3.3 The Trustee may from time to time request delivery by the Issuer of legal opinions addressed to the Trustee and the Issuer shall, on such request, deliver such legal opinions which shall be provided by the current legal adviser to the Issuer if:

3.3.1 no legal opinion has been issued to the Dealers under the Dealer Agreement in connection with any issue of Securities during the immediately preceding 12 months prior to the date of request by the Trustee and at such time the Issuer is proposing to issue any Securities and no Dealer is requesting that the Issuer deliver to such Dealer a legal opinion addressed to such Dealer as a condition precedent to such Dealer undertaking any obligations in connection with such proposed issue; or

3.3.2 the Issuer is proposing to issue any Securities and the Trustee has reasonable grounds to believe the provision of a legal opinion or opinions to be desirable in view of any change (or proposed change) in any applicable law or regulation (or the interpretation thereof) affecting the Issuer, the Trust Deed or the Securities or has any other reasonable grounds for so requesting such legal opinion or opinions.

3.4 If any opinion delivered to the Trustee pursuant to this Clause is not reasonably satisfactory to it, then the Trustee may direct by notice in writing to the Issuer that the Securities which the Issuer is so proposing to issue may not be constituted under this Trust Deed until such time as the Trustee has certified that it has received an opinion reasonably satisfactory to it in place of the unsatisfactory opinion.

4.2

- 4.2.1 On the issue date in relation to any Securities and upon confirmation to the Principal Paying and Conversion Agent or, as the case may be, the Registrar (which may be given by telephone, facsimile, letter or in person) by the Issuer that the conditions specified in clause 2.8 of the Dealer Agreement have been satisfied or waived in relation to such Securities, the Principal Paying and Conversion Agent or, as the case may be, the Registrar shall authenticate, effectuate (if applicable) and deliver to or to the order of the Relevant Dealer the relevant Temporary Global Security, Permanent Global Security, Definitive Bearer Security(s), Global Registered Security(s) or Definitive Registered Security(s), as the case may be, and thereupon the Securities shall become constituted by this Trust Deed without further formality.
- 4.2.2 The Issuer shall, in relation to Securities which are represented by a Temporary Global Security, ensure that there is delivered to the Principal Paying and Conversion Agent, not less than five days before the relevant Temporary Global Security becomes exchangeable therefor, the Permanent Global Security (in unauthenticated form but executed by the Issuer and otherwise complete) in relation thereto or, as the case may be, the Definitive Bearer Securities (in each case in unauthenticated form but executed by the Issuer and otherwise complete) in relation thereto. - 4.2.3 The Issuer shall, in relation to Securities which are represented by a Permanent Global Security and where notice has been given in accordance with the terms of such Permanent Global Security, ensure that there is delivered to the Principal Paying and Conversion Agent, not less than five days before the date on which such Permanent Global Security becomes exchangeable therefor, the Definitive Bearer Securities (in unauthenticated form but executed by the Issuer and otherwise complete) in relation thereto. The Principal Paying and Conversion Agent shall authenticate and deliver such Definitive Bearer Securities in accordance with the provisions of the relevant Permanent Global Security and the Agency Agreement.
- 4.2.4 Global Securities shall be prepared, completed and delivered in accordance with the provisions of the Agency Agreement to the depository for such Clearing System(s) as are set out in the relevant Pricing Supplement.
- 4.3 The Issuer will pay any stamp or other similar duties or taxes payable in the United Kingdom on or in connection with (i) the execution of this Trust Deed, (ii) the constitution, issue and delivery of the Securities or (iii) any action taken by the Trustee to enforce the provisions of the Securities or the Coupons or this Trust Deed.
- 4.4 The Issuer hereby covenants to comply with those provisions of this Trust Deed which are expressed to be binding on it and to perform and observe the same. The Securities and Coupons shall be held subject to the provisions contained in this Trust Deed, all of which shall be binding to the extent aforesaid upon the Issuer and/or the Securityholders and the Couponholders and all persons claiming through or under them respectively.

- 4.5 If the Issuer becomes subject generally to the taxing jurisdiction of any territory or any authority or political subdivision therein or thereof having power to tax other than or in addition to the United Kingdom or any such authority or political subdivision in or of the United Kingdom then the Issuer shall (unless the Trustee shall otherwise agree) give to the Trustee an undertaking or covenant in form and manner satisfactory to the Trustee in terms corresponding to the terms of Condition 7 (*Taxation*) with the substitution for, or (as the case may require) the addition to, the references therein to the United Kingdom or any such authority or political subdivision in or of the United Kingdom having power to tax of references to that other or additional territory or any authority or political subdivision therein or thereof having power to tax to whose taxing jurisdiction the Issuer shall have become subject as aforesaid.

5. COVENANT TO REPAY AND TO PAY INTEREST

- 5.1 As and when the Securities of any Series or any of them become due to be redeemed in accordance with the Conditions, subject to Clauses 5.6 to 5.9 the Issuer shall unconditionally pay or procure to be paid to or to the order of the Trustee in the Specified Currency in which the same is required to be paid under the Conditions of such Securities and in immediately available funds the principal amount (or such other amount as may be set out in or calculated in accordance herewith or with the Conditions of the relevant Pricing Supplement) of the Securities becoming due for repayment on that date together with any premium payable in respect thereof and shall (subject as aforesaid) until such payment (as well after as before any judgment or other order of any court of competent jurisdiction is duly made) pay in the manner and at the rate prescribed by the Conditions to or to the order of the Trustee as aforesaid interest on the principal amount of the Securities (or such other amount as set out in the relevant Pricing Supplement), **provided that** every payment of any sum due in respect of the Securities made to or to the order of the Principal Paying and Conversion Agent in the manner provided in the Agency Agreement shall be a satisfaction *pro tanto* of the relevant covenant by the Issuer contained in this Clause except to the extent that there is default in the subsequent payment thereof to the Securityholders or Couponholders in accordance with the Conditions. In any case where a due date for any payment in respect of the Securities is not both a Relevant Financial Centre Day and a Local Banking Day (each as defined in Condition 19 (*Definitions*)), such payment shall be made by the relevant Paying Agent on the next succeeding day which is such a day with the same force and effect as if it had been made on such date for payment.
- 5.2 If the Issuer has been unable to appoint a Settlement Shares Depositary, it shall make such other arrangements for the Ordinary Shares to be issued and delivered (or, if applicable, for Alternative Consideration to be delivered) upon conversion to the Securityholders as it considers reasonable in the circumstances, which may include issuing and delivering the Ordinary Shares to another independent nominee to be held on trust (which trust must, if Condition 9(f) (*Conversion Shares Offer*) is specified as being applicable in respect of any Series of Securities, be on terms permitting a Conversion Shares Offer in accordance with Condition 9(f) (*Conversion Shares Offer*)) for the Securityholders or to the Securityholders directly, which issuance and delivery shall irrevocably discharge and satisfy all of the Issuer's obligations under the Securities as if the relevant Ordinary Shares had been issued and delivered to the Settlement Shares Depositary and, in which case, where the context so admits, references in this

Deed to the issue and delivery of Ordinary Shares to the Settlement Shares Depository shall be construed accordingly and apply *mutatis mutandis*.

- 5.3 Subject to anything contrary provided in the Conditions applicable to a relevant Series of Securities, a Holder of Securities or Coupons shall not be entitled to apply any claims he may have in respect of such Securities or Coupons in set-off against any obligations he may have to the Issuer, the Trustee or any other person nor shall he be entitled to raise any such claims by way of counterclaim in respect of any claims against him by the Issuer, the Trustee or any other person and by his acceptance of Securities or Coupons, such Holder waives any entitlement to such set-off or counterclaim that he might otherwise have.
- 5.4 In circumstances where the second proviso to Clause 8.1 and Condition 10(a)(i) (*Enforcement*) has been applied in relation to any Securities, the Trustee may at any time and from time to time by notice in writing to the Issuer require the Issuer to take such action (including but not limited to proceedings for a declaration by a relevant court) as the Trustee in its absolute discretion considers appropriate to resolve the doubt, in which event the Issuer shall forthwith take and expeditiously proceed with such action and shall be bound by any final resolution of the doubt resulting therefrom. If such resolution determines that the relative payment can be made without infringing any applicable law, regulation or order, then the said proviso shall forthwith cease to apply and the grace periods provided for in Clause 8.1 and Condition 10(a)(i) (*Enforcement*) shall expire seven days or, if later, the date on which they would have expired, after service by the Trustee on the Issuer of notice informing it of such resolution. If so required by the Trustee the Issuer shall as promptly as practicable after such resolution give a notice to holders of such Securities with regard thereto in accordance with Condition 14 (*Notices*) in a form previously approved by the Trustee.
- 5.5 At any time after a Default or Potential Default in relation to any Securities and at any other time with the written consent of the Issuer the Trustee may:
- 5.5.1 by notice in writing to the Issuer, the Principal Paying and Conversion Agent and the other Paying Agents (if any), require the Principal Paying and Conversion Agent and the other Paying Agents (if any) (so far as permitted by applicable law) pursuant to the Agency Agreement:
- (a) thereafter as Principal Paying and Conversion Agent and Paying Agents respectively of the Trustee in relation to payments to be made by or on behalf of the Trustee under the provisions of this Trust Deed in relation to such Securities *mutatis mutandis* on the terms provided in the Agency Agreement (save that the Trustee's liability under any provisions thereof for the indemnification of the Paying Agents shall be limited to the amounts in respect of such Securities and the Coupons appertaining thereto for the time being held by the Trustee on the trusts of this Trust Deed) and thereafter to hold all such Securities and Coupons which are cancelled, and all sums, documents and records held by them in respect of such Securities, Coupons and Talons, on behalf of the Trustee; and/or
- (b) to deliver up all such Securities and Coupons which are cancelled and all sums, documents and records held by them in respect of such Securities and Coupons to the Trustee or as the Trustee shall direct in

such notice, **provided that** such notice shall be deemed not to apply to any documents or records which the Principal Paying and Conversion Agent or the relevant other Paying Agent (if any) is obliged not to release by any law or regulation; and

- 5.5.2 by notice in writing to the Issuer, require the Issuer to make all subsequent payments in respect of such Securities and/or the Coupons (if any) appertaining thereto (as the case may be) to or to the order of the Trustee and not to the Principal Paying and Conversion Agent; with effect from the issue of any such notice to the Issuer until such notice is withdrawn the proviso to Clause 5.1 shall cease to have effect in respect of such Securities; and
 - 5.5.3 without the consent of any other party, terminate the appointment of any Agent and/or appoint further or other Paying Agents, Transfer Agents and a replacement Registrar or Calculation Agent (if any).
- 5.6 Other than where Condition 2(c) (*Winding-up prior to a Capital Adequacy Trigger*) or Condition 2(d) (*Winding-up after a Capital Adequacy Trigger*) or (in relation to the cash component of any Alternative Consideration) Condition 9(f) (*Conversion Shares Offer*) applies, the Issuer's obligation to make any payment to Securityholders or Couponholders in respect of or arising from (including any damages for breach of any obligations under) the Securities is, in addition to the provisions of Condition 5 (*Cancellation of Interest*), conditional upon the Issuer being Solvent at the time of payment by the Issuer and no principal, interest or other amount shall be due and payable to Securityholders or Couponholders in respect of or arising from the Securities except to the extent that the Issuer could make such payment and still be Solvent immediately thereafter.
- 5.6.1 In relation to any Series of Securities which is outstanding, the Issuer may at any time and shall whenever requested by the Trustee procure that the Auditors of the Issuer shall give a certificate or report in writing to the Trustee as to whether or not the Issuer, on the basis of such information as the Issuer may at the request of the Auditors make available to the Auditors, is or would in any specified circumstances be Solvent for the purposes of Clause 5.6 and in the absence of manifest error such certificate or report shall be treated and accepted by the Issuer, the Trustee, the Securityholders and the Couponholders as correct and sufficient evidence of such fact. The Trustee shall not be obliged at any time to request such certificate and, in the absence of any such evidence to the contrary, it shall for the purposes thereof be assumed (unless the contrary is proved prior to the date of payment) that the Issuer is and will after any payment hereunder in respect of such Series of Securities be Solvent for such purposes. No Securityholder or Couponholder shall be entitled to proceed against the Auditors in connection with the exercise or non-exercise by them of their powers, duties and discretions under this paragraph.
 - 5.6.2 The provisions of Clauses 5.6 to 5.9 apply only to the principal, interest and any other amounts payable to the Securityholders and the Couponholders in respect of the Securities and the Coupons, and nothing in this Clause 5 shall affect or prejudice the payment of the costs, charges, expenses or liabilities or remuneration of the Trustee or the rights and remedies of the Trustee in respect thereof.

- 5.6.3 If any money shall be paid by the Issuer to the Trustee or any Securityholder or Couponholder in respect of any Securities at a time when as a consequence of Clauses 5.6 to 5.9 or Condition 2(b) (*Subordination – conditions to payment*) the Issuer is under no obligation to pay the same, such money shall not (subject only to Clause 6.1) be recoverable by the Issuer and the Issuer shall have no right against the Trustee, the Principal Paying Agent or any other Paying Agent, or any Securityholder or Couponholder in respect of such payment.
- 5.6.4 The Issuer shall be at liberty from time to time without the consent of any Securityholder or Couponholder to create and issue any class of share capital and to create, issue, secure or guarantee any indebtedness upon such terms, including as to return of capital or repayment in a winding-up, as the Issuer may think fit, and if in the opinion of the Trustee any modification to the provisions of this Trust Deed to permit such ranking is necessary or expedient the Trustee is hereby authorised to concur with the Issuer in executing a supplemental trust deed effecting such modification.
- 5.7 If at any time prior to the date on which a Capital Adequacy Trigger occurs:
- 5.7.1 an order is made, or an effective resolution is passed, for the winding-up of the Issuer in England (except, in any such case, a solvent winding-up solely for the purposes of a reorganisation, reconstruction or amalgamation of the Issuer, the terms of which reorganisation, reconstruction or amalgamation (x) have previously been approved in writing by the Trustee or by an Extraordinary Resolution and (y) do not provide that the Securities shall thereby become redeemable or repayable in accordance with the Conditions); or
- 5.7.2 an administrator of the Issuer is appointed and such administrator declares, or gives notice that it intends to declare and distribute, a dividend,

there shall be payable by the Issuer in respect of each Security (in lieu of any other payment by the Issuer) such amount, if any, as would have been payable to the Holder of such Security if, throughout such winding-up or administration in England, such Holder were the holder of one of a class of preference shares in the capital of the Issuer denominated in the Specified Currency of the relevant Security ("**Notional Preference Shares**") having an equal right to a return of assets in the winding-up or administration in England to, and so ranking *pari passu* with, the holders of the most senior class or classes of issued preference shares in the capital of the Issuer from time to time (if any) and which have a preferential right to a return of assets in the winding-up or administration over, and so rank ahead of, the holders of all other classes of issued shares for the time being in the capital of the Issuer but ranking junior to the claims of Prior Ranking Creditors, and on the assumption that the amount such holder was entitled to receive in respect of each Notional Preference Share on a return of assets in such winding-up or administration were an amount equal to the principal amount of the relevant Security, including any accrued but unpaid interest thereon (to the extent not cancelled in accordance with these Conditions) and any damages awarded for breach of any obligations, whether or not the conditions referred to in Condition 2(b) (*Subordination – conditions to payment*) are satisfied on the date upon which the same would otherwise be due and payable.

5.8 If at any time on or after the date on which a Capital Adequacy Trigger occurs:

5.8.1 an order is made, or an effective resolution is passed, for the winding-up of the Issuer in England (except, in any such case, a solvent winding-up solely for the purposes of a reorganisation, reconstruction or amalgamation of the Issuer, the terms of which reorganisation, reconstruction or amalgamation (x) have previously been approved in writing by the Trustee or by an Extraordinary Resolution and (y) do not provide that the Securities shall thereby become redeemable or repayable in accordance with the Conditions); or

5.8.2 an administrator of the Issuer is appointed and such administrator declares, or gives notice that it intends to declare and distribute, a dividend,

but the relevant Ordinary Shares to be issued and delivered to the Settlement Shares Depository on conversion in accordance with Condition 9 (*Capital Adequacy Trigger*) have not been so delivered, there shall be payable by the Issuer in respect of each Security (in lieu of any other payment by the Issuer), such amount, if any, as would have been payable to the Holder of such Security if, throughout such winding-up or administration, such Holder were the holder of such number of Ordinary Shares as that Holder would have been entitled to receive on conversion in accordance with Condition 9 (*Capital Adequacy Trigger*) (ignoring for these purposes the Issuer's right to make an election for a Conversion Shares Offer to be effected in accordance with Condition 9(f) (*Conversion Shares Offer*) (if applicable) whether or not the conditions referred to in Condition 2(b) (*Subordination – conditions to payment*) are satisfied on the date upon which the same would otherwise be due and payable).

5.9 For the purposes of the foregoing provisions of Clauses 5.7 and 5.8:

5.9.1 the Notional Preference Shares shall be treated as if the same had been created pursuant to a special resolution of the Issuer passed at the date hereof; and

5.9.2 there shall not be conferred or be treated as conferred on the Securityholders any further remedy against the Issuer other than as specifically provided by Clause 8 or the Conditions.

6. SUBORDINATION

6.1 In the event of a winding-up of the Issuer in England, claims of the Securityholders and Couponholders in respect of Securities and Coupons shall be postponed to the claims of the Prior Ranking Creditors and any amounts receivable by the Trustee from the liquidator in such winding-up in respect of Securities and Coupons appertaining thereto shall be received by the Trustee upon trust to apply the same as follows:

6.1.1 *first*, in payment or satisfaction of the costs, charges, expenses and liabilities incurred by the Trustee including any unpaid remuneration in or about the execution of the trusts of this Trust Deed;

6.1.2 *secondly*, if prior to receipt of any such amounts or within 30 days thereafter the Trustee is provided with a report pursuant to Clause 6.3 hereof (which shall be requested by the Trustee on receipt of any such amounts), which states the amount of the claims of the Prior Ranking Creditors which shall have been

admitted in the winding-up and which shall not have been satisfied out of the other resources of the Issuer, in the return to the Issuer of such amounts up to the amount of such claims, and if no such report is provided within such period of 30 days the Trustee shall return the whole of such amounts (after any necessary deductions pursuant to sub-clause 6.1.1) to the Issuer (and any money so returned shall be then treated for the purposes of the Issuer's obligations hereunder as if it had not been paid by the Issuer and its original payment shall be deemed not to have discharged any of the obligations of the Issuer hereunder);

6.1.3 *thirdly*, in payment of any claims in respect of Securities and Coupons appertaining thereto (to the respective extent that the Trustee's claims in respect thereof shall be admitted in such winding-up) *pari passu* and rateably; and

6.1.4 *fourthly*, in payment of the balance (if any) to the Issuer.

6.2 The trusts mentioned in sub-clause 6.1.2 may be performed by the Trustee paying over to the liquidator for the time being in the winding-up of the Issuer the amounts received by the Trustee as aforesaid (less any amounts thereof applied in the implementation of the trusts mentioned in sub-clause 6.1.1 hereof) on terms that such liquidator shall distribute the same accordingly. The receipt of the liquidator for the said amounts shall be a good discharge to the Trustee.

6.3 The Issuer may at any time and shall whenever requested by the Trustee procure that the liquidator for the time being of the Issuer shall give a report in writing to the Trustee stating the amount of the claims of the Prior Ranking Creditors which shall have been admitted in the winding-up and which shall not have been satisfied out of the other resources of Issuer and in the absence of manifest error such report shall be treated and accepted by the Issuer, the Trustee, the Securityholders and the Couponholders as correct and sufficient evidence of such fact.

6.4 Notwithstanding anything contained in this Trust Deed to the contrary, the foregoing provisions of this Clause shall be construed and have effect so that in the event of the winding-up of the Issuer the obligations of the Issuer under the Securities on the first hand and the Subordinated Guarantee on the other hand will rank *pari passu* and rateably *inter se* so far as concerns subordination to claims of Prior Ranking Creditors.

6.5 The provisions of Clauses 6.1 to 6.4 apply only to the principal, interest and other amounts payable to the Securityholders and the Couponholders in respect of the Securities and the Coupons, and nothing in this Clause 6 or Clause 8 or Condition 2 (*Status and Subordination*), Condition 9 (*Capital Adequacy Trigger*) or Condition 10 (*Enforcement*) shall affect or prejudice the payment of the costs, charges, expenses or liabilities or remuneration of the Trustee or the rights and remedies of the Trustee in respect thereof.

7. EVIDENCE OF DEFAULT

7.1 Should the Trustee make any claims or lodge any proof in a winding-up of the Issuer under this Trust Deed or under the Securities or Coupons:

7.1.1 proof that as regards any specified Security the Issuer has made default in paying any principal or interest due to the relative holder shall (unless the

contrary be proved) be sufficient evidence that the Issuer has made the like default as regards all other Securities which are then repayable or interest which is then payable; and

7.1.2 proof that as regards any specified Coupon relating to the Securities the Issuer has made default in paying any interest due to the relative holder of the Coupon shall (unless the contrary be proved) be sufficient evidence that the Issuer has made the like default as regards all other outstanding Coupons relating to the Securities in respect of which interest has at such time become due.

8. PROCEDURE ON DEFAULT

8.1 If default is made for a period of 14 days or more in the repayment of any principal due on the Securities of any Series or any of them, then the Trustee may, in order to enforce payment, at its discretion and without further notice institute proceedings for the winding-up of the Issuer in England and/or prove in any winding-up or administration of the Issuer in England, **provided that** it shall not be such a default to withhold or refuse any such payment:

8.1.1 in order to comply with any fiscal or other law or regulation or with the order of any court of competent jurisdiction, in each case applicable to such payment; or

8.1.2 in cases of doubt as to the validity or applicability of any such law, regulation or order, in accordance with advice given at any time during the said period of 14 days, as the case may be, by independent legal advisers acceptable to the Trustee as to such validity or applicability.

8.2 Without prejudice to Clause 8.1, the Trustee may at its discretion and without further notice institute such proceedings against the Issuer as it may think fit and may, subject as hereinafter provided, institute proceedings for the winding-up of the Issuer in England and/or prove in any winding-up or administration of the Issuer in England to enforce any obligation, condition or provision binding on the Issuer under this Trust Deed in relation to any Series of Securities or the Coupons appertaining thereto (other than any obligation for the payment of any principal, interest or expenses in respect of such Securities or Coupons or any other payment obligation in respect thereof), **provided that** the Issuer shall not by virtue of the institution of any such proceedings other than proceedings for the winding-up of the Issuer be obliged to pay any sum or sums (whether in respect of principal or interest or other sums in respect of the relevant Securities or the Coupons appertaining thereto or by way of damages in respect of any breach of any such obligation, condition or provision or otherwise howsoever). The Trustee may only institute proceedings for the winding-up of the Issuer to enforce the obligations above referred to in this paragraph and/or prove in any winding-up or administration of the Issuer in England if a default by the Issuer thereunder is not remedied to the satisfaction of the Trustee within 60 days (or such longer period as the Trustee may permit) after notice of such default has been given to the Issuer by the Trustee requiring such default to be remedied.

8.3 The Trustee shall not in any event be bound to take any of the actions referred to in Clauses 8.1 or 8.2 above in respect of any Series of Securities unless (i) it shall have been so requested in writing by the holders of at least one-fifth of the principal amount

of the Securities of the relevant Series then outstanding or it shall have been so directed by an Extraordinary Resolution of the holders of the Securities of the relevant Series and (ii) it shall have been indemnified and/or secured and/or pre-funded to its satisfaction against all liabilities, proceedings, claims and demands to which it may be or become liable and all costs, charges and expenses which may be incurred by it in connection therewith, including the cost of using its managements' time and/or other internal resources calculated using its normal hourly rates in force from time to time.

- 8.4 No remedy against the Issuer (including any right of set-off) other than as specifically provided by this Clause 8 or the Conditions shall be available to the Trustee, the Securityholders or the Couponholders in respect of any Series of Securities whether for the recovery of amounts owing in respect of such Securities or the Coupons appertaining thereto or under this Trust Deed or in respect of any breach by the Issuer of any obligation, condition or provision under this Trust Deed or such Securities or Coupons or otherwise, and no Securityholder or Couponholder shall be entitled to proceed directly against the Issuer or to proceed in any winding-up of the Issuer in England unless the Trustee, having become bound to proceed, fails to do so within a reasonable period and such failure shall be continuing, in which case any such holder may itself institute proceedings against the Issuer for the relevant remedy and/or prove in any winding-up or administration of the Issuer in England in respect of its Securities, or as the case may be, Coupons, to the same extent (but not further or otherwise) that the Trustee would have been entitled to do so.

9. APPLICATION OF MONIES RECEIVED BY THE TRUSTEE

- 9.1 In relation to each Series of Securities, all monies received by the Trustee including any amounts received from the Issuer under Clause 25 (*Currency Indemnity*) shall be held by the Trustee (subject always in the case of monies received in a winding-up of the Issuer to the provisions of Clause 6 (*Subordination*)) upon trust to apply the same:

9.1.1 *first*, in payment of all costs, charges, expenses and liabilities incurred and payments made by the Trustee under the provisions hereof and all remuneration payable to the Trustee;

9.1.2 *secondly*, in or towards payment *pari passu* and rateably of all monies due in respect of the Securities of such Series and all interest (if any) unpaid in respect of such Securities, **provided that** where Securities of more than one Series have become due and repayable, the monies so received shall be applied as between the amounts outstanding in respect of the different Series (subject always in the case of monies received in a winding-up of the Issuer to the provisions of Clause 6 (*Subordination*)) *pari passu* and rateably; and

9.1.3 *thirdly*, the balance (if any) in payment to the Issuer.

Without prejudice to the provisions of this Clause, if the Trustee shall hold any monies which represent principal or interest in respect of Securities or Coupons which have become void under Condition 11 (*Prescription*) the Trustee shall (subject to payment or provision for the payment or satisfaction of the said costs, charges, expenses and liabilities including the remuneration of the Trustee) pay the same to the Issuer.

- 9.2 The Trustee shall give not less than 14 days' notice to the Securityholders and Couponholders in accordance with Condition 14 (*Notices*) of the day fixed for any payment to them under Clause 9.1. Such payment shall be made in accordance with Condition 8 (*Payments*) and any payment so made shall be a good discharge to the Trustee.
- 9.3 If in relation to any Series of Securities the amount of the monies at any time applicable under Clause 9.1 for payment of the item set out in sub-clause 9.1.2 shall be less than 10 per cent. of the amount then due to the Securityholders and/or the Couponholders in relation to such Series of Securities, the Trustee may, at its discretion, invest such moneys upon some or one of the investments hereinafter authorised with power from time to time, at the like discretion, to vary such investments; such investments with the resulting income thereof may be accumulated until the accumulation together with any other funds for the time being under the control of the Trustee and applicable for the purpose shall amount to a sum sufficient to pay at least the above percentage amount due on such Securities and/or Coupons and then such accumulations and funds shall be applied in manner aforesaid.

10. **DISCHARGE BY PAYMENT**

Any payment to be made in respect of the Securities and/or the Coupons by the Issuer, or the Trustee may be made in the manner provided in this Trust Deed and any payment so made shall be a good discharge *pro tanto* to the Issuer or the Trustee, as the case may be. Any payment of interest made in respect of a Coupon shall extinguish any claim which may arise directly or indirectly in respect of such interest from the relative holder of the Security to which such Coupon relates.

11. **ENFACEMENT OF SECURITIES AND COUPONS**

Upon any payment under the provisions of Clause 9.1 the Security or Coupon in respect of which such payment is made shall be produced to the Trustee or the Paying Agent by or through whom such payment is made who shall, in the case of partial payment, cause the Security or Coupon concerned to be enfaced with a memorandum of the amount and date of payment on such Security or Coupon and who shall, in the case of payment in full, cause to be surrendered to the Issuer such Security or Coupon or shall cancel or procure the same to be cancelled and shall certify or procure the certification of such cancellation.

12. **AUTHORISED INVESTMENTS**

 - 24.1.6 the Trustee shall not have regard to the financial condition, profits or prospects of the Substituted Company to compare the same with those of the Issuer;
 - 24.1.7 (without prejudice to the right of reliance under sub-clause 24.1.5), the Trustee is satisfied that the said substitution is not materially prejudicial to the interests of the relevant Securityholders; and
 - 24.1.8 (without prejudice to the generality of sub-clauses 24.1.1 and 24.1.2) the Trustee may in the event of such substitution agree (without the consent of the Securityholders and Couponholders (if any) in relation to such Series) to a change in the law governing this Trust Deed and/or the relative Securities and/or the relative Coupons, **provided that** such change would not in the opinion of the Trustee be materially prejudicial to the interests of such Securityholders but the Trustee shall not have regard to the consequences of such change for individual Securityholders or Couponholders (if any) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of any particular territory and the Trustee shall not be entitled to require nor shall any Securityholder or Couponholder be entitled to claim from the Issuer any indemnification or payment in respect of any tax consequence of any such substitution upon individual Securityholders or Couponholders, except to the extent already provided for by Condition 7 (*Taxation*).
- 24.2 The claims of the Securityholders and Couponholders under the Securities and under any guarantee given by the Issuer pursuant to sub-clause 24.1.4 shall be subordinated (if legally possible) in a manner *mutatis mutandis* to the provisions of Clause 6 (*Subordination*) to the rights of Prior Ranking Creditors (with the substitution, in the case of the subordination of the Securities, of references to "the Substituted Company" in place of references to "the Issuer").
- 24.3 Any such agreement by the Trustee shall, if so expressed, operate to release the Issuer or any previous Substituted Company as principal debtor from any or all of its obligations under the relevant Securities and Coupons (if any) or any or all of its relevant obligations under this Trust Deed. Not later than 14 days after the execution of any such documents as aforesaid and after compliance with the said requirements of the Trustee, the Trustee shall give notice thereof to the Securityholders in relation to such Series in the manner provided in Condition 14 (*Notices*).

24.4 Upon the execution of such documents and compliance with the said requirements, the Substituted Company shall be deemed to be named in this Trust Deed in relation to such Series of Securities and on the relevant Securities and Coupons (if any) as the principal debtor in place of the Issuer (or of any previous Substituted Company under this Clause) and insofar as relevant this Trust Deed and the relevant Securities and Coupons (if any) shall be deemed to be amended in such manner as shall be necessary to give effect to the substitution and in relation to such Series of Securities any references in this Trust Deed, the relevant Securities and the relevant Coupons (if any) to the Issuer shall be deemed to be references to the Substituted Company.

25.2 **Provided always that** any claim in respect of the above indemnities shall remain subject to postponement in accordance with Clause 6 (*Subordination*), the above indemnities shall constitute separate and independent obligations of the Issuer from its other obligations under this Trust Deed, shall apply irrespective of any indulgence granted by the Trustee from time to time and shall continue in full force and effect notwithstanding the filing of any proof or proofs in such winding-up of the Issuer for the liquidated sum or sums in respect of amounts due hereunder (other than under Clause 25.1 hereof). Any such deficiency as aforesaid shall be deemed to constitute a loss suffered by the Trustee, the Securityholders and the Couponholders in relation to such Series of Securities and no proof or evidence of any actual loss shall be required by the Issuer or its liquidator. The amount of such deficiency shall not be deemed to be reduced by any variation in rates of exchange occurring between the said final date or dates and the date of any liquidation distribution.

On any occasion on which a payment of interest is made in respect of this Permanent Global Security, the Issuer shall procure that the same is noted on Schedule I hereto.

On any occasion on which a payment of principal or redemption amount is made in respect of this Permanent Global Security or on which this Permanent Global Security is exchanged as aforesaid or on which any Securities represented by this Permanent Global Security are to be cancelled, the Issuer shall procure that (i) the aggregate principal amount of the Securities in respect of which such payment is made (or, in the case of a partial payment, the corresponding part thereof) or which are delivered in definitive or registered form or which are to be cancelled

and (ii) the remaining principal amount of this Permanent Global Security (which shall be the previous principal amount hereof less the amount referred to at (i) above) are noted on Schedule II hereto, whereupon the principal amount of this Permanent Global Security shall for all purposes be as most recently so noted.

Insofar as the Temporary Global Security by which the Securities were initially represented has been exchanged in part only for this Permanent Global Security and is then to be further exchanged as to the remaining principal amount or part thereof for this Global Security, then upon presentation of this Permanent Global Security to the Principal Paying and Conversion Agent at its specified office in relation to the Securities and to the extent that the aggregate principal amount of such Temporary Global Security is then reduced by reason of such further exchange, the Issuer shall procure that (i) the aggregate principal amount of the Securities in respect of which such further exchange is then made and (ii) the new principal amount of this Permanent Global Security (which shall be the previous principal amount hereof plus the amount referred to at (i) above) are noted on Schedule II hereto, whereupon the principal amount of this Permanent Global Security shall for all purposes be as most recently noted.

Notwithstanding the provisions of Condition 9(k) (*Procedure for Settlement in respect of a Conversion upon Capital Adequacy Trigger*), if the Securities are represented by this Permanent Global Security and/or the Temporary Global Security (together, the "**Global Bearer Securities**") and held through one of the Clearing Systems, the Securityholder shall give a notice to the Settlement Shares Depository in accordance with the standard procedures of the relevant Clearing System prior to the Notice Cut-off Date (which may include notice being given on its instruction by the Clearing Systems or any common depository for them to the Settlement Shares Depository by electronic means) in a form acceptable to the relevant Clearing System from time to time with the following details: (1) the name of the Securityholder; (2) the principal amount of Securities held by it and the subject of the conversion; (3) the CREST account details or, if on conversion the Ordinary Shares are not a participating security in CREST, the address to which any Ordinary Shares (if any) should be delivered; (4) details of an account to which any cash component of any Alternative Consideration (if any) should be paid; and (5) such other details as the relevant Clearing System may require. Any reference in the Conditions to the delivery of Conversion Notices shall be construed accordingly.

Transfers of beneficial interests in this Permanent Global Security will not be registered by the Clearing Systems after the date specified as the "Suspension Date" in the Suspension Notice, which date shall be no later than 38 London Business Days after the Latest Conversion Shares Offer Election Date and, if the Issuer elects to conduct a Conversion Shares Offer, shall be at least two London Business Days prior to the end of the relevant Conversion Shares Offer Period. For these purposes, "**Suspension Notice**" means a notice given by the Issuer to Holders of Affected Securities in accordance with Condition 14 (*Notices*) at any time on or after the Capital Adequacy Trigger Notice has been given and on or prior to the Latest Conversion Shares Offer Election Date, specifying the Suspension Date.

No drawing of Securities will be required under Condition 6(c) (*Redemption at the Option of the Issuer*) in the event that the Issuer exercises any option to redeem such Securities in part while all such Securities which are outstanding are represented by the Temporary Global Security and/or this Permanent Global Security. In such event, the standard procedures of the Clearing Systems will operate to determine which interests in such Global Bearer Securities are to be subject to such option. Such partial redemption is to be reflected in the records of the Clearing Systems as either a pool factor or a reduction in nominal amount, at their discretion.

This Permanent Global Security and any non-contractual obligation arising out of or in connection with it are governed by, and will be construed in accordance with, English law.

This Permanent Global Security shall not be valid for any purpose until authenticated for and on behalf of HSBC Bank plc as Principal Paying and Conversion Agent.

This Security is issued subject to, and with the benefit of, the Conditions and a Trust Deed dated 2 September 2014 (such Trust Deed as last modified and restated on 28 March 2022 and modified and/or restated and/or supplemented from time to time, the "**Trust Deed**") and made between the Issuer and The Law Debenture Trust Corporation p.l.c. as trustee for the holders of the Securities. The Securities are issued pursuant to an Agency Agreement dated 2 September 2014 (such Agency Agreement as last modified and restated on 6 March 2018 and as modified and/or restated and/or supplemented from time to time, the "**Agency Agreement**") and made between *inter alios* the Issuer, HSBC Bank plc in its capacities as principal paying and conversion agent, as transfer agent and as registrar (in such capacities, the "**Principal Paying and Conversion Agent**", the "**Transfer Agent**" and the "**Registrar**" respectively, each of which expressions shall include any successor to HSBC Bank plc in its capacity as such) and the Trustee.

Any reference herein to the "**Conditions**" is to the terms and conditions of the Securities set out in Schedule 2 (*Terms and Conditions of the Securities*) to the Trust Deed as amended or supplemented by the Pricing Supplement prepared in relation to the Securities (the "**Pricing Supplement**"). Terms defined in the Trust Deed or the Conditions and not otherwise defined herein shall have the same meanings as in the Trust Deed and the Conditions.

The Securities are in registered form in denominations of [] and integral multiples thereof.

The Issuer for value received promises all in accordance with the Conditions attached hereto and the Pricing Supplement prepared in relation to the Securities to pay to [HSBC Issuer Services Common Depository Nominee (UK) Limited] as the registered holder (the "**Holder**") of Securities represented by this Global Registered Security, on such date as the same may

become repayable in accordance with the Conditions the principal sum as is noted at the time of payment on the Register of the Registrar as the principal sum hereof or such other redemption amount as may be specified therein and to pay interest and all other amounts as may be payable in accordance with the Conditions, all subject to and in accordance with the Conditions.

Except as permitted by the terms of the following paragraphs, transfers of this Global Registered Security shall be limited to transfers in whole, but not in part, to nominees of the common depository (the "**Common Depository**") or the common safe-keeper as the case may be for Euroclear and Clearstream, Luxembourg in respect of the Securities or to a successor of the Common Depository or the common safe-keeper as the case may be or to such successor's nominees.

This Global Registered Security is exchangeable in whole but not in part for definitive registered Securities ("**Definitive Registered Securities**") in substantially the form (subject to completion) set out in Part IV of Schedule 1 to the Trust Deed if (a) in the circumstances set out in Condition 10(a) (*Enforcement*) (b) Euroclear Bank SA/NV as operator of the Euroclear System ("**Euroclear**") or Clearstream Banking S.A. or any other relevant clearing system (together, the "**Clearing Systems**" and each, a "**Clearing System**") is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention to cease business permanently or in fact does so; or (c) at the option of the Issuer, if the Issuer or any Paying Agent, by reason of any change in, or amendment to, the laws of the United Kingdom, is or will be required to make any deduction or withholding from any payment under the Securities which would not be required if such Securities were in definitive form; or (d) if the Issuer so elects, where the Issuer would suffer a material disadvantage in respect of the Securities as a result of a change in the laws or regulations (taxation or otherwise) of any jurisdiction, which would not be suffered were the Securities in definitive form, in each case at the cost and expense of the Issuer.

Such Definitive Registered Securities shall be registered in such names as the Common Depository or common safe-keeper as the case may be shall direct in writing. The Issuer shall procure that the Registrar will give notice in accordance with this Global Registered Security of the occurrence of any of the events specified above as soon as practicable thereafter.

Whenever this Global Registered Security is to be exchanged for Definitive Registered Securities, the Issuer shall procure the prompt delivery, without charge, of such Definitive Registered Securities, without Coupons attached, to the Registrar (and in any event within five Relevant Banking Days of surrender to and receipt by the Registrar or any Transfer Agent of this Global Registered Security and any further information required to authenticate effectuate (if applicable) and deliver such Definitive Registered Securities) against the surrender by Euroclear and Clearstream, Luxembourg or the Common Depository or common safe-keeper as the case may be, of this Global Registered Security at the specified office of the Registrar or such Transfer Agent, all in accordance with the provisions of the Agency Agreement and, in particular, the regulations concerning the transfer, exchange and registration of the Securities set out in Schedule 2 thereto.

Exchange of beneficial interests in this Global Registered Security for Definitive Registered Securities, will be effected without charge to the holder or the transferee thereof, but against such indemnity as the Issuer, the Registrar or the relevant Transfer Agent may require in respect of any tax or other duty of whatever nature which may be levied or imposed in connection therewith.

On each occasion on which:

- (a) a payment of principal or redemption amount is made in respect of this Global Registered Security; or
- (b) Definitive Registered Securities are delivered; or
- (c) Securities represented by this Global Registered Security are to be cancelled in accordance with the Conditions,

the Issuer shall procure that the aggregate principal amount of such Registered Securities or of the Registered Securities to which such payment relates and the remaining principal amount of this Global Registered Security (which shall be the previous principal amount hereof *less* the aggregate principal amount of such Registered Securities or of the Registered Securities to which such payment relates) are noted in Schedule 1 hereto and in the Register relating to the Securities whereupon the principal amount of this Global Registered Security shall for all purposes be as most recently so noted.

All payments in respect of this Global Registered Security shall be made against presentation and (in the case of payment of principal in full [with all interest accrued thereon]) surrender of this Global Registered Security at the specified office of the Registrar or any Transfer Agent and shall be effective to satisfy and discharge the corresponding liabilities of the Issuer in respect of the Securities. [Payments of interest in respect of this Global Registered Security shall be made to the Holder of this Global Registered Security in accordance with the Conditions.] On each occasion on which a payment of [interest and/or] principal is made in respect of this Global Registered Security, the Issuer shall procure that the same is noted in Schedule I hereto and in the case of a payment of principal, that the aggregate principal amount of this Global Registered Security is decreased accordingly. Notwithstanding Condition 8(b) (*Payments – Registered Securities*), each payment in respect of this Global Registered Security shall be made to the person shown in the Register as the registered holder of the Securities represented by this Global Registered Security at the close of business (in the relevant clearing system) on the Clearing System Business Day before the due date for such payment (the "**Record Date**") where the "**Clearing System Business Day**" means a day on which each clearing system for which the Global Registered Security is being held is open for business.

Until the whole of this Global Registered Security has been exchanged or (as the case may be) transferred to a transferee who has requested that the Registered Securities in respect of which he is the beneficial holder shall be represented by Definitive Registered Securities as provided herein or cancelled in accordance with the Agency Agreement, the registered holder of this Global Registered Security shall be subject to the Conditions and, subject as herein or in the Trust Deed otherwise provided, shall be entitled to the same rights and benefits under the Conditions as if the registered holder were the Holder (as defined in the Conditions) of the Definitive Registered Securities represented by the relevant part of this Global Registered Security.

Notwithstanding Condition 14 (*Notices*), while this Global Registered Security is held on behalf of Euroclear and/or Clearstream, Luxembourg or any other clearing system (the "**Alternative Clearing System**"), notices may be delivered to Euroclear and Clearstream, Luxembourg or, as the case may be, the Alternative Clearing System, and any such notice shall be deemed to have been given to the Holders in accordance with Condition 14 (*Notices*) on the date of delivery to Euroclear and Clearstream, Luxembourg or, as the case may be, the

Alternative Clearing System and each Agent; **provided, however, that** so long as the Securities are Listed Securities, notices shall also be published as Euronext Dublin may require.

Notwithstanding the provisions of Condition 9(k) (*Procedure for Settlement in respect of a Conversion upon Capital Adequacy Trigger*), if the Securities are represented by this Global Registered Security and held through one of the Clearing Systems, the Securityholder shall give a notice to the Settlement Shares Depository in accordance with the standard procedures of the relevant Clearing System prior to the Notice Cut-off Date (which may include notice being given on its instruction by the Clearing Systems or any common depository for them to the Settlement Shares Depository by electronic means) in a form acceptable to the relevant Clearing System from time to time with the following details: (1) the name of the Securityholder; (2) the principal amount of Securities held by it and the subject of the conversion; (3) the CREST account details or, if on conversion the Ordinary Shares are not a participating security in CREST, the address to which any Ordinary Shares (if any) should be delivered; (4) details of an account to which any cash component of any Alternative Consideration (if any) should be paid; and (5) such other details as the relevant Clearing System may require. Any reference in the Conditions to the delivery of Conversion Notices shall be construed accordingly.

Transfers of beneficial interests in this Global Registered Security will not be registered by the Clearing Systems after the date specified as the "Suspension Date" in the Suspension Notice, which date shall be no later than 38 London Business Days after the Latest Conversion Shares Offer Election Date and, if the Issuer elects to conduct a Conversion Shares Offer, shall be at least two London Business Days prior to the end of the relevant Conversion Shares Offer Period. For these purposes, "**Suspension Notice**" means a notice given by the Issuer to Holders of Affected Securities in accordance with Condition 14 (*Notices*) at any time on or after the Capital Adequacy Trigger Notice has been given and on or prior to the Latest Conversion Shares Offer Election Date, specifying the Suspension Date.

No redemption *pro rata* of Registered Securities will be required under Condition 6(c) (*Redemption at the Option of the Issuer*) in the event that the Issuer exercises any option to redeem such Securities in part while all such Securities which are outstanding are represented by this Global Registered Security. In such event, the standard procedures of the Clearing Systems will operate to determine which interests in such Global Registered Security are to be subject to such option. Such partial redemption is to be reflected in the records of the Clearing Systems as either a pool factor or a reduction in nominal amount, at their discretion.

The statements set forth in the legend, if any, set forth above are an integral part of the terms of this Security and by acceptance hereof each Holder of this Security agrees to be subject to and bound by the terms and provisions set forth in such legend, if any.

This Global Registered Security and any non-contractual obligations arising out of or in connection with it are governed by, and shall be construed in accordance with, English law.

SCHEDULE 2 TERMS AND CONDITIONS OF THE SECURITIES

The following (disregarding any text in italics) is the text of the terms and conditions applicable to the Securities, which, as completed in accordance with the provisions of the relevant Pricing Supplement, will be incorporated by reference into each Security in global form (subject to the section entitled "Forms of Securities; Summary of Provisions Relating to the Securities while in Global Form" in the Offering Memorandum) and which will be endorsed on the Securities in definitive form (if any) issued in exchange for Securities in global form representing each Tranche, details of the relevant Tranche being as set out in the relevant Pricing Supplement.

This Security is one of a Series of Securities (the "**Securities**") issued pursuant to the programme for issuance of perpetual subordinated contingent convertible securities (the "**Programme**") established by HSBC Holdings plc (the "**Issuer**") and is constituted by and issued subject to and with the benefit of a Trust Deed dated 2 September 2014 (such Trust Deed as last modified and restated on or about 28 March 2022 and as further modified and/or supplemented and/or restated from time to time, the "**Trust Deed**") made between the Issuer and The Law Debenture Trust Corporation p.l.c. (the "**Trustee**" which expression shall wherever the context so admits include its successors) and has the benefit of an Agency Agreement dated 2 September 2014 (such Agency Agreement as last modified and restated on 6 March 2018 and as further modified and/or supplemented and/or restated from time to time, the "**Agency Agreement**") each made between, amongst others, the Issuer, the Principal Paying and Conversion Agent (the "**Principal Paying and Conversion Agent**" which expression shall wherever the context so admits include its successors as such, and, together with any successor or additional paying agent appointed in respect of the Securities, the "**Paying Agents**", which expression shall wherever the context so admits include any successor and/or additional paying agents), the Registrar (the "**Registrar**" which expression shall wherever the context so admits include any successor or additional person appointed as such in respect of the Securities), the Calculation Agent (the "**Calculation Agent**" which expression shall wherever the context so admits include any successor or other person appointed as such in respect of the Securities or any Series of the Securities) each named therein and the Trustee. Under the terms of the Agency Agreement, one or more transfer agents (each a "**Transfer Agent**", which expression shall wherever the context so admits include any successor or additional person appointed as such in respect of the Securities) may be appointed by the Issuer from time to time in respect of any Series of Securities, but none were appointed as of the date of the Agency Agreement. The initial Principal Paying and Conversion Agent, the initial Registrar and (if applicable) the initial Calculation Agent and any Transfer Agent(s) appointed in respect of a Series of Securities, are as named herein or in the relevant Pricing Supplement (as defined below). The Trustee shall exercise the duties, powers, trusts, authorities and discretions vested in it by the Trust Deed separately in relation to each Series of Securities in accordance with the provisions of the Trust Deed. Copies of the Trust Deed and the Agency Agreement are available for inspection during normal business hours by prior arrangement at the registered office for the time being of the Trustee and at the specified office of each of the Principal Paying and Conversion Agent, the other Paying Agents (if any), the Registrar and the Transfer Agents appointed from time to time pursuant to the terms of the Agency Agreement. The Holders (as defined in Condition 1(e) (*Title*)) for the time being of Securities (the "**Securityholders**") and of any coupons ("**Coupons**") or talons ("**Talons**") (the "**Couponholders**") are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Deed and the Agency Agreement applicable to them. Certain provisions of these Conditions are summaries of the Trust Deed and the Agency Agreement and are subject to their detailed provisions.

References in these terms and conditions (the "**Conditions**") to "**Securities**" shall, where the context so requires include the temporary global Securities, the permanent global Securities and global registered Securities and such other Securities as may from time to time be issued under the Programme, as the case may be, and the term "**Securities**" includes subordinated debt securities, by whatever name called, issued under the Programme. All Securities will be issued in series (each, a "**Series**") and each Series may comprise one or more tranches (each, a "**Tranche**") of Securities. Each Tranche will be the subject of a Pricing Supplement (the "**Pricing Supplement**"), a copy of which will be attached to or incorporated by reference in each Security of such Tranche. Subject as set out in the relevant Pricing Supplement, all Securities issued pursuant to the Programme on the same date, denominated in the same currency, bearing interest on the same basis and issued on identical terms will constitute one Tranche of Securities.

In the event of any inconsistency between these Conditions and the relevant Pricing Supplement, the Pricing Supplement shall prevail.

Words and expressions defined or used in the Pricing Supplement relating to a Tranche of Securities shall have the same meanings where used in these Conditions unless the context otherwise requires.

Any defined terms not defined in Condition 19 (*Definitions*) have the meaning given to them elsewhere in the Conditions or the Pricing Supplement (as applicable).

1. **Form, Denomination and Title**

(a) **Form**

Securities are issued in bearer form ("**Bearer Securities**") or in registered form ("**Registered Securities**") as set out in the relevant Pricing Supplement.

(b) **Form of Bearer Securities**

Bearer Securities will be in substantially the relevant form (subject to amendment and completion) scheduled to the Trust Deed or in such other form as from time to time may be agreed. Bearer Securities will, if so specified in the relevant Pricing Supplement, have attached at the time of their initial delivery Coupons, presentation of which will be a prerequisite to the payment of interest in certain circumstances specified below. Bearer Securities will also, if so specified in the relevant Pricing Supplement, have attached at the time of their initial delivery a Talon exchangeable for further Coupons and the expression "**Coupons**" shall, where the context so requires, include Talons.

(c) **Form of Registered Securities**

Registered Securities will be in substantially the relevant form (subject to amendment and completion) scheduled to the Trust Deed or in such other form as may from time to time be agreed. A single Registered Security will be issued to each Holder of Registered Securities in respect of its registered holding. Each Registered Security will be numbered serially with an identifying number which will be recorded in the Register.

(d) **Denomination**

Bearer Securities will be in the Specified Denomination(s) set out in the relevant Pricing Supplement and Registered Securities will be in the denomination(s) and multiples set out in the relevant Pricing Supplement.

(e) **Title**

Title to Bearer Securities, Coupons and Talons will pass by delivery. Title to Registered Securities passes by registration in the register (the "**Register**") which is kept by the Registrar. References herein to the "**Holders**" of Bearer Securities or of Coupons are to the bearers of such Bearer Securities or such Coupons and references herein to the "**Holders**" of Registered Securities are to the persons in whose names such Registered Securities are so registered in the Register.

To the extent permitted by law and subject to the provisions of the fourth paragraph of Condition 14 (*Notices*) while the Securities of any Series are represented by a Security or Securities in global form, the Issuer, the Trustee, the Principal Paying and Conversion Agent, any other Paying Agents, any Transfer Agents, the Calculation Agent and the Registrar may deem and treat the Holder of any Bearer Security or of any Coupon and the person in whose name any Registered Security is registered (and, if more than one, the first named thereof) as the absolute owner thereof (whether or not such Security shall be overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for the purpose of receiving payment on account thereof and for all other purposes.

(f) ***Transfer of Registered Securities***

Subject as provided in the final sentence of this Condition 1(f), a Registered Security may, upon the terms and subject to the conditions set forth in the Agency Agreement, be transferred in whole or in part only upon the surrender of the Registered Security to be transferred, together with the form of transfer (including, without limitation, any certification as to compliance with restrictions on transfer included in such form of transfer) endorsed on it duly completed and executed, at the specified office of the Registrar or any Transfer Agent together with such evidence as the Registrar, or as the case may be, the relevant Transfer Agent may reasonably require to prove the title of the transferor and the authority of the persons who have executed the form of transfer. A new Registered Security will be issued to the transferee and, in the case of a transfer of part only of a Registered Security, a new Registered Security in respect of the balance not transferred will be issued to the transferor. No Holder may require the transfer of a Registered Security to be registered (i) during the period of 15 calendar days ending on the due date for any payment (whether of principal, redemption amount, interest or otherwise) and (ii) at any time after the Suspension Date.

(g) ***Delivery***

Each new Registered Security to be issued upon the transfer of a Registered Security will, within five Relevant Banking Days (as defined in Condition 13 (*Replacement and Transfer*)) of the Transfer Date (as defined in Condition 13 (*Replacement and Transfer*)), be available for delivery at the specified office of the Registrar or, as the case may be, the relevant Transfer Agent or (at the request and risk of the Holder of such Registered Security) be mailed by uninsured post to such address as may be specified by such Holder. For these purposes, a form of transfer received by the Registrar or any Transfer Agent after the Record Date (as defined in Condition 8(b) (*Registered Securities*)) in respect of any payment due in respect of Registered Securities shall be deemed not to be effectively received by the Registrar or such Transfer Agent until the day following the due date for such payment.

(h) ***No charge***

The issue of new Registered Securities on transfer will be effected without charge to the Holder or the transferee by or on behalf of the Issuer, the Registrar or the relevant Transfer Agent, but upon payment by the applicant of (or the giving by the applicant of such indemnity as the Registrar or, as the case may be, the relevant Transfer Agent may require in respect of) any tax or other duty of whatsoever nature which may be levied or imposed in connection with such transfers or exchanges.

(i) ***Regulations concerning transfer and registration of Registered Securities***

All transfers of Registered Securities and entries on the Register will be made subject to the detailed regulations (the "**Regulations**") concerning exchange and transfer of Registered Securities scheduled to the Agency Agreement. The Regulations may be amended, supplemented or replaced by the Issuer with the prior written approval of the Registrar but without the consent of the Securityholders. A copy of the current Regulations are available for inspection during usual business hours at the specified office of the Registrar and any Transfer Agent.

(j) ***No Exchange***

Registered Securities may not be exchanged for Bearer Securities and Bearer Securities may not be exchanged for Registered Securities.

2. **Status and Subordination**

(a) **Status**

The Securities constitute direct, unsecured obligations of the Issuer ranking *pari passu* without any preference among themselves. The rights and claims of the Securityholders and Couponholders are subordinated in the event of the winding-up of the Issuer in England to the Prior Ranking Creditors and as described in this Condition 2.

(b) **Subordination – conditions to payment**

Other than where Condition 2(c) (*Winding-up prior to a Capital Adequacy Trigger*) or 2(d) (*Winding-up after a Capital Adequacy Trigger*) or (in relation to the cash component of any Alternative Consideration) 9(f) (*Conversion Shares Offer*) applies, the Issuer's obligation to make any payment to Securityholders or Couponholders in respect of or arising from (including any damages for breach of any obligations under) the Securities is, in addition to the provisions of Condition 5 (*Cancellation of Interest*), conditional upon the Issuer being Solvent at the time of payment by the Issuer and no principal, interest or other amount shall be due and payable to Securityholders or Couponholders in respect of or arising from the Securities except to the extent that the Issuer could make such payment and still be Solvent immediately thereafter.

A certificate as to whether or not the Issuer is Solvent by the Auditors of the Issuer, on the basis of the information provided to the Auditors by the Issuer, shall, in the absence of manifest error, be treated by the Issuer, the Trustee, the Holders and all other interested parties as correct and sufficient evidence thereof.

Any payment of interest that does not fall due by reason of this Condition 2(b) shall be cancelled as provided in Condition 5(a) (*Interest Payments Discretionary*).

(c) **Winding-up prior to a Capital Adequacy Trigger**

If, at any time prior to the date on which a Capital Adequacy Trigger occurs, a Winding-up Event occurs, there shall be payable by the Issuer in respect of each Security (in lieu of any other payment by the Issuer) such amount, if any, as would have been payable to the Holder of such Security if, throughout such winding-up or administration in England, such Holder were the holder of one of a class of preference shares in the capital of the Issuer denominated in the Specified Currency of the relevant Security ("**Notional Preference Shares**") having an equal right to a return of assets in the winding-up or administration in England to, and so ranking *pari passu* with, the holders of the most senior class or classes of issued preference shares in the capital of the Issuer from time to time (if any) and which have a preferential right to a return of assets in the winding-up or administration over, and so rank ahead of, the holders of all other classes of issued shares for the time being in the capital of the Issuer but ranking junior to the claims of Prior Ranking Creditors, and on the assumption that the amount such holder was entitled to receive in respect of each Notional Preference Share on a return of assets in such winding-up or administration were an amount equal to the principal amount of the relevant Security, including any accrued but unpaid interest thereon (to the extent not cancelled in accordance with these Conditions) and any damages awarded for breach of any obligations, whether or not the conditions referred to in Condition 2(b) (*Subordination – conditions to payment*) are satisfied on the date upon which the same would otherwise be due and payable.

(d) **Winding-up after a Capital Adequacy Trigger**

If, at any time on or after the date on which a Capital Adequacy Trigger occurs, a Winding-up Event occurs, but the relevant Ordinary Shares to be issued and delivered to the Settlement Shares Depository on conversion in accordance with Condition 9 (*Capital Adequacy Trigger*) have not been so delivered, there shall be payable by the Issuer in respect of each Security (in lieu of any other payment by the Issuer), such amount, if any, as would have been payable to the Holder of such Security if, throughout such winding-up or administration, such Holder were the holder of such number of Ordinary Shares as that Holder would have been entitled to receive on conversion in accordance with Condition 9 (*Capital Adequacy Trigger*) (ignoring for these purposes the Issuer's right to make an election for a Conversion Shares Offer to be effected in accordance with Condition 9(f) (*Conversion Shares Offer*) (if applicable))

whether or not the conditions referred to in Condition 2(b) (*Subordination – conditions to payment*) are satisfied on the date upon which the same would otherwise be due and payable.

(e) ***Set-off***

Claims in respect of any Securities or Coupons may not be set-off, or be the subject of a counterclaim, by the Holder against or in respect of any of its obligations to the Issuer, the Trustee or any other person and every Holder waives, and shall be treated for all purposes as if it had waived, any right that it might otherwise have to set-off, or to raise by way of counterclaim, any claim of his in respect of any Securities or Coupons, against or in respect of any obligations of his to the Issuer, the Trustee or any other person. If, notwithstanding the preceding sentence, any Holder receives or recovers any sum or the benefit of any sum in respect of any Security or Coupon by virtue of any such set-off or counterclaim, such Holder shall hold the same on trust for the Issuer and shall pay the amount thereof to the Issuer or, in the event of the winding-up of the Issuer, to the liquidator of the Issuer.

(f) ***Trustee***

The provisions of this Condition 2 apply only to the principal and interest and any other amounts payable to the Securityholders and Couponholders in respect of the Securities and the Coupons and nothing in this Condition 2 or in Condition 9 (*Capital Adequacy Trigger*) or Condition 10 (*Enforcement*) shall affect or prejudice the payment of the costs, charges, expenses, liabilities or remuneration of the Trustee or the rights and remedies of the Trustee in respect thereof.

The Trustee shall have no responsibility for, or liability or obligation in respect of, any loss, claim or demand incurred as a result of or in connection with any non-payment of principal, interest or other amounts by reason of Condition 2(b) (*Subordination – conditions to payment*) or Condition 5 (*Cancellation of Interest*) or conversion pursuant to Condition 9 (*Capital Adequacy Trigger*). Furthermore, the Trustee shall not be responsible for any calculation or the verification of any calculation in connection with any of the foregoing.

3. **Interest on Fixed Rate Securities and Resettable Securities**

(a) ***Interest on Fixed Rate Securities***

Subject to Conditions 2(b) (*Subordination – conditions to payment*), 5 (*Cancellation of Interest*) and 9(g) (*Accrued Interest following Capital Adequacy Trigger*), Securities which are specified in the relevant Pricing Supplement as being Fixed Rate Securities (each a "**Fixed Rate Security**") will bear interest on the principal amount of each Security at the applicable fixed rate or rates per annum specified in the relevant Pricing Supplement as the Rate of Interest from the Interest Commencement Date specified in the relevant Pricing Supplement. Interest will be payable in arrear on the Fixed Interest Payment Date(s). Subject to Conditions 2(b) (*Subordination – conditions to payment*), 5 (*Cancellation of Interest*) and 9(g) (*Accrued Interest following Capital Adequacy Trigger*), the first payment of interest will be made on the first Fixed Interest Payment Date following the Interest Commencement Date.

(b) ***Interest on Resettable Securities***

Subject to Conditions 2(b) (*Subordination – conditions to payment*), 5 (*Cancellation of Interest*) and 9(g) (*Accrued Interest following Capital Adequacy Trigger*), Securities which are specified in the relevant Pricing Supplement as being Resettable Securities (each a "**Resettable Security**") will bear interest on the principal amount of each Security:

- (i) from (and including) the Interest Commencement Date specified in the relevant Pricing Supplement until (but excluding) the First Reset Date at the Initial Rate of Interest;
- (ii) from (and including) the First Reset Date until (but excluding) the Second Reset Date or, if no such Second Reset Date is specified in the relevant Pricing Supplement, the Redemption Date (if any), at the First Reset Rate of Interest; and
- (iii) for each Subsequent Reset Period thereafter (if any), at the relevant Subsequent Reset Rate of Interest.

Subject to Conditions 2(b) (*Subordination – conditions to payment*), 5 (*Cancellation of Interest*) and 9(g) (*Accrued Interest following Capital Adequacy Trigger*), interest will be payable in arrear on the Resetable Security Interest Payment Date(s). The first payment of interest will be made on the first Resetable Security Interest Payment Date following the Interest Commencement Date.

(c) ***Determination of Resetable Security Reference Rate, First Reset Rate of Interest and Subsequent Reset Rate of Interest***

The Resetable Security Reference Rate and the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as the case may be) applicable to the Securities for each Reset Period shall be determined by the Calculation Agent on the following basis:

(i) *Mid-Swap Rate*

(A) if Mid-Swap Rate is specified in the relevant Pricing Supplement as the Resetable Security Reference Rate, the Mid-Swap Rate in relation to a Reset Determination Date (each such a rate, a "**Mid-Swap Rate**") shall be either:

(1) if Single Mid-Swap Rate is specified in the relevant Pricing Supplement, the rate for swaps in the Specified Currency:

(x) with a term equal to the relevant Reset Period; and

(y) commencing on the relevant Resetable Security Reset Date,

which appears on the Relevant Screen Page; or

(2) if Mean Mid-Swap Rate is specified in the relevant Pricing Supplement, the arithmetic mean (expressed as a percentage rate per annum and rounded, if necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the bid and offered swap rate quotations for swaps in the Specified Currency:

(x) with a term equal to the relevant Reset Period; and

(y) commencing on the relevant Resetable Security Reset Date,

which appear on the Relevant Screen Page,

in either case, as at approximately the Relevant Time in the Relevant Financial Centre on such Reset Determination Date, all as determined by the Calculation Agent; **provided, however, that** if there is no such rate appearing on the Relevant Screen Page for a term equal to the relevant Reset Period, then the Mid-Swap Rate shall be determined through the use of straight-line interpolation by reference to two rates, one of which shall be determined in accordance with the above provisions, but as if the relevant Reset Period were the period of time for which rates are available next shorter than the length of the actual Reset Period and the other of which shall be determined in accordance with the above provisions, but as if the relevant Reset Period were the period of time for which rates are available next longer than the length of the actual Reset Period, and the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period shall be the sum of the Mid-Swap Rate as determined in accordance with the above provisions and the Resetable Security Margin with such sum converted as set out in the definition of First Reset Rate of Interest or Subsequent Reset Rate of Interest (as applicable), all as determined by the Calculation Agent; and

(B) if on any Reset Determination Date the Relevant Screen Page is not available or the Mid-Swap Rate does not appear on the Relevant Screen Page, the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its Mid-Market Swap Rate Quotation as at approximately the Relevant Time in the principal

financial centre of the Specified Currency on the Reset Determination Date in question;
provided that:

- (1) if two or more of the Reference Banks provide the Calculation Agent with Mid-Market Swap Rate Quotations, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period shall be the sum of the arithmetic mean (rounded, if necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the relevant Mid-Market Swap Rate Quotations and the Resettable Security Margin with such sum converted as set out in the definition of First Reset Rate of Interest or Subsequent Reset Rate of Interest (as applicable), all as determined by the Calculation Agent; and
- (2) if only one or none of the Reference Banks provides the Calculation Agent with a Mid-Market Swap Rate Quotation as provided in the foregoing provisions of this Condition 3(c)(i), the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) shall be determined to be the rate of interest as at the last preceding Resettable Security Reset Date or, in the case of the first Reset Determination Date, the First Reset Rate of Interest shall be the Initial Rate of Interest;

(ii) *Resettable Security Interbank Rate*

if Resettable Security Interbank Rate is specified in the relevant Pricing Supplement as the Resettable Security Reference Rate, then the Calculation Agent will, in respect of a Reset Period, determine the rate or arithmetic mean of the rates (as the case may be) for the relevant Reference Rate for such Reset Period in accordance with the provisions of Condition 4(c) (*Screen Rate Determination for Floating Rate Securities not referencing SONIA, SOFR, €STR or SORA*) (but excluding sub-paragraph (ii) thereof) and Condition 4(e) (*Benchmark Replacement*), but as if:

- (A) references therein to 'Rate of Interest' were to 'First Reset Rate of Interest' or 'Subsequent Reset Rate of Interest' (as applicable);
- (B) references therein to 'Interest Determination Date' were to 'Reset Determination Date;' and
- (C) references therein to 'Interest Period' were to 'Reset Period',

and the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period shall be the sum of the rate or (as the case may be) arithmetic mean of the rates so determined and Resettable Security Margin with such sum converted as set out in the definition of First Reset Rate of Interest or Subsequent Reset Rate of Interest (as applicable), all as determined by the Calculation Agent;

(iii) *Benchmark Gilt Rate*

if Benchmark Gilt Rate is specified in the relevant Pricing Supplement as the Resettable Security Reference Rate, then the Calculation Agent will, in respect of a Reset Period, determine the arithmetic average of the yield to maturity or interpolated yield to maturity of the Reset Benchmark Gilt for such Reset Period (by reference to one or more Reference Government Bond Dealer Quotations on the following basis (i) if five Reference Government Bond Dealer Quotations are received, after excluding the highest and lowest of such Reference Government Bond Dealer Quotations, (ii) if fewer than five, but more than one, Reference Government Bond Dealer Quotations are received, using the arithmetic average of all such quotations, or (iii) if only one Reference Government Bond Dealer Quotation is received, using such quotation) (such average yield, the "**Benchmark Gilt Rate**") and the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period shall be the sum of the Benchmark Gilt Rate as determined in accordance with this Condition 3(c)(iii) and the Resettable Security Margin with such sum converted as set out in the definition of "First Reset Rate of Interest" or "Subsequent Reset Rate of Interest" (as applicable), all as determined by the Calculation Agent; **provided, however, that** if no Reference Government Bond Dealer Quotations are provided, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest

(as applicable) shall be determined to be the rate of interest as at the last preceding Resetable Security Reset Date or, in the case of the first Reset Determination Date, the First Reset Rate of Interest shall be the Initial Rate of Interest; and

(iv) *Resetable Security Reference Bond Rate*

if Resetable Security Reference Bond Rate is specified in the relevant Pricing Supplement as the Resetable Security Reference Rate, the Calculation Agent will, in respect of the Reset Period, determine the arithmetic average of the yield to maturity or interpolated yield to maturity of the Reference Bond for such Reset Period (by reference to one or more Reference Government Bond Dealer Quotations on the following basis: (i) if five Reference Government Bond Dealer Quotations are received, after excluding the highest and lowest of such Reference Government Bond Dealer Quotations, (ii) if fewer than five, but more than one, Reference Government Bond Dealer Quotations are received, using the arithmetic average of all such quotations, or (iii) if only one Reference Government Bond Dealer Quotation is received, using such quotation) (such average yield, the "**Resetable Security Reference Bond Rate**"), and the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period shall be the sum of the Resetable Security Reference Bond Rate as determined in accordance with this Condition 3(c)(iv) and the Resetable Security Margin with such sum converted as set out in the definition of "First Reset Rate of Interest" or "Subsequent Reset Rate of Interest" (as applicable), all as determined by the Calculation Agent; **provided, however, that**, if no Reference Government Bond Dealer Quotations are received, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) shall be determined to be the rate of interest as at the last preceding Resetable Security Reset Date or, in the case of the first Reset Determination Date, the First Reset Rate of Interest shall be the Initial Rate of Interest.

(d) *Notification of Rate of Interest for Resetable Securities*

The Calculation Agent will cause the First Reset Rate of Interest or (if applicable) the relevant Subsequent Reset Rate of Interest for each interest period to be notified to the Issuer, the Principal Paying and Conversion Agent and, for as long as such Securities are admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system, to such listing authority, stock exchange and/or quotation system in accordance with the rules thereof, and, for as long as such Securities are represented by Securities in global form, Euroclear and/or Clearstream, Luxembourg and/or such other clearing system or depositary as may be set out in the relevant Pricing Supplement as soon as possible after the determination thereof but in any event no later than the fourth business day thereafter. In respect of Resetable Securities which are in definitive form, the Calculation Agent will give notice to the Securityholders of the First Reset Rate of Interest and (if applicable) the relevant Subsequent Reset Rate of Interest in accordance with the provisions of Condition 14 (*Notices*).

(e) *Fixed Coupon Amounts and Resetable Coupon Amounts*

If the Fixed Rate Securities are in definitive form and a Fixed Coupon Amount is specified in the relevant Pricing Supplement, the amount of interest payable in respect of each Fixed Rate Security for any Interest Period shall be the relevant Fixed Coupon Amount multiplied by a fraction equal to the Specified Denomination of such Security divided by the Calculation Amount and, if the Securities are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount multiplied by a fraction equal to that relevant Specified Denomination divided by the Calculation Amount.

If the Resetable Securities are in definitive form and a Resetable Coupon Amount is specified in the relevant Pricing Supplement in relation to a Resetable Security Interest Payment Date, the amount of interest payable in respect of each Resetable Security on such a Resetable Security Interest Payment Date shall be the relevant Resetable Coupon Amount multiplied by a fraction equal to the Specified Denomination of such Security divided by the Calculation Amount and, if the Securities are in more than one Specified Denomination, shall be the relevant Resetable Coupon Amount multiplied by a fraction equal to that relevant Specified Denomination divided by the Calculation Amount.

(f) ***Calculation of Interest Amount for Fixed Rate Securities or Resettable Securities***

Except in the case of Fixed Rate Securities and Resettable Securities in definitive form where an applicable Fixed Coupon Amount or (as the case may be) Resettable Coupon Amount in relation to an Interest Period is specified in the relevant Pricing Supplement, the amount of interest payable in respect of a Fixed Rate Security or (as the case may be) Resettable Security in relation to any period shall be calculated by applying the Rate of Interest (in the case of a Fixed Rate Security) or the Initial Rate of Interest, First Reset Rate of Interest or (if applicable) relevant Subsequent Reset Rate of Interest (in the case of a Resettable Security) to:

- (i) in the case of Fixed Rate Securities or, as the case may be, Resettable Securities which are represented by a Security in global form, the principal amount of the Securities represented by such Security in global form during such Interest Period; or
- (ii) in the case of Fixed Rate Securities or, as the case may be, Resettable Securities in definitive form, the Calculation Amount during such Interest Period, as so specified in the relevant Pricing Supplement,

in each case, multiplying the product by the relevant Day Count Fraction and rounding the resulting figure to the nearest applicable sub-unit of the currency in which the Security is denominated or, as the case may be, in which such interest is payable (one half of any sub-unit being rounded upwards or otherwise in accordance with applicable market convention, as determined by the Calculation Agent). For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent. Where the Specified Denomination of a Fixed Rate Security or, as the case may be, Resettable Security in definitive form comprises more than one Calculation Amount, the amount of interest payable in respect of such Security shall be the aggregate of the amounts determined in the manner provided above for each Calculation Amount comprising the Specified Denomination without any further rounding.

(g) ***Determination or Calculation by an agent appointed by the Trustee in relation to Resettable Securities***

If the Calculation Agent does not at any time for any reason determine the First Reset Rate of Interest or Subsequent Reset Rate of Interest, the Trustee may (at the expense of the Issuer) appoint an agent to do so and such determination or calculation shall be deemed to have been made by the Calculation Agent. In doing so, such agent appointed by the Trustee shall apply the foregoing provisions of this Condition 3, with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and in all other respects it shall do so in such manner as it shall deem fair and reasonable in all the circumstances.

(h) ***Certificates, etc. to be Final***

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purpose of the provisions of this Condition 3 whether by the Calculation Agent, the Independent Adviser or any agent appointed by the Trustee shall (in the absence of manifest error) be final and binding on the Issuer, the Trustee, any agent appointed by the Trustee, the Paying Agents, (where appropriate) the Registrar and the Holders of Securities and of the Coupons appertaining thereto. No Holder of Securities or of the Coupons appertaining thereto shall be entitled to proceed against the Calculation Agent, the Independent Adviser, the Trustee, any agent appointed by the Trustee, the Paying Agents, the Registrar or any of them in connection with the exercise or non-exercise by them of their powers, duties and discretions hereunder, including, without limitation, in respect of any notification, opinion, communication, determination, certificate, calculation, quotation or decision given, expressed or made for the purposes of this Condition 3.

(i) ***Cessation of Interest Accrual***

Without prejudice to Conditions 2(b) (*Subordination – conditions to payment*), 5 (*Cancellation of Interest*) and 9(g) (*Accrued Interest following Capital Adequacy Trigger*), interest will cease to accrue on each Fixed Rate Security or Resettable Security on the Redemption Date (if any) unless, upon due presentation thereof or, in the case of a Registered Security, upon such due date, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue (as well after as before any judgment) up to and including the date on which, in the case of a Bearer Security, upon further presentation thereof,

payment in full of the principal amount due in respect of such Fixed Rate Security or (as the case may be) Resetable Security is made or (if earlier) the date upon which notice is duly given to the Holder of such Fixed Rate Security or (as the case may be) Resetable Security that sufficient funds for payment of the principal amount due in respect of it, together with accrued interest, have been received by the Principal Paying and Conversion Agent or the Trustee or, in the case of a Registered Security, the date on which payment in full is made.

4. **Interest on Floating Rate Securities**

(a) ***Accrual of Interest***

Subject to Conditions 2(b) (*Subordination – conditions to payment*), 5 (*Cancellation of Interest*) and 9(g) (*Accrued Interest following Capital Adequacy Trigger*), Securities which are specified in the relevant Pricing Supplement as being Floating Rate Securities (each a "**Floating Rate Security**") bear interest on the principal amount of each Security from the Interest Commencement Date specified in the relevant Pricing Supplement.

Without prejudice to 2(b) (*Subordination – conditions to payment*), 5 (*Cancellation of Interest*) and 9(g) (*Accrued Interest following Capital Adequacy Trigger*), interest will cease to accrue on each Floating Rate Security on its Redemption Date (if any) unless, upon due presentation thereof or, in the case of a Registered Security, upon such due date, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue (as well after as before any judgment) up to and including the date on which, in the case of a Bearer Security, upon further presentation thereof, payment in full of the principal amount due in respect of such Security is made or (if earlier) the date upon which notice is duly given to the Holder of such Security that sufficient funds for payment of the principal amount due in respect of it, together with accrued interest, have been received by the Principal Paying and Conversion Agent or the Trustee or, in the case of a Registered Security, the date on which payment in full is made.

(b) ***Interest Payment Dates***

Subject to Conditions 2(b) (*Subordination – conditions to payment*), 5 (*Cancellation of Interest*) and 9(g) (*Accrued Interest following Capital Adequacy Trigger*), interest on each Floating Rate Security will be payable in arrear on the Interest Payment Date(s). The first payment of interest will be made on the first Interest Payment Date following the Interest Commencement Date.

(c) ***Screen Rate Determination for Floating Rate Securities not referencing SONIA, SOFR, €STR or SORA***

If Screen Rate Determination is specified in the relevant Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Securities for each Interest Period will be determined by the Calculation Agent on the following basis:

- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the rate of the relevant Reference Rate for the Relevant Period as being the rate which appears on the Relevant Screen Page for the Relevant Period as of the Relevant Time on the relevant Interest Determination Date;
- (ii) if Linear Interpolation is specified as applicable in respect of an Interest Period or generally in relation to the Securities in the relevant Pricing Supplement, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates for the relevant Reference Rate which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date, where:
 - (A) one such rate shall be determined as if the Relevant Period were the period of time for which rates for the relevant Reference Rate are available next shorter than the length of the relevant Interest Period; and
 - (B) the other such rate shall be determined as if the Relevant Period were the period of time for which rates for the relevant Reference Rate are available next longer than the length of the relevant Interest Period,

provided, however, that if no such rate is available for a period of time next shorter or, as the case may be, next longer than the length of the relevant Interest Period, then the Calculation Agent, acting in a commercially reasonable manner, shall determine such rate for the relevant Reference Rate at such time and by reference to such sources as it determines appropriate;

- (iii) in any other case, the Calculation Agent will determine the arithmetic mean of the rates for the relevant Reference Rate for the Relevant Period which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (iv) if a Screen Rate Fallback Trigger has occurred, then:
 - (A) if ISDA Determination for Fallback provisions is specified in the relevant Pricing Supplement as being applicable, the Calculation Agent will determine the relevant Floating Rate for the relevant Interest Determination Date in accordance with Condition 4(f) (*ISDA Determination*) on the basis of the Floating Rate Option, Designated Maturity and Reset Date specified in the relevant Pricing Supplement;
 - (B) if ISDA Determination for Fallback provisions is not specified in the relevant Pricing Supplement as being applicable, the Specified Currency is AUD and the Reference Rate is BBSW, the Calculation Agent will, in its discretion, determine the rate for the relevant Interest Determination Date for the Relevant Period having regard to comparable indices then available;
 - (C) if ISDA Determination for Fallback provisions is not specified in the relevant Pricing Supplement as being applicable, the Specified Currency is CAD and the Reference Rate is CDOR, the Calculation Agent will:
 - (1) request the principal Toronto office of each of four major Canadian Schedule 1 chartered banks to provide a quotation of their bid rate for CAD bankers acceptances for the Relevant Period at approximately 10.00 a.m. Toronto time on the Interest Determination Date; and
 - (2) determine the arithmetic mean (rounded, if necessary, to the nearest four decimal places, with 0.00005 being rounded upwards) of such quotations; and
 - (3) if fewer than two quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the bid rates for CAD bankers acceptances for the Relevant Period quoted by major banks in Toronto, selected by the Calculation Agent, at approximately 10.00 a.m. Toronto time on the first day of the relevant Interest Period and in a representative amount accepted by those banks;
 - (D) if ISDA Determination for Fallback provisions is not specified in the relevant Pricing Supplement as being applicable, the Specified Currency is EUR and the Reference Rate is EURIBOR, the Calculation Agent will:

The Trustee shall not be obliged to agree to any amendments which in the sole opinion of the Trustee would have the effect of (A) exposing the Trustee to any liabilities against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (B) increasing the obligations or duties, or decreasing the rights or protection, of the Trustee in the documents to which it is a party and/or these Conditions. The Agents (as defined in the Agency Agreement) shall give effect to this Condition 4(d)(vi) (by effecting such consequential amendments to the Agency Agreement or otherwise as is necessary on the part of each Agent (acting reasonably)), provided that the Agents shall not be obliged to give effect to any such amendments, if in the reasonable opinion of the relevant Agent (acting in good faith and following consultation, to the extent practicable, with the Issuer), the same would not be operable in accordance with the terms proposed pursuant to this Condition 4(d)(vi) or would expose it to any additional duties or liabilities or reduce or amend the rights and/or the protective provisions afforded to it in these Conditions and/or the Agency Agreement. The Issuer shall promptly following the determination of any changes pursuant to Condition 4(d)(vi) give notice thereof to the Trustee, the Principal Paying and Conversion Agent, the Calculation Agent and the Securityholders (in accordance with Condition 14 (*Notices*)).

(e) ***Benchmark Replacement***

If any of Condition 4(c) (*Screen Rate Determination for Floating Rate Securities not referencing SONIA, SOFR, €STR or SORA*), Condition 3(c)(i) (*Mid-Swap Rate*) or Condition 3(c)(ii) (*Resettable Security Interbank Rate*) is applicable to the Securities or Condition 4(d) (*Screen Rate Determination for Floating Rate Securities referencing SONIA, SOFR, €STR or SORA*) is applicable and "SONIA", "€STR" or "SORA" is specified as the Reference Rate in the relevant Pricing Supplement, and in any case, Benchmark Replacement is specified as applicable in the relevant Pricing Supplement then notwithstanding the provisions of Condition 4(c) (*Screen Rate Determination for Floating Rate Securities not referencing SONIA, SOFR, €STR or SORA*), Condition 3(c)(i) (*Mid-Swap Rate*), Condition 3(c)(ii) (*Resettable Security Interbank Rate*) or Condition 4(d) (*Screen Rate Determination for Floating Rate Securities referencing SONIA, SOFR, €STR or SORA*) (as applicable), if the Issuer (in consultation, to the extent practicable, with the Calculation Agent) determines that a Benchmark Event has occurred in relation to an Original Reference Rate when any Rate of Interest (or the relevant component part thereof) remains to be determined by reference to that Original Reference Rate, then the following provisions shall apply:

- (i) (A) the Issuer shall use reasonable endeavours to appoint, as soon as reasonably practicable, an Independent Adviser to determine (acting in good faith and in a commercially reasonable manner), no later than five (5) Business Days prior to the relevant Interest Determination Date or Reset Determination Date (as applicable) relating to the next succeeding Interest Period or Reset Period (as applicable) (the "**IA Determination Cut-off Date**"), a Successor Rate (as defined below) or, alternatively, if the Independent Adviser determines that there is no Successor Rate, an Alternative Reference Rate (as defined below) for purposes of determining the Rate of Interest (or the relevant component part thereof) applicable to the Securities; or

(B) if the Issuer is unable to appoint an Independent Adviser, or the Independent Adviser appointed by it fails to determine a Successor Rate or an Alternative Reference Rate prior to the IA Determination Cut-off Date, the Issuer (in consultation, to the extent practicable, with the Calculation Agent and acting in good faith and in a commercially reasonable manner) may determine a Successor Rate or, if the Issuer determines that there is no Successor Rate, an Alternative Reference Rate;

- (ii) if a Successor Rate or, failing which, an Alternative Reference Rate (as applicable) is determined in accordance with the preceding provisions, such Successor Rate or, failing which, an Alternative Reference Rate (as applicable) shall subsequently be used in place of such Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for each of the future Interest Periods or Reset Periods (as applicable) (subject to the subsequent operation of, and to adjustment as provided in, this Condition 4(e) (*Benchmark Replacement*)); provided, however, that if sub-paragraph (i)(B) applies and the Issuer is unable to or does not determine a Successor Rate or an Alternative Reference Rate prior to the relevant Interest Determination Date or Reset Determination Date (as applicable), the Rate of Interest applicable to the next succeeding Interest Period or Reset Period (as applicable) shall be equal to the Rate of Interest applicable to the Securities in respect of the Interest Period or Reset Period (as applicable) preceding such Interest Period or Reset Period; for the avoidance of doubt, the proviso in this sub-paragraph (ii) shall apply to the relevant Interest Period or Reset Period (as applicable) only and any subsequent Interest Periods or Reset Periods (as applicable) shall be subject to the subsequent operation of, and to adjustment as provided in, this Condition 4(e) (*Benchmark Replacement*);

- (iii) if the Independent Adviser (in consultation with the Issuer) or (if the Issuer is unable to appoint an Independent Adviser, or the Independent Adviser appointed by it fails to determine whether an Adjustment Spread should be applied) the Issuer (in consultation, to the extent practicable, with the Calculation Agent and acting in good faith and in a commercially reasonable manner) determines that an Adjustment Spread should be applied to the relevant Successor Rate or the relevant Alternative Reference Rate (as applicable) then such Adjustment Spread shall be applied to such Successor Rate or Alternative Reference Rate (as applicable). If the Independent Adviser or the Issuer (as applicable) is unable to determine the quantum of, or a formula or methodology for determining such Adjustment Spread, then the Successor Rate or Alternative Reference Rate (as applicable) will apply without an Adjustment Spread;
- (iv) if the Independent Adviser or the Issuer determines a Successor Rate or, failing which, an Alternative Reference Rate (as applicable) and, in each case, any Adjustment Spread in accordance with the above provisions, the Independent Adviser or the Issuer (in consultation, to the extent practicable, with the Calculation Agent) (as applicable), may also specify changes to these Conditions, including but not limited to the Relevant Time, Relevant Financial Centre, Reference Banks, Relevant Number of Quotations, Leading Banks, Day Count Fraction, Business Day Convention, Business Days and/or Interest Determination Date applicable to the Securities, and the method for determining the fallback rate in relation to the Securities, in order to follow market practice in relation to the Successor Rate, the Alternative Reference Rate (as applicable) and/or the Adjustment Spread, which changes shall apply to the Securities for all future Interest Periods (subject to the subsequent operation of this Condition 4(e) (*Benchmark Replacement*)). For the avoidance of doubt, the Trustee shall, at the direction and expense of the Issuer, and having received a certificate from the Issuer, signed by two Authorised Signatories, confirming that the Issuer or the Independent Adviser has made the relevant determinations in accordance with this Condition 4(e) (*Benchmark Replacement*); and attaching the proposed amendments to the Conditions, be obliged to concur with the Issuer to effect such amendments to the Conditions together with such consequential amendments to the Trust Deed and the Agency Agreement as the Trustee may deem appropriate in order to give effect to this Condition 4(e) (*Benchmark Replacement*); and the Trustee shall not be liable to any person for any consequences thereof, save as provided in the Trust Deed. No consent of the Holders of the Securities of the relevant Series or of the Holders of the Coupons appertaining thereto shall be required in connection with implementing the Successor Rate, Alternative Reference Rate (as applicable) and/or any Adjustment Spread or such other changes, including for the execution of any documents, amendments or other steps by the Trustee, the Issuer or any of the parties to the Agency Agreement (if required). The Trustee shall not be obliged to agree to any amendments which in the sole opinion of the Trustee would have the effect of (A) exposing the Trustee to any liabilities against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (B) increasing the obligations or duties, or decreasing the rights or protection, of the Trustee in the documents to which it is a party and/or these Conditions. The Agents shall give effect to this Condition 4(e) (*Benchmark Replacement*) (by effecting such consequential amendments to the Agency Agreement or otherwise as is necessary on the part of each Agent (acting reasonably)), provided that the Agents shall not be obliged to give effect to any such amendments, if in the reasonable opinion of the relevant Agent (acting in good faith and following consultation, to the extent practicable, with the Issuer), the same would not be operable in accordance with the terms proposed pursuant to this Condition 4(e) (*Benchmark Replacement*) or would expose it to any additional duties or liabilities or reduce or amend the rights and/or the protective provisions afforded to it in these Conditions and/or the Agency Agreement; and
- (v) the Issuer shall promptly, following the determination of any Successor Rate, Alternative Reference Rate (as applicable) and/or any Adjustment Spread, give notice thereof to the Trustee, the Principal Paying and Conversion Agent, the Calculation Agent and the Securityholders (in accordance with Condition 14 (*Notices*)), which notice shall specify the effective date(s) for such Successor Rate, Alternative Reference Rate (as applicable) and/or any Adjustment Spread and any consequential changes made to these Conditions.

Notwithstanding any other provision of this Condition 4(e) (*Benchmark Replacement*), no Successor Rate or Alternative Rate will be adopted, nor will the applicable Adjustment Spread be applied, nor will any Benchmark Amendments be made, if in the determination of the Issuer:

- (i) the same could reasonably be expected to result in the exclusion of the Securities in whole or in part from the regulatory capital of the Group (other than as a consequence of their conversion pursuant to Condition 9(b) (*Conversion upon occurrence of Capital Adequacy Trigger*)); or
- (ii) the same could reasonably be expected to result in the reclassification of the Securities in whole or in part as a form of regulatory capital of the Group that is lower than Additional Tier 1 Capital.

For the purposes of this Condition 4(e) (*Benchmark Replacement*):

"Adjustment Spread" means a spread (which may be positive or negative or zero) or formula or methodology for calculating a spread, in each case to be applied to the Successor Rate or the Alternative Reference Rate (as the case may be), and is the spread, formula or methodology which:

- (i) in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or
- (ii) (if no such recommendation has been made, or in the case of an Alternative Reference Rate), the Independent Adviser (in consultation with the Issuer) or the Issuer (in consultation, to the extent practicable, with the Calculation Agent) (as applicable) determines is customarily applied to the relevant Successor Rate or Alternative Reference Rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate for the Original Reference Rate; or
- (iii) (if the Independent Adviser or the Issuer determines that there is no customarily applied spread in relation to the Successor Rate or Alternative Reference Rate (as the case may be) as envisaged by limb (ii) above), the Independent Adviser (in consultation with the Issuer) or the Issuer (in consultation, to the extent practicable, with the Calculation Agent) (as applicable) determines is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Reference Rate (as the case may be);

"Alternative Reference Rate" means the rate that the Independent Adviser or the Issuer (as applicable) determines (acting in good faith and in a commercially reasonable manner) has replaced the Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest in respect of bonds denominated in the Specified Currency and of a comparable duration to the relevant Interest Period or Reset Period (as applicable);

- (iv) the later of (A) the making of a public statement by the supervisor of the administrator of the Original Reference Rate as a consequence of which the Original Reference Rate will, on or before a specified date, be prohibited from being used or that its use will be subject to restrictions or adverse consequences, either generally, or in respect of the Securities and (B) the date falling six months prior to the date specified in (A); or
- (v) the later of (A) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that, in the view of such supervisor, the Original Reference Rate is or will, on or before a specified date, be no longer representative of an underlying market or, in any case, should be used for informational purposes only rather than as a benchmark Reference Rate for securities such as the Securities and (B) the date falling six months prior to the date specified in (A); or
- (vi) it has or will prior to the next Interest Determination Date or Reset Determination Date, as applicable, become unlawful for the Calculation Agent or the Issuer to calculate any payments due to be made to any Securityholder using the Original Reference Rate (including, without limitation, under Regulation (EU) 2016/1011 as it forms part of domestic law in the UK by virtue of the EUWA, if applicable);

"Original Reference Rate" means (A) the benchmark or screen rate (as applicable) originally specified in the applicable Pricing Supplement for the purposes of determining the relevant Rate of Interest (or any component part(s) thereof) in respect of the Securities or (B) (if applicable) any other Successor Rate or Alternative Reference Rate (or any component part(s) thereof) determined and applicable to the Securities pursuant to the earlier operation of this Condition 4(e) (*Benchmark Replacement*);

"Relevant Nominating Body" means, in respect of a benchmark or screen rate (as applicable):

(f) ***ISDA Determination***

If ISDA Determination is specified in the relevant Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Securities for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "ISDA Rate" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the calculation agent under an interest rate swap transaction if the Calculation Agent were acting as calculation agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) if the Final Terms specify either "2006 ISDA Definitions" or "2021 ISDA Definitions" as the applicable ISDA Definitions:
 - (A) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Pricing Supplement;
 - (B) the Designated Maturity (as defined in the ISDA Definitions), if applicable, is a period specified in the relevant Pricing Supplement;
 - (C) the relevant Reset Date (as defined in the ISDA Definitions) is as specified in the relevant Pricing Supplement; and
 - (D) if Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Pricing Supplement, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates based on the relevant Floating Rate Option, where:
 - (1) one rate shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
 - (2) the other rate shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period,

provided, however, that if there is no rate available for a period of time next shorter than the length of the relevant Interest Period or, as the case may be, next longer than the length of the relevant Interest Period, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

- (E) if the specified Floating Rate Option is an Overnight Floating Rate Option (as defined in the ISDA Definitions), Compounding is specified to be applicable in the relevant Pricing Supplement and:
 - (1) Compounding with Lookback is specified as the Compounding Method in the relevant Pricing Supplement, (a) Compounding with Lookback is the Overnight Rate Compounding Method (as defined in the ISDA Definitions) and (b) Lookback is the number of Applicable Business Days (as defined in the ISDA Definitions) specified in the relevant Pricing Supplement;
 - (2) Compounding with Observation Period Shift is specified as the Compounding Method in the relevant Pricing Supplement, (a) Compounding with Observation Period Shift is the Overnight Rate Compounding Method, (b) Observation Period Shift is the number of Observation Period Shift Business Days (as defined in the ISDA Definitions) specified in the relevant Pricing Supplement and (c) Observation Period Shift Additional Business Days (as defined in the ISDA Definitions), if applicable, are the days specified in the relevant Pricing Supplement; or

 - (2) Averaging with Observation Period Shift is specified as the Averaging Method in the relevant Pricing Supplement, (a) Averaging with Observation Period Shift is the Overnight Rate Averaging Method, (b) Observation Period Shift is the number of Observation Period Shift Business Days (as defined in the ISDA Definitions) specified in the relevant Pricing Supplement and (c) Observation Period Shift Additional Business Days (as defined in the ISDA Definitions), if applicable, are the days specified in the relevant Pricing Supplement; or
 - (3) Averaging with Lockout is specified as the Averaging Method in the relevant Pricing Supplement, (a) Averaging with Lockout is the Overnight Rate Averaging Method, (b) Lockout is the number of Lockout Period Business Days (as defined in the ISDA Definitions) specified in the relevant Pricing Supplement and (c) Lockout Period Business Days, if applicable, are the days specified in the relevant Pricing Supplement; and

- (g) ***Maximum or Minimum Rate of Interest***

The relevant Pricing Supplement may specify a maximum rate of interest (a "**Maximum Rate of Interest**") and/or a minimum rate of interest (a "**Minimum Rate of Interest**"). If a Maximum Rate of Interest and/or a Minimum Rate of Interest is so specified in the relevant Pricing Supplement, then the Rate of Interest in respect of an Interest Period shall in no event be greater than the Maximum Rate of Interest or be less than the Minimum Rate of Interest.

In no event shall the Rate of Interest in respect of any Interest Period be less than zero.

(h) ***Determination of Rate of Interest and Calculation of Interest Amount***

The Calculation Agent will (i) as soon as practicable in respect of Floating Rate Securities subject to the provisions of Condition 4(d) (*Screen Rate Determination for Floating Rate Securities referencing SONIA, SOFR, €STR or SORA*) and (ii) as soon as practicable after the Relevant Time in respect of any other Floating Rate Securities, on each Interest Determination Date, determine the Rate of Interest and calculate the amount of interest payable in respect of each denomination of the relevant Floating Rate Securities (the "**Interest Amount**") for the relevant Interest Period.

The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to:

- (i) in the case of Floating Rate Securities which are represented by a Global Security, the principal amount of the Securities represented by such Global Security during such Interest Period; or
- (ii) in the case of Floating Rate Securities in definitive form, the Calculation Amount during such Interest Period, as so specified in the applicable Pricing Supplement,

and in each case multiplying the product by the relevant Day Count Fraction and rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention, as determined by the Calculation Agent). For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent. Where the Specified Denomination of a Floating Rate Security in definitive form comprises more than one Calculation Amount, the amount of interest payable in respect of such Security shall be the aggregate of the amounts determined in the manner provided above for each Calculation Amount comprising the Specified Denomination without any further rounding.

(i) ***Notification of Rate of Interest and Interest Amount***

The Calculation Agent will cause the Rate of Interest, the Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Principal Paying and Conversion Agent, for as long as such Securities are admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system, to such listing authority, stock exchange and/or quotation system in accordance with the rules thereof, and, for as long as such Securities are represented by Securities in global form, Euroclear and/or Clearstream, Luxembourg and/or such other clearing system or depository as may be set out in the relevant Pricing Supplement as soon as possible after the determination thereof but in any event no later than the fourth business day thereafter. In respect of Floating Rate Securities which are Securities in definitive form, the Calculation Agent will give notice to the Securityholders of the Rate of Interest, the Interest Amount and the relevant Interest Payment Date in accordance with the provisions of Condition 14 (*Notices*). The Interest Amount and the Interest Payment Date so notified in respect of any Securities may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified, for as long as such Securities are admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system, to such listing authority, stock exchange and/or quotation system in accordance with the rules thereof.

(j) ***Determination or Calculation by agent appointed by the Trustee***

If the Calculation Agent does not at any time for any reason determine the Rate of Interest or calculate the Interest Amount, the Trustee may (at the expense of the Issuer) appoint an agent to do so and such determination or calculation shall be deemed to have been made by the Calculation Agent. In doing so, such agent appointed by the Trustee shall apply the foregoing provisions of this Condition 4, with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and in all other respects it shall do so in such manner as it shall deem fair and reasonable in all the circumstances.

(k) ***Certificates, etc. to be Final***

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purpose of the provisions of this Condition 4 whether by the Calculation Agent, the Independent Adviser or any agent appointed by the Trustee shall (in the absence of manifest error) be final and binding on the Issuer, the Trustee (or such agent appointed by the Trustee),

the Paying Agents, (where appropriate) the Registrar and the Holders of Securities and of the Coupons appertaining thereto. No Holder of Securities or of the Coupons appertaining thereto shall be entitled to proceed against the Calculation Agent, the Independent Adviser, the Trustee or any agent appointed by the Trustee, the Paying Agents, the Registrar or any of them in connection with the exercise or non-exercise by them of their powers, duties and discretions hereunder, including, without limitation, in respect of any notification, opinion, communication, determination, certificate, calculation, quotation or decision given, expressed or made for the purposes of this Condition 4.

5. **Cancellation of Interest**

(a) ***Interest Payments Discretionary***

The Issuer shall be entitled at its full discretion to cancel (in whole or in part) any amounts of interest otherwise payable in respect of the Securities on any date. Unless otherwise specified, references in these Conditions to a payment of interest being "cancelled" (and similar references) shall include cancellation by reason of it not being due in accordance with Condition 2(b) (*Subordination – conditions to payment*), the cancellation of such payment of interest (or relevant part thereof) in accordance with Condition 5(b) (*Restrictions on Interest Payments*) or 9(g) (*Accrued Interest following Capital Adequacy Trigger*) or, as appropriate, the Issuer's exercise of its discretion otherwise to cancel such payment of interest (or relevant part thereof) in accordance with this Condition 5(a).

If the Issuer does not make any such payment of interest (or any part thereof) on the relevant date for payment, such non-payment shall evidence the non-payment and cancellation of such payment of interest (or relevant part thereof) and accordingly such interest shall not in any such case be due and payable.

Any payment of interest (or relevant part thereof) which is cancelled shall not become due and shall not accumulate or be payable at any time after its cancellation, and Securityholders shall have no rights in respect thereof and any such cancellation or non-payment (in whole or in part) shall not constitute a default or event of default on the part of the Issuer for any purpose.

(b) ***Restrictions on Interest Payments***

Without prejudice to (1) Condition 5(a) (*Interest Payments Discretionary*) above or (2) the prohibition contained in Chapter 4 of the "CRR Firms – Capital Buffers" Part of the PRA Rulebook (or any succeeding provision(s) amending or replacing such chapter) ("**Chapter 4**") on the making of payments on the Securities before the Maximum Distributable Amount has been calculated, if and to the extent that on any date on which interest is payable in respect of the Securities:

- (i) the amount of Relevant Distributions relating to such date exceeds the amount of Distributable Items; or
- (ii) the aggregate of (A) the relevant interest amount payable in respect of the Securities and (B) the amounts of any distributions of the kind referred to in Rule 4.3(2) of Chapter 4 (or any succeeding provision amending or replacing such rule) exceeds the Maximum Distributable Amount (if any) applicable to the Issuer as of such date; or
- (iii) the Lead Regulator applicable to the Issuer orders the Issuer to cancel (in whole or in part) the interest otherwise payable on such date,

the Issuer shall cancel (in whole or, as the case may be, in part) the interest otherwise payable on such date.

The Issuer shall be responsible for determining compliance with this Condition 5(b) and neither the Trustee, nor any Paying Agent, Transfer Agent or Calculation Agent shall be required to monitor such compliance or to perform any calculations in connection therewith.

(c) ***Notice of Interest Cancellation***

If practicable, the Issuer shall give notice of any cancellation of any interest to the Securityholders in accordance with Condition 14 (*Notices*) and to the Trustee and the Principal Paying and Conversion Agent on or prior to the relevant date on which such interest would otherwise have been payable;

provided, however, that any failure to provide such notice will not invalidate the cancellation of the relevant payment of interest.

6. **Redemption and Purchase**

(a) ***No Fixed Redemption Date***

The Securities are perpetual securities in respect of which there is no fixed redemption date and the Issuer shall (subject to the provisions of Condition 2(b) (*Subordination – conditions to payment*) and Condition 6(f) (*Capital Adequacy Trigger Notice*)) only have the right to repay them or purchase them in accordance with the following provisions of this Condition 6.

(b) ***Redemption for Taxation Reasons***

Subject to Conditions 2(b) (*Subordination – conditions to payment*), 6(f) (*Capital Adequacy Trigger Notice*), the final paragraph of this Condition 6(b) and Condition 6(h) (*Supervisory Consent*), if the Issuer satisfies the Trustee immediately prior to the giving of the notice referred to below that:

- (i) on a subsequent date for the payment of interest on any Series of Securities the Issuer would be required to pay any additional amounts in accordance with the provisions of Condition 7 (*Taxation*); or
- (ii) if the Issuer were to seek to redeem the Securities on a subsequent date (for which purpose no regard shall be had as to whether or not the Issuer would otherwise be entitled to redeem such Securities), the Issuer would be required to pay any additional amounts in accordance with the provisions of Condition 7 (*Taxation*); or
- (iii) unless the relevant Pricing Supplement specifies that this Condition 6(b)(iii) does not apply, on a subsequent date for the payment of interest on any Series of Securities, interest payments (or funding costs of the Issuer as recognised in its accounts) under or with respect to the Securities are no longer fully deductible for UK corporation tax purposes; or
- (iv) the relevant Securities would no longer be treated as loan relationships for UK tax purposes; or
- (v) any change in, or amendment to, the laws or regulations of the UK or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations (including a holding by a court of competent jurisdiction), which change or amendment becomes effective on or after the Issue Date, would, as a result of the Securities being in issue, result in the Issuer not being able to have losses or deductions set against the profit or gains, or profits or gains offset by the losses or deductions, of companies with which it is or would otherwise be so grouped for applicable UK tax purposes (whether under the group relief system current as at the Issue Date or any similar system or systems having like effect as may from time to time exist); or
- (vi) a future write-down of the principal amount of the Securities or conversion of the Securities into Ordinary Shares would result in a UK tax liability, or the receipt of income or profit which would be subject to UK tax, which would not otherwise have been the case as at the Issue Date of the relevant Securities; or
- (vii) the relevant Securities or any part thereof will become treated as a derivative or an embedded derivative for UK tax purposes,

then, the Issuer may, having given not less than 30 nor more than 45 days' notice (ending, in the case of Floating Rate Securities, on an Interest Payment Date) to the Securityholders (which notice shall, subject to Conditions 2(b) (*Subordination – conditions to payment*) and 6(f) (*Capital Adequacy Trigger Notice*), be irrevocable) in respect of such Series of Securities, redeem all, but not some only, of the Securities, at their principal amount or such other redemption amount as may be set out in the relevant Pricing Supplement together with (to the extent not cancelled pursuant to these Conditions) interest accrued and unpaid, if any, to the date fixed for redemption **provided that** no such notice of redemption shall be given earlier than 90 days (or in the case of Floating Rate Securities a number of days which is equal to the aggregate of the number of days in the then current Interest Period plus 60 days **provided that** such

aggregate number of days shall not be greater than 90 days) prior to the earliest date on which the relevant circumstances described in the relevant paragraph of (i) to (vii) above would occur.

It shall be sufficient, to establish the circumstances required to be established pursuant to this Condition 6(b), if the Issuer shall deliver to the Trustee a certificate or opinion of an independent legal adviser or accountant satisfactory to the Trustee to the effect either that such circumstances do exist or that, upon a change in or amendment to the laws (including any regulations pursuant thereto), or in the interpretation, application or administration thereof, of the UK or any political subdivision or any authority thereof or therein having power to tax, which at the date of such certificate or opinion is proposed and in the opinion of such legal adviser or accountant is reasonably expected to become effective on or prior to the date on which the relevant circumstances described in the relevant paragraph of (i) to (vii) above would otherwise occur and for these purposes, the Trustee shall accept such certificate or opinion without further enquiry and without liability for doing so as sufficient evidence of the existence of such circumstances and such certificate or opinion shall be conclusive and binding on the Securityholders and any Couponholders.

(c) ***Redemption at the Option of the Issuer***

Subject to Condition 2(b) (*Subordination – conditions to payments*), Condition 6(f) (*Capital Adequacy Trigger Notice*) and Condition 6(h) (*Supervisory Consent*), where this Condition 6(c) is stated to be applicable in the relevant Pricing Supplement, Securities shall be redeemable at the option of the Issuer. In such case, the Issuer may, on any Call Option Date(s) specified in the relevant Pricing Supplement, on giving (in accordance with Condition 14 (*Notices*)) not less than 30 nor more than 60 days' notice to the Securityholders (or such other period specified in the relevant Pricing Supplement) (which notice shall, subject to Conditions 2(b) (*Subordination – conditions to payment*) and 6(f) (*Capital Adequacy Trigger Notice*), be irrevocable) specifying the date fixed for such redemption, subject to Conditions 2(b) (*Subordination – conditions to payment*) and 6(f) (*Capital Adequacy Trigger Notice*), redeem all of such Securities (or, if so specified in the relevant Pricing Supplement and subject as therein specified, some only of the Securities) at their Early Redemption Amount (Call) or such other redemption amount as set out in the relevant Pricing Supplement together with (to the extent not cancelled pursuant to these Conditions) interest accrued and unpaid thereon, if any, to the date fixed for redemption.

Notwithstanding the foregoing, in the case of Securities where a Make Whole Redemption Amount has been specified in the relevant Pricing Supplement, if the Issuer determines, in its sole discretion (and without any requirement for the consent or approval of the Securityholders or the Trustee), that the Make Whole Redemption Amount applying to the relevant Call Option Dates could reasonably be expected to prejudice the qualification of the Securities as regulatory capital for the purposes of the Applicable Rules, the Issuer shall cease to have the right to redeem the Securities on such Call Option Date(s). The Issuer shall promptly following any such determination give notice thereof to the Trustee, the Principal Paying Agent and the Securityholders (in accordance with Condition 14 (*Notices*)), provided that failure to give such notice shall not affect the effectiveness of, or otherwise invalidate, any such determination or the cessation of the Issuer's right to redeem the Securities on such Call Option Date(s).

If the Securities of a Series are to be redeemed in part only on any date in accordance with this Condition 6(c):

- (i) in the case of Bearer Securities (other than a temporary global Security or permanent global Security), the Securities to be redeemed shall be drawn by lot in such European city as the Principal Paying and Conversion Agent may specify, or identified in such other manner or in such other place as the Principal Paying and Conversion Agent and the Trustee may approve and deem appropriate and fair; and
- (ii) in the case of Registered Securities, the Securities shall be redeemed (so far as may be practicable) *pro rata* to their principal amounts, **provided always that** the amount redeemed in respect of each Security shall be equal to the minimum denomination thereof or an appropriate multiple thereof,

subject always to compliance with all applicable laws and the requirements of each listing authority, stock exchange and/or quotation system (if any) by which the relevant Securities may have been admitted to listing, trading and/or quotation.

In the case of the redemption of part only of a Registered Security, a new Registered Security in respect of the unredeemed balance shall be issued in accordance with Condition 13 (*Replacement and Transfer*) which shall apply as in the case of a transfer of Registered Securities as if such new Registered Security were in respect of the untransferred balance.

(d) ***Purchases***

Subject to Condition 6(h) (*Supervisory Consent*), and to the extent permitted by applicable laws and regulations, the Issuer or any holding or subsidiary company of the Issuer or any subsidiary of any such holding company may purchase Securities at any price in the open market or otherwise and may resell the same.

(e) ***Redemption upon Capital Disqualification Event***

Subject to Condition 2(b) (*Subordination – conditions to payments*), Condition 6(f) (*Capital Adequacy Trigger Notice*) and Condition 6(h) (*Supervisory Consent*), if this Condition 6(e) is specified as being applicable in the relevant Pricing Supplement, then, following the occurrence of a Capital Disqualification Event, the Issuer may, within 90 days of the occurrence of the relevant Capital Disqualification Event and on giving not less than 30 nor more than 60 days' notice (ending, in the case of Floating Rate Securities, on an Interest Payment Date) to the Trustee (with a copy to the Principal Paying and Conversion Agent) and to the Securityholders in accordance with Condition 14 (*Notices*) (which notice shall, subject to Conditions 2(b) (*Subordination – conditions to payment*) and 6(f) (*Capital Adequacy Trigger Notice*), be irrevocable), at its option, redeem all, but not some only, of the Securities at the Capital Disqualification Event Early Redemption Price, together with (to the extent not cancelled pursuant to these Conditions) interest accrued and unpaid, if any, to the date fixed for redemption.

Prior to giving the above notice to the Trustee pursuant to this Condition 6(e), the Issuer shall deliver to the Trustee a certificate signed by two Authorised Signatories stating that a Capital Disqualification Event has occurred and is continuing, the Trustee shall accept such certificate without further inquiry as sufficient evidence of the same and it shall be conclusive and binding on the Securityholders and any Couponholders.

(f) ***Capital Adequacy Trigger Notice***

The Issuer may not give a notice of redemption of any Series of Securities pursuant to this Condition 6 if a Capital Adequacy Trigger Notice has been given in respect of such Securities. If a Capital Adequacy Trigger Notice is given after a notice of redemption shall have been given by the Issuer but before the relevant Redemption Date, such notice of redemption shall automatically be revoked and be null and void and the relevant Securities shall not be redeemed.

(g) ***Cancellation***

All Securities redeemed pursuant to Condition 6(b) (*Redemption for Taxation Reasons*), Condition 6(c) (*Redemption at the Option of the Issuer*) or 6(e) (*Redemption upon Capital Disqualification Event*) shall, and all Securities purchased pursuant to Condition 6(d) (*Purchases*) of this Condition 6 may, at the option of the Issuer, be cancelled forthwith (together with, in the case of Bearer Securities in definitive form, all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith) by the Paying Agent through which they are redeemed or by the Principal Paying and Conversion Agent to which they are surrendered. All Securities redeemed or purchased and cancelled as aforesaid may not be re-issued or resold and the obligations of the Issuer in respect of any such Securities shall be discharged.

(h) ***Supervisory Consent***

The Issuer may only exercise a right to redeem or purchase Securities pursuant to Conditions 6(b) (*Redemption for Taxation Reasons*), 6(c) (*Redemption at the Option of the Issuer*), 6(d) (*Purchases*) or 6(e) (*Redemption upon Capital Disqualification Event*):

- (i) in the case of a redemption pursuant to Condition 6(e) (*Redemption upon Capital Disqualification Event*) where the date fixed for redemption falls before the fifth anniversary of the issue date of the most recently issued Tranche of the relevant Series, if the Issuer has first

complied with the Regulatory Preconditions and obtained any Relevant Supervisory Consent; and

- (ii) in any other case, unless (x) the relevant Securities have (or will have on the date fixed for redemption or purchase) ceased fully to qualify as part of the Issuer's regulatory capital or (y) the relevant Securities are repurchased for market-making purposes in accordance with any permission given by the Lead Regulator applicable to the Issuer pursuant to Applicable Rules (including, without limitation, Article 29(3) of Commission Delegated Regulation (EU) No. 241/2014 as it forms part of domestic law by virtue of the EUWA) within the limits prescribed in such permission, if the Issuer has first:
 - (A) obtained any Relevant Supervisory Consent; and
 - (B) in the case of a redemption pursuant to Condition 6(b) (*Redemption for Taxation Reasons*) or a purchase of Securities pursuant to Conditions 6(d) (*Purchases*) where the date fixed for redemption or repurchase falls before the fifth anniversary of the issue date of the most recently issued Tranche of the relevant Series, complied with the Regulatory Preconditions.

For these purposes, as between the Issuer and the Securityholders, the Issuer shall be deemed to have complied with items (i) or (ii) above (as and where applicable) if it has obtained a Relevant Supervisory Consent, and a certificate signed by two Authorised Signatories stating that it has obtained a Relevant Supervisory Consent delivered to the Trustee (who shall accept such certificate without further inquiry as sufficient evidence of the same) shall be conclusive as to the Issuer having obtained such consent and shall be binding on the Securityholders.

7. Taxation

All payments by the Issuer of principal and interest in respect of the Securities will be made without withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatever nature, present or future, as are imposed or levied by or on behalf of the UK (or any authority or political subdivision therein or thereof having power to tax) unless the Issuer is required by law to withhold or deduct any such taxes, duties, assessments or governmental charges.

In that event, the Issuer will pay such additional amounts in respect of any payments of interest in respect of the Securities (but not, for the avoidance doubt, in respect of any payments of principal in respect of the Securities) as may be necessary in order that the net amounts of interest in respect of the Securities received by the Securityholders or Couponholders, as the case may be, after such withholding or deduction shall equal the respective amounts of interest which would have been received in respect of the Securities and/or, as the case may be, Coupons, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Security or Coupon:

- (a) to, or to a third party on behalf of, a Holder of a Security or Coupon who is liable to such taxes, duties, assessments or governmental charges in respect of such Security or Coupon by reason of his having some connection with the UK other than the mere holding of such Security or Coupon; or
- (b) unless it is proved, in the case of Bearer Securities, to the satisfaction of the Principal Paying and Conversion Agent or the Paying Agent to whom the same is presented, or, in the case of Registered Securities, to the satisfaction of the Registrar, that the Holder is unable to avoid such withholding or deduction by satisfying any statutory requirement or by making a declaration of non-residence or other similar claim for exemption to a Paying Agent or the relevant tax authorities (as applicable) or by notifying (and/or presenting evidence of such notification to) any tax authorities of such payment of interest or by presenting the relevant Security or Coupon at the specified office of another Paying Agent (whether within or outside Europe); or
- (c) more than 30 days after the Relevant Date (defined below) except, in the case of Bearer Securities, to the extent that the Holder thereof would have been entitled to such additional amounts on presenting the same for payment on the last day of such period of 30 days; or
- (d) to, or to a third party on behalf of, a Holder who is not the sole beneficial owner of the Security or any Coupon, or a portion of either, or that is a fiduciary or partnership, but only to the extent that a beneficiary

or settlor with respect to the fiduciary or a beneficial owner or member of the partnership would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment.

As used herein the "**Relevant Date**" means the date on which such payment first becomes due but, in the case of Bearer Securities, if the full amount of the money payable has not been received by the Principal Paying and Conversion Agent or the Trustee on or prior to such due date, it means the date on which, the full amount of such money having been so received, notice to that effect shall have been duly given to the relevant Securityholders in accordance with Condition 14 (*Notices*).

Any reference in these Conditions to principal or interest or both in respect of the relevant Securities shall be deemed to include, as applicable:

- (i) any additional amounts in respect of payments of interest which may be payable under this Condition pursuant to any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed;⁷ or
- (ii) the principal amount payable on the relevant Securities on the Redemption Date (if any); and
- (iii) any premium and any other amounts which may be payable under or in respect of the relevant Securities.

Notwithstanding any other provision in these Conditions, the Issuer shall be permitted to withhold or deduct any amounts required by the rules of U.S. Internal Revenue Code of 1986 Sections 1471 through 1474 (or any amended or successor provisions), pursuant to any inter-governmental agreement, or implementing legislation adopted by another jurisdiction in connection with these provisions, or pursuant to any agreement with the U.S. Internal Revenue Service ("**FATCA withholding**"). The Issuer will have no obligation to pay additional amounts or otherwise indemnify a holder for any FATCA withholding deducted or withheld by the Issuer, a Paying Agent or any other party as a result of any person (other than an agent of the Issuer) not being entitled to receive payments free of FATCA withholding.

8. **Payments**

(a) ***Bearer Securities***

Payments of principal and interest (if any) in respect of Bearer Securities will (subject as provided below) be made against presentation and surrender of the relevant Security or, in the case of payments of interest, surrender of the relevant Coupon at the specified office of any Paying Agent outside the United States (subject to the next paragraph).

Payments of amounts due in respect of interest on Bearer Securities and exchanges of Talons for Coupon sheets will not be made at the specified office of any Paying Agent in the United States (as defined in the U.S. Internal Revenue Code of 1986 and Regulations thereunder) unless (a) payment in full of amounts due in respect of interest on such Securities when due or, as the case may be, the exchange of Talons at all the specified offices of the Paying Agents outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions and (b) such payment or exchange is permitted by applicable United States law, in which case the Issuer shall forthwith appoint a further Paying Agent with a specified office in New York City.

If the due date for payment of any amount due in respect of any Bearer Security is not both a Relevant Financial Centre Day and (unless the Securities are in global form) a Local Banking Day (each as defined below), then the Holder thereof will not be entitled to payment thereof until the next day which is such a day and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 3 (*Interest on Fixed Rate Securities and Resettable Securities*) or 4 (*Interest on Floating Rate Securities*), as appropriate.

Upon the Redemption Date of any Bearer Security in definitive form, all unmatured Coupons and Talons (if any) relating to such Bearer Security in definitive form (whether or not attached) shall become void and no payment shall be made in respect of them.

Upon any Bearer Securities in definitive form becoming due and repayable, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

In relation to Bearer Securities in definitive form initially delivered with Talons attached thereto, on or after the date on which the final Coupon comprised in any Coupon sheet matures, the Talon comprised in the Coupon sheet may be surrendered at the specified office of any Paying Agent outside the United States (save as provided above) in exchange for a further Coupon sheet (including any appropriate further Talon), subject to the provisions of Condition 11 (*Prescription*). Each Talon shall, for the purpose of these Conditions, be deemed to mature on the Fixed Interest Payment Date, Resettable Security Interest Payment Date or Interest Payment Date (as applicable) on which the final Coupon comprised in the relative Coupon sheet matures.

If (otherwise than by reason of the application of the above) the Redemption Date (if any) of any Bearer Security in definitive form is not a Fixed Interest Payment Date, a Resettable Security Interest Payment Date or an Interest Payment Date (as applicable) for the payment of a Coupon appertaining thereto, interest accrued (if any) in respect of such Security from (and including) the last preceding Fixed Interest Payment Date, Resettable Security Interest Payment Date or Interest Payment Date (as applicable) for the payment of a Coupon (or from the Issue Date or the Interest Commencement Date, as the case may be) will be paid only against surrender of such Bearer Security and all unmatured Coupons appertaining thereto.

(b) ***Registered Securities***

Payment of the amount due on redemption (in accordance with Condition 6 (*Redemption and Purchase*)) (the "**Redemption Amount**") in respect of Registered Securities will be made against presentation and, save in the case of partial payment of the Redemption Amount, surrender of the relevant Registered Securities at the specified office of the Registrar or any Transfer Agent.

Payment of amounts (whether principal, interest or otherwise) due (other than the Redemption Amount) in respect of Registered Securities will be paid to the Holder thereof (or, in the case of joint Holders, the first-named) as appearing in the Register kept by the Registrar at the close of business (local time in the place of the specified office of the Registrar) on the 15th day prior to the due date for such payment (the "**Record Date**").

If the due date for payments of amounts in respect of any Registered Security is not both a Relevant Financial Centre Day and (if such Security is not in global form and in relation to payments of the Redemption Amount only) a Local Banking Day, then the Holder thereof will not be entitled to payment thereof until the next day which is such a day and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 3 (*Interest on Fixed Rate Securities and Resettable Securities*) or 4 (*Interest on Floating Rate Securities*), as appropriate.

(c) ***Renminbi-denominated Securities – Payment of U.S. Dollar Equivalent***

This Condition 8(c) only applies to Securities in relation to which the Specified Currency of denomination and payment is Renminbi.

Notwithstanding the foregoing, if by reason of Inconvertibility, Non-transferability or Illiquidity, the Issuer is not able to satisfy payments of principal or interest in respect of the Securities when due in Renminbi in Hong Kong, the Issuer may, on giving not less than five or more than 30 calendar days' irrevocable notice to the Principal Paying and Conversion Agent and Holders in accordance with Condition 14 (*Notices*) prior to the due date for payment, settle any such payment in U.S. Dollars on the due date (or if such date is not a Relevant Business Day, on the next succeeding Relevant Business Day) at the U.S. Dollar Equivalent of any such Renminbi denominated amount.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 8(c) by the Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Trustee, the Paying Agents and all Holders.

(d) **General Provisions**

The following provisions apply to both Bearer Securities and Registered Securities. Payments of amounts due (whether principal, interest or otherwise) in respect of Securities will be made in the currency in which such amount is due, by transfer to an account denominated in the relevant currency (or, if that currency is euro, any other account to which euro may be credited or transferred) specified and maintained by the payee with a bank in the principal financial centre of that currency (or, if that currency is euro, the relevant principal financial centre of any Member State of the European Union), except where payments of amounts due (whether principal, interest or otherwise) in respect of Securities are in Renminbi, in which case such payments will be made by credit or transfer to an account denominated in Renminbi and maintained by the payee with a bank in Hong Kong in accordance with applicable laws, rules and regulations and guidelines issued from time to time (including all applicable laws and regulations with respect to settlement in Renminbi in Hong Kong). Payments of principal, interest and other amounts (if any) in respect of Securities are subject in all cases to any fiscal or other laws and regulations applicable in the place of payment but without prejudice to the provisions of Condition 7 (*Taxation*).

Without prejudice to the generality of the foregoing, the Issuer reserves the right to require any person receiving payment of principal, interest and/or other sums or, as the case may be, payment of interest with respect to any Security or Coupon to provide a Paying Agent with such certification or information as may be required to enable the Issuer to comply with the requirements of U.S. federal income tax laws or such other laws as the Issuer may be required to comply with.

9. **Capital Adequacy Trigger**

(a) **Occurrence of Capital Adequacy Trigger**

Whether a Capital Adequacy Trigger has occurred at any time shall be determined by the Issuer, the Lead Regulator applicable to the Issuer or any agent of the Lead Regulator applicable to the Issuer appointed for such purpose by the Lead Regulator applicable to the Issuer. If a Capital Adequacy Trigger has occurred in respect of any Series of Securities (such Securities, the "**Affected Securities**"), the Issuer shall immediately inform the Lead Regulator applicable to the Issuer and shall, prior to giving the Capital Adequacy Trigger Notice (as defined below) in accordance with the next following paragraph, deliver to the Trustee a certificate signed by two Authorised Signatories stating that the Capital Adequacy Trigger has occurred. The Trustee shall accept such certificate without any further enquiry as sufficient evidence of such matters, in which event such certificate will be conclusive and binding on the Trustee and the Securityholders.

Following the occurrence of a Capital Adequacy Trigger in respect of the Affected Securities, the Issuer shall give a notice of the occurrence thereof (a "**Capital Adequacy Trigger Notice**") to the Holders of the Affected Securities in accordance with Condition 14 (*Notices*), with a copy thereof to the Trustee and the Principal Paying and Conversion Agent on or as soon as practicable after the date on which the Capital Adequacy Trigger occurs (and, in any event, within such period as the Lead Regulator applicable to the Issuer may require).

The Capital Adequacy Trigger Notice shall specify the Common Equity Tier 1 Capital Ratio as at the relevant date on which the Capital Adequacy Trigger occurred, the then prevailing Conversion Price (which Conversion Price shall remain subject to any subsequent adjustment pursuant to Condition 9(i) (*Adjustments to Conversion Price*) up to the Conversion Date), the Conversion Date, the Notice Cut-Off Date and the Long-Stop Date and, to the extent available, details of the Settlement Shares Depository.

(b) **Conversion upon occurrence of Capital Adequacy Trigger**

If a Capital Adequacy Trigger occurs in respect of any Series of Securities:

- (i) each Affected Security shall, subject to and as provided in this Condition 9(b), be irrevocably discharged and satisfied by its conversion into Ordinary Shares, credited as fully paid, in the manner and in the circumstances described below and the issuance and delivery of such Ordinary Shares to the Settlement Shares Depository, to be held on trust (which trust must, if Condition 9(f) (*Conversion Shares Offer*) is specified in the relevant Pricing Supplement as being applicable in respect of the Affected Securities, be on terms permitting a Conversion Shares

Offer in accordance with Condition 9(f) (*Conversion Shares Offer*) for the Securityholders, as provided below;

- (ii) such conversion shall occur without delay upon the occurrence of such Capital Adequacy Trigger and, in any event, within one month from the time it is determined that the Capital Adequacy Trigger has occurred or within such shorter period as the Lead Regulator applicable to the Issuer may require (such date on which conversion is to occur shall be specified in the Capital Adequacy Trigger Notice and is referred to in these Conditions as the "**Conversion Date**" in respect of the Affected Securities); and
- (iii) the relevant Securities will be converted in whole and not in part on the Conversion Date as provided below, at which point all of the Issuer's obligations under the Securities shall be irrevocably discharged and satisfied by the Issuer's issuance and delivery of the relevant Ordinary Shares to the Settlement Shares Depository on the Conversion Date.

Subject to and as provided in Condition 9(f) (*Conversion Shares Offer*) (if applicable), the Settlement Shares Depository shall hold the Ordinary Shares to be issued and delivered on conversion on trust for the Holders of the Affected Securities, who shall, for so long as such Ordinary Shares are held by the Settlement Shares Depository, be entitled to direct the Settlement Shares Depository to exercise on their behalf all rights of an ordinary shareholder (including voting rights and rights to receive dividends) except that such Holders of Affected Securities shall not be able to sell or otherwise transfer such Ordinary Shares unless and until such time as they have been delivered to Holders in accordance with Condition 9(k) (*Procedure for Settlement in respect of a Conversion upon Capital Adequacy Trigger*).

With effect from the occurrence of a Capital Adequacy Trigger no Holder of the Affected Securities will have any rights against the Issuer with respect to the repayment of the principal amount of such Affected Securities or the payment of interest or other amount on or in respect of such Affected Securities (other than, in the case of a winding-up of the Issuer or the appointment of an administrator, any amounts payable under Condition 2(d) (*Winding-up after a Capital Adequacy Trigger*)) and the principal amount of such Affected Securities shall equal zero at all times thereafter.

The Ordinary Shares to be issued and delivered on conversion shall (except where the Issuer has been unable to appoint a Settlement Shares Depository as contemplated in Condition 9(c) (*Failure to appoint a Settlement Shares Depository*)) initially be registered in the name of the Settlement Shares Depository, which (subject to the provisions of Condition 9(f) (*Conversion Shares Offer*), if applicable) shall hold such Ordinary Shares on trust for the Holders of the Affected Securities. By virtue of its holding of any Affected Security, each such Securityholder shall be deemed to have irrevocably directed the Issuer to issue and deliver such Ordinary Shares to the Settlement Shares Depository.

Provided that the Issuer so issues and delivers the Ordinary Shares to be issued and delivered on conversion to the Settlement Shares Depository, with effect on and from the Conversion Date Securityholders shall have recourse only to the Settlement Shares Depository for the delivery to them of such Ordinary Shares or, subject to and as provided in Condition 9(f) (*Conversion Shares Offer*), if applicable, the Alternative Consideration. Subject to Condition 2(d) (*Winding-up after a Capital Adequacy Trigger*), if the Issuer fails to issue and deliver the Ordinary Shares to be issued and delivered on conversion to the Settlement Shares Depository on the Conversion Date, a Holder's only right under the Affected Securities against the Issuer for any such failure will be to claim to have such Ordinary Shares so issued and delivered.

Following the issuance and delivery of the Ordinary Shares to be delivered on conversion to the Settlement Shares Depository on the Conversion Date, the Affected Securities shall remain in existence until the applicable Settlement Date (or, if earlier, the Long-Stop Date) for the purpose only of evidencing Holders' rights as aforesaid to receive such Ordinary Shares or (if applicable) the Alternative Consideration, as the case may be, to be delivered by the Settlement Shares Depository.

Affected Securities, once converted into Ordinary Shares, may not be reconverted back into Securities.

(c) ***Failure to appoint a Settlement Shares Depositary***

If the Issuer has been unable to appoint a Settlement Shares Depositary, it shall make such other arrangements for the Ordinary Shares to be issued and delivered (or, if applicable, for Alternative Consideration to be delivered) upon conversion to the Securityholders as it considers reasonable in the circumstances, which may include issuing and delivering the Ordinary Shares to another independent nominee to be held on trust (which trust must, if Condition 9(f) (*Conversion Shares Offer*) is specified as being applicable in respect of any Series of Securities in the relevant Pricing Supplement, be on terms permitting a Conversion Shares Offer in accordance with Condition 9(f) (*Conversion Shares Offer*)) for the Securityholders or to the Securityholders directly, which issuance and delivery shall irrevocably discharge and satisfy all of the Issuer's obligations under the Securities as if the relevant Ordinary Shares had been issued and delivered to the Settlement Shares Depositary and, in which case, where the context so admits, references in these Conditions to the issue and delivery of Ordinary Shares to the Settlement Shares Depositary shall be construed accordingly and apply *mutatis mutandis*.

(d) ***Occurrence of a Relevant Event***

- (i) If a Qualifying Relevant Event occurs, the Affected Securities shall, if the Conversion Date (if any) falls on or after the New Conversion Effective Date, be converted on such Conversion Date into Relevant Shares of the Approved Entity (save as provided below in this Condition 9(d)(i) *mutatis mutandis* as provided in this Condition 9) at a Conversion Price that shall be the New Conversion Price. Such conversion shall be effected by the delivery by the Issuer of such number of Ordinary Shares as is determined in accordance with Condition 9(h) (*Conversion Price*) to, or to the order of, the Approved Entity. Such delivery shall irrevocably discharge and satisfy all of the Issuer's obligations under the Affected Securities (but shall be without prejudice to the rights of the Trustee and the Holders of the Affected Securities against the Approved Entity in connection with its undertaking to deliver Relevant Shares as provided in the definition of "New Conversion Condition" in Condition 19 (*Definitions*) below). Such delivery shall be in consideration of the Approved Entity irrevocably undertaking, for the benefit of the Holders of the Affected Securities, to (i) deliver the Relevant Shares to the Settlement Shares Depositary as aforesaid and (ii) ensure that, for so long as the Securities are outstanding, its ordinary share capital shall continue to constitute Relevant Shares. For the avoidance of doubt, the Issuer may elect that a Conversion Shares Offer be made by the Settlement Shares Depositary in respect of the Relevant Shares.
- (ii) The New Conversion Price shall be subject to adjustment in the circumstances provided in this Condition 9 (with such modifications and amendments as an Independent Adviser acting in good faith may determine to be appropriate) and the Issuer shall give notice to Holders of Affected Securities of the New Conversion Price and of any such modifications and amendments in accordance with Condition 14 (*Notices*) and to the Trustee and the Principal Paying and Conversion Agent (and thereafter any references in these Conditions to Conversion Price shall be deemed to be references to the New Conversion Price as so modified and amended).
- (iii) In the case of a Qualifying Relevant Event, the Issuer shall, on or prior to the New Conversion Effective Date, enter into such agreements and arrangements, which may include deeds supplemental to the Trust Deed, and such amendments and modifications to the Trust Deed shall be made, to ensure that, with effect from the New Conversion Effective Date, the Securities shall (following the occurrence of a Capital Adequacy Trigger) be convertible into, or exchangeable for, Relevant Shares of the Approved Entity, *mutatis mutandis* in accordance with, and subject to, this Condition 9 (as the same may be so supplemented, amended or modified) at the New Conversion Price. With effect from the New Conversion Effective Date, the Issuer shall have no further obligation to deliver or procure delivery of any Ordinary Shares or Relevant Shares, and the Approved Entity shall be obliged to deliver or procure delivery of Relevant Shares in accordance with such agreements and arrangements entered into by the Approved Entity.

The Trustee shall be obliged (at the expense of the Issuer) to concur with the Issuer in making any such amendments and modifications to the Trust Deed, and to execute any such deeds supplemental to the Trust Deed, **provided that** the Trustee shall not be bound to do so if any such amendments, modifications or deeds would, in the opinion of the Trustee, have the effect of (i) exposing the Trustee to any liability against which it is not indemnified and/or secured and/or pre-funded to its satisfaction, (ii) changing, increasing or adding to the obligations or

duties of the Trustee or (iii) removing or amending any protection or indemnity afforded to, or any other provision in favour of, the Trustee under the Trust Deed, the Conditions, any relevant Pricing Supplement and/or the Securities.

- (iv) For the avoidance of doubt, if a Relevant Event that is a Non-Qualifying Relevant Event occurs, then no changes shall be made to these Conditions nor shall any adjustments be made to the Conversion Price pursuant to this Condition 9(d).
- (v) Within 10 London Business Days following the occurrence of a Relevant Event, the Issuer shall give notice thereof to Securityholders (a "**Relevant Event Notice**") in accordance with Condition 14 (*Notices*). The Relevant Event Notice shall specify:
 - (1) the identity of the Acquiror;
 - (2) whether the Relevant Event is a Qualifying Relevant Event or a Non-Qualifying Relevant Event; and
 - (3) in the case of a Qualifying Relevant Event, the New Conversion Price.

(e) **Conversion Settlement**

- (i) On the Conversion Date, the Issuer shall redeem the Affected Securities at a price equal to their principal amount and the Holders of the Affected Securities shall be deemed irrevocably to have directed and authorised the Issuer to apply such sum on their behalf in paying up the relevant Ordinary Shares to be issued and delivered to the Settlement Shares Depository on conversion of their Affected Securities.
- (ii) On the relevant Settlement Date, each Holder of Affected Securities shall receive delivery (free of payment) of:
 - (1) except where (2) below applies, such number of Ordinary Shares as is calculated in respect of the principal amount of the Affected Security held by such Holder in accordance with Condition 9(h) (*Conversion Price*); or
 - (2) if Condition 9(f) (*Conversion Shares Offer*) is specified as being applicable in respect of the relevant Series of Affected Securities in the relevant Pricing Supplement and the Issuer has delivered a Conversion Shares Offer Election Notice in accordance with Condition 9(f) (*Conversion Shares Offer*) on or prior to the Latest Conversion Shares Offer Election Date, Alternative Consideration, calculated in accordance with the definition of "Alternative Consideration" in Condition 19 (*Definitions*).
- (iii) In order to obtain delivery from the Settlement Shares Depository of Ordinary Shares or, as applicable, the relevant Alternative Consideration following a conversion, Holders of Affected Securities must deliver a Conversion Notice and surrender the relevant Affected Security to the Settlement Shares Depository (or an agent designated for the purpose in the Capital Adequacy Trigger Notice) on or before the Notice Cut-Off Date in accordance with Condition 9(k) (*Procedure for Settlement in respect of a Conversion upon Capital Adequacy Trigger*).
- (iv) If a Securityholder fails to deliver such Conversion Notice and surrender the Affected Securities held by it on or before the Notice Cut-Off Date, or if the Settlement Shares Depository has determined that the relevant Conversion Notice which was delivered is incomplete or invalid, then the Settlement Shares Depository shall continue to hold the relevant Ordinary Shares or the relevant Alternative Consideration, as the case may be, until a duly completed and valid Conversion Notice is so delivered and the relevant Affected Security is so surrendered.

(f) **Conversion Shares Offer**

This Condition 9(f) applies if Conversion Shares Offer is specified as being applicable in relation to any Series of Affected Securities in the relevant Pricing Supplement.

- (i) Not later than the Latest Conversion Shares Offer Election Date, the Issuer may, in its sole and absolute discretion, make an election by giving notice to the Holders of the Affected Securities in accordance with Condition 14 (*Notices*) (a "**Conversion Shares Offer Election Notice**") that the Settlement Shares Depository (or an agent on its behalf) will make an offer of, in the Issuer's sole and absolute discretion, all or some of the Ordinary Shares to be delivered on conversion to, in the Issuer's sole and absolute discretion, all or some of the Issuer's Shareholders at such time, such offer to be at a cash price per Ordinary Share equal to the Conversion Shares Offer Price, all in accordance with the following provisions (a "**Conversion Shares Offer**").

A Conversion Shares Offer Election Notice shall specify the period of time for which the Conversion Shares Offer will be open (the "**Conversion Shares Offer Period**"). The Conversion Shares Offer Period shall end no later than 40 London Business Days after the giving of the Conversion Shares Offer Election Notice by the Issuer.

- (ii) Upon expiry of the Conversion Shares Offer Period, the Settlement Shares Depository will provide notice to the Holders of the Affected Securities in accordance with Condition 14 (*Notices*) and to the Trustee and the Principal Paying and Conversion Agent of the composition of the Alternative Consideration (and of the deductions to the cash component, if any, of the Alternative Consideration (as set out in the definition of Alternative Consideration)) per Calculation Amount. The Alternative Consideration shall be held on trust by the Settlement Shares Depository for the Holders of the Affected Securities. The cash component of any Alternative Consideration shall be payable by the Settlement Shares Depository to the Holders of the Affected Securities in the Specified Currency and whether or not the conditions referred to in Condition 2(b) (*Subordination – conditions to payment*) are satisfied.
- (iii) The Issuer reserves the right, in its sole and absolute discretion, to elect that the Settlement Shares Depository terminate the Conversion Shares Offer at any time during the Conversion Shares Offer Period. If the Issuer makes such election, it will provide at least three London Business Days' notice to the Holders of the Affected Securities in accordance with Condition 14 (*Notices*) and to the Trustee, the Principal Paying and Conversion Agent and the Settlement Shares Depository. The Settlement Shares Depository may then, in its sole and absolute discretion, take steps to deliver to Holders of the Affected Securities the Ordinary Shares to be delivered on conversion at a time that is earlier than the time at which they would have otherwise received the Alternative Consideration had the Conversion Shares Offer been completed.
- (iv) Each Holder of the Affected Securities acknowledges and agrees that if the Issuer elects, in its sole and absolute discretion, that a Conversion Shares Offer be conducted by the Settlement Shares Depository, such Holder shall be deemed to have: (A) irrevocably consented to any Conversion Shares Offer and, notwithstanding that such Ordinary Shares are held by the Settlement Shares Depository on trust for the Holders of the Affected Securities, to the Settlement Shares Depository using the Ordinary Shares delivered to it on conversion to settle any Conversion Shares Offer; (B) irrevocably consented to the transfer of the interest such Holder has in the Ordinary Shares delivered on conversion to the Settlement Shares Depository to one or more purchasers identified by the Settlement Shares Depository in connection with the Conversion Shares Offer; (C) irrevocably agreed that the Issuer and the Settlement Shares Depository may take any and all actions necessary to conduct the Conversion Shares Offer in accordance with the terms of the Affected Securities; and (D) irrevocably agreed that none of the Issuer, the Trustee or the Settlement Shares Depository shall, to the extent permitted by applicable law, incur any liability to the Holders of the Affected Securities in respect of the Conversion Shares Offer (except for the obligations of the Settlement Shares Depository in respect of the Holders' entitlement to, and the subsequent delivery of, any Alternative Consideration).
- (v) Any Conversion Shares Offer shall only be made subject to applicable laws and regulations in effect at the relevant time and shall be conducted, if at all, only to the extent that the Issuer, in its sole and absolute discretion, determines that such Conversion Shares Offer is appropriate and practicable. The Issuer or the purchasers of the Ordinary Shares pursuant to a Conversion Shares Offer shall bear the costs and expenses of any Conversion Shares Offer (other than the taxes referred to in the definition of Alternative Consideration), including the fees of the Settlement Shares Depository in this connection, if any.

- (vi) The Trustee shall not be responsible for monitoring any Conversion Shares Offer, nor for monitoring or enforcing the obligations of the Settlement Shares Depository in respect thereof. Following conversion and delivery of the Ordinary Shares to the Settlement Shares Depository, Holders of Affected Securities must look to the Settlement Shares Depository for any Ordinary Shares or Alternative Consideration due to them at the relevant time.

(g) ***Accrued Interest following Capital Adequacy Trigger***

In relation to any Affected Securities, any interest otherwise falling due on any date which falls on or after the date on which a Capital Adequacy Trigger occurs shall be deemed to have been cancelled upon the occurrence of such Capital Adequacy Trigger and shall not become due and payable.

(h) ***Conversion Price***

The Issuer shall issue and deliver to the Settlement Shares Depository on the Conversion Date a number of Ordinary Shares in respect of each Affected Security determined by dividing the principal amount of such Affected Security by the Conversion Price (as adjusted in accordance with Condition 9(i) (*Adjustments to Conversion Price*) up to and including the Conversion Date), subject to Condition 9(j) (*Rounding Down and Notice of Adjustment to the Conversion Price*) and Condition 9(l) (*Fractions*).

(i) ***Adjustments to Conversion Price***

Upon the occurrence of an applicable Adjustment Event, the Conversion Price shall be adjusted as follows:

- (i) *Adjustments upon Alteration to Nominal Value Event:* If "Alteration to Nominal Value Event" is specified as being an applicable Adjustment Event in respect of any Series of Securities in the relevant Pricing Supplement, if and whenever there is a consolidation, reclassification, redesignation or subdivision in relation to the Ordinary Shares which alters the number of Ordinary Shares in issue (such event, an "**Alteration to Nominal Value Event**"), the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately prior to such Alteration to Nominal Value Event by the following fraction:

$$\frac{A}{B}$$

where:

A is the aggregate number of Ordinary Shares in issue immediately before such Alteration of Nominal Value Event; and

B is the aggregate number of Ordinary Shares in issue immediately after, and as a result of, such Alteration of Nominal Value Event.

Such adjustment shall become effective on the date the Alteration to Nominal Value Event occurs.

- (ii) *Adjustments upon Bonus Issue Event:* If "Bonus Issue Event" is specified as being an applicable Adjustment Event in respect of any Series of Securities in the relevant Pricing Supplement, if and whenever the Issuer issues Ordinary Shares to Shareholders credited as fully paid by way of capitalisation of profits or reserves (including any share premium account or capital redemption reserve) other than (1) where any such Ordinary Shares are or are to be issued instead of the whole or part of a Cash Dividend which the Shareholders would or could otherwise have elected to receive, (2) where the Shareholders may elect to receive a Cash Dividend in lieu of such Ordinary Shares or (3) where any such Ordinary Shares are or are expressed to be issued in lieu of a dividend (whether or not a Cash Dividend equivalent or amount is announced or would otherwise be payable to the Shareholders, whether at their election or otherwise) (such issue of Ordinary Shares a "**Bonus Issue Event**"), the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately prior to the occurrence of a Bonus Issue Event by the following fraction:

$$\frac{A}{B}$$

where:

A is the aggregate number of Ordinary Shares in issue immediately before such Bonus Issue Event; and

B is the aggregate number of Ordinary Shares in issue immediately after, and as a result of, such Bonus Issue Event.

Such adjustment shall become effective on the date the Bonus Issue Event occurs.

- (iii) *Adjustments upon Extraordinary Dividend Event:* If "Extraordinary Dividend Event" is specified as being an applicable Adjustment Event in respect of any Series of Securities in the relevant Pricing Supplement, if and whenever the Issuer shall pay any Extraordinary Dividend to the Shareholders (such payment an "**Extraordinary Dividend Event**"), the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately prior to the Effective Date by the following fraction:

$$\frac{A - B}{A}$$

where:

A is the Current Market Price of one Ordinary Share on the Effective Date; and

B is the portion of the aggregate Extraordinary Dividend attributable to one Ordinary Share, with such portion being determined by dividing the aggregate Extraordinary Dividend by the number of Ordinary Shares entitled to receive the relevant Extraordinary Dividend. If the Extraordinary Dividend is expressed in a currency other than the Specified Currency, it shall be converted into the Specified Currency at the Prevailing Rate on the relevant Effective Date.

Such adjustment shall become effective on the Effective Date.

- (iv) *Adjustments upon Rights Issue Event:* If "Rights Issue Event" is specified as being an applicable Adjustment Event in respect of any Series of Securities in the relevant Pricing Supplement, if and whenever the Issuer issues Ordinary Shares to Shareholders as a class by way of rights, or the Issuer or any member of the Group or (at the direction or request or pursuant to arrangements with the Issuer or any member of the Group) any other company, person or entity issues or grants to Shareholders as a class by way of rights, any options, warrants or other rights to subscribe for or purchase Ordinary Shares, or any securities which by their terms of issue carry (directly or indirectly) rights of conversion into, or exchange or subscription for, any Ordinary Shares (or grants any such rights in respect of existing securities so issued), in each case at a price per Ordinary Share which is less than 95 per cent. of the Current Market Price per Ordinary Share on the Effective Date (such event a "**Rights Issue Event**"), the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately prior to the Effective Date by the following fraction:

$$\frac{A + B}{A + C}$$

where:

A is the number of Ordinary Shares in issue on the Effective Date;

B is the number of Ordinary Shares which the aggregate consideration (if any) receivable for the Ordinary Shares issued by way of rights, or for the securities issued by way of rights, or for the options or warrants or other rights issued by way of rights and for the

total number of Ordinary Shares deliverable on the exercise thereof, would purchase at such Current Market Price per Ordinary Share on the Effective Date; and

- C is the number of Ordinary Shares to be issued or, as the case may be, the maximum number of Ordinary Shares which may be issued upon exercise of such options, warrants or rights calculated as at the date of issue of such options, warrants or rights or upon conversion or exchange or exercise of rights of subscription or purchase in respect thereof at the initial conversion, exchange, subscription or purchase price or rate, **provided that** if, on the Effective Date, such number of Ordinary Shares is to be determined by reference to the application of a formula or other variable feature or the occurrence of any event at some subsequent time, then for the purposes of this Condition 9(i)(iv), "C" shall be determined by the application of such formula or variable feature or as if the relevant event occurs or had occurred as at the Effective Date and as if such conversion, exchange, subscription, purchase or acquisition had taken place on the Effective Date.

Such adjustment shall become effective on the Effective Date.

For the purpose of any calculation of the consideration receivable or price pursuant to this Condition 9(i)(iv), the following provisions shall apply:

- (1) the aggregate consideration receivable or price for Ordinary Shares issued for cash shall be the amount of such cash;
- (2) (x) the aggregate consideration receivable or price for Ordinary Shares to be issued or otherwise made available upon the conversion or exchange of any securities shall be deemed to be the consideration or price received or receivable for any such securities and (y) the aggregate consideration receivable or price for Ordinary Shares to be issued or otherwise made available upon the exercise of rights of subscription attached to any securities or upon the exercise of any options, warrants or rights shall be deemed to be that part (which may be the whole) of the consideration or price received or receivable for such securities or, as the case may be, for such options, warrants or rights which are attributed by the Issuer to such rights of subscription or, as the case may be, such options, warrants or rights or, if no part of such consideration or price is so attributed, the Fair Market Value of such rights of subscription or, as the case may be, such options, warrants or rights as at the relevant Effective Date, plus in the case of each of (x) and (y) above, the additional minimum consideration receivable or price (if any) upon the conversion or exchange of such securities, or upon the exercise of such rights or subscription attached thereto or, as the case may be, upon exercise of such options, warrants or rights and (z) the consideration receivable or price per Ordinary Share upon the conversion or exchange of, or upon the exercise of such rights of subscription attached to, such securities or, as the case may be, upon the exercise of such options, warrants or rights shall be the aggregate consideration or price referred to in (x) or (y) above (as the case may be) divided by the number of Ordinary Shares to be issued upon such conversion or exchange or exercise at the initial conversion, exchange or subscription price or rate;
- (3) if the consideration or price determined pursuant to (1) or (2) above (or any component thereof) is expressed in a currency other than the Specified Currency, it shall be converted into the Specified Currency at the Prevailing Rate on the relevant Effective Date (in the case of (1) above) or the relevant date of first public announcement (in the case of (2) above);
- (4) in determining the consideration or price pursuant to the above, no deduction shall be made for any commissions or fees (howsoever described) or any expenses paid or incurred for any underwriting, placing or management of the issue of the relevant Ordinary Shares or securities or options, warrants or rights, or otherwise in connection therewith; and
- (5) the consideration or price shall be determined as provided above on the basis of the consideration or price received, receivable, paid or payable, regardless of whether all

or part thereof is received, receivable, paid or payable by or to the Issuer or another entity.

- (v) Notwithstanding the foregoing provisions of this Condition 9(i):
- (1) where the events or circumstances giving rise to any adjustment pursuant to this Condition 9(i) have already resulted or will result in an adjustment to the Conversion Price or where the events or circumstances giving rise to any adjustment arise by virtue of any other events or circumstances which have already given or will give rise to an adjustment to the Conversion Price or where more than one event which gives rise to an adjustment to the Conversion Price occurs within such a short period of time that, in the opinion of the Issuer, a modification to the operation of the adjustment provisions is required to give the intended result, such modification shall be made to the operation of the adjustment provisions as may be determined in good faith by an Independent Adviser to be in its opinion appropriate to give the intended result;
 - (2) such modification shall be made to the operation of these Conditions as may be determined in good faith by an Independent Adviser to be in its opinion appropriate (i) to ensure that an adjustment to the Conversion Price or the economic effect thereof shall not be taken into account more than once, (ii) to ensure that the economic effect of an Extraordinary Dividend is not taken into account more than once and (iii) to reflect a redenomination of the issued Ordinary Shares for the time being into a new currency; and
 - (3) for the avoidance of doubt, the occurrence of any other event in respect of the Ordinary Shares which is not an applicable Adjustment Event in relation to a Series of Securities or the conversion of any Series of Securities into Ordinary Shares pursuant to this Condition 9 shall not result in an adjustment of the Conversion Price.

(j) ***Rounding Down and Notice of Adjustment to the Conversion Price***

On any adjustment, if the resultant Conversion Price has more decimal places than the initial Conversion Price, it shall be rounded to the same number of decimal places as the initial Conversion Price. No adjustment shall be made to the Conversion Price where such adjustment (rounded down if applicable) would be less than one per cent. of the Conversion Price then in effect. Any adjustment not required to be made, and/or any amount by which the Conversion Price has been rounded down, shall be carried forward and taken into account in any subsequent adjustment, and such subsequent adjustment shall be made on the basis that the adjustment not required to be made had been made at the relevant time and/or, as the case may be, that the relevant rounding down had not been made.

Notice of any adjustments to the Conversion Price shall be given by the Issuer to Securityholders promptly after the determination thereof in accordance with Condition 14 (*Notices*) and to the Trustee and the Principal Paying and Conversion Agent.

The Conversion Price shall not in any event be reduced to below the nominal value of an Ordinary Share for the time being. The Issuer undertakes that it will not take any action, and will procure that no action is taken, that would otherwise result in an adjustment to the Conversion Price to below such nominal value.

(k) ***Procedure for Settlement in respect of a Conversion upon Capital Adequacy Trigger***

- (i) Subject as provided in Condition 9(k)(ii) below, in order to obtain delivery of the relevant Ordinary Shares or the Alternative Consideration, as applicable, following a Capital Adequacy Trigger Notice being given in accordance with Condition 9(a) (*Occurrence of Capital Adequacy Trigger*), a Holder of Affected Securities must deliver a duly completed Conversion Notice, and surrender the relevant Affected Securities, to the Settlement Shares Depository or the specified office of its agent(s) designated for the purpose in the Capital Adequacy Trigger Notice by the Notice Cut-Off Date.

If such delivery is made or notice is given after the end of normal business hours at the specified office of the Settlement Shares Depository or, as appropriate, its designated agent as aforesaid or

on a day which is not a Settlement Shares Depository Business Day, such delivery or notice shall be deemed for all purposes of these Conditions to have been made or given on the next following Settlement Shares Depository Business Day.

Subject as otherwise provided herein, the relevant Ordinary Shares (or the Ordinary Share component of any Alternative Consideration) will be delivered by or on behalf of the Settlement Shares Depository in accordance with the instructions given in the relevant Conversion Notice.

Any cash component of any Alternative Consideration shall be paid by transfer to an account which accepts funds in the Specified Currency with a bank in such city as may be specified in, and in accordance with the instructions contained in, the relevant Conversion Notice.

- (ii) If not previously cancelled on the relevant Settlement Date, the relevant Affected Securities shall be cancelled on the Long-Stop Date and any Holder of Affected Securities delivering a Conversion Notice after the Notice Cut-Off Date will have to provide evidence of its entitlement to the relevant Ordinary Shares or the relevant Alternative Consideration, as applicable, satisfactory to the Settlement Shares Depository in its sole and absolute discretion in order to receive delivery of such Ordinary Shares or such Alternative Consideration, as applicable. The Issuer shall have no liability to any Holder of the Affected Securities for any loss resulting from such Holder not receiving any Ordinary Shares or the relevant Alternative Consideration, as applicable, or from any delay in the receipt thereof, in each case as a result of such Holder failing to submit a valid Conversion Notice and to surrender the relevant Affected Security, on a timely basis or at all.
- (iii) Any determination as to whether any Conversion Notice has been properly completed and delivered and whether the relevant Affected Security has been surrendered as provided in these Conditions shall be made by the Settlement Shares Depository in its sole discretion and shall be conclusive and binding on the relevant Securityholders.

(l) ***Fractions***

Fractions of Ordinary Shares will not be delivered to the Settlement Shares Depository or to Holders of Affected Securities upon a conversion and no cash payment will be made in lieu thereof. However, if one or more Conversion Notices and Securities are delivered to the Settlement Shares Depository such that any Ordinary Shares (or any Ordinary Share component of any Alternative Consideration, as applicable) to be issued and delivered to a Holder on conversion are to be registered in the same name, the number of Ordinary Shares to be issued and delivered in respect thereof shall be calculated on the basis of the aggregate principal amount of such Affected Securities to be converted.

(m) ***Delivery to Settlement Shares Depository***

The Ordinary Shares to be delivered on conversion will be issued and delivered to the Settlement Shares Depository (or as otherwise provided in these Conditions) on trust which trust must, if Condition 9(f) (*Conversion Shares Offer*) is specified as being applicable in respect of any Series of Securities, be on terms permitting a Conversion Shares Offer in accordance with Condition 9(f) (*Conversion Shares Offer*) for the Holders of the Affected Securities on the Conversion Date.

Ordinary Shares (or the Ordinary Share component of any Alternative Consideration) will, unless otherwise specified in the relevant Pricing Supplement or in a Capital Adequacy Trigger Notice be delivered to Holders in uncertificated form through the dematerialised securities trading system operated by Euroclear UK & Ireland Limited known as "CREST", unless at the relevant time the Ordinary Shares are not a participating security in CREST, in which case Ordinary Shares will be delivered in certificated form. Where any Ordinary Shares (or the Ordinary Share component of any Alternative Consideration) are to be delivered to a Holder by the Settlement Shares Depository through CREST, they will be delivered to the account specified by such Holder of the relevant Conversion Notice, on the relevant Settlement Date. Where any Ordinary Shares (or the Ordinary Share component of any Alternative Consideration) are to be delivered to Holders in certificated form, a certificate in respect thereof will be dispatched by mail free of charge to each Holder of Affected Securities or as such Holder may direct in the relevant Conversion Notice (in each case uninsured and at the risk of the relevant recipient) within 30 days following delivery of the relevant Conversion Notice.

The Ordinary Shares (or the Ordinary Share component of any Alternative Consideration) will not be available for issue or delivery (i) to, or to a nominee for, Euroclear or Clearstream, Luxembourg or any other person providing a clearance service within the meaning of Section 96 of the Finance Act 1986 of the UK or (ii) to a person, or nominee or agent for a person, whose business is or includes issuing depositary receipts within the meaning of Section 93 of the Finance Act 1986 of the UK, in each case at any time prior to the "abolition day" as defined in Section 111(1) of the Finance Act 1990 of the UK or (iii) to the CREST account of such a person described in (i) or (ii).

(n) ***Decision of an Independent Adviser***

If any doubt arises as to whether an adjustment falls to be made to the Conversion Price or as to the appropriate adjustment to the Conversion Price, the Issuer may at its discretion appoint an Independent Adviser and, following consultation between the Issuer and such Independent Adviser, a written opinion of such Independent Adviser in respect thereof shall be conclusive and binding on the Issuer, the Trustee and the Securityholders, save in the case of manifest error.

(o) ***Share Option Schemes, dividend Reinvestment Plans***

No adjustment will be made to the Conversion Price where Ordinary Shares or other securities (including rights, warrants and options) are issued, offered, exercised, allotted, purchased, appropriated, modified or granted to, or for the benefit of, employees or former employees (including directors holding or formerly holding executive office or the personal service company of any such person) or their spouses or relatives, in each case, of the Issuer or any company in the Group or any associated company or to a trustee or trustees to be held for the benefit of any such person, in any such case pursuant to any share or option scheme.

(p) ***Taxes and Duties***

Neither the Issuer nor any member of the Group shall be liable for any taxes or duties (including, without limitation any capital, stamp, issue and registration or transfer taxes or duties) arising on conversion or that may arise or be paid as a consequence of the issue and delivery of Ordinary Shares on conversion. The Trustee may only institute proceedings for the winding-up of the Issuer to enforce the obligations above referred to in this paragraph and/or prove in any winding-up or administration of the Issuer in England if a default by the Issuer thereunder is not remedied to the satisfaction of the Trustee within 60 days (or such longer period as the Trustee may permit) after notice of such default has been given to the Issuer by the Trustee requiring such default to be remedied.

- (b) The Trustee shall not in any event be bound to take any of the actions referred to in Condition 10(a)(i) or (ii) in respect of any Series of Securities unless (i) it shall have been so requested in writing by the Holders of at least one-fifth of the principal amount of the Securities of the relevant Series then outstanding or it shall have been so directed by an Extraordinary Resolution (as defined in the Trust Deed) of the Holders of the Securities of the relevant Series and (ii) it shall have been indemnified and/or secured and/or pre-funded to its satisfaction.

11. **Prescription**

Any monies paid by the Issuer to the Principal Paying and Conversion Agent or the Trustee for the payment of the principal or interest in respect of any Securities or Coupons and remaining unclaimed when such Securities or Coupons become void will then revert to the Issuer and all liability of the Principal Paying and Conversion Agent or the Trustee with respect thereto will thereupon cease.

15. **Modification of Terms, Waiver and Substitution**

The Trust Deed contains provisions for convening meetings of the Holders of the Securities of any Series to consider any matter affecting their interests, including, subject to the agreement of the Issuer, the modification by Extraordinary Resolution of the terms and conditions of such Securities or the provisions of the Trust Deed with respect to such Securities. The quorum for any meeting convened to consider an Extraordinary Resolution will be one or more persons holding or representing a clear majority in principal amount of the Securities for the time being outstanding, or at any adjourned meeting one or more persons being or representing Holders of Securities whatever the principal amount of the Securities so held or represented; provided, however, that the modification of certain terms concerning, among other things, the amount and currency and the postponement of the due date of payment of the Securities and the Coupons appertaining thereto or interest or other amount payable in respect thereof, may only be sanctioned by an Extraordinary Resolution passed at a meeting the quorum at which is persons holding or representing two-thirds, or at any adjourned such meeting not less than one third, in principal amount of the Securities of such Series for the time being outstanding.

The Trust Deed provides that (i) a resolution passed at a meeting duly convened and held in accordance with the Trust Deed by a majority consisting of not less than three-quarters of the votes cast on such resolution, (ii) a resolution in writing signed by or on behalf of the holders of not less than three-quarters in principal amount of the Securities for the time being outstanding or (iii) consent given by way of electronic consents through the relevant clearing system(s) (in a form satisfactory to the Trustee) by or on behalf of the holders of not less than three-quarters in principal amount of the Securities for the time being outstanding, shall, in each case, be effective as an Extraordinary Resolution of the Holders of Securities. An Extraordinary Resolution passed at any meeting of the Holders of the Securities of any Series will be binding on all Holders of Securities of that Series, whether or not they are present at the meeting, and on the Holders of Coupons appertaining to the Securities of that Series.

The Trust Deed contains provisions for convening a single meeting of holders of Securities of more than one Series in certain circumstances where the Trustee so decides.

Subject to certain exceptions, the Trustee may agree, without the consent of the Holders of Securities of any Series or the Holders of the Coupons appertaining thereto (if any) to any modification to these Conditions or the provisions of the Trust Deed, the Agency Agreement or the Securities or Coupons if, in the opinion of the Trustee, such modification (i) is of a formal, minor or technical nature, (ii) is made to correct a manifest error or (iii) is not materially prejudicial to the interests of the Holders of the Securities of that Series. The Trustee may also, without the consent of the Holders of Securities of any Series or the Holders of the Coupons appertaining thereto (if any), waive or authorise any breach or prospective breach by the Issuer of any of the provisions of the Trust Deed or the Securities or Coupons or determine that any Default or Potential Default (each as defined in the Trust Deed) shall not be treated as such, provided that in the opinion of the Trustee the interests of Holders of Securities of the relevant Series will not be materially prejudiced thereby. Any such modification, waiver, authorisation or determination shall be binding on the Holders of Securities of that Series and the

Holders of the Coupons appertaining thereto and, unless the Trustee agrees otherwise, shall be notified to the Holders of Securities of that Series as soon as practicable thereafter.

The Trust Deed contains provisions permitting the Trustee, without the consent of the Holders of Securities of any Series or the Holders of the Coupons appertaining thereto (if any), to agree, subject to such Securities and the Coupons appertaining thereto being irrevocably guaranteed by the Issuer on a subordinated basis, to the substitution of a subsidiary or holding company of the Issuer or any subsidiary of any such holding company in place of the Issuer as principal debtor under such Securities and the Coupons appertaining thereto (if any) and the Trust Deed insofar as it relates to such Securities subject to (a) the Securities continuing to be convertible or exchangeable into Ordinary Shares mutatis mutandis as provided in these Conditions, with such amendments as the Trustee shall consider appropriate, (b) the Trustee being satisfied that the interests of the Holders of Securities will not be materially prejudiced by the substitution and (c) certain other conditions set out in the Trust Deed being complied with.

In the case of a substitution under this Condition 15, the Trustee may agree, without the consent of the Holders of the Securities of any Series or of the Coupons appertaining thereto, to a change of the law governing the Securities of any Series or the Coupons appertaining thereto and/or the Trust Deed insofar as it relates to such Series of Securities **provided that** such change would not in the opinion of the Trustee be materially prejudicial to the interests of the Holders of the Securities of such Series.

In connection with the exercise of its powers, trusts, authorities or discretions (including, but not limited to those in relation to any proposed modification, waiver, authorisation, determination or substitution as aforesaid) the Trustee shall have regard to the interests of the Holders of the Securities of the relevant Series as a class and in particular, but without limitation, shall not have regard to the consequences of such exercise for individual Securityholders or Couponholders resulting from the individual Securityholders or Couponholders being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and the Trustee shall not be entitled to require, nor shall any Securityholder or Couponholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual Securityholders or Couponholders.

16. **Further Issues**

The Issuer may from time to time, without the consent of the Securityholders or the Couponholders, to the extent permitted by applicable laws and regulations, create and issue further instruments having the same terms and conditions as the Securities in all respects (or in all respects except for the first payment of interest) so as to form a single series with the Securities. The Issuer may from time to time, with the consent of the Trustee, create and issue other series of Securities having the benefit of the Trust Deed.

17. **Law and Jurisdiction**

The passing of any such resolution shall be conclusive evidence that the circumstances justified the passing thereof, the intention being that it shall rest with the meeting to determine without appeal whether or not the circumstances justify the passing of such resolution.
20. The expression "**Extraordinary Resolution**" when used in this Schedule means a resolution passed (1) at a meeting of the Securityholders duly convened and held in accordance with the provisions herein contained by a majority consisting of not less than three-quarters of the votes cast thereon, (2) by a Written Resolution (as defined in paragraph 1(A)(4) of this Schedule), or (3) by an Electronic Resolution (as defined in paragraph 22.1 of this Schedule).

21. 22. Subject to paragraph 22.2, a Written Resolution may be contained in one document or in several documents in like form, each signed by or on behalf of one or more of the Securityholders.

For so long as the Securities are represented by one or more Global Bearer Securities or a Global Registered Security held by or on behalf of one or more Clearing Systems, then, in respect of any resolution proposed by the Issuer or the Trustee:

- 22.1 *Electronic Resolution*: where the terms of the resolution proposed by the Issuer or the Trustee (as the case may be) have been notified to the Securityholders through the relevant clearing system(s) as provided in sub-paragraphs (i) and/or (ii) below, each of the Issuer and the Trustee shall be entitled to rely upon approval of such resolution given by way of electronic consents communicated through the electronic communications systems of the relevant clearing system(s) to the Principal Paying Agent or another specified agent and/or the Trustee in accordance with their operating rules and procedures by or on behalf of the holders of not less than three-quarters in principal amount of the Securities for the time being outstanding (the "**Required Proportion**") (such approval being an "**Electronic Resolution**") by close of business on the Relevant Date (as defined below). Any resolution passed in such manner shall be binding on all Securityholders and Couponholders, even if the relevant consent or instruction proves to be defective. None of the Issuer or the Trustee shall be liable or responsible to anyone for such reliance.
 - (a) When a proposal for a resolution to be passed as an Electronic Resolution has been made, at least 10 days' notice (exclusive of the day on which the notice is given and of the day on which affirmative consents will be counted) shall be given to the Securityholders through the relevant Clearing System(s). The notice shall specify, in sufficient detail to enable Securityholders to give their consents in relation to the proposed resolution, the method by which their consents may be given (including, where applicable, blocking of their accounts in the relevant Clearing System(s)) and the time and date (the "**Relevant Date**") by which they must be received in order for such consents to be validly given, in each case subject to and in accordance with the operating rules and procedures of the relevant Clearing System(s).
 - (b) If, on the Relevant Date on which the consents in respect of an Electronic Resolution are first counted, such consents do not represent the Required Proportion, the resolution shall, if the party proposing such resolution (the "**Proposer**") so determines, be deemed to be defeated. Such determination shall be notified in writing to the other party or parties to the Trust Deed. Alternatively, the Proposer may give a further notice to Securityholders that the

resolution will be proposed again on such date and for such period as shall be agreed with the Trustee (unless the Trustee is the Proposer). Such notice must inform Securityholders that insufficient consents were received in relation to the original resolution and the information specified in sub-paragraph (a) above. For the purpose of such further notice, references to "Relevant Date" shall be construed accordingly.

For the avoidance of doubt, an Electronic Resolution may only be used in relation to a resolution proposed by the Issuer or the Trustee which is not then the subject of a meeting that has been validly convened in accordance with paragraph 3 above, unless that meeting has been cancelled or dissolved.

- 22.2 *Written Resolution*: where Electronic Resolution is not being sought, for the purpose of determining whether a Written Resolution has been validly passed, the Issuer and the Trustee shall be entitled to rely on consent or instructions given in writing directly to the Issuer and/or the Trustee, as the case may be, by accountholders in the Clearing System(s) with entitlements to the Securities represented by such Global Bearer Security or Securities or Global Registered Security and/or, where the accountholders hold any such entitlement on behalf of another person, on written consent from or written instruction by the person for whom such entitlement is ultimately beneficially held, whether such beneficiary holds directly with the accountholder or via one or more intermediaries and **provided that**, in each case, the Issuer and/or the Trustee have obtained commercially reasonable evidence to ascertain the validity of such holding and have taken reasonable steps to ensure that such holding does not alter following the giving of such consent or instruction. Any resolution passed in such manner shall be binding on all Securityholders and Couponholders, even if the relevant consent or instruction proves to be defective. As used in this paragraph, "commercially reasonable evidence" includes any certificate or other document issued by Euroclear, Clearstream, Luxembourg or any other relevant Clearing System, and/or issued by an accountholder of them or an intermediary in a holding chain, in relation to the holding of interests in the Securities. Any such certificate or other document shall, in the absence of manifest error, be conclusive and binding for all purposes. Any such certificate or other document may comprise any form of statement or print-out of electronic records provided by the relevant Clearing System (including Euroclear's EUCLID or Clearstream, Luxembourg's CreationOnline system) in accordance with its usual procedures and in which the accountholder of a particular principal amount of the Securities is clearly identified together with the amount of such holding. Neither the Issuer nor the Trustee shall be liable to any person by reason of having accepted as valid or not having rejected any certificate or other document to such effect purporting to be issued by any such person and subsequently found to be forged or not authentic.
- 22.3 A Written Resolution and/or Electronic Resolution shall take effect as an Extraordinary Resolution. A Written Resolution and/or Electronic Resolution will be binding on all Securityholders and holders of Coupons and Talons, whether or not they participated in such Written Resolution and/or Electronic Resolution.
23. Subject to the provisions contained in this Schedule, the Trustee may without the consent of the Securityholders or the Couponholders prescribe such further regulations regarding the holding of meetings of Securityholders and attendance and voting thereat as it may in its discretion determine.

24.

- (A) If and whenever the Issuer shall have issued and have outstanding Securities of more than one Series the foregoing provisions of this Schedule shall have effect subject to the following modifications:
- (i) a resolution which in the opinion of the Trustee affects the Securities of only one Series shall be deemed to have been duly passed if passed at a separate meeting of the holders of the Securities of that Series;
 - (ii) a resolution which in the opinion of the Trustee affects the Securities of more than one Series but does not give rise to a conflict of interest between the holders of Securities of any of the Series so affected shall be deemed to have been duly passed if passed at a single meeting of the holders of the Securities of all the Series so affected;
 - (iii) a resolution which in the opinion of the Trustee affects the Securities of more than one Series and gives or may give rise to a conflict of interest between the holders of the Securities of one Series or group of Series so affected and the holders of the Securities of another Series or group of Series so affected shall be deemed to have been duly passed only if passed at separate meetings of the holders of the Securities of each Series or group of Series so affected; and
 - (iv) to all such meetings all the preceding provisions of this Schedule shall *mutatis mutandis* apply as though references therein to Securities and holders were references to the Securities of the Series or group of Series in question or to the holders of such Securities, as the case may be.
- (B) If the Issuer shall have issued and have outstanding Securities which are not denominated in US dollars, in the case of any meeting of holders of Securities of more than one currency the principal amount of such Securities shall (i) for the purposes of paragraph 2 above be the equivalent in US dollars at the spot rate of a bank nominated by the Trustee for the conversion of the relevant currency or currencies into US dollars on the seventh dealing day prior to the day on which the requisition in writing is received by the Issuer and (ii) for the purposes of paragraphs 6, 7 and 18 above (whether in respect of the meeting or any adjourned such meeting or any poll resulting therefrom) be the equivalent at such spot rate on the seventh dealing day prior to the day of such meeting. In such circumstances, on any poll each person present shall have one vote for each U.S.\$1 (or such other US dollar amount as the Trustee may in its absolute discretion stipulate) in principal amount of the Securities (converted as above) which he holds or represents.
