3. INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE ISSUE

Save as discussed in the Prospectus, so far as the Issuer is aware, no person involved in the offer of the Warrants has an interest material to the offer.

4. **PERFORMANCE OF INDEX/FORMULA/OTHER VARIABLE, EXPLANATION OF EFFECT ON VALUE OF INVESTMENT AND ASSOCIATED RISKS AND OTHER INFORMATION CONCERNING THE UNDERLYING**

The information given herein is of limited scope. In deciding whether or not to purchase Warrants, investors should conduct their own investigations and form their own view of the merits of the Indices based upon such investigations and not in reliance upon the information given herein.

The Warrants have a scheduled expiry date of 10 January 2019 and are linked to the performance of a basket of Indices. The Warrants will be exercised early if on any predetermined valuation date the performance of the worst performing of the Indices is equal to or above a predetermined percentage of its initial level determined on the Strike Date (being 10 January 2013) (Initial Index Level). In such circumstances the Warrants will be exercised against payment of an amount which will be equal to the predetermined percentage above 100% of the face value of the Warrants (being GBP1.00 per Warrant).

If the Warrants have not been exercised early they will expire on the expiry date, scheduled for 10 January 2019. The cash amount payable upon expiry will be determined by reference to the performance of the Indices on the expiry date and a trigger level (which is 50%). If the performance of the worst performing of the Indices is equal to or greater than 80%, an amount calculated as GBP1.00 multiplied by 130% will be paid. If the performance of the worst performing of the Indices determined on the expiry date is less than 80% but equal to or greater than 50%, an amount equal to the face value of the Warrants will be paid. If, however, the performance of the worst performing of the Indices is less than 50%, an amount will be payable which is determined by reference to the performance of the worst performing of the Indices in the underlying basket. In this case, investors in the Warrants will lose some or all of the invested amount.

Investing in the Warrants involves substantial risks. As a consequence, prospective investors should be aware that the Warrants are only intended for investors who have the knowledge and experience in financial and business matters necessary to enable them to evaluate the risks of an investment in the Warrants. In purchasing any Warrants, an investor will be deemed to represent that it is such an investor and has such knowledge and experience. Prospective investors should consider the risk factors set forth under "Risk Factors" in the Prospectus and the risks described herein.

Details of the past and future performance and volatility of the Indices can be obtained from Bloomberg.
