What are the key risks that are specific to the Issuer?

All references to "Group" refer to the Issuer and its subsidiary undertakings.

Current economic and market conditions may adversely affect the Group's results

The Group's earnings are affected by global and local economic and market conditions. In particular, the Group has faced and may continue to face the following challenges to its operations and operating model in connection with these factors: market developments may continue to depress consumer and business confidence; significant uncertainties remain in assessing the duration and impact of the ongoing the Russia-Ukraine war; the impact of the Covid-19 pandemic on global economies; the demand for borrowing from creditworthy customers may diminish during periods of recession or where economic activity slows or remains subdued and the Group's ability to borrow from other financial institutions or to engage in funding transactions may be adversely affected by market disruption. The occurrence of any of these events or circumstances could have a material adverse effect on the Group's business, financial condition, results of operations, prospects and customers.

The Group is subject to political, social and other risks in the countries in which it operates

The Group's operations are subject to potentially unfavourable political, social, environmental and economic developments in the jurisdictions in which the Group operates, which may include; coups, wars or acts of terrorism; political and/or social instability; geopolitical tensions; climate change, acts of God, including epidemics and pandemics and natural disasters; and infrastructure

issues, such as transportation and power failures. Each of the above could impact credit risk-weighted assets, and the financial losses caused by any of these risk events or developments could impair asset values and the creditworthiness of customers.

These risk events or developments could also give rise to disruption to the Group's services and some could result in physical damage to its operations and/or risks to the safety of its personnel and customers. Geopolitical tensions could have significant ramifications for the Group and its customers and could have a material adverse impact on the Group's business, financial condition, results of operations, prospects, strategy and reputation, as well as on the Group's customers.

Risks to the Group's strategy

The Group's strategy has been supported by the global economic, geopolitical, legal and regulatory environment. The Group has taken into consideration global trends such as technology, customer needs and competition. The development and implementation of the Group's strategy requires difficult, subjective and complex judgements, including forecasts of economic conditions in various parts of the region. The Group may fail to correctly identify the relevant factors in making decisions as to capital deployment and cost reduction. The Group may also encounter unpredictable changes in the external environment that are unfavourable to its strategy, such as the Russia-Ukraine war. The Group's ability to execute strategic change may be limited by its operational capacity, effectiveness of its change management controls and the potential for unforeseen changes in the market and/or regulatory environment in which it operates. The European economic outlook continues to remain uncertain due to the likelihood of economic recession, heightened inflation, changes in legislation and geopolitical tensions. Therefore, there remains a risk that, in the absence of an improvement in economic conditions, the Group's cost and investment actions may not be sufficient to achieve the expected benefits. The failure to successfully deliver or achieve the expected benefits of these key strategic initiatives could have a material adverse effect on the Group's customers, business, financial condition, results of operations, prospects, operational resilience and reputation.

The Group is subject to financial and non-financial risks associated with Environmental, Social and Governance ('ESG') related matters, such as climate change, nature-related and human rights issues

ESG-related matters such as climate change, society's impact on nature and human rights issues bring risks to the Group's business, customers and wider society. If any of these risks materialise, this could have financial and non-financial impacts for the Group which could, in turn, have a material adverse effect on its business, financial condition, results of operations, reputation, prospects and strategy.

The Group relies on recruiting, retaining and developing appropriate senior management and skilled personnel

Meeting the demand to recruit, retain and develop appropriate senior management and skilled personnel remains subject to a number of challenges. If one of the Group's business units fails to staff its operations appropriately or loses one or more of their key senior executives and fails to successfully replace them in a satisfactory and timely manner, or fails to implement successfully the organisational changes required to support the Group's strategy, the Group's business, financial condition, results of operations, reputation and prospects, including control and operational risks, could be materially adversely affected.

The Group could incur losses or be required to hold additional capital as a result of model limitations or failure

The Group uses models for a range of purposes in managing its business, including regulatory capital calculations, stress testing, credit approvals, calculation of ECLs on an IFRS 9 basis, financial crime and fraud risk management and financial reporting. HSBC Bank plc could face adverse consequences as a result of decisions that may lead to actions by management based on models that are poorly developed, implemented or used, or as a result of the modelled outcome being misunderstood, or the use of such information for purposes for which it was not designed, or by inherent limitations arising from the uncertainty inherent in predicting or estimating future outcomes. If key capital models significantly underestimate risks or do not meet critical regulatory requirements, the Group could be required to hold additional capital. Risks arising from the use of models, could have a material adverse effect on the Group's business, financial condition, results of operations, prospects and capital position and reputation.

The Group is subject to numerous new and existing legislative and regulatory requirements, and to the risk of failure to comply with applicable regulations

The Group's businesses are subject to ongoing regulation, policies, voluntary codes of practice and interpretations in the UK, the EU and the other markets in which the Group operates. A number of regulatory changes impacting the Group's business have effects beyond the country in which they are enacted. In recent years, regulators and governments have focused on reforming both the prudential regulation of the financial services industry and the ways in which the business of financial services is conducted. Measures taken include enhanced capital, liquidity and funding requirements, the separation or prohibition of certain activities by banks, changes in the operation of capital markets activities, the introduction of tax levies and transaction taxes and changes in compensation practices. The Group is also seeing more detailed requirements on how business is conducted, with a focus on protecting vulnerable customers. Such regulatory changes could have a material effect on the Group's business, financial condition, results of operations, prospects, capital position, reputation and strategy.

SECTION C – KEY INFORMATION ON THE NOTES

What are the main features of the Notes?

- (a) The Notes do not bear interest.

- (b) *Redemption Amounts.* Payments of principal in respect of Notes will in all cases be calculated by reference to the percentage change in value of one or more Preference Shares issued by the Preference Share Issuer in respect of the relevant series of Notes. The redemption price of each class of Preference Shares will be calculated by reference to an index (the "**Index**").

For the avoidance of doubt, the Notes are not backed by or secured on the Preference Shares and, accordingly, only a nominal amount of the Preference Shares may be issued by the Preference Share Issuer regardless of the principal amount of the Notes issued by the Issuer.

In this section, for ease of explanation, rather than refer to the Notes being linked to the value of the Preference Share which is in turn linked to the Index, the Notes (including the return on the Notes) are described as being linked to the Index.

Holders of the Notes ("**Noteholders**") will be entitled to the following cash amounts in respect of each Note, namely:

- if the Notes are redeemed on their stated maturity date, a "**Final Redemption Amount**"; or
- as the Notes are "Autocallable Redemption Notes", if the Notes are redeemed prior to their stated maturity in the circumstances described below, an "**Early Redemption Amount**".

The Final Redemption Amount will be an amount per Note equal to the denomination of the Note multiplied by:

If Index Performance is equal to or greater than the Final Trigger Level, then 137.50%

If Index Performance is less than the Final Trigger Level, and

- the Final Index Level is equal to or greater than the product of the Initial Index Level and the Barrier Level, 100%; or
- the Final Index Level is less than the product of the Initial Index Level and the Barrier Level, the Index Performance

For these purposes:

"**Barrier Level**" means 60.00%, being the percentage against which the performance of the Index will be measured in order to determine the Final Redemption Amount.

"**Final Index Level**" means in respect of an Index the final level of such Index on the valuation date.

"**Final Trigger Level**" means 85.00%, being a percentage against which the performance of the Index will be measured in order to determine the Final Redemption Amount.

"**Index Performance**" means in respect of an Index the percentage appreciation or depreciation of the Final Index Level compared to its Initial Index Level.

"**Initial Index Level**" means in respect of an Index the initial level of such Index on the initial valuation date.

In addition, as the Notes are **Autocallable Redemption Notes**, they may be redeemed if, on an Auto-Call Valuation Date, the Index Performance is equal to or greater than the Auto-Call Trigger Level specified below. In such circumstances the Noteholder would be entitled to an **Early Redemption Amount**, being a cash amount equal to the denomination of the Note multiplied by the Auto-Call Trigger Rate, specified below.

For these purposes:

"**Auto-Call Trigger Level**" means each of the percentages set out below which will trigger redemption of the Notes and entitles Noteholders to the Early Redemption Amount; and

"**Auto-Call Trigger Rate**" means each of the percentages set out below, being in each case a fixed percentage of the principal amount of a Note which a Noteholder will receive in the event of an Early Redemption for Autocallable Redemption Notes.

Auto-Call Valuation Date	Auto-Call Trigger Level	Auto-Call Trigger Rate
12 January 2026	100.00%	115.00%
12 January 2027	95.00%	122.50%
12 January 2028	90.00%	130.00%

***Provided that** if the Auto-Call Valuation Date is not a Scheduled Trading Day, the immediately following Scheduled Trading Day shall be the Auto-Call Valuation Date.

- (c) The Notes are series 2630, tranche 1 and will be represented by uncertificated registered notes deposited with Euroclear UK and Ireland Limited ("**CREST**"). The ISIN of the Notes is GB00BRYVVK80.

(d) The settlement currency of the Notes is British pound sterling ("**GBP**") (the "**Settlement Currency**"). The aggregate principal amount of the Notes to be issued is up to GBP 25,000,000. The denomination of the Notes is GBP 1. The Maturity Date of the Notes is 26 January 2029.

(e) Rights attaching to the Notes:

Early Redemption: The Notes may be redeemed prior to their stated maturity in the following circumstances:

- *For illegality:* at the option of the Issuer if the Calculation Agent determines that the performance of the Issuer's obligations has become unlawful or impracticable in whole or in part for any reason.
- *For taxation reasons:* at the option of the Issuer if the Issuer were required under the terms and conditions of the Notes (the "**Conditions**") to pay additional amounts in respect of tax.
- *For a Preference Share Early Redemption Event:* following the receipt by the Issuer or any of its affiliates of a notice from UKSED3P Investments Limited (the "**Preference Share Issuer**") that the relevant series of preference shares issued by the Preference Share Issuer (the "**Preference Shares**") are to be redeemed early.
- *For an Extraordinary Event and/or Additional Disruption Event:* at the option of the Issuer if the Calculation Agent determines that a merger event, tender offer or insolvency (each, an "**Extraordinary Event**") and/or change in law has occurred in relation to the Notes or an insolvency filing has occurred in relation to the Preference Share Issuer (each, an "**Additional Disruption Event**").
- *For an Event of Default:* at the option of the Noteholder in the following circumstances: (i) the Issuer fails to remedy a default in the repayment of any principal due on the Notes within 14 days of notice of such default having been given to the Principal Paying Agent or other Paying Agent or the Registrar (as the case may be) by any Noteholder, provided that it shall not be such a default to withhold or refuse any such payment (1) if the Issuer determines, acting in good faith, that there is a material risk of the payment being contrary to any fiscal or other law or regulation or the order of any court of competent jurisdiction, or any statement, guidance, policy, recommendation or interpretation of any governmental or regulatory body (whether or not having the force of law), in each case applicable to such payment or (2) in cases of doubt as to the validity or applicability of any such law, regulation or order, in accordance with advice given at any time by independent legal advisers as to such validity or applicability; or (ii) the passing of a winding-up order in relation to the Issuer.

Modification and substitution: Modifications to the Conditions may be made without the consent of any Noteholders **provided that:** (i) the modification is not materially prejudicial to the interest of Noteholders; (ii) the modification is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of the law of the Issuer's jurisdiction of incorporation; or (iii) the modification corrects an inconsistency between the Final Terms and the relevant termsheet relating to the Notes. The Notes permit the substitution of the Issuer with an affiliate without the consent of any Noteholders where the Issuer provides an irrevocable guarantee of the affiliate's obligations.

Meetings of Noteholders - The Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

Taxation - All payments by the Issuer of any amount in respect of the Notes will be made without deduction of any taxes, duties and other similar charges, including United Kingdom taxes unless the Issuer is required by law to withhold or deduct any such taxes. Noteholders may be liable for and/or subject to any taxes, duties and other similar charges, including withholding tax, stamp duty, stamp duty reserve tax and/or similar transfer taxes, payable in respect of the Notes.

(f) The Notes will be direct, unsecured and unsubordinated obligations of the Issuer and will rank equally and without preference among themselves and, at their date of issue, with all other unsecured and unsubordinated obligations of the Issuer (unless preferred by law). The exercise by HM Treasury, the Bank of England, the Prudential Regulation Authority and the United Kingdom Financial Conduct Authority (as applicable) of any powers under the Banking Act 2009 (including especially the bail-in power) could lead to the holders of the Notes losing some or all of their investment or may adversely affect the rights of holders of the Notes, the market value thereof or the Issuer's ability to satisfy its obligations thereunder.

(g) The Notes are freely transferable. However, there are restrictions on the offer and sale of the Notes. The Issuer and HSBC Bank plc, 8 Canada Square, London E14 5HQ (the "**Dealer**") have agreed restrictions on the offer, sale and delivery of the Notes and on distribution of offering materials in the European Economic Area, the United Kingdom, Guernsey, Isle of Man, Jersey and the United States of America.

In addition, Noteholders, by their purchase of the Notes, will be deemed to have given certain representations, warranties, undertakings, acknowledgements and agreements.

Where will the Notes be traded?

Application will be made to admit the Notes to the Official List of the United Kingdom Financial Conduct Authority and to trading on the Main Market of the London Stock Exchange plc.

What are the key risks specific to the Notes

The Notes are direct, unsubordinated and unsecured obligations of the Issuer and not of any other person. If the Issuer's financial position were to deteriorate, there could be a risk that the Issuer would not be able to meet its obligations under the Notes (the Issuer's credit risk), and Noteholders would not be able to enforce security as a method of recouping payments due under the Note. In addition, the Notes are also subject to the credit risk of the Preference Share Issuer. If the Preference Share Issuer becomes insolvent there could be a risk that the Preference Shares are redeemed worthless and therefore the value of the Notes would become zero as well. In such worst case scenario Noteholders would lose all of their invested amount.

The Notes are not ordinary debt securities and Noteholders are exposed to the risks relating to the Preference Shares and Index or Indices. The Notes do not pay interest and, depending on the performance of the Preference Shares and Index or Indices as well as certain other factors (including changes in currency exchange rates, changes in interest rates, time remaining to redemption, economic and market conditions, dividend rates on the securities underlying an Index), may upon redemption return less than the amount invested or nothing.

An investment in the Notes is not equivalent to an investment in the Preference Shares or the securities underlying the Index or Indices. Ownership of the Notes does not confer any legal or beneficial interest or any voting or dividend rights in the Preference Shares or the securities underlying the Index or Indices and the value of the Notes may not exactly correlate with the value of the Index or Indices to which the Notes relate.

Extraordinary Event. If the Calculation Agent determines that a Merger Event (as defined in the Conditions) or Tender Offer (as defined in the Conditions) has occurred in relation to the Preference Shares or Insolvency (as defined in the Conditions) has occurred in relation to the Preference Share Issuer, the Issuer may elect to redeem the Notes. If the Issuer elects to redeem the Notes, Noteholders may suffer a loss of some or all of their investments.

Preference Share Early Redemption Event. If the Preference Shares are redeemed early, the Issuer shall redeem all of the Notes. Accordingly, if the Notes are redeemed prior to the maturity date, the Noteholders may suffer a loss of some or all of their investment and will forego any future appreciation in the relevant Index or Indices that may occur following such redemption.

Market Disruption Events and Additional Disruption Events. Upon the occurrence of certain events (including an early closure of the relevant exchange, disruption of such exchange or suspension of trading on such exchange ("**Market Disruption Events**"), a change in laws, hedging disruption or an increased cost of hedging ("**Additional Disruption Events**"), an index cancellation or modification or disruption in the publication of the Index (each, an "**Index Adjustment Event**") or certain events relating to the administrator(s) of the Index ("**Administrator/Benchmark Event**"), valuations under the Preference Shares may be subject to postponement or adjustment (in the case of a Market Disruption Event) or terms of the Preference Shares may be subject to adjustment or the Index may be replaced with an alternative benchmark (in the case of an Administrator/Benchmark Event) and/or Preference Shares may be subject to redemption (in the case of an Additional Disruption Event or Index Adjustment Event or an Administrator/Benchmark Event). As the value of the Notes is determined by reference to the performance of Preference Shares and any early redemption of the Preference Shares will result in the Notes being redeemed early, any such postponement, adjustment or redemption or may have an adverse effect on the value of such Notes. As a result, Noteholders may suffer a loss of some or all of their investments.

Illegality or changes in tax law may cause the Notes to be redeemed early. In such circumstances, the Issuer may pay a sum determined by reference to the value of the Preference Shares at the time of such redemption. As a result holders of Notes will forego any future appreciation in the relevant Index or Indices and may suffer a loss of some or all of their investments.

Commission, cost of hedging and taxes may be borne by Noteholders. The issue price of the Notes may include fees, commission and hedging costs. Payments under the Notes may be decreased to take into account the effect of taxes, duties or other similar charges and Noteholders will bear the cost of all taxes, duties or other similar charges payable in connection with the subscription, purchase or holding of such Note and any payments under the Notes (in each case including any taxes or duties imposed or increased by a change of tax law or practice).

SECTION D – KEY INFORMATION ON THE OFFER AND/OR THE ADMISSION TO TRADING ON A REGULATED MARKET

Under which conditions and timetable can I invest in this security?

An offer of this Tranche of Notes may be made by the Initial Authorised Offeror other than pursuant to Article 1(4) of the UK Prospectus Regulation in the United Kingdom only (the "**Public Offer Jurisdiction**") during the period from (and including) 27 November 2023 until (but excluding) 12 January 2024 (the "**Offer Period**"). The Issuer reserves the right to withdraw the offer of the Notes for any reason and at any time prior to the end of the Offer Period. The offer price of the Notes is the issue price. The amount of Notes to be issued shall be determined after the close of the Offer Period, but shall not exceed GBP 25,000,000.

Application will be made by the Issuer for the Notes to be admitted to trading on the Main Market of the London Stock Exchange. No assurance can be given as to whether or not, or when, such application will be granted. The expense of listing is GBP 5,000. Expenses in respect of the listing of Notes are not charged directly by the Issuer or Dealer(s) to the Noteholder.

Who is the offeror and/or the person asking for admission to trading?

Please refer to paragraph (c) of Section A entitled "*Introduction*" above for details of the offeror. The Issuer will apply for admission to trading.

Why is this Prospectus being produced?

The Prospectus has been prepared in connection with a public offer of Notes and the admission of Notes to trading on a regulated market pursuant to the UK Prospectus Regulation.

Use and Estimated Net Amount of Proceeds: The estimated net amount of proceeds from the issue of Notes will be up to GBP 25,000,000 less any re-offer spread (as described below). The net proceeds will be used by the Issuer for profit making or risk hedging purposes.

Underwriting Agreement on a Firm Commitment Basis: The offer of Notes is not subject to an underwriting agreement on a firm commitment basis.

Conflicts of Interest: The Issuer and/or its affiliates may enter into hedging or other transactions (i) relating to an Index or to securities underlying an Index or (ii) with issuers of securities underlying an Index. The Issuer or its affiliates may also publish research or other reports relating to Indices or securities underlying an Index. Any such activities may have a positive or negative effect on the value of Notes relating to such Indices. In undertaking any such activities, neither the Issuer nor any affiliate of the Issuer is under any obligation to consider the interests of the Noteholders. In addition, the Issuer may assume roles as hedging counterparty or calculation agent under the Notes. In respect of any of these roles the Issuer may have interests that conflict with the interests of Noteholders. The Notes may be on-sold by the Dealer to the Initial Authorised Offeror at a discount to the issue price of up to three per cent. Such discount (the "**re-offer spread**") will be retained by the Initial Authorised Offeror.

The method for determining the Final Preference Share Redemption Amount or the Early Preference Share Redemption Amount shall be as set out in the Conditions and Article 48(d) (Redemption of Redeemable Preference Shares) of the Articles shall not apply.

The Final Preference Share Redemption Amount or Early Preference Share Redemption Amount, as the case may be, may not be less than GBP 0.0001 and will be rounded to the nearest two decimal places in the Settlement Currency, 0.00005 being rounded downwards, **provided that** in the case of Preference Shares redeemed at the same time by the same Shareholder, such rounding shall only occur following calculation of the aggregate amounts due in respect of such Preference Shares.

2.1 **Final Redemption**

If the Preference Shares have not been previously redeemed in accordance with Condition 2.3 (*Company Call*), Condition 2.4 (*Shareholder Put*) or Condition 3 (*Early Redemption if there is an Early Preference Share Redemption Event*), each Shareholder shall have the right exercisable from and including the last occurring Valuation Date or the first Auto-Call Valuation Date on which an Auto-Call Trigger Event has occurred, as applicable, to and including the Final Preference Share Redemption Date, by giving notice to the Company, to require the Company immediately to pay or cause to be paid, and if that right is not exercised, the Company will pay or cause to be paid on the Final Preference Share Redemption Date, the Final Preference Share Redemption Amount in respect of each Preference Share in the Settlement Currency, subject to applicable laws, the Articles and the Conditions. The provisions of Article 48(a), (b) and (c) (Redemption of Redeemable Preference Shares) shall not apply to the Preference Shares.

2.2 **Payment on a Winding Up or Return of Capital**

Upon the Company exercising its right in accordance with this Condition 2.3 (*Company Call*), it shall give an Early Preference Share Redemption Notice as soon as practicable to Shareholders in accordance with Condition 6 (*Notices*) of the early redemption of each of the then outstanding Preference Shares.

2.4 **Shareholder Put**

If the Company has not given notice of its right to redeem compulsorily the Preference Shares in accordance with Condition 2.3 (*Company Call*), each Shareholder shall have the right exercisable during the Call and Put Period, by giving notice to the Company, to have all of its Preference Shares redeemed at the Call and Put Redemption Amount payable on the date that right is exercised in accordance with the Articles, the Conditions and in the manner determined by the Company.

Upon the occurrence of a Shareholder exercising its right in accordance with this Condition 2.4 (*Shareholder Put*), the Company shall give an Early Preference Share Redemption Notice as soon as practicable to Shareholders in accordance with Condition 6 (*Notices*) of the early redemption of each of the then outstanding Preference Shares.

2.5 **Transfer of Preference Shares**

The Preference Shares may only be transferred if all Preference Shares in issue are transferred together to the same transferee.

3. **Early Redemption if there is an Early Preference Share Redemption Event**

If the Company, or the Calculation Agent on behalf of the Company, determines that there is an Early Preference Share Redemption Event falling within paragraphs (a) to (c) of the definition of Early Preference Share Redemption Event, the Company, or the Calculation Agent on behalf of the Company, may, but shall not be obliged to elect to redeem early the Preference Shares by giving an Early Preference Share Redemption Notice to Shareholders in accordance with Condition 6 (*Notices*) below, and if the Company, or the Calculation Agent on behalf of the Company, determines that there is an Early Preference Share Redemption Event falling within paragraph (d) of that definition then the Company, or the Calculation Agent on behalf of the Company, must redeem early the Preference Shares by giving an Early Preference Share Redemption Notice to Shareholders in accordance with Condition 6 (*Notices*) below.

For the purposes of this Condition 3 (*Early Redemption if there is an Early Preference Share Redemption Event*) only, following the delivery of an Early Preference Share Redemption Notice, each Shareholder shall have the right exercisable from and including the Early Preference Share Valuation Date to and including the Early Preference Share Redemption Date to require the Company to redeem the Preference Shares immediately (and if that right is not exercised the Company will redeem all of the Preference Shares on the Early Preference Share Redemption Date) at the Early Preference Share Redemption Amount in respect of each Preference Share, subject to applicable laws, the Articles and the Conditions.

4. **Dividends**

In accordance with the Articles, no dividends will be paid in respect of the Preference Shares.

5. **Further Preference Shares**

The Company shall be entitled to issue further Preference Shares from time to time to be consolidated and form a single class with the Preference Shares **provided that** the rights conferred upon the

Shareholders shall not be varied, amended or abrogated by the creation, allotment or issue of any further Preference Shares of the same class as the Preference Shares or any different class.

6. **Notices**

Notices to Shareholders shall be delivered to Shareholders at the address for each Shareholder set out in the register of members of the Company with a copy to the Calculation Agent. Any such notice will become effective on the first calendar day after such delivery to such address. Where a notice is being delivered in accordance with Condition 3 (*Early Redemption if there is an Early Preference Share Redemption Event*), such notice shall specify the relevant Early Preference Share Valuation Date. A copy of any Early Preference Share Redemption Notice shall also be delivered to any Hedging Counterparty.

Notices to the Company shall be delivered to the Company at the address of the registered office of the Company with a copy to the Calculation Agent. Any such notice will become effective on the first calendar day after such delivery to such address.

7. **Calculations and Determinations**

Any calculations, determinations and adjustments to be made in relation to the Conditions shall, unless otherwise specified, be made by the Calculation Agent and in such a manner as the Calculation Agent determines is appropriate acting in good faith and in a commercially reasonable manner (having regard in each case to the criteria stipulated in the Conditions and the hedging arrangements entered into with any Hedging Counterparty).

Notwithstanding that certain calculations, determinations and adjustments in the Conditions may be expressed to be on a certain date, the Calculation Agent may make such calculations, determinations and adjustments in respect of that date on a date after that date determined by it acting in good faith and in a commercially reasonable manner.

Pursuant to the Conditions the Calculation Agent has a number of discretions. These are necessary since certain circumstances or the occurrence of certain events may materially affect the costs to the Company and/or a Hedging Counterparty (including in relation to any Related Financial Product) and/or any issuer or obligor of a Related Financial Product of maintaining the Preference Shares or a Related Financial Product or hedging arrangements for the Preference Shares or a Related Financial Product, in each case before and after the occurrence of such event in a way which has not been reflected in the pricing of the Preference Shares and/or the Related Financial Product. In addition, certain circumstances may arise where it is not reasonably practicable or otherwise not appropriate for certain valuations to be carried out in relation to relevant Index or Indices and in these circumstances the Calculation Agent also may exercise certain discretions acting in good faith and in a commercially reasonable manner.

8. **Severability**

Should any one or more of the provisions contained in the Conditions be or become invalid, the validity of the remaining provisions shall not in any way be affected thereby.

9. **Governing Law And Jurisdiction**

The Conditions and all non-contractual obligations arising from or in connection with the Conditions shall be governed by and shall be construed in accordance with English law. The English courts shall have exclusive jurisdiction to deal with any dispute and all non-contractual obligations arising from or in connection with the Conditions.

10. **Contracts (Rights of Third Parties) Act 1999**

No person shall have any rights to enforce any terms or conditions of the Preference Shares under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from the Contracts (Rights of Third Parties) Act 1999.

11. **Calculation Agent Modifications**

The Calculation Agent will employ the methodology and comply with the provisions described in the Conditions to determine the amounts payable in respect of the Preference Shares. The Calculation Agent's determination in the application of such methodology and compliance with the provisions shall be final, conclusive and binding on the Company and Shareholders except in the case of manifest error.

The Calculation Agent shall be free to modify such methodology or provisions from time to time, acting in good faith and in a commercially reasonable manner, (1) as it deems appropriate in response to any market, regulatory, juridical, fiscal or other circumstances which may arise which, in the opinion of the Calculation Agent, necessitates or makes desirable (taking into account the interests of the Company and any obligor of a Related Financial Product) a modification or change of such methodology or provisions or (2) for the purposes of (i) preserving the intended economic terms of the Preference Shares or (ii) curing any ambiguity or correcting or supplementing any provision of the Conditions or (iii) accounting for any change in the basis on which any relevant values, levels or information is calculated or provided which would materially change the commercial effect of any provision or provisions of the Conditions or (iv) replacing any information provider or source or (v) making amendments to the provisions of a formal, minor or technical nature or (vi) correcting any manifest or proven errors or (vii) making such amendments to comply with mandatory provisions of any applicable laws, **provided that** no modification by the Calculation Agent constituting a variation (or deemed variation) of the rights of the Preference Shares (or any other class of shares of the Company) for the purposes of sections 630-640 of the Companies Act 2006 and/or the Articles shall have effect unless previously approved in accordance with the Companies Act 2006 and the Articles.

Other than with respect to payments, where the Company fails to exercise any discretion or take any action provided to it in the Conditions when the exercise of such discretion or action would be necessary or desirable (as determined by the Calculation Agent), the Calculation Agent may exercise such discretion on its behalf acting in good faith and in a commercially reasonable manner.

12. **Consequences of Disrupted Days**

If any Scheduled Valuation Date in respect of an Index is a Disrupted Day in respect of such Index, then the Initial Valuation Date, the Valuation Date or the Auto-Call Valuation Date, as the case may be, for such Index shall be the first succeeding Scheduled Trading Day for such Index that is not a Disrupted Day relating to that Index, unless each of the Specified Maximum Number of Disrupted Days for such Index immediately following the relevant Scheduled Valuation Date is a Disrupted Day relating to that Index (the "**Limit Date**"). In that case, (a) that Limit Date shall be deemed to be the Initial Valuation Date, the Valuation Date or the Auto-Call Valuation Date, as the case may be, for the relevant Index notwithstanding the fact that such day is a Disrupted Day for such Index, and (b) the Calculation Agent shall determine the level of such Index as of the Valuation Time on that Limit Date in accordance with (subject to the Adjustment Provisions), the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that Limit Date of each security comprised in that Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on that Limit Date, its good faith estimate of the value for the relevant security as of the Valuation Time on that Limit Date).

13. **Adjustments**

(a) ***Successor Index***

If a relevant Index is (i) not calculated and announced by the Index Sponsor but is calculated and published by a successor to that Index Sponsor (the "**Successor Index Sponsor**") acceptable to the Calculation Agent or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of such Index, then in each case that Index (the "**Successor Index**") will be deemed to be the Index.

(b) ***Index Adjustment Events***

If (i) on or prior to the Initial Valuation Date, the Valuation Date or an Auto-Call Valuation Date the relevant Index Sponsor announces that it will make a material change in the formula for or the method of calculating the relevant Index or in any other way materially modifies the Index (other than a

modification prescribed in the formula or method to maintain that Index in the event of changes in its constituent securities, capitalisation and other routine events) (an "**Index Modification**") or permanently cancels that Index and no Successor Index exists (an "**Index Cancellation**") or (ii) on the Initial Valuation Date, the relevant Auto-Call Valuation Date or the Valuation Date, as the case may be, such Index Sponsor or, if applicable, the Successor Index Sponsor, fails to calculate and announce the relevant Index Level (an "**Index Disruption**") or (iii) at any time an Administrator/Benchmark Event occurs (together with an Index Modification, an Index Cancellation and an Index Disruption, each an "**Index Adjustment Event**"), then (A) in the case of an Index Modification or an Index Disruption, the Calculation Agent shall determine if such Index Adjustment Event has a material effect on the Preference Shares and, if so, shall calculate any relevant adjustment to the Conditions which may include, without limitation (i) an adjustment to any value, date, variable or other provision to take into account the relevant Index Adjustment Event, (ii) delaying the Initial Valuation Date, the relevant Auto-Call Valuation Date or the Valuation Date, as the case may be, until the relevant Index Adjustment Event no longer exists or (iii) determining the Index Level for such Index for each date following such change, failure or cancellation on which the Index Level is required for the purposes of the Preference Shares, using, in lieu of a published level for that Index, the level for that Index on such date as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the change, failure or cancellation, but using only those securities that comprised such Index immediately prior to that Index Adjustment Event and (B) in the case of an Index Cancellation or an Administrator/Benchmark Event, the Company may, at any time thereafter, determine that all but not some only of the Preference Shares shall be redeemed in accordance with Condition 3 (*Early Redemption if there is an Early Preference Share Redemption Event*).

(c) **Consequences of an Administrator/Benchmark Event**

- (i) If the Calculation Agent determines that an Administrator/Benchmark Event has occurred in relation to a relevant Index, then the Calculation Agent shall do any of the following:
 - (A) determine that references to such Index shall be deemed to be replaced by references to such index, benchmark or price source as the Calculation Agent determines would have the effect of placing the Company and/or the issuer of any Related Financial Product in an economically equivalent position to that which it would have been in had the Administrator/Benchmark Event not occurred (the "**Replacement Index**") (and in making such determination the Calculation Agent shall be entitled to take into account such facts and circumstances as it considers relevant including, without limitation, (i) any index, benchmark or other price source which measures the same market or economic reality as the Index and which is formally designated, nominated or recommended by the administrator or sponsor of the Index or (ii) any index, benchmark or other price source which is formally designated, nominated or recommended by any Relevant Nominating Body, in each case to replace the Index), in which case:
 - (1) references to such Index shall be deemed to be replaced with references to such Replacement Index with effect from such date as the Calculation Agent shall determine (acting in good faith and in a commercially reasonable manner); and
 - (2) the Calculation Agent shall make such other adjustments to the Conditions as it determines are necessary to account for the effect on the Preference Shares of referencing the Replacement Index in place of such Index including, without limitation, to any variable, margin, calculation methodology, valuation, settlement, payment terms or any other terms of the Preference Shares; or
 - (B) follow the steps for determining the relevant level of the Affected Index set out in Condition 13(b) (*Index Adjustment Events*) as if the Administrator/Benchmark Event were an Index Cancellation;

- (C) determine that the Preference Shares shall be redeemed in accordance with Condition 3 (*Early Redemption if there is an Early Preference Share Redemption Event*);

provided, however, that if (x) it is or would be unlawful at any time under applicable law or regulation or (y) it would contravene any applicable licensing requirements, in each case, for any of the above provisions or determinations to apply to the Preference Shares, then such provision shall not apply and the Calculation Agent shall not make such determination (as the case may be) and the Calculation Agent shall instead take any of the above actions that complies with the applicable law, regulation or licensing requirements.

- (ii) In making any determination under this Condition 13(c), the Calculation Agent shall take account of such facts and circumstances as it considers relevant, including, without limitation, any determinations made in respect of any hedging arrangements in relation to any Related Financial Product (including in respect of any termination or re-establishment of hedging arrangements) and the funding costs of the issuer of any Related Financial Product.
- (iii) If the Calculation Agent is not able to determine the Index in accordance with the provisions of this Condition 13(c) on any Index Determination Date, then the Index Determination Date shall be postponed to such date as it is able to make such determination and any Index Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) Business Days following the postponed Index Determination Date.
- (iv) No further payment on account of interest or otherwise shall be due in respect of any payment postponed pursuant to this Condition 13(c).
- (v) The Calculation Agent shall promptly following the determination of any replacement for an Index pursuant to this Condition 13(c) give notice thereof and of any changes pursuant to paragraph (i)(A)(2) to the Company and the holders of the Preference Shares.
- (vi) Without prejudice, in the case of any Index-Linked Preference Shares, to the provisions of Condition 13(b) (*Index Adjustment Events*) in relation to an Index Modification, if the definition, methodology or formula for an Index, or other means of calculating the Index, is changed, then references to such Index shall be to such Index as so changed.

14. **Additional Disruption Events**

- (a) Following the occurrence of an Additional Disruption Event, the Calculation Agent will determine whether or not the Preference Shares shall continue or be redeemed early.
- (b) If the Calculation Agent determines that the Preference Shares shall continue, the Calculation Agent may make such adjustment as it considers appropriate, if any, to any one or more of the Conditions to account for the Additional Disruption Event and determine the effective date of that adjustment.
- (c) If the Calculation Agent determines that the Preference Shares shall be redeemed early, then the Company shall redeem all but not some only of the Preference Shares in accordance with Condition 3 (*Early Redemption if there is an Early Preference Share Redemption Event*).
- (d) Upon the occurrence of an Additional Disruption Event, the Company, or the Calculation Agent on behalf of the Company, shall give notice as soon as practicable to the Shareholders stating the occurrence of the Additional Disruption Event, giving details thereof and the action proposed to be taken in relation thereto **provided that** any failure to give, or non-receipt of, such notice will not affect the validity of the Additional Disruption Event.

"Additional Disruption Event" means any of Change in Law, Hedging Disruption and/or Increased Cost of Hedging.

"Change in Law" means that on or after the Issue Date, (i) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (ii) due to the promulgation

of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Company determines that (A) it has become illegal for the Company or the Hedging Counterparty to hold, acquire or dispose of any securities comprising any Index or it has become illegal for the Company or the Hedging Counterparty to hold, acquire, purchase, sell or maintain one or more (x) positions or contracts in respect of any securities, options, futures, derivatives or foreign exchange in relation to the Preference Shares, any Related Financial Product, or in relation to the Company's or the Hedging Counterparty's hedging activities in connection with the Preference Shares or any Related Financial Product (y) stock loan transactions in relation to the Preference Shares or any Related Financial Product or (z) other instruments or arrangements (howsoever described) held by the Company or the Hedging Counterparty in order to hedge, individually or on a portfolio basis, the Preference Shares or any Related Financial Product relating to any Index or (B) the Company or any Hedging Counterparty will incur a materially increased cost in performing its obligations in relation to the Preference Shares or any Related Financial Product (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on the tax position of the Company and/or any Hedging Counterparty).

"Hedging Disruption" means that the Company and/or any Hedging Counterparty is unable, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Company issuing and performing its obligations with respect to the Preference Shares or of any obligor of a Related Financial Product issuing and performing its obligations with respect to a Related Financial Product, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

"Increased Cost of Hedging" means that the Company and/or any Hedging Counterparty would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Company issuing and performing its obligations with respect to the Preference Shares or of any obligor of a Related Financial Product issuing and performing its obligations with respect to a Related Financial Product, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s), **provided that** any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Company and/or any Related Financial Product obligor shall not be deemed an Increased Cost of Hedging.

15. **Correction of Index Levels**

If the level of an Index published by the Index Sponsor at any time and used or to be used by the Calculation Agent for any calculation or determination under the Preference Shares is subsequently corrected and the correction is published by such Index Sponsor within one Settlement Cycle after the original publication, the Calculation Agent will make such adjustment as it determines to be appropriate, if any, to the settlement or payment terms of the Preference Shares to account for such correction **provided that** if any amount has been paid in an amount which exceeds the amount that would have been payable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable in respect of the Preference Shares and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Company shall be entitled to reimbursement of the relevant excess payment (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Shareholder, together with interest on that amount for the period from and including the day on which payment was originally made to (but excluding) the day of payment of reimbursement by the Shareholder (all as calculated by the Calculation Agent). Any such reimbursement shall be effected in such manner as the Company shall determine.

CALCULATION AGENT DISCLAIMERS

The Calculation Agent makes no express or implied representations or warranties as to (a) the advisability of investing in or obtaining exposure to the Preference Shares, (b) the value of the Preference Shares at any particular time on any particular date, or (c) any amounts that may become payable in respect of the Preference Shares. The Calculation Agent shall not act as agent or trustee for the holders of the Preference Shares or any Related Financial Product.

Without limiting any of the foregoing, in no event shall the Calculation Agent have any liability (whether in negligence or otherwise) to any Shareholders or Related Financial Product investors for any direct, indirect, special, punitive, consequential or any other damages (including loss of profits) even if notified of the possibility of such damages.

In addition, to providing calculation agency services to the Company, the Calculation Agent or any of its Affiliates, may perform further or alternative roles relating to the Company and any series of Preference Shares. Furthermore, the Calculation Agent or any of its Affiliates may contract with the Company and/or enter into transactions which relate to the Company, the Preference Shares or the Indices and as a result the Calculation Agent may face a conflict between its obligations as Calculation Agent and its and/or its Affiliates' interests in other capacities. Subject to all regulatory obligations, neither the Company nor the Calculation Agent in respect of the Preference Shares owes any duty or responsibility to any Shareholder or Related Financial Product investor to avoid any conflict or to act in the interest of any Shareholder or Related Financial Product investor.
