Issue of EUR 700,000 Variable Coupon Amount Automatic Early Redemption Equity-Linked Notes due September 2015 linked to a Basket of Securities

PART A - CONTRACTUAL TERMS

This document constitutes the Final Terms relating to the issue of the Tranche of Notes described herein. Terms used herein shall be deemed to be defined as such for the purposes of the terms and conditions of the Notes (the "Conditions") set forth in the Base Prospectus dated 19 June 2012 in relation to the above Programme which together with each supplemental prospectus relating to the above Programme published by the Issuer after 19 June 2012 constitute a prospectus ("Prospectus"). Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Prospectus. The Prospectus is available for viewing at HSBC Bank plc, 8 Canada Square, London E14 5HQ and <http://www.hsbc.com/1/2/investor-relations/fixed-income> and copies may be obtained from HSBC Bank plc, 8 Canada Square, London E14 5HQ

The Notes described herein have a scheduled maturity on 28 September 2015, bear interest payable in arrears on scheduled interest payment dates at rate of interest specified herein and are linked to the performance of the basket of Securities defined as the Basket herein, as determined by the Calculation Agent (as defined herein). The price performance of the Securities will also determine the basis for redemption of the Notes at scheduled maturity. The Notes will be redeemed at scheduled maturity at their nominal amount if, on the Valuation Date, the Calculation Agent (as defined herein) determines that the final performance of the Worst Performing Security (as defined herein) is greater than or equal to 95 per cent. or that final performance of the Worst Performing Security is less than 95 per cent but a Trigger Event (as defined herein) has not occurred. Otherwise, If on the Valuation Date, the Calculation Agent determines that a Trigger Event has occurred and the final performance of the Worst Performing Security is less than 95 per cent., the Notes will be redeemed, by payment of an amount in cash less than the nominal amount of the Notes and equal to the product of such nominal amount and the fraction of which the numerator is the Final Price of the Worst Performing Security and the denominator is the Initial Price of such Worst Performing Security,. The Notes are redeemable prior to scheduled maturity in certain circumstances at an amount determined by the Calculation Agent which may be less than their nominal amount

It is advisable that prospective investors considering acquiring any Notes understand the risks of transactions involving the Notes and it is advisable that they reach an investment decision after carefully considering, with their financial, legal, regulatory, tax, accounting and other advisers, the suitability of the Notes in light of their particular circumstances (including without limitation their

own financial circumstances and investment objectives and the impact the Notes will have on their overall investment portfolio) and the information contained in the Prospectus and these Final Terms. Prospective investors should consider carefully the risk factors set forth under "Risk Factors" in the Prospectus
