For the purposes of this Condition 3 only, following the delivery of an Early Preference Share Redemption Notice, each Shareholder shall have the right exercisable from and including the Early Preference Share Valuation Date to and including the Early Preference Share Redemption Date to require the Company to redeem the Preference Shares immediately (and if that right is not exercised the Company will redeem all of the Preference Shares on the Early Preference Share Redemption Date) at the Early Preference Share Redemption Amount in respect of each Preference Share, subject to applicable laws, the Articles and the Conditions.

A copy of any Early Preference Share Redemption Notice shall also be delivered to any Hedging Counterparty.

Notices to the Company shall be delivered to the Company at the address of the registered office of the Company with a copy to the Calculation Agent. Any such notice will become effective on the first calendar day after such delivery to such address.

7. CALCULATIONS AND DETERMINATIONS

Any calculations, determinations and adjustments to be made in relation to the Conditions shall, unless otherwise specified, be made by the Calculation Agent and in such a manner as the Calculation Agent determines is appropriate acting in good faith and in a commercially reasonable manner (having regard in each case to the criteria stipulated in the Conditions and the hedging arrangements entered into with any Hedging Counterparty).

Notwithstanding that certain calculations, determinations and adjustments in the Conditions may be expressed to be on a certain date, the Calculation Agent may make such calculations, determinations and adjustments in respect of that date on a date after that date determined by it in its discretion.

Pursuant to the Conditions the Calculation Agent has a number of discretions. These are necessary since certain circumstances or the occurrence of certain events may materially affect the costs to the Company and/or a Hedging Counterparty (including in relation to any Related Financial Product) and/or any issuer or obligor of a Related Financial Product of maintaining the Preference Shares or a Related Financial Product or hedging arrangements for the Preference Shares or a Related Financial Product, in each case before and after the occurrence of such event in a way which has not been reflected in the pricing of the Preference Shares and/or the Related Financial Product. In addition, certain circumstances may arise where it is not reasonably practicable or otherwise not appropriate for certain valuations to be carried out in relation to relevant reference assets and in these circumstances the Calculation Agent also may exercise certain discretions.

8. SEVERABILITY

Should any one or more of the provisions contained in the Conditions be or become invalid, the validity of the remaining provisions shall not in any way be affected thereby.

9. GOVERNING LAW AND JURISDICTION

The Conditions and all non-contractual obligations arising from or in connection with the Conditions shall be governed by and construed in accordance with English law. The English courts shall have

exclusive jurisdiction to deal with any dispute and all non-contractual obligations arising from or in connection with the Conditions.

10. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

No person shall have any rights to enforce any terms or conditions of the Preference Shares under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from the Contracts (Rights of Third Parties) Act 1999.

11. CALCULATION AGENT MODIFICATIONS

The Calculation Agent will employ the methodology and comply with the provisions described in the Conditions to determine the amounts payable in respect of the Preference Shares. The Calculation Agent's determination in the application of such methodology and compliance with the provisions shall be final, conclusive and binding on the Company and Shareholders except in the case of manifest error.

The Calculation Agent shall be free to modify such methodology or provisions from time to time, acting in good faith and in a commercially reasonable manner, (1) as it deems appropriate in response to any market, regulatory, juridical, fiscal or other circumstances which may arise which, in the opinion of the Calculation Agent, necessitates or makes desirable (taking into account the interests of the Company and any obligor of a Related Financial Product) a modification or change of such methodology or provisions or (2) for the purposes of (i) preserving the intended economic terms of the Preference Shares or (ii) curing any ambiguity or correcting or supplementing any provision of the Conditions or (iii) accounting for any change in the basis on which any relevant values, levels or information is calculated or provided which would materially change the commercial effect of any provision or provisions of the Conditions or (iv) replacing any information provider or source or (v) making amendments to the provisions of a formal, minor or technical nature or (vi) correcting any manifest or proven errors or (vii) making such amendments to comply with mandatory provisions of any applicable laws, provided that no modification by the Calculation Agent constituting a variation (or deemed variation) of the rights of the Preference Shares (or any other class of shares of the Company) for the purposes of sections 630-640 of the Companies Act 2006 and/or the Articles shall have effect unless previously approved in accordance with the Companies Act 2006 and the Articles.

Other than with respect to payments, where the Company fails to exercise any discretion or take any action provided to it in the Conditions when the exercise of such discretion or action would be necessary or desirable (as determined by the Calculation Agent), the Calculation Agent may exercise such discretion on its behalf.

12. CONSEQUENCES OF DISRUPTED DAYS

If any Scheduled Valuation Date is a Disrupted Day, then the Strike Date, the Final Valuation Date, the relevant Observation Period Start Date and/or Observation Period End Date, as the case may be, shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the relevant Scheduled Valuation Date is a Disrupted Day. In that case, (a) that eighth Scheduled Trading Day shall be deemed to be the Strike Date, the Final Valuation Date, the relevant Observation Period Start Date and/or Observation Period End Date, as the case may be, notwithstanding the fact that such day is a Disrupted Day, and (b) the Calculation Agent shall determine the level of the Index as of the Valuation Time on that eighth Scheduled Trading Day in accordance with (subject to the Adjustment Provisions), the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in the Index (or, if an event giving rise to a

Disrupted Day has occurred in respect of the relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant security as of the Valuation Time on that eighth Scheduled Trading Day).

13. ADJUSTMENTS

(a) Successor Index

If the Index is (i) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the **Successor Index Sponsor**) acceptable to the Calculation Agent or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then in each case that Index (the **Successor Index**) will be deemed to be the Index.

(b) Index Adjustment Events.

If (i) on or prior to the Strike Date, the Final Valuation Date or an Observation Period Start Date and/or Observation Period End Date, the Index Sponsor announces that it will make a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in the formula or method to maintain the Index in the event of changes in its constituent securities, capitalisation and other routine events) (an **Index Modification**) or permanently cancels the Index and no Successor Index exists (an **Index Cancellation**) or (ii) on the Strike Date, the Final Valuation Date or an Observation Period Start Date and/or Observation Period End Date, the Index Sponsor or, if applicable, the Successor Index Sponsor, fails to calculate and announce the Index Level (an **Index Disruption** and, together with an Index Modification and an Index Cancellation, each an **Index Adjustment Event**), then (A) in the case of an Index Modification or an Index Disruption, the Calculation Agent shall determine if such Index Adjustment Event has a material effect on the Preference Shares and, if so, shall calculate any relevant adjustment to the Conditions which may include, without limitation (i) an adjustment to any value, date, variable or other provision to take into account the relevant Index Adjustment Event, (ii) delaying the Strike Date, the Final Valuation Date or the relevant Observation Period Start Date and/or Observation Period End Date until the relevant Index Adjustment Event no longer exists or (iii) determining the Index Level for each date following such change, failure or cancellation on which the Index Level is required for the purposes of the Preference Shares, using, in lieu of a published level for the Index, the level for the Index on such date as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change, failure or cancellation, but using only those securities that comprised the Index immediately prior to that Index Adjustment Event and (B) in the case of an Index Cancellation, the Company may, at any time thereafter, determine that all but not some only of the Preference Shares shall be redeemed in accordance with Condition 3 (Early Redemption if there is an Early Preference Share Redemption Event).

14. ADDITIONAL DISRUPTION EVENTS

(a) Following the occurrence of an Additional Disruption Event, the Company will determine whether or not the Preference Shares shall continue or be redeemed early.

(b) If the Company determines that the Preference Shares shall continue, the Calculation Agent may make such adjustment as the Calculation Agent considers appropriate, if any, to any one or more of the Conditions to account for the Additional Disruption Event and determine the effective date of that adjustment.

- (c) If the Company determines that the Preference Shares shall be redeemed early, then the Company shall redeem all but not some only of the Preference Shares in accordance with Condition 3 (Early Redemption if there is an Early Preference Share Redemption Event).
- (d) Upon the occurrence of an Additional Disruption Event, the Company, or the Calculation Agent on behalf of the Company, shall give notice as soon as practicable to the Shareholders stating the occurrence of the Additional Disruption Event, giving details thereof and the action proposed to be taken in relation thereto, provided that, any failure to give, or non-receipt of, such notice will not affect the validity of the Additional Disruption Event.

Additional Disruption Event means any of Change in Law, Hedging Disruption and/or Increased Cost of Hedging.

Change in Law means that on or after the Issue Date, (i) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (ii) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Company determines that (A) it has become illegal for the Company or the Hedging Counterparty to hold, acquire or dispose of any securities comprising the Index or it has become illegal for the Company or the Hedging Counterparty to hold, acquire, purchase, sell or maintain one or more (x) positions or contracts in respect of any securities, options, futures, derivatives or foreign exchange in relation to the Preference Shares, any Related Financial Product or in relation to the Company's or the Hedging Counterparty's hedging activities in connection with the Preference Shares or any Related Financial Product, (y) stock loan transactions in relation to the Preference Shares or any Related Financial Product or (z) other instruments or arrangements (howsoever described) held by the Company or the Hedging Company in order to hedge, individually or on a portfolio basis, the Preference Shares or any Related Financial Product relating to the Index or (B) the Company or any Hedging Counterparty will incur a materially increased cost in performing its obligations in relation to the Preference Shares or any Related Financial Product (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on the tax position of the Company and/or any Hedging Counterparty).

Hedging Disruption means that the Company and/or any Hedging Counterparty is unable, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Company issuing and performing its obligations with respect to the Preference Shares or of any obligor of a Related Financial Product issuing and performing its obligations with respect to a Related Financial Product, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

Increased Cost of Hedging means that the Company and/or any Hedging Counterparty would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Company issuing and performing its obligations with respect to the Preference Shares or of any obligor of a Related Financial Product issuing and performing its obligations with respect to a Related Financial Product, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Company and/or any Financial Product obligor shall not be deemed an Increased Cost of Hedging.

15. CORRECTION OF INDEX LEVELS

If the level of the Index published by the Index Sponsor at any time and used or to be used by the Calculation Agent for any calculation or determination under the Preference Shares is subsequently corrected and the correction is published by the Index Sponsor within one Settlement Cycle after the original publication, the Calculation Agent will make such adjustment as it determines to be appropriate, if any, to the settlement or payment terms of the Preference Shares to account for such correction provided that if any amount has been paid in an amount which exceeds the amount that would have been payable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable in respect of the Preference Shares and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Company shall be entitled to reimbursement of the relevant excess payment (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Shareholder, together with interest on that amount for the period from and including the day on which payment was originally made to (but excluding) the day of payment of reimbursement by the Shareholder (all as calculated by the Calculation Agent). Any such reimbursement shall be effected in such manner as the Company shall determine.

CALCULATION AGENT DISCLAIMERS

The Calculation Agent makes no express or implied representations or warranties as to (a) the advisability of investing in or obtaining exposure to the Preference Shares, (b) the value of the Preference Shares at any particular time on any particular date, or (c) any amounts that may become payable in respect of the Preference Shares. The Calculation Agent shall not act as agent or trustee for the holders of the Preference Shares or any Related Financial Product.

Without limiting any of the foregoing, in no event shall the Calculation Agent have any liability (whether in negligence or otherwise) to any Shareholders or Related Financial Product investors for any direct, indirect, special, punitive, consequential or any other damages (including loss of profits) even if notified of the possibility of such damages.

In addition, to providing calculation agency services to the Company, the Calculation Agent or any of its Affiliates, may perform further or alternative roles relating to the Company and any series of Preference Shares. Furthermore, the Calculation Agent or any of its Affiliates may contract with the Company and/or enter into transactions which relate to the Company, the Preference Shares or the Index and as a result the Calculation Agent may face a conflict between its obligations as Calculation Agent and its and/or its Affiliates' interests in other capacities.
