Notwithstanding that certain calculations, determinations and adjustments in the Conditions may be expressed to be on a certain date, the Calculation Agent may make such calculations, determinations and adjustments in respect of that date on a date after that date determined by it in its discretion.

Pursuant to the Conditions the Calculation Agent has a number of discretions. These are necessary since certain circumstances or the occurrence of certain events may materially affect the costs to the

Company and/or a Hedging Counterparty (including in relation to any Related Financial Product) and/or any issuer or obligor of a Related Financial Product of maintaining the Preference Shares or a Related Financial Product or hedging arrangements for the Preference Shares or a Related Financial Product, in each case before and after the occurrence of such event in a way which has not been reflected in the pricing of the Preference Shares and/or the Related Financial Product. In addition, certain circumstances may arise where it is not reasonably practicable or otherwise not appropriate for certain valuations to be carried out in relation to relevant reference assets and in these circumstances the Calculation Agent also may exercise certain discretions.

### 8. SEVERABILITY

# 11. CALCULATION AGENT MODIFICATIONS

The Calculation Agent will employ the methodology and comply with the provisions described in the Conditions to determine the amounts payable in respect of the Preference Shares. The Calculation Agent's determination in the application of such methodology and compliance with the provisions shall be final, conclusive and binding on the Company and Shareholders except in the case of manifest error.

The Calculation Agent shall be free to modify such methodology or provisions from time to time, acting in good faith and in a commercially reasonable manner, (1) as it deems appropriate in response to any market, regulatory, juridical, fiscal or other circumstances which may arise which, in the opinion of the Calculation Agent, necessitates or makes desirable (taking into account the interests of the Company and any obligor of a Related Financial Product) a modification or change of such methodology or provisions or (2) for the purposes of (i) preserving the intended economic terms of the Preference Shares or (ii) curing any ambiguity or correcting or supplementing any provision of the Conditions or (iii) accounting for any change in the basis on which any relevant values, levels or information is calculated or provided which would materially change the commercial effect of any provision or provisions of the Conditions or (iv) replacing any information provider or source or (v) making amendments to the provisions of a formal, minor or technical nature or (vi) correcting any manifest or proven errors or (vii) making such amendments to comply with mandatory provisions of any applicable laws, provided that no modification by the Calculation Agent constituting a variation (or deemed variation) of the rights of the Preference Shares (or any other class of shares of the Company) for the purposes of sections 630-640 of the Companies Act 2006 and/or the Articles shall have effect unless previously approved in accordance with the Companies Act 2006 and the Articles.

### 12. CONSEQUENCES OF DISRUPTED DAYS

If any Scheduled Valuation Date in respect of a Share is a Disrupted Day in respect of such Share, then the Strike Date, the Valuation Date or the Auto-Call Valuation Date, as the case may be, for such Share shall be the first succeeding Scheduled Trading Day for such Share that is not a Disrupted Day relating to that Share, unless each of the eight Scheduled Trading Days for such Share immediately following the relevant Scheduled Valuation Date is a Disrupted Day relating to that Share. In that case, (a) that eighth Scheduled Trading Day shall be deemed to be the Strike Date, the Valuation Date or the Auto-Call Valuation Date, as the case may be, for the relevant Share notwithstanding the fact that such day is a Disrupted Day for such Share, and (b) the Calculation Agent shall determine its good faith estimate of the value for the relevant Share as of the Valuation Time on that eighth Scheduled Trading Day.

#### 13. POTENTIAL ADJUSTMENT EVENTS

The Calculation Agent shall determine whether or not at any time a Potential Adjustment Event has occurred and where it determines such an event has occurred, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Share and, if so, will make such adjustment(s) as it in its sole and absolute discretion determines to be appropriate, if any, to the formula for the calculation of the Final Preference Share Redemption Amount, the Early Preference Share Redemption Amount or any other amounts applicable to the Preference Shares and/or any other adjustment(s) and to any other variable relevant to the settlement or payment terms of the Preference Shares as the Calculation Agent determines to be appropriate to account for that diluting or concentrative effect and determine the effective date(s) of such adjustment(s).

- (d) Upon the occurrence of an Additional Disruption Event or Extraordinary Event, the Company, or the Calculation Agent on behalf of the Company, shall give notice as soon as practicable to the Shareholders stating the occurrence of the Additional Disruption Event or Extraordinary Event (as applicable), giving details thereof and the action proposed to be taken in relation thereto provided that any failure to give, or non-receipt of, such notice will not affect the validity of the Additional Disruption Event or Extraordinary Event, as the case may be.

#### 15. CORRECTION OF SHARES PRICES

If the price of a Share published by an Exchange at any time and used or to be used by the Calculation Agent for any calculation or determination under the Preference Shares is subsequently corrected and the correction is published by such Exchange within one Settlement Cycle after the original publication, the Calculation Agent will make such adjustment as it determines to be appropriate, if any, to the settlement or payment terms of the Preference Shares to account for such correction provided that if any amount has been paid in an amount which exceeds the amount that would have been payable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable in respect of the Preference Shares and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Company shall be entitled to reimbursement of the relevant excess payment (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Shareholder, together with interest on that amount for the period from and including the day on which payment was originally made to (but excluding) the day of payment of reimbursement by the Shareholder (all as calculated by the Calculation Agent in its sole and absolute discretion).
