

HSBC_Meet our Class of 2021 global interns_Transcript

Speaker 1 [00:00:04] The Global Interns Programme gathers students across the world to help build and accelerate the HSBC brand throughout the summer.

Speaker 2 [00:00:13] How would I describe the programme in one sentence? I would describe it as a phenomenal environment for learning and growth.

Speaker 3 [00:00:22] What is surprising about the internship is that my full-time colleagues would encourage me to take responsibilities and to work independently on projects, and they value my outcomes and my findings.

Speaker 4 [00:00:41] By joining a virtual global internship, in no way did I find it hindered me in any way from making those connections. In fact, I could even say that it made it easier to connect with more people than you would if you were in the office.

Speaker 5 [00:00:55] I have learnt a lot about the financial services industry. I've also learnt a lot about investments, and I've learnt a lot of soft skills too for example I've learnt how to put myself out there more and present myself more professionally, and engage myself with my co-workers.

Speaker 6 [00:01:18] My favourite session was a speaker series in our business area. Even though I only had my internship in one of the business departments in Commercial Banking, I was still given the chance to understand Commercial Banking as a whole.

Speaker 7 [00:01:33] So my home working setup basically consists of my HSBC laptop, a pen and paper to take notes, a bottle of water to stay hydrated. And lastly, and most important of all, a mug of coffee.

Speaker 8 [00:01:47] I'm super lucky to be on-site for the internship from the get go, and I absolutely enjoy having coffee chats, corridor meetings with managers and other senior leaders in the bank.

Speaker 1 [00:02:02] Learning is forever. Always learn, always ask questions and take in all the feedback.

[00:02:07] My main takeaways from the programme are the connections I built between management, co-workers and other interns.

Speaker 2 [00:02:14] I'll take away the vast information that I've learnt from the financial markets and also information I've learnt from fellow colleagues and traders on the trade floor.

Speaker 9 This has been such a great experience for me. Getting to know people around the bank and working on amazing projects.

Speaker 6 HSBC offers a wide range of business areas to interns to choose from. It also values diversity and welcomes everyone, regardless of their background.
