to reach the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount (or, in the case of Instalment Notes (as defined in Condition 2(b)(ii) (*Form, Denomination and Title – Bearer Notes – General; Title*)), the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount as reduced in proportion with any reduction of the outstanding nominal amount as may be specified in, or determined in accordance with the provisions of the relevant Final Terms without any further rounding). For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

If interest is required to be paid in respect of the Notes in relation to a period other than an Interest Period, then such interest shall be calculated in accordance with the above paragraph but as if reference therein to "Interest Period" were to such other period.

If the relevant Final Terms specify an alternative method of calculation of interest amount and "Aggregate Outstanding Nominal Amount Rounding" is specified in such Final Terms as being applicable in the case of Notes represented by a global Note or global Notes, then such interest shall be calculated in relation to the Aggregate Outstanding Nominal Amount of the Notes represented by such global Note(s) and rounded to the nearest currency sub-

unit notwithstanding that the formula specified in such Final Terms may provide for the interest amount to be calculated in relation to the Calculation Amount.

(i) ***Calculation of other amounts***

If the relevant Final Terms specify that any other amount is to be calculated by the Calculation Agent, the Calculation Agent will, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount will be calculated by the Calculation Agent in the manner specified in the relevant Final Terms.

(j) ***Dividend Equivalent Payments***

In respect of any Series of Notes where the principal and/or interest in respect to such Notes is determined by reference to one or more variables such as an index, formula, security, commodity, currency exchange rate, interest rate, inflation index, the credit of one or more entities or other factor (each variable being a "**Reference Asset**" or, if it is comprised in a basket of variables, a "**Reference Asset Component**"), if the Final Terms in respect of such Notes states the Notes are "Section 871(m) Notes", the Final Terms shall further specify whether the "Dividend Withholding" or "Issuer Withholding" approach to withholding in relation to Section 871(m) IRC shall be applicable to the Notes.

If "Dividend Withholding" is specified in the relevant Final Terms, the relevant Final Terms shall provide for the Issuer to make payments to Noteholders in respect of any dividend equivalent amounts received or deemed received in respect of any Reference Asset or Reference Asset Component and shall include provisions relating to the amount and timing of such payments.

If "Issuer Withholding" is specified in the relevant Final Terms, the Final Terms shall specify whether any dividend equivalent amounts are to be treated as being reinvested during the term of the Notes and what portion thereof is expected as of the Issue Date to be treated for U.S. federal income tax purposes as having been withheld from a payment due to the Noteholders.

(k) ***Publication***

The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s), to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period as a result of the early redemption or the termination of the Notes pursuant to:

- (i) Condition 7(b) (*Redemption and Purpose – Redemption for Taxation Reasons*), Condition 7(c) (*Redemption and Purpose – Redemption at the Option of the Issuer (Call Option)*), Condition 7(d) (*Redemption and Purpose – Redemption at the Option of the Noteholder (Put Option)*), Condition 7(f) (*Redemption and Purpose – Early Redemption for Illegality*) or Condition 11 (*Events of Default*) or as a result of the provisions of Condition 9(e) (*Payments – Price Source Disruption and FX Disruption*), Condition 10 (*Redenomination*), Condition 21(f) (*Adjustment to Indices*), Condition 21(g) (*Additional Provisions relating to Equity Linked Notes and Index Linked Notes – Adjustments and Events affecting Securities*), Condition 21(h) (*Additional Provisions relating to Equity Linked Notes and Index Linked Notes – Additional Disruption Events*), Condition 21(i) (*Additional Provisions relating to Equity Linked Notes and Index Linked Notes –*

Adjustments where the Securities are Units in an ETF), Condition 21(j) (*Additional Provisions relating to Equity Linked Notes and Index Linked Notes – Adjustment to Indices for Inflation Rate-Linked Notes*), Condition 21(k) (*Additional Provisions relating to Equity Linked Notes and Index Linked Notes – Events relating to DR-Linked Notes*), or

- (ii) any other provisions set out in the relevant Final Terms or otherwise.

If the Calculation Amount is less than the minimum denomination, the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum denomination.

(l) ***Linear interpolation***

Where "**Linear Interpolation**" is specified as applicable in respect of an Interest Period in the relevant Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates based on the Relevant Screen Page, one of which shall be determined as if the Interest Period were the period for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Interest Period were the period for which rates are available next longer than the length of the relevant Interest Period; **provided, however, that** if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

(m) ***Notifications etc.***

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 5 (*Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions*) by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders **and (subject as aforesaid) no liability to any such person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.**

The following provisions of this Condition 5 apply to Alternative General Conditions Notes only.

(a) ***Application***

This Condition 5 (*Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions*) is applicable to the Notes only if the Floating Rate Note provisions, the Index-Linked Interest Note provisions or other variable-linked interest Note provisions are specified in the relevant Final Terms as being applicable.

(b) ***Accrual of interest***

Floating Rate Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 9 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Final Redemption Amount or any other redemption amount, as the case may be, is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 5 (*Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions*) (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the day the Calculation Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment, in which case the Notes will continue to bear interest as aforesaid).

(c) **Screen Rate Determination for Floating Rate Notes not referencing SONIA, SOFR, €STR or SORA**

If Screen Rate Determination for Floating Rate Notes not referencing SONIA, SOFR, €STR or SORA is specified in the relevant Final Terms as being applicable, then the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis, subject always to the provisions of Condition 15A (*Consequences of a Benchmark Trigger Event*):

- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (iii) if, in the case of (i) above, such rate does not appear on that page or, in the case of (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, and unless otherwise specified in the relevant Final Terms, the Calculation Agent will:
 - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time;
 - (B) determine the arithmetic mean of such quotations; and
- (iv) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the principal financial centre of the Settlement Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the principal financial centre of the Settlement Currency) on the first day of the relevant Interest Period for loans in the Settlement Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; **provided, however, that** if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions or the relevant Final Terms in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

Investors should note that, if the relevant Final Terms specify fall-back provisions that refer to "ISDA Determination" or the ISDA Definitions, then the Calculation Agent may be required to determine the relevant Rate of Interest by reference to the rates provided by certain financial institutions selected by it in accordance with the ISDA Definitions if (a) such fallback provisions specify a Floating Rate Option which refers expressly to "Reference Banks" in its title or (b) the primary method for determining the relevant rate in accordance with the ISDA Definitions fails for any reason (unless the Final Terms specify that the fallback in respect of such rate shall not be determined by reference to any 'Reference Banks' (as defined in the ISDA Definitions)).

(d) **ISDA Determination**

If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "**ISDA Rate**" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions)

that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the "**Floating Rate Option**" (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
- (ii) the "**Designated Maturity**" (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms;
- (iii) the relevant "**Reset Date**" (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on LIBOR, the first day of that Interest Period or (B) in any other case, as specified in the relevant Final Terms; and
- (iv) if applicable, the "Applicable Benchmark", "Fixing Day", "Fixing Time" and/or any other items specified in the relevant Final Terms as relating to ISDA Determination (each as defined in the ISDA Definitions, as applicable) are as specified in the relevant Final Terms.

provided, however, that if in relation to any Interest Period:

- (A) the application of the above provisions does not result in the determination of an ISDA Rate and the Issuer (in consultation with the Calculation Agent) has not determined a Benchmark Trigger Event to have occurred, then the Calculation Agent shall determine the ISDA Rate for such Interest Period having regard to such facts and circumstances as it considers relevant; and
- (B) the Issuer (in consultation with the Calculation Agent) determines a Benchmark Trigger Event to have occurred, the provisions of Condition 15A (*Consequences of a Benchmark Trigger Event*) shall apply,

and in either case, the Calculation Agent shall not be required to obtain quotations from Reference Banks (as defined in the ISDA Definitions) for purposes of determining the ISDA Rate for such Interest Period notwithstanding that it might otherwise be required to do so as a fallback procedure for the relevant Floating Rate Option pursuant to the ISDA Definitions.

Investors should note that, if ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, then the Calculation Agent may be required to determine the relevant Rate of Interest by reference to the rates provided by certain financial institutions selected by it in accordance with the ISDA Definitions if (a) the Floating Rate Option specified in the Final Terms refers expressly to "Reference Banks" in its title or (b) the primary method for determining the ISDA Rate in accordance with the ISDA Definitions fails for any reason (unless the Final Terms specify that the fallback in respect of such ISDA Rate shall not be determined by reference to any 'Reference Banks' (as defined in the ISDA Definitions)).

- (e) ***Screen Overnight Rates Determination for Floating Rate Notes referencing SONIA, SOFR, €STR and SORA***
 - (i) If Screen Rate Determination for Floating Rate Notes referencing SONIA, SOFR, €STR and SORA is specified in the relevant Final Terms as being applicable, then the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the Relevant Rate, all as determined by the Calculation Agent on the Interest Determination Date for such Interest Period.
 - (ii) If the Notes become due and payable in accordance with Condition 11 (*Events of Default*), the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Final Terms, be deemed to be the date on which the Notes became due and payable and the Rate of Interest applicable to the Notes shall, for so long as any such Note remains outstanding, be that determined on such date and as if (solely

for the purpose of such interest determination) the relevant Interest Period had been shortened accordingly.

(iii) If "Payment Delay" is specified as the Observation Method in the relevant Final Terms, all references in these Conditions to interest on the Notes being payable on an Interest Payment Date shall be read as reference to interest on the Notes being payable on an Effective Interest Payment Date instead.

(iv) *Definitions*

"**Applicable Period**" means:

(A) where "Observation Shift" is specified as the Observation Method in the relevant Final Terms, in relation to any Interest Period, the Observation Period relating to such Interest Period; and

- (i) if "Aggregate Outstanding Nominal Amount Rounding" is specified in the relevant Final Terms as being applicable, in the case of Notes represented by a global Note or global Notes, the Aggregate Outstanding Nominal Amount of the Notes represented by such global Note(s) notwithstanding that the formula specified in the relevant Final Terms may provide for calculation in relation to the Calculation Amount; or
- (ii) in the case of Notes in definitive form or if "Aggregate Outstanding Nominal Amount Rounding" is not specified in the relevant Final Terms as being applicable, the Calculation Amount,

and, in each case, multiplying the product by the Day Count Fraction for such Interest Period, rounding the resulting figure to the nearest sub-unit of the Settlement Currency (as defined in Condition 1 (*Definitions*)) (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention). Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, or the Notes are represented by a global Note or global Notes, the amount of interest payable in respect of such Note or, as the case may be, the amount of interest payable in respect of the Aggregate Outstanding Nominal Amount shall be the product of (1) the amount (determined in the manner provided above) of interest payable in relation to the Calculation Amount and (2) the amount by which the Calculation Amount is multiplied to reach the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount (or, in the case of Instalment Notes (as defined in Condition 2(b)(ii) (*Form, Denomination and Title – Bearer Notes – General; Title*)), the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount as reduced in proportion with any reduction of the outstanding nominal amount as may be specified in, or determined in accordance with the provisions of the relevant Final Terms without any further rounding). For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

If interest is required to be paid in respect of the Notes in relation to a period other than an Interest Period, then such interest shall be calculated in accordance with the above paragraph but as if reference therein to "Interest Period" were to such other period.

If the relevant Final Terms specify an alternative method of calculation of interest amount and "Aggregate Outstanding Nominal Amount Rounding" is specified in such Final Terms as being applicable in the case of Notes represented by a global Note or global Notes, then such interest shall be calculated in relation to the Aggregate Outstanding Nominal Amount of the Notes

represented by such global Note(s) and rounded to the nearest currency sub-unit notwithstanding that the formula specified in such Final Terms may provide for the interest amount to be calculated in relation to the Calculation Amount.

(i) ***Calculation of other amounts***

If the relevant Final Terms specify that any other amount is to be calculated by the Calculation Agent, the Calculation Agent will, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount will be calculated by the Calculation Agent in the manner specified in the relevant Final Terms.

(j) ***Dividend Equivalent Payments***

In respect of any Series of Notes where the principal and/or interest in respect to such Notes is determined by reference to one or more variables such as an index, formula, security, commodity, currency exchange rate, interest rate, inflation index, the credit of one or more entities or other factor (each variable being a "**Reference Asset**" or, if it is comprised in a basket of variables, a "**Reference Asset Component**"), if the Final Terms in respect of such Notes states the Notes are "Section 871(m) Notes", the Final Terms shall further specify whether the "Dividend Withholding" or "Issuer Withholding" approach to withholding in relation to Section 871(m) IRC shall be applicable to the Notes.

If "Dividend Withholding" is specified in the relevant Final Terms, the relevant Final Terms shall provide for the Issuer to make payments to Noteholders in respect of any dividend equivalent amounts received or deemed received in respect of any Reference Asset or Reference Asset Component and shall include provisions relating to the amount and timing of such payments.

If "Issuer Withholding" is specified in the relevant Final Terms, the Final Terms shall specify whether any dividend equivalent amounts are to be treated as being reinvested during the term of the Notes and what portion thereof is expected as of the Issue Date to be treated for U.S. federal income tax purposes as having been withheld from a payment due to the Noteholders.

(k) ***Publication***

The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s), to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period as a result of the early redemption or the termination of the Notes pursuant to:

- (i) Condition 7(b) (*Redemption and Purchase – Redemption for Taxation Reasons*), Condition 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*), Condition 7(d) (*Redemption and Purchase – Redemption at the Option of the Noteholder (Put Option)*), Condition 7(f) (*Redemption and Purchase – Early Redemption for Illegality*) or Condition 11 (*Events of Default*) or as a result of the provisions of Condition 9(e) (*Payments – Price Source Disruption and FX Disruption*), Condition 10 (*Redenomination*), Condition 21(f) (*Additional Provisions relating to Equity Linked Notes and Index Linked Notes – Adjustment to Indices*), Condition 21(g) (*Additional Provisions relating to Equity Linked Notes and Index Linked Notes – Adjustments and Events affecting Securities*), Condition 21(h) (*Additional Disruption Events*), Condition 21(i) (*Additional Provisions relating to Equity Linked Notes and Index Linked Notes – Adjustments where the Securities are Units in an ETF*), Condition 21(j) (*Additional Provisions relating to Equity Linked Notes and Index Linked Notes – Adjustments to Indices for Inflation Rate-Linked Notes*), Condition 21(k) (*Additional Provisions relating*

to Equity Linked Notes and Index Linked Notes – Events relating to DR-Linked Notes);
or

- (ii) any other provisions set out in the relevant Final Terms or otherwise.

If the Calculation Amount is less than the minimum denomination, the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum denomination.

(l) ***Linear interpolation***

Where "**Linear Interpolation**" is specified as applicable in respect of an Interest Period in the relevant Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates based on the Relevant Screen Page, one of which shall be determined as if the Interest Period were the period for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Interest Period were the period for which rates are available next longer than the length of the relevant Interest Period; **provided, however, that** if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate in accordance with the provisions of paragraphs (iii)(A) and (B), (iv) and the final proviso of Condition 5(c).

(m) ***Notifications etc.***

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 5 (*Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions*) by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders **and (subject as aforesaid) no liability to any such person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.**

6. **Zero Coupon Notes**

- (i) This Condition 6 (*Zero Coupon Notes*) is applicable to the Notes only if the Zero Coupon Note provisions are specified in the relevant Final Terms as being applicable.
- (ii) If any amount payable in respect of a Zero Coupon Note is improperly withheld or refused, such an amount shall thereafter be an amount equal to the sum of:
 - (A) the Zero Coupon Note Reference Price; and
 - (B) the product of the Accrual Yield (compounded annually) being applied to the Zero Coupon Note Reference Price on the basis of the relevant Day Count Fraction as may be specified in the relevant Final Terms for the purposes of this Condition 6 (*Zero Coupon Notes*) and Condition 7(e) (*Redemption and Purchase – Early Redemption of Zero Coupon Notes*) (or, if no such relevant Day Count Fraction is specified, a Day Count Fraction of 30E/360 shall apply) from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Principal Paying Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

7. **Redemption and Purchase**

The following provisions of this Condition 7 apply to all Notes (other than Alternative General Conditions Notes).

(a) ***At Maturity***

Unless previously redeemed or purchased and cancelled, and subject as otherwise set out in the relevant Final Terms, each Note will be redeemed by the Issuer at an amount (the "**Final Redemption Amount**") as determined by the Calculation Agent and as calculated in accordance with Condition 7(j) (*Redemption and Purchase – Calculation and Rounding*) and the formula or other means specified in the relevant Final Terms, where applicable, in the relevant Settlement Currency on the date specified in the relevant Final Terms as the scheduled date on which such Note is to be redeemed (the "**Maturity Date**") (or, in the case of Instalment Notes, in such number of instalments and in such amounts ("**Instalment Amounts**") as may be specified in, or determined in accordance with the provisions of, the relevant Final Terms), in accordance with the provisions set out in the relevant Final Terms.

(b) ***Redemption for Taxation Reasons***

If in respect of a Series of Notes Condition 8B (*Taxation – No gross-up*) is not specified as applicable in the relevant Final Terms, and:

- (i) on a subsequent date for the payment of interest on such Series of Notes the Issuer would be required to pay any additional amounts in accordance with the provisions of Condition 8A (*Taxation – Gross-up*); or
- (ii) if the Issuer were to seek to redeem such Notes (for which purpose no regard shall be had to whether or not the Issuer would otherwise be entitled to redeem such Notes), the Issuer would be required to pay any additional amounts in accordance with the provisions of Condition 8A (*Taxation – Gross-up*);

the Issuer may, having given not less than 30 nor more than 45 days' notice (ending, in the case of Floating Rate Notes, on an Interest Payment Date) to the Noteholders in respect of such Series of Notes, redeem all, but not some only, of such Notes, at their Early Redemption Amount determined by the Issuer in accordance with the Conditions and calculated in accordance with the formula or other means specified in the relevant Final Terms together with interest accrued and unpaid, if any, to the date fixed for redemption **provided that** no such notice of redemption shall be given earlier than 90 days (or in the case of Floating Rate Notes a number of days which is equal to the lesser of the aggregate of the number of days in the then current Interest Period plus 60 days and 90 days) prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

The Issuer may exercise such option in respect of any Note notwithstanding the prior exercise by the Holder thereof or the Issuer of their respective options to require the redemption of such Note under Condition 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*) and 7(d) (*Redemption and Purchase – Redemption at the Option of the Noteholder (Put Option)*) respectively, below, if the due date for redemption under this Condition 7(b) (*Redemption and Purchase – Redemption for Taxation Reasons*) would occur prior to that under Condition 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*) and 7(d) (*Redemption and Purchase – Redemption at the Option of the Noteholder (Put Option)*), respectively, but not otherwise and, in such circumstances, the exercise of the option under Condition 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*) and 7(d) (*Redemption and Purchase – Redemption at the Option of the Noteholder (Put Option)*), respectively shall be rendered ineffective.

Prior to giving any notice of redemption pursuant to this Condition 7(b) (*Redemption and Purchase – Redemption for Taxation Reasons*) the Issuer may obtain a certificate of an independent legal adviser or accountant to the effect either that such a circumstance does exist or that, upon a change in or amendment to the laws of the United Kingdom (including any regulations pursuant thereto), or in the interpretation or administration thereof, which at the date of such certificate is proposed and in the opinion of such legal adviser or accountant is reasonably expected to become effective on or prior to the date on which the

relevant payment of principal or interest in respect of the Notes would otherwise be made, becoming so effective, such circumstances would exist, and any such certificate shall be sufficient to establish the circumstances required by this Condition 7(b) (*Redemption and Purchase – Redemption for Taxation Reasons*).

(c) ***Redemption at the Option of the Issuer (Call Option)***

Where the Notes are specified in the relevant Final Terms as being redeemable at the option of the Issuer, the Issuer may at any time (in the case of Fixed Rate Notes or Zero Coupon Notes), on any Interest Payment Date (in the case of Floating Rate Notes) or otherwise as set out in the relevant Final Terms, having given not less than 5 nor more than 30 days' notice (or such other notice period as may be specified in the relevant Final Terms) to the Noteholders in accordance with Condition 14 (*Notices*) (which notice shall be irrevocable), redeem on the Optional Redemption Date (Call Option) all or some only of the Notes then outstanding on the Optional Redemption Date (Call Option) and at the Redemption Amount (Call Option) as determined by the Issuer in accordance with the Conditions and as calculated in accordance with the formula or other means specified in the relevant Final Terms, together with interest accrued but unpaid thereon to the date fixed for redemption.

If the Notes of a Series are to be redeemed in part only on any date in accordance with this paragraph (c):

- (i) in the case of Bearer Notes (other than a Note which is a Temporary Global Note or a Permanent Global Note), the Notes to be redeemed shall be drawn by lot in such European city as the Principal Paying Agent may specify, or identified in such other manner or in such other place as the Principal Paying Agent may approve and deem appropriate and fair, subject to the rules and procedures of Euroclear and/or Clearstream, Luxembourg (such redemption to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion); and
- (ii) in the case of Registered Notes, the Notes shall be redeemed (so far as may be practicable) *pro rata* to their principal amounts, **provided always that** the amount redeemed in respect of each Note shall be equal to the minimum denomination thereof or an appropriate multiple thereof,

subject always to compliance with all applicable laws and the requirements of each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation.

Where a Minimum Redemption Amount (Call Option) and/or a Maximum Redemption Amount (Call Option) is specified in the relevant Final Terms, the Redemption Amount (Call Option) shall not be less than the Minimum Redemption Amount (Call Option) and shall not be more than the Maximum Redemption Amount (Call Option).

In the case of the redemption of part only of a Registered Note, a new Registered Note in respect of the unredeemed balance shall be issued in accordance with Condition 13 (*Replacement, Exchange and Transfer*) which shall apply as in the case of a transfer of Registered Notes as if such new Registered Note were in respect of the untransferred balance.

(d) ***Redemption at the Option of the Noteholder (Put Option)***

Where the Notes are specified in the relevant Final Terms as being redeemable at the option of Noteholders, then where a Noteholder has given not less than 15 nor more than 30 days' notice to the Issuer with a copy to the Issue Agent in accordance with Condition 14 (*Notices*), (which notices shall be irrevocable), the Issuer shall, following receipt of such notice from the Noteholder and confirmation from the Issue Agent that it has been duly notified, redeem on the Optional Redemption Date (Put Option), so many of the Notes in respect of which such Noteholder has exercised such option as are outstanding

on the Optional Redemption Date (Put Option) and at the Redemption Amount (Put Option) as determined by the Issuer in accordance with the Conditions and as calculated in accordance with the formula or other means specified in the relevant Final Terms, together with interest accrued but unpaid thereon to the date fixed for redemption.

Where a Minimum Redemption Amount (Put Option) and/or a Maximum Redemption Amount (Put Option) is specified in the relevant Final Terms, the Redemption Amount (Put Option) shall not be less than the Minimum Redemption Amount (Put Option) and shall not be more than the Maximum Redemption Amount (Put Option).

In order for any such notice given by a Noteholder to be effective, the Noteholder shall, on or prior to the date on which such notice is given, deposit the Note or Notes in respect of which such notice is given (together, in the case of an interest-bearing Definitive Note, with any unmatured Coupons appertaining thereto) with, in the case of a Bearer Note, any Paying Agent, or, in the case of a Registered Note, the Registrar together with a duly completed redemption notice in the form which is available from the specified office of any of the Paying Agents or, as the case may be, the Registrar. The Holder of a Note may not exercise such option in respect of any Note which is the subject of an exercise by the Issuer of its option to redeem such Note under Condition 7(b) (*Redemption and Purchase – Redemption for Taxation Reasons*), 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*) or Condition 7(f) (*Redemption and Purchase – Early Redemption for Illegality*).

(e) ***Early Redemption of Zero Coupon Notes***

(i) The redemption amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount calculated in accordance with Condition 7(j) (*Redemption and Purchase – Calculation and Rounding*) and equal to the sum of:

- (A) the Zero Coupon Note Reference Price; and
- (B) the product of the Accrual Yield (compounded annually) being applied to the Zero Coupon Note Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Note becomes due and payable.

(ii) Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the relevant Final Terms for the purposes of Condition 6 (*Zero Coupon Notes*) and this Condition 7(e) (*Redemption and Purchase – Early Redemption of Zero Coupon Notes*) (or, if no such relevant Day Count Fraction is specified, a Day Count Fraction of 30E/360 shall apply).

(f) ***Early Redemption for Illegality***

The Issuer shall have the right to terminate its obligations under the Notes, if the Calculation Agent shall have determined that the performance of such obligations under the Notes (or the Issuer's or the Issuer's designated affiliates' obligations under any hedging arrangements established in connection therewith) shall after the Trade Date:

- (i) have become unlawful, or
- (ii) unless "Early Redemption for Impracticability" is specified as not applicable in the relevant Final Terms, have become impracticable,

in whole or in part, including, without limitation, as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive or with any requirement or request of any governmental, administrative, legislative or judicial authority or power; **provided, however, that** if the Calculation Agent determines that the relevant obligations have become unlawful, the Issuer may obtain an opinion of an

independent legal adviser to that effect prior to terminating its obligations under the Notes, and any such opinion shall be sufficient to establish the circumstances required by this Condition 7(f) (*Redemption and Purchase – Early Redemption for Illegality*). In such circumstances the Issuer will pay to each Noteholder the Early Redemption Amount. Payment will be made in such manner as shall be notified to the Noteholders in accordance with Condition 14 (*Notices*).

(g) ***Purchases***

Each of the Issuer and any person directly or indirectly connected with the Issuer may at any time purchase Notes at any price in the open market or otherwise, and such Notes may be held, reissued, resold or, provided such Notes are held by the Issuer, at the option of the Issuer deissued or cancelled.

(h) ***Cancellation***

All Notes which are redeemed pursuant to Condition 7(a) (*Redemption and Purchase – At Maturity*), 7(b) (*Redemption and Purchase – Redemption for Taxation Reasons*), 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*), 7(d) (*Redemption and Purchase – Redemption at the Option of the Noteholder (Put Option)*) and 7(e) (*Redemption and Purchase – Early Redemption of Zero Coupon Notes*) shall, and all Notes purchased pursuant to Condition 7(g) (*Redemption and Purchase – Purchases*) may, at the option of the Issuer, be cancelled forthwith (together with, in the case of Definitive Notes, all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). All Notes redeemed or purchased and cancelled as aforesaid may not be re-issued or resold.

(i) ***No Other Redemption Provisions***

The Issuer shall not be entitled to redeem the Notes otherwise than as provided in Condition 7(a) (*Redemption and Purchase – At Maturity*), 7(b) (*Redemption and Purchase – Redemption for Taxation Reasons*), 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*), 7(d) (*Redemption and Purchase – Redemption at the Option of the Noteholder (Put Option)*), 7(e) (*Redemption and Purchase – Early Redemption of Zero Coupon Notes*) and 7(f) (*Redemption and Purchase – Early Redemption for Illegality*).

(j) ***Calculation and Rounding***

Any redemption amount payable on redemption of a Note (the "**Redemption Amount**") shall be calculated pursuant to this Condition 7 (*Redemption and Purchase*) and in rounding any values determined or calculated in connection with such Redemption Amount, the Calculation Agent shall apply the following rounding conventions:

- (i) if "Aggregate Outstanding Nominal Amount Rounding" is specified in the relevant Final Terms as being applicable, in the case of Notes represented by a global Note or global Notes, the Redemption Amount shall be calculated in relation to the Aggregate Outstanding Nominal Amount of the Notes represented by such global Note(s) rounded to the nearest currency sub-unit (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention) notwithstanding that the formula specified in the relevant Final Terms may provide for the Redemption Amount to be calculated in relation to the Calculation Amount; or
- (ii) in the case of Notes in definitive form or if "Aggregate Outstanding Nominal Amount Rounding" is not specified in the relevant Final Terms as being applicable, the Redemption Amount shall be calculated in relation to the Calculation Amount rounded to the nearest currency sub-unit (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention).

Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, or the Notes are represented by a global Note or global Notes, the Redemption Amount shall be the product of (1) the amount (determined in the manner provided above) payable in relation to the Calculation Amount and (2) the amount by which the Calculation Amount is multiplied to reach the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount (or, in the case of Instalment Notes (as defined in Condition 2(b)(ii) (*Form, Denomination and Title – Bearer Notes – General; Title*)), the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount as reduced in proportion with any reduction of the outstanding nominal amount as may be specified in, or determined in accordance with the provisions of, the relevant Final Terms without any further rounding). For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

The following provisions of this Condition 7 apply to Alternative General Conditions Notes only.

(a) ***At Maturity***

Unless previously redeemed or purchased and cancelled, and subject as otherwise set out in the relevant Final Terms, each Note will be redeemed by the Issuer at an amount (the "**Final Redemption Amount**") as determined by the Calculation Agent and as calculated in accordance with Condition 7(b) (*Redemption and Purchase – Calculation and Rounding*) and the formula or other means specified in the relevant Final Terms, where applicable, in the relevant Settlement Currency on the date specified in the relevant Final Terms as the scheduled date on which such Note is to be redeemed (the "**Maturity Date**") (or, in the case of Instalment Notes, in such number of instalments and in such amounts ("**Instalment Amounts**") as may be specified in, or determined in accordance with the provisions of, the relevant Final Terms), in accordance with the provisions set out in the relevant Final Terms.

(b) ***Redemption for Taxation Reasons***

If in respect of a Series of Notes Condition 8B (*Taxation – No gross-up*) is not specified as applicable in the relevant Final Terms, and:

- (i) on a subsequent date for the payment of interest on such Series of Notes the Issuer would be required to pay any additional amounts in accordance with the provisions of Condition 8A (*Taxation – Gross-up*); or
- (ii) if the Issuer were to seek to redeem such Notes (for which purpose no regard shall be had to whether or not the Issuer would otherwise be entitled to redeem such Notes), the Issuer would be required to pay any additional amounts in accordance with the provisions of Condition 8A (*Taxation – Gross-up*);

the Issuer may, having given not less than 30 nor more than 45 days' notice (ending, in the case of Floating Rate Notes, on an Interest Payment Date) to the Noteholders in respect of such Series of Notes, redeem all, but not some only, of such Notes, at their Early Redemption Amount determined by the Issuer in accordance with the Conditions and calculated in accordance with the formula or other means specified in the relevant Final Terms together with interest accrued and unpaid, if any, to the date fixed for redemption **provided that** no such notice of redemption shall be given earlier than 90 days (or in the case of Floating Rate Notes a number of days which is equal to the lesser of the aggregate of the number of days in the then current Interest Period plus 60 days and 90 days) prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

The Issuer may exercise such option in respect of any Note notwithstanding the prior exercise by the Holder thereof or the Issuer of their respective options to require the redemption of such Note under Condition 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*) and 7(d) (*Redemption and Purchase – Redemption at the Option of the Noteholder (Put Option)*) respectively, below, if the due date for redemption under this Condition 7(b) (*Redemption and Purchase – Redemption for Taxation Reasons*) would occur prior to that under Condition 7(c)

(*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*) and 7(d) (*Redemption and Purchase – Redemption at the Option of the Noteholder (Put Option)*), respectively, but not otherwise and, in such circumstances, the exercise of the option under Condition 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*) and 7(d) (*Redemption and Purchase – Redemption at the Option of the Noteholder (Put Option)*), respectively shall be rendered ineffective.

Prior to giving any notice of redemption pursuant to this Condition 7(b) (*Redemption and Purchase – Redemption for Taxation Reasons*) the Issuer may obtain a certificate of an independent legal adviser or accountant to the effect either that such a circumstance does exist or that, upon a change in or amendment to the laws of the United Kingdom (including any regulations pursuant thereto), or in the interpretation or administration thereof, which at the date of such certificate is proposed and in the opinion of such legal adviser or accountant is reasonably expected to become effective on or prior to the date on which the relevant payment of principal or interest in respect of the Notes would otherwise be made, becoming so effective, such circumstances would exist, and any such certificate shall be sufficient to establish the circumstances required by this Condition 7(b) (*Redemption and Purchase – Redemption for Taxation Reasons*).

(c) ***Redemption at the Option of the Issuer (Call Option)***

Where the Notes are specified in the relevant Final Terms as being redeemable at the option of the Issuer, the Issuer may at any time (in the case of Fixed Rate Notes or Zero Coupon Notes), on any Interest Payment Date (in the case of Floating Rate Notes) or otherwise as set out in the relevant Final Terms, having given not less than 5 nor more than 30 days' notice (or such other notice period as may be specified in the relevant Final Terms) to the Noteholders in accordance with Condition 14 (*Notices*) (which notice shall be irrevocable), redeem on the Optional Redemption Date (Call Option) all or some only of the Notes then outstanding on the Optional Redemption Date (Call Option) and at the Redemption Amount (Call Option) as determined by the Issuer in accordance with the Conditions and as calculated in accordance with the formula or other means specified in the relevant Final Terms, together with interest accrued but unpaid thereon to the date fixed for redemption.

If the Notes of a Series are to be redeemed in part only on any date in accordance with this paragraph (c):

- (i) in the case of Bearer Notes (other than a Note which is a Temporary Global Note or a Permanent Global Note), the Notes to be redeemed shall be drawn by lot in such European city as the Principal Paying Agent may specify, or identified in such other manner or in such other place as the Principal Paying Agent may approve and deem appropriate and fair, subject to the rules and procedures of Euroclear and/or Clearstream, Luxembourg (such redemption to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion); and
- (ii) in the case of Registered Notes, the Notes shall be redeemed (so far as may be practicable) *pro rata* to their principal amounts, **provided always that** the amount redeemed in respect of each Note shall be equal to the minimum denomination thereof or an appropriate multiple thereof,

subject always to compliance with all applicable laws and the requirements of each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation.

Where a Minimum Redemption Amount (Call Option) and/or a Maximum Redemption Amount (Call Option) is specified in the relevant Final Terms, the Redemption Amount (Call Option) shall not be less than the Minimum Redemption Amount (Call Option) and shall not be more than the Maximum Redemption Amount (Call Option).

In the case of the redemption of part only of a Registered Note, a new Registered Note in respect of the unredeemed balance shall be issued in accordance with Condition 13 (*Replacement, Exchange and Transfer*) which shall apply as in the case of a transfer of Registered Notes as if such new Registered Note were in respect of the untransferred balance.

(d) ***Redemption at the Option of the Noteholder (Put Option)***

Where the Notes are specified in the relevant Final Terms as being redeemable at the option of Noteholders, then where a Noteholder has given not less than 15 nor more than 30 days' notice to the Issuer with a copy to the Issue Agent in accordance with Condition 14 (*Notices*), (which notices shall be irrevocable), the Issuer shall, following receipt of such notice from the Noteholder and confirmation from the Issue Agent that it has been duly notified, redeem on the Optional Redemption Date (Put Option), so many of the Notes in respect of which such Noteholder has exercised such option as are outstanding on the Optional Redemption Date (Put Option) and at the Redemption Amount (Put Option) as determined by the Issuer in accordance with the Conditions and as calculated in accordance with the formula or other means specified in the relevant Final Terms, together with interest accrued but unpaid thereon to the date fixed for redemption.

Where a Minimum Redemption Amount (Put Option) and/or a Maximum Redemption Amount (Put Option) is specified in the relevant Final Terms, the Redemption Amount (Put Option) shall not be less than the Minimum Redemption Amount (Put Option) and shall not be more than the Maximum Redemption Amount (Put Option).

In order for any such notice given by a Noteholder to be effective, the Noteholder shall, on or prior to the date on which such notice is given, deposit the Note or Notes in respect of which such notice is given (together, in the case of an interest-bearing Definitive Note, with any unmatured Coupons appertaining thereto) with, in the case of a Bearer Note, any Paying Agent, or, in the case of a Registered Note, the Registrar together with a duly completed redemption notice in the form which is available from the specified office of any of the Paying Agents or, as the case may be, the Registrar. The Holder of a Note may not exercise such option in respect of any Note which is the subject of an exercise by the Issuer of its option to redeem such Note under Condition 7(b) (*Redemption and Purchase – Redemption for Taxation Reasons*), 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer*) or Condition 7(f) (*Redemption and Purchase – Early Redemption for Illegality*).

(e) ***Early Redemption of Zero Coupon Notes***

(i) The redemption amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount calculated in accordance with Condition 7(j) (*Redemption and Purchase – Calculation and Rounding*) and equal to (i) the Early Redemption Amount (if specified in the relevant Final Terms) or (ii) (if no Early Redemption Amount is specified in the relevant Final Terms) the sum of:

(A) the Zero Coupon Note Reference Price; and

(B) the product of the Accrual Yield (compounded annually) being applied to the Zero Coupon Note Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Note becomes due and payable ((A) and (B) together the "**Accreted Principal Amount**").

(ii) Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the relevant Final Terms for the purposes of Condition 6 (*Zero Coupon Notes*) and this Condition 7(e) (*Redemption and Purchase – Early Redemption of Zero Coupon Notes*) (or, if no such relevant Day Count Fraction is specified, a Day Count Fraction of 30E/360 shall apply).

(f) ***Early Redemption for Illegality***

The Issuer shall have the right to terminate its obligations under the Notes, if the Calculation Agent shall have determined that the performance of such obligations under the Notes shall after the Trade Date have become unlawful in whole or in part, including, without limitation, as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive or with any requirement or request of any governmental, administrative, legislative or judicial authority or power; **provided, however, that** if the Calculation Agent determines that the relevant

obligations have become unlawful, the Issuer may obtain an opinion of an independent legal adviser to that effect prior to terminating its obligations under the Notes, and any such opinion shall be sufficient to establish the circumstances required by this Condition 7(f) (*Redemption and Purchase – Early Redemption for Illegality*). In such circumstances the Issuer will pay to each Noteholder the Early Redemption Amount. Payment will be made in such manner as shall be notified to the Noteholders in accordance with Condition 14 (*Notices*).

(g) ***Early Redemption for Significant Change Event***

The Issuer shall have the right (but not the obligation) to terminate its obligations under the Notes, if the Issuer shall have determined that an event or circumstance or combination of events or circumstances has occurred that is not attributable to the Issuer but which has as its consequence that the economic balance of the Notes as at the Issue Date is significantly altered, including, without limitation, where such event causes a material increased cost for the Issuer as a consequence of change in tax laws, solvency or regulatory capital requirements, nationalisation, or regulatory action. In such circumstances the Issuer will pay to each Noteholder the Early Redemption Amount. Payment will be made in such manner as shall be notified to the Noteholders in accordance with Condition 14 (*Notices*).

(h) ***Purchases***

Each of the Issuer and any person directly or indirectly connected with the Issuer may at any time purchase Notes at any price in the open market or otherwise, and such Notes may be held, reissued, resold or, provided such Notes are held by the Issuer, at the option of the Issuer deissued or cancelled.

(i) ***Cancellation***

All Notes which are redeemed pursuant to Condition 7(a) (*Redemption and Purchase – At Maturity*), 7(b) (*Redemption and Purchase – Redemption for Taxation Reasons*), 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*), 7(d) (*Redemption and Purchase – Redemption at the Option of the Noteholder (Put Option)*) and 7(e) (*Redemption and Purchase – Early Redemption of Zero Coupon Notes*) shall, and all Notes purchased pursuant to Condition 7(g) (*Redemption and Purchase – Purchases*) may, at the option of the Issuer, be cancelled forthwith (together with, in the case of Definitive Notes, all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). All Notes redeemed or purchased and cancelled as aforesaid may not be re-issued or resold.

(j) ***No Other Redemption Provisions***

The Issuer shall not be entitled to redeem the Notes otherwise than as provided in Condition 7(a) (*Redemption and Purchase – At Maturity*), 7(b) (*Redemption and Purchase – Redemption for Taxation Reasons*), 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*), 7(d) (*Redemption and Purchase – Redemption at the Option of the Noteholder (Put Option)*), 7(e) (*Redemption and Purchase – Early Redemption of Zero Coupon Notes*) and 7(f) (*Redemption and Purchase – Early Redemption for Illegality*).

(k) ***Calculation and Rounding***

Any redemption amount payable on redemption of a Note (the "**Redemption Amount**") shall be calculated pursuant to this Condition 7 (*Redemption and Purchase*) and in rounding any values determined or calculated in connection with such Redemption Amount, the Calculation Agent shall apply the following rounding conventions:

- (i) if "Aggregate Outstanding Nominal Amount Rounding" is specified in the relevant Final Terms as being applicable, in the case of Notes represented by a global Note or global Notes, the Redemption Amount shall be calculated in relation to the Aggregate Outstanding Nominal Amount of the Notes represented by such global Note(s), rounded to the nearest currency sub-unit (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention) notwithstanding that the formula specified in the relevant Final Terms may provide for the Redemption Amount to be calculated in relation to the Calculation Amount; or

- (ii) in the case of Notes in definitive form or if "Aggregate Outstanding Nominal Amount Rounding" is not specified in the relevant Final Terms as being applicable, the Redemption Amount shall be calculated in relation to the Calculation Amount rounded to the nearest currency sub-unit (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention).

Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, or the Notes are represented by a global Note or global Notes, the Redemption Amount shall be the product of (1) the amount (determined in the manner provided above) payable in relation to the Calculation Amount and (2) the amount by which the Calculation Amount is multiplied to reach the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount (or, in the case of Instalment Notes (as defined in Condition 2(b)(ii) (*Form, Denomination and Title – Bearer Notes – General; Title*)), the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount as reduced in proportion with any reduction of the outstanding nominal amount as may be specified in, or determined in accordance with the provisions of, the relevant Final Terms without any further rounding). For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

(l) ***Monetisation Option***

If "Monetisation Option" is specified in the relevant Final Terms as being applicable, and an event occurs as a consequence of which the Issuer exercises its right to redeem the Notes at the applicable Early Redemption Amount:

- (a) the Noteholder shall receive, on the Maturity Date (and notwithstanding the early redemption notice) the Monetisation Amount, unless the Noteholder elects, in accordance with this Condition 7(l) (*Redemption and Purchase – Monetisation Option*), to receive the Early Redemption Amount on the date fixed for early redemption of the Notes; and
- (b) the Issuer's notice of early redemption must include the following:
 - (i) the cut-off date and time for each Noteholder to elect to receive the Early Redemption Amount on the date fixed for early redemption of the Notes;
 - (ii) the instructions to allow such Noteholder to make such election, substantially in accordance with the paragraph below; and
 - (iii) the Early Redemption Amount Valuation Date;
 - (iv) the Early Redemption Amount;
 - (v) the amount calculated by the Calculation Agent as the Monetisation Amount; and
 - (vi) a confirmation that, in the absence of making an election to receive the Early Redemption Amount, such Noteholder will receive the Monetisation Amount on the Maturity Date.

In order to elect to receive the Early Redemption Amount on the date fixed for early redemption of the Notes, a Noteholder must no later than the cut-off date and time set out in the Issuer's notice of early redemption, give notice to the Issuer with a copy to the Principal Paying Agent in accordance with Condition 14 (*Notices*), and, on or prior to the date on which such notice is given, deposit the Note or Notes in respect of which such notice is given (together, in the case of an interest-bearing Definitive Note, with any unmatured Coupons appertaining thereto) with, in the case of a Bearer Note, any Paying Agent, or, in the case of a Registered Note, the Registrar.

8. **Taxation**

8A. ***Taxation – Gross-up***

This Condition 8A (*Taxation – Gross-up*) will be applicable to all Series of Notes unless it is specified in the relevant Final Terms that Condition 8B (*Taxation – No gross-up*) is applicable.

All payments by the Issuer of principal and interest in respect of the Notes will be made without withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatever nature, present or future, as are imposed or levied by or on behalf of the United Kingdom unless the Issuer is required by law to withhold or deduct any such taxes, duties, assessments or governmental charges.

In the event that the Issuer is so required by law to withhold or deduct, it will pay such additional amounts as may be necessary in order that the net amounts received by the Noteholders or Couponholders, as the case may be, after such withholding or deduction shall equal the respective amounts of principal and interest which would have been receivable in respect of the Notes and/or, as the case may be, Coupons, in the absence of such withholding or deduction, except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (a) to, or to a third party on behalf of, a Holder of a Note or Coupon who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of it having some connection with the United Kingdom or any other relevant jurisdiction, other than the mere holding of such Note or Coupon;
- (b) unless it is proved, in the case of Bearer Notes, to the satisfaction of the Principal Paying Agent or the Paying Agent to whom the same is presented, or, in the case of Registered Notes, to the satisfaction of the Registrar, that the Holder is unable to avoid such withholding or deduction by satisfying any statutory requirement or by making a declaration of non residence or other similar claim for exemption to the relevant tax authorities or by notifying (and/or presenting evidence of such notification to) any tax authorities of such payment of principal or interest or by presenting the relevant Note or Coupon at the specified office of another Paying Agent;
- (c) more than 30 days after the Relevant Date (defined below) except, in the case of Bearer Notes, to the extent that the Holder thereof would have been entitled to such additional amounts on presenting the same for payment on the last day of such period of 30 days;
- (d) in the case of Registered Notes, unless it is proved to the satisfaction of the Registrar that the Holder, immediately upon becoming the Holder, (i) was eligible for the benefits of a tax treaty with the United Kingdom or any other relevant jurisdiction that provides for a complete exemption from withholding taxes on payments under the Notes, or (ii) was otherwise entitled to a complete exemption from withholding taxes on payments under the Notes; or
- (e) to, or to a third party on behalf of, a Holder who is not the sole beneficial owner of the Note or any Coupon, or a portion of either, or that is a fiduciary or partnership, but only to the extent that a beneficiary or settlor with respect to the fiduciary, a beneficial owner or member of the partnership would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment.

As used herein, the "**Relevant Date**" means the date on which such payment first becomes due but, in the case of Bearer Notes, if the full amount of the money payable has not been received by the Principal Paying Agent or the Registrar, as the case may be, on or prior to such due date, it means the date on which, the full amount of such money having been so received, notice to that effect shall have been duly given to the relevant Holders in accordance with Condition 14 (*Notices*).

If the Issuer becomes resident for tax purposes in any taxing jurisdiction other than the United Kingdom, references in this Condition 8 (*Taxation*) to the United Kingdom shall be construed as references to the United Kingdom and/or such other jurisdiction.

Any reference in these Conditions to principal or interest or both in respect of the relevant Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable under this Condition 8 (*Taxation*);
- (ii) the principal amount payable on the relevant Notes on the Maturity Date;
- (iii) the principal amount payable on redemption of the relevant Notes prior to such Maturity Date; and
- (iv) any premium and any other amounts which may be payable under or in respect of the relevant Notes.

Notwithstanding any other provision in these Conditions, the Issuer shall be permitted to withhold or deduct any amounts permitted or required by the rules of IRC Section 871(m), or IRC Sections 1471 through 1474 (or any amended or successor provisions), pursuant to any inter-governmental agreement, or implementing legislation adopted by another jurisdiction in connection with these provisions, or pursuant to any agreement with the U.S. Internal Revenue Service ("**U.S. Permitted Withholding**"). Neither the Issuer nor any Paying Agent will have any obligation to pay additional amounts or otherwise indemnify a holder for any U.S. Permitted Withholding deducted or withheld by the Issuer, a Paying Agent or any other party as a result of any person (other than an agent of the Issuer) not being entitled to receive payments free of U.S. Permitted Withholding.

8B. **Taxation – No gross-up**

This Condition 8B (*Taxation – No gross-up*) will only be applicable to a Series of Notes where it is specified in the relevant Final Terms that this Condition 8B (*Taxation – No gross-up*) is applicable.

All payments by the Issuer of principal and interest in respect of the Notes will be made without withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatever nature, present or future, as are imposed or levied by or on behalf of the United Kingdom unless the Issuer is required by law to withhold or deduct any such taxes, duties, assessments or governmental charges. **In the event that the Issuer is so required by law to withhold or deduct, the Issuer shall not be required to pay any additional amounts in connection with such withholding or deduction.**

9. **Payments**

(a) ***Bearer Notes***

Payments of principal and interest (if any) in respect of Bearer Notes will (subject as provided below) be made against presentation and (save in the case of partial payment or payment of an Instalment Amount (other than the final Instalment Amount)) surrender of the relevant Note or, in the case of payments of interest, surrender of the relevant Coupon at the specified office of any Paying Agent outside the United States (subject to the next paragraph). No payments on Bearer Notes will be made by mail to an address in the United States or by transfer to an account maintained by the Holder in the United States.

Payments of amounts due in respect of interest on Bearer Notes and exchanges of Talons for Coupon sheets will not be made at the specified office of any Paying Agent in the United States or its possessions (as defined in the U.S. Internal Revenue Code of 1986, as amended (the "**Code**")) and Regulations thereunder unless (a) payment in full of amounts due in respect of interest on such Notes when due or, as the case may be, the exchange of Talons at all the specified offices of the Paying Agents outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions and (b) such payment or exchange is permitted by applicable United States law, in which case the Issuer shall forthwith appoint a further Paying Agent with a specified office in New York City.

If the due date for payment of any amount due in respect of any Bearer Note is not both a Relevant Financial Centre Day and, if such Bearer Note is a Definitive Note or if the Final Terms so specifies, a local banking day, then the Holder thereof will not be entitled to

payment thereof until the next day which is such a day and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 4 (*Fixed Rate Note Provisions*), 5 (*Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions*) or 6 (*Zero Coupon Notes*), as appropriate.

Payment of Instalment Amounts (other than the final Instalment Amount) in respect of an Instalment Note which is a Definitive Note with Receipts will be made against presentation of the Note together with the relevant Receipt and surrender of such Receipt.

The Receipts are not and shall not in any circumstances be deemed to be documents of title and if separated from the Note to which they appertain will not represent any obligation of the Issuer. Accordingly, the presentation of a Note without the relative Receipt or the presentation of a Receipt without the Note to which it appertains shall not entitle the Holder to any payment in respect of the relevant Instalment Amount.

Upon the due date for redemption of any Definitive Note other than a Fixed Rate Note, all unmatured Coupons and Talons (if any) relating to such Definitive Note (whether or not attached) shall become void and no payment shall be made in respect of them.

Definitive Notes which are Fixed Rate Notes should be presented for payment with all unmatured Coupons appertaining thereto, failing which the face value of any missing unmatured Coupon (or, in the case of payment not being made in full, that portion of the amount of such missing unmatured Coupon which the sum of principal so paid bears to the total amount of principal due) will be deducted from the sum due for payment. Any amount of principal so deducted will be paid in the manner mentioned above against surrender of the relevant missing Coupon within a period of 10 years from the Relevant Date (as defined in Condition 8 (*Taxation*)) for the payment of such principal, whether or not such Coupon has become void pursuant to Condition 12 (*Prescription*) or, if later, five years from the date on which such Coupon would have become due.

Notwithstanding the above, if any Definitive Notes should be issued with a Maturity Date and an interest rate or rates such that, on the presentation for payment of any such Definitive Note without any unmatured Coupons attached thereto or surrendered therewith, the amount required to be deducted would be greater than the amount otherwise due for payment, then, upon the due date for redemption, such unmatured Coupons (whether or not attached) shall become void (and no payment shall be made in respect thereof) as shall be required so that the amount required to be deducted would not be greater than the amount otherwise due for payment. Where the application of the foregoing sentence requires some but not all of the unmatured Coupons relating to a Definitive Note to become void, the relevant Paying Agent shall, in its sole and absolute discretion, determine which unmatured Coupons are to become void, and shall select, in its sole and absolute discretion, for such purpose Coupons maturing on later dates in preference to Coupons maturing on earlier dates.

Upon any Definitive Notes becoming due and repayable prior to their Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

In relation to Definitive Notes initially delivered with Talons attached thereto, on or after the due date for the payment of interest on which the final Coupon comprised in any Coupon sheet matures, the Talon comprised in the Coupon sheet may be surrendered at the specified office of any Paying Agent outside the United States (save as provided above) in exchange for a further Coupon sheet (including any appropriate further Talon), subject to the provisions of Condition 12 (*Prescription*). Each Talon shall, for the purpose of these Conditions, be deemed to mature on the due date for the payment of interest on which the final Coupon comprised in the relative Coupon sheet matures.

If (otherwise than by reason of the application of the above) the due date for redemption of any Bearer Note is not the due date for the payment of a Coupon appertaining thereto,

interest accrued in respect of such Note from and including the last preceding due date for the payment of a Coupon (or from the Issue Date or the Interest Commencement Date, as the case may be) will be paid only against surrender of such Bearer Note and all unmatured Coupons appertaining thereto.

(b) ***Registered Notes***

Payment of the amount due on final redemption in respect of Registered Notes will be made against presentation and, save in the case of partial payment of any such amount, surrender of the relevant certificate at the specified office of the Registrar or of the Transfer Agent. If the due date for payment of the Final Redemption Amount or any other redemption amount, as the case may be, of any Registered Note is not both a Relevant Financial Centre Day and, if such Registered Note is not in global form or if the Final Terms so specifies, a local banking day, then the Holder thereof will not be entitled to payment thereof until the next day which is such a day and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 4 (*Fixed Rate Note Provisions*), Condition 5 (*Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions*) or Condition 6 (*Zero Coupon Notes*), as appropriate.

Payment of amounts (whether principal, interest or otherwise) due (other than on final redemption) in respect of Registered Notes will be paid to the Holder thereof (or, in the case of joint Holders, the first-named) as appearing in the Register at the close of business (local time in the place of the specified office of the Registrar) on the fifteenth day prior to the due date for such payment (the "**Record Date**").

Payment will be made in the currency in which such amount is due either by cheque posted to the Noteholder's registered address (or, in the case of joint Holders, the first-named) not later than the relevant due date for payment unless prior to the relevant Record Date the Holder thereof (or, in the case of joint Holders, the first-named) has applied to the Registrar or to the Transfer Agent and the Registrar or, as the case may be, the Transfer Agent has acknowledged such application for payment to be made to a designated account denominated in the relevant Settlement Currency (as defined in Condition 1 (*Definitions*)).

(c) ***General Provisions***

The following provisions apply to both Bearer Notes and Registered Notes. Subject to Condition 9(d) (*Payments – Payment of Alternative Payment Currency Equivalent*), payments of amounts due (whether principal, interest or otherwise) in respect of Notes will be made in the relevant Settlement Currency either by cheque or, at the option of the payee, by transfer to an account in the relevant Settlement Currency specified by the payee other than, for payments in respect of Bearer Notes, any such account in the United States.

Payments and deliveries will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 8 (*Taxation*).

Without prejudice to the generality of the foregoing, the Issuer reserves the right to require any person receiving payment of principal or, as the case may be, payment of interest with respect to any Note or Coupon to provide a Paying Agent with such certification or information as may be required to enable the Issuer or any parent or holding company of the Issuer or any subsidiary of any such parent or holding company to comply with the requirements of the US Federal Income Tax laws or such other laws as the Issuer or any such parent or holding company or subsidiary thereof may be required to comply with.

(d) ***Payment of Alternative Payment Currency Equivalent***

If "Payment of Alternative Payment Currency Equivalent" is specified as applicable in the relevant Final Terms, then if by reason of a FX Disruption Event, a Clearing System Currency Eligibility Event or any other event specified in the relevant Final Terms as an

Additional Alternative Payment Currency Event, the Issuer is not able to satisfy payments in respect of the Notes when due in the Settlement Currency, the Issuer may, settle any such payment in U.S. dollars or any other currency specified as the Alternative Payment Currency in the relevant Final Terms on (i) the due date at the Alternative Payment Currency Equivalent of any such amount due or (ii) if in the applicable Final Terms "Condition 1" is specified as applicable to the Alternative Payment Currency Fixing Date, the date falling the Alternative Payment Settlement Days after the due date at the Alternative Payment Currency Equivalent of any such amount due and, in each case, no further payment on account of interest or otherwise shall be due in respect of such postponed payment.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 9(d) (*Payments – Payment of Alternative Payment Currency Equivalent*) by the Calculation Agent, will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agents and all Noteholders. By acceptance thereof, purchasers of the Notes will be deemed to have acknowledged and agreed and to have waived any and all actual or potential conflicts of interest that may arise as a result of the calculation of the Alternative Payment Currency Equivalent by the Calculation Agent.

(e) ***Price Source Disruption and FX Disruption***

The following provisions of this Condition 9(e) (Payments – Price Source Disruption and FX Disruption) apply to all Notes (other than Alternative General Conditions Notes).

(X) If "Price Source Disruption" is specified as being applicable in the relevant Final Terms, then, if on any Scheduled FX Fixing Date:

(A) a Price Source Disruption occurs, (other than as a result of an Unscheduled Holiday) and no Alternative Payment Currency Exchange Rate Fall-Back provisions, Underlying Currency Pair Exchange Rate Fall-Back provisions and/or Conversion Rate Fall-Back provisions (as applicable) are specified in the relevant Final Terms, then the Calculation Agent shall:

- (1) determine the Relevant Rate by reference to the rate of exchange published by available recognised financial information vendors (as selected by the Calculation Agent acting in good faith and in a commercially reasonable manner) on the Scheduled FX Fixing Date (the "**Fallback Reference Price**"); or
- (2) unless the Final Terms specify Dealer Poll as not applicable, in the event that the Calculation Agent is unable to determine a Fallback Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fallback Reference Price so determined does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market, the Calculation Agent will request four Reference Dealers to provide a quotation of their rate for the Relevant Rate as of the Scheduled FX Fixing Date. If at least two quotations are provided, the Relevant Rate will be the arithmetic mean of such quotations; and
- (3) if (i) the Final Terms specify Dealer Poll as not applicable and the Calculation Agent is unable to determine a Fallback Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fallback Reference Price so determined does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; (ii) the

Calculation Agent determines that the Relevant Rate determined in accordance with paragraph (2) above does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; or (iii) fewer than 2 quotations are provided by Reference Dealers following the Calculation Agent's request pursuant to paragraph (2) above, the Calculation Agent will determine the Relevant Rate on the first succeeding Business Day on which the Price Source Disruption ceases to exist; **provided, however, that** if the Price Source Disruption continues for thirty consecutive calendar days (or such other number of calendar days as may be specified in the relevant Final Terms) after the Scheduled FX Fixing Date (the "**FX Cut-off Date**"), the Calculation Agent shall determine its good faith estimate of the Relevant Rate on that FX Cut-off Date; or

- (B) an Unscheduled Holiday occurs (whether or not a Price Source Disruption also occurs), the Scheduled FX Fixing Date for such Relevant Rate and all other Relevant Rates which have the same Scheduled FX Fixing Date shall be postponed to the first succeeding Relevant Currency Business Day; **provided, however, that** in the event that the Scheduled FX Fixing Date is postponed as a result of the occurrence of an Unscheduled Holiday (a "**Postponed FX Fixing Date**"), and if the Postponed FX Fixing Date has not occurred on or before the thirtieth consecutive calendar day (or such other number of calendar days as may be specified in the relevant Final Terms) after the Scheduled FX Fixing Date (any such period being a "**Deferral Period**"), then the next day after the Deferral Period that is or would have been a Relevant Currency Business Day but for an Unscheduled Holiday, shall be deemed to be the Postponed FX Fixing Date and the Calculation Agent shall determine its good faith estimate of the Relevant Rate on that Postponed FX Fixing Date.
- (Y) Except to the extent that (i) "EM Price Source Disruption" is specified as being applicable, and (ii) "FX Disruption Event" is specified as being not applicable in the relevant Final Terms, if at any time, a FX Disruption Event occurs, the Issuer, in its sole and absolute discretion, may elect to either:
 - (A) having given not less than five days' notice to the Noteholders in accordance with Condition 14 (*Notices*), redeem all, but not some only, of the Notes at their Early Redemption Amount (and, if the FX Disruption Event occurs on a Scheduled FX Fixing Date on which there is a Price Source Disruption or Unscheduled Holiday, for the purposes of determining such Early Redemption Amount the Calculation Agent shall first determine any Relevant Rate (if required) (a) in accordance with sub-paragraph (X)(A) or (X)(B) above, as applicable, of Condition 9(e) (*Payments – Price Source Disruption and FX Disruption*) if "Price Source Disruption" is specified as being applicable in the relevant Final Terms or, alternatively (b) in good faith and in a commercially reasonable manner, on the date notified to the Noteholders); or
 - (B) instruct the Calculation Agent to make such adjustment(s) to the Conditions as it determines to be necessary or desirable to reflect or account for any market practice that develops in respect of the FX Disruption Event,

provided, however, that in relation to sub-paragraphs (Y)(A) and (Y)(B) above, if as a result of the FX Disruption Event the Issuer is not able to satisfy payments in respect of the Notes when due in the Settlement Currency, the Issuer may settle any such payment pursuant to the provisions of Condition 9(d) (*Payments – Payment of Alternative Payment Currency Equivalent*).

The following provisions of this Condition 9(e) (Payments – Price Source Disruption and FX Disruption) apply to Alternative General Conditions Notes only.

- (X) If "Price Source Disruption" is specified as being applicable in the relevant Final Terms, then, if on any Scheduled FX Fixing Date:
- (A) a Price Source Disruption occurs, (other than as a result of an Unscheduled Holiday) and no Alternative Payment Currency Exchange Rate Fall-Back provisions, Underlying Currency Pair Exchange Rate Fall-Back provisions and/or Conversion Rate Fall-Back provisions (as applicable) are specified in the relevant Final Terms, then the Calculation Agent shall:
- (1) determine the Relevant Rate by reference to the rate of exchange published by available recognised financial information vendors (as selected by the Calculation Agent acting in good faith and in a commercially reasonable manner) on the Scheduled FX Fixing Date (the "**Fallback Reference Price**"); or
 - (2) unless the Final Terms specify Dealer Poll as not applicable, in the event that the Calculation Agent is unable to determine a Fallback Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fallback Reference Price so determined does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market, the Calculation Agent will request four Reference Dealers to provide a quotation of their rate for the Relevant Rate as of the Scheduled FX Fixing Date. If at least two quotations are provided, the Relevant Rate will be the arithmetic mean of such quotations; and
 - (3) if (i) the Final Terms specify Dealer Poll as not applicable and the Calculation Agent is unable to determine a Fallback Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fallback Reference Price so determined does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; (ii) the Calculation Agent determines that the Relevant Rate determined in accordance with paragraph (2) above does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; or (iii) fewer than 2 quotations are provided by Reference Dealers following the Calculation Agent's request pursuant to paragraph (2) above, the Calculation Agent will determine the Relevant Rate on the first succeeding Business Day on which the Price Source Disruption ceases to exist; **provided, however, that** if the Price Source Disruption continues for thirty consecutive calendar days (or such other number of calendar days as may be specified in the relevant Final Terms) after the Scheduled FX Fixing Date (the "**FX Cut-off Date**"), the Calculation Agent shall determine its good faith estimate of the Relevant Rate on that FX Cut-off Date; or
- (B) an Unscheduled Holiday occurs (whether or not a Price Source Disruption also occurs), the Scheduled FX Fixing Date for such Relevant Rate and all other Relevant Rates which have the same Scheduled FX Fixing Date shall be postponed to the first succeeding Relevant Currency Business Day; provided, however, that in the event that the Scheduled FX Fixing Date is postponed as a result of the occurrence of an

Unscheduled Holiday (a "Postponed FX Fixing Date"), and if the Postponed FX Fixing Date has not occurred on or before the thirtieth consecutive calendar day (or such other number of calendar days as may be specified in the relevant Final Terms) after the Scheduled FX Fixing Date (any such period being a "Deferral Period"), then the next day after the Deferral Period that is or would have been a Relevant Currency Business Day but for an Unscheduled Holiday, shall be deemed to be the Postponed FX Fixing Date and the Calculation Agent shall determine its good faith estimate of the Relevant Rate on that Postponed FX Fixing Date.

- (Y) Except to the extent that (i) "EM Price Source Disruption" is specified as being applicable, and (ii) "FX Disruption Event" is specified as being not applicable in the relevant Final Terms, if at any time, a FX Disruption Event occurs, the Issuer, in its sole and absolute discretion, may elect to either:
- (A) having given not less than five days' notice to the Noteholders in accordance with Condition 14 (*Notices*), redeem all, but not some only, of the Notes at their Early Redemption Amount (and, if the FX Disruption Event occurs on a Scheduled FX Fixing Date on which there is a Price Source Disruption or Unscheduled Holiday, for the purposes of determining such Early Redemption Amount the Calculation Agent shall first determine any Relevant Rate (if required) (a) in accordance with sub-paragraph (X)(A) or (X)(B) above, as applicable, of Condition 9(e) (*Payments – Price Source Disruption and FX Disruption*) if "Price Source Disruption" is specified as being applicable in the relevant Final Terms or, alternatively (b) in good faith and in a commercially reasonable manner, on the date notified to the Noteholders); or
 - (B) instruct the Calculation Agent to make such adjustment(s) to the Conditions as it determines to be necessary or desirable to reflect or account for the FX Disruption Event with a view to produce a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position as prior to the relevant FX Disruption Event,

provided, however, that in relation to sub-paragraphs (Y)(A) and (Y)(B) above, if as a result of the FX Disruption Event the Issuer is not able to satisfy payments in respect of the Notes when due in the Settlement Currency, the Issuer may settle any such payment pursuant to the provisions of Condition 9(d) (*Payments – Payment of Alternative Payment Currency Equivalent*).

(f) ***EM Price Source Disruption***

The following provisions of this Condition 9(f) (Payments – EM Price Source Disruption) apply to all Notes (other than Alternative General Conditions Notes).

If "EM Price Source Disruption" is specified as being applicable in the relevant Final Terms, then:

- (i) subject to sub-paragraph (iii) below and **provided that** no Conversion Rate Fall-Back provisions are specified in the relevant Final Terms, if on any Scheduled FX Fixing Date:
 - (A) Price Materiality is specified as applicable and a Price Materiality occurs, the Relevant Rate shall be a rate determined by the Calculation Agent acting in good faith and in a commercially reasonable manner. For the avoidance of doubt, any rate achieved by the Issuer pursuant to a relevant hedging agreement shall be deemed to be a commercially reasonable rate;

- (B) a Price Source Disruption occurs or is continuing, the relevant Conversion Rate Fixing Date shall be postponed until the first Conversion Rate Business Day after such Scheduled FX Fixing Date on which no Price Source Disruption exists (the "**Postponed FX Fixing Date**"), **provided that** if the Postponed FX Fixing Date has not occurred within the EM Deferral Period, the Conversion Rate will be determined in accordance with sub-paragraph (ii) below; or
 - (C) an Unscheduled Holiday occurs (whether or not a Price Source Disruption also occurs), the relevant Conversion Rate Fixing Date shall be postponed to the first succeeding Conversion Rate Business Day (the "**Postponed FX Fixing Date**"), **provided that** if the Postponed FX Fixing Date has not occurred within the EM Deferral Period the Conversion Rate will be determined in accordance with paragraph sub-paragraph (ii) below;
- (ii) subject to sub-paragraph (iii) below, notwithstanding the provisions of sub-paragraphs (i)(B) and (i)(C) above, in no event shall the total number of consecutive calendar days for which a fixing date is deferred due to (i) an Unscheduled Holiday, or (ii) a Price Source Disruption (or any combination of (i) and (ii)), exceed the EM Deferral Period. Accordingly, if on the first Conversion Rate Business Day (or date which would have been a Conversion Rate Business Day but for the occurrence of an Unscheduled Holiday) after such period has lapsed (the "**Cut-off Fixing Date**") (X) an Unscheduled Holiday occurs or is continuing (but no Price Source Disruption occurs or is continuing on such day), then the Conversion Rate shall be a rate determined by the Calculation Agent, acting in good faith and a commercially reasonable manner, or (Y) a Price Source Disruption occurs or is continuing on such day, then the Conversion Rate shall be the Fallback Conversion Rate determined on the Cut-off Fixing Date; and
 - (iii) notwithstanding any other provision of this Condition 9(f) (*Payments – EM Price Source Disruption*), if the Fallback Conversion Rate is not available or, at any time following the determination of the Conversion Rate or Fallback Conversion Rate, the Calculation Agent determines that such rate does not accurately represent the rate which the Calculation Agent determines that the Issuer could have achieved in the general foreign exchange market at the time such Conversion Rate or Fallback Conversion Rate was determined, the applicable Conversion Rate shall be a rate determined by the Calculation Agent acting in good faith and in a commercially reasonable manner. For the avoidance of doubt, any rate achieved by the Issuer pursuant to a relevant hedging agreement shall be deemed to be a commercially reasonable rate.

The following provisions of this Condition 9(f) (Payments – EM Price Source Disruption) apply to Alternative General Conditions Notes only.

If "EM Price Source Disruption" is specified as being applicable in the relevant Final Terms, then:

- (i) subject to sub-paragraph (iii) below and **provided that** no Conversion Rate Fall-Back provisions are specified in the relevant Final Terms, if on any Scheduled FX Fixing Date:
 - (A) Price Materiality is specified as applicable and a Price Materiality occurs, the Relevant Rate shall be a rate determined by the Calculation Agent acting in good faith and in a commercially reasonable manner;
 - (B) a Price Source Disruption occurs or is continuing, the relevant Conversion Rate Fixing Date shall be postponed until the first Conversion Rate Business Day after such Scheduled FX Fixing Date on which no Price Source Disruption exists (the "**Postponed FX Fixing Date**"), **provided that** if the Postponed FX Fixing Date has not occurred within the EM Deferral Period, the Conversion Rate will be determined in accordance with sub-paragraph (ii) below; or

- (C) an Unscheduled Holiday occurs (whether or not a Price Source Disruption also occurs), the relevant Conversion Rate Fixing Date shall be postponed to the first succeeding Conversion Rate Business Day (the "**Postponed FX Fixing Date**"), **provided that** if the Postponed FX Fixing Date has not occurred within the EM Deferral Period the Conversion Rate will be determined in accordance with paragraph sub-paragraph (ii) below;
- (ii) subject to sub-paragraph (iii) below, notwithstanding the provisions of sub-paragraphs (i)(B) and (i)(C) above, in no event shall the total number of consecutive calendar days for which a fixing date is deferred due to (i) an Unscheduled Holiday, or (ii) a Price Source Disruption (or any combination of (i) and (ii)), exceed the EM Deferral Period. Accordingly, if on the first Conversion Rate Business Day (or date which would have been a Conversion Rate Business Day but for the occurrence of an Unscheduled Holiday) after such period has lapsed (the "**Cut-off Fixing Date**") (X) an Unscheduled Holiday occurs or is continuing (but no Price Source Disruption occurs or is continuing on such day), then the Conversion Rate shall be a rate determined by the Calculation Agent, acting in good faith and a commercially reasonable manner, or (Y) a Price Source Disruption occurs or is continuing on such day, then the Conversion Rate shall be the Fallback Conversion Rate determined on the Cut-off Fixing Date; and
- (iii) notwithstanding any other provision of this Condition 9(f) (*Payments – EM Price Source Disruption*), if the Fallback Conversion Rate is not available or, at any time following the determination of the Conversion Rate or Fallback Conversion Rate, the Calculation Agent determines that such rate does not accurately represent the rate which the Calculation Agent determines that the Issuer could have achieved in the general foreign exchange market at the time such Conversion Rate or Fallback Conversion Rate was determined, the applicable Conversion Rate shall be a rate determined by the Calculation Agent acting in good faith and in a commercially reasonable manner.
- (g) ***Postponement of Payments***
- (i) If a Scheduled FX Fixing Date is postponed in accordance with Condition 9(e) (*Payments – Price Source Disruption and FX Disruption*), any Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of days as may be specified in the applicable Final Terms) following the postponed Scheduled FX Fixing Date or, if later, the FX Cut-off Date or Postponed FX Fixing Date, as applicable.
- (ii) If a Scheduled FX Fixing Date is postponed in accordance with Condition 9(f) (*Payments – EM Price Source Disruption*), any Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of days as may be specified in the applicable Final Terms) following the postponed Conversion Rate Fixing Date or, if later, the Cut-off Fixing Date or Postponed FX Fixing Date, as applicable.
- (iii) Unless Interest Adjustment is specified in the relevant Final Terms as being applicable, no further payment on account of interest or otherwise shall be due in respect of any payment postponed pursuant to this Condition 9(g) (*Payments – Postponement of Payments*) (so that, for the avoidance of doubt, any interest payable in respect of the Notes on a Related Payment Date which is so postponed shall be calculated as if such Related Payment Date had not been postponed pursuant to this Condition 9(g) (*Payments – Postponement of Payments*)) unless, in the case of a Fixed Rate Note, a Floating Rate Note or a Zero Coupon Note, there is a subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in Condition 4 (*Fixed Rate Note Provisions*), 5 (*Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions and other variable-linked interest Note Provisions*) or 6 (*Zero Coupon Notes*), as appropriate.

(h) ***LBMA Physical Settlement***

The following provisions apply where LBMA Physical Settlement is specified as being applicable in the relevant Final Terms.

A. ***LBMA Transfer Notice***

- (i) Each Noteholder shall, on or before 4:00 pm (London time) on the date falling 5 Conversion Rate Business Days or Underlying Currency Pair Business Days (as applicable) before the relevant Interest Payment Date, the Maturity Date or date of early redemption of the Notes (as applicable) (or such earlier date as the Issuer shall determine is necessary for the Issuer, the Paying Agents, the relevant Clearing System to perform their respective obligations hereunder and notify to the Paying Agents and the Noteholders accordingly) send to the relevant Clearing System, in accordance with its then applicable operating procedures, and copied to the Principal Paying Agent, an irrevocable notice (an "**LBMA Transfer Notice**") in the form from time to time approved by the Issuer, which must:
- (A) specify the name and address of the Noteholder;
 - (B) specify the number of Notes in respect of which he is the Noteholder;
 - (C) specify the number of the Noteholder's account at the relevant Clearing System, to be debited with such Notes;
 - (D) irrevocably instruct and authorise the relevant Clearing System, (1) to debit the Noteholder's account with such Notes on the relevant Interest Payment Date, the Maturity Date or the relevant early redemption date of the Notes (as applicable) and (2) that no further transfers of the Notes specified in the LBMA Transfer Notice may be made;
 - (E) contain a representation and warranty from the Noteholder to the effect that the Notes to which the LBMA Transfer Notice relates are free from all liens, charges, encumbrances and other third party rights;
 - (F) specify the number and account name of the account in London with a member of the LBMA where the relevant amount of interest, Final Redemption Amount, Early Redemption Amount and/or any other amount in respect of the Notes shall be credited;
 - (G) contain an irrevocable undertaking to pay the Transfer Expenses (if any) and an irrevocable instruction to the relevant Clearing System, to debit on or after the relevant Interest Payment Date, the Maturity Date or the relevant early redemption date of the Notes (as applicable) the cash or other account of the Noteholder with the relevant Clearing System, specified in the LBMA Transfer Notice with such Transfer Expenses; and
 - (H) authorise the production of the LBMA Transfer Notice in any applicable administrative or legal proceedings.
- (ii) An LBMA Transfer Notice, once delivered to the relevant Clearing System, shall be irrevocable and may not be withdrawn without the consent in writing of the Issuer. A Noteholder may not transfer any Note which is the subject of an LBMA Transfer Notice following delivery of such LBMA Transfer Notice to the relevant Clearing System. A LBMA Transfer Notice shall only be valid to the extent that the relevant Clearing System have not received conflicting prior instructions in respect of the Notes which are the subject of the LBMA Transfer Notice.
- (iii) Failure properly to complete and deliver a LBMA Transfer Notice may result in such notice being treated as null and void with the consequence set out in subparagraph (C) below. Any determination as to whether such notice has been

properly completed and delivered as provided shall be made by the relevant Clearing System, after consultation with the Principal Paying Agent and shall be conclusive and binding on the Issuer and the Noteholder.

- (iv) The Principal Paying Agent shall promptly on the local banking day following receipt of a LBMA Transfer Notice send a copy thereof to the Issuer or such person as the Issuer may previously have specified.

B. *Delivery obligation*

Subject to the other provisions of this Condition 9(h) (*Payments – LBMA Physical Settlement*), if the LBMA Physical Settlement provisions are specified in the relevant Final Terms as being applicable, the Issuer shall discharge its obligation to deliver the relevant amount of interest, Final Redemption Amount, Early Redemption Amount and/or any other amount in respect of the Notes by crediting, or procuring the credit of, the same on the relevant Interest Payment Date, the Maturity Date or the date of early redemption of the Notes (as applicable) to the account in London with a member of the LBMA specified in the LBMA Transfer Notice of the relevant Noteholder.

C. *LBMA Physical Settlement Fallback Redemption Amount*

In the event that any Noteholder fails to deliver a valid LBMA Transfer Notice by 4:00 pm on the day falling 5 Conversion Rate Business Days or Underlying Currency Pair Business Days (as applicable) before the relevant Interest Payment Date, the Maturity Date or the date of early redemption of the Notes (as applicable) (or such earlier date as the Issuer shall determine is necessary for the Issuer, the Paying Agents, the relevant Clearing System to perform their respective obligations hereunder and notify to the Paying Agents and the Noteholders accordingly), the Calculation Agent shall determine the LBMA Physical Settlement Fallback Redemption Amount and the Issuer shall pay the LBMA Physical Settlement Fallback Redemption Amount in respect of each Note held by such Noteholder on the Maturity Date, the relevant Interest Payment Date or date of early redemption of the Notes.

D. *Disruption*

(i) *LBMA Physical Settlement Market Disruption Event*

If a LBMA Physical Settlement Market Disruption Event occurs or exists on any date on which the Conversion Rate or Underlying Currency Pair Exchange Rate (as applicable) is to be determined, the Conversion Rate or Underlying Currency Pair Exchange Rate (as applicable) shall be the rate determined by the Calculation Agent taking into consideration the latest available Conversion Rate or Underlying Currency Pair Exchange Rate (as applicable) as of a date on which no LBMA Physical Settlement Market Disruption Event occurred or existed and any other information which the Calculation Agent considers relevant.

(ii) *Settlement Disruption of LBMA Physical Settlement*

The Calculation Agent shall determine whether or not at any time a LBMA Physical Settlement Disruption Event has occurred and where it determines such an event has occurred and has prevented any delivery on the original day that but for such LBMA Physical Settlement Disruption Event would have been the relevant Interest Payment Date, the Maturity Date or the date of early redemption of the Notes (as applicable), then such date will be the first succeeding day on which the relevant delivery can take place unless a LBMA Physical Settlement Disruption Event prevents settlement on each of the ten (10) Business Days immediately following the original date that, but for the LBMA Physical Settlement

Disruption Event, would have been the relevant Interest Payment Date, the Maturity Date or the date of early redemption of the Notes (as applicable). In that case, (a) if the relevant delivery can be effected in any other commercially reasonable manner, then the relevant Interest Payment Date, the Maturity Date or the date of early redemption of the Notes (as applicable) will be that tenth (10th) Business Day with delivery being effected in such manner, and (b) if such delivery cannot be effected in any other commercially reasonable manner, then the relevant Interest Payment Date, the Maturity Date or the date of early redemption of the Notes (as applicable) will be postponed until delivery can be effected in another commercially reasonable manner.

(i) **Conversion**

If Conversion provisions are specified as being applicable in the relevant Final Terms in relation to any specified amount payable in respect of the Notes, the relevant amount payable in respect of the Notes will be determined in accordance with the relevant Conversion provisions specified in the relevant Final Terms. Notwithstanding anything contained in these Conditions or the relevant Final Terms, the currency of payment in respect of such amount shall be as determined in accordance with such Conversion provisions, such currency shall be deemed to be the Settlement Currency in respect of such payment and the "Settlement Currency Jurisdiction" specified in the relevant Final Terms shall be deemed to be modified accordingly in relation to such amount.

10. **Redenomination**

(a) **General**

Where redenomination is specified in the relevant Final Terms as being applicable, and in respect of Notes denominated in a National Currency Unit (as defined in Condition 1 (*Definitions*)), the Issuer may, without the consent of the Noteholders, upon giving at least 30 days' prior notice to the Noteholders in accordance with Condition 14 (*Notices*), designate a Redenomination Date.

With effect from the Redenomination Date:

- (i) each Note shall (unless already so provided by mandatory provisions of applicable law) be deemed to be redenominated into such amount of euro in the denomination of euro 0.01 with a principal amount for each Note equal to the principal amount of that Note in the Settlement Currency, converted into euro at the rate for the conversion of the relevant Settlement Currency into euro established by the Council of the European Union pursuant to the Treaty (including compliance with rules relating to rounding in accordance with EC regulations); **provided, however, that** if the Issuer determines that market practice in respect of the redenomination into euro 0.01 of internationally offered securities is different from that specified above, then the Issuer shall promptly notify the Noteholders, each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of the changes that will be required so as to comply with such market practice and such changes shall be deemed to be effective on the date which is 5 days following the date on which such notice is given to the Noteholders;
- (ii) if Notes are in definitive form:
 - (A) all unmatured Coupons denominated in the relevant Settlement Currency (whether or not attached to the Notes) will become void with effect from the date (the "**Euro Exchange Date**") on which the Issuer gives notice (the "**Euro Exchange Notice**") to the Noteholders that replacement Notes and Coupons denominated in euro are available for exchange

(provided that such Notes and Coupons are available) and no payments will be made in respect thereof;

- (B) the payment obligations contained in all Notes denominated in the Settlement Currency will become void on the Euro Exchange Date but all other obligations of the Issuer thereunder (including the obligation to exchange such Notes in accordance with this Condition 10(a)(ii) (*Redenomination – General*)) shall remain in full force and effect; and
 - (C) new Notes and Coupons denominated in euro will be issued in exchange for Notes and Coupons denominated in the relevant Settlement Currency in such manner as the Issuer may specify and as shall be notified to the Noteholders in the Euro Exchange Notice;
- (iii) all payments in respect of the Notes (other than, unless the Redenomination Date is on or after such date as the relevant Settlement Currency ceases to be a sub-division of the euro, payments of interest in respect of periods commencing before the Redenomination Date) will be made solely in euro, as though references in the Notes to the Settlement Currency were to euro. Such payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) maintained by the payee with a bank in the principal financial centre of any member state of the European Union; and
 - (iv) such other changes will be made to the terms and conditions of the Notes as the Issuer may decide to conform such Notes to conventions then applicable to Notes denominated in euro. Any such other changes will not take effect until after it has been notified to the Noteholders in accordance with Condition 14 (*Notices*).

Neither the Issuer nor any Paying Agent will be liable to any Noteholder or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of euro or any currency conversion or rounding effected in connection therewith.

(b) ***Interest***

Following redenomination of the Notes pursuant to 10(a) (*Redenomination – General*):

- (i) where Notes are in definitive form, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate principal amount of the Notes presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (ii) in respect of Fixed Rate Notes where interest is payable annually, any interest required to be calculated for a period of less than one year in respect of the Notes shall be calculated on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed fall in a leap year, the sum of (a) the number of those days falling in a leap year divided by 366 and (b) the number of those days falling in a non-leap year divided by 365); **provided, however, that** if the Issuer determines that the market practice in respect of internationally offered euro denominated securities is different from that specified above, then the Issuer shall promptly notify the Noteholders, and each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of the changes that will be required so as to comply with such market practice and such changes shall be deemed to be effective on the date which is 5 days following the date on which such notice is given to the Noteholders;
- (iii) in respect of Fixed Rate Notes where interest is payable quarterly or semi-annually, the amount of interest payable in respect of each Note on any Interest Payment Date shall be calculated by applying the Rate of Interest to the

principal amount of such Note, dividing the product by four or two (as the case may be) and rounding the figure down to the nearest euro 0.01. If interest is required to be calculated for any other period, it shall be calculated on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed fall in a leap year, the sum of (a) the number of those days falling in a leap year divided by 366 and (b) the number of those days falling in a non-leap year divided by 365); **provided, however, that** if the Issuer determines that the market practice in respect of internationally offered euro denominated securities is different from that specified above, then the Issuer shall promptly notify the Noteholders, and each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of the changes that will be required so as to comply with such market practice and such changes shall be deemed to be effective on the date which is 5 days following the date on which such notice is given to the Noteholders;

- (iv) in respect of Floating Rate Notes, the Interest Amount payable in respect of the Notes for each Interest Period will be calculated by applying the Rate of Interest for such Interest Period to the principal amount of such Note during the Interest Period, multiplying the product by the actual number of days in such Interest Period divided by 360 and rounding the resulting figure down to the nearest euro 0.01; and
- (v) in respect of Floating Rate Notes, the Rate of Interest for any subsequent Interest Period shall be determined by the Calculation Agent on the basis of provisions which it determines reflect the market practice in respect of internationally offered euro denominated securities.

11. **Events of Default**

If any one or more of the following events (each an "**Event of Default**") shall occur and be continuing in relation to a Series of Notes:

- (a) there is a default for more than 14 days in the repayment of any principal due on the Notes of such Series or any of them or in the payment of any interest due in respect of the Notes of such Series or any of them, **provided that** it shall not be such a default to withhold or refuse any such payment (1) in order to comply with any fiscal or other law or regulation or with the order of any court of competent jurisdiction, in each case applicable to such payment or (2) in cases of doubt as to the validity or applicability of any such law, regulation or order, in accordance with advice given at any time during the said period of 14 days by independent legal advisers acceptable to the Principal Paying Agent as to such validity or applicability; or
- (b) an order is made or an effective resolution is passed for the winding up of the Issuer in England (otherwise than in connection with a scheme of reconstruction or amalgamation the terms of which shall previously have been approved in writing by an Extraordinary Resolution of the Holders of the relevant Series of Notes),

then any Noteholder may, by written notice to the Issuer, effective upon the date of receipt thereof by the Issuer (such date the "**Early Redemption Date**"), declare the Note held by the Holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at the Early Redemption Amount, as specified in the relevant Final Terms, together with interest accrued and unpaid until the date of its redemption, without presentment, demand, protest or other notice of any kind.

12. **Prescription**

Notes and Coupons will become void unless presented for payment within a period of 10 years and five years, respectively, from the Relevant Date (as defined in Condition 8 (*Taxation*)) in respect thereof. Any monies paid by the Issuer to the Principal Paying Agent for the payment of the principal or interest in respect of any Notes or Coupons and remaining unclaimed when such Notes

or Coupons become void will then revert to the Issuer and all liability of the Principal Paying Agent with respect thereto will thereupon cease.

There shall not be included in any Coupon sheet issued in exchange for a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 12 (*Prescription*) or Condition 9 (*Payments*).

13. **Replacement, Exchange and Transfer**

Should any Note or Coupon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office (in the case of a Bearer Note or Coupon) of the Issue Agent or (in the case of Registered Notes) of the Registrar or of the Transfer Agent upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

Upon the terms and subject to the conditions set out in the Issuing and Paying Agency Agreement and the relevant Final Terms, a Registered Note may be exchanged for a Registered Note or Notes of equal aggregate principal amount in such different authorised denominations as may be requested by the Noteholder by surrender of such Registered Note at the specified office of the Registrar or of the Transfer Agent, together with a written request for the exchange.

Upon the terms and subject to the conditions set out in the Issuing and Paying Agency Agreement, a Registered Note, in definitive form, may be transferred in whole or in part only (**provided that** such part is, or is an appropriate multiple of, the minimum denomination set out in the Final Terms) by the Holder or Holders surrendering the Registered Note for registration of transfer at the specified office of the Registrar or the Transfer Agent, duly endorsed by, or accompanied by a written instrument to transfer in form satisfactory to the Issuer and the Registrar or the Transfer Agent, duly executed by the Holder or Holders thereof or his or their attorney duly authorised in writing. A new Registered Note will be issued to the transferee and, in the case of a transfer of part only of a Registered Note, a new Registered Note in respect of the balance not transferred will be issued to the transferor.

If so set out in the relevant Final Terms, the Holder of Bearer Notes may exchange the same for the same aggregate principal amount of Registered Notes upon the terms and subject to the conditions set forth in the Issuing and Paying Agency Agreement. In order to exchange a Bearer Note for a Registered Note, the Holder thereof shall surrender such Bearer Note at the specified office outside the United States of the Principal Paying Agent or of the Registrar or the Transfer Agent, together with a written request for the exchange. Each Bearer Note so surrendered must be accompanied by all unmatured Coupons appertaining thereto other than the Coupon in respect of the next payment of interest falling due after the exchange date (as defined below) where the exchange date would, but for the provisions of this paragraph, occur between the Record Date (as defined in Condition 9(b) (*Payments – Registered Notes*)) for such payment of interest and the date on which such payment of interest falls due.

Each new Registered Note to be issued upon the transfer of a Registered Note or the exchange of a Bearer Note for a Registered Note will, within three Relevant Banking Days of the transfer date or, as the case may be, the exchange date be available for delivery at the specified office of the Registrar or the Transfer Agent, or, at the option of the Holder requesting such exchange or transfer be mailed (by uninsured post at the risk of the Holder(s) entitled thereto) to such address(es) as may be specified by such Holder.

The costs and expenses of effecting any exchange or registration of transfer pursuant to the foregoing provisions, except for the expenses of delivery by other than regular mail or insurance charges that may be imposed in relation hereto, shall be borne by the Issuer.

The Registrar or the Transfer Agent, as the case may be, shall not be required to register the transfer or exchange of Registered Notes for a period of 15 days preceding the due date for any payment of principal or interest in respect of such Notes.

14. **Notices**

(a) ***Notices to Noteholders***

All notices to the Holders of Notes or the Coupons appertaining thereto will be valid: (i) if published, in the case of Bearer Notes and Coupons, in one leading daily newspaper with circulation in London (which is expected to be the *Financial Times* or, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe); and (ii) in the case of Registered Notes, if mailed to their registered addresses (as advised by the Registrar) or to that of the first named of them in the case of joint Holders; **provided that**, in each case, in the case of Notes admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system the rules of such listing authority, stock exchange and/or quotation system by which the Notes have then been admitted to listing, trading and/or quotation have been complied with. Any such notice shall be deemed to have been given on the date of such publication or delivery or, if published more than once, on the date of the first such publication (or, if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers).

Holders of any Coupons appertaining to Bearer Notes will be deemed for all purposes to have notice of the contents of any notice given to the Holders of such Bearer Notes in accordance herewith.

(b) ***Notices from Noteholders***

15A. ***Consequences of a Benchmark Trigger Event***

The following provisions of this Condition 15A (Consequences of a Benchmark Trigger Event) apply to Notes (other than Alternative General Conditions Notes).

- (a) This Condition 15A (*Consequences of a Benchmark Trigger Event*) shall apply except that where Condition 5(e) (*Floating Rate Note, Index Linked Interest Note and other variable-linked interest Note Provisions – Screen Rate Determination for Floating Rate Notes referencing SONIA, SOFR, €STR and SORA*) is applicable and "SOFR" is specified as the Reference Rate in the relevant Final Terms, this Condition 15A (*Consequences of a Benchmark Trigger Event*) shall not apply in relation to SOFR as the Reference Rate.

- (b) If the Issuer determines that a Benchmark Trigger Event has occurred in relation to a Relevant Benchmark relating to a Series of Notes, then:
- (i) if an Alternative Pre-nominated Index has been specified in relation to such Relevant Benchmark in the relevant Final Terms:
 - (A) unless the Issuer determines that replacing the Relevant Benchmark with the Alternative Pre-nominated Index would not produce a commercially reasonable result, references to such Relevant Benchmark shall be deemed to be replaced with references to the Alternative Pre-nominated Index with effect from the Benchmark Trigger Event Determination Date; and
 - (B) the Issuer shall make such other adjustments to the Conditions as it determines are necessary to account for the effect on the Notes of referencing the Alternative Pre-nominated Index in place of such Relevant Benchmark including, without limitation, to any variable, margin, calculation methodology, valuation, settlement, payment terms or any other terms of the Notes; and
 - (ii) if an Alternative Pre-nominated Index has not been specified in relation to such Relevant Benchmark in the relevant Final Terms or the Issuer determines that replacing the Relevant Benchmark with the Alternative Pre-nominated Index would not produce a commercially reasonable result, the Issuer shall do any of the following:
 - (A) determine that references to such Relevant Benchmark shall be deemed to be replaced by references to such index, benchmark or price source as the Issuer determines would have the effect of placing the Issuer in an economically equivalent position to that which it would have been in had the Benchmark Trigger Event not occurred (the "**Replacement Index**") (and in making such determination the Issuer shall be entitled to take into account such facts and circumstances as it considers relevant including, without limitation, (i) any index, benchmark or other price source which measures the same market or economic reality as the Relevant Benchmark and which is formally designated, nominated or recommended by the administrator or sponsor of the Relevant Benchmark or (ii) any index, benchmark or other price source which is formally designated, nominated or recommended by any Relevant Nominating Body, in each case to replace the Relevant Benchmark), in which case:
 - (1) references to such Relevant Benchmark shall be deemed to be replaced with references to such Replacement Index with effect from the Benchmark Trigger Event Determination Date; and
 - (2) the Issuer shall make such other adjustments to the Conditions as it determines are necessary to account for the effect on the Notes of referencing the Replacement Index in place of such Relevant Benchmark including, without limitation, to any variable, margin, calculation methodology, valuation, settlement, payment terms or any other terms of the Notes; or
 - (B) follow the steps for determining the relevant rate or level set out in the Relevant Reference Asset Fallback Provisions (if any); or
 - (C) determine that the Notes shall be redeemed, in which case the Issuer shall redeem the Notes at the Early Redemption Amount specified in the relevant Final Terms on the date selected by the Issuer and give notice of such redemption to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 14 (*Notices*);

provided, however, that if (1) it is or would be unlawful at any time under applicable law or regulation or (2) it would contravene any applicable licensing requirements, in each case, for any of the above provisions or determinations to apply to the Notes, then such provision shall not apply and the Issuer shall not make such determination (as the case may be) and the Issuer shall instead take any of the above actions that complies with the applicable law, regulation or licensing requirements.

- (c) If the Issuer is not able to determine the Relevant Benchmark in accordance with the provisions of this Condition 15A (*Consequences of a Benchmark Trigger Event*) on any Relevant Benchmark Determination Date, then the Relevant Benchmark Determination Date shall be postponed to such date as it is able to make such determination and any Relevant Benchmark Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of days as may be specified in the applicable Final Terms) following the postponed Relevant Benchmark Determination Date.
- (d) Unless Interest Adjustment is specified in the relevant Final Terms as being applicable, no further payment on account of interest or otherwise shall be due in respect of any payment postponed pursuant to this Condition 15A (*Consequences of a Benchmark Trigger Event*) (so that, for the avoidance of doubt, any interest payable in respect of the Notes on a Relevant Benchmark Related Payment Date which is so postponed shall be calculated as if such Relevant Benchmark Related Payment Date had not been postponed pursuant to this Condition 15A (*Consequences of a Benchmark Trigger Event*)) unless, in the case of a Fixed Rate Note, a Floating Rate Note or a Zero Coupon Note, there is a subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in Condition 4 (*Fixed Rate Note Provisions*), 5 (*Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions and other variable-linked interest Note Provisions*) or 6 (*Zero Coupon Notes*), as appropriate.
- (e) The Issuer shall promptly following the determination of any replacement for a Relevant Benchmark pursuant to paragraph (b)(i)(A) or (b)(ii)(A) above give notice thereof and of any changes pursuant to paragraph (b)(i)(B) or (b)(ii)(A)(2) above (as applicable) to the Principal Paying Agent, the Calculation Agent and the Noteholders (in accordance with Condition 14 (*Notices*)).
- (f) Without prejudice, in the case of any Index-Linked Notes, to Condition 21(f)(ii) (*Additional Provisions relating to Equity Linked Notes and Index Linked Notes – Adjustments to Indices – Index Modification*), if the definition, methodology or formula for a Relevant Benchmark in respect of a Series of Notes, or other means of calculating the Relevant Benchmark in respect of a Series of Notes, is changed, then references to such Relevant Benchmark shall be to such Relevant Benchmark as so changed.
- (g) In making any determination under this Condition 15A (*Consequences of a Benchmark Trigger Event*), the Issuer shall take account of such facts and circumstances as it considers relevant, including, without limitation, prevailing market practice, any determinations made in respect of any of the Issuer's hedging arrangements in relation to the Notes (including, without limitation, in respect of any termination or re-establishment of hedging arrangements), and the Issuer's funding costs. Except to the extent the such exclusion is prohibited by law, in the absence of fraud or gross negligence on the part of the Issuer, no liability will attach to the Issuer in connection with any determination made by the Issuer pursuant to this Clause 15A (*Consequences of a Benchmark Trigger Event*).

The following provisions of this Condition 15A (Consequences of a Benchmark Trigger Event) apply to Alternative General Conditions Notes only.

- (a) This Condition 15A (*Consequences of a Benchmark Trigger Event*) shall apply except that where Condition 5(e) (*Floating Rate Note, Index Linked Interest Note and other variable-linked interest Note Provisions – Non-indexed Overnight Rate Determination*) is applicable and "SOFR" is specified as the Reference Rate in the relevant Final Terms, this

Condition 15A (*Consequences of a Benchmark Trigger Event*) shall not apply in relation to SOFR as the Reference Rate.

- (b) If the Issuer determines that a Benchmark Trigger Event has occurred in relation to a Relevant Benchmark relating to a Series of Notes, then:
- (i) if an Alternative Pre-nominated Index has been specified in relation to such Relevant Benchmark in the relevant Final Terms:
- (A) unless the Issuer determines that replacing the Relevant Benchmark with the Alternative Pre-nominated Index would not produce a commercially reasonable result, references to such Relevant Benchmark shall be deemed to be replaced with references to the Alternative Pre-nominated Index with effect from the Benchmark Trigger Event Determination Date; and
- (B) the Issuer shall make such other adjustments to the Conditions as it determines are necessary to account for the effect on the Notes of referencing the Alternative Pre-nominated Index in place of such Relevant Benchmark including, without limitation, to any variable, margin, calculation methodology, valuation, settlement, payment terms or any other terms of the Notes; and
- (ii) if an Alternative Pre-nominated Index has not been specified in relation to such Relevant Benchmark in the relevant Final Terms or the Issuer determines that replacing the Relevant Benchmark with the Alternative Pre-nominated Index would not produce a commercially reasonable result, the Issuer shall do any of the following:
- (A) determine that references to such Relevant Benchmark shall be deemed to be replaced by references to such index, benchmark or price source as the Issuer determines would have the effect of placing the Issuer in an economically equivalent position to that which it would have been in had the Benchmark Trigger Event not occurred (the "**Replacement Index**") (and in making such determination the Issuer shall be entitled to take into account such facts and circumstances as it considers relevant including, without limitation, (i) any index, benchmark or other price source which measures the same market or economic reality as the Relevant Benchmark and which is formally designated, nominated or recommended by the administrator or sponsor of the Relevant Benchmark or (ii) any index, benchmark or other price source which is formally designated, nominated or recommended by any Relevant Nominating Body, in each case to replace the Relevant Benchmark), in which case:
- (1) references to such Relevant Benchmark shall be deemed to be replaced with references to such Replacement Index with effect from the Benchmark Trigger Event Determination Date; and
- (2) the Issuer shall make such other adjustments to the Conditions as it determines are necessary to account for the effect on the Notes of referencing the Replacement Index in place of such Relevant Benchmark including, without limitation, to any variable, margin, calculation methodology, valuation, settlement, payment terms or any other terms of the Notes; or
- (B) follow the steps for determining the relevant rate or level set out in the Relevant Reference Asset Fallback Provisions (if any); or
- (C) determine that the Notes shall be redeemed, in which case the Issuer shall redeem the Notes at the Early Redemption Amount specified in the

relevant Final Terms on the date selected by the Issuer and give notice of such redemption to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 14 (*Notices*);

provided, however, that if (A)(1) it is or would be unlawful at any time under applicable law or regulation or (2) it would contravene any applicable licensing requirements, in each case, for any of the above provisions or determinations to apply to the Notes, then such provision shall not apply and the Issuer shall not make such determination (as the case may be) and the Issuer shall instead take any of the above actions that complies with the applicable law, regulation or licensing requirements and (B) the Issuer will, notwithstanding any other provision of this Condition, make any determination and exercise any discretion as to whether the Alternative Pre-Nominated Index is to be used following such Benchmark Trigger Event or which Replacement Index is to be used, and which adjustments are to be made to the Conditions following such replacement, in such manner as to put the Issuer and the Noteholder in substantially the same economic position as prior to the occurrence of the Benchmark Trigger Event, in each case without prejudice to the right of the Issuer to redeem the Notes in accordance with this Condition.

- (c) If the Issuer is not able to determine the Relevant Benchmark in accordance with the provisions of this Condition 15A (*Consequences of a Benchmark Trigger Event*) on any Relevant Benchmark Determination Date, then the Relevant Benchmark Determination Date shall be postponed to such date as it is able to make such determination and any Relevant Benchmark Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of days as may be specified in the applicable Final Terms) following the postponed Relevant Benchmark Determination Date.
- (d) Unless Interest Adjustment is specified in the relevant Final Terms as being applicable, no further payment on account of interest or otherwise shall be due in respect of any payment postponed pursuant to this Condition 15A (*Consequences of a Benchmark Trigger Event*) (so that, for the avoidance of doubt, any interest payable in respect of the Notes on a Relevant Benchmark Related Payment Date which is so postponed shall be calculated as if such Relevant Benchmark Related Payment Date had not been postponed pursuant to this Condition 15A (*Consequences of a Benchmark Trigger Event*)) unless, in the case of a Fixed Rate Note, a Floating Rate Note or a Zero Coupon Note, there is a subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in Condition 4 (*Fixed Rate Note Provisions*), 5 (*Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions*) or 6 (*Zero Coupon Notes*), as appropriate.
- (e) The Issuer shall promptly following the determination of any replacement for a Relevant Benchmark pursuant to paragraph (b)(i)(A) or (b)(ii)(A) above give notice thereof and of any changes pursuant to paragraph (b)(i)(B) or (b)(ii)(A)(2) above (as applicable) to the Principal Paying Agent, the Calculation Agent and the Noteholders (in accordance with Condition 14 (*Notices*)).
- (f) Without prejudice, in the case of any Index-Linked Notes, to Condition 21(f)(ii) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Adjustments to Indices – Index Modification*), if the definition, methodology or formula for a Relevant Benchmark in respect of a Series of Notes, or other means of calculating the Relevant Benchmark in respect of a Series of Notes, is changed, then references to such Relevant Benchmark shall be to such Relevant Benchmark as so changed.
- (g) In making any determination under this Condition 15A (*Consequences of a Benchmark Trigger Event*), the Issuer shall take account of such facts and circumstances as it considers relevant, including, without limitation, prevailing market practice. Except to the extent the such exclusion is prohibited by law, in the absence of fraud or gross negligence on the part of the Issuer, no liability will attach to the Issuer in connection with any determination

made by the Issuer pursuant to this Clause 15A (*Consequences of a Benchmark Trigger Event*).

(b) ***Physical Delivery***

In relation to Equity-Linked Notes which are to be redeemed by the delivery of a Securities Transfer Amount, and subject to the other provisions of these Conditions and the relevant Final Terms:

- (i)
- (A) Each Noteholder shall, on or before the date five calendar days before the Maturity Date or the date of early termination or redemption (or such earlier date as the Issuer shall determine is necessary for the Issuer, the Paying Agents, the relevant Clearing System to perform their respective obligations in relation to the Notes and notify to the Paying Agents and the Noteholders) send to the relevant Clearing System, in accordance with its then applicable operating procedures, and copied to the Principal Paying Agent, a duly completed Transfer Notice.
 - (B) A Transfer Notice, once delivered to the relevant Clearing System, shall be irrevocable and may not be withdrawn without the consent in writing of the Issuer. A Noteholder may not transfer any Note which is the subject of a Transfer Notice following delivery of such Transfer Notice to the relevant Clearing System. A Transfer Notice shall only be valid to the extent that the relevant Clearing System have not received conflicting prior instructions in respect of the Notes which are the subject of the Transfer Notice.
 - (C) Failure properly to complete and deliver a Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided shall be made by the Principal Paying Agent and shall be conclusive and binding on the Issuer and the Noteholder.
 - (D) The Principal Paying Agent shall promptly on the local banking day following receipt of a Transfer Notice send a copy thereof to the Issuer or such person as the Issuer may previously have specified.
 - (E) Delivery of the Securities will be via the relevant Clearing System. The delivery or transfer of Securities to each Noteholder is at the relevant Noteholder's risk and if delivery occurs later than the earliest possible date for delivery, no additional amounts will be payable by the Issuer.
 - (F) The Issuer shall discharge its obligation to redeem the relevant proportion of the Notes by delivering, or procuring the delivery of, the Securities Transfer Amount on the Settlement Date to the Clearing System for credit to the account with the Clearing System specified in the Transfer Notice of the relevant Noteholder.
 - (G) The amount of Securities to be delivered to or for the account of each Noteholder shall be an amount of Securities equal to the number of Notes in respect of which such Noteholder is the holder as specified in the relevant Transfer Notice multiplied by the Securities Transfer Amount **provided, however, that** if a Noteholder would become entitled to a number of Securities which is not equal to a board lot of the Securities at such time, as determined by the Calculation Agent, or an integral multiple thereof, then the Noteholder's entitlement to delivery of Securities shall be rounded down to the nearest whole Security.
 - (H) In relation to each Noteholder, the Calculation Agent shall calculate the Residual Amount and the Residual Cash Amount. The Residual Cash

Amount shall be paid by the Issuer to the relevant Noteholder on the Settlement Date.

- (I) Each Noteholder shall be required as a condition of its entitlement to delivery of Securities in respect of any Notes to pay all Transfer Expenses in respect of such Notes.
- (J) After delivery to or for the account of a Noteholder of the relevant Securities Transfer Amount and for such period of time as the transferor or its agent or nominee shall continue to be registered in any clearing system as the owner of the Securities comprised in such Securities Transfer Amount (the "**Intervening Period**"), none of such transferor or any agent or nominee for the Issuer or such transferor shall (i) be under any obligation to deliver to such Noteholder or any other person any letter, certificate, notice, circular, dividend or any other document or payment whatsoever received by the Issuer or such transferor, agent or nominee in its capacity as holder of such Securities, (ii) be under any obligation to exercise any rights (including voting rights) attaching to such Securities during the Intervening Period, or (iii) be under any liability to such Noteholder or any other person in respect of any loss or damage which the Noteholder or any other person may sustain or suffer as a result, whether directly or indirectly, of the Issuer or such transferor, agent or nominee being registered in such clearing system during such Intervening Period as legal owner of such Securities.
- (K) All dividends on Securities to be delivered will be payable to the party that would receive such dividends according to market practice for a sale of the Securities executed on the Notional Sale Date to be delivered in the same manner as such Securities. Any such dividends will be paid to or for credit to the account specified by the Noteholder in the relevant Transfer Notice. No right to dividends on the Securities will accrue to Noteholders prior to the Notional Sale Date.
- (L) If a properly completed Transfer Notice in respect of any Notes has not been received by the relevant Clearing System by the 10th Business Day following the Maturity Date or date of early termination or redemption (as applicable) (the "**Transfer Notice Cut-off Date**"), then:
 - (1) the Issuer shall be entitled (but not required) to redeem the relevant Notes by payment of an amount equal to the Net Liquidation Proceeds (as defined below);
 - (2) the Issuer shall be entitled (but not required) to treat any Transfer Notice in relation to such Notes received after the Transfer Notice Cut-off Date as being null and void, and any such determination shall be binding on the Noteholder; and
 - (3) if the Issuer elects to redeem the relevant Notes pursuant to subparagraph (1) above, then the Issuer shall pay the Net Liquidation Proceeds in respect of such Notes to the Noteholder no later than 10 Business Days after the Transfer Notice Cut-Off Date.

For these purposes "**Net Liquidation Proceeds**" means, in relation to any Notes, a cash amount equal to the proceeds received by the Issuer or any of its affiliates from the disposal of the Securities Transfer Amount relating to such Notes, net of all costs, expenses, fees and levies incurred by it or any of its affiliates in connection with such disposal (including, without limitation, all brokers' fees, transaction processing fees and all taxes and other duties). For the avoidance of doubt, in the event that the Issuer elects to redeem the Notes by payment of the Net Liquidation

Proceeds, Noteholders will not be entitled to any amounts in addition to the relevant Net Liquidation Proceeds, whether in respect of interest or otherwise.

- (ii) The Calculation Agent shall determine whether or not at any time a Settlement Disruption Event has occurred and where it determines such an event has occurred and so has prevented delivery of Securities on the original day that but for such Settlement Disruption Event would have been the Settlement Date, then the Settlement Date will be the first succeeding day on which delivery of such Securities can take place through the relevant Clearing System unless a Settlement Disruption Event prevents settlement on each of the eight relevant Clearing System Business Days immediately following the original date (or during such other period (the "**Disruption Period**") specified in the relevant Final Terms) that, but for the Settlement Disruption Event, would have been the Settlement Date. In that case, if the Securities are debt securities, the Issuer shall use reasonable efforts to deliver such Securities promptly thereafter acting in good faith and in a commercially reasonable manner (as determined by the Calculation Agent) outside the Clearing System and in all other cases (a) if such Securities can be delivered in any other commercially reasonable manner (as determined by the Calculation Agent), then the Settlement Date will be the first Business Day on which settlement of a sale of Securities executed on that eighth relevant Clearing System Business Day, or during such other period specified in the relevant Final Terms, customarily would take place using such other commercially reasonable manner (as determined by the Calculation Agent) of delivery (which other manner of delivery will be deemed the relevant Clearing System for the purposes of delivery of the relevant Securities), and (b) if such Securities cannot be delivered in any other commercially reasonable manner (as determined by the Calculation Agent), then the Settlement Date will be postponed until delivery can be effected through the relevant Clearing System or in any other commercially reasonable manner.

For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Securities comprised in a basket, the Settlement Date for Securities not affected by the Settlement Disruption Event will be the first day on which settlement of a sale of such Securities executed on the Maturity Date customarily would take place through the relevant Clearing System.

- (iii) If the Calculation Agent determines that a Delivery Disruption Event has occurred, it shall notify the Issuer who shall promptly notify the relevant Noteholder(s) and the Issuer may then:
- (A) determine, in its sole and absolute discretion, that the obligation to deliver the relevant Securities Transfer Amount will be terminated and the Issuer will pay such amount as in the opinion of the Calculation Agent (such opinion to be made in a commercially reasonable manner) is fair in the circumstances by way of compensation for the non-delivery of the Securities Transfer Amount, in which event the entitlements of the respective Noteholder(s) to receive the relevant Securities Transfer Amount shall cease and the Issuer's obligations under the Notes shall be satisfied in full upon payment of such amount; or
- (B) deliver on the Settlement Date such amount of the Securities Transfer Amount (if any) as it can deliver on that date and pay such amount as in the opinion of the Calculation Agent (such opinion to be made in a commercially reasonable manner) is fair in the circumstances by way of compensation for the non-delivery of the remainder of the Securities Transfer Amount, in which event the entitlements of the respective Noteholder(s) to receive the relevant Securities Transfer Amount shall cease and the Issuer's obligations under the Notes shall be satisfied in full upon payment of such amount.

Where this Condition 21(b)(iii) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Physical Delivery*) fails to be applied, insofar as the Calculation Agent determines to be practical, the same shall be applied as between the Noteholders on a *pro rata* basis, but subject to such rounding down (whether of the amount of a payment or of a number of Securities to be delivered) and also to such other adjustments as the Calculation Agent determines to be appropriate to give practical effect to such provisions.

(c) ***Automatic Early Redemption***

This Condition 21(c) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Automatic Early Redemption*) is applicable only if Automatic Early Redemption Event is indicated as applicable in relevant Final Terms.

If on any Automatic Early Redemption Valuation Date, the Automatic Early Redemption Event occurs, then unless previously redeemed or purchased and cancelled, the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date, together with any interest accrued but unpaid thereon to the Automatic Early Redemption Date (unless otherwise specified in the relevant Final Terms) immediately following such Automatic Early Redemption Valuation Date and the Redemption Amount payable by the Issuer on such date upon redemption of each Note shall be an amount in the relevant currency equal to the relevant Automatic Early Redemption Amount.

(d) ***Knock-in and Knock-out Provisions***

This Condition 21(d) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Knock-in and Knock-out Provisions*) is applicable only if "Knock-in Event" or "Knock-out Event" is specified as applicable in the relevant Final Terms. If on a Knock-in Determination Day or Knock-out Determination Day, a Knock-in Event or Knock-out Event (respectively) occurs, then a Knock-in Amount or Knock-out Amount (respectively) becomes payable on the relevant Knock-in Amount Payment Date or Knock-out Amount Payment Date (respectively), all as specified as such in the relevant Final Terms.

(e) ***Consequences of Disrupted Days***

For the purposes of this Condition 21(e) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Consequences of Disrupted Days*), "**Limit Valuation Date**" shall mean, if any Valuation Date in respect of a Note is a Disrupted Day, the Specified Maximum Number of Disrupted Days following such Valuation Date, notwithstanding the fact that such day is a Disrupted Day.

(i) If any Valuation Date is a Disrupted Day, then:

(A) in the case of a Note which relates to a single Security or Index, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, **provided that** the Valuation Date shall not fall after the Limit Valuation Date. In that case:

(1) in respect of an Index-Linked Note, the Limit Valuation Date will be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and the Calculation Agent shall determine the level of the Index as of the Valuation Time on the Limit Valuation Date determined in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Limit Valuation Date of each security or other property comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security or other property on the Limit Valuation Date, its good faith estimate of

the value for the relevant security or other property as of the Valuation Time on the Limit Valuation Date); and

- (2) in respect of an Equity-Linked Note, the Limit Valuation Date shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day and the Calculation Agent shall determine its good faith estimate of the value for the relevant Security as of the Valuation Time on that Limit Valuation Date;
 - (B) in the case of a Note which relates to a basket of Indices and/or Securities, the Valuation Date for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date and the Valuation Date for each Index affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day which is not a Disrupted Day relating to that Index, unless each of the succeeding Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Index. In that case, the Limit Valuation Date shall be deemed to be the Valuation Date for the relevant Index notwithstanding the fact that such day is a Disrupted Day relating to that Index and the Calculation Agent shall determine the level of that Index, as of the Valuation Time on the Limit Valuation Date in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Limit Valuation Date of each security or other property comprised in the relevant Index (or, if an event giving rise to a Disrupted Day has occurred in respect to the relevant security or other property on the Limit Valuation Date, its good faith estimate of the value for the relevant security or other property as of the Valuation Time on the Limit Valuation Date); and
 - (C) in the case of a Note which relates to a basket of Indices and/or Securities, the Valuation Date for each Security not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Security affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to that Security, unless each of the Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Security. In that case, (1) the Limit Valuation Date shall be deemed to be the Valuation Date for the relevant Security, notwithstanding the fact that such day is a Disrupted Day, and (2) the Calculation Agent shall determine its estimate of the value for that Security as of the Valuation Time on the Limit Valuation Date.
- (ii) If Averaging Dates are specified in the relevant Final Terms, then notwithstanding any other provisions of these Conditions, the following provisions will apply to the valuation of the relevant Index or Security:
- (A) The Final Price or Final Index Level will be, in relation to any Valuation Date:
 - (1) in respect of a Note settled by way of Cash Settlement which relates to a single Security or Index (as the case may be), the arithmetic mean of the Reference Price of the Security or (as the case may be) of the Reference Level of the Index on each Averaging Date;
 - (2) in respect of an Index-Linked Note settled by way of Cash Settlement which relates to a basket of indices, the arithmetic

mean of the amounts for such basket determined by the Calculation Agent as provided in the relevant Final Terms as of the relevant Valuation Time(s) on each Averaging Date or, if no means for determining the Final Index Level is so provided, the arithmetic mean of the amounts for such basket calculated on each Averaging Date as the sum of the Reference Level of each Index comprised in such basket (weighted or adjusted in relation to each Index as provided in the relevant Final Terms); and

- (3) in respect of an Equity-Linked Note settled by way of Cash Settlement which relates to a basket of Securities, the arithmetic mean of the prices for such basket determined by the Calculation Agent as provided in the relevant Final Terms as of the relevant Valuation Time(s) on each Averaging Date or, if no means for determining the Final Price is so provided, the arithmetic mean of the prices for such basket calculated on each Averaging Date as the sum of the values calculated for the Securities of each Underlying Company as the product of (aa) the Reference Price of such Security and (bb) the number of such Securities comprised in such basket (weighted or adjusted in relation to each Security as provided in the relevant Final Terms).

- (B) If any Averaging Date is a Disrupted Day, then, if the consequence specified in the relevant Final Terms in relation to "**Averaging Date Market Disruption**" is:

- (1) "**Omission**", then such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the relevant Final Price or Final Index Level, as applicable, **provided that**, if through the operation of this provision no Averaging Date would occur with respect to the relevant Valuation Date, then Condition 21(e)(i) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Consequences of Disrupted Days*) will apply for purposes of determining the relevant level, price or amount on the final Averaging Date in respect of that Valuation Date as if such final Averaging Date were a Valuation Date that was a Disrupted Day. If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Maturity Date, Automatic Early Redemption Date, Instalment Date, Optional Redemption Date (Call Option), Optional Redemption Date (Put Option) or any other early redemption date in accordance with the Conditions or the relevant Settlement Date, as the case may be, or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date;
- (2) "**Postponement**", then Condition 21(e)(i) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Consequences of Disrupted Days*) will apply for purposes of determining the relevant level, price or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date for the relevant Notes. If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Maturity Date, Instalment Date, Automatic Early Redemption Date, Optional Redemption Date (Call Option), Optional Redemption

Date (Put Option) or any other early redemption date in accordance with the Conditions or the relevant Settlement Date, as the case may be, or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date; or

(3) "**Modified Postponement**", then:

(aa) in the case of a Note which relates to a single Index or Security, the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the Limit Valuation Date (as defined below) immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date (the "**Scheduled Final Averaging Date**") in relation to the relevant Scheduled Valuation Date, then the Limit Valuation Date shall be deemed to be the Averaging Date, notwithstanding the fact that such day is a Disrupted Day (irrespective of whether that Limit Valuation Date is already an Averaging Date) and:

(i) in respect of an Index-Linked Note, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 21(e)(i)(A)(1) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Consequences of Disrupted Days*); and

(ii) in respect of an Equity-Linked Note, the Calculation Agent shall determine the relevant price for that Averaging Date in accordance with Condition 21(e)(i)(A)(2) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Consequences of Disrupted Days*); and

(bb) in the case of a Note which relates to a basket of Indices and/or Securities, the Averaging Date for each Index or Security not affected by the occurrence of a Disrupted Day shall be the day specified in the relevant Final Terms as an Averaging Date in relation to the relevant Valuation Date (the "**Scheduled Averaging Date**") and the Averaging Date for an Index or Security affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date in relation to such Index or Security. If the first succeeding Valid Date in relation to such Index or Security has not occurred as of the Valuation Time on the Limit Valuation Date immediately following the Scheduled Final Averaging Date, then the Limit Valuation Date shall be deemed to be the Averaging Date (irrespective of whether that Limit Valuation Date is already an Averaging Date) and:

(i) in respect of an Index, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition

21(e)(i)(B) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Consequences of Disrupted Days*); and

- (ii) in respect of a Security, the Calculation Agent shall determine the relevant amount for that Averaging Date in accordance with Condition 21(e)(i)(C) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Consequences of Disrupted Days*).

If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Maturity Date, Automatic Early Redemption Date, Instalment Date, an Optional Redemption Date (Call Option), an Optional Redemption Date (Put Option) or other early redemption date or Settlement Date, as the case may be, or (ii) the occurrence of an Extraordinary Event or Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date.

For the purposes of this Condition 21(e)(ii)(B)(3) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Consequences of Disrupted Days*) only, "**Limit Valuation Date**" shall mean, if any Averaging Date in respect of a Note is a Disrupted Day, the specified Maximum Number of Disrupted Days following such Averaging Date, notwithstanding the fact that such day is a Disrupted Day.

If a Valuation Date is postponed (x) pursuant to this Condition 21(e) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Consequences of Disrupted Days*) and/or (y) as a result of it not being a Scheduled Trading Day, the Scheduled FX Fixing Date falling on or immediately following the Scheduled Valuation Date may, in the Calculation Agent's discretion (i) be postponed such that the Scheduled FX Fixing Date will be deemed to occur the number of days following such postponed Valuation Date as the Scheduled FX Fixing Date would have occurred following the Scheduled Valuation Date had it not been for the postponement pursuant to this Condition 21(e) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Consequences of Disrupted Days*) or as a result of a non-Scheduled Trading Day or (ii) if the Scheduled Valuation Date and Scheduled FX Fixing Date are the same date, be postponed to such postponed Valuation Date, provided, in each case, that if the postponed Scheduled FX Fixing Date would, as a result of this paragraph, occur on a day which is not a Relevant Currency Business Day, it will be postponed to the immediately following Relevant Currency Business Day. In respect of a Note which relates to a basket of Indices and/or Securities, the postponed Valuation Date referred to in this paragraph will be deemed to be, in respect of a Scheduled Valuation Date, the latest postponed Valuation Date occurring in respect of such Scheduled Valuation Date.

If a Valuation Date is postponed (x) in accordance with this Condition 21(e) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Consequences of Disrupted Days*) and/or (y) as a result of it not being a Scheduled Trading Day, any Disrupted Day Related Payment Date will also be postponed, if needed, such that the Disrupted Day Related Payment Date shall fall at least three (3) local banking days (or such other number of local banking days as may be specified in the Final Terms) following the later of (i) the postponed Valuation Date or, if later, the Limit Valuation Date, as applicable and (ii) the postponed Scheduled FX Fixing Date or, if later, the FX Cut-off Date or Postponed FX Fixing Date, as applicable. In respect of a Note which relates to a basket of Indices and/or Securities, the postponed Valuation Date or Limit Valuation Date referred to in this paragraph will be deemed to be, in respect of a Scheduled Valuation

Date, the latest postponed Valuation Date or Limit Valuation Date, as applicable, occurring in respect of such Scheduled Valuation Date.

Unless Interest Adjustment is specified in the relevant Final Terms as being applicable, no further payment on account of interest or otherwise shall be due in respect of any payment postponed pursuant to this Condition 21(e) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Consequences of Disrupted Days*) (so that, for the avoidance of doubt, any interest payable in respect of the Notes on a Disrupted Day Related Payment Date which is so postponed shall be calculated as if such Disrupted Day Related Payment Date had not been postponed pursuant to this Condition 21(e)) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Consequences of Disrupted Days*) unless, in the case of a Fixed Rate Note, a Floating Rate Note or a Zero Coupon Note, there is a subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in Condition 4 (*Fixed Rate Note Provisions*), 5 (*Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions*) or 6 (*Zero Coupon Notes*), as appropriate.

(f) ***Adjustments to Indices***

This Condition 21(f) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Adjustments to Indices*) is applicable only in relation to Index-Linked Notes other than Inflation Rate-Linked Notes in relation to which Condition 21(j) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Adjustments to Indices for Inflation Rate-Linked Notes*) shall apply.

(i) ***Successor Index***

If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor acceptable to the Calculation Agent, or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that Index (the "**Successor Index**") will be deemed to be the Index.

(ii) ***Index Modification***

If on or prior to any Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date, a relevant Index Sponsor announces that it will make a material change in the formula for or the method of calculating that Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation or other routine events) (an "**Index Modification**"), then the Calculation Agent shall determine whether such Index Modification has a material effect on the Notes, and if so, shall make such adjustment(s) (if any) as it determines appropriate to account for the economic effect of the Index Modification and determine the effective date of any such modification or adjustment.

(iii) ***Index Cancellation***

If on or prior to any Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date (A) the Index Sponsor fails to calculate and announce a relevant Index, (B) the Index Sponsor announces that it suspends the calculation and publication of the level of a relevant Index or (C) the Index Sponsor permanently cancels the Index and no Successor Index exists (each an "**Index Cancellation**"), then:

- (1) the Issuer shall as soon as is reasonably practicable after determining the same give notice (an "**Index Cancellation Notice**") of such Index

Cancellation to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 14 (*Notices*);

- (2) if Index Substitution is specified as being applicable in the relevant Final Terms, the Issuer shall (acting in good faith and a commercially reasonable manner), determine whether or not and the date as of which the Index is to be substituted with a Substitute Index and, if it so determines, it shall give an Index Substitution Notice to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 14 (*Notices*) and, with effect from the date so determined, the Substitute Index shall be deemed to be the Index; and
- (3) if no Substitute Index has been identified within ten Business Days of the giving of such Index Cancellation Notice or if Index Substitution has not been specified as being applicable in the relevant Final Terms, the Issuer shall (acting in good faith and a commercially reasonable manner), determine whether or not the relevant Notes shall continue and:
 - (A) if it determines that the Notes shall continue, then the Calculation Agent shall determine the Final Index Level for such Valuation Date, Automatic Early Redemption Valuation Date or the Reference Level for such Averaging Date, as the case may be using, in lieu of a published level of that Index, the level for that Index as at that Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date (as applicable) as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the Index Cancellation, but using only those components that comprised that Index immediately prior to that Index Cancellation; and
 - (B) if it determines that the Notes shall not continue, the Issuer shall redeem the relevant Notes as of the date selected by the Issuer and give notice thereof to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 14 (*Notices*), specifying the early redemption amount and early redemption date, and the entitlements of the relevant Noteholders to receive the Final Redemption Amount (or any other payment to be made by the Issuer, as the case may be) shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Fair Market Value of the Notes immediately prior to such early redemption.

For these purposes:

"Index Substitution Notice" means a notice specifying a Substitute Index to be substituted for the Index and the date as of which such substitution is to take effect; and

"Substitute Index" means a successor index identified by the Calculation Agent using commercially reasonable efforts, with characteristics, objectives and rules similar to the Index in effect immediately prior to the occurrence of the Index Cancellation.

(iv) *Correction of Index Levels*

If the level of an Index published by the Index Sponsor at any time and used or to be used by the Calculation Agent for any calculation or determination under the Notes is subsequently corrected and the correction is published by the Index Sponsor after the original publication, the Calculation Agent will make such adjustment as it determines to be appropriate, if any, to the settlement or payment

terms of the Notes to account for such correction **provided that** if any amount has been paid in an amount which exceeds the amount that would have been payable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable in respect of the Notes and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Issuer shall be entitled to reimbursement of the relevant excess payment (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Noteholder, together with interest on that amount for the period from and including the day on which payment was originally made to (but excluding) the day of payment of reimbursement by the Noteholder (all as calculated by the Calculation Agent). Any such reimbursement shall be effected in such manner as the Issuer shall determine.

(g) *Adjustments and Events affecting Securities*

This Condition 21(g) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Adjustments and Events affecting Securities*) is applicable only in relation to Equity-Linked Notes.

(i) *Potential Adjustment Events*

The Calculation Agent shall determine whether or not at any time a Potential Adjustment Event has occurred and where it determines such an event has occurred, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Securities and, if so, will make such adjustment(s) as it determines to be appropriate, if any, to the formula for the Final Redemption Amount or any amount of interest set out in the relevant Final Terms, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, the number of or type of shares, other securities or other property which may be delivered pursuant to such Notes and/or any other adjustment(s) and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes as the Calculation Agent determines to be appropriate to account for that diluting or concentrative effect and determine the effective date(s) of such adjustment(s). In addition, in relation to China Connect Underlying only, in making such determinations, the Calculation Agent may (but need not) take into account any requirement, adjustment and/or limitation that may be imposed by the China Connect Service or any action or inaction by any one or more of the Exchange, SEHK, CSDCC and HKSCC in relation to such Potential Adjustment Event in respect of Securities held through the China Connect Service.

(ii) *Extraordinary Events*

Following the occurrence of any Extraordinary Event, the Issuer will determine whether or not the relevant Notes shall continue and, if so, determine any adjustments to be made. If the Issuer determines that the relevant Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the formula for the Final Redemption Amount or any amount of interest set out in the relevant Final Terms, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, the number of or type of shares, other securities or other property which may be delivered pursuant to such Notes and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent, acting in a commercially reasonable manner. If the Issuer determines that the relevant Notes shall be redeemed, then the Notes shall be redeemed as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or Final Redemption Amount (or any other payment to be made by the Issuer) as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall

be satisfied in full upon payment of the Fair Market Value of the Notes. In relation to China Connect Underlying only, in making such determinations, the Issuer and/or the Calculation Agent may (but need not) take into account any requirement, adjustment and/or limitation that may be imposed by the China Connect Service or any action or inaction by any one or more of the Exchange, SEHK, CSDCC and HKSCC in relation to such Merger Event or Tender Offer in respect of Securities held through the China Connect Service.

(iii) *Conversion*

In respect of an Equity-Linked Note, following the occurrence of any Conversion, the Issuer will determine whether or not the Notes will continue and, if so, determine any adjustment(s) to be made. If the Issuer determines that the Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate to the formula for the Final Redemption Amount or any amount of interest set out in the relevant Final Terms, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, number of or type of shares, other securities or other property which may be delivered under such Notes and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes and/or any other adjustment and determine the effective date(s) of such adjustment(s). If the Issuer determines that the Notes shall be redeemed, then the Notes shall be redeemed as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or Final Redemption Amount (or any other payment to be made by the Issuer), as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Fair Market Value of the Notes.

(iv) *Correction of Prices*

In the event that any price published or announced on a given day and utilised or to be utilised for the purpose of any calculation or determination under the Notes is subsequently corrected and the correction is published or announced by the Exchange within one Settlement Cycle after the original publication, the Calculation Agent will make such adjustment(s) as it determines to be appropriate, if any, to the amount payable in respect of the Notes and their terms to account for such correction and the Calculation Agent shall determine the effective date(s) of such adjustment(s) **provided that** if any amount has been paid in an amount which exceeds the amount that would have been payable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable in respect of the Notes and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Issuer shall be entitled to reimbursement of the relevant excess payment (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Noteholder, together with interest on that amount for the period from and including the day on which payment was originally made to (but excluding) the day of payment of reimbursement by the Noteholder (all as calculated by the Calculation Agent). Any such reimbursement shall be effected in such manner as the Issuer shall determine.

(h) *Additional Disruption Events*

Following the occurrence of any Additional Disruption Event, the Issuer will determine whether or not the relevant Notes shall continue and, if so, the Calculation Agent shall determine any adjustments to be made. If the Issuer determines that the relevant Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the formula for the Final Redemption Amount or any amount of interest set out in the relevant Final Terms, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, the number of or type of shares, other securities or other property which may be delivered pursuant to such Notes

and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent. If the Issuer determines that the relevant Notes shall be redeemed, then the Notes shall be redeemed as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or Final Redemption Amount (or any other payment to be made by the Issuer), as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Fair Market Value of the Notes.

For the purposes any Series of Notes, "**Additional Disruption Event**" means any event specified as such in the relevant Final Terms, and for such purpose the following terms if so specified shall be deemed to have the following meanings unless otherwise provided in the relevant Final Terms:

- (i) "**Change in Law**" means, in relation to any Notes, on or after the Issue Date, (A) due to the adoption of or any change in any applicable law or regulation (including without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer determines that (x) it will, or there is a substantial likelihood that it will, with the passing of time, or has become illegal for the Issuer or any of its designated affiliates to hold, acquire or dispose of or realise, recover or remit the proceeds of the sale of disposal of, Securities, Component Securities or other components comprised in the Index relating to such Notes or any transaction(s) or asset(s) it deems necessary to hedge the equity price risk or any other relevant price risk including, without limitation, any currency risk, of the Issuer issuing and performing its obligations with respect to the Notes (y) it has become illegal for the Issuer or any of its designated affiliates to hold, acquire, purchase, sell or maintain one or more (i) positions or contracts in respect of any securities, options, futures, derivatives or foreign exchange in relation to such Notes, or in relation to the Issuer's hedging activities in connection with the Notes or in relation to the hedging activities of the Issuer or any of its designated affiliates in connection with the Notes, (ii) stock loan transactions in relation to such Notes or (iii) other instruments or arrangements (howsoever described) held by the Issuer or any of its designated affiliates in order to hedge, individually or on a portfolio basis, such Notes or (z) the Issuer or any of its designated affiliates will incur a materially increased cost in performing its obligations under the Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position);
- (ii) "**China Connect Service Termination**" means, on or after the Trade Date, the announcement by one or more of the China Connect Market, SEHK, the CSDCC, HKSCC or any regulatory authority with competent jurisdiction of a suspension or termination of the China Connect Service or a part thereof for any reason which materially affects the routing of orders in respect of, or holding of, the Securities through the China Connect Service and the Calculation Agent determines that there is a reasonable likelihood that such suspension or termination is not, or will not be, temporary;
- (iii) "**China Connect Share Disqualification**" means, on or after the Trade Date, the Securities cease to be accepted as "China Connect Securities" (as defined in the rules of SEHK) for the purpose of the China Connect Service;
- (iv) "**Failure to Deliver**" means the failure of a party to deliver, when due, the relevant Securities in respect of the Notes, where such failure is due to illiquidity in the market for such Securities;
- (v) "**Insolvency Filing**" means that the issuer of the Securities institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of

its incorporation or organisation or the jurisdiction of its head or home office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such petition, **provided that** proceedings instituted or petitions presented by creditors and not consented to by the issuer of the Securities shall not be deemed an Insolvency Filing;

- (vi) **"Hedging Disruption"** means that the Issuer or any of its designated affiliates is unable or it is or has become not reasonably practicable, or it has otherwise become undesirable, for any reason, for the Issuer wholly or any of its designated affiliates or partially after using commercially reasonable efforts and acting in good faith, to (A) hold, acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary or desirable to hedge the equity or any other price risk (including but not limited to, any currency risk) of entering into and performing the Issuer's obligations in respect of the Notes or (B) realise, recover, receive, transfer or remit the proceeds of any such transaction(s) or asset(s) or (C) without prejudice to (B) above, transfer amounts denominated in the Settlement Currency (1) from accounts inside the Settlement Currency Jurisdiction to accounts outside the Settlement Currency Jurisdiction (2) between accounts inside the Settlement Currency Jurisdiction or (3) to a party that is a non-resident of the Settlement Currency Jurisdiction or (D) without prejudice to (B) and (C) above, convert the Settlement Currency into an Alternative Payment Currency) and, for the avoidance of doubt "using commercially reasonable efforts and acting in good faith" to hedge the risks of the Issuer referred to herein does not include the value of any quota granted to the Issuer or any of its designated affiliates under the Qualified Foreign Institutional Investor ("QFII") or Renminbi Qualified Foreign Institutional Investor ("RQFII") Schemes; and
- (vii) **"Increased Cost of Hedging"** means that the Issuer or any of its designated affiliates would incur materially increased costs (as compared with circumstances existing on the Issue Date), including, without limitation, amount of tax (including any potential tax which the Calculation Agent considers may arise) duty, expense or fee (other than brokerage commissions) to (A) hold, acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge equity or any other price risk (including but not limited to, any currency risk) of entering into and performing the Issuer's obligations in respect of the Notes or (B) realise, recover, receive, transfer or remit the proceeds of any such transaction(s) or asset(s) **provided that** any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer or its designated affiliates, as applicable, shall not be deemed an Increased Cost of Hedging.

(i) ***Adjustments where the Securities are Units in an ETF***

Where the Securities are specified in the relevant Final Terms as being Units in an ETF, in the case of the occurrence at any time on or prior to the Valuation Date of any Extraordinary Event affecting the ETF or the value of the Units, the Calculation Agent may make any adjustment as provided in the preceding provisions of this Condition 21 (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes*) or:

- (i) if the Calculation Agent determines that no adjustment that it could make under the preceding provisions of this Condition 21 (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes*) would produce a commercially reasonable result:
 - (a) the Calculation Agent will use commercially reasonable efforts to identify a new underlying asset with characteristics, investment objectives and policies similar to those in effect for the Affected Units

immediately prior to the occurrence of the relevant Extraordinary Event and any substitution of the new underlying asset for the Affected Units shall be effected at such time and in such manner as determined by the Calculation Agent; and

- (b) if necessary, the Calculation Agent will adjust any relevant terms, including, but not limited to, adjustments to account for changes in volatility, investment strategy or liquidity relevant to the Units or the Notes; or
- (ii) if the Calculation Agent determines that the relevant Notes shall be redeemed, then the Notes shall be redeemed as of the date selected by the Calculation Agent in its discretion and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or Final Redemption Amount any accrued interest, as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Fair Market Value of the Notes.

In this Condition 21(i) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Adjustments where the Securities are Units in an ETF*) "**Affected Unit(s)**" means each Unit subject to an applicable Extraordinary Event.

(j) ***Adjustments to Indices for Inflation Rate-Linked Notes***

With respect to Inflation Rate-linked Notes, the following provisions shall apply in lieu of Condition 21(f) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Adjustments to Indices*):

(A) *Definitions*

In this Condition:

"Base Level" means the level of the Index (excluding any "flash" estimates) published or announced by the Inflation Index Sponsor in respect of the month which is 12 calendar months prior to the month for which the Substitute Index Level is being determined;

"Fallback Bond" means a bond selected by the Calculation Agent and issued by the government or one of the governments (but not any government agency) of the country (or countries) to whose level of inflation the relevant Index relates and which pays a coupon and/or redemption amount which is calculated by reference to the Index, with a maturity date which falls on the same day as the Maturity Date or such other date as the Calculation Agent shall select if there is no such bond maturing on the Maturity Date. If any bond so selected is redeemed, the Calculation Agent will select a new Fallback Bond on the same basis, but selected from all eligible bonds in issue at the time the original Fallback Bond is redeemed (including any bond for which the redeemed bond is exchanged);

"Inflation Index Level" means the level of the Index first published or announced for the relevant Reference Month on the Relevant Screen Page, as determined by the Calculation Agent, subject to this Condition 21(j) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Adjustments to Indices for Inflation Rate-Linked Notes*);

"Inflation Index Sponsor" means, the inflation index sponsor specified as such in the Final Terms (being the entity that publishes or announces (directly or through an agent) the level of the Index) and any successor sponsor of such Index as determined by the Calculation Agent;

"Latest Level" means the latest level of the Index (excluding any "flash" estimates) published or announced by the Inflation Index Sponsor prior to the month in respect of which the Substitute Index Level is being calculated;

"Reference Level" means the level of the Index (excluding any "flash" estimates) published or announced by the Inflation Index Sponsor in respect of the month that is 12 calendar months prior to the month referred to in "Latest Level" above;

"Reference Month" means the calendar month for which the level of the Index was reported, regardless of when this information is published or amended. If the period for which the level of the Index was reported is a period other than a month, the Reference Month is the period for which the level of the Index was reported;

"Related Bond" means, the bond specified as such in the relevant Final Terms or, if specified as applicable in the relevant Final Terms and if no bond is specified as the Related Bond, the Related Bond shall be the Fallback Bond. If the bond specified to be the Related Bond redeems or matures during the term of the Inflation Rate-linked Notes, following such redemption or maturity the Related Bond shall be the Fallback Bond;

"Relevant Screen Page" means the page, section or other part of a particular information service specified as such in the relevant Final Terms or such other page, section or other part as may replace it on that information service, in each case, as may be nominated by the person providing or sponsoring the information appearing there for the purpose of displaying the level of the Index; and

"Substitute Index Level" means the level of the Index, determined by the Calculation Agent pursuant to (B) below.

(B) *Delay of Publication*

If the Inflation Index Level for a Reference Month which is relevant to the calculation of an amount payable in respect of Inflation Rate-linked Notes (a **"Relevant Level"**) has not been published or announced on the Relevant Screen Page by the day that is five Business Days prior to the relevant Interest Payment Date, Automatic Early Redemption Date, Instalment Date, Optional Redemption Date (Call Option), Optional Redemption Date (Put Option), other early redemption date or Maturity Date, as the case may be (the **"Affected Payment Date"**), the Calculation Agent shall determine a **"Substitute Index Level"** (in place of such Relevant Level) by using the following methodology:

- (i) If Related Bond is specified as applicable in the relevant Final Terms, the Calculation Agent will take the same action to determine the Substitute Index Level for the Affected Payment Date as that taken by the calculation agent pursuant to the terms and conditions of the Related Bond;
- (ii) If (A) Related Bond is specified as not applicable in the relevant Final Terms; or (B) the Calculation Agent is unable to determine the Substitute Index Level under (i) above for the Affected Payment Date for any reason, then the Calculation Agent shall determine the Substitute Index Level as follows:

$$\text{Substitute Index Level} = \text{Base Level} \times (\text{Latest Level} / \text{Reference Level})$$

If a Relevant Level is published or announced at any time after the day that is five Business Days prior to the relevant Interest Payment Date, Automatic Early Redemption Date, Instalment Date, Optional Redemption Date (Call Option), Optional Redemption Date (Put Option), other early redemption date or Maturity Date, as the case may be, such Relevant Level will not be used in any calculations and instead the Substitute Index Level so determined pursuant to this Condition 21(j) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Adjustments to Indices for Inflation Rate-Linked Notes*) will be the definitive level for the relevant Reference Month.

(C) *Cessation of Publication*

If a level of the Index has not been published or announced on the Relevant Screen Page for two consecutive months and/or the Inflation Index Sponsor announces that it will no longer continue to publish or announce the Index, then the Calculation Agent shall determine a Successor Index (in lieu of any previously applicable Index) for the purposes of the Notes by using the following methodology:

- (i) if at any time (other than after the designation by the Calculation Agent of a date for the early redemption of the Notes pursuant to paragraph (iv) below) a successor index has been designated by the calculation agent pursuant to the terms and conditions of the Related Bond, such successor index shall be designated a "**Successor Index**" for the purposes of all subsequent determinations of interest payable and/or of an Early Redemption Amount or of the Final Redemption Amount, notwithstanding that any other Successor Index may previously have been determined under the other subsections of this Condition 21(j) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Adjustments to Indices for Inflation Rate-Linked Notes*);
- (ii) if: (1) a Successor Index has not been determined under paragraph (i) above; (2) there has been no designation of a date for the early redemption of the Notes by the Calculation Agent pursuant to paragraph (iv) below; (3) a notice has been given or an announcement has been made by the Inflation Index Sponsor, specifying that the Index will be superseded by a replacement index specified by the Inflation Index Sponsor; and (4) the Calculation Agent determines that such replacement index is calculated using the same or substantially similar formula or method of calculation as used in the calculation of the previously applicable Index, then such replacement index shall be deemed to be the "**Successor Index**" for the purposes of the Notes from the date that such replacement Index comes into effect;
- (iii) if a Successor Index has not been determined by the Calculation Agent under paragraphs (i) or (ii) above (and there has been no designation by the Calculation Agent of a date for the early redemption of the Notes pursuant to paragraph (iv) below), the Calculation Agent will determine an appropriate alternative index for such relevant Valuation Date, and such index will be deemed a "**Successor Index**"; and
- (iv) if the Calculation Agent determines that there is no appropriate alternative index, then the Issuer may redeem or cancel all but not some only of the Notes on the date selected by the Calculation Agent at the Early Redemption Amount.

The Issuer shall notify the Noteholders of any Successor Index determined pursuant to this Condition 21(j)(C) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Adjustments to Indices for Inflation Rate-Linked Notes - Cessation of Publication*).

(D) *Rebasing of the Index*

If the Calculation Agent determines that the Index has been or will be rebased at any time, the Index as so rebased (the "**Rebased Index**") will be used for purposes of determining the level of an Index from the date of such rebasing; **provided, however, that** the Calculation Agent shall make such adjustments as are made by the calculation agent pursuant to the terms and conditions of the Related Bond, if any, to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased. If there is no Related Bond, the Calculation Agent shall make adjustments to the levels of the Rebased

Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased. Any such rebasing shall not affect any prior payments made under the Notes.

(E) *Material Modification*

If, on or prior to the day that is five Business Days before the next date which is an Interest Payment Date, the relevant Automatic Early Redemption Date, an Instalment Date, the relevant Optional Redemption Date (Call Option), the relevant Optional Redemption Date (Put Option), any other early redemption date or the Maturity Date (as the case may be), an Inflation Index Sponsor announces that it will make a material change to an Index, then the Calculation Agent shall make any such adjustments to the Index and/or the terms of the Notes consistent with adjustments made to the Related Bond, or, if there is no Related Bond, only those adjustments necessary for the modified Index to continue as the Index.

(F) *Manifest Error in Publication*

If, within thirty days of publication, but no later than the fifth Business Day prior to the relevant Interest Payment Date, relevant Automatic Early Redemption Date, an Instalment Date, the relevant Optional Redemption Date (Call Option), the relevant Optional Redemption Date (Put Option), any other early redemption date or the Maturity Date, as the case may be, the Calculation Agent determines that the Inflation Index Sponsor has corrected the level of the Index to remedy a manifest error in its original publication, the Calculation Agent will take such action as it may deem necessary and practicable to give effect to such correction.

(k) *Events relating to DR-Linked Notes*

In relation to DR-Linked Notes only, if a Delisting of the Securities occurs or the Depository announces that the Deposit Agreement is (or will be) (or is at any time, whether or not announced by the Depository) terminated, then the Issuer will determine whether or not the Notes shall continue. If the Issuer determines that:

(b) ***Physical Delivery***

In relation to Equity-Linked Notes which are to be redeemed by the delivery of a Securities Transfer Amount, and subject to the other provisions of these Conditions and the relevant Final Terms:

- (i)
 - (A) Each Noteholder shall, on or before the date five calendar days before the Maturity Date or the date of early termination or redemption (or such earlier date as the Issuer shall determine is necessary for the Issuer, the Paying Agents, the relevant Clearing System to perform their respective obligations in relation to the Notes and notify to the Paying Agents and the Noteholders) send to the relevant Clearing System, in accordance with its then applicable operating procedures, and copied to the Principal Paying Agent, a duly completed Transfer Notice.
 - (B) A Transfer Notice, once delivered to the relevant Clearing System, shall be irrevocable and may not be withdrawn without the consent in writing of the Issuer. A Noteholder may not transfer any Note which is the subject of a Transfer Notice following delivery of such Transfer Notice to the relevant Clearing System. A Transfer Notice shall only be valid to the extent that the relevant Clearing System have not received conflicting prior instructions in respect of the Notes which are the subject of the Transfer Notice.
 - (C) Failure properly to complete and deliver a Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided shall be made by the Principal Paying Agent and shall be conclusive and binding on the Issuer and the Noteholder.
 - (D) The Principal Paying Agent shall promptly on the local banking day following receipt of a Transfer Notice send a copy thereof to the Issuer or such person as the Issuer may previously have specified.
 - (E) Delivery of the Securities will be via the relevant Clearing System. The delivery or transfer of Securities to each Noteholder is at the relevant Noteholder's risk and if delivery occurs later than the earliest possible date for delivery, no additional amounts will be payable by the Issuer.

- (F) The Issuer shall discharge its obligation to redeem the relevant proportion of the Notes by delivering, or procuring the delivery of, the Securities Transfer Amount on the Settlement Date to the Clearing System for credit to the account with the Clearing System specified in the Transfer Notice of the relevant Noteholder.
- (G) The amount of Securities to be delivered to or for the account of each Noteholder shall be an amount of Securities equal to the number of Notes in respect of which such Noteholder is the holder as specified in the relevant Transfer Notice multiplied by the Securities Transfer Amount **provided, however, that** if a Noteholder would become entitled to a number of Securities which is not equal to a board lot of the Securities at such time, as determined by the Calculation Agent, or an integral multiple thereof, then the Noteholder's entitlement to delivery of Securities shall be rounded down to the nearest whole Security.
- (H) In relation to each Noteholder, the Calculation Agent shall calculate the Residual Amount and the Residual Cash Amount. The Residual Cash Amount shall be paid by the Issuer to the relevant Noteholder on the Settlement Date.
- (I) Each Noteholder shall be required as a condition of its entitlement to delivery of Securities in respect of any Notes to pay all Transfer Expenses in respect of such Notes.
- (J) After delivery to or for the account of a Noteholder of the relevant Securities Transfer Amount and for such period of time as the transferor or its agent or nominee shall continue to be registered in any clearing system as the owner of the Securities comprised in such Securities Transfer Amount (the "**Intervening Period**"), none of such transferor or any agent or nominee for the Issuer or such transferor shall (i) be under any obligation to deliver to such Noteholder or any other person any letter, certificate, notice, circular, dividend or any other document or payment whatsoever received by the Issuer or such transferor, agent or nominee in its capacity as holder of such Securities, (ii) be under any obligation to exercise any rights (including voting rights) attaching to such Securities during the Intervening Period, or (iii) be under any liability to such Noteholder or any other person in respect of any loss or damage which the Noteholder or any other person may sustain or suffer as a result, whether directly or indirectly, of the Issuer or such transferor, agent or nominee being registered in such clearing system during such Intervening Period as legal owner of such Securities.
- (K) All dividends on Securities to be delivered will be payable to the party that would receive such dividends according to market practice for a sale of the Securities executed on the Notional Sale Date to be delivered in the same manner as such Securities. Any such dividends will be paid to or for credit to the account specified by the Noteholder in the relevant Transfer Notice. No right to dividends on the Securities will accrue to Noteholders prior to the Notional Sale Date.
- (L) If a properly completed Transfer Notice in respect of any Notes has not been received by the relevant Clearing System by the 10th Business Day following the Maturity Date or date of early termination or redemption (as applicable) (the "**Transfer Notice Cut-off Date**"), then:
 - (1) the Issuer shall be entitled (but not required) to redeem the relevant Notes by payment of an amount equal to the Net Liquidation Proceeds (as defined below);

- (2) the Issuer shall be entitled (but not required) to treat any Transfer Notice in relation to such Notes received after the Transfer Notice Cut-off Date as being null and void, and any such determination shall be binding on the Noteholder; and
- (3) if the Issuer elects to redeem the relevant Notes pursuant to subparagraph (1) above, then the Issuer shall pay the Net Liquidation Proceeds in respect of such Notes to the Noteholder no later than 10 Business Days after the Transfer Notice Cut-Off Date.

For these purposes "**Net Liquidation Proceeds**" means, in relation to any Notes, a cash amount equal to the proceeds received by the Issuer or any of its affiliates from the disposal of the Securities Transfer Amount relating to such Notes, net of all costs, expenses, fees and levies incurred by it or any of its affiliates in connection with such disposal (including, without limitation, all brokers' fees, transaction processing fees and all taxes and other duties). For the avoidance of doubt, in the event that the Issuer elects to redeem the Notes by payment of the Net Liquidation Proceeds, Noteholders will not be entitled to any amounts in addition to the relevant Net Liquidation Proceeds, whether in respect of interest or otherwise.

- (ii) The Calculation Agent shall determine whether or not at any time a Settlement Disruption Event has occurred and where it determines such an event has occurred and so has prevented delivery of Securities on the original day that but for such Settlement Disruption Event would have been the Settlement Date, then the Settlement Date will be the first succeeding day on which delivery of such Securities can take place through the relevant Clearing System unless a Settlement Disruption Event prevents settlement on each of the eight relevant Clearing System Business Days immediately following the original date (or during such other period (the "**Disruption Period**") specified in the relevant Final Terms) that, but for the Settlement Disruption Event, would have been the Settlement Date. In that case, if the Securities are debt securities, the Issuer shall use reasonable efforts to deliver such Securities promptly thereafter acting in good faith and in a commercially reasonable manner (as determined by the Calculation Agent) outside the Clearing System and in all other cases (a) if such Securities can be delivered in any other commercially reasonable manner (as determined by the Calculation Agent), then the Settlement Date will be the first Business Day on which settlement of a sale of Securities executed on that eighth relevant Clearing System Business Day, or during such other period specified in the relevant Final Terms, customarily would take place using such other commercially reasonable manner (as determined by the Calculation Agent) of delivery (which other manner of delivery will be deemed the relevant Clearing System for the purposes of delivery of the relevant Securities), and (b) if such Securities cannot be delivered in any other commercially reasonable manner (as determined by the Calculation Agent), then the Settlement Date will be postponed until delivery can be effected through the relevant Clearing System or in any other commercially reasonable manner.

For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Securities comprised in a basket, the Settlement Date for Securities not affected by the Settlement Disruption Event will be the first day on which settlement of a sale of such Securities executed on the Maturity Date customarily would take place through the relevant Clearing System.

- (iii) If the Calculation Agent determines that a Delivery Disruption Event has occurred, it shall notify the Issuer who shall promptly notify the relevant Noteholder(s) and the Issuer may then:
- (A) determine, in its sole and absolute discretion, a new Settlement Date such date being no later than the earlier of (i) the Scheduled Trading Day immediately following the day on which the Delivery Disruption Event has ceased to exist and (ii) the eighth Scheduled Trading Day falling after the original Settlement Date, provided, in each case such day is a Clearing System Business Day (or, if not, the Scheduled Trading Day that is a Clearing System Business Day immediately following such day);
 - (B) determine (either upon the occurrence of a Delivery Disruption Event or, if no new Settlement Date was determined prior to the eighth Scheduled Trading Day falling after the original Settlement Date pursuant to paragraph (A) above, upon such eighth Scheduled Trading Date (the "**Postponed Determination Date**"), in its sole and absolute discretion, that the obligation to deliver the relevant Securities Transfer Amount will be terminated and the Issuer will pay such amount as in the opinion of the Calculation Agent (such opinion to be made acting in good faith and in a commercially reasonable manner) is fair (i) by reference to the spot price on an Exchange for such Securities on the date of the Delivery Disruption Event (or the Postponed Determination Date, if the Issuer has first elected to apply paragraph (A) above), or if no such spot price is available (or if the Calculation Agent acting in good faith and in a commercially reasonable manner determines that such spot price materially differs from the price that would be obtained in a liquid and well-functioning market), (ii) as determined by the Calculation Agent to be the arithmetic mean of the price quoted for such Securities by investment banks appointed by the Calculation Agent that are acting in the market for the relevant Securities on the date of the Delivery Disruption Event (or the Postponed Determination Date, if the Issuer has first elected to apply paragraph (A) above) or (iii) if less than two such quotations are received, as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner, in each case by way of compensation for the non-delivery of the Securities Transfer Amount, in which event the entitlements of the respective Noteholder(s) to receive the relevant Securities Transfer Amount shall cease and the Issuer's obligations under the Notes shall be satisfied in full upon payment of such amount; or
 - (C) deliver on the Settlement Date (as may have been postponed pursuant to paragraph (A) above) such amount of the Securities Transfer Amount (if any) as it can deliver on that date and the Issuer will pay such amount as in the opinion of the Calculation Agent (such opinion to be made acting in good faith and in a commercially reasonable manner) is fair (i) by reference to the spot price on an Exchange for such Securities on the date of the Delivery Disruption Event (or the Postponed Determination Date, if the Issuer has first elected to apply paragraph (A) above), or if no such spot price is available, (or if the Calculation Agent acting in good faith and in a commercially reasonable manner determines that such spot price materially differs from the price that would be obtained in a liquid and well-functioning market) (ii) as determined by the Calculation Agent to be the arithmetic mean of the price quoted for such Securities by investment banks appointed by the Calculation Agent that are acting in the market for the relevant Securities on the date of the Delivery Disruption Event (or the Postponed Determination Date, if the Issuer has first elected to apply paragraph (A) above) or (iii) if less than two such quotations are received, as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner, in each case by way of compensation for the non-delivery of the remainder of the

Securities Transfer Amount, in which event the entitlements of the respective Noteholder(s) to receive the relevant Securities Transfer Amount shall cease and the Issuer's obligations under the Notes shall be satisfied in full upon payment of such amount.

Where this Condition 21(b)(iii) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Physical Delivery*) fails to be applied, insofar as the Calculation Agent determines to be practical, the same shall be applied as between the Noteholders on a *pro rata* basis, but subject to such rounding down (whether of the amount of a payment or of a number of Securities to be delivered) and also to such other adjustments as the Calculation Agent determines to be appropriate to give practical effect to such provisions.

(c) ***Automatic Early Redemption***

This Condition 21(c) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Automatic Early Redemption*) is applicable only if Automatic Early Redemption Event is indicated as applicable in relevant Final Terms.

If on any Automatic Early Redemption Valuation Date, the Automatic Early Redemption Event occurs, then unless previously redeemed or purchased and cancelled, the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date, together with any interest accrued but unpaid thereon to the Automatic Early Redemption Date (unless otherwise specified in the relevant Final Terms) immediately following such Automatic Early Redemption Valuation Date and the Redemption Amount payable by the Issuer on such date upon redemption of each Note shall be an amount in the relevant currency equal to the relevant Automatic Early Redemption Amount.

(d) ***Knock-in and Knock-out Provisions***

This Condition 21(d) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Knock-in and Knock-out Provisions*) is applicable only if "Knock-in Event" or "Knock-out Event" is specified as applicable in the relevant Final Terms. If on a Knock-in Determination Day or Knock-out Determination Day, a Knock-in Event or Knock-out Event (respectively) occurs, then a Knock-in Amount or Knock-out Amount (respectively) becomes payable on the relevant Knock-in Amount Payment Date or Knock-out Amount Payment Date (respectively), all as specified as such in the relevant Final Terms.

(e) ***Consequences of Disrupted Days***

For the purposes of this Condition 21(e) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Consequences of Disrupted Days*) "**Limit Valuation Date**" shall mean, if any Valuation Date in respect of a Note is a Disrupted Day, the Specified Maximum Number of Disrupted Days following such Valuation Date, notwithstanding the fact that such day is a Disrupted Day.

(i) If any Valuation Date is a Disrupted Day, then:

(A) in the case of a Note which relates to a single Security or Index, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, **provided that** the Valuation Date shall not fall after the Limit Valuation Date. In that case:

(1) in respect of an Index-Linked Note, the Limit Valuation Date will be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and the Calculation Agent shall determine the level of the Index as of the Valuation Time on the Limit Valuation Date determined in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the

Limit Valuation Date of each security or other property comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security or other property on the Limit Valuation Date, its good faith estimate of the value for the relevant security or other property as of the Valuation Time on the Limit Valuation Date); and

- (2) in respect of an Equity-Linked Note, the Limit Valuation Date shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day and the Calculation Agent shall determine its good faith estimate of the value for the relevant Security as of the Valuation Time on that Limit Valuation Date;
 - (B) in the case of a Note which relates to a basket of Indices and/or Securities, the Valuation Date for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date and the Valuation Date for each Index affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day which is not a Disrupted Day relating to that Index, unless each of the succeeding Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Index. In that case, the Limit Valuation Date shall be deemed to be the Valuation Date for the relevant Index notwithstanding the fact that such day is a Disrupted Day relating to that Index and the Calculation Agent shall determine the level of that Index, as of the Valuation Time on the Limit Valuation Date in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Limit Valuation Date of each security or other property comprised in the relevant Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security or other property on the Limit Valuation Date, its good faith estimate of the value for the relevant security or other property as of the Valuation Time on the Limit Valuation Date); and
 - (C) in the case of a Note which relates to a basket of Indices and/or Securities, the Valuation Date for each Security not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Security affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to that Security, unless each of the Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Security. In that case, (1) the Limit Valuation Date shall be deemed to be the Valuation Date for the relevant Security, notwithstanding the fact that such day is a Disrupted Day, and (2) the Calculation Agent shall determine its estimate of the value for that Security as of the Valuation Time on the Limit Valuation Date.
- (ii) If Averaging Dates are specified in the relevant Final Terms, then notwithstanding any other provisions of these Conditions, the following provisions will apply to the valuation of the relevant Index or Security:
- (A) The Final Price or Final Index Level will be, in relation to any Valuation Date:
 - (1) in respect of a Note settled by way of Cash Settlement which relates to a single Security or Index (as the case may be), the arithmetic mean of the Reference Price of the Security or (as the

case may be) of the Reference Level of the Index on each Averaging Date;

- (2) in respect of an Index-Linked Note settled by way of Cash Settlement which relates to a basket of indices, the arithmetic mean of the amounts for such basket determined by the Calculation Agent as provided in the relevant Final Terms as of the relevant Valuation Time(s) on each Averaging Date or, if no means for determining the Final Index Level is so provided, the arithmetic mean of the amounts for such basket calculated on each Averaging Date as the sum of the Reference Level of each Index comprised in such basket (weighted or adjusted in relation to each Index as provided in the relevant Final Terms); and
- (3) in respect of an Equity-Linked Note settled by way of Cash Settlement which relates to a basket of Securities, the arithmetic mean of the prices for such basket determined by the Calculation Agent as provided in the relevant Final Terms as of the relevant Valuation Time(s) on each Averaging Date or, if no means for determining the Final Price is so provided, the arithmetic mean of the prices for such basket calculated on each Averaging Date as the sum of the values calculated for the Securities of each Underlying Company as the product of (aa) the Reference Price of such Security and (bb) the number of such Securities comprised in such basket (weighted or adjusted in relation to each Security as provided in the relevant Final Terms).

(B) If any Averaging Date is a Disrupted Day, then, if the consequence specified in the relevant Final Terms in relation to "**Averaging Date Market Disruption**" is:

- (1) "**Omission**", then such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the relevant Final Price or Final Index Level, as applicable, **provided that**, if through the operation of this provision no Averaging Date would occur with respect to the relevant Valuation Date, then Condition 21(e)(i) will apply for purposes of determining the relevant level, price or amount on the final Averaging Date in respect of that Valuation Date as if such final Averaging Date were a Valuation Date that was a Disrupted Day. If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Maturity Date, Automatic Early Redemption Date, Instalment Date, Optional Redemption Date (Call Option), Optional Redemption Date (Put Option) or any other early redemption date in accordance with the Conditions or the relevant Settlement Date, as the case may be, or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date;
- (2) "**Postponement**", then Condition 21(e)(i) will apply for purposes of determining the relevant level, price or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date for the relevant Notes. If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Maturity Date, Instalment Date, Automatic Early Redemption Date,

Optional Redemption Date (Call Option), Optional Redemption Date (Put Option) or any other early redemption date in accordance with the Conditions or the relevant Settlement Date, as the case may be, or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date; or

(3) "**Modified Postponement**", then:

(aa) in the case of a Note which relates to a single Index or Security, the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the Limit Valuation Date (as defined below) immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date (the "**Scheduled Final Averaging Date**") in relation to the relevant Scheduled Valuation Date, then the Limit Valuation Date shall be deemed to be the Averaging Date, notwithstanding the fact that such day is a Disrupted Day (irrespective of whether that Limit Valuation Date is already an Averaging Date) and:

(i) in respect of an Index-Linked Note, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 21(e)(i)(A)(1); and

(ii) in respect of an Equity-Linked Note, the Calculation Agent shall determine the relevant price for that Averaging Date in accordance with Condition 21(e)(i)(A)(2); and

(bb) in the case of a Note which relates to a basket of Indices and/or Securities, the Averaging Date for each Index or Security not affected by the occurrence of a Disrupted Day shall be the day specified in the relevant Final Terms as an Averaging Date in relation to the relevant Valuation Date (the "**Scheduled Averaging Date**") and the Averaging Date for an Index or Security affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date in relation to such Index or Security. If the first succeeding Valid Date in relation to such Index or Security has not occurred as of the Valuation Time on the Limit Valuation Date immediately following the Scheduled Final Averaging Date, then the Limit Valuation Date shall be deemed to be the Averaging Date (irrespective of whether that Limit Valuation Date is already an Averaging Date) and:

(i) in respect of an Index, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 21(e)(i)(B); and

(ii) in respect of a Security, the Calculation Agent shall determine the relevant amount for that

Averaging Date in accordance with Condition 21(e)(i)(C).

If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Maturity Date, Automatic Early Redemption Date, Instalment Date, an Optional Redemption Date (Call Option), an Optional Redemption Date (Put Option) or other early redemption date or Settlement Date, as the case may be, or (ii) the occurrence of an Extraordinary Event or Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date.

For the purposes of this Condition 21(e)(ii)(B)(3) only, "**Limit Valuation Date**" shall mean, if any Averaging Date in respect of a Note is a Disrupted Day, the specified Maximum Number of Disrupted Days following such Averaging Date, notwithstanding the fact that such day is a Disrupted Day.

If a Valuation Date is postponed (x) pursuant to this Condition 21(e) (*Consequences of Disrupted Days*) and/or (y) as a result of it not being a Scheduled Trading Day, the Scheduled FX Fixing Date falling on or immediately following the Scheduled Valuation Date may, in the Calculation Agent's discretion (i) be postponed such that the Scheduled FX Fixing Date will be deemed to occur the number of days following such postponed Valuation Date as the Scheduled FX Fixing Date would have occurred following the Scheduled Valuation Date had it not been for the postponement pursuant to this Condition 21(e) (*Consequences of Disrupted Days*) or as a result of a non-Scheduled Trading Day or (ii) if the Scheduled Valuation Date and Scheduled FX Fixing Date are the same date, be postponed to such postponed Valuation Date, provided, in each case, that if the postponed Scheduled FX Fixing Date would, as a result of this paragraph, occur on a day which is not a Relevant Currency Business Day, it will be postponed to the immediately following Relevant Currency Business Day. In respect of a Note which relates to a basket of Indices and/or Securities, the postponed Valuation Date referred to in this paragraph will be deemed to be, in respect of a Scheduled Valuation Date, the latest postponed Valuation Date occurring in respect of such Scheduled Valuation Date.

If a Valuation Date is postponed (x) in accordance with this Condition 21(e) (*Consequences of Disrupted Days*) and/or (y) as a result of it not being a Scheduled Trading Day, any Disrupted Day Related Payment Date will also be postponed, if needed, such that the Disrupted Day Related Payment Date shall fall at least three (3) local banking days (or such other number of local banking days as may be specified in the Final Terms) following the later of (i) the postponed Valuation Date or, if later, the Limit Valuation Date, as applicable and (ii) the postponed Scheduled FX Fixing Date or, if later, the FX Cut-off Date or Postponed FX Fixing Date, as applicable. In respect of a Note which relates to a basket of Indices and/or Securities, the postponed Valuation Date or Limit Valuation Date referred to in this paragraph will be deemed to be, in respect of a Scheduled Valuation Date, the latest postponed Valuation Date or Limit Valuation Date, as applicable, occurring in respect of such Scheduled Valuation Date.

Unless Interest Adjustment is specified in the relevant Final Terms as being applicable, no further payment on account of interest or otherwise shall be due in respect of any payment postponed pursuant to this Condition 21(e) (so that, for the avoidance of doubt, any interest payable in respect of the Notes on a Disrupted Day Related Payment Date which is so postponed shall be calculated as if such Disrupted Day Related Payment Date had not been postponed pursuant to this Condition 21(e)) unless, in the case of a Fixed

Rate Note, a Floating Rate Note or a Zero Coupon Note, there is a subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in Condition 4 (*Fixed Rate Note Provisions*), 5 (*Floating Rate Note, Index-Linked Interest Note Provisions and other variable-linked interest Note Provisions*) or 6 (*Zero Coupon Notes*), as appropriate.

(f) ***Adjustments to Indices***

This Condition 21(f) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Adjustments to Indices*) is applicable only in relation to Index-Linked Notes other than Inflation Rate-Linked Notes in relation to which Condition 21(j) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Adjustments to Indices for Inflation Rate-Linked Notes*) shall apply.

(i) ***Successor Index***

If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor acceptable to the Calculation Agent, or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that Index (the "**Successor Index**") will be deemed to be the Index.

(ii) ***Index Modification***

If on or prior to any Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date, a relevant Index Sponsor announces that it will make a material change in the formula for or the method of calculating that Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation or other routine events) (an "**Index Modification**"), then the Calculation Agent shall determine whether such Index Modification has a material effect on the Notes, and if so, shall make such adjustment(s) (if any) as it determines appropriate to account for the economic effect of the Index Modification with a view to produce a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position as prior to the relevant Index Modification, and determine the effective date of any such modification or adjustment.

(iii) ***Index Cancellation***

If on or prior to any Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date (A) the Index Sponsor fails to calculate and announce a relevant Index, (B) the Index Sponsor announces that it suspends the calculation and publication of the level of a relevant Index, or (C) the Index Sponsor permanently cancels the Index and no Successor Index exists (each an "**Index Cancellation**"), then:

- (1) the Issuer shall as soon as is reasonably practicable after determining the same give notice (an "**Index Cancellation Notice**") of such Index Cancellation to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 14 (*Notices*);
- (2) if Index Substitution is specified as being applicable in the relevant Final Terms, the Issuer shall (acting in good faith and a commercially reasonable manner), determine whether or not and the date as of which the Index is to be substituted with a Substitute Index and, if it so determines, it shall give an Index Substitution Notice to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 14

(*Notices*) and, with effect from the date so determined, the Substitute Index shall be deemed to be the Index; and

- (3) if no Substitute Index has been identified within ten Business Days of the giving of such Index Cancellation Notice or if Index Substitution has not been specified as being applicable in the relevant Final Terms, the Issuer shall (acting in good faith and a commercially reasonable manner), determine whether or not the relevant Notes shall continue and:
 - (A) if it determines that the Notes shall continue, then the Calculation Agent shall determine the Final Index Level for such Valuation Date, Automatic Early Redemption Valuation Date or the Reference Level for such Averaging Date, as the case may be using, in lieu of a published level of that Index, the level for that Index as at that Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date (as applicable) as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the Index Cancellation, but using only those components that comprised that Index immediately prior to that Index Cancellation; and
 - (B) if it determines that continuation of the Notes is impossible or would result in a significant alteration to the economic balance of the Notes compared to that which existed at the Issue Date, the Issuer shall terminate the relevant Notes as of the date selected by the Issuer and give notice thereof to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 14 (*Notices*), specifying the Early Redemption Amount and early redemption date, and the entitlements of the relevant Noteholders to receive the Final Redemption Amount (or any other payment to be made by the Issuer, as the case may be) shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Early Redemption Amount of the Notes.

For these purposes:

"Index Substitution Notice" means a notice specifying a Substitute Index to be substituted for the Index and the date as of which such substitution is to take effect; and

"Substitute Index" means, in respect of an Index, a successor index identified by the Calculation Agent using commercially reasonable efforts, with characteristics, objectives and rules similar to the Index in effect immediately prior to the occurrence of the Index Cancellation with a view to produce a commercially reasonable result which will put the Issuer and the Noteholders in substantially the same economic position as prior to the relevant Index Cancellation.

(iv) *Correction of Index Levels*

If the level of an Index published by the Index Sponsor at any time and used or to be used by the Calculation Agent for any calculation or determination under the Notes is subsequently corrected and the correction is published by the Index Sponsor after the original publication, the Calculation Agent will make such adjustment as it determines to be appropriate, if any, to the settlement or payment terms of the Notes to account for such correction **provided that** if any amount has been paid in an amount which exceeds the amount that would have been payable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable in respect of the Notes and the

Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Issuer shall be entitled to reimbursement of the relevant excess payment (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Noteholder, together with interest on that amount for the period from and including the day on which payment was originally made to (but excluding) the day of payment of reimbursement by the Noteholder (all as calculated by the Calculation Agent). Any such reimbursement shall be effected in such manner as the Issuer shall determine.

(g) *Adjustments and Events affecting Securities*

This Condition 21(g) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Adjustments and Events affecting Securities*) is applicable only in relation to Equity-Linked Notes.

(i) *Potential Adjustment Events*

The Calculation Agent shall determine whether or not at any time a Potential Adjustment Event has occurred and where it determines such an event has occurred, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Securities and, if so, will make such adjustment(s) as it determines to be appropriate, if any, to the formula for the Final Redemption Amount or any amount of interest set out in the relevant Final Terms, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, the number of or type of shares, other securities or other property which may be delivered pursuant to such Notes and/or any other adjustment(s) and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes as the Calculation Agent determines to be appropriate to account for that diluting or concentrative effect with a view to produce a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position as prior to the relevant Potential Adjustment Event, and determine the effective date(s) of such adjustment(s).

(ii) *Extraordinary Events*

(A) Following the occurrence of any Extraordinary Event, the Issuer will determine whether or not the relevant Notes shall continue and, if so, determine any adjustments to be made. If the Issuer determines that the relevant Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate with a view to produce a commercially reasonable result which will put the Issuer and the Noteholders in substantially the same economic position as prior to the relevant Extraordinary Event, if any, to the formula for the Final Redemption Amount or any amount of interest set out in the relevant Final Terms, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, the number of or type of shares, other securities or other property which may be delivered pursuant to such Notes and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent, acting in good faith and in a commercially reasonable manner.

(B) If the Issuer determines that continuation of the Notes is impossible or would result in a significant alteration to the economic balance of the Notes compared to that which existed at the Issue Date (in each case, after having taken into account any possible adjustment pursuant to paragraph (A) above), then the Notes shall be terminated as of the date selected by the Calculation Agent and the entitlements of the relevant

Noteholders to receive the relevant Securities Transfer Amount or Final Redemption Amount (or any other payment to be made by the Issuer) as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Early Redemption Amount of the Notes.

(iii) *Conversion*

In respect of an Equity-Linked Note, following the occurrence of any Conversion, the Issuer will determine whether or not the Notes will continue and, if so, determine any adjustment(s) to be made. If the Issuer determines that the Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate with a view to producing a commercially reasonable result which will put the Issuer and the Noteholders in substantially the same economic position as prior to the Conversion, if any, to the formula for the Final Redemption Amount or any amount of interest set out in the relevant Final Terms, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, number of or type of shares, other securities or other property which may be delivered under such Notes and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes and/or any other adjustment and determine the effective date(s) of such adjustment(s). If the Issuer determines that continuation of the Notes is impossible or would result in a significant alteration to the economic balance of the Notes compared to that which existed at the Issue Date (in each case, after having taken into account any possible adjustment pursuant to this paragraph), then the Notes shall be terminated as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or Final Redemption Amount (or any other payment to be made by the Issuer), as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Early Redemption Amount of the Notes.

(iv) *Correction of Prices*

In the event that any price published or announced on a given day and utilised or to be utilised for the purpose of any calculation or determination under the Notes is subsequently corrected and the correction is published or announced by the Exchange within one Settlement Cycle after the original publication, the Calculation Agent will make such adjustment(s) as it determines to be appropriate, if any, to the amount payable in respect of the Notes and their terms to account for such correction and the Calculation Agent shall determine the effective date(s) of such adjustment(s) **provided that** if any amount has been paid in an amount which exceeds the amount that would have been payable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable in respect of the Notes and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Issuer shall be entitled to reimbursement of the relevant excess payment (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Noteholder, together with interest on that amount for the period from and including the day on which payment was originally made to (but excluding) the day of payment of reimbursement by the Noteholder (all as calculated by the Calculation Agent). Any such reimbursement shall be effected in such manner as the Issuer shall determine.

(h) *Additional Disruption Events*

- (A) Following the occurrence of any Additional Disruption Event, the Issuer will determine whether or not the relevant Notes shall continue and, if so, the Calculation Agent shall determine any adjustments to be made with a view to produce a commercially reasonable result which will put the Issuer and the

Noteholder in substantially the same economic position as prior to the relevant Additional Disruption Event. If the Issuer determines that the relevant Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the formula for the Final Redemption Amount or any amount of interest set out in the relevant Final Terms, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, the number of or type of shares, other securities or other property which may be delivered pursuant to such Notes and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent.

- (B) If the Issuer determines that the continuation of the Notes is impossible or would result in a significant alteration to the economic balance of the Notes compared to that which existed at the Issue Date (in each case, after having taken into account any possible adjustment pursuant to paragraph (A) above), then the Notes shall be terminated as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or Final Redemption Amount (or any other payment to be made by the Issuer), as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Early Redemption Amount of the Notes.

For the purposes any Series of Notes, "**Additional Disruption Event**" means any event specified as such in the relevant Final Terms, and for such purpose the following terms if so specified shall be deemed to have the following meanings unless otherwise provided in the relevant Final Terms:

- (i) "**Change in Law**" means, in relation to any Notes, on or after the Issue Date, (A) due to the adoption of or any change in any applicable law or regulation (including without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer determines (in its sole and absolute discretion) that (x) it will, or it will with the passing of time, or it has become illegal for the Issuer to issue, have outstanding and/or perform its obligations with respect to the Notes or (y) the Issuer will incur a materially increased cost in performing its obligations under the Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position or due to any regulation, rule or other regulatory action of any regulator of the Issuer in respect of the Notes);
- (ii) "**Failure to Deliver**" means the failure of a party to deliver, when due, the relevant Securities in respect of the Notes, where such failure is due to illiquidity in the market for such Securities; and
- (iii) "**Insolvency Filing**" means that the issuer of the Securities institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such petition, **provided that** proceedings instituted or petitions presented by creditors and not consented to by the issuer of the Securities shall not be deemed an Insolvency Filing.

(i) ***Adjustments where the Securities are Units in an ETF***

Where the Securities are specified in the relevant Final Terms as being Units in an ETF, in the case of the occurrence at any time on or prior to the Valuation Date of any Extraordinary Event affecting the ETF or the value of the Units, the Calculation Agent may make any adjustment as provided in the preceding provisions of this Condition 21 (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes*) or:

- (i) if the Calculation Agent determines that no adjustment that it could make under the preceding provisions of this Condition 21 (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes*) would produce a commercially reasonable result:
 - (a) the Calculation Agent will use commercially reasonable efforts to identify a new underlying asset with characteristics, investment objectives and policies similar to those in effect for the Affected Units immediately prior to the occurrence of the relevant Extraordinary Event and any substitution of the new underlying asset for the Affected Units shall be effected at such time and in such manner as determined by the Calculation Agent; and
 - (b) if necessary, the Calculation Agent will adjust any relevant terms, including, but not limited to, adjustments to account for changes in volatility, investment strategy or liquidity relevant to the Units or the Notes,

in each case with a view to produce a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position as prior to the Extraordinary Event; or

- (ii) if the Calculation Agent determines that the continuation of the Notes is impossible or would result in a significant alteration to the economic balance of the Notes compared to that which existed at the Issue Date (in each case, after having taken into account any possible adjustment pursuant to paragraph (i) above), then the Notes shall be terminated as of the date selected by the Calculation Agent in its discretion and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or Final Redemption Amount any accrued interest, as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Early Redemption Amount of the Notes.

In this Condition 21(i) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Adjustments where the Securities are Units in an ETF*) "**Affected Unit(s)**" means each Unit subject to an applicable Extraordinary Event.

(j) ***Adjustments to Indices for Inflation Rate-Linked Notes***

With respect to Inflation Rate-linked Notes, the following provisions shall apply in lieu of Condition 21(f) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Adjustments to Indices*):

(A) *Definitions*

In this Condition:

"**Base Level**" means the level of the Index (excluding any "flash" estimates) published or announced by the Inflation Index Sponsor in respect of the month which is 12 calendar months prior to the month for which the Substitute Index Level is being determined;

"**Fallback Bond**" means a bond selected by the Calculation Agent and issued by the government or one of the governments (but not any government agency) of

the country (or countries) to whose level of inflation the relevant Index relates and which pays a coupon and/or redemption amount which is calculated by reference to the Index, with a maturity date which falls on the same day as the Maturity Date or such other date as the Calculation Agent shall select if there is no such bond maturing on the Maturity Date. If any bond so selected is redeemed, the Calculation Agent will select a new Fallback Bond on the same basis, but selected from all eligible bonds in issue at the time the original Fallback Bond is redeemed (including any bond for which the redeemed bond is exchanged);

"Inflation Index Level" means the level of the Index first published or announced for the relevant Reference Month on the Relevant Screen Page, as determined by the Calculation Agent, subject to this Condition 21(j) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes –Adjustments to Indices for Inflation Rate-Linked Notes*);

"Inflation Index Sponsor" means, the inflation index sponsor specified as such in the Final Terms (being the entity that publishes or announces (directly or through an agent) the level of the Index) and any successor sponsor of such Index as determined by the Calculation Agent;

"Latest Level" means the latest level of the Index (excluding any "flash" estimates) published or announced by the Inflation Index Sponsor prior to the month in respect of which the Substitute Index Level is being calculated;

"Reference Level" means the level of the Index (excluding any "flash" estimates) published or announced by the Inflation Index Sponsor in respect of the month that is 12 calendar months prior to the month referred to in "Latest Level" above;

"Reference Month" means the calendar month for which the level of the Index was reported, regardless of when this information is published or amended. If the period for which the level of the Index was reported is a period other than a month, the Reference Month is the period for which the level of the Index was reported;

"Related Bond" means, the bond specified as such in the relevant Final Terms or, if specified as applicable in the relevant Final Terms and if no bond is specified as the Related Bond, the Related Bond shall be the Fallback Bond. If the bond specified to be the Related Bond redeems or matures during the term of the Inflation Rate-linked Notes, following such redemption or maturity the Related Bond shall be the Fallback Bond;

"Relevant Screen Page" means the page, section or other part of a particular information service specified as such in the relevant Final Terms or such other page, section or other part as may replace it on that information service, in each case, as may be nominated by the person providing or sponsoring the information appearing there for the purpose of displaying the level of the Index; and

"Substitute Index Level" means the level of the Index, determined by the Calculation Agent pursuant to paragraph (B) below.

(B) *Delay of Publication*

If the Inflation Index Level for a Reference Month which is relevant to the calculation of an amount payable in respect of Inflation Rate-linked Notes (a **"Relevant Level"**) has not been published or announced on the Relevant Screen Page by the day that is five Business Days prior to the relevant Interest Payment Date, Automatic Early Redemption Date, Instalment Date, Optional Redemption Date (Call Option), Optional Redemption Date (Put Option), other early redemption date or Maturity Date, as the case may be (the **"Affected Payment Date"**), the Calculation Agent shall determine a **"Substitute Index Level"** (in place of such Relevant Level) by using the following methodology:

- (i) If Related Bond is specified as applicable in the relevant Final Terms, the Calculation Agent will take the same action to determine the Substitute Index Level for the Affected Payment Date as that taken by the calculation agent pursuant to the terms and conditions of the Related Bond;
- (ii) If (A) Related Bond is specified as not applicable in the relevant Final Terms; or (B) the Calculation Agent is unable to determine the Substitute Index Level under (i) above for the Affected Payment Date for any reason, then the Calculation Agent shall determine the Substitute Index Level as follows:

$$\text{Substitute Index Level} = \text{Base Level} \times (\text{Latest Level} / \text{Reference Level})$$

If a Relevant Level is published or announced at any time after the day that is five Business Days prior to the relevant Interest Payment Date, Automatic Early Redemption Date, Instalment Date, Optional Redemption Date (Call Option), Optional Redemption Date (Put Option), other early redemption date or Maturity Date, as the case may be, such Relevant Level will not be used in any calculations and instead the Substitute Index Level so determined pursuant to this Condition 21(j) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Adjustments to Indices for Inflation Rate-Linked Notes*) will be the definitive level for the relevant Reference Month.

(C) *Cessation of Publication*

If a level of the Index has not been published or announced on the Relevant Screen Page for two consecutive months and/or the Inflation Index Sponsor announces that it will no longer continue to publish or announce the Index, then the Calculation Agent shall determine a Successor Index (in lieu of any previously applicable Index) for the purposes of the Notes by using the following methodology:

- (i) if at any time (other than after the designation by the Calculation Agent of a date for the early redemption of the Notes pursuant to paragraph (iv) below) a successor index has been designated by the calculation agent pursuant to the terms and conditions of the Related Bond, such successor index shall be designated a "**Successor Index**" for the purposes of all subsequent determinations of interest payable and/or of an Early Redemption Amount or of the Final Redemption Amount, notwithstanding that any other Successor Index may previously have been determined under the other subsections of this Condition 21(j) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Adjustments to Indices for Inflation Rate-Linked Notes*);
- (ii) if: (1) a Successor Index has not been determined under paragraph (i) above; (2) there has been no designation of a date for the early redemption of the Notes by the Calculation Agent pursuant to paragraph (iv) below; (3) a notice has been given or an announcement has been made by the Inflation Index Sponsor, specifying that the Index will be superseded by a replacement index specified by the Inflation Index Sponsor; and (4) the Calculation Agent determines that such replacement index is calculated using the same or substantially similar formula or method of calculation as used in the calculation of the previously applicable Index, then such replacement index shall be deemed to be the "**Successor Index**" for the purposes of the Notes from the date that such replacement Index comes into effect;
- (iii) if a Successor Index has not been determined by the Calculation Agent under paragraph (i) or (ii) above (and there has been no designation by the Calculation Agent of a date for the early redemption of the Notes

pursuant to paragraph (iv) below), the Calculation Agent will determine an appropriate alternative index for such relevant Valuation Date with a view to produce a commercially reasonable result which will put the Issuer and the Noteholders in substantially the same economic position as prior to the cessation of publication, and such index will be deemed a "**Successor Index**"; and

- (iv) if the Calculation Agent determines that there is no appropriate alternative index, then the Issuer may redeem or cancel all but not some only of the Notes on the date selected by the Calculation Agent at the Early Redemption Amount.

The Issuer shall notify the Noteholders of any Successor Index determined pursuant to this Condition 21(j)(C) (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes – Adjustments to Indices for Inflation Rate-Linked Notes – Cessation of Publication*).

(D) *Rebasing of the Index*

If the Calculation Agent determines that the Index has been or will be rebased at any time, the Index as so rebased (the "**Rebased Index**") will be used for purposes of determining the level of an Index from the date of such rebasing; **provided, however, that** the Calculation Agent shall make such adjustments as are made by the calculation agent pursuant to the terms and conditions of the Related Bond, if any, to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased. If there is no Related Bond, the Calculation Agent shall make adjustments to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased. Any such rebasing shall not affect any prior payments made under the Notes.

(I) *Material Modification*

If, on or prior to the day that is five Business Days before the next date which is an Interest Payment Date, the relevant Automatic Early Redemption Date, an Instalment Date, the relevant Optional Redemption Date (Call Option), the relevant Optional Redemption Date (Put Option), any other early redemption date or the Maturity Date (as the case may be), an Inflation Index Sponsor announces that it will make a material change to an Index, then the Calculation Agent shall make any such adjustments to the Index and/or the terms of the Notes consistent with adjustments made to the Related Bond, or, if there is no Related Bond, only those adjustments necessary for the modified Index to continue as the Index.

(F) *Manifest Error in Publication*

If, within thirty days of publication, but no later than the fifth Business Day prior to the relevant Interest Payment Date, relevant Automatic Early Redemption Date, an Instalment Date, the relevant Optional Redemption Date (Call Option), the relevant Optional Redemption Date (Put Option), any other early redemption date or the Maturity Date, as the case may be, the Calculation Agent determines that the Inflation Index Sponsor has corrected the level of the Index to remedy a manifest error in its original publication, the Calculation Agent will take such action as it may deem necessary and practicable to give effect to such correction.

(k) *Events relating to DR-Linked Notes*

In relation to DR-Linked Notes only, if a Delisting of the Securities occurs or the Depository announces that the Deposit Agreement is (or will be) (or is at any time, whether or not announced by the Depository) terminated, then the Issuer will determine whether or not the Notes shall continue. If the Issuer determines that:

- (i) the Notes shall continue, it shall elect whether the Security shall thereafter be (x) the Replacement DRs or the Underlying Security and the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the terms of the Notes (including, without limitation, any change to the notional number of Securities or/or the formula for the Final Redemption Amount) to reflect such election, and which change or adjustment(s) shall be effective on such date selected by the Calculation Agent; or
- (ii) the continuation of the Notes is impossible or would result in a significant alteration to the economic balance of the Notes compared to that which existed at the Issue Date (in each case after having taken into account any possible adjustment pursuant to paragraph (i) above), then the Notes shall be terminated as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Final Redemption Amount (or any other payment to be made by the Issuer) as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Early Redemption Amount of the Notes.

(l) ***Notes Linked to Units in an ETF – General***

If the relevant Final Terms specify that the Securities in relation to a Series of Notes are Units in an ETF, then this Condition 21 (*Additional Provisions relating to Equity-Linked Notes and Index-Linked Notes*) shall apply to the Notes as if references therein to "*Underlying Company*" were references to the "*ETF*" and as if references therein to "*Security*" were references to "*Unit*".

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Notes may, subject to all applicable legal and regulatory requirements, be issued in Tranches or Series comprising either Bearer Notes or Registered Notes as specified in the relevant Final Terms.

All Bearer Notes will be issued in either (i) new global note form (a "**New Global Note**" or "NGN"), as set out in Part A and Part B of Schedule 1 to the Issuing and Paying Agency Agreement or, (ii) if not intended to be issued in NGN form, will be issued in classic global note form (a "**Classic Global Note**" or "CGN"), as set out in Part A and Part B of Schedule 2 to the Issuing and Paying Agency Agreement, as specified in the relevant Final Terms or in such other form as the relevant parties may agree.

The NGN form has been introduced to allow for the possibility of Notes being issued and held in a manner which will permit them to be recognised as eligible collateral for monetary policy of the central banking system for the euro (the "**Eurosystem**") and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. However in any particular case such recognition will depend upon satisfaction of the Eurosystem eligibility criteria at the relevant time.

On 13 June 2006 the European Central Bank (the "ECB") announced that Notes in NGN form are in compliance with the "Standards for the use of EU securities settlement systems in ESCB credit operations" of the Eurosystem, **provided that** certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form were to be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 would only be eligible as collateral for Eurosystem operations if the NGN form was used.

Registered Notes may be issued under the new safekeeping structure (the "**New Safekeeping Structure**" or "NSS") or, if not intended to be issued under the NSS, will be issued under the classic safekeeping structure or such other structure as the relevant parties may agree.

Following the introduction of the NGN form in June 2006, the Eurosystem required the ICSDs to review the custody arrangements for international debt securities in global registered form. Further to this review, the NSS was introduced to allow for the possibility of Notes being issued and held in a manner which will permit them to be recognised as eligible collateral for monetary policy of the Eurosystem and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Each time that Bearer Notes are issued in NGN form or Registered Notes are issued under the NSS, the relevant Final Terms shall specify whether or not such Notes are to be held in a manner which will permit them to be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations of the Eurosystem.

Registered Notes

In the case of Registered Notes, the relevant Final Terms may specify that the relevant Tranche or Series of Notes will be issued in global form ("**Global Registered Notes**") held in specified clearing systems, as described below, or in definitive form ("**Definitive Registered Notes**"). If a Tranche or Series of Notes are to be issued in the form of Global Registered Notes, such Series or Tranche of Registered Notes will be represented by a Global Registered Note without interest coupons (a "**Regulation S Global Registered Note**"), which will be delivered by the Issuer, subject to the Issuing and Paying Agency Agreement (as defined herein), and deposited on or about the closing date (the "**Closing Date**") for the relevant Series or Tranche with the common depository for Euroclear and/or Clearstream, Luxembourg and registered in the name of a nominee for such common depository. Interests in any Regulation S Global Registered Note will be exchangeable (in circumstances described below under "*Exchange and Transfer of Global Registered Notes for Definitive Registered Notes*") for Definitive Registered Notes ("**Regulation S Definitive Registered Notes**").

Each Regulation S Global Registered Note will have an ISIN number.

Owner of Global Registered Notes and Payments

Subject to certain provisions of the Issuing and Paying Agency Agreement relating to directions, sanctions and consents of Holders of Registered Notes and to meetings of Holders of Notes, so long as Euroclear, Clearstream, Luxembourg or the nominee of their common depository or the Common Safekeeper, as the case may be, is the registered owner or holder of a Global Registered Note, Euroclear, Clearstream,

Luxembourg or such nominee, as the case may be, will be considered the sole owner or holder of the Notes represented by such Global Registered Note for all purposes under the Issuing and Paying Agency Agreement and the Notes. Payments of principal, interest and additional amounts, if any, pursuant to Condition 9 (*Payments*), on Global Registered Notes will be made to Euroclear, Clearstream, Luxembourg or such nominee thereof, or common service provider acting as agent for Euroclear and Clearstream, Luxembourg, as the case may be, or the registered holder thereof. None of the Issuer, the Registrar, or any Paying Agent or any affiliate of any of the above will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in Global Registered Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. Each such payment in respect of a Global Registered Note will be made to the person shown as the Holder thereof (or, in the case of joint Holders, the first-named) as appearing in the Register at the close of business (in the relevant clearing system) on the business day on which each clearing system for which the Global Registered Note is being held is open for business which is the business day of each such clearing system before the due date for such payment.

Exchange and Transfer of Global Registered Notes for Definitive Registered Notes

Beneficial interests in a Regulation S Global Registered Note will be exchangeable, in whole but not in part, for Regulation S Definitive Registered Notes: (i) if Euroclear or Clearstream, Luxembourg is closed for business for a continuous period of 14 days (other than by reason of public holidays) or announces an intention permanently to cease business or in fact does so; or (ii) if the Issuer, at its option, elects to terminate the book-entry system through Euroclear and Clearstream, Luxembourg; or (iii) if the Notes become immediately repayable in accordance with Condition 11 (*Events of Default*); or (iv) unless otherwise provided in the Final Terms, at the option of the Issuer, if the Issuer would suffer a material disadvantage in respect of the Notes as a result of a change in the laws or regulations (taxation or otherwise) of any jurisdiction which would not be suffered were the Notes in definitive form; or (v) if the Issuer so elects, where the Issuer or any Paying Agent, by reason of any change in, or amendment to, the laws of the United Kingdom, is or will be required to make any deduction or withholding from any payment under the Notes which would not be required if such Notes were in definitive form.

In such circumstances, (a) the Registrar will be required to notify all Holders of interests in the relevant Global Registered Notes registered in the name of Euroclear, Clearstream, Luxembourg or the nominee of their common depository or the Common Safekeeper, as the case may be, of the availability of Definitive Registered Notes and (b) the Issuer will, at the cost of the Issuer, cause sufficient Regulation S Definitive Registered Notes to be executed and delivered to the Registrar for completion, authentication and dispatch to the relevant Holders. A person having an interest in the relevant Global Registered Note must provide the Registrar with a written order containing instructions and such other information as the Issuer and the Registrar may require to complete, execute and deliver the relevant Definitive Registered Note.

The holder of a Registered Note may transfer such Registered Note in accordance with the provisions of Condition 2 (*Form, Denomination and Title*).

The holder of a Definitive Registered Note may transfer such Note by surrendering it at the specified office of the Registrar or Transfer Agent, together with the completed form of transfer thereon.

The Registrar will not register the transfer of or exchange of interests in a Global Registered Note for Definitive Registered Notes for a period of 15 calendar days preceding the due date for any payment in respect of the Notes.

Bearer Notes

Bearer Notes treated as issued in bearer form for U.S. federal income tax purposes will be issued in accordance with the provisions of United States Treasury Regulations 1.163-5(c)(1)(ii) and 1.163-5(c)(2)(i)(D) ("**TEFRA D**", which definition shall include any successor rules in substantially the same form as TEFRA D for the purposes of Section 4701 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**")), unless the relevant Final Terms provides that such Notes will be issued in accordance with the provisions of United States Treasury Regulations 1.163-5(c)(1)(ii) and 1.163-5(c)(2)(i)(C) ("**TEFRA C**", which definition shall include any successor rules in substantially the same form as TEFRA C for the purposes of Section 4701 of the Code). Bearer Notes issued in accordance with TEFRA D will be represented upon issue by a temporary global note in bearer form without interest coupons (a "**Temporary Global Note**"). Bearer Notes issued in accordance with TEFRA C will be

represented upon issue by a permanent global note in bearer form without interest coupons (a "**Permanent Global Note**") or by a Temporary Global Note. Each Temporary Global Note or, as the case may be, Permanent Global Note which is not intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depositary or a common depositary for Euroclear Bank S.A./N.V. as operator of the Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system. Each Temporary Global Note or, as the case may be, Permanent Global Note which is intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg. Beneficial interests in a Temporary Global Note issued in accordance with TEFRA C will be exchangeable at any time and without any requirement for certification for Bearer Notes in definitive form ("**Definitive Bearer Notes**"), in accordance with the terms of such Temporary Global Note and as specified in the relevant Final Terms. Interests in a Temporary Global Note issued in accordance with TEFRA D will be exchangeable either for Definitive Bearer Notes or for interests in a Permanent Global Note, on or after the date which is forty days after the date on which such Temporary Global Note is issued and upon certification as to non-U.S. beneficial ownership thereof or otherwise as required by U.S. Treasury Regulations, in accordance with the terms of such Temporary Global Note and as specified in the relevant Final Terms.

For the purposes of complying with TEFRA D, Bearer Notes may not be offered or sold to a United States person. "**United States person**" means any person who is, for U.S. federal income tax purposes, (i) a citizen or resident of the United States, (ii) a corporation, partnership or other entity created or organised under the laws of the United States or any political subdivision thereof or therein or (iii) an estate or trust the income of which is subject to United States taxation regardless of its source.

The forms of Temporary Global Note and Permanent Global Note (each, a "**Global Note**") will contain provisions applicable to the Notes represented thereby, some of which may modify the effect of the Conditions of the Notes. Certain of these are summarised in this section.

All payments, if any, in respect of Bearer Notes when represented by a Temporary Global Note or Permanent Global Note in CGN form or in NGN form, will be made against presentation and surrender or, as the case may be, presentation of the relevant Temporary Global Note or Permanent Global Note at the specified office of any of the Paying Agents. On each occasion on which a payment is so made, the Issuer shall procure that, in respect of a CGN, record of such payment is noted on a schedule to the relevant Global Note and, in respect of an NGN, the payment is entered *pro rata* in the records of Euroclear and Clearstream, Luxembourg.

In respect of Bearer Notes represented by Global Notes, each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note (each an "**Accountholder**") must look solely to Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the Issuer to the bearer of such Global Note and in relation to all other rights arising under the Global Note. The extent to which, and the manner in which, Accountholders may exercise any rights arising under the Global Note will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by the Global Note, Accountholders shall have no claim directly against the Issuer in respect of payments due under the Notes.

The records of the relevant clearing systems which reflect the amount of Noteholders' interests in the Notes shall be conclusive evidence of the nominal amount of Notes represented by the Global Notes.

An exchange of a Temporary Global Note for Definitive Notes or, as the case may be, a Permanent Global Note will be made only on or after the Exchange Date (as set out in the relevant Final Terms) and provided certification as to the beneficial ownership thereof as required by the US Treasury regulations (in substantially the form set out in the Temporary Global Note or in such other form as is customarily issued in such circumstances by the relevant clearing system or depositary) has been received.

The bearer of any Temporary Global Note shall not (unless, upon due presentation of such Temporary Global Note for exchange (in whole or in part) for a Permanent Global Note or for delivery of Definitive Notes, such exchange or delivery is improperly withheld or refused and such withholding or refusal is continuing at the relevant payment date) be entitled to receive any payment in respect of the Notes

represented by such Temporary Global Note which falls due on or after the Exchange Date or be entitled to exercise any option on a date after the Exchange Date.

If any date on which a payment of principal or interest is due on the Notes of a Tranche occurs whilst any of the Notes of that Tranche are represented by a Temporary Global Note, the related principal or interest payment will be made on the Temporary Global Note only to the extent that certification as to the beneficial ownership thereof as required by the US Treasury regulations (in substantially the form set out in the Temporary Global Note or in such other form as is customarily issued in such circumstances by the relevant clearing system or depository) has been received by Euroclear or Clearstream, Luxembourg or any other relevant clearing system or depository. Payments of amounts due in respect of a Permanent Global Note will be made through any of Euroclear or Clearstream, Luxembourg or any other relevant clearing system or depository without any requirement for certification.

Interests in a Permanent Global Note will be exchanged, at the cost and expense of the Issuer, by the Issuer in whole, for Definitive Notes (a) at the option of the holder of such Permanent Global Note, for Definitive Notes, if the Notes of the relevant Series become immediately repayable in accordance with Condition 11 (*Events of Default*), or (b) if any of Euroclear or Clearstream, Luxembourg or any other relevant clearing system or depository is closed for business for a continuous period of fourteen days (other than by reason of public holidays) or announces an intention to cease business permanently or in fact does so, or (c) at the option of the Issuer, (i) unless otherwise provided in the Final Terms, if the Issuer would suffer a material disadvantage in respect of the Notes as a result of a change in the laws or regulations (taxation or otherwise) of any jurisdiction which would not be suffered were the Notes in definitive form; or (ii) where the Issuer or any Paying Agent, by reason of any change in, or amendment to, the laws of the United Kingdom, is or will be required to make any deduction or withholding from any payment under the Notes, which would not be required if the Notes were in definitive form.

Where a Permanent Global Note is exchangeable for Definitive Notes, then such Notes shall be tradable only in principal amounts of at least the Denomination (or if there is more than one Denomination, the lowest Denomination).

The Issuer may, at any time in writing, waive or limit its right to exchange a Permanent Global Note for Definitive Notes in the circumstances described above, where the Issuer at its sole discretion considers such limitation or waiver to be desirable in respect of a particular Series of Notes.

Definitive Bearer Notes will, if interest-bearing and if so specified in the relevant Final Terms, have Coupons and, if applicable, a talon for further Coupons attached. All Definitive Bearer Notes will, if the principal thereof is repayable by instalments, have endorsed thereon a grid for recording the payment of principal.

Following redenomination of the Notes pursuant to Condition 10 (*Redenomination*):

- (i) if Notes are required to be issued in definitive form, they shall be issued at the expense of the Issuer in the denominations of euro 0.01, euro 1,000, euro 10,000, euro 100,000 and such other denominations as the Principal Paying Agent shall determine and notify to the Noteholders; and
- (ii) the amount of interest due in respect of Notes represented by the Temporary Global Note and the Permanent Global Note will be calculated by reference to the aggregate principal amount of such Notes and the amount of such payment shall be rounded down to the nearest euro 0.01.

All notices to the Holders of Notes or the Coupons appertaining thereto will be valid, in the case of Notes in global form, if delivered to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, depository or common safekeeper (as may be agreed between the Issuer and the Dealer) for communication by them to the persons shown in their respective records as having interests therein; **provided that**, in each case, in the case of Notes that have been admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system, the rules of such listing authority, stock exchange and/or quotation system have been complied with. Any such notice shall be deemed to have been given on the date of such delivery or, if the Notes are admitted to listing, trading and/or quotation and publication is required under the applicable rules of the relevant listing authority, stock exchange and/or quotation system, on the date of publication or, if published more than once, on the date of the first such publication (or, if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers).

Holders of any Coupons appertaining to Bearer Notes will be deemed for all purposes to have notice of the contents of any notice given to the Holders of such Bearer Notes in accordance herewith.

SUBSCRIPTION AND SALE OF NOTES

General

- (1) Each Dealer has, in a Master Note Issuance Agreement, agreed with the Issuer a basis upon which it may from time to time agree either as principal or agent of the Issuer to subscribe for or purchase, to underwrite or, as the case may be, to procure subscribers or purchasers for Notes. When entering into any such agreement to subscribe for or purchase, to underwrite, or as the case may be, to procure subscribers for or purchasers for any particular Series of Notes, the Issuer and the relevant Dealer(s) will agree details relating to the form of such Notes and the Conditions relating to such Notes, the price at which such Notes will be purchased by the relevant Dealer(s) and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such subscription or purchase. The Master Note Issuance Agreement contains provisions for the Issuer to appoint other Dealers from time to time either generally in respect of the Programme or in relation to a particular Tranche of Notes.
- (2) Other than with respect to the admission to listing, trading and/or quotation by one or more listing authorities, stock exchanges and/or quotation systems as may be specified in the Final Terms, no action has been or will be taken in any country or jurisdiction by the Issuer or the relevant Dealer(s) that would permit a public offering of Notes, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. Persons into whose hands this Base Prospectus or any Final Terms comes are required by the Issuer and the relevant Dealer(s) to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or have in their possession or distribute this Base Prospectus or any Final Terms or related offering material, in all cases at their own expense.

Australia

This Base Prospectus is not a disclosure document under Chapter 6D or Part 7.9 of the *Corporations Act 2001* (Cth) and has not been, and will not be, lodged with the Australian Securities and Investments Commission ("ASIC"). This Base Prospectus does not purport to include the information required of a disclosure document under Chapter 6D or Part 7.9 of the *Corporations Act 2001* (Cth). The offer of Notes referred to in this Base Prospectus is made only to persons to whom it is lawful to offer securities in Australia without a disclosure document lodged with ASIC and complies with the terms of any authority granted under the *Banking Act 1959* (Cth) of Australia. This means the offer is directed only to investors who come within one of the categories set out in section 708(8) or 708(11) of the *Corporations Act 2001* (Cth) ("**Sophisticated Investors**" and "**Professional Investors**", respectively).

As no formal disclosure document (such as a base prospectus) will be lodged with ASIC, the Notes may only be offered and issued to one of the categories of Sophisticated or Professional Investors. If any recipient of this Base Prospectus is not a Sophisticated Investor or a Professional Investor, no offer of, or invitation to apply for, the Notes shall be deemed to be made to such recipient and no applications for the Notes will be accepted from such recipient. Any offer to a recipient in Australia, and any agreement arising from acceptance of such offer, is personal and may only be accepted by the recipient.

If a person to whom Notes are issued (an "**Investor**") on-sells the Notes within 12 months from their issue, the Investor will be required to lodge a prospectus with ASIC unless either:

- (a) that sale is to another Sophisticated Investor or Professional Investor; or
- (b) the sale offer is received outside Australia.

Each Investor acknowledges the above and, by applying for Notes under this Base Prospectus, gives an undertaking not to sell those Notes in any circumstances other than those described in paragraphs (a) and (b) above for 12 months after the date of issue of such Notes.

In addition, each Dealer and Investor has represented and agreed that it will comply with Banking exemption No. 1 of 2018 dated 21 March 2018 promulgated by the Australian Prudential Regulation Authority and which requires all offers and transfers to be in parcels of not less than A\$500,000 in aggregate principal amount. Banking exemption No. 1 does not apply to transfers which occur outside Australia.

This Base Prospectus is not, and under no circumstances is to be construed as, an advertisement or public offering of the Notes in Australia.

This Base Prospectus is distributed to investors in Australia and any offer of Notes is made to investors in Australia, in each case subject to the conditions set out above, on behalf of each of the institutional managers by their respective licensed affiliates, each of which holds an Australian Financial Services License which permits such licence holder to distribute this Base Prospectus and offer the Notes to investors in Australia.

The Issuer is not licensed to provide financial product advice in Australia and nothing in this Base Prospectus takes into account the investment objectives, financial situation and particular needs of any individual investors. The Issuer and Dealers recommend that investors read this Base Prospectus before making a decision to acquire Notes.

The Notes to be issued under the Programme and this Base Prospectus have not been reviewed, filed or registered with the Egyptian Financial Regulatory Authority or other relevant authorities in Egypt.

- (b) made only to persons who meet the Professional Client criteria set out in Rule 2.3.3 of the Conduct of Business Module of the DFSA rulebook.

Unless the Final Terms in respect of any Notes specifies the "Prohibition of Sales to EEA Retail Investors" as "Not applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area. For the purposes of this provision:

- (a) the expression "**retail investor**" means a person who is one (or more) of the following:

Public Offer Selling Restriction Under the EU Prospectus Regulation

In relation to any Notes if the Final Terms in respect of such Notes specifies "Prohibition of Sales to EEA Retail Investors" as "Not applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not

make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in a Member State of the European Economic Area (an "**EEA Member State**") except that it may make an offer of such Notes to the public in that EEA Member State:

- (a) *Qualified investors*: at any time to any legal entity which is a qualified investor as defined in the EU Prospectus Regulation;
- (b) *Fewer than 150 offerees*: at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the EU Prospectus Regulation), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (c) *Other exempt offers*: at any time in any other circumstances falling within Article 1(4) of the EU Prospectus Regulation,

provided that no such offer of Notes referred to in paragraphs (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the EU Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the EU Prospectus Regulation.

For the purposes of this provision, the expression an "**offer of Notes to the public**" in relation to any Notes in any EEA Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes, and the expression "**EU Prospectus Regulation**" means Regulation (EU) 2017/1129 (as amended).

The Notes may only be offered to those categories of investors listed in the First Addendum (the "**Addendum**") to the Securities Law ("**Sophisticated Investors**") namely joint investment funds or mutual trust funds, provident funds, insurance companies, banking corporations (purchasing Notes for themselves or for clients who are Sophisticated Investors), portfolio managers (purchasing Notes for themselves or for clients who are Sophisticated Investors), investment advisors or investment marketers (purchasing Notes for themselves), members of the Tel-Aviv Stock Exchange (purchasing Notes for themselves or for clients who are Sophisticated Investors), underwriters (purchasing Notes for themselves), venture capital funds engaging mainly in the capital market, an entity which is wholly-owned by Sophisticated Investors, corporations, other than formed for the specific purpose of an acquisition pursuant to an offer, with a shareholders' equity in excess of NIS 50 million, and individuals investing for their own account, in respect of which at least one of the following applies: the total value of their cash, deposits, financial assets (as defined in the Investment Advice Law) and securities traded on a stock exchange licensed under the Securities Law (together, "**Liquid Assets**") exceeds NIS 8,095,444; their level of income over each of the preceding two years exceeds NIS 1,214,317, or the level of income of their "family unit" exceeds NIS 1,821,475; or the aggregate value of all their Liquid Assets exceeds NIS 5,059,652 and their level of income over each of the preceding two years exceeds NIS 607,158,

This Base Prospectus may not be reproduced or used for any other purpose, nor be furnished to any other person other than those to whom copies have been sent. Any offeree who purchases a Note is purchasing such Note for its own benefit and account and not with the aim or intention of distributing or offering such Note to other parties (other than, in the case of an offeree which is a Sophisticated Investor by virtue of it being a banking corporation, portfolio manager or member of the Tel-Aviv Stock Exchange, as defined in the Addendum, where such offeree is purchasing Notes for another party which is a Sophisticated Investor). As a prerequisite to the receipt of a copy of this Base Prospectus a recipient may be required to provide confirmation that it is a Sophisticated Investor purchasing Notes for its own account or, where applicable, for other Sophisticated Investors.

The Issuer does not hold a licence under the Investment Advice Law to conduct investment marketing. By acceptance thereof, purchasers of the Warrants will be deemed to have acknowledged and agreed and to have waived any and all actual or potential conflicts of interest that may arise as a result of the calculation of the Alternative Payment Currency Equivalent by the Calculation Agent.

(g) ***Price Source Disruption and FX Disruption***

(X) If "Price Source Disruption" is specified as being applicable in the relevant Final Terms, then, if on any day on which the Calculation Agent is required to determine a Relevant Rate (a "**Scheduled FX Fixing Date**"):

(A) a Price Source Disruption occurs, (other than as a result of an Unscheduled Holiday) and no Alternative Payment Currency Exchange Rate Fall-Back provisions or Underlying Currency Pair Exchange Rate Fall-Back provisions, as applicable, are specified in the relevant Final Terms, then the Calculation Agent shall:

(1) determine the Relevant Rate by reference to the rate of exchange published by available recognised financial information vendors (as selected by the Calculation Agent acting in good faith and in a commercially reasonable manner) on the Scheduled FX Fixing Date (the "**Fall-Back Reference Price**"); or

(2) unless the Final Terms specify Dealer Poll as not applicable, in the event that the Calculation Agent is unable to determine a Fall-Back Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fall-Back Reference Price so determined does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market, the Calculation Agent will on the Scheduled FX Fixing Date request four Reference Dealers to provide a quotation of their rate for the Relevant Rate on such day. If at least two quotations are provided, the Relevant Rate will be the arithmetic mean of such quotations; and

(3) if (i) the Final Terms specify Dealer Poll as not applicable and the Calculation Agent is unable to determine a Fall-Back Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fall-Back Reference Price so determined does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; (ii) the Calculation Agent determines that the Relevant Rate determined in accordance with paragraph (2) above does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; or (iii) fewer than 2 quotations are provided by Reference Dealers following the Calculation Agent's request pursuant to paragraph (2) above, the Calculation Agent will determine the Relevant Rate on the first succeeding Business Day on which the Price Source Disruption ceases to exist; **provided, however, that** if the Price Source Disruption continues for thirty consecutive calendar days (or such other number of calendar days as may be specified in the relevant Final Terms) after the Scheduled FX Fixing Date (the "**FX Cut-off Date**", the Calculation Agent shall determine its good faith estimate of the Relevant Rate on that FX Cut-off Date; or

(B) an Unscheduled Holiday occurs (whether or not a Price Source Disruption also occurs), the Scheduled FX Fixing Date for such Relevant Rate and all other Relevant Rates which have the same Scheduled FX Fixing Date shall be postponed to the first succeeding Relevant Currency Business Day; **provided, however, that** in the event that the Scheduled FX Fixing Date is postponed as a result of the occurrence of an Unscheduled Holiday (a "**Postponed FX Fixing Date**"), and if the

Postponed FX Fixing Date has not occurred on or before the thirtieth consecutive calendar day (or such other number of calendar days as may be specified in the relevant Final Terms) after the Scheduled FX Fixing Date (any such period being a "**Deferral Period**"), then the next day after the Deferral Period that is or would have been a Relevant Currency Business Day but for an Unscheduled Holiday, shall be deemed to be the Postponed FX Fixing Date and the Calculation Agent shall determine its good faith estimate of the Relevant Rate on that Postponed FX Fixing Date.

(Y) If at any time, a FX Disruption Event occurs, the Issuer, in its sole and absolute discretion, may elect to either:

(A) having given not less than five days' notice to the Warrantheolders in accordance with Condition 11 (*Notices*), terminate all, but not some only, of the Warrants at their Fair Market Value (and, if the FX Disruption Event occurs on a Scheduled FX Fixing Date on which there is a Price Source Disruption or Unscheduled Holiday, for the purposes of determining such Fair Market Value the Calculation Agent shall first determine any Relevant Rate (a) in accordance with sub-paragraph (X)(A) or (X)(B) above, as applicable, of Condition 5(g) (*Exercise Procedure – Price Source Disruption and FX Disruption*)) if "Price Source Disruption" is specified as being applicable in the relevant Final Terms or, alternatively (b) in good faith and in a commercially reasonable manner, on the date notified to the Warrantheolders; or

(B) instruct the Calculation Agent to make such adjustment(s) to the Conditions as it, acting in good faith and in a commercially reasonable manner, determines to be necessary or desirable to reflect or account for any market practice that develops in respect of the FX Disruption Event,

provided, however, that in relation to sub-paragraphs (Y)(A) and (Y)(B) above, if as a result of the FX Disruption Event the Issuer is not able to satisfy payments in respect of the Warrants when due in the Settlement Currency, the Issuer may settle any such payment pursuant to the provisions of Condition 5(f) (*Exercise Procedure - Payment of Alternative Payment Currency Equivalent*);

(Z) If the Warrants are specified in the relevant Final Terms as being "American Style" Warrants and if a Scheduled FX Fixing Date is postponed in accordance with this Condition 5(g) (*Exercise Procedure – Price Source Disruption and FX Disruption*), any Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of local banking days as may be specified in the applicable Final Terms) following the postponed Scheduled FX Fixing Date or, if later, the FX Cut-off Date or Postponed FX Fixing Date, as applicable.

(h) ***Exercise Risk***

Exercise of the Warrants and payment by the Issuer and the Principal Warrant Agent will be subject in all cases to all applicable fiscal and other laws, regulations and practices in force at the relevant time (including, without limitation, any relevant exchange control laws or regulations and the rules and procedures of the relevant Clearing System) and neither the Issuer nor the Principal Warrant Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations and practices. Neither the Issuer nor the Principal Warrant Agent shall under any circumstances be liable for any acts or defaults of any Clearing System in the performance of its duties in relation to the Warrants.

(i) ***Determinations***

Any determination as to whether an Exercise Notice is duly completed and in proper form shall be made by the relevant Clearing System, and shall be conclusive and binding on the Issuer, the Warrant Agents and the relevant Warrantholder. Any Exercise Notice so determined to be incomplete or not in proper form or which is not copied to the Principal Warrant Agent immediately after being sent to the relevant Clearing System, shall be null and void. If such Exercise Notice is subsequently corrected to the satisfaction of the relevant Clearing System, it shall be deemed to be a new Exercise Notice submitted at the time such correction is delivered to the relevant Clearing System.

(j) ***Effect of Exercise Notice***

Delivery of an Exercise Notice shall constitute an irrevocable election and undertaking by the Warrantholder to exercise the Warrants specified therein, **provided that** the person exercising and delivering such Exercise Notice is the person then appearing in the books of the relevant Clearing System as the Holder of the relevant Warrants. If the person exercising and delivering the Exercise Notice is not the person so appearing, such Exercise Notice shall for all purposes become null and void and shall be deemed not to have been so delivered.

After the delivery of an Exercise Notice (other than an Exercise Notice which shall become void pursuant to Condition 5(a) (*Exercise Procedure – Exercise Notice*)), the Warrantholder specified in such Exercise Notice may not otherwise transfer such Warrants. Notwithstanding this, if any Warrantholder does so transfer or attempt to transfer such Warrants, the Warrantholder will be liable to the Issuer for any losses, costs and expenses suffered or incurred by the Issuer including those suffered or incurred as a consequence of it having terminated any related hedging operations in reliance on the relevant Exercise Notice and subsequently (i) entering into replacement hedging operations in respect of such Warrants or (ii) paying any amount on the subsequent exercise of such Warrants without having entered into any replacement hedging operations.

(k) ***LBMA Physical Settlement***

The following provisions apply where LBMA Physical Settlement is specified as being applicable in the relevant Final Terms.

A. ***LBMA Transfer Notice***

- (i) Each Warrantholder shall, on or before 4:00 pm (London time) on the date falling 5 Underlying Currency Pair Business Days (as applicable) before the relevant Cash Settlement Payment Date (or such earlier date as the Issuer shall determine is necessary for the Issuer, the Warrant Agents, the relevant Clearing System to perform their respective obligations hereunder and notify to the Warrant Agents and the Warrantholders accordingly) send to the relevant Clearing System, in accordance with its then applicable operating procedures, and copied to the Principal Warrant Agent, an irrevocable notice (an "**LBMA Transfer Notice**") in the form from time to time approved by the Issuer, which must:
- (A) specify the name and address of the Warrantholder;
 - (B) specify the number of Warrants in respect of which he is the Warrantholder;
 - (C) specify the number of the Warrantholder's account at the relevant Clearing System, to be debited with such Warrants;
 - (D) irrevocably instruct and authorise the relevant Clearing System, (1) to debit the Warrantholder's account with such Warrants on

the relevant Cash Settlement Payment Date and (2) that no further transfers of the Warrants specified in the LBMA Transfer Notice may be made;

- (E) contain a representation and warranty from the Warrantholder to the effect that the Warrants to which the LBMA Transfer Notice relates are free from all liens, charges, encumbrances and other third party rights;
 - (F) specify the number and account name of the account in London with a member of the LBMA where the relevant amount of Cash Settlement Amount and/or any other amount in respect of the Warrants shall be credited;
 - (G) contain an irrevocable undertaking to pay the Transfer Expenses (if any) and an irrevocable instruction to the relevant Clearing System, to debit on or after the relevant Cash Settlement Payment Date the cash or other account of the Warrantholder with the relevant Clearing System, specified in the LBMA Transfer Notice with such Transfer Expenses; and
 - (H) authorise the production of the LBMA Transfer Notice in any applicable administrative or legal proceedings.
- (ii) A LBMA Transfer Notice, once delivered to the relevant Clearing System, shall be irrevocable and may not be withdrawn without the consent in writing of the Issuer. A Warrantholder may not transfer any Warrant which is the subject of a LBMA Transfer Notice following delivery of such LBMA Transfer Notice to the relevant Clearing System. A LBMA Transfer Notice shall only be valid to the extent that the relevant Clearing System have not received conflicting prior instructions in respect of the Warrants which are the subject of the LBMA Transfer Notice.
 - (iii) Failure properly to complete and deliver a LBMA Transfer Notice may result in such notice being treated as null and void with the consequence set out in sub-paragraph (C) below. Any determination as to whether such notice has been properly completed and delivered as provided shall be made by the relevant Clearing System, after consultation with the Principal Warrant Agent and shall be conclusive and binding on the Issuer and the Warrantholder.
 - (iv) The Principal Warrant Agent shall promptly on the local banking day following receipt of a LBMA Transfer Notice send a copy thereof to the Issuer or such person as the Issuer may previously have specified.

B. *Delivery obligation*

Subject to the other provisions of this Condition 5(k) (*Exercise Procedure – LBMA Physical Settlement*), if the LBMA Physical Settlement provisions are specified in the relevant Final Terms as being applicable, the Issuer shall discharge its obligation to deliver the relevant amount of Cash Settlement Amount and/or any other amount in respect of the Warrants by crediting, or procuring the credit of, the same on the relevant Cash Settlement Payment Date of the Warrants to the account in London with a member of the LBMA specified in the LBMA Transfer Notice of the relevant Warrantholder.

C. *LBMA Physical Settlement Fall-Back Settlement Amount*

In the event that any Warrantholder fails to deliver a valid LBMA Transfer Notice by 4:00 pm on the day falling 5 Underlying Currency Pair Business Days (as applicable) before the relevant Cash Settlement Payment Date (or such earlier

date as the Issuer shall determine is necessary for the Issuer, the Paying Agents, the relevant Clearing System to perform their respective obligations hereunder and notify to the Warrant Agents and the Warrantholders accordingly), the Calculation Agent shall determine the LBMA Physical Settlement Fall-Back Settlement Amount and the Issuer shall pay the LBMA Physical Settlement Fall-Back Settlement Amount in respect of each Warrant held by such Warrantholder on the Cash Settlement Payment Date of the Warrants.

D. *Disruption*

(i) *LBMA Physical Settlement Market Disruption Event*

If a LBMA Physical Settlement Market Disruption Event occurs or exists on any date on which the Underlying Currency Pair Exchange Rate is to be determined, the Underlying Currency Pair Exchange Rate shall be the rate determined by the Calculation Agent taking into consideration the latest available Underlying Currency Pair Exchange Rate as of a date on which no LBMA Physical Settlement Market Disruption Event occurred or existed and any other information which the Calculation Agent considers relevant.

(ii) *Settlement Disruption of LBMA Physical Settlement*

The Calculation Agent shall determine whether or not at any time a LBMA Physical Settlement Disruption Event has occurred and where it determines such an event has occurred and has prevented any delivery on the original day that but for such LBMA Physical Settlement Disruption Event would have been the relevant Cash Settlement Payment Date of the Warrants then such date will be the first succeeding day on which the relevant delivery can take place unless a LBMA Physical Settlement Disruption Event prevents settlement on each of the ten (10) Business Days immediately following the original date that, but for the LBMA Physical Settlement Disruption Event, would have been the relevant Cash Settlement Payment Date. In that case, (a) if the relevant delivery can be effected in any other commercially reasonable manner, then the relevant Cash Settlement Payment Date will be that tenth (10th) Business Day with delivery being effected in such manner, and (b) if such delivery cannot be effected in any other commercially reasonable manner, then the relevant Cash Settlement Payment Date will be postponed until delivery can be effected in another commercially reasonable manner.

(I) *Dividend Equivalent Payments*

In respect of any Series of Warrants where the payments in respect of such Warrants are determined by reference to one or more variables such as an index, formula, security, commodity, currency exchange rate, interest rate, inflation index, the credit of one or more entities or other factor (each variable being a "**Reference Asset**" or, if it is comprised in a basket of variables, a "**Reference Asset Component**"), if the Final Terms in respect of such Warrants states the Warrants are "Section 871(m) Warrants", the Final Terms shall further specify whether the "Dividend Withholding" or "Issuer Withholding" approach to withholding in relation to Section 871(m) IRC shall be applicable to the Warrants.

If "Dividend Withholding" is specified in the relevant Final Terms, the relevant Final Terms shall provide for the Issuer to make payments to Warrantholders in respect of any dividend equivalent amounts received or deemed received in respect of any Reference Asset or Reference Asset Component and shall include provisions relating to the amount and timing of such payments.

If "Issuer Withholding" is specified in the relevant Final Terms, the Final Terms shall specify whether any dividend equivalent amounts are to be treated as being reinvested during the term of the Warrants and what portion thereof is expected as of the Issue Date

to be treated for U.S. federal income tax purposes as having been withheld from a payment due to the Warrantholders.

6. **Minimum Number of Warrants Exercisable**

The Warrants are exercisable in the minimum number (the "**Minimum Exercise Number**") specified in the relevant Final Terms and integral multiples thereof (or, if a "**Permitted Multiple**" is specified in the relevant Final Terms, integral multiples of the Permitted Multiple) on any particular occasion or such lesser Minimum Exercise Number or other Permitted Multiple as the Issuer may from time to time notify to the Warrantholders in accordance with Condition 11 (*Notices*).

7. **Effects of European Economic and Monetary Union**

- (a) Following the occurrence of an EMU Event (as defined below), the Calculation Agent may make such adjustment (and determine the effective date of such adjustment) as it determines appropriate, if any, to the Strike Price (if any), the formula for the Cash Settlement Amount, the Final Price, the number of Securities to which each Warrant relates, the number of securities comprised in a Security Basket Warrant, the amount, the number of or type of shares, bonds, other securities or other property which may be delivered in respect of such Warrants and/or any other adjustment and, in any case, any other variable relevant to the exercise, settlement or payment terms of the relevant Warrants which have been or may be affected by such EMU Event.
- (b) Following the occurrence of an EMU Event, without prejudice to the generality of the foregoing, the Issuer shall be entitled to: (i) make such conversions between amounts denominated in the National Currency Units of the member states of the European Union that have adopted the single currency in accordance with the Treaty and the euro, and the euro and the National Currency Units, in each case, in accordance with the conversation rates and rounding rules established by the council of the European Union pursuant to the Treaty as it considers appropriate; (ii) make all payments in respect of the Warrants solely in euro as though references in the Warrants to the relevant National Currency Units were to euro and (iii) make such adjustments as it considers necessary to the Strike Price (if any), the formula for the Cash Settlement Amount, Final Price and any other amount as it determines to be appropriate.
- (c) None of the Issuer, a Warrant Agent or the Calculation Agent will be liable to any Warrantholder or other person for any commissions, costs, losses or expenses in relation to or resulting from any currency conversion or rounding effected in connection therewith.
- (d) For the purposes hereof, "**EMU Event**" means the occurrence of any of the following, as determined by the Calculation Agent, acting in a commercially reasonable manner:
 - (i) the withdrawal from legal tender of any currency that, before the introduction of the euro, was lawful currency in one of the member states;
 - (ii) the redenomination of any Security into euro;
 - (iii) any change in the currency of denomination of any index;
 - (iv) any change in the currency in which some or all the securities or other property contained in any index is denominated;

 - (vi) the change by any organised market, exchange or clearance, payment or settlement system in the unit of account of its operating procedures to the euro.

8. **Warrant Agents and Calculation Agent**

(a) ***Appointment of Agents***

The Issuer reserves the right at any time to vary or terminate the appointment of the Principal Warrant Agent or the Calculation Agent or the Authentication Agent or the Warrant Registrar or the Warrant Transfer Agent and to appoint another Principal Warrant Agent or a substitute Calculation Agent or a substitute Authentication Agent or a substitute Warrant Registrar or a substitute Warrant Transfer Agent, **provided that** so long as any Warrant is outstanding, the Issuer will maintain a Principal Warrant Agent and a Calculation Agent and an Authentication Agent and, so long as any Registered Warrants are outstanding, a Warrant Registrar. Notice of any termination of appointment and of any change in the specified office of the Principal Warrant Agent or a Calculation Agent or an Authentication Agent or a Warrant Registrar or a Warrant Transfer Agent and of any appointment of a Warrant Agent or a Calculation Agent or an Authentication Agent or a Warrant Registrar or a Warrant Transfer Agent will be given to Warrantheolders in accordance with Condition 11 (*Notices*). In acting under the Warrant Agency Agreement, the Agents acts solely as agents of the Issuer and do not assume any obligation or duty to, or any relationship of agency or trust for or with, the Warrantheolders.

(b) ***Calculation Agent***

The Calculation Agent shall not act as an agent for the Warrantheolders but shall be the agent of the Issuer. All calculation functions required of the Calculation Agent under these Conditions may be delegated to any such person as the Calculation Agent, in its absolute discretion, may decide.

Neither the Issuer nor the Calculation Agent shall have any responsibility for any errors or omissions in the calculation and dissemination of any variables used in any calculation made pursuant to these Conditions or in the calculation or determination of any Cash Settlement Amount.

Except as otherwise provided in these Conditions or in a relevant Final Terms, all calculations and determinations made by the Calculation Agent pursuant to the Conditions for the purposes of the Warrants (including any determinations by the Calculation Agent as to the exercise or non-exercise by it of its powers, duties and discretions for such purposes) shall be made in good faith and in a commercially reasonable manner.

(c) ***Notifications***

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the Warrants by the Principal Warrant Agent or the Calculation Agent shall (in the absence of manifest error or wilful misconduct) be binding on the Issuer and the Warrantheolders **and (subject as aforesaid) no liability to the Warrantheolders (or any of them) shall attach to the Principal Warrant Agent or the Calculation Agent in connection with the exercise or non-exercise by either of them of their powers, duties and discretions for such purposes.**

(d) All calculations and determinations made by the Calculation Agent pursuant to the Conditions for the purposes of the Warrants shall be made in good faith.

8A. **Consequences of a Benchmark Trigger Event**

(a) If the Issuer determines that a Benchmark Trigger Event has occurred in relation to a Relevant Benchmark relating to a Series of Warrants, then:

(i) if an Alternative Pre-nominated Index has been specified in relation to such Relevant Benchmark in the relevant Final Terms:

(A) unless the Issuer determines that replacing the Relevant Benchmark with the Alternative Pre-nominated Index would not produce a commercially

reasonable result, references to such Relevant Benchmark shall be deemed to be replaced with references to the Alternative Pre-nominated Index with effect from the Benchmark Trigger Event Determination Date; and

- (B) the Issuer shall make such other adjustments to these Conditions as it determines are necessary to account for the effect on the Warrants of referencing the Alternative Pre-nominated Index in place of such Relevant Benchmark including, without limitation, to any variable, margin, calculation methodology, valuation, settlement, payment terms or any other terms of the Warrants; and
- (ii) if an Alternative Pre-nominated Index has not been specified in relation to such Relevant Benchmark in the relevant Final Terms or the Issuer determines that replacing the Relevant Benchmark with the Alternative Pre-nominated Index would not produce a commercially reasonable result, the Issuer shall do any of the following:
- (A) determine that references to such Relevant Benchmark shall be deemed to be replaced by references to such index, benchmark or price source as the Issuer determines would have the effect of placing the Issuer in an economically equivalent position to that which it would have been in had the Benchmark Trigger Event not occurred (the "**Replacement Index**") (and in making such determination the Issuer shall be entitled to take into account such facts and circumstances as it considers relevant including, without limitation, (i) any index, benchmark or other price source which measures the same market or economic reality as the Relevant Benchmark and which is formally designated, nominated or recommended by the administrator or sponsor of the Relevant Benchmark or (ii) any index, benchmark or other price source which is formally designated, nominated or recommended by any Relevant Nominating Body, in each case to replace the Relevant Benchmark), in which case:
 - (1) references to such Relevant Benchmark shall be deemed to be replaced with references to such Replacement Index with effect from the Benchmark Trigger Event Determination Date; and
 - (2) the Issuer shall make such other adjustments to these Conditions as it determines are necessary to account for the effect on the Warrants of referencing the Replacement Index in place of such Relevant Benchmark including, without limitation, to any variable, margin, calculation methodology, valuation, settlement, payment terms or any other terms of the Warrants; or
 - (B) follow the steps for determining the relevant rate or level set out in the Relevant Reference Asset Fallback Provisions (if any); or
 - (C) determine that the Warrants shall be terminated, in which case the Issuer's obligations under the Warrants shall be satisfied in full upon payment in respect of each Warrant of an amount equal to its Fair Market Value on the date selected by the Issuer and give notice of such termination to the Warrantholders (with a copy to the Calculation Agent) in accordance with Condition 11 (*Notices*);

provided, however, that if (1) it is or would be unlawful at any time under applicable law or regulation or (2) it would contravene any applicable licensing requirements, in each case, for any of the above provisions or determinations to apply to the Warrants, then such provision shall not apply and the Issuer shall not make such determination (as the case may be) and the Issuer shall instead take

any of the above actions that complies with the applicable law, regulation or licensing requirements.

- (b) If the Issuer is not able to determine the Relevant Benchmark in accordance with the provisions of this Condition 8A (*Consequences of a Benchmark Trigger Event*) on any Relevant Benchmark Determination Date, then the Relevant Benchmark Determination Date shall be postponed to such date as it is able to make such determination and any Relevant Benchmark Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of days as may be specified in the applicable Final Terms) following the postponed Relevant Benchmark Determination Date.
- (c) The Issuer shall promptly following the determination of any replacement for a Relevant Benchmark pursuant to paragraph (a)(i)(A) or (a)(ii)(A) above give notice thereof and of any changes pursuant to paragraph (a)(i)(B) or (a)(ii)(A)(2) (as applicable) to the Principal Paying Agent, the Calculation Agent and the Warrantholders (in accordance with Condition 11 (*Notices*)).
- (d) Without prejudice, in the case of any Index-Linked Warrants, to Condition 19(c)(ii) (*Valuation, Adjustments and Extraordinary Events – Adjustments to Indices – Index Modification*), if the definition, methodology or formula for a Relevant Benchmark in respect of a Series of Warrants, or other means of calculating the Relevant Benchmark in respect of a Series of Warrants, is changed, then references to such Relevant Benchmark shall be to such Relevant Benchmark as so changed.
- (e) In making any determination under this Condition 8A (*Consequences of a Benchmark Trigger Event*), the Issuer shall take account of such facts and circumstances as it considers relevant, including, without limitation, prevailing market practice, any determinations made in respect of any of the Issuer's hedging arrangements in relation to the Warrants (including, without limitation, in respect of any termination or re-establishment of hedging arrangements, and the Issuer's funding costs. Except to the extent the such exclusion is prohibited by law, in the absence of fraud or gross negligence on the part of the Issuer, no liability will attach to the Issuer in connection with any determination made by the Issuer pursuant to this Clause 8A (*Consequences of a Benchmark Trigger Event*)).

9. Taxes

All payments by the Issuer in respect of the Warrants will be made without withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatever nature, present or future, as are imposed or levied by or on behalf of the United Kingdom unless the Issuer is required by law to withhold or deduct any such taxes, duties, assessments or governmental charges.

In the event that the Issuer is so required by law to withhold or deduct, it shall not be obliged to pay any additional amounts to the Warrantholders.

A Warrantholder subscribing for, purchasing or exercising Warrants shall be responsible for paying all Taxes and securities transfer taxes and any other charges, if any, payable in connection with the subscription, purchase or exercise of such Warrants and the Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer or exercise of any Warrants.

In any case where the Issuer is obliged to pay any such tax, duty or charge, the relevant Warrantholder shall promptly reimburse the Issuer therefor.

If the Issuer becomes resident for tax purposes in any taxing jurisdiction other than the United Kingdom, references in this Condition 9 (*Taxes*) to the United Kingdom shall be construed as references to the United Kingdom and/or such other jurisdiction.

Notwithstanding any other provision in these Conditions, the Issuer shall be permitted to withhold or deduct any amounts permitted or required by the rules of IRC Section 871(m), or IRC Sections 1471 through 1474 (or any amended or successor provisions), pursuant to any inter governmental

agreement, or implementing legislation adopted by another jurisdiction in connection with these provisions, or pursuant to any agreement with the U.S. Internal Revenue Service ("**U.S. Permitted Withholding**"). Neither the Issuer nor any Paying Agent will have any obligation to pay additional amounts or otherwise indemnify a holder for any U.S. Permitted Withholding deducted or withheld by the Issuer, a Paying Agent or any other party as a result of any person (other than an agent of the Issuer) not being entitled to receive payments free of U.S. Permitted Withholding.

10. **Illegality**

The Issuer shall have the right to terminate its obligations under the Warrants, if the Calculation Agent shall have determined acting in good faith and a commercially reasonable manner, that the performance of such obligations under the Warrants (or the Issuer's designated affiliates' obligations under any hedging or funding arrangement established in connection therewith) shall have become unlawful or impracticable in whole or in part, including, without limitation, as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive or with any requirement or request of any governmental, administrative, legislative or judicial authority or power; **provided, however, that** if the Calculation Agent determines that the relevant obligations have become unlawful, the Issuer may obtain an opinion of an independent legal adviser to that effect prior to terminating its obligations under the Warrants, and any such opinion shall be sufficient to establish the circumstances required by this Condition 10. In such circumstances the Issuer will, however, pay to each Warrantholder in respect of each Warrant held by it an amount determined by the Calculation Agent representing the Fair Market Value of such Warrant immediately prior to such termination. Payment will be made in such manner as shall be notified to the Warrantholders in accordance with Condition 11 (*Notices*).

11. **Notices**

All notices to Warrantholders will be deemed to have been duly given (a) in the case of Registered Warrants if notified to the relevant Clearing System or (b) in the case of Definitive Registered Warrants, if sent by first class mail or (if posted to an address overseas) by airmail to the holders at their respective addresses appearing in the Record and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Definitive Registered Warrants are listed by or on a competent authority or stock exchange and, if the rules of that competent authority or stock exchange so require, such notice will be published in a daily newspaper of general circulation in the places or places required by that competent authority or stock exchange. Any such notice shall be deemed to have been given on the date of such notification or, in the case of any of Warrants listed on any listing authority, stock exchange and/or quotation system, the date of such publication or, if notified or published more than once or on different dates, on the date of the first such notification or publication (or if required to be published in more than one newspaper, on the first date on which publication shall have been made in all required newspapers).

12. **Further Issues**

The Issuer shall be at liberty from time to time without the consent of the Warrantholders to create and issue further warrants of any particular Series so as to form a single Series with the Warrants.

13. **Purchase by the Issuer**

The Issuer may at any time purchase Warrants at any price in the open market or by tender or private treaty. Any Warrants so purchased may, at the discretion of the Issuer, be held, resold, reissued or surrendered for cancellation, and Warrants so reissued or resold shall for all purposes be deemed to form part of the original Series of the Warrants.

14. **Modification**

Subject in case of the Master Warrant Issuance Agreement or the Warrant Agency Agreement (as applicable) to the agreement of the other parties thereto, the Issuer may agree, without consent of the Warrantholders, to:

- (a) any modification (except as mentioned above) of the Master Warrant Issuance Agreement, the Warrant Agency Agreement or these Conditions which is not materially prejudicial to the interests of the Warrantholders as a whole;

- (b) any modification of these Conditions, the Master Warrant Issuance Agreement or the Warrant Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer is incorporated; or
- (c) any modification of the Warrants which is made to correct an inconsistency between the final terms and the conditions of the Warrant issue (comprising these Conditions as completed by the relevant Final Terms) and the relevant termsheet relating to the Warrants.

Any such modification shall be binding on the Warranholders and any such modification shall be notified to the Warranholders in accordance with Condition 11 (*Notices*) as soon as practicable thereafter.

15. **Substitution**

The Issuer shall be entitled at any time and from time to time, without the consent of the Warranholders, to the substitution of a subsidiary or holding company of the Issuer or any subsidiary of any such holding company (the "**New Issuer**") in place of the Issuer as principal debtor under the Warrants of any Series, **provided that** such Warrants are irrevocably guaranteed by the Issuer. In the event of any such substitution, any reference in these Conditions to the Issuer shall be construed as a reference to the New Issuer. Any such substitution shall be promptly notified to the relevant Warranholders in accordance with Condition 11 (*Notices*). In connection with such right of substitution the Issuer shall not be obliged to have regard to the consequences of the exercise of such right for individual Warranholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory, and no Warranholder shall be entitled to claim from the Issuer any indemnification or payment in respect of any tax consequence of any such substitution upon such Warranholder.

16. **Governing Law**

(a) ***Governing law***

The Warrants and any non-contractual obligations arising out of or in connection with the Warrants are governed by and shall be construed in accordance with English law.

(b) ***English courts***

The courts of England have exclusive jurisdiction to settle any dispute (a "**Dispute**"), arising out of or in connection with the Warrants (including any Dispute regarding the existence, validity or termination of the Warrants or the consequence of their nullity).

17. **Third Party Rights**

No person shall have any right to enforce any term or condition of the Warrants under the Contracts (Rights of Third Parties) Act 1999.

18. **Provisions relating to Equity-Linked Warrants and Index-Linked Warrants**

(b) ***Consequences of Disrupted Days***

For the purposes of this Condition 19(b) (*Valuation, Adjustments and Extraordinary Events – Consequences of Disrupted Days*) **"Limit Valuation Date"** shall mean, if any Valuation Date in respect of a Warrant is a Disrupted Day, the Specified Maximum Number of Disrupted Days following such Valuation Date, notwithstanding the fact that such day is a Disrupted Day.

(i) If any Valuation Date is a Disrupted Day, then:

(A) in the case of a Warrant which relates to a single Security or Index, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, **provided that** the Valuation Date shall not fall after the Limit Valuation Date. In that case:

(1) in respect of an Index-Linked Warrant, the Limit Valuation Date shall be deemed to be the Valuation Date and the Calculation Agent shall determine the level of the Index as of the Valuation Time on that Limit Valuation Date determined in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that Limit Valuation Date of each security or other property comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security or other property on that Limit Valuation Date, its good faith estimate of

the value for the relevant security or other property as of the Valuation Time on that Limit Valuation Date); and

- (2) in respect of a Equity-Linked Warrant, that Limit Valuation Date shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day and the Calculation Agent shall determine its good faith estimate of the value for the relevant Security as of the Valuation Time on that Limit Valuation Date;
 - (B) in the case of a Warrant which relates to a Basket, the Valuation Date for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date and the Valuation Date for each Index affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day which is not a Disrupted Day relating to that Index, unless each of the succeeding Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Index. In that case, the Limit Valuation Date shall be deemed to be the Valuation Date for the relevant Index notwithstanding the fact that such day is a Disrupted Day relating to that Index and the Calculation Agent shall determine the level of that Index, as of the Valuation Time on the Limit Valuation Date in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that Limit Valuation Date of each security or other property comprised in the relevant Index (or, if an event giving rise to a Disrupted Day has occurred in respect to the relevant security or other property on that Limit Valuation Date, its good faith estimate of the value for the relevant security or other property as of the Valuation Time on that Limit Valuation Date); and
 - (C) in the case of a Warrant which relates to a Basket, the Valuation Date for each Security not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Security affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to that Security, unless each of the Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Security. In that case, (1) that Limit Valuation Date shall be deemed to be the Valuation Date for the relevant Security, notwithstanding the fact that such day is a Disrupted Day, and (2) the Calculation Agent shall determine its good faith estimate of the value for that Security as of the Valuation Time on that Limit Valuation Date.
- (ii) If Averaging Dates are specified in the relevant Final Terms, then notwithstanding any other provisions of these Conditions, the following provisions will apply to the valuation of the relevant Index or Security:
- (A) The Final Price or the Final Index Level will be, in relation to any Valuation Date:
 - (1) in respect of a Warrant which relates to a single Security or Index (as the case may be), the arithmetic mean of the Reference Price of the Security or (as the case may be) of the Reference Level of the Index on each Averaging Date;
 - (2) in respect of an Index Basket Warrant, the arithmetic mean of the amounts for the Basket determined by the Calculation Agent as provided in the relevant Final Terms as of the relevant

Valuation Time(s) on each Averaging Date or, if no means for determining the Final Index Level is so provided, the arithmetic mean of the amounts for such basket calculated on each Averaging Date as the sum of the Reference Levels of each Index comprised in the Basket (weighted or adjusted in relation to each Index as provided in the relevant Final Terms); and

- (3) in respect of a Security Basket Warrant, the arithmetic mean of the prices for the Basket determined by the Calculation Agent as provided in the relevant Final Terms as of the relevant Valuation Time(s) on each Averaging Date or, if no means for determining the Final Price is so provided, the arithmetic mean of the prices for the Basket calculated on each Averaging Date as the sum of the values calculated for the Securities of each Underlying Company as the product of (aa) the Reference Price of such Security and (bb) the number of such Securities comprised in such basket (weighted or adjusted in relation to each Security as provided in the relevant Final Terms).

- (B) If any Averaging Date is a Disrupted Day, then, if the consequence specified in the relevant Final Terms in relation to "**Averaging Date Market Disruption**" is:

- (1) "**Omission**", then such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the relevant Final Price or Final Index Level, as applicable, **provided that**, if through the operation of this provision no Averaging Date would occur with respect to the relevant Valuation Date, then Condition 19(b)(i) (*Valuation, Adjustments and Extraordinary Events – Consequences of Disrupted Days*) will apply for purposes of determining the relevant level, price or amount on the final Averaging Date in respect of that Valuation Date as if such final Averaging Date were a Valuation Date that was a Disrupted Day. If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Cash Settlement Payment Date or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date;

- (2) "**Postponement**", then Condition 19(b)(i) (*Valuation, Adjustments and Extraordinary Events – Consequences of Disrupted Days*) will apply for purposes of determining the relevant level, price or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date for the Warrant. If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Cash Settlement Payment Date or the relevant or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date; or

- (3) "**Modified Postponement**", then:

- (aa) in the case of a Warrant which relates to a single Index or Security, the Averaging Date shall be the first

succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the Limit Valuation Date (as defined below) immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date (the "**Scheduled Final Averaging Date**") in relation to the relevant Scheduled Valuation Date, then the Limit Valuation Date shall be deemed to be the Averaging Date, notwithstanding the fact that such day is a Disrupted Day (irrespective of whether that Limit Valuation Date is already an Averaging Date), and:

- (i) in respect of an Index-Linked Warrant, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 19(b)(i)(A)(1) (*Valuation, Adjustments and Extraordinary Events – Consequences of Disrupted Days*); and
 - (ii) in respect of a Equity-Linked Warrant, the Calculation Agent shall determine the relevant price for that Averaging Date in accordance with Condition 19(b)(i)(A)(2) (*Valuation, Adjustments and Extraordinary Events – Consequences of Disrupted Days*); and
- (bb) in the case of a Warrant which relates to a Basket, the Averaging Date for each Index or Security not affected by the occurrence of a Disrupted Day shall be the day specified in the relevant Final Terms as an Averaging Date in relation to the relevant Valuation Date (the "**Scheduled Averaging Date**") and the Averaging Date for an Index or Security affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date in relation to such Index or Security. If the first succeeding Valid Date in relation to such Index or Security has not occurred as of the Valuation Time on the Limit Valuation Date immediately following the Scheduled Final Averaging Date, then the Limit Valuation Date shall be deemed to be the Averaging Date (irrespective of whether that Limit Valuation Date is already an Averaging Date) and:
- (i) in respect of an Index, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 19(b)(i)(B) (*Valuation, Adjustments and Extraordinary Events – Consequences of Disrupted Days*); and
 - (ii) in respect of a Security, the Calculation Agent shall determine the relevant amount for that Averaging Date in accordance with Condition 19(b)(i)(C) (*Valuation, Adjustments and Extraordinary Events – Consequences of Disrupted Days*).

If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant

Cash Settlement Payment Date or (ii) the occurrence of an Extraordinary Event or Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date.

For the purposes of this Condition 19(b)(ii)(B)(3) (*Valuation, Adjustments and Extraordinary Events – Consequences of Disrupted Days*) "**Limit Valuation Date**" shall mean, if any Averaging Date in respect of a Warrant is a Disrupted Day, the specified Maximum Number of Disrupted Days following such Averaging Date, notwithstanding the fact that such day is a Disrupted Day.

If a Valuation Date is postponed (x) pursuant to this Condition 19(b) (*Valuation, Adjustments and Extraordinary Events – Consequences of Disrupted Days*) and/or (y) as a result of it not being a Scheduled Trading Day, the Scheduled FX Fixing Date falling on or immediately following the Scheduled Valuation Date may, in the Calculation Agent's discretion (i) be postponed such that the Scheduled FX Fixing Date will be deemed to occur the number of days following such postponed Valuation Date as the Scheduled FX Fixing Date would have occurred following the Scheduled Valuation Date had it not been for the postponement pursuant to this Condition 19(b) (*Valuation, Adjustments and Extraordinary Events – Consequences of Disrupted Days*) or as a result of a non-Scheduled Trading Day or (ii) if the Scheduled Valuation Date and Scheduled FX Fixing Date are the same date, be postponed to such postponed Valuation Date, provided, in each case, that if the postponed Scheduled FX Fixing Date would, as a result of this paragraph, occur on a day which is not a Relevant Currency Business Day, it will be postponed to the immediately following Relevant Currency Business Day. In respect of a Warrant which relates to a Basket, the postponed Valuation Date referred to in this paragraph will be deemed to be, in respect of a Scheduled Valuation Date, the latest postponed Valuation Date occurring in respect of such Scheduled Valuation Date.

If the Warrants are specified in the relevant Final Terms as being "American Style" Warrants and if a Valuation Date is postponed (x) in accordance with this Condition 19(b) (*Valuation, Adjustments and Extraordinary Events – Consequences of Disrupted Days*) and/or (y) as a result of it not being a Scheduled Trading Day, any Disrupted Day Related Payment Date will also be postponed, if needed, such that the Disrupted Day Related Payment Date shall fall at least three (3) local banking days (or such other number of local banking days as may be specified in the Final Terms) following the later of (i) the postponed Valuation Date or, if later, the Limit Valuation Date, as applicable and (ii) the postponed Scheduled FX Fixing Date or, if later, the FX Cut-off Date or Postponed FX Fixing Date, as applicable. In respect of a Warrant which relates to a Basket, the postponed Valuation Date or Limit Valuation Date referred to in this paragraph will be deemed to be, in respect of a Scheduled Valuation Date, the latest postponed Valuation Date or Limit Valuation Date, as applicable, occurring in respect of such Scheduled Valuation Date.

(c) ***Adjustments to Indices***

This Condition 19(c) (*Valuation, Adjustments and Extraordinary Events – Adjustments to Indices*) is applicable only in relation to Index-Linked Warrants other than Inflation Rate-Linked Warrants in relation to which Condition 19(i) (*Valuation, Adjustments and Extraordinary Events – Warrants Linked to Units in an ETF – General*) shall apply.

(i) ***Successor Index***

If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Sponsor acceptable to the Calculation Agent, or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that Index (the "**Successor Index**") will be deemed to be the Index.

(ii) *Index Modification*

If on or prior to any Valuation Date or Averaging Date, a relevant Index Sponsor announces that it will make a material change in the formula for or the method of calculating that Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation or other routine events) (an "**Index Modification**"), then the Calculation Agent shall determine whether such Index Modification has a material effect on the Warrants, and if so, shall make such adjustment(s) (if any) as it determines appropriate to account for the economic effect of the Index Modification and determine the effective date of any such modification or adjustment.

(iii) *Index Cancellation*

If on or prior to a Valuation Date or Averaging Date (A) the Index Sponsor fails to calculate and announce a relevant Index, (B) the Index Sponsor announces that it suspends the calculation and publication of the level of a relevant Index or (C) the Index Sponsor permanently cancels the Index and no Successor Index exists (each an "**Index Cancellation**"), then:

- (1) the Issuer shall as soon as is reasonably practicable after determining the same give notice (an "**Index Cancellation Notice**") of such Index Cancellation to the Warrantheolders (with a copy to the Calculation Agent) in accordance with Condition 11 (*Notices*);
- (2) if Index Substitution is specified as being applicable in the relevant Final Terms, the Issuer shall (acting in good faith and a commercially reasonable manner), determine whether or not and the date as of which the Index is to be substituted with a Substitute Index and, if it so determines, it shall give an Index Substitution Notice to the Warrantheolders (with a copy to the Calculation Agent) in accordance with Condition 11 (*Notices*) and, with effect from the date so determined, the Substitute Index shall be deemed to be the Index; and
- (3) if no Substitute Index has been identified within ten Business Days of the giving of such Index Cancellation Notice or if Index Substitution has not been specified as being applicable in the relevant Final Terms, the Issuer shall (acting in good faith and a commercially reasonable manner), determine whether or not the relevant Warrants shall continue and:
 - (A) if it determines that the Warrants shall continue, then the Calculation Agent shall determine the Final Index Level for such Valuation Date or the Reference Level for such Averaging Date, as the case may be using, in lieu of a published level of that Index, the level for that Index as at that Valuation Date or Averaging Date (as applicable) as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the Index Cancellation, but using only those components that comprised that Index immediately prior to that Index Cancellation; and
 - (B) if it determines that the Warrants shall not continue, the Issuer shall terminate the relevant Warrants as of the date selected by the Issuer and give notice thereof to the Warrantheolders (with a copy to the Calculation Agent) in accordance with Condition 11 (*Notices*), specifying the early termination amount and early termination date, and the entitlements of the relevant Warrantheolders to receive the Cash Settlement Amount (or any other payment to be made by the Issuer, as the case may be) shall cease and the Issuer's obligations under the relevant Warrants

shall be satisfied in full upon payment of such amount as is determined by the Calculation Agent to be the Fair Market Value of the Warrants.

For these purposes:

"Index Substitution Notice" means a notice specifying a Substitute Index to be substituted for the Index and the date as of which such substitution is to take effect; and

"Substitute Index" means a successor index identified by the Calculation Agent using commercially reasonable efforts, with characteristics, objectives and rules similar to the Index in effect immediately prior to the occurrence of the Index Cancellation.

(iv) *Correction of Index Levels*

If, in respect of an Index-Linked Warrant, the level of an Index published by the Index Sponsor at any time and used or to be used by the Calculation Agent for any calculation or determination under the Warrants is subsequently corrected and the correction is published by the Index Sponsor after the original publication, the Calculation Agent will make such adjustment as it determines to be appropriate, if any, to the settlement or payment terms of the Warrants to account for such correction **provided that** if any amount has been paid or delivered in an amount or value which exceeds the amount that would have been payable or deliverable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable or deliverable in respect of the Warrants and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Issuer shall be entitled to reimbursement (or, in the case of a delivery, payment of the value) of, the relevant excess payment or delivery (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Warrantholder, together with interest on that amount for the period from and including the day on which payment or delivery was originally made to (but excluding) the day of payment of reimbursement (or value) by the Warrantholder (all as calculated by the Calculation Agent). Any such reimbursement shall be effected in such manner as the Issuer shall determine.

(d) *Adjustments and Events affecting Securities*

This Condition 19(d) (*Valuation, Adjustments and Extraordinary Events – Adjustments and Events affecting Securities*) is applicable only in relation to Equity-Linked Warrants.

(i) *Potential Adjustment Events*

The Calculation Agent shall determine whether or not at any time a Potential Adjustment Event has occurred and where it determines such an event has occurred, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Securities and, if so, will make such adjustment as it determines to be appropriate, if any, to the Strike Price, the number of Securities to which each Warrant relates and to any other exercise, payment or other term of the relevant Warrants, including without limitation the amount of cash, which may be transferred under such Warrants and determine the effective date(s) of such adjustment(s). In addition, in relation to China Connect Underlying only, in making such determinations, the Calculation Agent may (but need not) take into account any requirement, adjustment and/or limitation that may be imposed by the China Connect Service or any action or inaction by any one or more of the Exchange, SEHK, CSDCC and HKSCC in relation to such Potential Adjustment Event in respect of Securities held through the China Connect Service.

(ii) *Extraordinary Events*

Following the occurrence of any Extraordinary Event, the Issuer will determine whether or not the Warrants shall continue and, if so, determine any adjustments to be made. If the Calculation Agent determines that the relevant Warrants shall continue, it may make such adjustment as it determines to be appropriate, if any, to the formula for the Cash Settlement Amount set out in the relevant Final Terms and, any other variable relevant to the payment terms of the relevant Warrants and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent. If the Issuer determines that the relevant Warrants shall be terminated, then the Warrants shall cease to be exercisable (or, in the case of Warrants which have been exercised, the entitlements of the respective exercising Warrantholders to receive the Cash Settlement Amount, pursuant to such exercise shall cease) and the Issuer's obligations under the relevant Warrants shall be satisfied in full upon payment of the Fair Market Value of the Warrants. In relation to China Connect Underlying only, in making such determinations, the Issuer and/or the Calculation Agent may (but need not) take into account any requirement, adjustment and/or limitation that may be imposed by the China Connect Service or any action or inaction by any one or more of the Exchange, SEHK, CSDCC and HKSCC in relation to such Merger Event or Tender Offer in respect of Securities held through the China Connect Service.

(iii) *Conversion*

In respect of an Equity-Linked Warrant which relates to debt securities, following the occurrence of any Conversion, the Issuer will determine whether or not the Warrants will continue and, if so, determine any adjustments to be made. If the Issuer determines that the Warrants shall continue, the Calculation Agent may make such adjustment as it determines to be appropriate to the formula for the Cash Settlement Amount set out in the relevant Final Terms and any other variable relevant to the payment terms of the relevant Warrants and/or any other adjustment and determine the effective date(s) of such adjustment. If the Issuer determines that the Warrants shall be terminated, then the Warrants shall cease to be exercisable (or, in the case of any Warrants which have been exercised, the entitlements of the respective exercising Warrantholders to receive the Cash Settlement Amount pursuant to such exercise shall cease) as of the date selected by the Calculation Agent and the Issuer's obligations under the Warrants shall be satisfied in full upon payment of the Fair Market Value of the Warrants.

(iv) *Correction of Prices*

In the event that any price published or announced on a given day and utilised or to be utilised for the purpose of any calculation or determination under the Warrants is subsequently corrected and the correction is published or announced by the Exchange within one Settlement Cycle after the original publication, the Calculation Agent will make such adjustment(s) as it determines to be appropriate, if any, to the payment terms of the Warrants to account for such correction and the Calculation Agent shall determine the effective date(s) of such adjustment(s) **provided that** if any amount has been paid in an amount which exceeds the amount that would have been payable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable in respect of the Warrants and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Issuer shall be entitled to reimbursement of, the relevant excess payment (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Warrantholder, together with interest on that amount for the period from and including the day on which payment or delivery was originally made to (but excluding) the day of payment of reimbursement by the Warrantholder (all as calculated by the Calculation Agent).

Any such reimbursement shall be effected in such manner as the Issuer shall determine.

(e) ***Additional Disruption Events***

Following the occurrence of any Additional Disruption Event, the Issuer will determine whether or not the Warrants shall continue and, if so, the Calculation Agent shall determine any adjustments to be made. If the Issuer determines that the relevant Warrants shall continue, the Calculation Agent may make such adjustment as it determines to be appropriate, if any, to the formula for the Cash Settlement Amount set out in the relevant Final Terms and any other variable relevant to the payment terms of the relevant Warrants, and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent. If the Issuer determines that the relevant Warrants shall be terminated, then the Warrants shall cease to be exercisable (or, in the case of Warrants which have been exercised, the entitlements of the respective exercising Warrantholders to receive the Cash Settlement Amount, pursuant to such exercise shall cease) and the Issuer's obligations under the relevant Warrants shall be satisfied in full upon payment of the Fair Market Value of the Warrants.

For the purposes of each Series of Warrants, "**Additional Disruption Event**" means any event specified as such in the relevant Final Terms, and for such purpose the following terms if so specified shall be deemed to have the following meanings unless otherwise provided in the relevant Final Terms:

- (i) "**Change in Law**" means, in relation to any Warrants, on or after the Issue Date, (A) due to the adoption of or any change in any applicable law or regulation (including without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer determines that (x) it will, or there is a substantial likelihood that it will, with the passing of time, or has become illegal for the Issuer or any of its designated affiliates to hold, acquire or dispose of or realise, recover or remit the proceeds of the sale of disposal of, Securities, Component Securities or other components comprised in the Index relating to such Warrants or any transaction(s) or asset(s) it deems necessary to hedge the equity price risk or any other relevant price risk including, without limitation, any currency risk, of the Issuer issuing and performing its obligations with respect to the Warrants (y) it has become illegal for the Issuer or any of its designated affiliates to hold, acquire, purchase, sell or maintain one or more (i) positions or contracts in respect of any securities, options, futures, derivatives or foreign exchange in relation to such Warrants, or in relation to the Issuer's hedging activities in connection with the Warrants or in relation to the hedging activities of the Issuer or any of its designated affiliates in connection with the Warrants, (ii) stock loan transactions in relation to such Warrants or (iii) other instruments or arrangements (howsoever described) held by the Issuer or any of its designated affiliates in order to hedge, individually or on a portfolio basis, such Warrants or (z) the Issuer or any of its designated affiliates will incur a materially increased cost in performing its obligations under the Warrants (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position);
- (ii) "**China Connect Service Termination**" means, on or after the Trade Date, the announcement by one or more of the China Connect Market, SEHK, the CSDCC, HKSCC or any regulatory authority with competent jurisdiction of a suspension or termination of the China Connect Service or a part thereof for any reason which materially affects the routing of orders in respect of, or holding of, the Securities through the China Connect Service and the Calculation Agent determines that there is a reasonable likelihood that such suspension or termination is not, or will not be, temporary;

- (iii) **"China Connect Share Disqualification"** means, on or after the Trade Date, the Securities cease to be accepted as "China Connect Securities" (as defined in the rules of SEHK) for the purpose of the China Connect Service;
- (iv) **"Failure to Deliver"** means the failure of a party to deliver, when due, the relevant Securities in respect of the Warrants, where such failure is due to illiquidity in the market for such Securities;
- (v) **"Insolvency Filing"** means that the issuer of the Securities institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such petition, **provided that** proceedings instituted or petitions presented by creditors and not consented to by the issuer of the Securities shall not be deemed an Insolvency Filing;
- (vi) **"Hedging Disruption"** means that the Issuer or any of its designated affiliates is unable or it is or has become not reasonably practicable, or it has otherwise become undesirable, for any reason, for the Issuer wholly or any of its designated affiliates or partially after using commercially reasonable efforts and acting in good faith, to (A) hold, acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary or desirable to hedge the equity or any other price risk (including but not limited to, any currency risk) of entering into and performing the Issuer's obligations in respect of the Warrants or (B) realise, recover, receive, transfer or remit the proceeds of any such transaction(s) or asset(s) or (C) without prejudice to (B) above, transfer amounts denominated in the Settlement Currency (1) from accounts inside the Settlement Currency Jurisdiction to accounts outside the Settlement Currency Jurisdiction (2) between accounts inside the Settlement Currency Jurisdiction or (3) to a party that is a non-resident of the Settlement Currency Jurisdiction or (D) without prejudice to (B) and (C) above, convert the Settlement Currency into an Alternative Payment Currency) and, for the avoidance of doubt "using commercially reasonable efforts and acting in good faith" to hedge the risks of the Issuer referred to herein does not include the value of any quota granted to the Issuer or any of its designated Affiliates under the Qualified Foreign Institutional Investor ("**QFII**") or Renminbi Qualified Foreign Institutional Investor ("**RQFII**") Schemes; and
- (vii) **"Increased Cost of Hedging"** means that the Issuer or any of its designated affiliates would incur materially increased costs (as compared with circumstances existing on the Issue Date), including, without limitation, amount of tax (including any potential tax which the Calculation Agent considers may arise), duty, expense or fee (other than brokerage commissions) to (A) hold, acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge equity or any other price risk (including but not limited to, any currency risk) of entering into and performing the Issuer's obligations in respect of the Warrants or (B) realise, recover, receive, transfer or remit the proceeds of any such transaction(s) or asset(s) **provided that** any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer or its designated affiliates, as applicable, shall not be deemed an Increased Cost of Hedging.

(f) *Adjustments where the Securities are Units in an ETF*

Where the Securities are specified in the relevant Final Terms as being Units in an ETF, in the case of the occurrence at any time on or prior to the Valuation Date of any

Extraordinary Event affecting the ETF or the value of the Units, the Calculation Agent may make any adjustment as provided in the preceding provisions of this Condition 19 (*Valuation, Adjustments and Extraordinary Events*) or:

- (i) if the Calculation Agent determines that no adjustment that it could make under the preceding provision of this Condition 19 (*Valuation, Adjustments and Extraordinary Events*) would produce a commercially reasonable result:
 - (a) the Calculation Agent will use commercially reasonable efforts to identify a new underlying asset with characteristics, investment objectives and policies similar to those in effect for the Affected Units immediately prior to the occurrence of the relevant Extraordinary Event and any substitution of the new underlying asset for the Affected Units shall be effected at such time and in such manner as determined by the Calculation Agent; and
 - (b) if necessary, the Calculation Agent will adjust any relevant terms, including, but not limited to, adjustments to account for changes in volatility, investment strategy or liquidity relevant to the Units or the Warrants; or
- (ii) if the Calculation Agent determines that the relevant Warrants shall be terminated, then the Warrants shall be terminated as of the date selected by the Calculation Agent and the entitlements of the relevant Warrantholders to receive the relevant Cash Settlement Amount shall cease and the Issuer's obligations under the relevant Warrants shall be satisfied in full upon payment of the Fair Market Value of the Warrants.

In this Condition 19(f) (*Valuation, Adjustments and Extraordinary Events – Adjustments where the Securities are Units in an ETF*) "**Affected Unit(s)**" means each Unit subject to an applicable Extraordinary Event.

(g) ***Adjustments to Indices for Inflation Rate-Linked Warrants***

With respect to Inflation Rate-Linked Warrants, the following provisions shall apply in lieu of Condition 19(c) (*Valuation, Adjustments and Extraordinary Events – Adjustments to Indices*).

(A) ***Definitions***

In this Condition:

"Base Level" means the level of the Index (excluding any "flash" estimates) published or announced by the Inflation Index Sponsor in respect of the month which is 12 calendar months prior to the month for which the Substitute Index Level is being determined;

"Fallback Bond" means a bond selected by the Calculation Agent and issued by the government or one of the governments (but not any government agency) of the country (or countries) to whose level of inflation the relevant Index relates and which pays a coupon and/or redemption amount which is calculated by reference to the Index, with a maturity date which falls on the same day as the Cash Settlement Payment Date or such other date as the Calculation Agent shall select if there is no such bond maturing on the Cash Settlement Payment Date. If any bond so selected is redeemed, the Calculation Agent will select a new Fallback Bond on the same basis, but selected from all eligible bonds in issue at the time the original Fallback Bond is redeemed (including any bond for which the redeemed bond is exchanged);

"Inflation Index Level" means the level of the Index first published or announced for the relevant Reference Month on the Relevant Screen Page, as determined by the Calculation Agent, subject to this Condition 19(g) (*Valuation, Adjustments*

and Extraordinary Events – Adjustments to Indices for Inflation Rate-Linked Warrants);

"Inflation Index Sponsor" means, the inflation index sponsor specified as such in the Final Terms (being the entity that publishes or announces (directly or through an agent) the level of the Index) and any successor sponsor of such Index as determined by the Calculation Agent;

"Latest Level" means the latest level of the Index (excluding any "flash" estimates) published or announced by the Inflation Index Sponsor prior to the month in respect of which the Substitute Index Level is being calculated;

"Reference Level" means the level of the Index (excluding any "flash" estimates) published or announced by the Inflation Index Sponsor in respect of the month that is 12 calendar months prior to the month referred to in "Latest Level" above.

"Reference Month" means the calendar month for which the level of the Index was reported, regardless of when this information is published or amended. If the period for which the level of the Index was reported is a period other than a month, the Reference Month is the period for which the level of the Index was reported;

"Related Bond" means the bond specified as such in the relevant Final Terms or, if specified as applicable in the relevant Final Terms and no bond is specified as the Related Bond, the Related Bond shall be the Fallback Bond. If the bond specified to be the Related Bond redeems or matures during the term of the Inflation Rate-linked Warrants, following such redemption or maturity the Related Bond shall be the Fallback Bond; and

"Relevant Screen Page" means the page, section or other part of a particular information service specified as such in the relevant Final Terms or such other page, section or other part as may replace it on that information service, in each case, as may be nominated by the person providing or sponsoring the information appearing there for the purpose of displaying the level of the Index; and

"Substitute Index Level" means the level of the Index, determined by the Calculation Agent pursuant to (B) below.

(B) *Delay of Publication*

If the Inflation Index Level for a Reference Month which is relevant to the calculation of an amount payable in respect of Inflation Rate-linked Warrants (a **"Relevant Level"**) has not been published or announced on the Relevant Screen Page by the day that is five Business Days prior to the relevant Cash Settlement Payment Date (the **"Affected Payment Date"**), the Calculation Agent shall determine a **"Substitute Index Level"** (in place of such Relevant Level) by using the following methodology:

- (i) If Related Bond is specified as applicable in the relevant Final Terms, the Calculation Agent will take the same action to determine the Substitute Index Level for the Affected Payment Date as that taken by the calculation agent pursuant to the terms and conditions of the Related Bond;
- (ii) If (A) Related Bond is specified as not applicable in the relevant Final Terms; or (B) the Calculation Agent is unable to determine the Substitute Index Level under (i) above for the Affected Payment Date for any reason, then the Calculation Agent shall determine the Substitute Index Level as follows:

$$\text{Substitute Index Level} = \text{Base Level} \times (\text{Latest Level}/\text{Reference Level})$$

If a Relevant Level is published or announced at any time after the day that is five Business Days prior to the relevant Cash Settlement Payment Date, such Relevant Level will not be used in any calculations and instead the Substitute Inflation Index Level so determined pursuant to this Condition 19(g) (*Valuation, Adjustments and Extraordinary Events – Adjustments to Indices for Inflation Rate-Linked Warrants*) will be the definitive level for the relevant Reference Month.

(C) *Cessation of Publication*

If a level of the Index has not been published or announced on the Relevant Screen Page for two consecutive months and/or the Inflation Index Sponsor announces that it will no longer continue to publish or announce the Index, then the Calculation Agent shall determine a Successor Index (in lieu of any previously applicable Index) for the purposes of the Warrants by using the following methodology:

- (i) if at any time (other than after the designation by the Calculation Agent of a date for the early termination of the Warrants pursuant to paragraph (iv) below) a successor index has been designated by the calculation agent pursuant to the terms and conditions of the Related Bond, such successor index shall be designated a "**Successor Index**" for the purposes of the determination of the Cash Settlement Amount or any other adjustment in respect of the Warrants, notwithstanding that any other Successor Index may previously have been determined under the other subsections of this Condition 19(g)(C)(i) (*Valuation, Adjustments and Extraordinary Events – Adjustments to Indices for Inflation Rate-Linked Warrants – Cessation of Publication*);
- (ii) if: (1) a Successor Index has not been determined under paragraph (i) above; (2) there has been no designation of a date for the early termination of the Warrants by the Calculation Agent pursuant to paragraph (iv) below; (3) a notice has been given or an announcement has been made by the Inflation Index Sponsor, specifying that the Index will be superseded by a replacement index specified by the Inflation Index Sponsor; and (4) and the Calculation Agent determines that such replacement index is calculated using the same or substantially similar formula or method of calculation as used in the calculation of the previously applicable Index, then such replacement index shall be deemed to be the "**Successor Index**" for the purposes of the Warrants from the date that such replacement Index comes into effect;
- (iii) If a Successor Index has not been determined by the Calculation Agent under paragraph (i) or (ii) above (and there has been no designation by the Calculation Agent of a date for the early termination of the Warrants pursuant to paragraph (iv) below), the Calculation Agent will determine an appropriate alternative index for such relevant Valuation Date, and such index will be deemed a "**Successor Index**";
- (iv) If the Calculation Agent determines that there is no appropriate alternative index, then the Issuer may terminate all but not some only of the Warrants as of the date selected by the Calculation Agent at the Fair Market Value of such Warrants.

The Issuer shall notify the Warrantholders of any Successor Index determined pursuant to this Condition 19(g)(C) (*Valuation, Adjustments and Extraordinary Events – Adjustments to Indices for Inflation Rate-Linked Warrants – Cessation of Publication*).

(D) *Rebasing of the Index*

If the Calculation Agent determines that the Index has been or will be rebased at any time, the Index as so rebased (the "**Rebased Index**") will be used for purposes of determining the level of an Index from the date of such rebasing; **provided, however, that** the Calculation Agent shall make such adjustments as are made by the calculation agent pursuant to the terms and conditions of the Related Bond, if any, to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased. If there is no Related Bond, the Calculation Agent shall make adjustments to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased. Any such rebasing shall not affect any prior payments made under the Warrants.

(E) *Material Modification*

If, on or prior to the day that is five Business Days before the next date which is a Cash Settlement Payment Date (as the case may be), an Inflation Index Sponsor announces that it will make a material change to an Index, then the Calculation Agent shall make any such adjustments to the Index and/or the terms of the Warrants consistent with adjustments made to the Related Bond, or, if there is no Related Bond, only those adjustments necessary for the modified Index to continue as the Index.

(F) *Manifest Error in Publication*

If, within thirty days of publication and prior to the day that falls five Business Days prior to the Cash Settlement Payment Date, the Calculation Agent determines that the Inflation Index Sponsor has corrected the level of the Index to remedy a manifest error in its original publication, the Calculation Agent will take such action as it may deem necessary and practicable to give effect to such correction.

(h) *Events relating to DR-Linked Warrants*

In relation to DR-Linked Warrants only, if a Delisting of the Securities occurs or the Depository announces that the Deposit Agreement is (or will be) (or is at any time, whether or not announced by the Depository) terminated, then the Issuer will determine whether or not the Warrants shall continue. If the Issuer determines that:

- (i) the Warrants shall continue, it shall elect whether the Security shall thereafter be (x) the Replacement DRs or the Underlying Security and the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the terms of the Warrants (including, without limitation, any change to the notional number of Securities or/or the formula for the Cash Settlement Amount), and which change or adjustment(s) shall be effective on such date selected by the Calculation Agent; or
- (ii) the Warrants shall not continue, then the Warrants shall cease to be exercisable (or, in the case of Warrants which have been exercised, the entitlements of the respective exercising Warrantholders to receive the Cash Settlement Amount, as the case may be, pursuant to such exercise shall cease) and the Issuer's obligations under the relevant Warrants shall be satisfied in full upon payment of the Fair Market Value of the Warrants.

(i) *Warrants Linked to Units in an ETF – General*

If the relevant Final Terms specify that the Securities in relation to a Series of Warrants are Units in an ETF, then this Condition 19 (*Valuation, Adjustments and Extraordinary Events*) shall apply to the Warrants as if references therein to "**Underlying Company**" were references to the "**ETF**" and as if references therein to "**Security**" were references to "**Unit**".

[(to be consolidated and form a single series with the existing *[Insert details of existing Tranche(s)]*) issued pursuant to HSBC Bank plc's Programme for the Issuance of Notes and Warrants]

PART A – CONTRACTUAL TERMS

This document constitutes the final terms (the "Final Terms") relating to the issue of the Tranche of Warrants described herein and must be read in conjunction with the Base Prospectus dated 23 June 2021 as supplemented from time to time (the "Base Prospectus"). The Base Prospectus is a base prospectus in accordance with Art. 35 para. 1 of the Financial Services Act ("FinSA") and has been evaluated and approved pursuant to Art. 51 et seq. of the FinSA and Art. 59 et seq. of the Financial Services Ordinance ("FinSO") by the reviewing body SIX Exchange Regulation AG ("Reviewing Body"). Terms used herein shall be deemed to be defined as such for the purposes of the terms and conditions of the Warrants (the "Conditions") set forth in the Base Prospectus.

Full information on the Issuer and the offer of the Warrants is only available on the basis of the combination of these Final Terms and the Base Prospectus. The Base Prospectus is available for viewing at HSBC Bank plc, 8 Canada Square, London E14 5HQ, United Kingdom and www.hsbc.com (please follow the links to 'Investors', 'Fixed income investors', 'Issuance programmes') and copies may be obtained from HSBC Bank plc, 8 Canada Square, London E14 5HQ, United Kingdom.

The Base Prospectus does not comprise (i) a base prospectus for the purposes of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018, as amended (the "EUWA") (the "UK Prospectus Regulation") or (ii) a base prospectus for the purposes of Regulation (EU) 2017/1129 (as amended, the "EU Prospectus Regulation"). The Base Prospectus has been prepared solely with regard to Warrants that are not to be admitted to listing or trading on any regulated market for the purposes of Directive 2014/65/EU and not to be offered to the public in the European Economic Area (other than pursuant to one or more of the exemptions set out in Article 1(4) of the EU Prospectus Regulation).

[EU PRIIPs REGULATION - PROHIBITION OF SALES TO EEA RETAIL INVESTORS - The Warrants are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "MiFID II"); (ii) a customer within the meaning of Directive 2016/97/EU (as amended, the "Insurance Distribution Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the EU Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "PRIIPs Regulation") for offering or selling the Warrants or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Warrants or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]

[UK PRIIPs REGULATION – PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Warrants are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("UK"). For these purposes, a

retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the EUWA; or (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive 2016/97/EU, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of the UK Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Warrants or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Warrants or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.]

The Warrants do not constitute a collective investment scheme as defined in the Federal Collective Investment Schemes Act ("CISA") and are therefore neither governed by the CISA nor subject to supervision by the Swiss Financial Market Supervisory Authority (FINMA). Accordingly, Warrantheolders do not have the benefit of the specific investor protection provided under the CISA. Warrantheolders bear the issuer risk.

It is advisable that investors considering acquiring any Warrants understand the risks of transactions involving the Warrants and it is advisable that they reach an investment decision after carefully considering, with their financial, legal, regulatory, tax, accounting and other advisers, the suitability of the Warrants in light of their particular circumstances (including without limitation their own financial circumstances and investment objectives and the impact the Warrants will have on their overall investment portfolio) and the information contained in the Base Prospectus and these Final Terms. Investors should consider carefully the risk factors set forth under "*Risk Factors*" in the Base Prospectus.

(Include whichever of the following apply or specify as "Not applicable". Note that the numbering should remain as set out below, even if "Not applicable" is indicated for individual paragraphs or sub-paragraphs. Italics denote guidance for completing the Final Terms.)

SUMMARY OF PROVISIONS RELATING TO THE WARRANTS WHILE IN GLOBAL FORM

Warrants may, subject to all applicable legal and regulatory requirements, be issued in Tranches or Series and will be in registered form and offered in reliance on Regulation S under the Securities Act ("**Regulation S**"). Unless otherwise specified in the Final Terms, each Series or Tranche of Warrants will on issue be represented by a Regulation S global registered warrant (the "**Regulation S Global Registered Warrant**").

The Regulation S Global Registered Warrant will be delivered by the Issuer subject to the Master Warrant Issuance Agreement (as defined herein) and will be deposited on or about the issue date for the relevant Tranche with, and registered in the name a nominee of the common depository for, Euroclear and Clearstream, Luxembourg. A beneficial interest in the Regulation S Global Registered Warrant may at all times be held only through Euroclear and Clearstream, Luxembourg. In the circumstances described below under "*Exchange and Transfer of Global Registered Warrants for Definitive Registered Warrants*", interests in any Regulation S Global Registered Warrant will be exchangeable for Regulation S Definitive Registered Warrants.

Each Regulation S Global Registered Warrant will have an ISIN number.

Owner of Global Registered Warrants and Payments

Subject to certain provisions of the Master Warrant Issuance Agreement relating to directions, sanctions and consents of Holders of Registered Warrants and to meetings of Holders of Warrants, so long as Euroclear, Clearstream, Luxembourg or the nominee of their common depository, as the case may be, is the registered owner or holder of a Regulation S Global Registered Warrant, Euroclear, Clearstream, Luxembourg or such nominee, as the case may be, will be considered the sole owner or holder of the Warrants represented by such Regulation S Global Registered Warrant for all purposes under the Master Warrant Issuance Agreement and the Warrants. Payments on Regulation S Global Registered Warrants will be made to Euroclear, Clearstream, Luxembourg or such nominee thereof or, as the case may be, the registered holder thereof. None of the Issuer, the Warrant Registrar, or any Warrant Agent or any affiliate of any of the above will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in Regulation S Global Registered Warrants or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. Each such payment in respect of a Regulation S Global Registered Warrant will be made to the person shown as the Holder thereof (or, in the case of joint Holders, the first-named) as appearing in the Register at the close of business (in the relevant clearing system) on the business day on which each clearing system for which the Regulation S Global Registered Warrant is being held is open for business which is the business day of each such clearing system before the due date for such payment.

Exchange and Transfer of Global Registered Warrants for Definitive Registered Warrants

Beneficial interests in a Regulation S Global Registered Warrant will be exchangeable, in whole but not in part, for Regulation S Definitive Registered Warrants: (i) if Euroclear or Clearstream, Luxembourg is closed for business for a continuous period of 14 days (other than by reason of public holidays) or announces an intention permanently to cease business or in fact does so; or (ii) if the Issuer, at its option, elects to terminate the book entry system through Euroclear and Clearstream, Luxembourg; or (iii) at the option of the Issuer, if the Issuer would suffer a material disadvantage in respect of the Warrants as a result of a change in the laws or regulations (taxation or otherwise) of any jurisdiction which would not be suffered were the Warrants in definitive form; or (iv) if the Issuer so elects, where the Issuer, any Warrant Agent or the Warrant Registrar, by reason of any change in, or amendment to, the laws of the United Kingdom, is or will be required to make any deduction or withholding from any payment under the Warrants which would not be required if such Warrants were in definitive form.

In such circumstances, (a) the Warrant Registrar will be required to notify all Holders of interests in the relevant Regulation S Global Registered Warrants registered in the name of Euroclear, Clearstream, Luxembourg or the nominee of their common depository, as the case may be, of the availability of Regulation S Definitive Registered Warrants and (b) the Issuer will, at the cost of the Issuer, cause sufficient Regulation S Definitive Registered Warrants to be executed and delivered to the Warrant Registrar for completion, authentication and dispatch to the relevant Holders. A person having an interest in the relevant Regulation S Global Registered Warrant must provide the Warrant Registrar with a written order containing instructions and such other information as the Issuer and the Warrant Registrar may require to complete, execute and deliver the relevant Regulation S Definitive Registered Warrant.

The holder of a Registered Warrant may transfer such Registered Warrant in accordance with the provisions of Condition 2 (*Form and Transfer*) of the Terms and Conditions of the Warrants.

The holder of a Regulation S Definitive Registered Warrant may transfer such Warrant by surrendering it at the specified office of the Warrant Registrar or the Warrant Transfer Agent, together with the completed form of transfer thereon.

The Warrant Registrar will not register the transfer of or exchange of interests in a Regulation S Global Registered Warrant for Regulation S Definitive Registered Warrants for a period of 15 calendar days preceding the due date for any payment in respect of the Warrants.

PURCHASE AND SALE OF WARRANTS

General

- (1) Each Manager has, in a Master Warrant Issuance Agreement, agreed with the Issuer a basis upon which it may from time to time agree either as principal or agent of the Issuer to subscribe for or purchase, to underwrite or, as the case may be, to procure subscribers or purchasers for Warrants. When entering into any such agreement to subscribe for or purchase, to underwrite, or as the case may be, to procure subscribers for or purchasers for any particular Series of Warrants, the Issuer and the relevant Manager(s) will agree details relating to the form of such Warrants and the Conditions relating to such Warrants, the price at which such Warrants will be purchased by the relevant Manager(s) and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such subscription or purchase. The Master Warrant Issuance Agreement contains provisions for the Issuer to appoint other Managers from time to time either generally in respect of the Programme or in relation to a particular Tranche of Warrants.
- (2) Other than with respect to the admission to listing, trading and/or quotation by one or more listing authorities, stock exchanges and/or quotation systems as may be specified in the Final Terms, no action has been or will be taken in any country or jurisdiction by the Issuer or the relevant Manager(s) that would permit a public offering of Warrants, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. Persons into whose hands this Base Prospectus or any Final Terms comes are required by the Issuer and the relevant Manager(s) to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Warrants or have in their possession or distribute this Base Prospectus or any Final Terms or related offering material, in all cases at their own expense.

Philippines

The Warrants being offered or sold herein have not been registered with the Philippine Securities and Exchange Commission under the Securities Regulation Code of the Philippines ("SRC"). Any offer or sale thereof in the Philippines is prohibited unless the Warrants have first been registered in accordance with the registration requirements of the SRC or such offer or sale qualifies as an exempt transaction.

Each of the following restrictions must be observed by Warrantholders in relation to sales, transfers or disposals of all or any part of its legal or beneficial interests in the Warrants or offers to do so:

- (a) To the extent that the Warrants are offered, sold or distributed in the Philippines, the Warrantholder, by purchasing the Warrants, agrees for the benefit of the Issuer that the Warrants may not be subsequently offered, sold, pledged or otherwise transferred except in compliance with Philippine laws and regulations (in addition to the laws of other jurisdictions, as applicable) and may be offered, sold or distributed only to "Qualified Buyers" as defined under Subsection 10.1(1) of the SRC.
- (b) No Warrantholder shall sell, transfer or otherwise dispose of all or part of its legal or beneficial interests in the Warrants to another person or persons nor offer to do so, unless such sale, transfer, disposal or offer is subject to the condition that such person(s) shall undertake to observe the restrictions set out herein.

Without limitation to paragraphs (a) and (b) above, each Warrantholder shall observe all applicable laws and regulations in the Philippines in connection with the offer, sale, transfer or other disposition of all or any part of its legal or beneficial interests in the Warrants or the distribution of any document or other material in connection therewith.

Portugal

An offer of Warrants to the public in Portugal can only be made in compliance with the Portuguese Securities Code (*Código dos Valores Mobiliários*, approved by *Decreto-Lei n.º n.º 486/99, de 13 de novembro*, as amended – "**Portuguese Securities Code**") and the applicable laws, regulations and procedures in Portugal and formalities required by Portuguese laws and regulations to permit the offering and sale of Warrants in Portugal, including any related documents or marketing materials. For the purposes of this provision, the expression "the public in Portugal" does not include professional investors as defined in Article 30(1) of the Portuguese Securities Code.

The Warrants are not intended to be offered, sold or otherwise made available to any retail investor in Portugal where the issuance or marketing of such Warrants are subject to the supervision of the Portuguese Securities Market Commission (the "**CMVM**") and to CMVM Regulation 8/2018. Consequently, the requirements of the CMVM Regulation 8/2018 in respect of Packaged Retail Investment Products have not been met and therefore offering or selling the Warrants in or into Portugal may not be permitted without complying with the requirements set out in the CMVM Regulation 8/2018 and other applicable laws and regulations in Portugal.

For these purposes, a retail investor means a person who is a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**").

Republic of Chile

Neither the Issuer nor the Warrants have been registered with the *Comisión para el Mercado Financiero* pursuant to law no. 18,045 (the "**Ley de Mercado de Valores**") and regulations thereunder, therefore, they cannot be publicly offered in the Republic of Chile. This Base Prospectus does not constitute an offer of,

or an invitation to subscribe for or purchase the Warrants in the Republic of Chile, other than to individually identified investors pursuant to a private offering within the meaning of article 4 of the *Ley de Mercado de Valores* (i.e. an offer that is not addressed to the public at large or to a certain sector or specific group of the public).

- (c) it has not and will not underwrite the issue of, or place or otherwise act in Ireland in respect of the Warrants, otherwise than in conformity with the provisions of Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 or any delegated or implementing acts relating thereto, the European Union (Prospectus) Regulations 2019 of Ireland, the Companies Act 2014 (as amended) and any rules issued under Section 1363 of the Companies Act 2014 (as amended) by the Central Bank of Ireland; and
- (d) it has not and will not underwrite the issue of, or place or otherwise act in Ireland in respect of the Warrants, otherwise than in conformity with the provisions of the European Union (Market Abuse) Regulations 2016 (as amended), Regulation (EU) No 596/2014 of the European Parliament of the Council of 16 April 2014 on market abuse (as amended) and any rules issued under Section 1370 of the Companies Act 2014 (as amended) by the Central Bank of Ireland.

Republic of Panama

Warrants may not be publicly offered, sold and distributed in the Republic of Panama without registration with the Superintendence of the Securities Market (the "**Superintendence**") pursuant to the provisions of Decree Law No. 1 of 1999, as amended by Law 67 of 2011 (the "**Panama Securities Law**"). However, under the Panama Securities Law, registration of offers, sales, and transactions of the Warrants is not required if the Warrants are offered and/or sold under a private placement exemption, as follows:

- (i) Private tenders (under the "**25/10 rule**"): offers of securities made by an issuer or its affiliate to not exceeding twenty-five persons, or such other number of persons determined by the Superintendence, and which jointly results in the sale of such securities to not exceeding ten persons, or such other number of persons determined by the Superintendence, within a one year period; or
- (ii) Institutional investors: offers of securities and sales made to institutional investors who, because of their expertise in the securities markets, as determined by the Superintendence, have the know-how and the financial capacity to evaluate and assume the risks of investing in such securities without requiring the protections granted by the Panama Securities Law.

In this respect, Resolution 1-2001 issued by the Superintendence establishes that the following entities will be considered institutional investors:

1. Banks, insurance companies, re-insurance companies, mutual fund companies registered with the Superintendence, investments trusts administered by a corporation with a trust license, pension funds and pensions regulated by Law 10 of 1993 and brokerage houses acting on their own account and for their own risk and if such investment accounts are duly segregated.

2. 3. Sovereign states, and public entities that by their nature are authorized to make investments (for example, the Trust Fund for Development (*Fondo para el Desarrollo*) and the Social Security Fund (*Fondo de la Caja de Seguro Social*) which are both Panamanian public entities).

The Warrants to be issued under the Programme and this Base Prospectus have not been and will not be offered, sold or delivered, and no invitation to subscribe for or to purchase the Warrants has been or will be made, directly or indirectly, nor may any document or other material in connection therewith be distributed in the Sultanate of Oman to any person in the Sultanate of Oman other than by an entity duly licensed by the Capital Market Authority of Oman to market non-Omani securities in the Sultanate of Oman and then only in accordance with all applicable laws and regulations, including Article 139 of the Executive Regulations of the Capital Markets Law (Decision No. 1/2009, as amended).

Switzerland

The Warrants are not subject to the approval of, or supervision by, the Swiss Financial Market Supervisory Authority ("FINMA") and investors in the Warrants will not benefit from supervision by FINMA. Warrants issued under the Programme do not constitute participations in a collective investment scheme within the meaning of the Swiss Federal Act on Collective Investment Schemes of 23 June 2006 ("CISA"), as amended. Warrants issued under the Programme are neither issued nor guaranteed by a Swiss financial intermediary. Investors are exposed to the credit risk of the Issuer.

Any Warrants which are intended to be publicly offered in Switzerland pursuant to Article 35 para. 1 Swiss Financial Services Act ("**FinSA**") may only be offered in accordance with FinSA. In particular, this Base Prospectus and the applicable Final Terms must comply with FinSA and its implementing ordinance, the Swiss Federal Financial Services Ordinance ("**FinSO**").

Any Warrants which are not intended to be publicly offered in Switzerland (so-called exempt offers) may only be offered or distributed:

- (a) if such offer is strictly limited to investors that qualify as professional clients ("**Professional Clients**", as set out below) according to Article 4 para. 3 and Article 5 para. 1 FinSA. Accordingly,

the Warrants may only be distributed or offered, and the Base Prospectus or any other marketing material relating to the Warrants may be made available to Professional Clients in Switzerland; in this case, the offering of the Warrants in, into or from Switzerland is exempt from the requirement to prepare and publish a prospectus under FinSA;

- (b) if such offer constitutes an exempt offer pursuant to specific provisions regarding exempt offers pursuant to Article 36 FinSA which (a) is addressed to less than 500 investors, (b) is only addressed to investors that purchase financial instruments in an amount of at least CHF 100,000 (or equivalent in other currencies), (c) has a minimum denomination of CHF 100,000 (or equivalent in other currencies), or (d) does not exceed the value of CHF 8 million (or equivalent in other currencies) calculated over a period of 12 months; in this case, the offering of the Warrants in, into or from Switzerland is exempt from the requirement to prepare and publish a prospectus under FinSA.

Professional Clients in terms of FinSA specifically include:

- (a) Swiss regulated financial intermediaries such as banks, securities houses, fund management companies, asset managers of collective investments, or regular asset managers;
- (b) Swiss regulated insurance companies;
- (c) foreign entities which are subject to a prudential supervision under the laws of their incorporation of jurisdiction equivalent to that applicable to persons listed under paragraphs (a) and (b) above;
- (d) central banks;
- (e) public entities with professional treasury operations;

- (g) companies with professional treasury operations;
- (h) large companies; and
- (i) private investment structures with professional treasury operations created for high-net-worth private (retail) clients.

In addition, high-net-worth private (retail) clients and private investment structures created for them may declare that they wish to be treated as Professional Clients in accordance with Article 5 FinSA (opting out).

Notwithstanding the above, in the case of offerings of Warrants that constitute debt instruments with a "derivative character" that will be made to private (retail) clients in, into or from Switzerland (as such expressions are understood under FinSA and FinSO), a key information document (KID) prepared in accordance with FinSA and FinSO or in accordance with Regulation (EU) No 1286/2014 of the European Parliament and of the Council of November 26, 2014 on key information documents for packaged retail and insurance-based investment products (PRIIPs) must be made available. The Issuer reserves the right to make available a simplified prospectus pursuant to former Article 5 para. 2 CISA instead of a KID until the expiration of the grand-fathering period, i.e. until the end of 2021.

Unless the Final Terms in respect of any Warrants specifies the "Prohibition of Sales to UK Retail Investors" as "Not applicable", each Manager has represented and agreed, and each further Manager appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Warrants which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the United Kingdom. For the purposes of this provision:

In relation to any Warrants if the Final Terms in respect of such Warrants specifies "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", each Manager has represented and agreed, and each further Manager appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Warrants which are the subject of the offering contemplated by this Base

Prospectus as completed by the Final Terms in relation thereto to the public in the United Kingdom except that it may make an offer of such Warrants to the public in the United Kingdom:

- (a) at any time to any legal entity which is a qualified investor as defined in Article 2 of the UK Prospectus Regulation;
- (b) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in Article 2 of the UK Prospectus Regulation) in the United Kingdom subject to obtaining the prior consent of the relevant Manager or Managers nominated by the Issuer for any such offer; or

provided that no such offer of Warrants referred to in (a) to (c) above shall require the Issuer or any Manager to publish a prospectus pursuant to section 85 of the FSMA or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation.

For the purposes of this provision, the expression an "**offer of Warrants to the public**" in relation to any Warrants means the communication in any form and by any means of sufficient information on the terms of the offer and the Warrants to be offered so as to enable an investor to decide to purchase or subscribe for the Warrants and the expression "**UK Prospectus Regulation**" means Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA.

All applicable provisions of the FSMA must be complied with in respect of anything done in connection with the Warrants in, from or otherwise involving the United Kingdom.

United States of America

The Warrants have not been and will not be registered under the Securities Act or the state securities laws of any state of the United States and may not be offered or sold within the United States or to or for the account or benefit of, or exercised by, U.S. persons (as defined in Regulation S) except pursuant to an exemption from or in a transaction not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S.

In addition, unless the relevant Final Terms specify otherwise Warrants may not be offered or sold to, or for the account or benefit of U.S. persons (as defined in U.S. Commodity Futures Trading Commission regulation 23.23(a)(23)) at any time.

Each Manager has agreed that, except as permitted by the Master Warrant Issuance Agreement,

- (1) if "40-day Distribution Compliance Period" is specified as not applicable in the relevant Final Terms, (a) it will not offer, sell or deliver Warrants at any time (whether as part of their distribution at any time or otherwise) within the United States or to, or for the account or benefit of, U.S. persons and (b) it will send to each dealer to which it sells Warrants a confirmation or other notice setting forth the restrictions on offers and sales of the Warrants within the United States or to, or for the account or benefit of, U.S. persons; and

above a confirmation or other notice setting forth the restrictions on offers and sales of the Warrants within the United States or to, or for the account or benefit of, U.S. persons.

In addition:

- (1) if "40-day Distribution Compliance Period" is specified as not applicable in the relevant Final Terms, an offer or sale of Warrants at any time within the United States by any dealer (whether or not participating in the offering of such Warrants) may violate the registration requirements of the Securities Act if such offer or sale is made pursuant to an exemption from registration under the Securities Act; and
- (2) otherwise, until 40 days after the commencement of the offering of any Tranche of Warrants, an offer or sale of Warrants of such Tranche within the United States by any dealer (whether or not participating in the offering of such Warrants) may violate the registration requirements of the Securities Act if such offer or sale is made pursuant to an exemption from registration under the Securities Act.
