PART A - CONTRACTUAL TERMS

This document constitutes the Final Terms relating to the issue of the Tranche of Notes described herein. Terms used herein shall be deemed to be defined as such for the purposes of the terms and conditions of the Notes (the "Conditions") set forth in the Base Prospectus dated 19 June 2012 in relation to the above Programme which together with the supplemental prospectus dated 28 June 2012 constitute a prospectus ("Prospectus") for the purposes of the Prospectus Directive (Directive 2003/71/EC) (the "Prospectus Directive"). This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with the Prospectus. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Prospectus. The Prospectus is available for viewing at HSBC Bank plc, 8 Canada Square, London E14 5HQ and http://www.hsbc.com/1/2/investor-relations/fixed-income and copies may be obtained from HSBC Bank plc, 8 Canada Square, London E14 5HQ.

The Notes described herein have a scheduled maturity at 8 July 2013, bear interest payable in arrears on scheduled interest payment dates conditional in each case on the performance of the ordinary shares of STARBUCKS CORPORATION defined as the Security herein, as determined by the Calculation Agent (as defined herein). The price performance of the Security on particular dates may result in the redemption of the Notes prior to scheduled maturity at their nominal amount. The price performance of the Security will also determine the basis for redemption of the Notes at scheduled maturity. Unless the Notes have been redeemed early, if the Final Price (as defined herein) of the Security is greater than or equal to 70 per cent. of the Initial Price (as defined herein) of such Security, the Notes will be redeemed at scheduled maturity at their nominal amount. Otherwise, if the Final Price of the Security is less than 70 per cent. of the Initial Price of such Security, the Notes will be redeemed by payment of an amount in cash less than the nominal amount of the Notes, as determined by the Calculation Agent. The Notes are redeemable prior to scheduled maturity in certain circumstances at an amount determined by the Calculation Agent which may be less than their nominal amount.

It is advisable that prospective investors considering acquiring any Notes understand the risks of transactions involving the Notes and it is advisable that they reach an investment decision after carefully considering, with their financial, legal, regulatory, tax, accounting and other advisers, the suitability of the Notes in light of their particular circumstances (including without limitation their own financial circumstances and investment objectives and the impact the Notes will have on their overall investment portfolio) and the information contained in the Prospectus and these Final Terms. Prospective investors should consider carefully the risk factors set forth under "Risk Factors" in the Prospectus.
