*(a public company incorporated with limited liability in Jersey with registered number 85600)  
as Issuer*

**U.S.\$ 7,000,000,000 DEBT ISSUANCE PROGRAMME**

On 16 November 2004 HSBC Bank Middle East Limited (the "**Bank**" or the "**Issuer**") established a Debt Issuance Programme which is described in this document (the "**Programme**") under which notes (the "**Notes**") may be issued by the Issuer. This document (the "**Information Memorandum**", which expression shall include this document as amended and supplemented from time to time and all information incorporated by reference herein) has been prepared for the purpose of providing disclosure information with regard to the Notes to be admitted to the Official List of the Irish Stock Exchange and trading on its Global Exchange Market. The Irish Stock Exchange's Global Exchange Market is not a regulated market for the purposes of Directive 2004/39/EC (the "**Markets in Financial Instruments Directive**"). This Information Memorandum constitutes listing particulars for the purposes of listing on the Irish Stock Exchange's Official List and trading on its Global Exchange Market.

Investors should note that securities to be admitted to the Irish Stock Exchange's Official List and trading on its Global Exchange Market will, because of their nature, normally be bought and traded by a limited number of investors who are particularly knowledgeable in investment matters.

In relation to any Notes, this Information Memorandum must be read as a whole and together also with the relevant pricing supplement (the "**Pricing Supplement**"). Any Notes issued under the Programme on or after the date of this Information Memorandum are issued subject to the provisions described herein. This does not affect any Notes already in issue.

**AN INVESTMENT IN THE NOTES INVOLVES CERTAIN RISKS. SEE PAGE 1 FOR RISK FACTORS.**

This Information Memorandum does not constitute a prospectus under Directive 2003/71/EC, as amended (the "**Prospectus Directive**"). Application has been made for this Information Memorandum to be approved by the Irish Stock Exchange and the securities to be admitted to the Irish Stock Exchange's Official List and to trading on its Global Exchange Market. The securities issued under this Information Memorandum will not be admitted to trading on any market which is a regulated market for the purposes of the Markets in Financial Instruments Directive and, accordingly, no prospectus is required in connection with the issuance of the securities described in this document. Offerings or placements of the Notes under this Information Memorandum will not be made other than in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive.

The Notes have not been and will not be registered under the United States Securities Act of 1933 as amended (the "**Securities Act**") or any state securities laws and, unless so registered, may not be offered or sold within the United States or to, or for the benefit of U.S. persons as defined in Regulation S under the Securities Act. The Notes may include Notes in bearer form that are subject to U.S. tax law requirements.

The Programme also permits Notes to be issued on the basis that they will not be admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system or will be admitted to listing, trading and/or quotation by such other or further listing authorities, stock exchanges or quotation systems as may be agreed with the Issuer.

Notes issued under the Programme may be rated. The rating assigned to an issue of Notes may not be the same as the Issuer's credit rating generally. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency. The rating, if any, of a certain series of Notes to be issued under the Programme and/or details of credit ratings applicable to the Issuer generally may be specified in the relevant Pricing Supplement.

This Information Memorandum includes details of the long-term and short-term credit ratings assigned to the Issuer by Moody's Investors Service Limited ("**Moody's**") and Fitch Ratings Limited ("**Fitch**"). Each of Moody's and Fitch are established in the European Union and are registered as Credit Rating Agencies under Regulation (EU) No 1060/2009, as amended (the "**CRA Regulation**"). Each of Moody's and Fitch are included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation.

The Dealers and the Trustee expressly do not undertake to review the financial condition or affairs of the Issuer or its subsidiary undertakings during the life of the Programme. Investors should review, inter alia, the most recent financial statements of the Issuer when evaluating the Notes or an investment therein.*

**In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of the Stabilising Manager(s)) in the relevant Pricing Supplement may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.**

#### **The Notes may not be a suitable investment for all investors**

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Information Memorandum or any applicable supplement;

- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or profit payable in one or more currencies, or where the currency for principal or profit payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

## RISK FACTORS

*Prospective investors in the Notes should read the entire Information Memorandum (and where appropriate the relevant Pricing Supplement). The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes issued under the Programme. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.*

*In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.*

*The Issuer believes that the factors described below represent the principal risks relating to the Notes issued under the Programme, but the value of the Notes may be affected by other factors which may not be considered significant risks by the Issuer based on the information currently available to it or which it may not currently be able to anticipate, the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive.*

*Investing in the debt or derivative securities of the Issuer also involves certain risks in relation to the Issuer and the principal risks in respect of the Issuer are also set out below.*

*Words and expressions defined in the "Terms and Conditions of the Notes" below or elsewhere in this Information Memorandum have the same meanings in this section. Investing in Notes involves certain risks. Prospective investors should consider, among other things, the following:*

### **RISKS RELATING TO THE ISSUER**

A description of the risk factors relating to the Issuer and its business and operations that may affect the ability of the Issuer to fulfil its obligations to the Noteholders in relation to the Notes issued under the Programme is set out below:

#### **Macroeconomic and geopolitical risk**

##### ***Current economic and market conditions could materially adversely affect the Issuer***

The Issuer's earnings are affected by global and local economic and market conditions. Following the global financial crisis in 2007, despite signs that economies are beginning to improve, a difficult economic climate remains with continued pressures on household, financial institution and government finances. During 2013, world economic growth remained muted and growth is expected to remain relatively low in 2014. Expectations of a reduction in the scale of government repurchase schemes and quantitative easing ("QE") measures resulted in more volatile market conditions in 2013.

Mature economies continue to deleverage and implement austerity and structural reforms that are restricting economic activity in the short term. Growth in a number of emerging markets decelerated during 2013, affected by lower world demand and cautious official policies. In addition, capital flows were volatile, particularly during the second half of the year, and in several cases led to a tightening of monetary policy to counter capital outflows. Mainland China has experienced a slowdown in economic growth in recent years, which may be aggravated by difficulties in non-bank financial institutions. While current economic growth appears to be in line with its government's expectations, a sharper than expected slowdown could take place with consequences for all other emerging markets.

The uncertain economic conditions continue to create a challenging operating environment for financial services companies such as the Issuer. In particular the Issuer may face the following challenges to its operations and operating model in connection with these factors:

- the demand for borrowing from creditworthy customers may diminish if economic activity slows or remains subdued;
- as capital flows are increasingly disrupted, some emerging markets could be tempted to impose protectionist measures that could affect financial institutions and their clients;
- geopolitical risks might increase in different regions of the world, affecting directly the economies of the countries within these regions and their economic policies;

- a scaling back of QE or even the expectation of such scaling back could have an adverse impact on global equity and bond prices and create turbulence in global currency (foreign exchange) markets. The pace and timing of QE cessation could also heighten market instability;
- a prolonged period of modest interest rates will constrain, the net interest income the Issuer earns from its investment of excess deposits, for example, through margin compression and low returns on assets;
- the Issuer's ability to borrow from other financial institutions or to engage in funding transactions may be adversely affected by market disruption, for example, in the event of contagion from stress in the eurozone and global sovereign and financial sectors; and
- market developments may depress consumer and business confidence beyond expected levels. If economic growth remains subdued, for example, asset prices and payment patterns may be adversely affected, leading to greater than expected increases in the Issuer's delinquencies, default rates, write-offs and loan impairment charges. However, if growth is too rapid, new asset valuation bubbles could appear, particularly in the real estate sector, with potentially negative consequences for banks, such as the Issuer.

The occurrence of any of these events or circumstances could have a material adverse effect on the Issuer's business, its financial condition and prospects, the results of the Issuer's operations and/or the Issuer's customers.

***The Issuer is subject to political and economic risks in the countries in which the Issuer operates, including the risk of government intervention and high levels of indebtedness***

The Issuer operates in several countries. The Issuer's results may be, therefore, subject to the risk of loss from unfavourable political developments, currency fluctuations, social instability and changes in government policies on such matters as expropriation, authorisations, international ownership, interest-rate caps, limits on dividend flows and tax in the jurisdictions in which the Issuer operates.

In 2011, 2012, 2013 and to the date of this Information Memorandum in 2014 the Middle East and North Africa region has witnessed sustained political and social unrest. There is limited visibility of the implications of this but, continued unrest in any single country will have an impact on the ability to do business in that country and potentially the wider region and this could have an adverse effect on the Issuer's business, financial condition and results of operations.

Any such unfavourable political or economic events or developments could result in deteriorating business, consumer or investor confidence leading to reduced levels of client activity and consequently a decline in revenues and/or higher costs; mark to market losses in trading books resulting from adjustments to credit ratings, share prices and counterparty solvency; or higher levels of impairment and rates of default. Such consequences could have a material adverse effect on the Issuer's business, its financial condition and prospects, the results of the Issuer's operations and/or the Issuer's customers.

***The Issuer's financial results are affected by changes in foreign currency exchange rates***

The Issuer prepares its accounts in US dollars, but because a substantial portion of Issuer's assets, liabilities, assets under management, revenues and expenses are denominated in other currencies, changes in foreign exchange rates may have an effect on the Issuer's reported income, cash flows, assets and liabilities and shareholders' equity and accordingly could have a material adverse effect on the Issuer's business, its financial condition and prospects, the results of the Issuer's operations and/or the Issuer's customers.

**Macro-prudential, regulatory and legal risks to the Issuer's business model**

***The Issuer is subject to certain legal and regulatory actions and investigations, the outcomes of which are inherently difficult to predict. Unfavourable legislative or regulatory developments, or changes in the policy of regulators or governments could materially adversely affect the Issuer***

The Issuer is subject to a number of laws and regulations designed to maintain the safety and soundness of financial services institutions, ensure their compliance with economic and other obligations and limit their exposure to risk. These regulations include the Banking Business (Jersey) Law 1991, the Financial

Services (Jersey) Law 1998 and the banking regulations of the countries in which the Issuer operates ("**Regulations**"). This is particularly so in the current environment, where the Issuer expects government and regulatory intervention in the banking sector to continue to increase for the foreseeable future. Additionally, many of these changes increasingly have an impact beyond the country in which they are effected, as Regulations increasingly have extra-territorial effect or the Issuer's operations mean that the Issuer is obliged to give effect to local Regulations on a wider basis.

Changes in laws, rules or regulations, or in their interpretation or enforcement, or in how new laws, rules or regulations are implemented may adversely affect the Issuer's business, prospects, financial condition and/or results of operations. More stringent regulatory requirements, including those relating to enhanced capital, liquidity and funding requirements and those governing the development of parameters applied and controls around models used for measuring risk can give rise to changes, including increases in capital requirements. Further, uncertainty and a lack of international coordination between regulators as enhanced supervisory standards are developed and implemented may adversely affect the Issuer's ability to engage in effective business, capital and risk management planning.

This is particularly so in the current environment, where the Issuer expects government and regulatory intervention in the banking sector to continue to increase for the foreseeable future. Since 2008, regulators and governments have focused on reforming both the prudential regulation of the financial services industry, to improve financial stability, and the ways in which business is conducted. Measures include enhanced capital, liquidity and funding requirements, the separation or prohibition of certain activities by banks, changes in the capital regime and the operation of capital markets activities, the introduction of tax levies and transaction taxes, changes in compensation practices and adjustments to how business is conducted.

These laws and regulations may limit the Issuer's activities and changes in these regulations may increase the Issuer's cost of doing business. Changes in these laws and regulations (such as pursuant to Basel II and Basel III) and the manner in which they are interpreted or enforced may have a material adverse effect on the Issuer's business, financial condition, results of operations or prospects.

Areas where the Issuer is exposed to governmental policy and regulation include, but are not limited to:

- (a) expropriation, nationalisation, confiscation of assets and changes in legislation relating to foreign ownership;
- (b) initiatives by local, state and national regulatory agencies or legislative bodies to revise practices, pricing or responsibilities of financial institutions serving their consumer markets;
- (c) changes in bankruptcy legislation in the principal markets in which the Issuer or any of its affiliates operate and the consequences thereof;
- (d) general changes in governmental policy that may significantly influence investor decisions in particular markets in which the Issuer or any of its affiliates operate; and
- (e) other unfavourable political or diplomatic developments producing social instability or legal uncertainty which in turn may affect demand for the Issuer's products and services.

In addition, a breach of regulatory guidelines could expose the Issuer to potential liabilities and sanctions.

In addition, in December 2012, HSBC Holdings and HSBC Bank USA, National Association ("**HBUS**") entered into agreements with US and UK government agencies in relation to investigations regarding past inadequate compliance with anti-money laundering and sanctions laws. Among those agreements, HSBC Holdings and HBUS entered into a five-year deferred prosecution agreement ("**US DPA**") with the Department of Justice (the "**DoJ**"), and HSBC Holdings entered into a two-year deferred prosecution agreement with the New York County District Attorney (the "**DANY DPA**", together with the US DPA, the "**DPAs**"). HSBC Holdings also entered into an undertaking with the UK Financial Services Authority ("**FCA Direction**") to comply with certain forward-looking obligations with respect to anti-money laundering and sanctions requirements.

Under the DPAs and other related settlement agreements, HSBC Holdings and its subsidiaries made payments totalling US\$1.9 billion to US authorities and undertook to take further action to strengthen the compliance policies and procedures of the HSBC Group. These agreements with the DoJ, the US Federal

Reserve Board and the FCA Direction require the HSBC Group to retain an independent monitor (who is, for FCA purposes, a 'skilled person' under Section 166 of the Financial Services and Markets Act) to evaluate the progress in implementing the obligations under these agreements and the FCA Direction and to produce regular assessments of the effectiveness of the Group's compliance function. Michael Cherkasky began his work as the independent monitor on 22 July 2013. His work is proceeding as anticipated, consistent with the timelines and requirements set forth in the relevant agreements.

Breach of the US DPA at any time during its term may allow the DoJ to prosecute HSBC Holdings or HBUS in relation to the matters which are the subject of the US DPA. Breach of the DANY DPA may allow the New York County District Attorney's Office to prosecute HSBC Holdings in relation to the matters which are the subject of the DANY DPA. There can be no assurance that the steps taken to address the requirements of the DPAs and the FCA Direction will be effective or that the HSBC Group will not have to take additional remedial measures in the future to comply with the terms of the DPAs or the FCA Direction. Any such breach of the DPAs or the FCA Direction leading to further enforcement action, including the prosecution of HSBC Holdings and/or HSBC Bank USA, would have a material adverse effect on the Group's business, its financial condition and prospects and/or results of the Group's operations, including the potential significant loss of business and withdrawal of funding.

HSBC Bank USA also entered into a separate consent order with the Office of the Comptroller of the Currency (the "**OCC**") requiring it to correct the circumstances and conditions as noted in the OCC's then most recent report of examination and imposing certain restrictions on HSBC Bank USA directly or indirectly acquiring control of, or holding an interest in, any new financial subsidiary, or commencing a new activity in its existing financial subsidiary, unless it receives prior approval from the OCC. HSBC Bank USA also entered into a separate consent order with the OCC requiring it to adopt an enterprise wide compliance programme.

The settlement with US and UK authorities does not preclude private litigation relating to, among other things, HSBC's compliance with applicable anti money laundering ("**AML**"), US Bank Secrecy Act ("**BSA**") and sanctions laws or other regulatory or law enforcement actions for AML/BSA or sanctions matters not covered by the various agreements.

The Issuer is currently co-operating with the Jersey Financial Services Commission (the "**Commission**") in respect of its enquiry into the Issuer's adherence to Jersey anti-money laundering requirements and international sanctions legislation. The Commission has appointed a third party (the "**Reporting Professional**") to conduct the enquiry. Subject to the outcome of this enquiry, if deemed appropriate, the Commission may make recommendations to the Issuer, may exercise wide ranging powers of enforcement in respect of the Issuer, may apply to court for further enforcement orders and may refer any potential criminal conduct to the Attorney General to determine whether or not criminal prosecution is appropriate. The Issuer is unable to predict the outcome of the enquiry at this time. As at the date of this Information Memorandum, it is expected that the Reporting Professional's final report and the Issuer's comments will be submitted to the Commission by the end of November 2014.

***The Issuer is subject to tax-related risks in the countries in which the Issuer operates***

The Issuer is subject to the substance and interpretation of tax laws in all countries in which the Issuer operates and is subject to routine review and audit by tax authorities in relation thereto. The Issuer provides for potential tax liabilities that may arise on the basis of the amounts expected to be paid to the tax authorities. The amounts ultimately paid may differ materially from the amounts provided for depending on the ultimate resolution of such matters. Changes to tax law, tax rates and penalties for failure to comply could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or results of the Issuer's operations.

**Risks related to the Issuer's business operations, governance and internal control systems including compliance**

***The Issuer's risk management measures may not be successful***

The management of risk is an integral part of all the Issuer's activities. Risk constitutes the Issuer's exposure to uncertainty and the consequent variability of return. Specifically, risk equates to the adverse effect on profitability or financial condition arising from different sources of uncertainty including retail and wholesale credit risk, market risk, operational risk, non-traded market risk, insurance risk,

concentration risk, liquidity and funding risk, litigation risk, conduct risk, reputational risk, strategic risk, pension obligation risk and regulatory risk. The Issuer seeks to monitor and manage its risk exposure through a variety of separate but complementary control and reporting systems such as financial, credit, market, operational, compliance and legal. While the Issuer employs a broad and diversified set of risk monitoring and risk mitigation techniques, such techniques and the judgements that accompany their application cannot anticipate every unfavourable event or the specifics and timing of every outcome. Failure to manage risks appropriately could have an adverse effect on the Issuer's income, cash flows and the value of assets and liabilities, which could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or results of the Issuer's operations.

***Operational risks are inherent in the Issuer's business***

The Issuer is exposed to many types of operational risk, that are inherent in banking operations including fraudulent and other criminal activities (both internal and external), breakdowns in processes or procedures and systems failure or non availability. These risks apply equally when the Issuer relies on outside suppliers or vendors to provide services to the Issuer and the Issuer's customers. These operational risks could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or results of the Issuer's operation.

***The Issuer's operations are subject to the threat of fraudulent activity***

Fraudsters may target any of the Issuer's products, services and delivery channels including lending, internet banking, payments, cards services and account takeover. This may result in financial loss to the Issuer, an adverse customer experience, reputational damage and potential regulatory action depending on the circumstances of the event. Any manifestation of such risks could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or results of the Issuer's operations.

***The Issuer's operations are subject to disruption from the external environment***

The Issuer operates in many geographic locations that are subject to events outside the Issuer's control. These events may be acts of God such as natural disasters and epidemics, geopolitical risks including acts of terrorism, political instability and social unrest and infrastructure issues such as transport or power failure. These events may give rise to disruption to the Issuer's services and/or result in physical damage and/or loss of life, which could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or results of the Issuer's operations.

***The Issuer may fail to adequately manage its third party suppliers***

The Issuer also utilises third party firms for the supply of certain of its goods and services. The inadequate management of its significant third party suppliers of goods and services could lead to a failure to meet the Issuer's operational and business requirements which, in turn, may involve regulatory breaches, civil or monetary penalties or damage both to shareholder value and to the Issuer's reputation/brand image. Any such failure could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or results of the Issuer's operations.

***The Issuer's operations are highly dependent on the Issuer's information technology systems which are subject to failures resulting from cyber attacks or otherwise***

The reliability and security of the Issuer's information and technology infrastructure and the Issuer's customer databases are crucial to maintaining the service availability of banking applications and processes and to protecting HSBC's brand. The proper functioning of the Issuer's payment systems, financial control, risk management, credit analysis and reporting, accounting, customer service and other information technology systems, as well as the communication networks between the Issuer and other members of the HSBC Group and between the main data processing centres of the HSBC Group, are critical to the Issuer's operations.

Critical system failure, any prolonged loss of service availability or any material breach of data security, particularly involving confidential customer data, could cause serious damage to the Issuer's ability to service its clients, could breach regulations under which the Issuer operates and could cause long-term damage to the Issuer's business and brand. Moreover the threat from cyber attacks is a concern for the Issuer's organisation and failure to protect the Issuer's operations from internet crime or cyber attacks may result in financial loss and loss of customer data or other sensitive information which could undermine the

Issuer's reputation and its ability to attract and keep customers. They may also lead to potentially large costs to rectify any issues and reimburse losses incurred by customers. Each of these risks and related risks could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or results of the Issuer's operations.

***The Issuer may not be able to meet regulatory requests for data and such failure could materially adversely affect the Issuer.***

New regulatory requirements necessitate more frequent reporting, which requires accurate, consistent and timely management information and analysis to be produced. Inadequate management information systems or processes could lead to a failure to meet its regulatory reporting obligations or other internal or external information demands, which could lead to fines or other regulatory action that could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or results of the Issuer's operations.

***The Issuer's operations have inherent reputational risk***

Reputational risk is the risk that illegal, unethical or inappropriate behaviour by the Issuer itself, members of staff, representatives of the Issuer or its clients act in a way that will damage the Issuer's reputation leading, potentially, to a loss of business, fines or penalties. Reputational risk could arise from negative public opinion about the actual, or perceived, manner in which the Issuer conducts its business activities, its financial performance, and actual or perceived practices in banking and the financial services industry generally.

Modern technologies, in particular online social networks and other broadcast tools which facilitate communication with large audiences in short time frames and with minimal costs, may significantly enhance and accelerate the impact of damaging information and allegations. Negative public opinion may adversely affect the Issuer's ability to keep and attract customers, in particular, corporate and retail depositors which could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or results of the Issuer's operations.

***The Issuer is subject to the risk of employee misconduct and non-compliance with regulations and policies***

The Issuer's businesses are exposed to risk from potential non-compliance with regulations and policies, employee misconduct or negligence and fraud, which could result in regulatory sanctions and serious reputational or financial harm. In recent years, a number of multinational financial institutions have suffered material losses due to the actions of 'rogue traders' or other employees. It is not always possible to deter employee misconduct and the precautions the Issuer takes to prevent and detect this activity may not always be effective. Any manifestation of this risk could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or results of the Issuer's operations.

***Failure of the Issuer to recruit, retain and develop appropriate senior management and skilled personnel could have a material adverse effect on the Issuer***

The Issuer's continued success depends in part on the continued service of key members of its management team. The ability to continue to attract, train, motivate and retain highly qualified professionals is a key element of the Issuer's strategy. The successful implementation of the Issuer's growth strategy depends on the availability of skilled management, both at its head office and at each of its business units.

If one of the Issuer's business units or other functions fails to staff its operations appropriately, fails to attract and appropriately train, motivate and retain qualified professionals or loses one or more of its key senior executives, and fails to replace them in a satisfactory and timely manner, or fails to implement successfully the organisational changes required to support the Issuer's business, this could place the Issuer at a significant competitive disadvantage and prevent the Issuer from successfully implementing its strategy, which could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or results of the Issuer's operations

***The Issuer's financial statements are based in part on judgments, estimates and assumptions that are subject to uncertainty***

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Estimates, judgements and assumptions are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected. Due to the inherent uncertainties in making estimates, judgements and assumptions, actual results reported in future periods may differ from those reported in prior periods. The accounting policies deemed critical to the Issuer's results and financial position, based upon materiality and significant judgements and estimates, include impairment of loans and advances, goodwill impairment, valuation of financial instruments, pensions and provisions for liabilities (see Note 2 (Summary of significant accounting policies) on page 15 of the 2013 Annual Report and Accounts).

An example of where the inherent uncertainty in making estimates, judgements and assumptions may cause actual results reported in future periods to differ from those reported in prior periods is in relation to the valuation of financial instruments measured at fair value, which can be subjective, in particular where models are used that include unobservable inputs. Given the uncertainty and subjectivity associated with valuing such instruments, future outcomes may differ materially from those assumed using information available at the reporting date. For further details, see Note 2 (Summary of significant accounting policies) on page 15 of the 2013 Annual Report and Accounts and Note 3 (Use of assumptions, estimates and judgement) on page 30 of the 2013 Annual Report and Accounts).

Changes in estimates, judgements or assumptions used in the preparation of the Issuer's future financial statements from estimates, judgements or assumptions used in prior periods could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or results of the Issuer's operations.

***Third parties may use the Issuer as a conduit for illegal activities without the Issuer's knowledge***

The Issuer is required to comply with applicable anti-money laundering laws and regulations and has adopted various policies and procedures, including internal control and 'know-your-customer' procedures, aimed at preventing use of the Issuer's products and services for the purposes of committing or concealing a financial crime. A major focus of US governmental policy relating to financial institutions in recent years has been combating money laundering and enforcing compliance with US economic sanctions.

Where permitted by regulation, the Issuer may rely upon certain counterparties to maintain and properly apply their own appropriate anti-money laundering procedures. While permitted by regulation, such reliance may not be completely effective in preventing third parties from using the Issuer (and the Issuer's relevant counterparties) as a conduit for money laundering, including illegal cash operations, without the Issuer's (and its relevant counterparties') knowledge. Becoming party to money laundering or association with, or even accusations of being associated with, money laundering will damage the Issuer's reputation and may result in the Issuer becoming subject to fines, sanctions and/or legal enforcement (including being added to 'blacklists' that would prohibit certain parties from engaging in transactions with the Issuer). Any one of these outcomes could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or results of the Issuer's operations.

**Risks related to the Issuer's business*****The Issuer has significant exposure to counterparty risk within the financial sector and to other risk concentrations***

The Issuer has exposure to virtually all major industries and counterparties, and the Issuer routinely executes transactions with counterparties in financial services, including brokers and dealers, commercial banks, investment banks, mutual and hedge funds, and other institutional clients. Many of these transactions expose the Issuer to credit risk in the event of default by its counterparty or client. The Issuer's ability to engage in routine transactions to fund its operations and manage its risks could be materially adversely affected by the actions and commercial soundness of other financial services institutions. Financial institutions are necessarily interdependent because of trading, clearing, counterparty or other relationships. As a consequence, a default by, or decline in market confidence in,

individual institutions, or anxiety about the financial services industry generally, can lead to further individual and/or systemic difficulties, defaults and losses.

Where bilateral counterparty risk has been mitigated by taking collateral, the Issuer's credit risk may remain high if the collateral the Issuer holds cannot be realised or has to be liquidated at prices which are insufficient to recover the full amount of its loan or derivative exposure. There is a risk that collateral cannot be realised, including situations where this arises due to a change of law that may affect the Issuer's ability to foreclose on collateral or otherwise enforce contractual rights.

The Issuer also has credit exposure arising from mitigants such as credit default swaps ("CDSs"), and other credit derivatives, each of which is carried at fair value. The risk of default by counterparties to CDSs and other credit derivatives used as mitigants impacts on the fair value of these instruments depending on the valuation and the perceived credit risk of the underlying instrument against which protection has been purchased. Any adjustments or fair value changes could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or results of the Issuer's operations.

***The Issuer is subject to risks associated with market fluctuations***

The Issuer's businesses are inherently subject to risks in financial markets and in the wider economy, including changes in, and increased volatility of, interest rates, inflation rates, credit spreads, foreign exchange rates, commodity, equity, bond and property prices and the risk that the Issuer's customers act in a manner inconsistent with its business, pricing and hedging assumptions.

Market movements will continue to significantly affect the Issuer in a number of key areas. Banking and trading activities are subject to interest rate risk, foreign exchange risk, inflation risk and credit spread risk. Changes in interest rate levels, interbank spreads over official rates, yield curves and spreads affect the interest rate spread realised between lending and borrowing costs. The potential for future volatility and margin changes remains. Competitive pressures on fixed rates or product terms in existing loans and deposits sometimes restrict the Issuer's ability to change interest rates applying to customers in response to changes in official and wholesale market rates.

It is difficult to predict with any accuracy changes in market conditions, and such changes could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or results of the Issuer's operations.

***The Issuer may experience periods of reduced liquidity or be unable to raise funds, each of which is essential to the Issuer's businesses***

The Issuer's ability to borrow on a secured or unsecured basis and the cost of so doing can be affected by increases in interest rates or credit spreads, the availability of credit, regulatory requirements relating to liquidity or the market perceptions of risk relating to the Issuer or the banking sector, including the Issuer's perceived or actual creditworthiness.

Current accounts and savings deposits payable on demand or at short notice form a significant part of the Issuer's funding, and the Issuer places considerable importance on maintaining their stability. For deposits, stability depends upon preserving investor confidence in the Issuer's capital strength and liquidity, and on comparable and transparent pricing. Although deposits have been, over time, a stable source of funding, this may not continue.

The Issuer also accesses wholesale markets in order to align asset and liability maturities and currencies and to maintain a presence in local markets. An inability to obtain financing in the unsecured long-term or short-term debt capital markets, or to access the secured lending markets, could have a substantial adverse effect on the Issuer's liquidity. Unfavourable macroeconomic developments, market disruptions or regulatory developments may increase the Issuer's funding costs or challenge its ability to raise funds to support or expand its businesses, materially adversely affecting its business, its financial condition and prospects and/or results of the Issuer's operations.

If the Issuer is unable to raise funds through deposits and/or in the capital markets, the Issuer's liquidity position could be adversely affected and the Issuer might be unable to meet deposit withdrawals on demand or at their contractual maturity, to repay borrowings as they mature, to meet the Issuer's obligations under committed financing facilities and insurance contracts, or to fund new loans,

investments and businesses. The Issuer may need to liquidate unencumbered assets to meet its liabilities. In a time of reduced liquidity, the Issuer may be unable to sell some of its assets, or it may need to sell assets at depressed prices, which in either case could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or results of the Issuer's operations.

***Any reduction in the credit rating assigned to the Issuer, any subsidiaries of the Issuer or any of their respective debt securities could increase the cost or decrease the availability of the Issuer's funding and adversely affect the Issuer's liquidity position and interest margins***

Credit ratings affect the cost and other terms upon which the Issuer is able to obtain market funding. Rating agencies regularly evaluate the Issuer and certain of its subsidiaries, as well as their respective debt securities. Their ratings are based on a number of factors, including their assessment of the relative financial strength of the Issuer or of the relevant entity, as well as conditions affecting the financial services industry generally. There can be no assurance that the rating agencies will maintain the Issuer's current ratings or outlook, especially in light of the difficulties in the financial services industry and the financial markets. Reductions in these ratings and outlook could increase the cost of the Issuer's funding, limit access to capital markets and require additional collateral to be placed and, consequently, materially adversely affect the Issuer's interest margins and/or the Issuer's liquidity position.

***The Issuer may experience adverse changes in the credit quality of the Issuer's borrowers***

Risks arising from changes in credit quality and the recoverability of loans and amounts due from borrowers and counterparties (for example, reinsurers and counterparties in derivative transactions) are inherent in a wide range of the Issuer's businesses. Adverse changes in the credit quality of the Issuer's borrowers and counterparties arising from a general deterioration in economic conditions or systemic risks in the financial systems could reduce the recoverability and value of the Issuer's assets and require an increase in the Issuer's loan impairment charges.

The Issuer estimates and recognises impairment allowances for credit losses inherent in the Issuer's credit exposure. This process, which is critical to the Issuer's results and financial condition, requires difficult, subjective and complex judgements, including forecasts of how these economic conditions might impair the ability of the Issuer's borrowers to repay their loans and the ability of other counterparties to meet their obligations. As is the case with any such assessments, the Issuer may fail to estimate accurately the effect of factors that the Issuer identifies or fails to identify relevant factors. Further, the information the Issuer uses to assess the creditworthiness of its counterparties may be inaccurate or incorrect. Any failure by the Issuer to accurately estimate the ability of the Issuer's counterparties to meet their obligations could result in significant losses for the Issuer which have not been provided for. Such losses may have a material adverse effect on the Issuer's business, its financial condition and prospects and/or results of the Issuer's operations.

***The Issuer operates in a competitive environment***

All sectors of the Middle East and North Africa market for financial and banking services are highly competitive. The competitive nature of the market may adversely impact on the Issuer's business and may lead some of the Issuer's customers to start using competitors instead.

## **RISKS RELATING TO THE NOTES**

A wide range of Notes may be issued under the Programme. The Issuer may issue Notes with principal and/or interest determined by reference to, one or more variables such as an index or formula, changes in the prices of securities or commodities, movements in currency exchange rates, movements in interest rates, movements in levels of indices, the credit of one or more entities or other factors (each, a "**Relevant Factor**" and each underlying security, commodity, currency or other asset being a "**Reference Asset**" or, if it is comprised in a basket of assets, a "**Reference Asset Component**"). A number of these Notes may have features which contain particular risks for prospective investors. Set out below is a description of the most common features of such Notes:

***Dual Currency Notes***

The Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (i) the market price of such Notes may be very volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected; and
- (iv) they may lose all or a substantial portion of their principal.

***Subordinated Notes***

Subordinated Notes are unsecured and subordinated obligations of the Issuer. In the event that a particular Tranche of Notes is specified as subordinated in the relevant Pricing Supplement and the Issuer is declared insolvent and a winding up is initiated, the Issuer will be required to pay the holders of senior debt and meet its obligations to all its other creditors (including unsecured creditors but excluding any obligations in respect of subordinated debt) in full before it can make any payments on the relevant Notes. If this occurs, the Issuer may not have enough assets remaining after these payments to pay amounts due under the relevant Subordinated Notes.

Any obligation of the Issuer to pay interest on Subordinated Notes may be suspended in certain circumstances.

Where any Subordinated Notes form part of the regulatory capital of the Issuer, no repayment of such Notes will be made without the prior consent of the Jersey Financial Services Commission and the United Kingdom Prudential Regulation Authority (or any successor authority/ies in its/their function as the supervisor of authorised institutions).

***Fixed/Floating Rate Notes***

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

***Notes issued at a substantial discount or premium***

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

***In certain circumstances a portion of payments made on or with respect to Notes may be subject to U.S. reporting obligations which, if not satisfied, may require U.S. tax to be withheld***

In certain circumstances payments made on or with respect to the Notes after 31 December 2016 may be subject to U.S. withholding tax under Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 (the "**Code**") (commonly referred to as "**FATCA**").

Whilst the Notes are in global form and held within Euroclear Bank S.A./N.V. or Clearstream Banking, société anonyme (together, the "**ICSDs**"), in all but the most remote circumstances, it is not expected that FATCA will affect the amount of any payment received by the ICSDs. However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA

withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA), and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. The Issuer's obligations under the Notes are discharged once it has paid the common depositary for the ICSDs (as registered holder of the Notes through its nominee) and the Issuer has therefore no responsibility for any amount thereafter transmitted through hands of the ICSDs and custodians or intermediaries.

***U.S. withholding tax may apply to Notes linked to securities issued by U.S. issuers***

Where Notes are linked to securities issued by U.S. issuers, certain payments on the Notes could be subject to U.S. withholding tax (up to 30 per cent., depending on the applicable treaty). In addition, as currently proposed, U.S. withholding tax could be imposed on non-U.S. Noteholders to the extent U.S.-source dividends are paid on the underlying securities, even if no corresponding payment is made on the Notes to the non-U.S. Noteholders.

If U.S. withholding tax is required on Notes linked to securities issued by U.S. issuers, the Issuer will not be required to pay any additional amounts with respect to the withheld amounts. See "*Taxation — Withholding on Dividend Equivalent Payments*" below.

***Partly-paid Notes***

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of their investment.

**Risks relating to Notes generally**

***There is no active trading market for the Notes***

Any Series of Notes issued under the Programme will be new securities which may not be widely distributed and for which there is currently no active trading market (even where, in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although application has been made for the Notes issued under the Programme to be admitted to the Official List of the Irish Stock Exchange and to trading on its Global Exchange Market, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes.

***The Notes may be redeemed prior to maturity***

Unless in the case of any particular Tranche of Notes the relevant Pricing Supplement specify otherwise, in the event that the Issuer would be obliged to increase the amounts payable in respect of any Tranche of Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of Jersey or the United Arab Emirates or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes of such Tranche in accordance with the Conditions.

In addition, if in the case of any particular Tranche of Notes the relevant Pricing Supplement specify that the Notes are redeemable at the Issuer's option in other circumstances the Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low or when its cost of borrowing is lower than the interest rate on the Notes. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes.

The Issuer shall have the right to terminate its obligations under the Notes in case of illegality and force majeure as set out in the Conditions and the Notes may also be terminated in other circumstances as specified in the relevant Pricing Supplement.

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

### ***Form of Notes***

Because the Global Notes (as defined below) may be held by or on behalf of Euroclear Bank S.A./N.V. ("**Euroclear**") and Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**") or lodged with a sub-custodian for the Central Moneymarkets Unit Service operated by the Hong Kong Monetary Authority ("**CMU**", and together with Euroclear and Clearstream, Luxembourg, the "**Clearing Systems**"), investors will have to rely on the procedures of Euroclear and Clearstream, Luxembourg or, as the case may be, CMU for transfer, payment and communication with the Issuer.

Notes issued under the Programme may be represented by one or more temporary global notes (each, a "**Temporary Global Note**"), permanent global notes (each, a "**Permanent Global Note**" and, together with a Temporary Global Note, the "**Global Bearer Notes**"), registered notes in global form ("**Global Registered Notes**" and together with the Global Bearer Notes, the "**Global Notes**"). Such Global Notes may be deposited with a common depository for Euroclear and Clearstream, Luxembourg or, as the case may be, lodged with a sub-custodian for CMU. As set out in the circumstances described in this Information Memorandum, interests in the Global Notes may be exchangeable for definitive Notes. The Clearing Systems will maintain records of the interests in the Global Notes. While the Notes are represented by one or more Global Notes, investors will be able to trade their interests only through the Clearing Systems.

While Notes are represented by one or more Global Notes, the Issuer will discharge its payment obligations under such Notes by making payments to the common depository for Euroclear and Clearstream, Luxembourg or, as the case may be, the sub-custodian for CMU, for distribution to their account holders. A holder of an interest in a Global Note must rely on the procedures of Euroclear and Clearstream, Luxembourg or, as the case may be, CMU, to receive payments under the relevant Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, interests in the Global Notes.

Holders of interests in the Global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by the relevant Clearing System(s) to appoint appropriate proxies. Similarly, holders of beneficial interests in the Global Notes will not have a direct right under the Global Notes to take action against the Issuer in the event of a default under the relevant Notes but will have to rely upon the exercise by the Trustee of the rights arising under the Trust Deed.

Definitive Notes may not in all circumstances be printed from engraved steel plates. If they are not to be so printed, a statement to that effect will be made in the relevant Pricing Supplement.

### ***Credit Rating***

Tranches of Notes issued under the Programme may be rated or unrated. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Any adverse change in an applicable credit rating could adversely affect the trading price for the Notes issued under the Programme.

Where an issue of Notes is rated, the rating will be specified in the Pricing Supplement. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Whether or not each credit rating applied for in relation to the relevant Series of Notes will be issued by a credit rating agency established in the European Union and registered under Regulation (EC) No 1060/2009 (the "**CRA Regulation**") will be disclosed in the Pricing Supplement. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation (or is endorsed and published or distributed by subscription by such

a credit rating agency in accordance with the Regulation) unless the rating is provided by a credit rating agency operating in the European Union before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is not refused.

In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued or endorsed by a credit rating agency established in the European Union and registered under the CRA Regulation unless the rating is provided or endorsed by a credit rating agency operating in the European Union before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is still pending.

#### ***No Third-Party Guarantees***

Investors should be aware that no guarantee is or will be given in relation to the Notes by the shareholders of the Issuer (including, without limitation, any member of the HSBC group of companies) or any other person.

#### ***Legal investment considerations may restrict certain investments***

The investment activities of certain investors are subject to investment laws and regulations, and additional review or regulation, by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) whether other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

#### ***Exchange rate risks and exchange controls***

The Issuer will pay principal and profit in respect of the Notes in the Specified Currency (as referred to in the applicable Pricing Supplement). This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal payable on the Notes and (iii) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

#### ***Difficulties in enforcing foreign judgments in Dubai***

Under the terms and conditions of the Notes, the courts of England have exclusive jurisdiction to settle any dispute arising from the Notes. Under current Dubai law, the courts of Dubai are unlikely to enforce an English judgment without re-examining the merits of the claim. Accordingly, investors should be aware that they may encounter difficulties in enforcing an English judgment against the Issuer in Dubai.

#### ***Risks relating to enforcement proceedings in the United Arab Emirates***

Under the terms and conditions of the Notes, the courts of England have exclusive jurisdiction to settle any dispute arising from the Notes. Where proceedings to enforce an English judgment in the United Arab Emirates are contemplated, under current United Arab Emirates law, the courts of the United Arab Emirates are unlikely to enforce such a judgment without re-examining the merits of the claim. Investors should be aware that there could be practical difficulties in bringing enforcement proceedings against the Issuer in the United Arab Emirates.

***United Nations sanctions***

In relation to the Issuer, any transfer of, or payment in respect of, a Note or Coupon involving the government of any country which is at the relevant time the subject of United Nations sanctions, any person or body resident in, incorporated in or constituted under the laws of any such country or exercising public functions in any such country or any person or body controlled by any of the foregoing or by any person acting on behalf of the foregoing may be subject to restrictions pursuant to such sanctions.

***Modification, waiver and substitution***

The Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Notes permit the substitution of an affiliate of the Issuer as principal debtor in respect of the Notes, subject to a guarantee of the Issuer.

***Change of law***

The Conditions of the Notes are based on English law in effect as at the date of this Information Memorandum. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Information Memorandum.

***Value of Baskets***

The value of a basket of Reference Assets and/or Relevant Factors to which any Notes relate may be affected by the number of Reference Assets or Relevant Factors included in such basket. Generally, the value of a basket that includes Reference Assets from a number of companies or obligors or other components or which gives relatively equal weight to each Reference Asset will be less affected by changes in the value of any particular Reference Asset included therein than a basket that includes fewer Reference Assets and/or Relevant Factors or that gives greater weight to some Reference Assets and/or Relevant Factors. In addition, if the Reference Assets and/or Relevant Factors included in a basket are all in or relate to a particular industry, the value of such a basket will be more affected by the economic, financial and other factors affecting that industry than if the Reference Assets or Relevant Factors included in the basket relate to various industries that are affected by different economic, financial or other factors or are affected by such factors in different ways.

***The volatility of the Reference Assets or Relevant Factors***

If the volatility of Reference Assets or Relevant Factors increases, the trading value of a Note which relates to such Reference Asset or Relevant Factor is expected to increase; if the volatility decreases, the trading value of a Note is expected to decrease.

***Fluctuations in the value of the Underlying***

Fluctuations in the price, value and/or level of Reference Assets and Relevant Factors will affect the value of Notes. Also, due to the character of the particular markets on which Reference Assets may be traded, the absence of last sale information and the limited availability of quotations for such Reference Assets may make it difficult for many investors to obtain timely, accurate data for the price or yield of such Reference Assets. Purchasers of Notes risk losing their entire investment if the value of the relevant underlying basis of reference does not move in the anticipated direction.

***Certificates and reports from the Auditors***

The Trust Deed provides that the Trustee may rely on certificates or reports from the Auditors (as defined in the Trust Deed) and/or any other expert in accordance with the provisions of the Trust Deed whether or not any such certificate or report or engagement letter or other document entered into by the Trustee and the Auditors or such other expert in connection therewith contains any limit on liability (monetary or otherwise) of the Auditors or such other expert.

***Capital risks relating to Notes***

Save to the extent otherwise provided in the relevant Pricing Supplement, the repayment of any amount invested in Notes and any return on investment is variable and not guaranteed. The performance of the investment depends on the value of a Reference Asset throughout the term of the Notes. The value of the Reference Assets can alter sharply because it reflects the performance of the constituent underlying assets which make up an index or the performance of individual underlying assets and general stock and other market conditions.

The main risks involved in capital-at-risk products are as follows:

- (i) the investors' capital can fall below the amount initially invested; and
- (ii) the rate of return on the capital that investors receive depends on specific conditions being met and it is possible that no return may be provided to investors. Professionals may not be able to accurately judge whether there will be a return.

Unlike a savings account or similar investment with a low return and little or no capital risk, Notes issued under the Programme may potentially have a greater return but there is a greater risk of loss of capital. An investor should take advice from an investment professional before purchasing such types of Notes.

***Intergovernmental Agreement between Jersey and the United Kingdom***

On 22 October 2013, Jersey and the UK signed an intergovernmental agreement concerning the automatic exchange of tax information. The intergovernmental agreement is part of a package of measures intended to enhance existing arrangements in relation to the exchange of tax information in respect of UK residents, similar to the intergovernmental agreement with the US for the purposes of FATCA. Pursuant to the terms of the intergovernmental agreement, the Issuer will, on an annual basis, be required to provide certain information in relation to UK resident holders of Notes issued by the Issuer and their holding of the Notes to the relevant Jersey authority for onward transmission to HMRC in the UK. The intergovernmental agreement includes an alternative reporting mechanism in respect of UK resident non-domiciled holders of Notes issued by the Issuer. Although the intergovernmental agreement has effect with respect to holders of Notes issued by the Issuer and their holdings of the Notes from this calendar year 2014, the Issuer will not be required to provide the relevant information to the relevant Jersey authority in respect of 2014 before 30 September 2016.

The detailed requirements for complying with the intergovernmental agreement are not yet fully known not least because it has not yet been enacted into domestic legislation in Jersey. In addition, official guidance with respect to compliance with the agreement is expected to be published and may affect such requirements. The requirements, when finalised, may impose additional burdens and costs on the Issuer or holders of Notes issued by the Issuer.

**Risks relating to Currency Linked-Notes**

This section must be read in conjunction with the sections of this Information Memorandum entitled "*Risks relating to the Notes*" and "*Risks relating to the Notes generally*".

**General** — Investment in Notes which are linked to an emerging market currency or an exchange rate may entail significant risks which are not associated with a similar investment in a currency which is more familiar to prospective investors, such as US dollars or euro (the "**Principal Currency**"). Currency-Linked Notes may be issued in relation to which no interest is payable. The redemption amount of the Notes payable at scheduled maturity is linked to changes in the exchange rates of one or more currencies specified in the Pricing Supplement (the "**Reference Currency**" or "**Reference Currencies**") against the Principal Currency during the period specified therein, and may be subject to a minimum redemption amount per Note.

**Volatility of exchange rates** — Exchange rates can be volatile and unpredictable. Investors should be aware of the possibility of significant changes in rates of exchange between the Reference Currency and the Principal Currency, such as a devaluation of the Reference Currency against the Principal Currency resulting in a decrease in the value of interest payments and the principal payable on the Notes at maturity. As a consequence the market value of the Notes may also fall.

**Emerging market risk** — Because of the special risks associated with investing in emerging markets, Currency-Linked Notes which are linked to a Reference Currency of an emerging market should be considered speculative. Economies in emerging markets generally are heavily dependent upon international trade and, accordingly, may be affected adversely by trade barriers, foreign exchange controls (including taxes), managed adjustments in relative currency values and other protectionist measures imposed or negotiated by the countries with which they trade. These economies also may be affected adversely by their economic, financial, military and political conditions and the supply and demand for the Reference Currencies in the global markets.

**Non-deliverability of the Reference Currency** — Currency-Linked Notes which are payable in an emerging market currency may provide that, if the Reference Currency is not available at or about the time when a payment is due to be made under the Notes because of circumstances beyond the control of the Issuer, then the Issuer is entitled to make the payments in US dollars or delay making the payment. These circumstances could include the imposition of exchange controls or a disruption in the currency market which prevents the Issuer from obtaining the Reference Currency.

**Calculation Agent's discretion** — Calculation of the interest payments and/or redemption amount at scheduled maturity, as appropriate, will be by reference to the screen rates specified therein or if any such rate is not displayed at the relevant time a rate determined by HSBC Bank plc as Calculation Agent in its sole and absolute discretion. The Notes may be redeemable prior to their scheduled maturity in certain circumstances at an amount determined by HSBC Bank plc as Calculation Agent which may be less than their nominal amount.

#### **Risks relating to Interest Rate-Linked Notes**

This section must be read in conjunction with the sections of this Information Memorandum entitled "*Risks relating to the Notes*" and "*Risks relating to the Notes generally*".

**General** — The redemption amount of the Notes payable at scheduled maturity and/or the amount of interest payable in relation to the Notes will be linked to changes in one or more interest rates specified in the Pricing Supplement during the period specified therein.

**Volatility of interest rates** — Interest rates can be volatile and unpredictable. Investors should be aware of the possibility of significant changes in interest rates resulting in a decrease in the value of interest payments and the principal payable on the Notes at maturity. As a consequence the market value of the Notes may also fall.

**Interest income risk** — (i) In relation to certain types of Interest Rate-Linked Notes including, without limitation, Range Accrual Notes (as defined below), interest only accrues on days on which the Interest Related Variable fixes within a predetermined range set out in the Pricing Supplement. If the Interest-Related Variable does not fix within such range on one or more days during the term of the Notes, then the return on the Notes may be lower than traditional fixed-rate securities, or even zero. Noteholders should note that no interest accrues on days when the Interest-Related Variable fixes outside of the range. (ii) Noteholders should also note that Interest Rate-Linked Notes may be subject to other criteria to determine the rate, if any, at which interest accrues on the Notes. For example, there may be different tiers of calculation whereby interest would only accrue for each day that the specified Interest-Related Variable remains (a) above the relevant trigger level, (b) within the range or (c) below the relevant trigger level, in each case as set out in the Pricing Supplement. Interest payable on the Notes would therefore be linked to the volatility of the Interest-Related Variable.

Interest Rate-Linked Notes may therefore not be suitable for investors who require regular income payments.

**Risk of early termination (Knock-out risk)** — (i) In relation to certain types of Interest Rate-Linked Notes including, without limitation Target Accrual Redemption Notes or Accumulator Notes, the Notes will be mandatorily redeemed prior to their maturity if the sum of the cumulative interest paid in relation to the Notes reaches the predetermined Lifetime Cap, as specified in the Pricing Supplement. Noteholders should note that there is increased uncertainty of the maturity date of the Note, which would be the earlier of the pre-specified maturity date or the interest payment date when the cumulative interest amount has reached its Lifetime Cap. If the Interest Related Variable performs poorly, Noteholders may receive little or no interest during the term of the Notes and then receive the balance of the Lifetime Cap

at maturity. (ii) Certain types of Notes including, without limitation, Trigger Redemption Notes, may also be mandatorily redeemed early if a specified trigger is breached during a specified period or on a specified date.

**Call risk** — In relation to certain types of Interest Rate-Linked Notes, the Notes may be callable by the Issuer, but not the Noteholder, prior to maturity exposing Noteholders to reinvestment risk. Noteholders should note that a call option creates uncertainty for investors, as to whether the Notes will remain outstanding until maturity.

**Calculation Agent's discretion** — Calculation of the interest payments and/or redemption amount at scheduled maturity, as appropriate, will be by reference to the screen rates specified therein or if any such rate is not displayed at the relevant time a rate determined by HSBC Bank plc as Calculation Agent in its sole and absolute discretion. The Notes may be redeemable prior to their scheduled maturity in certain circumstances at an amount determined by HSBC Bank plc as Calculation Agent which may be less than their nominal amount.

**Risks relating to Steepener Notes** — Interest Rate-Linked Notes issued pursuant to the Programme may include Steepener Notes, which are Notes in respect of which the rate of interest applicable for some or all of the term of the Notes is determined by reference to the difference (or spread) between two swap rates specified in the applicable Pricing Supplement, which difference (or spread) may (if so specified in the applicable Pricing Supplement) then be multiplied by a factor (the leverage factor), subject to any minimum and/or maximum interest rates specified.

**Fluctuations in interest rates and Steepener Notes** — The market value of Steepener Notes will be affected by, among other things, the amount of interest payable in each interest period. Save for any interest period during the term of such Notes in respect of which interest is to be determined by reference to fixed rates of interest, the interest rate on Steepener Notes is obtained by taking the amount (if any) by which a designated swap rate (the "**First Swap Rate**") exceeds another designated swap rate (the "**Second Swap Rate**") and multiplying that amount by the factor (the leverage factor) (all as specified in the applicable Pricing Supplement), subject to any maximum and minimum rate of interest. Subject to any minimum and maximum rate of interest, as the difference between the First Swap Rate and the Second Swap Rate decreases the rate of interest payable will fall by the amount of that decrease multiplied by the relevant leverage factor. In the event that the First Swap Rate does not exceed the Second Swap Rate on a date which is relevant to the calculation of interest for an interest period, the interest rate on the Notes for that period will equal zero or, if any minimum rate of interest has been specified in the applicable Pricing Supplement and applies, will equal that minimum rate of interest.

### **Risks relating to Credit-Linked Notes**

This section must be read in conjunction with the sections of this Information Memorandum entitled "*Risks relating to the Notes*" and "*Risks relating to the Notes generally*".

#### **General factors relating to Credit-Linked Notes**

The occurrence of certain Credit Events in each case as specified in the Pricing Supplement will affect the value of Credit-Linked Notes and the Issuer's obligation to pay principal may be replaced by an obligation to pay other amounts calculated by reference to the value of the credit of the underlying reference entity, reference entities, reference obligation(s), underlying obligation(s) and/or to deliver such reference obligation(s) or underlying obligation(s). The Issuer's obligations in respect of Credit-Linked Notes are not dependent on the existence of actual credit exposure of the Issuer to one or more underlying reference entities and the Issuer need not itself suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

If a Credit Event, as specified in the relevant Pricing Supplement, occurs in relation to which a Credit Event Notice (as defined in the relevant Pricing Supplement) has been given in respect of one or more reference entities, the Notes will be redeemable at the option of the Issuer exercised at any time thereafter, and irrespective of whether the relevant Credit Event is continuing, and the Issuer's obligation to pay the principal of the Notes upon redemption shall be replaced with an obligation to pay other amounts and/or deliver certain obligations, as described above.

In particular, investors in Credit-Linked Notes should note that:

- (i) the Issuer's obligations to pay interest on the Notes and to redeem the Notes at their principal amount may be subject to the conditions precedent that no Credit Event Notice has been given. If any Credit Event Notice is given on or before the Maturity Date or (if applicable) the Extended Maturity Date (as defined in the relevant Pricing Supplement) then, unless specified otherwise, (1) no interest in respect of the interest period current on the date on which such Credit Event Notice is given or any subsequent period shall be payable by the Issuer (but without prejudice to any interest payments already made to Noteholders or which became due and payable before the Credit Event Notice was given); and (2) the Issuer may or may not be obliged to redeem the Notes at their principal amount;
- (ii) if so specified in the relevant Pricing Supplement, the Issuer's obligation to redeem the Notes may be replaced by an obligation to pay a cash amount (which may be zero) calculated by reference to the value of certain reference obligations, as specified in the Pricing Supplement; and
- (iii) it shall be the responsibility of the Noteholders to ensure that their accounting, regulatory and all other treatments of the Notes are consistent with the conditional nature of the Noteholders' entitlement to receive the payments referred to above.

The Issuer may exercise its right to deliver a Credit Event Notice at any time after the occurrence of a Credit Event even if the Credit Event is not continuing at the time such right is exercised. Noteholders will have no right to compel the Issuer to exercise its rights and no right to control the timing of such exercise. Furthermore, Noteholders will have no right to remedy, waive or rescind the Credit Event or take any action to mitigate the ultimate loss which may be imposed upon them by virtue of their interest in the Notes and will bear the risk of any change in the value of obligations of the affected reference entity between the date of the Credit Event and, if cash settlement is applicable, the Valuation Date (as defined in the relevant Pricing Supplement). During this period there could be a substantial decrease in the value of such obligations.

If a Credit Event occurs and the Issuer gives a Credit Event Notice, the following risks may arise:

- (i) In respect of Credit-Linked Notes that are redeemed following the occurrence of a Credit Event, the amount payable in respect of the Notes may be determined by reference to the Auction Final Price determined according to an auction procedure set out in the applicable Credit Derivatives Auction Settlement Terms. There is a possibility that the Calculation Agent (or one of its affiliates) would act as a participating bidder in any such auction. In such capacity, it may take certain actions which may influence the Auction Final Price including (without limitation) submitting bids, offers and physical settlement requests with respect to the obligations that form part of such Auction. In deciding whether to take any such action (or whether to act as a participating bidder in any auction), the Calculation Agent (or an affiliate of it) will be under no obligation to consider the interests of any Noteholder.
- (ii) In respect of a Credit Event relating to Credit-Linked Notes, a Credit Event may not be triggered unless either (i) a request is submitted to ISDA within 60 calendar days of the occurrence of such potential Credit Event for the relevant Credit Derivatives Determinations Committee to consider whether the relevant event constitutes a Credit Event (and the Credit Derivatives Determinations Committee subsequently Resolves that such event does constitute a Credit Event) or (ii) a Credit Event Notice (and, if applicable copies of relevant Publicly Available Information) is delivered by the Issuer to the Noteholders within 60 calendar days of the occurrence of such Credit Event and is effective during the Notice Delivery Period. For Succession Events, the look-back mechanics operate in a similar way to the above to provide a cut-off date for any Succession Event to apply to the relevant Credit Linked Notes. The actual look-back period for a Succession Event is either (i) 90 calendar days from the date on which a request is given to a Credit Derivatives Determinations Committee regarding a Succession Event (if the Credit Derivatives Determinations Committee subsequently Resolves that a Succession Event has occurred) or (ii) 90 calendar days from the date on which the Calculation Agent determines that a Succession Event has occurred. These provisions mean that both (i) there is a time limit on the ability to act on a Credit Event or Succession Event and (ii) it is possible that the Notes could be affected by a Credit Event or Succession Event that took place prior to the Trade Date.

- (iii) If the Fallback Settlement Method applies, under the terms of the Notes, the Issuer will be free to select for the purposes of constituting the Portfolio any obligations of the reference entity in respect of which such Credit Event has occurred (whether as principal, guarantor or otherwise) which would satisfy the requirements for a deliverable obligation in respect of a credit default swap on market standard terms in respect of the Reference Entity ("**Portfolio Obligations**"). Such obligations are likely to be in default at the time of delivery. Furthermore, in selecting such obligations the Issuer will not be required to consider the interests of the Noteholders or mitigate their losses. The Issuer will have complete discretion to select the cheapest, most illiquid obligations of the reference entity so long as such obligations satisfy the requirements for a Portfolio Obligation under the terms of the Notes.

Not all of the Credit Events require an actual default with respect to the reference entity's obligations. Thus Noteholders could bear losses based on a deterioration in the credit of the reference entity short of a default. Also, not all of the Credit Events are triggered by events which are easily ascertainable and disputes can and have arisen as to whether a specific event did or did not constitute a Credit Event. Under the terms of the Notes, the Issuer's or Calculation Agent's good faith, reasonable determination that a Credit Event has or has not occurred will be binding on the Issuer and the holders, and may be different than the view of the holders or other financial institutions, rating agencies or commentators.

The Issuer shall be under no obligation to give notice of any Credit Event and no delay in giving, or omission to give, notice of any Credit Event(s) with regard to the reference entity or reference entities in question shall prejudice the Issuer's right to give notice with respect to such Credit Event or any other Credit Event in relation to such reference entity provided such notice is given no later than the Maturity Date or (if applicable) the Extended Maturity Date. Investors and prospective investors in Credit-Linked Notes should conduct their own investigations and, in deciding whether or not to purchase such Notes, prospective investors should form their own views of the merits of an investment linked to the credit risk of the reference entity or entities in question based upon such investigations and not in reliance on any information given in the Pricing Supplement.

The trading value of the Notes will be affected by factors that interrelate in complex ways. The Notes may lose 100 per cent. of their value. It is important for investors to understand that the effect of one factor may offset the increase in the trading value of the Notes caused by another factor, and that the effect of one factor may exacerbate the decrease in the trading value of the Notes caused by another factor. For example, a drop in the creditworthiness of a reference entity may more than offset any increase in the Issuer's creditworthiness.

A credit deterioration or Credit Event in a reference entity may be strongly correlated with credit deterioration or Credit Events in several other related entities. As a result, the Notes may, over a relatively short period of time, experience substantial losses which reduce or eliminate their value.

Given the highly specialised nature of Credit-Linked Notes, the Issuer considers that they are only suitable for highly sophisticated investors who are willing to take considerable risks, who are able to determine for themselves the risk of an investment linked to the credit risk of the particular reference entity or entities and who can absorb a substantial or total loss of principal.

Consequently, investors who do not fall within the description above should not consider purchasing the Credit-Linked Notes without taking detailed advice from a specialised professional adviser.

***No representation by Issuer or Calculation Agent***

The Issuer and Calculation Agent make no representation whatsoever with respect to the underlying reference entity, reference entities, reference obligations or underlying obligations on which it is relying or is entitled to rely.

***Dealings by Issuer, Calculation Agent and affiliates***

The Issuer, the Calculation Agent and their respective affiliates may deal in the underlying reference obligations or underlying obligations and may accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business with, the reference entity or entities, any affiliate of the reference entity or entities, and/or any other person or entity having obligations relating to the reference entity and may act with respect to such business in the

same manner as each of them would if these Notes had not been issued, regardless of whether any such action might have an adverse effect on the reference entity or entities, the reference obligation(s), or underlying obligation(s) or the Noteholders or otherwise (including, without limitation, any action which might constitute or give rise to a Credit Event).

***No disclosure of information***

The Issuer, the Calculation Agent and their respective affiliates may, whether by virtue of the types of relationships described herein or otherwise, on the issue date of the Notes or at any time thereafter, be in possession of information in relation to the reference entity or entities or any underlying obligation(s) that is or may be material in the context of the issue of the Notes and that may or may not be publicly available or known to the Noteholders. There is no obligation on the part of the Issuer, the Calculation Agent or their respective affiliates to disclose to the Noteholders any such relationship or information (whether or not confidential).

***Potential conflict of interest***

HSBC Bank plc as Calculation Agent will be entitled to make certain determinations and judgements under the Conditions including (*inter alia*) as to whether an event constituting a Credit Event has occurred. In making such determinations and judgements, potential conflicts of interest may exist between the Calculation Agent and the Noteholders. In its capacity as Calculation Agent, HSBC Bank plc does not act as a fiduciary for or as an advisor to any of the Noteholders in respect of any such determination or judgement or otherwise.

***Amendments by Calculation Agent***

The Calculation Agent may from time to time amend any provision of the Conditions to incorporate and/or reflect further or alternative documents from time to time published by ISDA with respect to the settlement of credit derivative transactions (including without limitation with respect to settlement by reference to auctions following a Restructuring Credit Event) and/or the operation or application of determinations by the ISDA Credit Derivatives Determinations Committees which the Calculation Agent and the Issuer determine in a commercially reasonable manner are necessary to reflect market practice for credit derivative transactions.

***No post-issuance information***

The Issuer shall not be providing the investors with any post-issuance information regarding any reference entity or underlying obligation.

**Risks relating to Equity-Linked Notes, Cash Equity Notes and Index-Linked Notes**

This section must be read in conjunction with the sections of this Information Memorandum entitled "*Risks relating to the Notes*" and "*Risks relating to the Notes generally*".

***General*** — An investment in Equity-Linked Notes, Cash Equity Notes or Index-Linked Notes is speculative and entails substantial risks. Equity-Linked Notes, Cash Equity Notes and Index-Linked Notes are only intended for investors who have the necessary experience and knowledge in order to understand the risks involved in relation to the Notes. Prospective Noteholders should understand that in some instances they could suffer a partial or complete loss of their investment subject, if applicable, to any minimum redemption amount specified in the relevant Pricing Supplement. Any investment return on a Note determined by reference to changes in the value of the Reference Asset(s) described in the Pricing Supplement is subject to fluctuation and may be less than would be received by investing in a conventional debt instrument. Changes in value of the Reference Asset(s) cannot be predicted. If so provided in the relevant Pricing Supplement, the Notes may be subject to early redemption by reference to changes in value of the Reference Asset(s). On redemption, Equity-Linked Notes, Cash Equity Notes and Index-Linked Notes may be redeemed in such manner as the Pricing Supplement provides or, in certain circumstances, may be exchanged for other securities. If Equity-Linked Notes, Cash Equity Notes or Index-Linked Notes are redeemed prior to maturity the value may be less than the nominal amount.

***Information*** — No investigation has been made of the financial condition or creditworthiness of any issuer of any Reference Asset(s) or Reference Asset Components in connection with the issue of any Equity-Linked Notes, Cash Equity Notes or Index-Linked Notes. Prospective investors in the Notes

should obtain and evaluate the same information concerning the Reference Asset(s), each Reference Asset Component and each such issuer as they would if they were investing directly in the Reference Asset Components. In addition, prospective investors should understand that the historical performance of the Reference Asset(s) or any Reference Asset Component should not be viewed as predictive of future results.

***Certain factors affecting value of Notes*** — The value of Equity-Linked Notes, Cash Equity Notes or Index-Linked Notes prior to maturity is expected to depend on a number of factors including the performance achieved by the Reference Asset(s) until that time, interest rates, volatility and time to maturity. The price at which a holder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the principal balance thereof, based upon one or more of the factors described below. The factors that will affect the trading value of the Notes interrelate in complex ways (for example, one factor may offset an increase in the trading value of the Notes caused by another factor). Factors that may be expected to impact the value of the Notes, assuming other conditions remain constant, include:

*Reference Asset value.* The value of the Notes will depend substantially on the value of the Reference Asset as such value is taken into account in determining, as the case may be, any amount of interest, the redemption amount, whether the Notes will be redeemed prior to scheduled maturity and/or in cash or by delivery of the Reference Asset. Fluctuations in the value of the Reference Asset may affect the value of the Notes as may expectations of fluctuation in value during the remaining period to the Maturity Date or any earlier date for determining any price or value for the purposes of determination the basis for redemption of the Notes. Political, economic and other developments that affect the Reference Asset may also affect the value of the Reference Asset.

*Interest rates.* The value of the Notes may be affected by changes in interest rates. Rising interest rates may lower the value of the Reference Asset, and thus, the value of the Notes while falling interest rates may increase the value of the Reference Asset and thus, the value of the Notes. Changes in interest rates may also affect the economy of a country in which the Reference Asset is traded, and which (for the reasons discussed above) would affect the value of the Notes.

*Volatility of the Reference Asset.* If the size and frequency of market fluctuations in value of the Reference Asset increase or decrease, the trading value of the Notes may be adversely affected.

*Time remaining to maturity.* The Notes may trade at a value above that which would be expected based on the level of interest rates and the value of the Reference Asset. Any such difference will reflect a "time premium" resulting from expectations concerning the Reference Asset during the period prior to the stated maturity of the Notes. As the time remaining to the stated maturity of the Notes decreases, this time premium may decrease, adversely affecting the value of the Notes.

*Hedging* — Prospective investors intending to acquire Equity-Linked Notes, Cash Equity Notes or Index-Linked Notes to hedge against the market risk associated with investing in any securities or indices should recognise the complexities of utilising Notes in this manner. For instance, due to fluctuating supply and demand for the Notes, there is no assurance that their value will correlate with fluctuations in value of the Reference Asset(s).

***No ownership rights*** — An investment in the Notes is not the same as an investment in the Reference Asset and does not (prior to settlement of any exchange of Notes for the Reference Asset, where applicable) confer any legal or beneficial interest in the Reference Asset or any Reference Asset Component or any voting rights, rights to receive dividends or other rights that a holder of the Reference Asset or any Reference Asset Component would have. The Notes are unsubordinated and unsecured obligations of the Issuer.

***Actions or omissions of the issuer of the securities, the sponsor of an index or other*** — In certain circumstances, the actions or omissions of the issuer of securities to which the Notes relate or for which the Notes are exchangeable, the sponsor of an index to which Notes are linked or others outside the control of the Issuer, may adversely affect the rights of the Noteholders and/or the value of the Notes, including actions that may give rise to an adjustment to, or early redemption of, the Notes.

***Hedging activities of the Issuer and affiliates*** — The Issuer or its affiliates may carry out hedging activities related to the Notes, including purchasing the Reference Asset(s) and/or Reference Asset Components, but will not be obliged to do so. Certain of the Issuer's affiliates may also purchase and sell the Reference Asset(s) and/or Reference Asset Components on a regular basis as part of their securities businesses. Any of these activities could potentially affect the value of the Reference Asset(s) and, accordingly, the value of the Notes.

***Redemption for tax reasons*** — The Issuer may redeem the Notes in whole if the Issuer would be required to pay certain tax gross up payments in respect of the Notes. The amount payable by the Issuer on such redemption will be an amount determined by the Issuer in its sole and absolute discretion and calculated in accordance with the formula or other means specified in the relevant Pricing Supplement which may be less than amounts invested in the Notes. Noteholders may not benefit from any appreciation in value of the Reference Asset(s) that may occur following such redemption.

### **Risks relating to Notes denominated in Renminbi**

Notes denominated and/or settled in Renminbi outside the PRC may be issued. Set out below is a description of some of the risks that should be taken into consideration by investors in such Notes.

#### ***Renminbi is not freely convertible; Restrictions on Renminbi conversion through Hong Kong banks may adversely affect the liquidity of the Notes***

Renminbi is currently not freely convertible. The government of the PRC (the "**PRC Government**") continues to regulate conversion between Renminbi and foreign currencies including the Hong Kong Dollar, despite significant reduction in control by it in recent years over trade transactions including import and export of goods and services as well as other frequent routine foreign exchange transactions. Those transactions are known as current account items. Participating banks in Hong Kong, Singapore and Taiwan have been permitted to engage in the settlement of current account trade transactions in Renminbi under certain pilot schemes. As a result of the restrictions imposed by the PRC government on cross-border Renminbi fund flows, the availability of Renminbi outside of the PRC is limited, which may adversely affect the liquidity of Notes and thus the value of the Notes.

#### ***Renminbi interest rate risk***

The PRC Government has gradually liberalised its regulation of interest rates in recent years. Further liberalisation (if any) may or may not influence the Renminbi interest rate. However, should the prevailing Renminbi interest rate fluctuate as a result, the value of the Notes may fluctuate as well.

#### ***Renminbi exchange rate risk***

Renminbi outside the PRC represents a market which is different from that of Renminbi deliverable in the PRC. The exchange rate of Renminbi outside the PRC against the U.S. Dollar, Hong Kong dollar or other foreign currencies may be different from the exchange rate of Renminbi deliverable in the PRC against such currencies. Apart from its own supply and demand, the exchange rate for Renminbi outside the PRC may be influenced by the onshore exchange rate (which currently trades within a band set by authorities in the onshore interbank market), and the two rates may converge with or diverge from each other.

Further liberalisation (if any) of foreign exchange control in mainland China and further progress on Renminbi internationalisation may or may not occur, and even if it does occur, it may or may not influence the Renminbi exchange rate. Should the prevailing Renminbi exchange rate fluctuate as a result, the value of the Notes may fluctuate as well. If the value of Renminbi depreciates against the U.S. dollar, Hong Kong dollar or other foreign currencies, the value of a Noteholder's investment in U.S. dollar, Hong Kong dollar or other applicable foreign currency terms will decline.

#### ***Renminbi payment risk***

If the Issuer is not able, or it is impracticable for it, to satisfy its obligation to pay any amounts as a result of Inconvertibility, Non transferability or Illiquidity (each, as defined in the Conditions), the Issuer shall be entitled, on giving not less than five or more than 30 calendar days' irrevocable notice to the investors prior to the due date for payment, to settle any such payment in U.S. dollars or another currency on the due date at the US Dollar Equivalent (as defined in the Conditions) of any such amounts. In this case, the

risk factors in the section entitled "Risks relating to the Notes – Exchange rate risks and exchange controls" would apply as if U.S. dollars were the Specified Currency.

***Gains on the transfer of Notes denominated or settling in Renminbi may become subject to income taxes under PRC tax laws***

Under the PRC Enterprise Income Tax Law, the PRC Individual Income Tax Law and the relevant implementing rules, as amended from time to time, any gain realised on the transfer of Notes by non-PRC resident enterprise or individual holders may be subject to PRC enterprise income tax ("EIT") or PRC individual income tax ("IIT") if such gain is income derived from sources within the PRC. However, uncertainty remains as to whether the gain realised from the transfer of Notes by non-PRC resident enterprise or individual holders would be treated as income derived from sources within the PRC and subject to the EIT or IIT. This will depend on how the PRC tax authorities interpret, apply or enforce the PRC Enterprise Income Tax Law, the PRC Individual Income Tax Law and the relevant implementing rules. According to the arrangement between the PRC and Hong Kong, for avoidance of double taxation, Noteholders who are residents of Hong Kong, including enterprise holders and individual holders, will not be subject to the PRC EIT or IIT on capital gains derived from a sale or exchange of the Notes.

Therefore, if non-PRC enterprise or individual resident holders are required to pay PRC income tax on gains derived from the transfer of Notes (such EIT is currently levied at the rate of 10 per cent. of gains realised and such IIT is currently levied at the rate of 20 per cent. of gains realised (with deduction of reasonable expenses), unless there is an applicable tax treaty between PRC and the jurisdiction in which such non-PRC enterprise or individual resident holders of Notes reside that reduces or exempts the relevant EIT or IIT), the value of their investment in Notes may be materially and adversely affected.

***Payments with respect to the Notes may be made only in the manner through Renminbi bank accounts maintained at banks in Hong Kong***

Investors in the Notes should be aware that all Renminbi payments under the Notes will be made solely by credit to Renminbi bank accounts maintained at banks in Hong Kong in accordance with the law and applicable regulations and guidelines issued by relevant authorities in Hong Kong.

For these purposes, a form of transfer received by the relevant Registrar or any of the Transfer Agents after the Record Date (as defined in Condition 8(b)) in respect of any payment due in respect of Registered Notes shall be deemed not to be effectively received by such Registrar or such Transfer Agent until the day following the due date for such payment.

(j) **No charge**

The issue of new Registered Notes on transfer will be effected without charge to the Holder or the transferee by or on behalf of the Issuer, the relevant Registrar or the relevant Transfer Agent, but upon payment by the applicant of (or the giving by the applicant of such indemnity as the relevant Registrar or, as the case may be, the relevant Transfer Agent may require in respect of) any tax or other duty of whatsoever nature which may be levied or imposed in connection with such transfers or exchanges.

(k) **Regulations concerning transfer and registration of Registered Notes**

All transfers of Registered Notes and entries on the Register will be made subject to the detailed regulations (the "**Regulations**") concerning exchange and transfer of Registered Notes scheduled to the Agency Agreement. The Regulations may be amended, supplemented or replaced by the Issuer with the prior written approval of the relevant Registrar but without the consent of the Holders of any Notes. A copy of the current

Regulations are available for inspection during usual business hours at the specified office of the relevant Registrar and the Transfer Agents.

2. **STATUS**

The Notes of each Series (other than Subordinated Notes) constitute direct, unsecured obligations of the Issuer, ranking *pari passu* without any preference among themselves and, at their date of issue, ranking *pari passu* with all other unsecured and unsubordinated obligations of the Issuer other than any such obligations preferred by law.

The Notes of each Series of Subordinated Notes constitute direct, unsecured obligations of the Issuer ranking *pari passu* without any preference among themselves. The rights of Holders of Subordinated Notes will, in the event of the winding up of the Issuer or a declaration of the property of the Issuer "*en désastre*", be subordinated in right of payment to the claims of depositors and all other creditors of the Issuer other than claimants in respect of Subordinated Indebtedness (as defined in the Trust Deed) in the manner provided in the Trust Deed.

Claims in respect of any Notes or Coupons may not be set off, or be the subject of a counterclaim, by the Holder against or in respect of any obligations of his to the Issuer, the Trustee or any other person, and every Holder waives, and shall be treated for all purposes as if he had waived, any right that he might otherwise have to set off, or to raise by way of counterclaim any claim of his in respect of any Notes or Coupons, against or in respect of any obligations of his to the Issuer, the Trustee or any other person. If, notwithstanding the preceding sentence, any Holder receives or recovers any sum or the benefit of any sum in respect of any Note or Coupon by virtue of any such set off or counterclaim, he shall hold the same on trust for the Issuer and shall pay the amount thereof to the Issuer or, in the event of the winding up of the Issuer, to the liquidator of the Issuer.

3. **INTEREST ON FIXED RATE NOTES**

(a) **Application**

This Condition 3 is applicable to the Notes only if the Fixed Rate Note provisions are specified in the relevant Pricing Supplement as being applicable.

(b) **Accrual of interest**

Fixed Rate Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 8 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the redemption amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 3 (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the day the Principal Paying Agent or the Trustee has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment, in which case the Notes will continue to bear interest as aforesaid).

(c) **Fixed Coupon Amount**

The amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Notes are in more than one denomination (as specified in the relevant Pricing Supplement), shall be the relevant Fixed Coupon Amount in respect of the relevant denomination.

(d) **Calculation of interest amount**

The amount of interest payable in respect of each Note for any period for which a Fixed Coupon Amount is not specified shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction,

rounding the resulting figure to the nearest sub-unit of the Specified Currency (as defined in Condition 19 (*Definitions*)) (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the principal outstanding amount of such Note (as specified in the relevant Pricing Supplement) divided by the Calculation Amount. For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

4. **INTEREST ON FLOATING RATE NOTES**

(a) **Application**

This Condition 4 is applicable to the Notes only if the Floating Rate Note provisions, the Index-Linked Interest Note provisions or other variable-linked interest Note provisions are specified in the relevant Pricing Supplement as being applicable.

(b) **Accrual of interest**

Floating Rate Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 8 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the redemption amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the day the Principal Paying Agent or the Trustee has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment, in which case the Notes will continue to bear interest as aforesaid).

(c) **Screen Rate Determination**

If Screen Rate Determination is specified in the relevant Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Agent Bank on the following basis:

- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Agent Bank will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (ii) in any other case, the Agent Bank will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (iii) if, in the case of (i) above, such rate does not appear on that page or, in the case of (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Agent Bank will:
  - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time;
  - (B) determine the arithmetic mean of such quotations; and
- (iv) if fewer than two such quotations are provided as requested, the Agent Bank will determine the arithmetic mean of the rates (being the nearest to the

Reference Rate, as determined by the Agent Bank) quoted by major banks in the principal financial centre of the Specified Currency, selected by the Agent Bank, at approximately 11.00 a.m. (local time in the principal financial centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; **provided, however, that** if the Agent Bank is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

(d) **Linear interpolation**

Where "**Linear Interpolation**" is specified as applicable in respect of an Interest Period in the relevant Pricing Supplement, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates based on the Relevant Screen Page, one of which shall be determined as if the Interest Period were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Interest Period were the period of time for which rates are available next longer than the length of the relevant Interest Period; **provided, however, that** if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

(e) **ISDA Determination**

If ISDA Determination is specified in the relevant Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "**ISDA Rate**" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Agent Bank under an interest rate swap transaction if the Agent Bank were acting as calculation agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Pricing Supplement;
- (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Pricing Supplement; and
- (iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on the London inter-bank offered rate (LIBOR) for a currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Pricing Supplement.

(f) **Index-Linked Interest and other variable-linked interest**

If the Index-Linked Interest Note provisions are specified in the relevant Pricing Supplement as being applicable, the Rate(s) of Interest applicable to the Notes for each Interest Period will be determined in the manner specified in the relevant Pricing Supplement.

(g) **Maximum or Minimum Rate of Interest**

If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Pricing Supplement, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.

(h) **Calculation of Interest Amount**

The Agent Bank will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the amount of interest (the "**Interest Amount**") payable in respect of each Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the principal outstanding amount of the relevant Note divided by the Calculation Amount. For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

(i) **Calculation of other amounts**

If the relevant Pricing Supplement specifies that any other amount is to be calculated by the Agent Bank, the Agent Bank will, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount will be calculated by the Agent Bank in the manner specified in the relevant Pricing Supplement.

(j) **Publication**

The Agent Bank will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s), to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Agent Bank will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum denomination, the Agent Bank shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum denomination.

(k) **Notifications etc.**

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 4 by the Agent Bank will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such person will attach to the Agent Bank in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

(l) **Determination or Calculation by the Trustee**

If the Agent Bank does not at any time for any reason determine the Rate of Interest or calculate the Interest Amount, the Trustee shall do so and such determination or calculation shall be deemed to have been made by the Agent Bank. In doing so, the Trustee shall apply the foregoing provisions of this Condition 4, with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and in all other

respects it shall do so in such manner as it shall deem fair and reasonable in all the circumstances.

(m) **Certificates, etc. to be Final**

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purpose of the provisions of this Condition 4 whether by the Agent Bank or the Trustee shall (in the absence of manifest error) be binding on the Issuer, the Trustee, the Paying Agents, (where appropriate) the relevant Registrar and the Holders of Notes and of the Coupons appertaining thereto. No Holder of Notes or of the Coupons appertaining thereto shall be entitled to proceed against the Agent Bank, the Trustee, the Paying Agents, the relevant Registrar or any of them in connection with the exercise or non-exercise by them of their powers, duties and discretions hereunder.

5. **VARIABLE COUPON AMOUNT NOTES AND ZERO COUPON NOTES**

In the case of Notes which bear interest at a variable rate or rates ("**Variable Coupon Amount Notes**"), the dates on which interest shall be payable and the method of calculation of the interest payable on each such date shall be as set out in the relevant Pricing Supplement.

If any amount in respect of any Note which is non-interest bearing (a "**Zero Coupon Note**") is not paid when due, interest shall accrue on the overdue amount at a rate determined in accordance with the provisions of the relevant Pricing Supplement.

6. **REDEMPTION AND PURCHASE**

(a) **Final Redemption**

Unless previously redeemed or purchased and cancelled and subject as otherwise set out in the relevant Pricing Supplement, Notes will be redeemed at their principal amount or such other redemption amount as may be set out in or determined in accordance with the relevant Pricing Supplement on the Maturity Date specified in the relevant Pricing Supplement (or, in the case of Instalment Notes, in such number of instalments and in such amounts ("**Instalment Amounts**") as may be specified in, or determined in accordance with the provisions of, the relevant Pricing Supplement).

(b) **Redemption for Taxation Reasons**

If the Issuer satisfies the Trustee immediately prior to the giving of the notice referred to below that:

- (i) on a subsequent date for the payment of interest on any Series of Notes the Issuer would be required to pay any additional amounts in accordance with the provisions of Condition 7; or
- (ii) if the Issuer were to seek to redeem the Notes (for which purpose no regard shall be had as to whether or not the Issuer would otherwise be entitled to redeem such Notes), the Issuer would (notwithstanding its having made such endeavours as the Trustee shall consider reasonable) be required to pay any additional amounts in accordance with the provisions of Condition 7,

the Issuer may, having given not less than 30 nor more than 45 days' notice (ending, in the case of Floating Rate Notes, on an Interest Payment Date) to the Noteholders in respect of such Series of Notes, redeem all, but not some only, of the Notes, at their principal amount or such other redemption amount as may be set out in the relevant Pricing Supplement together with interest accrued and unpaid, if any, to the date fixed for redemption **provided that** no such notice of redemption shall be given earlier than 90 days (or in the case of Floating Rate Notes or Variable Coupon Amount Notes a number of days which is equal to the aggregate of the number of days in the then current Interest Period plus 60 days **provided that** such aggregate number of days shall not be

greater than 90 days) prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

The Issuer may exercise such option in respect of any Note notwithstanding the prior exercise by the Holder thereof of its option to require the redemption of such Note under paragraph (d) below, if the due date for redemption under this paragraph (b) would occur prior to that under paragraph (d) but not otherwise and, in such circumstances, the exercise of the option under paragraph (d) shall be rendered ineffective.

Subject only to the obligation of the Issuer to use such endeavours as aforesaid, it shall be sufficient, to establish the circumstances required to be established pursuant to this Condition 6(b), if the Issuer shall deliver to the Trustee a certificate of an independent legal adviser or accountant satisfactory to the Trustee to the effect either that such circumstances do exist or that, upon a change in or amendment to the laws (including any regulations pursuant thereto), or in the interpretation or administration thereof, of Jersey or the United Arab Emirates (as the case may be), which at the date of such certificate is proposed and in the opinion of such legal adviser or accountant is reasonably expected to become effective on or prior to the date on which the relevant payment of principal or interest in respect of the Notes would otherwise be made, becoming so effective, such circumstances would exist.

(c) **Redemption at the Option of the Issuer**

Where so set out in the relevant Pricing Supplement, Notes shall be redeemable at the option of the Issuer. In such case, the Issuer may at any time (in the case of Fixed Rate Notes or Zero Coupon Notes), on any Interest Payment Date (in the case of Floating Rate Notes or Variable Coupon Amount Notes) or otherwise as set out in the relevant Pricing Supplement, on giving (in accordance with Condition 14) not less than 30 nor more than 60 days' notice (or such other period as set out in the relevant Pricing Supplement) to the Noteholders (such notice being irrevocable) specifying the date fixed for such redemption, on the date so fixed, redeem all of such Notes (or, if so specified in the relevant Pricing Supplement and subject as therein specified, some only of the Notes) at their principal amount or such other early redemption amount as set out in the relevant Pricing Supplement together with interest accrued thereon to the date fixed for redemption.

If the Notes of a Series are to be redeemed in part only on any date in accordance with this paragraph (c):

- in the case of Bearer Notes (other than a temporary global Note or permanent global Note), the Notes to be redeemed shall be drawn by lot in such European city as the Principal Paying Agent may specify or, as the case may be, a city as the CMU Lodging and Paying Agent may specify, or identified in such other manner or in such other place as the Principal Paying Agent or the CMU Lodging and Paying Agent (as the case may be) and the Trustee may approve and deem appropriate and fair; and
- in the case of Registered Notes, the Notes shall be redeemed (so far as may be practicable) *pro rata* to their principal amounts, **provided always that** the amount redeemed in respect of each Note shall be equal to the minimum denomination thereof or an appropriate multiple thereof,

subject always to compliance with all applicable laws and the requirements of each listing authority, stock exchange and/or quotation system (if any) by which the relevant Notes may have been admitted to listing, trading and/or quotation.

In the case of the redemption of part only of a Registered Note, a new Registered Note in respect of the unredeemed balance shall be issued in accordance with Condition 13 which shall apply as in the case of a transfer of Registered Notes as if such new Registered Note were in respect of the untransferred balance.

(d) **Redemption at the Option of the Noteholders**

Where so set out in the relevant Pricing Supplement, Notes shall be redeemable at the option of the Noteholders. In such case, upon any Noteholder giving to the Issuer notice of redemption (such notice being irrevocable) the Issuer will, in accordance with the provisions set out in the relevant Pricing Supplement, redeem in whole (but not in part) the Note(s) specified in such notice at their principal amount or such other amount as may be set out in or determined in accordance with the relevant Pricing Supplement together with interest accrued thereon to the date fixed for redemption.

In order to give such notice, the Holder must, not less than 45 days before the date for redemption as set out in the relevant Pricing Supplement (or such other period as may be set out in the Pricing Supplement), deposit the relevant Note (together, in the case of an interest-bearing Definitive Note, with any unmatured Coupons appertaining thereto) with, in the case of a Bearer Note, any Paying Agent, or, in the case of a Registered Note, the relevant Registrar or any Transfer Agent together with a duly completed redemption notice in the form which is available from the specified office of any of the Paying Agents or, as the case may be, the relevant Registrar or any Transfer Agent. The Holder of a Note may not exercise such option in respect of any Note which is the subject of an exercise by the Issuer of its option to redeem such Note under Condition 6(b) or (c).

(e) **Purchases**

The Issuer or any holding or subsidiary company of it or any subsidiary of any such holding company may at any time purchase Notes at any price in the open market or otherwise and may resell the same.

(f) **Cancellation**

All Notes redeemed pursuant to paragraph (a), (b), (c) or (d) of this Condition 6 shall, and all Notes purchased pursuant to paragraph (e) of this Condition 6 may, at the option of the Issuer, be cancelled forthwith (together with, in the case of Definitive Bearer Notes, all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith) by the Paying Agent through which they are redeemed or by the Principal Paying Agent or the CMU Lodging and Paying Agent (as the case may be) to which they are surrendered. All Notes redeemed or purchased and cancelled as aforesaid may not be re-issued or resold.

(g) **Zero Coupon Notes**

Where Zero Coupon Notes are redeemed by the Issuer prior to the Maturity Date set out in the relevant Pricing Supplement, they shall be redeemed at a redemption amount determined in accordance with the provisions set out in the relevant Pricing Supplement.

(h) **Other Redemption Provisions**

The relevant Pricing Supplement may provide for other circumstances in which Notes may or shall be redeemed, the amount payable on such redemption in respect of principal only, principal and interest or interest only and whether or not Notes so redeemed shall or may be cancelled pursuant to paragraph (f) of this Condition 6.

(i) **Illegality and Force Majeure**

The Issuer shall have the right to terminate its obligations under the Notes, if the Issuer shall have determined in its absolute discretion, that the performance of such obligations shall have become unlawful or impracticable in whole or in part for any reason whatsoever, including (without prejudice to the generality of the foregoing) as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive or with any requirement or request of any governmental, administrative, legislative or judicial authority or power. In such circumstances the Notes shall be redeemable at the option of the Issuer in accordance with Condition 6(c) (*Redemption at*

*the Option of the Issuer*) even if Condition 6(c) (*Redemption at the Option of the Issuer*) is specified as "Not Applicable" in the relevant Pricing Supplement.

*For Notes which are specified as Credit-Linked Notes, please also refer to the section entitled "Additional Terms and Conditions relating to Credit-Linked Notes" which includes additional redemption and purchase circumstances relating to such Notes.*

*For Notes which are specified as Equity-Linked Notes, Cash Equity Notes and Index-Linked Notes, please also refer to the section entitled "Additional Terms and Conditions relating to Equity-Linked Notes, Cash Equity Notes and Index-Linked Notes" which includes additional redemption and purchase circumstances relating to such Notes.*

## 7. TAXATION

Except as otherwise set out in the relevant Pricing Supplement, all payments by the Issuer of principal and interest in respect of the Notes will be made without withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatever nature, present or future, as are imposed or levied by or on behalf of Jersey or the United Arab Emirates (or any authority or political subdivision therein or thereof having power to tax) unless the Issuer is required by law to withhold or deduct any such taxes, duties, assessments or governmental charges.

In that event, the Issuer will pay such additional amounts as may be necessary in order that the net amounts received by the Noteholders or Couponholders, as the case may be, after such withholding or deduction shall equal the respective amounts of principal and interest which would have been received in respect of the Notes and/or, as the case may be, Coupons in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (a) to, or to a third party on behalf of, a Holder of a Note or Coupon who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with Jersey or the United Arab Emirates other than the mere holding of such Note or Coupon; or
- (b) unless it is proved, in the case of Bearer Notes, to the satisfaction of the Principal Paying Agent, the CMU Lodging and Paying Agent (as the case may be) or the Paying Agent to whom the same is presented, or, in the case of Registered Notes, to the satisfaction of the relevant Registrar, that the Holder is unable to avoid such withholding or deduction by satisfying any statutory requirement or by making a declaration of non-residence or other similar claim for exemption to a Paying Agent or the relevant tax authorities (as applicable) or by notifying (and/or presenting evidence of such notification) any tax authorities of such payment of principal or interest or by presenting the relevant Note or Coupon at the specified office of another Paying Agent (whether within or outside the European Union); or
- (c) more than 30 days after the Relevant Date (defined below) except, in the case of Bearer Notes, to the extent that the Holder thereof would have been entitled to such additional amounts on presenting the same for payment on the last day of such period of 30 days; or
- (d) in the case of Registered Notes, unless the Holder, immediately upon becoming the Holder, is otherwise entitled to a complete exemption from withholding taxes on payments under the Notes; or
- (e) to, or to a third party on behalf of, a Holder who is not the sole beneficial owner of the Note or any Coupon, or a portion of either, or that is a fiduciary or partnership, but only to the extent that a beneficiary or settlor with respect to the fiduciary, a beneficial owner or member of the partnership would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment; or

- (f) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26th – 27th November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive.

As used herein the "**Relevant Date**" means the date on which such payment first becomes due but, in the case of Bearer Notes, if the full amount of the money payable has not been received by the Principal Paying Agent, the CMU Lodging and Paying Agent (as the case may be) or the Trustee on or prior to such due date, it means the date on which, the full amount of such money having been so received, notice to that effect shall have been duly given to the relevant Noteholders in accordance with Condition 14.

Any reference in these Conditions to principal or interest or both in respect of the relevant Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable under this Condition 7 or pursuant to any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed;
- (ii) the principal amount payable on the relevant Notes on the Maturity Date specified in the relevant Pricing Supplement;
- (iii) the principal amount payable on redemption of the relevant Notes prior to such Maturity Date; and
- (iv) any premium and any other amounts which may be payable under or in respect of the relevant Notes.

Notwithstanding any other provision in these Conditions, the Issuer shall be permitted to withhold or deduct any amounts required by the rules of U.S. Internal Revenue Code of 1986 Sections 1471 through 1474 (or any amended or successor provisions), pursuant to any inter-governmental agreement, or implementing legislation adopted by another jurisdiction in connection with these provisions, or pursuant to any agreement with the US Internal Revenue Service ("**FATCA withholding**"). The Issuer will have no obligation to pay additional amounts or otherwise indemnify a holder for any FATCA withholding deducted or withheld by the Issuer, a Paying Agent or any other party as a result of any person (other than an agent of the Issuer) not being entitled to receive payments free of FATCA withholding.

## 8. PAYMENTS

### (a) Bearer Notes

Payments of principal and interest (if any) in respect of Bearer Notes will (subject as provided below) be made against presentation and (save in the case of partial payment or payment of an Instalment Amount (other than the final Instalment Amount)) surrender of the relevant Note or, in the case of payments of interest, surrender of the relevant Coupon at the specified office of any Paying Agent outside the United States (subject to the next paragraph).

Payments of amounts due in respect of interest on Bearer Notes and exchanges of Talons for Coupon sheets will not be made at the specified office of any Paying Agent in the United States (as defined in the United States Internal Revenue Code of 1986 and Regulations thereunder) unless (a) payment in full of amounts due in respect of interest on such Notes when due or, as the case may be, the exchange of Talons at all the specified offices of the Paying Agents outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions and (b) such payment or exchange is permitted by applicable United States law, in which case the Issuer shall forthwith appoint a further Paying Agent with a specified office in New York City.

If the due date for payment of any amount due in respect of any Bearer Note is not both a Relevant Financial Centre Day and, if such Bearer Note is a Definitive Bearer Note or

if the Pricing Supplement so specify, a Local Banking Day (each as defined below), then the Holder thereof will not be entitled to payment thereof until the next day which is such a day and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 3, 4 or 5, as appropriate.

Payment of Instalment Amounts (other than the final Instalment Amount) in respect of an Instalment Note which is a Definitive Bearer Note with Receipts will be made against presentation of the Note together with the relevant Receipt and surrender of such Receipt.

The Receipts are not and shall not in any circumstances be deemed to be documents of title and if separated from the Note to which they appertain will not represent any obligation of the Issuer. Accordingly, the presentation of a Note without the relative Receipt or the presentation of a Receipt without the Note to which it appertains shall not entitle the Holder to any payment in respect of the relevant Instalment Amount.

Upon the due date for redemption of any Definitive Bearer Note other than a Fixed Rate Note all unmatured Coupons and Talons (if any) relating to such Definitive Bearer Note (whether or not attached) shall become void and no payment shall be made in respect of them. Definitive Bearer Notes which are Fixed Rate Notes should be presented for payment with all unmatured Coupons appertaining thereto, failing which the face value of any missing unmatured Coupon (or, in the case of payment not being made in full, that portion of the amount of such missing unmatured Coupon which the sum of principal so paid bears to the total amount of principal due) will be deducted from the sum due for payment. Any amount of principal so deducted will be paid in the manner mentioned above against surrender of the relevant missing Coupon within a period of ten years from the Relevant Date (as defined in Condition 7) for the payment of such principal, whether or not such Coupon has become void pursuant to Condition 11 or, if later, five years from the date on which such Coupon would have become due.

Notwithstanding the above, if any Definitive Bearer Notes should be issued with a Maturity Date and an interest rate or rates such that, on the presentation for payment of any such Definitive Bearer Note without any unmatured Coupons attached thereto or surrendered therewith, the amount required to be deducted would be greater than the amount otherwise due for payment, then, upon the due date for redemption, such unmatured Coupons (whether or not attached) shall become void (and no payment shall be made in respect thereof) as shall be required so that the amount required to be deducted would not be greater than the amount otherwise due for payment. Where the application of the foregoing sentence requires some but not all of the unmatured Coupons relating to a Definitive Bearer Note to become void, the relevant Paying Agent shall determine which unmatured Coupons are to become void, and shall select for such purpose Coupons maturing on later dates in preference to Coupons maturing on earlier dates. Upon any Definitive Bearer Notes becoming due and repayable prior to their Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

In relation to Definitive Bearer Notes initially delivered with Talons attached thereto, on or after the due date for the payment of interest on which the final Coupon comprised in any Coupon sheet matures, the Talon comprised in the Coupon sheet may be surrendered at the specified office of any Paying Agent outside the United States (save as provided above) in exchange for a further Coupon sheet (including any appropriate further Talon), subject to the provisions of Condition 11. Each Talon shall, for the purpose of these Conditions, be deemed to mature on the due date for the payment of interest on which the final Coupon comprised in the relative Coupon sheet matures.

If (otherwise than by reason of the application of the above) the due date for redemption of any Definitive Bearer Note is not the due date for the payment of a Coupon appertaining thereto, interest accrued in respect of such Note from (and including) the last preceding due date for the payment of a Coupon (or from the Issue Date or the

Interest Commencement Date, as the case may be) will be paid only against surrender of such Bearer Note and all unmatured Coupons appertaining thereto.

(b) **Registered Notes**

Payment of the amount due on final redemption (the "**Redemption Amount**") in respect of Registered Notes will be made against presentation and, save in the case of partial payment of the Redemption Amount, surrender of the relevant Registered Notes at the specified office of the relevant Registrar. If the due date for payment of the Redemption Amount of any Registered Note is not both a Relevant Financial Centre Day and, if such Registered Note is not in global form or if the Pricing Supplement so specify, a Local Banking Day (each as defined below), then the Holder thereof will not be entitled to payment thereof until the next day which is such a day and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 3, 4 or 5, as appropriate.

Payment of amounts (whether principal, interest or otherwise) due (other than the Redemption Amount) in respect of Registered Notes will be paid to the Holder thereof (or, in the case of joint Holders, the first-named) as appearing in the register kept by the relevant Registrar at the close of business (local time in the place of the specified office of the relevant Registrar) on the fifteenth day prior to the due date for such payment (the "**Record Date**").

Payment will be made in the currency in which such amount is due either by cheque posted to the Noteholder's registered address (or, in the case of joint Holders, the first-named) not later than the relevant due date for payment unless prior to the relevant Record Date the Holder thereof (or, in the case of joint Holders, the first named) has applied to the relevant Registrar and such Registrar has acknowledged such application for payment to be made to a designated account denominated in the relevant currency, in each case as specified in paragraph 8(c) below.

(c) **General Provisions**

The following provisions apply to both Bearer Notes and Registered Notes. Payments of amounts due (whether principal, interest or otherwise) in respect of Notes will be made in the currency in which such amount is due either (a) by cheque, or (b) at the option of the payee, by transfer to an account denominated in the relevant currency specified by the payee, **provided that** payments in respect of Notes held in the CMU Service will be made to the person(s) for whose account(s) interests in the relevant Bearer Note or, as the case may be, Registered Note are credited as being held with the CMU Service in accordance with the CMU Rules (as defined in the Trust Deed) at the relevant time as notified to the CMU Lodging and Paying Agent by the CMU Service in a relevant CMU Instrument Position Report (as defined in the Trust Deed) or any other relevant notification by the CMU Service, which notification shall be conclusive evidence of the records of the CMU Service (save in the case of manifest error) and payment made in accordance thereof shall discharge the obligations of the Issuer in respect of that payment. For the avoidance of doubt, so long as any Note or Coupon is held by the CMU Service, presentation thereof to the CMU Lodging and Paying Agent shall not be required as a precondition of its making payments in respect thereof.

Payments of principal, interest and other amounts (if any) in respect of Notes are subject in all cases to any fiscal or other laws and regulations applicable in the place of payment but without prejudice to the provisions of Condition 7.

Without prejudice to the generality of the foregoing, the Issuer reserves the right to require any person receiving payment of principal, interest and/or other sums with respect to any Note or Coupon to provide a Paying Agent with such certification or information as may be required to enable the Issuer to comply with the requirements of the United States Federal Income Tax laws or such other laws as the Issuer may be required to comply with.

(d) **Payment of US Dollar Equivalent**

The following provisions apply to both Bearer Notes and Registered Notes denominated in Renminbi only. Notwithstanding the foregoing, if by reason of Inconvertibility, Non-transferability or Illiquidity, the Issuer is not able to satisfy payments of principal or interest in respect of Notes denominated in Renminbi when due in Renminbi in Hong Kong, the Issuer may, on giving not less than five or more than 30 calendar days' irrevocable notice to the Noteholders prior to the due date for payment, settle any such payment in US Dollars on the due date at the US Dollar Equivalent of any such Renminbi denominated amount.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 8(d) above by the Renminbi Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders.

9. **REDENOMINATION**

(a) **General**

Where redenomination is specified in the relevant Pricing Supplement as being applicable, and in respect of Notes denominated in a National Currency Unit (as defined below) (the "**Relevant Currency**") the Issuer may, without the consent of the Trustee or the Noteholders, on giving at least 30 days' prior notice to the Noteholders in accordance with Condition 14, designate a Redenomination Date in respect of such Notes.

With effect from the Redenomination Date:

- (i) each Note shall (unless already so provided by mandatory provisions of applicable law) be deemed to be redenominated into an amount of euro in the denomination of euro 0.01 with a principal amount for each Note equal to the principal amount of that Note in the Relevant Currency converted into euro at the rate for the conversion of the Relevant Currency into euro established by the Council of the European Union pursuant to the Treaty (including compliance with rules relating to roundings in accordance with EC regulations); **Provided, however, that**, if the Issuer determines, with the prior approval of the Trustee, that the market practice in respect of the redenomination into euro 0.01 of internationally offered securities is different from that specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of such deemed amendments;
- (ii) if Notes are in definitive form:
  - (A) all unmatured Coupons denominated in the Relevant Currency (whether or not attached to the Notes) will become void with effect from the date (the "**Euro Exchange Date**") on which the Issuer gives notice (the "**Euro Exchange Notice**") to the Noteholders that replacement Notes and Coupons denominated in euro are available for exchange (**provided that** such Notes and Coupons are available) and no payments will be made in respect thereof;
  - (B) the payment obligations contained in all Notes denominated in the Relevant Currency will become void on the Euro Exchange Date but all other obligations of the Issuer thereunder (including the obligation to exchange such Notes in accordance with this Condition 9(a)(ii)) shall remain in full force and effect; and
  - (C) new Notes and Coupons denominated in euro will be issued in exchange for Notes and Coupons denominated in the Relevant

Currency in such manner as the Principal Paying Agent may specify and as shall be notified to the Noteholders in the Euro Exchange Notice;

- (iii) all payments in respect of the Notes (other than, unless the Redenomination Date is on or after such date as the Relevant Currency ceases to be a sub-division of the euro, payments of interest in respect of periods commencing before the Redenomination Date) will be made solely in euro, as though references in the Notes to the Relevant Currency were to euro. Such payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) maintained by the payee with a bank in the principal financial centre of any member state of the European Communities; and
- (iv) such other changes will be made to the Programme as the Issuer may decide, with the prior written approval of the Trustee, to conform such Notes to conventions then applicable to instruments denominated in euro. Any such other changes will not take effect until after they have been notified to the Noteholders in accordance with Condition 14.

None of the Issuer, the Trustee, or any Paying Agent will be liable to any Noteholder or other person for any commissions, costs, losses or expenses in relation to or resulting from any credit or transfer of euro or any currency conversion or rounding effected in connection therewith.

(b) **Interest**

Following redenomination of the Notes pursuant to Condition 9(a) above:

- (i) where Notes are in definitive form, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate principal amount of the Notes presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (ii) in respect of Fixed Rate Notes where interest is payable annually, any interest required to be calculated for a period of less than one year in respect of the Notes shall be calculated on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed fall in a leap year, the sum of (a) the number of those days falling in a leap year divided by 366 and (b) the number of those days falling in a non-leap year divided by 365); **provided, however, that** if the Issuer determines, with the prior agreement of the Trustee, that the market practice in respect of internationally offered euro denominated securities is different from that specified above, the above shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of such deemed amendment;
- (iii) in respect of Fixed Rate Notes where interest is payable quarterly or semi-annually, the amount of interest payable in respect of each Note on any Interest Payment Date shall be calculated by applying the Rate of Interest to the principal amount of such Note, dividing the product by four or two (as the case may be) and rounding the figure down to the nearest euro 0.01. If interest is required to be calculated for any other period, it shall be calculated on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed fall in a leap year, the sum of (a) the number of those days falling in a leap year divided by 366 and (b) the number of those days falling in a non-leap year divided by 365); **provided, however, that** if the Issuer determines, with the prior agreement of the Trustee, that the market practice in respect of such internationally offered euro denominated securities is different from that specified above, the above shall be deemed to be amended so as to comply with

such market practice and the Issuer shall promptly notify the Noteholders, each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of such deemed amendment;

- (iv) in respect of Floating Rate Notes, the Interest Amount payable in respect of the Notes for each Interest Period will be calculated by applying the Rate of Interest for such Interest Period to the principal amount of such Note during the Interest Period, multiplying the product by the actual number of days in such Interest Period divided by 360 and rounding the resulting figure down to the nearest euro 0.01; and
- (v) in respect of Floating Rate Notes, the Rate of Interest for any subsequent Interest Period shall be determined by the Agent Bank on the basis of provisions which it determines, in its sole and absolute discretion, reflects the market practice in respect of internationally offered euro denominated securities.

#### 10. ENFORCEMENT

- (a) In the case of any Series of Notes other than Subordinated Notes, if default is made for a period of 14 days or more in the repayment of any principal due on the Notes of such Series or any of them or in the payment of any interest due in respect of the Notes of such Series or any of them, then the Trustee may at its discretion, and if so requested by the Holders of at least one-fifth in principal amount of such Notes then outstanding or if so directed by an Extraordinary Resolution (as defined in the Trust Deed) of the Holders of such Notes (subject in each case to being indemnified and/or secured and/or prefunded to its satisfaction) shall, give written notice to the Issuer that the Notes of such Series are immediately due and repayable, whereupon the principal amount of such Notes or such other amount as set out in the relevant Pricing Supplement shall become immediately due and repayable together with interest accrued to (but excluding) the date of actual repayment;

**Provided that** it shall not be such a default to withhold or refuse any such payment (1) in order to comply with any fiscal or other law or regulation or with the order of any court of competent jurisdiction, in each case applicable to such payment or (2) in cases of doubt as to the validity or applicability of any such law, regulation or order, in accordance with advice given at any time during the said period of 14 days by independent legal advisers acceptable to the Trustee as to such validity or applicability.

- (b) In the case of any Series of Subordinated Notes:
  - (i) if default is made for a period of 7 days or more in the repayment of any principal due on the Notes of such Series or any of them or for a period of 14 days or more in the payment of any interest due in respect of the Notes of such Series or any of them, then the Trustee may, in order to enforce payment, at its discretion and without further notice, in the case of a Series of Subordinated Notes, institute proceedings for the declaration of the property of the Issuer "*en désastre*" in Jersey,

**Provided that** it shall not be such a default to withhold or refuse any such payment (1) in order to comply with any fiscal or other law or regulation or with the order of any court of competent jurisdiction, in each case applicable to such payment or (2) in cases of doubt as to the validity or applicability of any such law, regulation or order, in accordance with advice given at any time during the said period of 7 or 14 days, as the case may be, by independent legal advisers acceptable to the Trustee as to such validity or applicability;

- (ii) the Trustee may at its discretion and without further notice institute such proceedings against the Issuer as it may think fit and may, subject as hereinafter provided, institute proceedings for the declaration of the property of the Issuer "*en désastre*" in Jersey to enforce any obligation, condition or provision binding

on the Issuer under the Trust Deed in relation to such Series of Subordinated Notes or under such Notes or the Coupons appertaining thereto (other than any obligation for the payment of any principal or interest in respect of such Notes or Coupons or any other payment obligation in respect thereof) **provided that** the Issuer shall not by virtue of the institution of any such proceedings other than proceedings for the declaration of the property of the Issuer "*en désastre*" be obliged to pay any sum or sums (whether in respect of principal or interest or other sums in respect of the relevant Notes or the Coupons appertaining thereto or by way of damages in respect of any breach of any such obligation, condition or provision or otherwise howsoever). The Trustee may only institute proceedings for the declaration of the property of the Issuer "*en désastre*" to enforce the obligations above referred to in this paragraph if a default by the Issuer thereunder is not remedied to the satisfaction of the Trustee within 60 days (or such longer period as the Trustee may permit) after notice of such default has been given to the Issuer by the Trustee requiring such default to be remedied.

*NB: The restriction on the payment of damages would have the effect of limiting the remedies available to the Trustee in the event of a breach of certain covenants by the Issuer.*

- (c) In the case of any Series of Notes, in the event of an order being made or an effective resolution being passed for the winding up of the Issuer in Jersey or the declaration of the property of the Issuer "*en désastre*" in Jersey (otherwise than in connection with a scheme of reconstruction or amalgamation the terms of which shall previously have been approved in writing by the Trustee or by an Extraordinary Resolution of the Holders of the relevant Series of Notes) the Trustee may declare the Notes of the relevant Series to be due and redeemable immediately (and such Notes shall thereby become so due and redeemable) at their principal amount together with accrued interest as provided in the Trust Deed and the relevant Pricing Supplement or at such other amount, or at such amount calculated in accordance with such other formula, as is set out in the relevant Pricing Supplement.
- (d) The Trustee shall not in any event be bound to take any of the actions referred to in Condition 10(b)(i) or (ii) or Condition 10(c) above in respect of any Series of Notes unless (i) it shall have been so requested in writing by the Holders of at least one-fifth of the principal amount of the Notes of the relevant Series then outstanding or it shall have been so directed by an Extraordinary Resolution of the Holders of the Notes of the relevant Series and (ii) it shall have been indemnified and/or secured and/or prefunded to its satisfaction.
- (e) No remedy against the Issuer other than as specifically provided by this Condition 10 or the Trust Deed shall be available to the Trustee, the Noteholders or Couponholders in respect of any Series of Notes whether for the recovery of amounts owing in respect of such Notes or the Coupons appertaining thereto or under the Trust Deed or in respect of any breach by the Issuer of any obligation, condition or provision under the Trust Deed or such Notes or Coupons or otherwise, and no Noteholder or Couponholder shall be entitled to proceed directly against the Issuer unless the Trustee, having become bound to proceed, fails to do so within a reasonable period and such failure shall be continuing in which case any such Holder may, upon giving an indemnity satisfactory to the Trustee, in the name of the Trustee (but not otherwise), himself institute proceedings against the Issuer for the relevant remedy to the same extent (but not further or otherwise) that the Trustee would have been entitled to do so.

## 11. **PRESCRIPTION**

Notes and Coupons will become void unless presented for payment within a period of ten (10) years and five (5) years, respectively, from the Relevant Date (as defined in Condition 7) in respect thereof. Any monies paid by the Issuer to the Principal Paying Agent, CMU Lodging and Paying Agent (as the case may be) or the Trustee for the payment of the principal or interest in respect of any Notes or Coupons and remaining unclaimed when such Notes or Coupons become

void will then revert to the Issuer and all liability of the Principal Paying Agent, the CMU Lodging and Paying Agent (as the case may be) or the Trustee with respect thereto will thereupon cease.

There shall not be included in any Coupon sheet issued in exchange for a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 11 or Condition 8.

12. **PAYING AGENTS, TRANSFER AGENTS, AGENT BANK AND REGISTRAR**

The Agency Agreement contains provisions indemnifying the Principal Paying Agent, the CMU Lodging and Paying Agent, the Paying Agents and Transfer Agents (if any), the Agent Bank and the Registrars and absolving them from responsibility in connection with certain matters. The Agency Agreement may be amended by the parties thereto in relation to any Series of Notes if, in the opinion of the Issuer and the Trustee, the amendment will not materially adversely affect the interests of the relevant Holders.

The Issuer reserves the right at any time to vary or terminate the appointment of the Principal Paying Agent, the CMU Lodging and Paying Agent, any Paying Agent or Transfer Agent, the Agent Bank or any Registrar and to appoint additional or other Paying Agents and/or Transfer Agents or a substitute Agent Bank or a substitute Registrar, **provided that** it will, so long as any Notes are outstanding, maintain (i) an Agent Bank, (ii) a Paying Agent, (iii) in the case of any Registered Notes, a Registrar with a specified office in England or such City as may be specified in the relevant Pricing Supplement and (iv) a paying agent in an EU Member State that is not obliged to withhold or deduct tax pursuant to the European Council Directive 2003/48/EC or any other directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to such Directive. Notice of all changes in the identities or specified offices of any Paying Agent, Agent Bank or Registrar will be given by the Issuer to Noteholders in accordance with Condition 14.

13. **REPLACEMENT, EXCHANGE AND TRANSFER**

Should any Note or Coupon be lost, stolen, mutilated, defaced or destroyed it may be replaced at the specified office (in the case of a Bearer Note or Coupon) of the Principal Paying Agent, the CMU Lodging and Paying Agent (as the case may be) or such other Paying Agent or office as the Trustee may approve or (in the case of Registered Notes) of the relevant Registrar upon payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

Upon the terms and subject to the conditions set out in the Agency Agreement and the relevant Pricing Supplement, a Registered Note may be exchanged for a Registered Note or Notes of equal aggregate principal amount in such different authorised denominations as may be requested by the Noteholder by surrender of such Registered Note at the specified office of the relevant Registrar, together with a written request for the exchange.

Upon the terms and subject to the conditions set out in the Agency Agreement, a Registered Note may be transferred in whole or in part only (**provided that** such part is, or is an appropriate multiple of, the minimum denomination set out in the Pricing Supplement) by the Holder or Holders surrendering the Registered Note for registration of transfer at the office of the relevant Registrar, duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Issuer and the relevant Registrar, duly executed by the Holder or Holders thereof or his or their attorney duly authorised in writing. A new Registered Note will be issued to the transferee and, in the case of a transfer of part only of a Registered Note, a new Registered Note in respect of the balance not transferred will be issued to the transferor.

If so set out in the relevant Pricing Supplement, the Holder of Bearer Notes may exchange the same for the same aggregate principal amount of Registered Notes upon the terms and subject to the conditions set forth in the Agency Agreement. In order to exchange a Bearer Note for a Registered Note, the Holder thereof shall surrender such Bearer Note at the specified office

outside the United States of the Principal Paying Agent, the CMU Lodging and Paying Agent (as the case may be) or of the relevant Registrar together with a written request for the exchange. Each Bearer Note so surrendered must be accompanied by all unmatured Coupons appertaining thereto other than the Coupon in respect of the next payment of interest falling due after the Exchange Date (as defined below) where the Exchange Date would, but for the provisions of this paragraph, occur between the Record Date (as defined in Condition 8(b)) for such payment of interest and the date on which such payment of interest falls due.

Each new Registered Note to be issued upon the transfer of a Registered Note or the exchange of a Bearer Note for a Registered Note will, within three Relevant Banking Days of the Transfer Date or, as the case may be, the Exchange Date be available for delivery at the specified office of the relevant Registrar or, at the option of the Holder requesting such exchange or transfer be mailed (by uninsured post at the risk of the Holder(s) entitled thereto) to such address(es) as may be specified by such Holder.

The costs and expenses of effecting any exchange or registration of transfer pursuant to the foregoing provisions, except for the expenses of delivery by other than regular mail or insurance charges that may be imposed in relation thereto, shall be borne by the Issuer.

The relevant Registrar shall not be required to register the transfer of or exchange Registered Notes for a period of 15 days preceding the due date for any payment of principal of or interest in respect of such Notes.

#### 14. NOTICES

- (a) All notices to the Holders of Notes or the Coupons appertaining thereto will be valid if published in one leading daily newspaper with general circulation in London (which is expected to be the Financial Times), Asia (as the case may be) or if such publication is not practicable, if published in a leading English language daily newspaper having general circulation in Europe or Asia (as the case may be). Any such notice shall be deemed to have been given on the date of such publication or, if published more than once, on the date of the first such publication (or, if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers).

Holders of any Coupons appertaining to Bearer Notes will be deemed for all purposes to have notice of the contents of any notice given to the Holders of such Bearer Notes in accordance herewith.

Notwithstanding the foregoing, any notices to Holders of Registered Notes will be deemed to have been validly given if mailed to their registered addresses (as advised by the relevant Registrar) or to that of the first named of them in the case of joint Holders.

Notwithstanding the foregoing, while the Notes of any Series are represented by a Note or Notes in global form ("**Global Notes**") and such Global Notes are deposited with, or with a depositary for or on behalf of, Euroclear and/or Clearstream, Luxembourg and/or any other clearing system or depositary, each person who has for the time being a particular principal amount of the Notes credited to his securities account in the records of Euroclear or Clearstream, Luxembourg or such other clearing system or depositary shall be treated as the Holder in respect of that principal amount of the Notes for all purposes other than for the purposes of payment of principal and interest on such Notes, and in such case notices to the Holders may be given by delivery of the relevant notice to the relevant clearing system or depositary and such notices shall be deemed to have been given to the Holders holding through the relevant clearing system or depositary on the date of delivery to the relevant clearing system or depositary.

Notwithstanding the foregoing, while the Notes of any Series are represented by a Global Note, and such Global Notes are deposited with a sub-custodian for and registered in the name of The Hong Kong Monetary Authority ("**HKMA**"), as operator of the CMU, notices to Holders may be given by delivery of the relevant notice to persons shown in the CMU Instrument Position Report (as defined in the Agency

Agreement) issued by the HKMA on the business day prior to the date of despatch of such notice. Any such notice shall be deemed to have been given to the Holders on the second day after the day on which such notice is delivered to the persons shown in the relevant CMU Instrument Position Report.

- (b) Notices given by any Noteholder shall be in writing and given by lodging the same, together with the relative Note or Notes, with the Principal Paying Agent, the CMU Lodging and Paying Agent (as the case may be) or other Paying Agent (if any) at its specified office.

15. **MODIFICATION OF TERMS, WAIVER AND SUBSTITUTION**

The Trust Deed contains provisions for convening meetings of the Holders of the Notes of any Series to consider any matter affecting their interests, including, subject to the agreement of the Issuer, the modification by Extraordinary Resolution of the terms and conditions of such Notes or the provisions of the Trust Deed with respect to such Notes except, *inter alia*, certain terms concerning the amount and currency and the postponement of the due date of payment of the Notes and the Coupons appertaining thereto or interest or other amount payable in respect thereof, the modification of which may only be effected if passed at a meeting the quorum at which is persons holding or representing not less than two thirds, or at any adjourned such meeting not less than one third, in principal amount of the Notes of such Series for the time being outstanding.

An Extraordinary Resolution passed at any meeting of the Holders of the Notes of any Series will be binding on all Holders of Notes of that Series, whether or not they are present at the meeting, and on the Holders of Coupons appertaining to the Notes of that Series.

Subject to certain exceptions, the Trustee may agree, without the consent of the Holders of Notes of any Series or the Holders of the Coupons appertaining thereto (if any) to making any modification to the Conditions or to the provisions of the Trust Deed or to the relative Notes or Coupons if in the opinion of the Trustee such alteration:

- (i) is of a formal, minor or technical nature; or
- (ii) is made to correct a manifest error; or
- (iii) is not materially prejudicial to the interests of such Noteholders and/or Couponholders.

Any such modification shall be binding on the Holders of Notes of that Series and the Holders of the Coupons appertaining thereto and, unless the Trustee agrees otherwise, shall be notified to the Holders of Notes of that Series as soon as practicable thereafter.

Subject to certain exceptions, the Trustee may, in relation to each Series of Notes, without prejudice to its rights in respect of any subsequent breach or event, from time to time and at any time, but only if and insofar as in its opinion the respective interests of the Holders of Notes of such Series and the Holders of the Coupons appertaining thereto shall not be materially prejudiced thereby, waive or authorise any breach or prospective breach by the Issuer of any of the covenants or provisions contained in the Trust Deed or such Notes or Coupons or determine that any Default or any event which with the lapse of time and/or giving of notice would be a Default, but for such determination, shall not be treated as such.

For the purposes of this Condition, "**Default**" means any of the defaults set out in Condition 10 paragraph (a) and (b)(i) and any failure to meet any obligation, condition or provision referred to in paragraphs (b)(ii) or (c) of Condition 10.

Any such waiver, authorisation or determination may be given or made on such terms and subject to such conditions as shall seem fit and proper to the Trustee and shall be binding on the Holders of Notes of that Series and the Holders of the Coupons appertaining thereto and if, but only if, the Trustee shall so reasonably require, shall be notified by the Issuer to the Holders of Notes of that Series as soon as practicable thereafter.

Subject to such amendment of the Trust Deed and such other conditions as the Trustee may require, but without the consent of the Holders of Notes of any Series or the Holders of the Coupons appertaining thereto (if any), the Trustee may also agree, subject to such Notes and the Coupons appertaining thereto being irrevocably guaranteed by the Issuer (on a subordinated basis in the case of Subordinated Notes), to the substitution of a subsidiary or holding company of the Issuer or any subsidiary of any such holding company in place of the Issuer as principal debtor under such Notes and the Coupons appertaining thereto (if any) and the Trust Deed insofar as it relates to such Notes.

In connection with the exercise of its powers, trusts, authorities or discretions (including, but not limited to those in relation to any proposed modification, waiver, authorisation, or substitution as aforesaid) the Trustee shall have regard to the interests of the Holders of the Notes of the relevant Series as a class and in particular, but without limitation, shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders resulting from the individual Noteholders or Couponholders being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders.

16. **FURTHER ISSUES**

The Issuer shall be at liberty from time to time without the consent of the Holders of Notes of any Series or Holders of the Coupons appertaining thereto (if any) to create and issue further notes ranking equally in all respects (or in all respects save as specified in the relevant Pricing Supplement) with the Notes of such Series so that the same shall be consolidated and form a single series with such Notes for the time being outstanding.

17. **LAW AND JURISDICTION**

The Trust Deed, the Notes and the Coupons (if any) and all non-contractual obligations arising out of or in connection with them are governed by English law. The courts of England have exclusive jurisdiction to settle any dispute ("**Dispute**") arising out of or in connection with the Notes (including a Dispute relating to the existence, validity or termination of the Trust Deed, the Notes and the Coupons (if any) or any non-contractual obligation arising out of or in connection with the Trust Deed, the Notes and the Coupons (if any)) or the consequences of their nullity.

The Issuer agrees that the documents which start any proceedings and any other documents required to be served in relation to those proceedings may be served on it by being delivered to Deputy Head of Corporate Trust and Loan Agency, HSBC Bank plc, 8 Canada Square, London E14 5HQ or, if different, its registered office for the time being or at any address of the Issuer in Great Britain at which process may be served on it in accordance with Part 34 of the Companies Act 2006. If such person is not or ceases to be effectively appointed to accept service of process on behalf of the Issuer, the Issuer shall, on the written demand of the Trustee addressed and delivered to the Issuer or to the specified office of the Principal Paying Agent or, as the case may be, the CMU Lodging and Paying Agent appoint a further person in England to accept service of process on its behalf and, failing such appointment within 15 days, the Trustee shall be entitled to appoint such a person by written notice addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Principal Paying Agent or, as the case may be, the CMU Lodging and Paying Agent. Nothing in this paragraph shall affect the right of the Trustee to serve process in any other manner permitted by law. This Condition applies to Proceedings in England and to Proceedings elsewhere.

In the case of a substitution under Condition 15, the Trustee may agree, without the consent of the Holders of the Notes of any Series or of the Coupons appertaining thereto, to a change of the law governing the Notes of any Series or the Coupons appertaining thereto and/or the Trust Deed insofar as it relates to such Series of Notes **provided that** such change would not in the opinion of the Trustee be materially prejudicial to the interests of the Holders of the Notes of such Series, but the Trustee shall, in giving such agreement, have regard to the interests of the Holders of the Notes of such Series as a class and in particular, but without limitation, shall not have regard to the consequences of such change for individual Noteholders or Couponholders resulting from

their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory, and the Trustee shall not be entitled to require, nor shall any Holders of the Notes of any Series or of the Coupons appertaining thereto be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequences of any such substitution upon individual Holders of the Notes of any Series or of the Coupons appertaining thereto.

18. **THIRD PARTY RIGHTS**

- (i) Subject to Condition 6(a)(ii) below and subject as otherwise set out in the Conditions, the Notes will, unless previously redeemed or purchased and cancelled, be redeemed at their principal amount or such other redemption amount as may be set out in or determined in accordance with the Conditions on the Maturity Date specified in the relevant Conditions.
- (ii) The Issuer's obligation to redeem the Notes in accordance with Condition 6(a)(i) above is subject to the condition precedent that no Credit Event Notice has been given on or before the Maturity Date and subsists only so long as a Credit Event Notice has not been given. Accordingly, the Issuer shall have no obligation to redeem the Notes in accordance with Condition 6(a)(i) above if, on or before the Maturity Date, a Credit Event Notice has been given. In such circumstances, the only obligations of the Issuer with regard to redemption of the Notes shall be to redeem the Notes in accordance with the provisions set out in the Pricing Supplement and subject to the following provisions of this Condition 6.

The following Conditions 6(i), (j), (k), (l), (m), and (n) shall be added to Condition 6 (Condition 6(h) being omitted):

"6(i) *Redemption following the occurrence of a Credit Event*

- (i) Following the occurrence of a Credit Event on or after the Credit Event Backstop Date (determined by reference to Greenwich Mean Time) and on or prior to the Scheduled Maturity Date, the Issuer may at any time on or before the Notice Delivery Period End Date, and irrespective of whether such Credit Event is continuing and/or any other Credit Event has occurred, give notice thereof to the Noteholders (such notice the "**Credit Event Notice**" and the date on which such notice is given, the "**Credit Event Notice Date**") in accordance with Condition 14 (*Notices*) and Part B of the Conditions. The Issuer shall be under no obligation to give notice of any Credit Event and no delay in giving, or omission to give, notice of any Credit Event shall prejudice the Issuer's right to give notice with respect to such (or any other) Credit Event provided such notice is given no later than on or prior to the Notice Delivery Period End Date.

For the avoidance of doubt, the Issuer may give a Credit Event Notice whether or not it has already taken any steps to exercise its option under Condition 6(b) (*Redemption for Taxation Reasons*), and any giving of a Credit Event Notice shall supersede and override any earlier exercise of such option.

- (ii) If the Issuer gives a Credit Event Notice, and subject as provided in (iii) below:
  - (a) the Issuer shall be obliged to redeem the Notes (and shall be obliged to redeem the Notes only) by payment on the Credit Event Redemption Date of the Credit Event Redemption Amount; and
  - (b) the Issuer shall not be liable to pay interest on the Notes in respect of all or any part of the Interest Period current at the earlier to occur of (A) the relevant Credit Event Notice Date; (B) the relevant Valid Credit Event Resolution Request Date **provided that** a Credit Event Notice Date subsequently occurs (or, in either case, if such date is on or after the Scheduled Maturity Date, the Interest Period to (but excluding) the Scheduled Maturity Date) nor in respect of any subsequent period, and interest shall be treated as having ceased to accrue accordingly; **provided, however, that**, if "Interest until Credit Event Notice Date "

is specified then the Issuer shall pay the interest accrued to, but excluding, the earlier to occur of (I) the Credit Event Notice Date; (II) the Valid Credit Event Resolution Request Date **provided that** a Credit Event Notice Date subsequently occurs; (III) the Scheduled Maturity Date; and (IV) the Maturity Date.

- (iii) This Condition 6(i)(iii) applies if the Calculation Amount is required to be allocated as contemplated in paragraph (e) of the definition of Successor in Condition 6(n). In such circumstances:
- (a) the Issuer shall be entitled under this Condition 6(i) to give multiple Credit Event Notices, one with respect to each Successor, and where any Credit Event Notice is so given, the conditions precedent to the obligations of the Issuer to pay interest on, and principal of, the Notes shall be treated as unsatisfied only in relation to an amount (the "**Successor Partial Redemption Amount**") of the outstanding principal amount of the Notes equal to the proportion of the Calculation Amount allocated to the relevant Successor;
  - (b) where any Reference Entity (a "**Surviving Reference Entity**") (other than the Reference Entity the subject of the Succession Event) is a Successor to any Reference Entity (the "**Legacy Reference Entity**"), then such Surviving Reference Entity shall be deemed to be specified as a Reference Entity once only and the Calculation Amount in respect of such Reference Entity shall be the sum of the Calculation Amount applicable to that Reference Entity immediately prior to the Succession Event and the relevant portion of the Calculation Amount of the Legacy Reference Entity as provided in paragraph (e) of the definition of Successor;
  - (c) where a Credit Event Notice is so given the provisions of this Condition 6 will apply so as to require the Issuer to redeem the Notes in part only on the relevant Cash Settlement Date, by payment of an amount equal to whichever is the greater of (1) the Successor Partial Redemption Amount minus the Cash Settlement Amount and (2) zero, and on payment of such amount (or, if such amount is zero, on the Cash Settlement Date) the outstanding principal amount of the Notes shall be deemed to have been repaid in an amount equal to the Successor Partial Redemption Amount (which shall be the amount on which interest shall be treated as having ceased to accrue or to accrue (as applicable) as contemplated in (ii) above); and
  - (d) save where the full principal amount of the Notes has been so redeemed, the Issuer shall remain entitled notwithstanding any such partial redemption to give one or more further Credit Event Notices with respect to any such Successor or any other Reference Entity in respect of which no Credit Event Notice has been effectively given.
- (iv) This Condition 6(i)(iv) applies if one or more Restructuring Credit Events occurs on or prior to the Scheduled Maturity Date (and whether or not such event is continuing). In such circumstances:
- (a) the Issuer shall be entitled to redeem the Notes in part only by giving a Credit Event Notice with respect to the relevant Restructuring Credit Event and specifying in such notice (A) that partial redemption only of the Notes is required and (B) the portion of the Calculation Amount (being an amount which is (x) less than the outstanding principal amount of the Notes and (y) at least 1,000,000 units of the currency (or if Japanese Yen, 100,000,000 units) in which the Calculation Amount is denominated or an integral multiple thereof) in respect of which such partial redemption is required (the proportion of such portion of the

Calculation Amount being the "**Partial Redemption Portion**" applicable with respect to such Credit Event Notice); and

- (b) where a Credit Event Notice is given as contemplated in (a) above:
  - (i) the Calculation Amount in respect of the relevant Reference Entity shall thereafter be deemed reduced by an amount equal to the Partial Redemption Portion of the Calculation Amount immediately preceding the giving of the Credit Event Notice; and
  - (ii) the provisions of this Condition 6 will apply so as to require the Issuer to redeem the Notes in part only on the relevant Cash Settlement Date, by payment of an amount in aggregate equal to whichever is the greater of (1) the Partial Redemption Portion minus the relevant Cash Settlement Amount and (2) zero, and on payment of such amount (or, if such amount is zero, on the relevant Cash Settlement Date) the outstanding principal amount of the Notes shall be deemed to have been repaid in an amount equal to the Partial Redemption Portion.

The Issuer shall be entitled to require such a partial redemption (or a redemption in full of the Notes) with respect to each Restructuring Credit Event which may occur and whether or not a partial redemption has been required in respect of another Restructuring Credit Event. For the avoidance of doubt, the Issuer shall, notwithstanding any such partial redemption having been required in connection with a Restructuring Credit Event, remain entitled to give a Credit Event Notice with respect to any other Credit Event and redeem the Notes in accordance with the provisions of this Condition 6 applicable where a Credit Event Notice has been given.

6(j) *Method for Determining Obligations*

- (i) For the purposes of the definition of Obligation in Condition 6(n) the term "**Obligation**" may be defined as each obligation of each Reference Entity described by the specified Obligation Category, and having the specified Obligation Characteristics, if any, in each case, as of the date of the event which constitutes the Credit Event which is the subject of the Credit Event Notice. The following terms shall have the following meanings:
  - (1) "**Obligation Category**" means Payment, Borrowed Money, Reference Obligations Only, Bond, Loan, or Bond or Loan, only one of which shall be specified, and:
    - (A) "**Payment**" means any obligation (whether present or future, contingent or otherwise) for the payment or repayment of money, including, without limitation, Borrowed Money;
    - (B) "**Borrowed Money**" means any obligation (excluding an obligation under a revolving credit arrangement for which there are no outstanding, unpaid drawings in respect of principal) for the payment or repayment of borrowed money (which term shall include, without limitation, deposits and reimbursement obligations arising from drawings pursuant to letters of credit);
    - (C) "**Reference Obligations Only**" means any obligation that is a Reference Obligation and no Obligation Characteristics shall be applicable to Reference Obligations Only;
    - (D) "**Bond**" means any obligation of a type included in the "Borrowed Money" Obligation Category that is in the form of, or represented by, a bond, note (other than notes delivered

pursuant to Loans), certificated debt security or other debt security and shall not include any other type of Borrowed Money;

- (E) "**Loan**" means any obligation of a type included in the "Borrowed Money" Obligation Category that is documented by a term loan agreement, revolving loan agreement or other similar credit agreement and shall not include any other type of Borrowed Money; and

- (2) "**Obligation Characteristics**" means any one or more of Not Subordinated, Specified Currency, Not Sovereign Lender, Not Domestic Currency, Not Domestic Law, Listed and Not Domestic Issuance, and:
- (A) (aa) "**Not Subordinated**" means an obligation that is not Subordinated to (i) the most senior Reference Obligation in priority of payment or (ii) if no Reference Obligation is specified, any unsubordinated Borrowed Money obligations of the Reference Entity; **provided that**, if any of the events set forth under the definition of "Substitute Reference Obligation" has occurred with respect to all of the Reference Obligations or if, pursuant to the definition of "Successor" a Substitute Reference Obligation will be determined in accordance with the definition of "Substitute Reference Obligation" with respect to the Reference Obligation (each, in each case, a "**Prior Reference Obligation**") and no Substitute Reference Obligation has been identified for any of the Prior Reference Obligations at the time of the determination of whether an obligation satisfies the "**Not Subordinated**" Obligation Characteristic or Valuation Obligation Characteristic, as applicable, "**Not Subordinated**" shall mean an obligation that would not have been Subordinated to the most senior such Prior Reference Obligation in priority of payment. For purposes of determining whether an obligation satisfies the "**Not Subordinated**" Obligation Characteristic or Valuation Obligation Characteristic, the ranking in priority of payment of each Reference Obligation or each Prior Reference Obligation, as applicable shall be determined as of the date as of which the relevant Reference Obligation or Prior Reference Obligation, as applicable, was issued or incurred and shall not reflect any change to such ranking in priority of payment after such date;
  - (bb) "**Subordination**" means, with respect to an obligation (the "**Subordinated Obligation**") and another obligation of the Reference Entity to which such obligation is being compared (the "**Senior Obligation**"), a contractual, trust or similar arrangement providing that (i) upon the liquidation, dissolution, reorganisation or winding up of the Reference Entity, claims of the holders of the Senior Obligation will be satisfied prior to the claims of the holders of the Subordinated Obligation or (ii) the holders of the Subordinated Obligation will not be entitled to receive or retain payments in respect of their claims against the Reference Entity at any time that the Reference Entity is in payment arrears or is otherwise in default under the Senior Obligation. "**Subordinated**" will be construed accordingly. For purposes of determining whether Subordination exists or whether an obligation is Subordinated

with respect to another obligation to which it is being compared, the existence of preferred creditors arising by operation of law or of collateral, credit support or other credit enhancement arrangements shall not be taken into account, except that, notwithstanding the foregoing, priorities arising by operation of law shall be taken into account where the Reference Entity is a Sovereign;

- (B) "**Specified Currency**" means an obligation that is payable in the currency or currencies specified as such (or, if Specified Currency is specified and no currency is so specified, any of the lawful currencies of Canada, Japan, Switzerland, the United Kingdom and the United States of America and the euro and any successor currency to any of the aforementioned currencies, which currencies shall be specified collectively as the "**Standard Specified Currencies**");
  - (C) "**Not Sovereign Lender**" means any obligation that is not primarily owed to a Sovereign or Supranational Organisation, including, without limitation, obligations generally referred to as "Paris Club debt";
  - (D) "**Not Domestic Currency**" means any obligation that is payable in any currency other than the Domestic Currency;
  - (E) "**Not Domestic Law**" means any obligation that is not governed by the laws of (1) the relevant Reference Entity, if such Reference Entity is a Sovereign, or (2) the jurisdiction of organisation of the relevant Reference Entity, if such Reference Entity is not a Sovereign;
  - (F) "**Listed**" means an obligation that is quoted, listed or ordinarily purchased and sold on an exchange; and
  - (G) "**Not Domestic Issuance**" means any obligation other than an obligation that was, at the time the relevant obligation was issued (or reissued, as the case may be) or incurred, intended to be offered for sale primarily in the domestic market of the relevant Reference Entity. Any obligation that is registered or qualified for sale outside the domestic market of the relevant Reference Entity (regardless of whether such obligation is also registered or qualified for sale within the domestic market of the relevant Reference Entity) shall be deemed not to be intended for sale primarily in the domestic market of the Reference Entity.
- (ii) If the Obligation Characteristic "Listed" is specified, the Conditions shall be construed as though Listed had been specified as an Obligation Characteristic only with respect to Bonds and shall only be relevant if bonds are covered by the selected Obligation Category.
  - (iii) In the event that an Obligation is a Qualifying Guarantee, the following will apply:
    - (1) For purposes of the application of the Obligation Category, the Qualifying Guarantee shall be deemed to satisfy the same category or categories as those that describe the Underlying Obligation.
    - (2) For purposes of the application of the Obligation Characteristics, both the Qualifying Guarantee and the Underlying Obligation must satisfy on the relevant date each of the specified applicable Obligation

Characteristics, if any, from the following list: Not Subordinated, Specified Currency, Not Sovereign Lender, Not Domestic Currency and Not Domestic Law. For these purposes, unless otherwise specified, (A) the lawful currency of any of Canada, Japan, Switzerland, the United Kingdom or the United States of America or the euro shall not be a Domestic Currency and (B) the laws of England and the laws of the State of New York shall be a Not Domestic Law.

The following terms shall have the following meanings:

- (1) "**Valuation Obligation Category**" means one of Payment, Borrowed Money, Reference Obligations Only, Bond, Loan, or Bond or Loan (each as defined in Condition 6(j)(i)(1), except that, for the purpose of determining Valuation Obligations, Condition 6(j)(i)(1)(C) shall be amended to state that no Valuation Obligation Characteristics shall be applicable to Reference Obligations Only).
- (2) "**Valuation Obligation Characteristics**" means any one or more of Not Subordinated, Specified Currency, Not Sovereign Lender, Not Domestic Currency, Not Domestic Law, Listed, Not Contingent, Not Domestic Issuance, Assignable Loan, Consent Required Loan, Direct Loan Participation, Transferable, Maximum Maturity, Accelerated or Matured and Not Bearer, and:

A Convertible Obligation, an Exchangeable Obligation and an Accreting Obligation shall satisfy the Not Contingent Valuation Obligation Characteristic if such Convertible Obligation, Exchangeable Obligation or Accreting Obligation otherwise meets the requirements of the preceding sentence so long as, in the case of a Convertible Obligation or an Exchangeable Obligation, the right (1) to convert or exchange such obligation or (2) to require the issuer to purchase or redeem such obligation (if the issuer has exercised or may exercise the right to pay the purchase or redemption price, in whole or in part, in Equity Securities) has

not been exercised (or such exercise has been effectively rescinded) on or before the Valuation Date;

If a Reference Obligation is a Convertible Obligation or an Exchangeable Obligation, then such Reference Obligation may be included as a Valuation Obligation only if the rights referred to in (1) and (2) above of this Condition 6(1)(i)(2)(A) have not been exercised (or such exercise has been effectively rescinded) on or before the Valuation Date;

- (E) "**Transferable**" means an obligation that is transferable to institutional investors without any contractual, statutory or regulatory restriction **provided that** none of the following shall be considered contractual, statutory or regulatory restrictions:
  - (x) contractual, statutory or regulatory restrictions that provide for eligibility for resale pursuant to Rule 144A or Regulation S promulgated under the United States Securities Act of 1933, as amended (and any contractual, statutory or regulatory restrictions promulgated under the laws of any jurisdiction having a similar effect in relation to the eligibility for resale of an obligation); or
  - (y) restrictions on permitted investments such as statutory or regulatory investment restrictions on insurance companies and pension funds;
- (F) "**Maximum Maturity**" means an obligation that has a remaining maturity from the Cash Settlement Date of not greater than the period specified;

- (G) "**Accelerated or Matured**" means an obligation under which the total amount owed, whether at maturity, by reason of acceleration, upon termination or otherwise (other than amounts in respect of default interest, indemnities, tax gross-ups and other similar amounts), is, or on or prior to the Valuation Date will be, due and payable in full in accordance with the terms of such obligation, or would have been but for, and without regard to, any limitation imposed under any applicable insolvency laws; and
- (H) "**Not Bearer**" means any obligation that is not a bearer instrument unless interests with respect to such bearer instrument are cleared via the Euroclear system, Clearstream, Luxembourg or any other internationally recognised clearing system.
- (ii) If the Obligation Characteristic "Listed" is specified, the Conditions shall be construed as though Listed had been specified as an Obligation Characteristic only with respect to Bonds and shall only be relevant if Bonds are covered by the selected Obligation Category.
- (iii) If (a) either of the Valuation Obligation Characteristics "Listed" or "Not Bearer" is specified, the Conditions shall be construed as though such Valuation Obligation Characteristic had been specified as a Valuation Obligation Characteristic only with respect to Bonds and shall only be relevant if Bonds are covered by the selected Valuation Obligation Category; (b) the Valuation Obligation Characteristic "Transferable" is specified, the Conditions shall be construed as though such Valuation Obligation Characteristic had been specified as a Valuation Obligation Characteristic only with respect to Valuation Obligations that are not Loans (and shall only be relevant to the extent that obligations other than Loans are covered by the selected Valuation Obligation Category); or (c) any of the Valuation Obligation Characteristics "Assignable Loan", "Consent Required Loan" or "Direct Loan Participation" is specified, the Conditions shall be construed as though such Valuation Obligation Characteristic had been specified as a Valuation Obligation Characteristic only with respect to Loans and shall only be relevant if Loans are covered by the selected Valuation Obligation Category;
- (iv) If any of Payment, Borrowed Money, Loan, or Bond or Loan is specified as the Valuation Obligation Category and more than one of Assignable Loan, Consent Required Loan and Direct Loan Participation are specified as Valuation Obligation Characteristics, the Valuation Obligations may include any Loan that satisfies any one of such Valuation Obligation Characteristics specified and need not satisfy all such Valuation Obligation Characteristics; and

  - (2) For purposes of the application of the Valuation Obligation Characteristics, both the Qualifying Guarantee and the Underlying Obligation must satisfy on the relevant date each of the specified applicable Valuation Obligation Characteristics, if any, from the following list: Not Subordinated, Specified Currency, Not Sovereign Lender, Not Domestic Currency and Not Domestic Law. For these purposes, unless otherwise specified, (A) the lawful currency of any of Canada, Japan, Switzerland, the United Kingdom or the United States of America or the euro shall not be a Domestic Currency and (B) the

- (3) For purposes of the application of the Valuation Obligation Characteristics, only the Underlying Obligation must satisfy on the relevant date each of the specified applicable Valuation Obligation Characteristics, if any, from the following list: Listed, Not Contingent, Not Domestic Issuance, Assignable Loan, Consent Required Loan, Direct Loan Participation, Transferable, Maximum Maturity, Accelerated or Matured and Not Bearer.
- (4) For purposes of the application of the Valuation Obligation Characteristics to an Underlying Obligation, references to the Reference Entity shall be deemed to refer to the Underlying Obligor.
- (5) The terms "outstanding principal balance" and "Due and Payable Amount" (as they are used in various other Conditions), when used in connection with Qualifying Guarantees are to be interpreted to be the then "outstanding principal balance" or "Due and Payable Amount", as applicable, of the Underlying Obligation which is supported by a Qualifying Guarantee.

6(l) *Restructuring Maturity Limitation and Modified Restructuring Maturity Limitation*

- (i) If "Restructuring Maturity Limitation and Fully Transferable Obligation Applicable" is specified as applicable in the Standard Terms with respect to the relevant Reference Entity and Restructuring is the only Credit Event specified in a Credit Event Notice, then a Valuation Obligation may be included in the Portfolio only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date.
- (ii) If "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable" is specified as applicable in the Standard Terms with respect to the relevant Reference Entity and Restructuring is the only Credit Event specified in a Credit Event Notice, then a Valuation Obligation may be included in the Portfolio only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date.

Such Accreted Amount shall include any accrued and unpaid periodic cash interest payments (as determined by the Calculation Agent) only if **"Include Accrued Interest"** is specified as being applicable. Such yield shall be determined on a semi-annual bond equivalent basis using the original issue price of such obligation and the amount payable at the scheduled maturity of such obligation, and shall be determined as of the earlier of (1) the date on which any event occurs that has the effect of fixing the amount of a claim in respect of principal and (2) the relevant Valuation Date. The Repudiation/Moratorium Extension Condition is satisfied if (i) ISDA publicly announces, pursuant to a valid request that was delivered in accordance with the Rules and effectively received on or prior to the date that is fourteen calendar days after the Scheduled Maturity Date, that the relevant Credit Derivatives Determinations Committee has Resolved that an event that constitutes a Potential Repudiation/Moratorium for the purposes of the Reference Transaction has occurred with respect to an Obligation of the relevant Reference Entity and that such event occurred on or prior to the Scheduled Maturity Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign, Tokyo time)) or (ii) otherwise, by the delivery of the Issuer to the Noteholders of a Repudiation/Moratorium Extension Notice and a Notice of Publicly Available Information in accordance with Condition 14 (*Notices*), in each case that are effective on or prior to the Business Day following the date that is fourteen calendar days after the Scheduled Maturity Date. In all cases, the Repudiation/Moratorium Extension Condition will be deemed not to have been satisfied, or capable of being satisfied, if, or to the extent that, ISDA publicly announces, pursuant to a valid request that was delivered in accordance with the Rules and effectively received on or prior to the date that is fourteen calendar days after the Scheduled Maturity Date, that the relevant Credit Derivatives Determinations Committee has Resolved that either (A) an event does not constitute a Potential Repudiation/Moratorium for purposes of the Reference Transaction with respect to an Obligation of the relevant Reference Entity or (B) an event that constitutes a Potential Repudiation/Moratorium for purposes of the Reference Transaction has occurred with respect to an Obligation of the relevant Reference Entity but that such event occurred after the Scheduled Maturity Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan, Tokyo time)).

A Repudiation/Moratorium Extension Notice must contain a description in reasonable detail of the facts relevant to the determination that a Potential Repudiation/Moratorium has occurred and indicate the date of the occurrence. The Potential Repudiation/Moratorium that is the subject of the Repudiation/Moratorium Extension Notice need not be continuing on the date the Repudiation/Moratorium Extension Notice is effective.

**"Resolve"** has the meaning given to that term in the Rules, and "Resolved" and "Resolves" shall be interpreted accordingly.

- (i) a reduction in the rate or amount of interest payable or the amount of scheduled interest accruals;
  - (ii) a reduction in the amount of principal or premium payable at maturity or at scheduled redemption dates;
  - (iii) a postponement or other deferral of a date or dates for either (a) the payment or accrual of interest or (b) the payment of principal or premium;
  - (iv) a change in the ranking in priority of payment of any Obligation, causing the Subordination of such Obligation to any other Obligation; or
  - (v) any change in the currency or composition of any payment of interest or principal to any currency which is not a Permitted Currency ("**Permitted Currency**" meaning (a) the legal tender of any Group of 7 country (or any country that becomes a member of the Group of 7 if such Group of 7 expands its membership); or (b) the legal tender of any country which, as of the date of such change, is a member of the Organisation for Economic Cooperation and Development and has a local currency long-term debt rating of either AAA or higher assigned to it by Standard & Poor's, a division of the McGraw Hill Companies, Inc or any successor to the rating business thereof, Aaa or higher assigned to it by Moody's Investors Service, Inc. or any successor to the rating business thereof or AAA or higher assigned to it by Fitch Ratings or any successor to the rating business thereof).

- (c) Unless Multiple Holder Obligation is specified as not applicable then, notwithstanding anything to the contrary in this definition of Restructuring, the

occurrence of, agreement to or announcement of any of the events described in (a)(i) to (v) above shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation.

- (d) For purposes of (a), (b) and (c) above, the term Obligation shall be deemed to include Underlying Obligations for which the Reference Entity is acting as provider of a Qualifying Affiliate Guarantee or, if All Guarantees is specified as applicable, as provider of any Qualifying Guarantee. In the case of a Qualifying Guarantee and an Underlying Obligation, references to the Reference Entity in (a) above shall be deemed to refer to the Underlying Obligor and the reference to the Reference Entity in (b) above shall continue to refer to the Reference Entity.

**"Restructuring Date"** means, with the date on which a Restructuring is legally effective in accordance with the terms of the documentation governing such Restructuring.

**"Restructuring Maturity Limitation Date"** means with respect to a Valuation Obligation, the Limitation Date occurring on or immediately following the Scheduled Maturity Date, **provided that**, in circumstances where the Scheduled Maturity Date is later than the 2.5-year Limitation Date, at least one Enabling Obligation exists. Notwithstanding the foregoing, if the final maturity date of the Restructured Bond or Loan with the latest final maturity date of any Restructured Bond or Loan occurs prior to the 2.5-year Limitation Date (such Restructured Bond or Loan, a **"Latest Maturity Restructured Bond or Loan"**) and the Scheduled Maturity Date occurs prior to the final maturity date of such Latest Maturity Restructured Bond or Loan, then the Restructuring Maturity Limitation Date will be the final maturity date of such Latest Maturity Restructured Bond or Loan. In the event that the Scheduled Maturity Date is later than (a)(i) the final maturity date of the Latest Maturity Restructured Bond or Loan, if any, or (ii) the 2.5-year Limitation Date, and, in either case, no Enabling Obligation exists or (b) the 20-year Limitation Date, the Restructuring Maturity Limitation Date will be the Scheduled Maturity Date.

**"specified"** means, unless otherwise provided, as specified in Schedule 1 to the Pricing Supplement (*Credit-Linked Note Specifications*) to the Pricing Supplement relating to the Notes and/or in the applicable Standard Terms.

**"Substitute Reference Obligation"** means one or more obligations of a Reference Entity (either directly or as provider of a Qualifying Affiliate Guarantee or, if All Guarantees is specified as applicable, as provider of any Qualifying Guarantee) that will replace one or more Reference Obligations, identified by the Calculation Agent in accordance with the following procedures:

- (a) In the event that (i) a Reference Obligation is redeemed in whole or (ii) in the opinion of the Calculation Agent (A) the aggregate amounts due under any Reference Obligation have been materially reduced by redemption or otherwise (other than due to any scheduled redemption, amortization or prepayments), (B) any Reference Obligation is an Underlying Obligation with a Qualifying Guarantee of a Reference Entity and, other than due to the existence or occurrence of a Credit Event, the Qualifying Guarantee is no longer a valid and binding obligation of such Reference Entity enforceable in accordance with its terms, or (C) for any other reason, other than due to the existence or occurrence of a Credit Event, any Reference Obligation is no longer an obligation of a Reference Entity, the Calculation Agent shall identify one or more Obligations to replace such Reference Obligation.
- (b) Any Substitute Reference Obligation or Substitute Reference Obligations shall be an Obligation that (i) ranks *pari passu* in priority of payment with the ranking in priority of payment of each of the Substitute Reference Obligation and such Reference Obligation (with the ranking in priority of payment of such Reference Obligation being determined as of the date as of which such Reference Obligation was issued or incurred and not reflecting any change to such ranking in priority of payment after such date) and (ii) is an obligation of the relevant Reference Entity (either directly or as provider of a Qualifying Affiliate Guarantee or, if All Guarantees is specified as applicable, as provider of a Qualifying Guarantee). The Substitute Reference Obligation or Substitute Reference Obligations identified by the Calculation Agent shall, without further action, replace such Reference Obligation or Reference Obligations.
- (c) If more than one specific Reference Obligation is identified as a Reference Obligation with respect to a Reference Entity, any of the events set forth under (a) above has occurred with respect to one or more but not all of the Reference Obligations for such Reference Entity, and the Calculation Agent determines that no Substitute Reference Obligation is available for one or more of such Reference Obligations, each Reference Obligation for which no Substitute Reference Obligation is available shall cease to be a Reference Obligation.
- (d) If more than one specific Reference Obligation is identified as a Reference Obligation with respect to a Reference Entity, any of the events set forth under (a) above has occurred with respect to all of the Reference Obligations for such Reference Entity, and the Calculation Agent determines that at least one Substitute Reference Obligation is available for any such Reference Obligation, then each such Reference Obligation shall be replaced by a Substitute Reference Obligation and each Reference Obligation for which no Substitute Reference Obligation is available will cease to be a Reference Obligation.
- (e) If (i) more than one specific Reference Obligation is identified as a Reference Obligation with respect to a Reference Entity, any of the events set forth under (a) above has occurred with respect to all the Reference Obligations of such Reference Entity and the Calculation Agent determines that no Substitute Reference Obligation is available for any of the Reference Obligations of such Reference Entity, or (ii) only one specific Reference Obligation is identified as a Reference Obligation, any of the events set forth under sub-section (a) of this definition of Substitute Reference Obligation has occurred with respect to such Reference Obligation and the Calculation Agent determines that no Substitute Reference Obligation is available for that Reference Obligation, then the Calculation Agent shall continue to attempt to identify a Substitute Reference

Obligation until the latest of the Maturity Date and the Grace Period Extension Date (if any).

- (f) For purposes of identification of a Reference Obligation, any change in a Reference Obligation's CUSIP or ISIN number or other similar identifier will not, in and of itself, convert such Reference Obligation into a different Obligation.

"**Successor**" shall have the meaning determined in accordance with the following provisions:

- (a) In relation to a Reference Entity that is not a Sovereign, "**Successor**" means, subject to (j) below), the entity or entities, if any, determined as set forth below:
- (i) if one entity directly or indirectly succeeds to 75 per cent. or more of the Relevant Obligations of the Reference Entity by way of a Succession Event, that entity will be the sole Successor;
  - (ii) if only one entity directly or indirectly succeeds to more than 25 per cent. (but less than 75 per cent.) of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entity that succeeds to more than 25 per cent. of the Relevant Obligations will be the sole Successor;
  - (iii) if more than one entity each directly or indirectly succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entities that succeed to more than 25 per cent. of the Relevant Obligations will each be a Successor and (e) below will apply;
  - (iv) if one or more entities each directly or indirectly succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, each such entity and the Reference Entity will be a Successor and (e) below will apply;
  - (v) if one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of the Reference Entity by way of a Succession Event, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor and the Reference Entity will not be changed in any way as a result of the Succession Event; and
  - (vi) if one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of the Reference Entity by way of a Succession Event, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations (or, if two or more entities succeed to an equal percentage of Relevant Obligations, the entity from among those entities which succeeds to the greatest percentage of obligations of the Reference Entity) will be the sole Successor.

The Calculation Agent will be responsible for determining, as soon as reasonably practicable after it becomes aware of the relevant Succession Event (but no earlier than 14 calendar days after the legally effective date of the Succession Event), and with effect from the legally effective date of the Succession Event, whether the relevant thresholds set forth above have been

met, or which entity qualifies under (a)(vi) above, as applicable **provided that** the Calculation Agent will not make such determination if, at such time, either (A) ISDA has publicly announced that the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in (a) above, and subparagraphs (a) and (b) of the definition of Succession Event Resolution Request Date are satisfied in accordance with the Rules (until such time, if any, as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine a Successor) or (B) ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that no event that constitutes a Succession Event has occurred. In calculating the percentages used to determine whether the relevant thresholds set forth above have been met, or which entity qualifies under (a)(vi) above, as applicable, the Calculation Agent shall use, in respect of each applicable Relevant Obligation included in such calculation, the amount of the liability in respect of such Relevant Obligation listed in the Best Available Information.

- (b) **"Succession Event"** means an event such as a merger, consolidation, amalgamation, transfer of assets or liabilities, demerger, spin-off or other similar event in which one entity succeeds to the obligations of another entity, whether by operation of law or pursuant to any agreement. Notwithstanding the foregoing, "Succession Event" shall not include any event (A) in which the holders of obligations of the Reference Entity exchange such obligations for the obligations of another entity, unless such exchange occurs in connection with a merger, consolidation, amalgamation, transfer of assets or liabilities, demerger, spin-off or other similar event or (B) with respect to which the legally effective date (or, in the case of a Reference Entity that is a Sovereign, the date of occurrence) has occurred prior to the Succession Event Backstop Date (determined by reference to Greenwich Mean Time).
- (c) For purposes of interpreting this definition of Successor **"succeed"** means, with respect to a Reference Entity and its Relevant Obligations (or, as applicable, obligations), that a party other than such Reference Entity (i) assumes or becomes liable for such Relevant Obligations (or, as applicable, obligations) whether by operation of law or pursuant to any agreement or (ii) issues Bonds that are exchanged for Relevant Obligations (or, as applicable, obligations), and in either case such Reference Entity is no longer an obligor (primarily or secondarily) or guarantor with respect to such Relevant Obligations (or, as applicable, obligations). The determinations required pursuant to (a) above shall be made, in the case of an exchange offer, on the basis of the outstanding principal balance of Relevant Obligations tendered and accepted in the exchange and not on the basis of the outstanding principal balance of Bonds for which Relevant Obligations have been exchanged.
- (d) Where (i) a Reference Obligation has been specified with respect to a Reference Entity, (ii) one or more Successors to the Reference Entity have been identified and (iii) any one or more such Successors have not assumed the Reference Obligation, a Substitute Reference Obligation will be determined in accordance with the definition of Substitute Reference Obligation above.
- (e) Where, pursuant to (a)(iii) or (iv) above, more than one Successor has been identified then, subject to (j) below:
  - (i) each Successor will be treated as a Reference Entity;
  - (ii) the Calculation Agent shall allocate the Calculation Amount equally between all such Successors;
  - (iii) the provisions of Condition 6(i)(iii) shall apply; and

- (iv) the Conditions will otherwise continue to apply except to the extent that modification is required, as determined by the Calculation Agent, to preserve the economic effects of the original Conditions.
- (f) "**Relevant Obligations**" means the Obligations constituting Bonds and Loans of the Reference Entity outstanding immediately prior to the effective date of the Succession Event, excluding any debt obligations outstanding between the Reference Entity and any of its Affiliates, as determined by the Calculation Agent. The Calculation Agent will determine the entity which succeeds to such Relevant Obligations on the basis of the Best Available Information. If the date on which the Best Available Information becomes available or is filed precedes the legally effective date of the relevant Succession Event, any assumptions as to the allocation of obligations between or among entities contained in the Best Available Information will be deemed to have been fulfilled as of the legally effective date of the Succession Event, whether or not this is in fact the case.
- (g) "**Best Available Information**" means:
  - (i) in the case of a Reference Entity which files information with its primary securities regulator or primary stock exchange that includes unconsolidated, pro forma financial information which assumes that the relevant Succession Event has occurred or which provides such information to its shareholders, creditors or other persons whose approval of the Succession Event is required, that unconsolidated, pro forma financial information or, if provided subsequently to the provision of unconsolidated, pro forma financial information but before the Calculation Agent makes its determination for the purposes of the definition of Successor, other relevant information that is contained in any written communication provided by the Reference Entity to its primary securities regulator, primary stock exchange, shareholders, creditors or other persons whose approval of the Succession Event is required; or
  - (ii) in the case of a Reference Entity which does not file with its primary securities regulator or primary stock exchange, and which does not provide to shareholders, creditors or other persons whose approval of the Succession Event is required, the information contemplated in (i) above, the best publicly available information at the disposal of the Calculation Agent to allow it to make a determination for the purposes of the definition of Successor.
- (h) Information which is made available more than 14 calendar days after the legally effective date of the Succession Event shall not constitute Best Available Information.
- (i) In relation to a Sovereign Reference Entity, "**Successor**" means any direct or indirect successor(s) to that Reference Entity irrespective of whether such successor(s) assumes any of the obligations of such Reference Entity.
- (j) If Substitution is specified as applicable, where any Reference Entity (a "**Surviving Reference Entity**") (other than the Reference Entity the subject of the Succession Event) would otherwise be a Successor to any other Reference Entity (the "**Legacy Reference Entity**") pursuant to the foregoing provisions then, at the election of the Issuer at any time:
  - (i) such Surviving Reference Entity shall be deemed not to be a Successor to the Legacy Reference Entity; and
  - (ii) the Replacement Reference Entity selected by the Issuer shall be deemed to be a Successor to the Legacy Reference Entity pursuant to that Succession Event from and including the legally effective date of

the Succession Event. The Standard Terms applicable to such Replacement Reference Entity shall be the then current standard terms applicable to such Replacement Reference Entity as at the day it is selected by the Issuer.

**"Succession Event Backstop Date"** means (i) the date that is 90 calendar days prior to the Succession Event Resolution Request Date (if any) (determined by reference to Greenwich Mean Time) or (ii) otherwise, the date that is 90 calendar days prior to the earlier of (A) the date on which the Calculation Agent determines that a Succession Event has occurred and (B) in circumstances where (I) the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in sub-paragraphs (a) and (b) of the definition of "Succession Event Resolution Request Date" are satisfied in accordance with the Rules, (II) the relevant Credit Derivatives Determinations Committee has Resolved not to determine such matters and (III) the Calculation Agent determines that a Succession Event has occurred not more than fourteen calendar days after the day on which ISDA publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine such matters, the Succession Event Resolution Request Date. In relation to Equity-Linked Notes which are to be redeemed by the delivery of a Securities Transfer Amount, and subject to the other provisions of these Conditions and the relevant Pricing Supplement:

- (i)
- (A) Each Noteholder shall, on or before the date five calendar days before the Maturity Date (or such earlier date as the Issuer shall determine is necessary for the Issuer, the Paying Agents, Euroclear, Clearstream, Luxembourg, CMU, DTC and/or any other relevant clearing system to perform their respective obligations in relation to the Notes and notify to the Paying Agents and the Noteholders) send to Euroclear, Clearstream, Luxembourg, CMU, DTC and/or any other relevant clearing system, as the case may be, in accordance with its then applicable operating procedures, and copied to the Principal Paying Agent or, as the case may be, the CMU Lodging and Paying Agent, a duly completed Transfer Notice.
  - (B) A Transfer Notice, once delivered to Euroclear, Clearstream, Luxembourg, CMU, DTC and/or any other relevant clearing system, shall be irrevocable and may not be withdrawn without the consent in writing of the Issuer. A Noteholder may not transfer any Note which is the subject of a Transfer Notice following delivery of such Transfer Notice to Euroclear, Clearstream, Luxembourg, CMU, DTC and/or any other relevant clearing system. A Transfer Notice shall only be valid to the extent that Euroclear, Clearstream, Luxembourg, CMU, DTC and/or any other relevant clearing system have not received conflicting prior instructions in respect of the Notes which are the subject of the Transfer Notice.
  - (C) Failure properly to complete and deliver a Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided shall be made by the Principal Paying Agent or, as the case may be, the CMU Lodging and Paying Agent and shall be conclusive and binding on the Issuer and the Noteholder.
  - (D) The Principal Paying Agent or, as the case may be, the CMU Lodging and Paying Agent shall promptly on the local banking day following receipt of a Transfer Notice send a copy thereof to the Issuer or such person as the Issuer may previously have specified.
  - (E) Delivery of the Securities will be via the relevant Clearing System. The delivery or transfer of Securities to each Noteholder is at the relevant Noteholder's risk and if delivery occurs later than the earliest possible date for delivery, no additional amounts will be payable by the Issuer.
  - (F) the Issuer shall discharge its obligation to redeem the relevant proportion of the Notes by delivering, or procuring the delivery of, the Securities Transfer Amount on the Settlement Date to the Clearing System for credit to the account with the Clearing System specified in the Transfer Notice of the relevant Noteholder.
  - (G) The amount of Securities to be delivered to or for the account of each Noteholder shall be an amount of Securities equal to the number of Notes in respect of which such Noteholder is the holder as specified in the relevant Transfer Notice multiplied by the Securities Transfer Amount **provided, however, that** if a Noteholder would become entitled to a number of Securities

which is not equal to a board lot of the Securities at such time, as determined by the Calculation Agent, or an integral multiple thereof, then the Noteholder's entitlement to delivery of Securities shall be rounded down to the nearest whole Security.

- (H) In relation to each Noteholder, the Calculation Agent shall calculate the Residual Amount and the Residual Cash Amount. The Residual Cash Amount shall be paid by the Issuer to the relevant Noteholder on the Settlement Date.
  - (I) Each Noteholder shall be required as a condition of its entitlement to delivery of Securities in respect of any Notes to pay all Transfer Expenses in respect of such Notes.
  - (J) After delivery to or for the account of a Noteholder of the relevant Securities Transfer Amount and for such period of time as the transferor or its agent or nominee shall continue to be registered in any clearing system as the owner of the Securities comprised in such Securities Transfer Amount (the "**Intervening Period**"), none of such transferor or any agent or nominee for the Issuer or such transferor shall (i) be under any obligation to deliver to such Noteholder or any other person any letter, certificate, notice, circular, dividend or any other document or payment whatsoever received by the Issuer or such transferor, agent or nominee in its capacity as holder of such Securities, (ii) be under any obligation to exercise any rights (including voting rights) attaching to such Securities during the Intervening Period, or (iii) be under any liability to such Noteholder or any other person in respect of any loss or damage which the Noteholder or any other person may sustain or suffer as a result, whether directly or indirectly, of the Issuer or such transferor, agent or nominee being registered in such clearing system during such Intervening Period as legal owner of such Securities.
  - (L) All dividends on Securities to be delivered will be payable to the party that would receive such dividends according to market practice for a sale of the Securities executed on the Notional Sale Date to be delivered in the same manner as such Securities. Any such dividends will be paid to or for credit to the account specified by the Noteholder in the relevant Transfer Notice. No right to dividends on the Securities will accrue to Noteholders prior to the Notional Sale Date.
- (ii) the Calculation Agent shall determine, in its sole and absolute discretion, whether or not at any time a Settlement Disruption Event has occurred and where it determines such an event has occurred and so has prevented delivery of Securities on the original day that but for such Settlement Disruption Event would have been the Settlement Date, then the Settlement Date will be the first succeeding day on which delivery of such Securities can take place through the relevant Clearing System unless a Settlement Disruption Event prevents settlement on each of the eight relevant Clearing System Business Days immediately following the original date (or during such other period (the "**Disruption Period**") specified in the relevant Pricing Supplement) that, but for the Settlement Disruption Event, would have been the Settlement Date. In that case, if the Securities are debt securities, the Issuer shall use reasonable efforts to deliver such Securities promptly thereafter in a commercially reasonable manner (as determined by the Calculation Agent in its sole and absolute discretion) outside the Clearing System and in all other cases (a) if such Securities can be delivered in any other commercially reasonable manner (as determined by the Calculation Agent in its sole and absolute discretion), then the Settlement Date will be the first Business Day on which settlement of a sale of Securities executed on that eighth relevant Clearing System Business Day, or during such other period specified in the relevant Pricing Supplement, customarily would take place using such other commercially reasonable manner (as determined by the Calculation Agent in its sole and absolute discretion) of delivery (which other manner of delivery will be deemed the relevant Clearing System for the purposes of delivery of the relevant Securities), and (b) if such Securities cannot be delivered in any other commercially reasonable manner (as determined by the Calculation Agent in its

sole and absolute discretion), then the Settlement Date will be postponed until delivery can be effected through the relevant Clearing System or in any other commercially reasonable manner.

For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Securities comprised in a basket, the Settlement Date for Securities not affected by the Settlement Disruption Event will be the first day on which settlement of a sale of such Securities executed on the Maturity Date customarily would take place through the relevant Clearing System.

- (iii) if the Calculation Agent determines, in its sole and absolute discretion, that a Delivery Disruption Event has occurred, it shall notify the Issuer who shall promptly notify the relevant Noteholder(s) and the Issuer may then:
  - (A) determine, in its sole and absolute discretion, that the obligation to deliver the relevant Securities Transfer Amount will be terminated and the Issuer will pay such amount as in the opinion of the Calculation Agent (such opinion to be made in its sole and absolute discretion) is fair in the circumstances by way of compensation for the non-delivery of the Securities Transfer Amount, in which event the entitlements of the respective Noteholder(s) to receive the relevant Securities Transfer Amount shall cease and the Issuer's obligations under the Notes shall be satisfied in full upon payment of such amount; or
  - (B) deliver on the Settlement Date such amount of the Securities Transfer Amount (if any) as it can deliver on that date and pay such amount as in the opinion of the Calculation Agent (such opinion to be made in its sole and absolute discretion) is fair in the circumstances by way of compensation for the non-delivery of the remainder of the Securities Transfer Amount, in which event the entitlements of the respective Noteholder(s) to receive the relevant Securities Transfer Amount shall cease and the Issuer's obligations under the Notes shall be satisfied in full upon payment of such amount.

Where this Condition 20(b)(iii) fails to be applied, insofar as the Calculation Agent determines in its sole and absolute discretion to be practical, the same shall be applied as between the Noteholders on a *pro rata* basis, but subject to such rounding down (whether of the amount of a payment or of a number of Securities to be delivered) and also to such other adjustments as the Calculation Agent determines, in its sole and absolute discretion, to be appropriate to give practical effect to such provisions.

(c) ***Automatic Early Redemption***

This Condition 20(c) is applicable only to Automatic Early Redemption Notes.

If on any Automatic Early Redemption Valuation Date, the Automatic Early Redemption Event occurs, then unless previously redeemed or purchased and cancelled, the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date immediately following such Automatic Early Redemption Valuation Date and the redemption amount payable by the Issuer on such date upon redemption of each Note shall be an amount in the relevant currency equal to the relevant Automatic Early Redemption Amount.

As used herein:

**"Automatic Early Redemption Amount"** means (a) an amount in the relevant currency specified in the relevant Pricing Supplement or if such amount is not specified, (b) the product of (i) the nominal amount of one Note and (ii) the relevant Automatic Early Redemption Rate relating to that Automatic Early Redemption Date;

**"Automatic Early Redemption Date(s)"** means each of the date(s) specified as such in the relevant Pricing Supplement, subject in each case to adjustment in accordance with the Business Day Convention specified in the relevant Pricing Supplement;

**"Automatic Early Redemption Event"** means (unless otherwise specified in the relevant Pricing Supplement) that the price of the relevant Security or, as the case may be, the level of the Index, in either case as determined by the Calculation Agent as of the (or any) Valuation Date is, as specified in the relevant Pricing Supplement, (i) "greater than", (ii) "greater than or equal to", (iii) "less than" or (iv) "less than or equal to" the Automatic Early Redemption Price, or as the case may be, the Automatic Early Redemption Level;

**"Automatic Early Redemption Level"** means the level of the Index specified as such or otherwise determined in the relevant Pricing Supplement;

**"Automatic Early Redemption Price"** means the price per Security specified as such or otherwise determined in the relevant Pricing Supplement;

**"Automatic Early Redemption Rate"** means, in respect of any Automatic Early Redemption Date, the rate specified as such in the relevant Pricing Supplement; and

**"Automatic Early Redemption Valuation Date(s)"** means each of the date(s) specified as such in the relevant Pricing Supplement or, if any such date is not a Scheduled Trading Day, the next following Scheduled Trading Day, subject to the provisions of Condition 20(e)(i) which shall apply as if such Automatic Early Redemption Valuation Date were a Valuation Date.

(d) **Knock-in and Knock-out Provisions**

If "Knock-in Event" is specified as applicable in the Pricing Supplement in relation to any Cash Equity Note, Equity-Linked Note or Index-Linked Note, then each payment and/or delivery in respect of which a Knock-in Event applies, as specified in the relevant Pricing Supplement, shall be conditional upon the occurrence of such Knock-in Event.

For the purposes hereof:

**"Knock-in Determination Day"** means each Scheduled Trading Day during the Knock-in Determination Period, unless such day is a Disrupted Day due to the occurrence of an event giving rise to a Disrupted Day prior to the Knock-in Valuation Time on such day. If such day is a Disrupted Day due to the occurrence of such an event, then the Knock-in Determination Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the original date that, but for the occurrence of a Disrupted Day, would have been the Knock-in Determination Day is a Disrupted Day. In that case, that eighth Scheduled Trading Day shall be deemed to be the Knock-in Determination Day, notwithstanding the fact that such day is a Disrupted Day, and the Calculation Agent shall determine the price of the Security or, as the case may be, the level of the Index in the same manner that it would determine a price of a Security or, as the case may be, a level of an Index on a deemed Valuation Date that is also a Disrupted Day in accordance with the provisions of Condition 20(e)(i)(A), (B) or (C), as the case may be;

**"Knock-in Determination Period"** means the period which commences on, and includes, the Knock-in Period Beginning Date and ends on, and includes, the Knock-in Period Ending Date;

**"Knock-in Event"** means (a) the event or occurrence specified as such in the relevant Pricing Supplement; and (b) (unless otherwise specified in the relevant Pricing Supplement) that the price of the Security or, as the case may be, the level of the Index, determined by the Calculation Agent as of the Knock-in Valuation Time on any Knock-in Determination Day is, as specified in the relevant Pricing Supplement, (i) "greater than", (ii) "greater than or equal to", (iii) "less than" or (iv) "less than or equal to" the Knock-in Price or, as the case may be, the Knock-in Level;

**"Knock-in Level"** means the level of the Index specified as such or otherwise determined in the relevant Pricing Supplement;

**"Knock-in Period Beginning Date"** means the date specified as such in the relevant Pricing Supplement or, if such date is not a Scheduled Trading Day, the next following relevant Scheduled Trading Day, subject to the provisions of "Knock-in Determination Day" above;

**"Knock-in Period Ending Date"** means the date specified as such in the relevant Pricing Supplement or, if such date is not a Scheduled Trading Day, the next following relevant Scheduled Trading Day, subject to the provisions of "Knock-in Determination Day" above;

**"Knock-in Price"** means the price per Security specified as such or otherwise determined in the relevant Pricing Supplement; and

**"Knock-in Valuation Time"** means the time or period of time on any Knock-in Determination Day specified as such in the relevant Pricing Supplement or in the event that the relevant Pricing Supplement do not specify a Knock-in Valuation Time, the Knock-in Valuation Time shall be the Valuation Time.

If "Knock-out Event" is specified as applicable in the Pricing Supplement in relation to any Cash Equity Note, Equity-Linked Note or Index-Linked Note, then each payment and/or delivery in respect of which a Knock-out Event applies, as specified in the relevant Pricing Supplement, shall be conditional upon such Knock-out Event not having occurred.

For the purposes hereof:

**"Knock-out Determination Day"** means each Scheduled Trading Day during the Knock-out Determination Period, unless such day is a Disrupted Day due to the occurrence of an event giving rise to a Disrupted Day prior to the Knock-out Valuation Time on such day. If such day is a Disrupted Day due to the occurrence of such an event, then the Knock-out Determination Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the original date that, but for the occurrence of a Disrupted Day, would have been the Knock-out Determination Day is a Disrupted Day. In that case, that eighth Scheduled Trading Day shall be deemed to be the Knock-out Determination Day, notwithstanding the fact that such day is a Disrupted Day, and the Calculation Agent shall determine the price of the Security or, as the case may be, the level of the Index in the same manner that it would determine a price of a Security or, as the case may be, a level of an Index on a deemed Valuation Date that is a Disrupted Day in accordance with the provisions of Condition 20(e)(i)(A), (B) or (C), as the case may be;

**"Knock-out Determination Period"** means the period which commences on, and includes, the Knock-out Period Beginning Date and ends on, and includes, the Knock-out Period Ending Date;

**"Knock-out Event"** means that (i) the event or occurrence specified as such in the relevant Pricing Supplement; and (ii) (unless otherwise specified in the relevant Pricing Supplement) that the price of the Security or, as the case may be, the level of the Index, determined by the Calculation Agent as of the Knock-out Valuation Time on any Knock-out Determination Day is, as specified in the relevant Pricing Supplement, (i) "greater than", (ii) "greater than or equal to", (iii) "less than" or (iv) "less than or equal to" the Knock-out Price or, as the case may be, Knock-out Level;

**"Knock-out Level"** means the level of the Index specified as such or otherwise determined in the relevant Pricing Supplement;

**"Knock-out Period Beginning Date"** means the date specified as such in the relevant Pricing Supplement or, if such date is not a Scheduled Trading Day, the next following relevant Scheduled Trading Day, subject to the provisions of "Knock-out Determination Day" above;

**"Knock-out Period Ending Date"** means the date specified as such in the relevant Pricing Supplement or, if such date is not a Scheduled Trading Day, the next following relevant Scheduled Trading Day, subject to the provisions of "Knock-out Determination Day" above;

**"Knock-out Price"** means the price per Security specified as such or otherwise determined in the relevant Pricing Supplement; and

**"Knock-out Valuation Time"** means the time or period of time on any Knock-out Determination Day specified as such in the relevant Pricing Supplement or in the event that the relevant Pricing Supplement do not specify a Knock-out Valuation Time, the Knock-out Valuation Time shall be the Valuation Time.

(e) ***Consequences of Disrupted Days***

For the purposes of this Condition 20(e) "**Limit Valuation Date**" shall mean, if any Valuation Date in respect of a Note is a Disrupted Day, the eighth Scheduled Trading Day following such Valuation Date, notwithstanding the Market Disruption Event, **provided that**:

- (i) if, as a result of the foregoing, the Valuation Date would be deemed to fall less than five local banking days prior to the Maturity Date, a relevant Interest Payment Date or (as the case may be) any due date for payment of any amount due in respect of such Note, the Limit Valuation Date shall be deemed to fall on the day which is five local banking days prior to the Maturity Date, such Interest Payment Date or (as the case may be) due date for payment of any amount due in respect of such Note or, if such local banking day is not a Scheduled Trading Day, the immediately preceding Scheduled Trading Day; and
- (ii) if the Scheduled Valuation Date falls on a day which is five local banking days or less prior to the Maturity Date, a relevant Interest Payment Date or (as the case may be) any due date for payment of any amount due in respect of such Note, the Limit Valuation Date shall be deemed to be such Scheduled Valuation Date,

in each case notwithstanding the fact that such day is a Disrupted Day.

- (iii) If any Valuation Date is a Disrupted Day, then:
  - (A) in the case of an Equity-Linked Note, a Cash Equity Note or an Index-Linked Note which, in each case, relates to a single Security or Index, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, **provided that** the Valuation Date shall not fall after the Limit Valuation Date. In that case:
    - (1) in respect of an Index-Linked Note, the Calculation Agent shall determine in its absolute discretion that either:
      - (aa) the Valuation Date shall be the Limit Valuation Date; or
      - (bb) the Valuation Date shall be the first succeeding Exchange Business Day on which there is no Market Disruption Event,

and, in the case of (aa) above, the Calculation Agent shall determine the level of the Index as of the Valuation Time on the Limit Valuation Date determined in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Limit Valuation Date of each security or other property comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security or other property on the Limit Valuation Date, its good faith estimate of the value for the relevant security or other property as of the Valuation Time on the Limit Valuation Date); and
    - (2) in respect of an Equity-Linked Note or a Cash Equity Note, the Limit Valuation Date shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day and the Calculation Agent shall determine its good faith estimate of the value for the relevant Security as of the Valuation Time on that Limit Valuation Date;
  - (B) in the case of an Index-Linked Note which relates to a basket of Indices, the Valuation Date for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date and the Valuation Date for each Index affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day which is not a Disrupted Day relating to that Index, unless each of the succeeding Scheduled Trading Days up to and

including the Limit Valuation Date is a Disrupted Day relating to that Index. In that case, the Calculation Agent shall determine in its absolute discretion that either:

- (1) the Limit Valuation Date shall be the Valuation Date for the relevant Index notwithstanding the fact that such day is Disrupted Day relating to that Index; or
- (2) the Valuation Date shall be the first succeeding Scheduled Trading Day which is not a Disrupted Day relating to that Index,

and, in the case of (1) above, the Calculation Agent shall determine, in its sole and absolute discretion, the level of that Index, as of the Valuation Time on the Limit Valuation Date in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Limit Valuation Date of each security or other property comprised in the relevant Index (or, if an event giving rise to a Disrupted Day has occurred in respect to the relevant security or other property on the Limit Valuation Date, its good faith estimate of the value for the relevant security or other property as of the Valuation Time on the Limit Valuation Date); and

- (C) in the case of an Equity-Linked Note or a Cash Equity Note which, in each case, relates to a basket of Securities, the Valuation Date for each Security not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Security affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to that Security, unless each of the Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Security. In that case, (1) the Limit Valuation Date shall be deemed to be the Valuation Date for the relevant Security, notwithstanding the fact that such day is a Disrupted Day, and (2) the Calculation Agent shall determine, in its sole and absolute discretion, its good faith estimate of the value for that Security as of the Valuation Time on the Limit Valuation Date.

- (iv) If Averaging Dates are specified in the relevant Pricing Supplement, then notwithstanding any other provisions of these Conditions, the following provisions will apply to the valuation of the relevant Index or Securities:

- (A) The Final Price or Final Index Level will be, in relation to any Valuation Date:
  - (1) in respect of an Index-Linked or an Equity-Linked Note settled by way of Cash Settlement or a Cash Equity Note which, in each case, relates to a single Security or Index (as the case may be), the arithmetic mean of the Reference Price of the Security or (as the case may be) of the Reference Level of the Index on each Averaging Date;
  - (2) in respect of an Index-Linked Note settled by way of Cash Settlement or a Cash Equity Note which, in each case, relates to a basket of indices, the arithmetic mean of the amounts for such basket determined by the Calculation Agent in its sole and absolute discretion as provided in the relevant Pricing Supplement as of the relevant Valuation Time(s) on each Averaging Date or, if no means for determining the Final Index Level is so provided, the arithmetic mean of the amounts for such basket calculated on each Averaging Date as the sum of the Reference Level of each Index comprised in such basket (weighted or adjusted in relation to each Index as provided in the relevant Pricing Supplement); and

- (3) in respect of an Equity-Linked Note settled by way of Cash Settlement or a Cash Equity Note which relates to a basket of Securities, the arithmetic mean of the prices for such basket determined by the Calculation Agent in its sole and absolute discretion as provided in the relevant Pricing Supplement as of the relevant Valuation Time(s) on each Averaging Date or, if no means for determining the Final Price is so provided, the arithmetic mean of the prices for such basket calculated on each Averaging Date as the sum of the values calculated for the Securities of each Underlying Company as the product of (aa) the Reference Price of such Security and (bb) the number of such Securities comprised in such basket (weighted or adjusted in relation to each Security as provided in the relevant Pricing Supplement).
- (B) If any Averaging Date is a Disrupted Day, then, if the consequence specified in the relevant Pricing Supplement in relation to "**Averaging Date Market Disruption**" is:
- (1) "**Omission**", then such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the relevant Final Price or Final Index Level, as applicable, **provided that**, if through the operation of this provision no Averaging Date would occur with respect to the relevant Valuation Date, then Condition 20(e)(i) will apply for purposes of determining the relevant level, price or amount on the final Averaging Date in respect of that Valuation Date as if such final Averaging Date were a Valuation Date that was a Disrupted Day. If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Maturity Date or any early redemption date in accordance with the Conditions or the relevant Settlement Date, as the case may be, or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date;
  - (2) "**Postponement**", then Condition 20(e)(i) will apply for purposes of determining the relevant level, price or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date for the relevant Notes. If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Maturity Date or any early redemption date in accordance with the Conditions or the relevant Settlement Date, as the case may be, or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date; or
  - (3) "**Modified Postponement**", then:
    - (aa) in the case of an Index-Linked Note or an Equity-Linked Note or a Cash Equity Note which relates to a single Index or Security, the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the Limit Valuation Date immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date (the "**Scheduled Final Averaging Date**") in relation to the relevant Scheduled Valuation Date, then:

- (i) in respect of an Index-Linked Note, the Calculation Agent shall determine in its absolute discretion that either:
    - (a) the Limit Valuation Date shall be deemed to be the Averaging Date, (irrespective of whether that Limit Valuation Date is already an Averaging Date); or
    - (b) the Averaging Date shall be the first succeeding Valid Date,and, in each case, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 20(e)(iii)(A)(1); and
  - (ii) in respect of an Equity-Linked Note or a Cash Equity Note, the Limit Valuation Date shall be the Averaging Date (irrespective of whether the Limit Valuation Date is already an Averaging Date), and the Calculation Agent shall determine, in its sole and absolute discretion, the relevant price for that Averaging Date in accordance with Condition 20(e)(iii)(A)(2); and
- (bb) in the case of an Index-Linked Note, an Equity-Linked Note or a Cash Equity Note which relates to a basket of Indices or Securities, the Averaging Date for each Index or Security not affected by the occurrence of a Disrupted Day shall be the day specified in the relevant Pricing Supplement as an Averaging Date in relation to the relevant Valuation Date (the "**Scheduled Averaging Date**") and the Averaging Date for an Index or Security affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date in relation to such Index or Security. If the first succeeding Valid Date in relation to such Index or Security has not occurred as of the Valuation Time on the Limit Valuation Date immediately following the Scheduled Final Averaging Date, then:
- (i) in respect of an Index-Linked Note, the Calculation Agent shall determine in its absolute discretion that either:
    - (a) the Limit Valuation Date shall be deemed to be the Averaging Date, (irrespective of whether that Limit Valuation Date is already an Averaging Date) in relation to such Index; or
    - (b) the Averaging Date shall be the first succeeding Valid Date,and, in each case, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 20(e)(i)(B); and
  - (ii) in respect of an Equity-Linked Note or a Cash Equity Note, the Limit Valuation Date shall be the Averaging Date (irrespective of whether that Limit Valuation Date is already an Averaging Date) in relation to such Security, and the Calculation Agent shall determine, in its sole and absolute discretion, the relevant amount

for that Averaging Date in accordance with Condition 20(e)(iii)(C).

If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Maturity Date or any early redemption date in accordance with the Conditions or Settlement Date, as the case may be, or (ii) the occurrence of an Extraordinary Event or Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date.

- (C) If (1) on or prior to any Averaging Date, in respect of an Index-Linked Note, an Index Modification, Index Cancellation or Index Disruption (each as defined in Condition 20(f)(ii)) occurs, or (2) on any Averaging Date in respect of an Index-Linked Note an Index Disruption Event occurs, then the Calculation Agent shall determine, in its sole and absolute discretion, the Final Index Level using, in lieu of a published level of the relevant Index, the level for that Index as determined by the Calculation Agent in its sole and absolute discretion in accordance with the formula for and method of calculating that Index last in effect prior to that change or failure, but using only those securities that comprised that Index immediately prior to that change or failure (other than those securities that have since ceased to be listed on any relevant Exchange).

(f) *Adjustments to Indices*

This Condition 20(f) is applicable only in relation to Index-Linked Notes.

(i) *Successor Index*

If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor acceptable to the Calculation Agent, or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that Index (the "**Successor Index**") will be deemed to be the Index.

(ii) *Index Adjustment Events*

If (A) on or prior to any Valuation Date, a relevant Index Sponsor announces that it will make a material change in the formula for or the method of calculating that Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation or other routine events) (an "**Index Modification**") or permanently cancels the Index (an "**Index Cancellation**"), or (B) on any Valuation Date the Index Sponsor fails to calculate and announce a relevant Index (an "**Index Disruption**" and together with an Index Modification and an Index Cancellation, each an "**Index Adjustment Event**"), then the Calculation Agent shall determine, in its sole and absolute discretion, the Final Index Level using, in lieu of a published level of that Index, the level for that Index as at that Valuation Date as determined by the Calculation Agent in its sole and absolute discretion in accordance with the formula for and method of calculating that Index last in effect prior to the change, failure or cancellation, but using only those securities that comprised that Index immediately prior to that Index Adjustment Event.

(iii) *Correction of Index Levels*

If the level of an Index published by the Index Sponsor at any time and used or to be used by the Calculation Agent for any calculation or determination under the Notes is subsequently corrected and the correction is published by the Index Sponsor within one Settlement Cycle after the original publication, the Calculation Agent will make such

adjustment as it in its sole and absolute discretion determines to be appropriate, if any, to the settlement or payment terms of the Notes to account for such correction **provided that** if any amount has been paid in an amount which exceeds the amount that would have been payable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable in respect of the Notes and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Issuer shall be entitled to reimbursement of the relevant excess payment (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Noteholder, together with interest on that amount for the period from and including the day on which payment was originally made to (but excluding) the day of payment of reimbursement by the Noteholder (all as calculated by the Calculation Agent in its sole and absolute discretion). Any such reimbursement shall be effected in such manner as the Issuer shall determine.

(g) *Adjustments and Events affecting Securities*

This Condition 20(g) is applicable only in relation to Equity-Linked Notes and Cash Equity Notes.

(i) *Potential Adjustment Events*

The Calculation Agent shall determine, in its sole and absolute discretion, whether or not at any time a Potential Adjustment Event has occurred and where it determines such an event has occurred, the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Securities and, if so, will make such adjustment(s) as it in its sole and absolute discretion determines to be appropriate, if any, to the formula for the final redemption amount set out in the relevant Pricing Supplement, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, the number of or type of shares, other securities or other property which may be delivered pursuant to such Notes and/or any other adjustment(s) and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes as the Calculation Agent determines, in its sole and absolute discretion, to be appropriate to account for that diluting or concentrative effect and determine, in its sole and absolute discretion, the effective date(s) of such adjustment(s).

(ii) *Extraordinary Events*

Following the occurrence of any Extraordinary Event, the Calculation Agent will, in its sole and absolute discretion, determine whether or not the relevant Notes shall continue and, if so, determine, in its sole and absolute discretion, any adjustments to be made. If the Calculation Agent determines that the relevant Notes shall continue, it may make such adjustment(s) as it, in its sole and absolute discretion, determines to be appropriate, if any, to the formula for the final redemption amount set out in the relevant Pricing Supplement, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, the number of or type of shares, other securities or other property which may be delivered pursuant to such Notes and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent in its sole and absolute discretion. If the Calculation Agent determines in its sole and absolute discretion that the relevant Notes shall be terminated, then the Notes shall be terminated as of the date selected by the Calculation Agent in its sole and absolute discretion and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or final redemption amount (or any other payment to be made by the Issuer) as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of such amount as in the opinion of the Calculation Agent (such opinion to be made in its sole and absolute discretion) is fair in the circumstances by way of compensation for the termination of the Notes.

(iii) *Conversion*

In respect of an Equity-Linked Note or a Cash Equity Note which relates to debt securities, following the occurrence of any Conversion, the Calculation Agent will, in its sole and absolute discretion, determine whether or not the Notes will continue and, if so, determine, in its sole and absolute discretion, any adjustment(s) to be made. If the Calculation Agent determines that the Notes shall continue, it may make such adjustment(s) as it, in its sole and absolute discretion, determines to be appropriate to the formula for the final redemption amount set out in the relevant Pricing Supplement, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, number of or type of shares, other securities or other property which may be delivered under such Notes and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes and/or any other adjustment and determine, in its sole and absolute discretion, the effective date(s) of such adjustment(s). If the Calculation Agent determines in its sole and absolute discretion that the Notes shall be terminated, then the Notes shall be terminated as of the date selected by the Calculation Agent in its sole and absolute discretion and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or final redemption amount (or any other payment to be made by the Issuer), as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of such amount as, in the opinion of the Calculation Agent (such opinion to be made by the Calculation Agent in its sole and absolute discretion) is fair in the circumstances by way of compensation for the termination of the Notes.

(iv) *Correction of Prices*

In the event that any price published or announced on a given day and utilised or to be utilised for the purpose of any calculation or determination under the Notes is subsequently corrected and the correction is published or announced by the Exchange within one Settlement Cycle after the original publication, the Calculation Agent will make such adjustment(s) as it in its sole and absolute discretion determines to be appropriate, if any, to the amount payable in respect of the Notes and their terms to account for such correction and the Calculation Agent shall determine, in its sole and absolute discretion, the effective date(s) of such adjustment(s) **provided that** if any amount has been paid in an amount which exceeds the amount that would have been payable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable in respect of the Notes and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Issuer shall be entitled to reimbursement of the relevant excess payment (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Noteholder, together with interest on that amount for the period from and including the day on which payment was originally made to (but excluding) the day of payment of reimbursement by the Noteholder (all as calculated by the Calculation Agent in its sole and absolute discretion). Any such reimbursement shall be effected in such manner as the Issuer shall determine.

(h) *Additional Disruption Events*

Following the occurrence of any Additional Disruption Event, the Calculation Agent will, in its sole and absolute discretion, determine whether or not the relevant Notes shall continue and, if so, determine, in its sole and absolute discretion, any adjustments to be made. If the Calculation Agent determines that the relevant Notes shall continue, it may make such adjustment(s) as it, in its sole and absolute discretion, determines to be appropriate, if any, to the formula for the final redemption amount set out in the relevant Pricing Supplement, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, the number of or type of shares, other securities or other property which may be delivered pursuant to such Notes and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent in its sole and absolute discretion. If the Calculation Agent determines in its sole and absolute discretion that the relevant Notes shall be terminated, then the Notes shall be terminated as of the date selected by the Calculation Agent in its sole and absolute

discretion and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or final redemption amount (or any other payment to be made by the Issuer), as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of such amount as in the opinion of the Calculation Agent (such opinion to be made in its sole and absolute discretion) is fair in the circumstances by way of compensation for the termination of the Notes.

For the purposes any Series of Notes, "**Additional Disruption Event**" means any event specified as such in the relevant Pricing Supplement, and for such purpose the following terms if so specified shall be deemed to have the following meanings unless otherwise provided in the relevant Pricing Supplement:

- (iv) "**Hedging Disruption**" means that the Issuer is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity price risk of issuing and performing its obligations with respect to the Notes or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s); and

(i) ***Effects of European Economic and Monetary Union***

Following the occurrence of an EMU Event, the Calculation Agent shall make such adjustment (and determine, in its sole and absolute discretion, the effective date of such adjustment) as it, in its sole and absolute discretion, determines to be appropriate, if any, to the formula for the final redemption amount set out in the relevant Pricing Supplement, the formula for and method of calculating the relevant Index and/or the securities or other property comprising the relevant Index, the number of and type of Securities to which each Note relates, the number of and type of Securities comprised in a basket, the amount, the number of or type of shares, other securities or other property which may be delivered under such Notes and/or any other adjustment and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes.

(k) ***Adjustments where the Securities are Units in a Fund***

Where the Securities are specified in the relevant Pricing Supplement as being Units in a Fund, in the case of the occurrence at any time on or prior to the Valuation Date of any Extraordinary Event affecting the Fund or the value of the Units, the Calculation Agent may make any adjustment as provided in the preceding provisions of this Condition 20 or:

- (i) if the Calculation Agent determines that no adjustment that it could make under the preceding provisions of this Condition 20 would produce a commercially reasonable result:
  - (A) the Calculation Agent will use commercially reasonable efforts to identify a new underlying asset with characteristics, investment objectives and policies similar to those in effect for the Affected Units immediately prior to the occurrence of the relevant Extraordinary Event and any substitution of the new underlying asset for the Affected Units shall be effected at such time and in such manner as determined by the Calculation Agent in its sole and absolute discretion; and

## FORMS OF NOTES; SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Notes may, subject to all applicable legal and regulatory requirements, be issued in Tranches or Series comprising either Notes in bearer form ("**Bearer Notes**") or Notes in registered form ("**Registered Notes**"), as specified in the relevant Pricing Supplement.

### **Registered Notes**

In the case of Registered Notes, the relevant Pricing Supplement may specify that the Notes will be issued in global form (Global Registered Notes as defined below) held in specified clearing systems, as described below, or in definitive form (Definitive Registered Notes as defined below).

### **Global Registered Notes**

If Notes are to be issued in the form of Global Registered Notes, the Issuer will deliver a Global Registered Note (as such term is defined below), subject to the Agency Agreement (as defined herein) in accordance with their respective terms and as specified in the relevant Pricing Supplement.

### *Global Registered Notes*

In the case of a Tranche of Registered Notes offered and sold solely outside the United States (as defined in Regulation S) in reliance on Regulation S, such Tranche of Registered Notes may be represented by a Global Registered Note without interest coupons (a "**Global Registered Note**"), which will be deposited on or about the closing date (the "**Closing Date**") for the relevant Tranche with a common depository for Euroclear and/or Clearstream, Luxembourg and registered in the name of a nominee for such common depository or, as the case may be, with a sub-custodian for the CMU. Interests in any Global Registered Note will be exchangeable (in circumstances described below under "*Exchange and Transfer of Global Registered Notes for Definitive Registered Notes*") for Definitive Registered Notes ("**Definitive Registered Notes**") in the relevant form scheduled to the Trust Deed.

### *Owner of Global Registered Notes and Payments*

Subject to certain provisions of the Trust Deed relating to directions, sanctions and consents of Holders of Registered Notes and to meetings of Holders of Notes, so long as one or more of the Clearing Systems or the nominee of their common depository or sub-custodian (as the case may be) is the registered owner or holder of a Global Registered Note, that Clearing System or such nominee or sub-custodian, as the case may be, will be considered the sole owner or holder of the Notes represented by such Global Registered Note for all purposes under the Agency Agreement, the Trust Deed and the Notes. Payments of principal, interest and additional amounts, if any, pursuant to Condition 7, on Global Registered Notes will be made to one or more of the Clearing Systems, such nominee or sub-custodian, as the case may be, as the registered holder thereof. None of the Issuer, the Trustee, the relevant Registrar, or any Paying Agent or any affiliate of any of the above or any person by whom any of the above is controlled for the purposes of the Securities Act will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in Global Registered Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. Each such payment in respect of a Global Registered Note will be made to the person shown as the registered owner or holder in the Register at the close of business (in the relevant clearing system) on the Clearing System Business Day before the due date for such payment (the "**Record Date**") where "**General Clearing System Business Day**" means a day on which each clearing system for which the Global Registered Note is being held is open for business.

### *CMU*

If a Global Registered Note is lodged with the CMU, the person(s) for whose account(s) interests in such Global Registered Note are credited as being held in the CMU in accordance with the CMU Rules as notified by the CMU to the CMU Lodging and Paying Agent in a relevant CMU Instrument Position Report or any other relevant notification by the CMU (which notification, in either case, shall be conclusive evidence of the records of the CMU save in the case of manifest error) shall be the only person(s) entitled (in the case of Registered Notes, directed or deemed by the CMU as entitled) to receive payments in respect of Notes represented by such Global Registered Note and the Issuer will be discharged by payment to, or to the order of, such person(s) for whose account(s) interests in such Global

Registered Note are credited as being held in the CMU in respect of each amount so paid. Each of the persons shown in the records of the CMU, as the beneficial holder of a particular nominal amount of Notes represented by such Global Registered Note must look solely to the CMU Lodging and Paying Agent for his share of each payment so made by the Issuer in respect of such Global Registered Note.

#### **Exchange and Transfer of Global Registered Notes for Definitive Registered Notes**

Beneficial interests in a Global Registered Note will be exchangeable, in whole but not in part, for Definitive Registered Notes: (i) if the relevant Clearing System(s) is/are closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; or (ii) if an Enforcement Event occurs as set out in Condition 10; or (iii) if so specified in the relevant Pricing Supplement, if the holder of the relevant Global Registered Note requests that such interest be exchanged for Definitive Registered Notes; or (iv) at the option of the Issuer, if the Issuer, any Paying Agent or the relevant Registrar, by reason of any change in, or amendment to, the laws of Jersey or the United Arab Emirates, is or will be required to make any deduction or withholding from any payment under the Notes which would not be required if such Notes were in definitive form.

In such circumstances, (a) the relevant Registrar will be required to notify all Holders of interests in the relevant Global Registered Notes registered in the name of Euroclear, Clearstream, Luxembourg or the nominee of their common depository or the sub-custodian of the CMU, as the case may be, of the availability of Definitive Registered Notes and (b) the Issuer will, at the cost of the Issuer, cause sufficient Definitive Registered Notes, as the case may be, to be executed and delivered to the relevant Registrar for completion, authentication and dispatch to the relevant Holders. A person having an interest in the relevant Global Registered Note must provide the relevant Registrar with a written order containing instructions and such other information as the Issuer and the relevant Registrar may require to complete, execute and deliver the relevant Definitive Registered Note.

#### **Bearer Notes**

Bearer Notes will be issued in accordance with the provisions of United States Treasury Regulations 1.163-5(c)(1)(ii) and 1.163-5(c)(2)(i)(D) ("**TEFRA D**"), unless the relevant Pricing Supplement provides that such Notes will be issued in accordance with the provisions of United States Treasury Regulations 1.163-5(c)(1)(ii) and 1.163-5(c)(2)(i)(C) ("**TEFRA C**"). Bearer Notes issued in accordance with TEFRA D will be represented upon issue by a temporary global note in bearer form without interest coupons (a "**Temporary Global Note**"). Bearer Notes issued in accordance with TEFRA C will be represented upon issue by a permanent global note in bearer form without interest coupons (a "**Permanent Global Note**") or by a Temporary Global Note. Each Temporary Global Note and Permanent Global Note will be deposited on or about the issue date for the relevant Tranche with a common depository, depositories or sub-custodians (as the case may be) for the relevant Clearing System(s). Beneficial interests in a Temporary Global Note issued in accordance with TEFRA C will be exchangeable at any time and without any requirement for certification for Bearer Notes in definitive form ("**Definitive Bearer Notes**"), in accordance with the terms of such Temporary Global Note and as specified in the relevant Pricing Supplement. Interests in a Temporary Global Note issued in accordance with TEFRA D will be exchangeable either for Definitive Bearer Notes or for interests in a Permanent Global Note, on or after the date which is 40 days after the date on which such Temporary Global Note is issued and upon certification as to non-U.S. beneficial ownership thereof or otherwise as required by U.S. Treasury Regulations, in accordance with the terms of such Temporary Global Note and as specified in the relevant Pricing Supplement.

Interests in any Permanent Global Note will be exchangeable, in whole but not in part, for Definitive Bearer Notes, against presentation and (in the case of final exchange) surrender of such Permanent Global Note at the specified office from time to time of the Principal Paying Agent or, as the case may be, the CMU Lodging and Paying Agent (i) if the relevant Clearing System(s) or any other clearing system by which the Notes have been accepted for clearing is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention to cease business permanently, (ii) if an Enforcement Event occurs as set out in Condition 10, (iii) if so specified in the relevant Pricing Supplement, upon the bearer's request or (iv) if the Issuer or any Paying Agent, by reason of any change in, or amendment to, the laws of Jersey or the United Arab Emirates, is or will be required to make any deduction or withholding from any payment under the Notes which would not be required if such Notes were in definitive form.

Definitive Bearer Notes will, if interest-bearing and if so specified in the relevant Pricing Supplement, have interest coupons ("**Coupons**") and, if applicable, a talon for further Coupons attached. All Definitive Bearer Notes will, if the principal thereof is repayable by instalments, have endorsed thereon a grid for recording the payment of principal.

#### **Payments in respect of Bearer Notes**

All payments, if any, in respect of Bearer Notes when represented by a Temporary Global Note or a Permanent Global Note will be made against presentation and surrender or, as the case may be, presentation of the relevant Temporary Global Note or Permanent Global Note at the specified office of any of the Paying Agents. A record of each payment so made in respect of Notes when represented by a Permanent Global Note will be endorsed on the relevant schedule to such Permanent Global Note by or on behalf of the Principal Paying Agent or, as the case may be, the CMU Lodging and Paying Agent, which endorsement will be *prima facie* evidence that such payment has been made.

The records of the relevant clearing systems which reflect the amount of Noteholders' interests in the Notes shall be conclusive evidence of the nominal amount of Notes represented by the Global Notes.

If any date on which a payment of interest is due on the Notes of a Series issued in accordance with TEFRA D occurs while any of the Notes of that Series are represented by a Temporary Global Note, the relevant interest payment will be made on such Temporary Global Note only to the extent that certification has been received by the relevant Clearing System(s) as to the beneficial ownership thereof, as required by U.S. Treasury Regulations, in accordance with the terms of such Temporary Global Note.

Cancellation of any Note surrendered for cancellation following its purchase will be effected by reduction in the principal amount of the relevant Temporary Global Note, Permanent Global Note or, as the case may be, Global Registered Note and, in the case of a Global Registered Note, will be recorded in the Register by the relevant Registrar.

**Issuer's Option to Redeem in Part**

No drawing of Bearer Notes or redemption *pro rata* of Registered Notes will be required under Condition 6(c) in the event that the Issuer exercises any option to redeem such Notes in part while all such Notes which are outstanding are represented by a Temporary Global Note, Permanent Global Note or, as the case may be, Global Registered Note. In such event, the standard procedures of the relevant Clearing System(s) or, as the case may be, the Alternative Clearing System shall operate to determine which interests in such Global Notes are to be subject to such option. In relation to Bearer Notes, such partial redemption is to be reflected in the records of the relevant Clearing System(s) as either a pool factor or a reduction in nominal amount, at their discretion.

**Early Redemption at the option of the Holder – Provisions relating to Registered Notes held in Clearing Systems**

Condition 6(d) allows for early redemption of Notes at the option of the Holder of such Notes if so specified in the relevant Pricing Supplement. Such option is exercisable by the Holder of the relevant Notes by depositing such Notes, together with a notice of exercise of such option (an "**Option Notice**"), duly completed and signed in accordance with Condition 6(d), at the specified office of any Paying Agent (in the case of Bearer Notes, outside the United States). In respect of any Registered Notes of the relevant Series of which a nominee for a common depository for Euroclear and Clearstream, Luxembourg is the registered Holder, or, as the case may be, a sub-custodian for the CMU is the registered Holder, such Option Notice will be deemed to have been duly completed and signed by the Holder of the relevant Notes if it has been completed and signed by or on behalf of a person in respect of whom notification has been given by the relevant Clearing System(s) to the relevant Registrar that such person is a person who is shown in the records of such Clearing System(s) as having relevant Registered Notes of a specified principal amount standing to the credit of its account with that the Clearing System(s) or delivered from its account with such Clearing System(s) for the purpose of exercising such option.

## CLEARING AND SETTLEMENT

The CMU Service is only available for CMU Instruments issued by a CMU Member or by a person for whom a CMU Member acts as agent for the purposes of lodging instruments issued by such persons. Membership of the CMU Service is open to all members of the Hong Kong Capital Markets Association and "authorised institutions" under the Banking Ordinance (Cap. 155) of Hong Kong.

Compared to clearing services provided by Euroclear and Clearstream, Luxembourg, the standard custody and clearing service provided by the CMU Service is limited. In particular (and unlike the European clearing systems), the HKMA does not as part of this service provide any facilities for the dissemination to the relevant CMU Members of payments (of interest or principal) under, or notices pursuant to the notice provisions of, CMU Instruments. Instead, the HKMA advises the CMU Lodging Agent (or a designated paying agent) of the identities of the CMU Members to whose accounts payments in respect of the relevant CMU Instruments are credited, whereupon the CMU Lodging Agent (or the designated paying agent) will make the necessary payments of interest or principal or send notices directly to the relevant CMU Members.

Similarly, the HKMA will not obtain certificates of non-U.S. beneficial ownership from CMU Members or provide any such certificates on behalf of CMU Members. The CMU Lodging Agent will collect such certificates from the relevant CMU Members identified from an instrument position report obtained by request from the HKMA for this purpose.

An investor holding an interest through an account with either Euroclear or Clearstream, Luxembourg in any Notes held in the CMU Service will hold that interest through the respective accounts which Euroclear and Clearstream, Luxembourg each have with the CMU Service.

## PRODUCT DESCRIPTIONS

### PRODUCT DESCRIPTION RELATING TO CURRENCY-LINKED NOTES

Notes issued pursuant to the Programme may include Currency-Linked Notes, being Notes in relation to which the interest rate and/or the final redemption amount payable at maturity is dependent on the performance of a particular underlying currency or group of currencies specified in the Pricing Supplement (each a "**Currency Related Variable**"). Generally, if the underlying currency in question appreciates in relation to the currency to which it is being compared, the interest rate and/or redemption amount will increase accordingly.

Details of the underlying currency or group of currencies and the page(s) of Bloomberg, the Reuters Service and/or other source where information about such underlying currency or group of currencies can be obtained will be specified in the relevant Pricing Supplement.

There follows a description of certain types of Currency-Linked Notes that may be issued under the Programme. In addition to these Notes, the Bank may issue Currency-Linked Notes under the Programme which combine elements of any of the Notes described below or are linked to a currency in a manner other than described below, details of which will be provided in the relevant Pricing Supplement.

#### Capital protected Notes

**Auto-callable Notes:** Notes which are to be mandatorily redeemed prior to their maturity date if a specified trigger event relating to a Currency-Related Variable occurs after or during a specified period or on a specified date, as specified in the Pricing Supplement.

**Growth Notes:** Notes under which the redemption amount payable to the Noteholder at maturity is calculated as the *sum* of the aggregate face amount of the Notes *plus* an amount equal to the *product* of the aggregate face amount of the Notes and a multiplier or participation rate specified in the Pricing Supplement and any increase in the level or value of the Currency-Related Variable (such amount not being subject to a maximum amount payable to the Noteholder ("**No Fixed Cap**")).

**Capped Growth Notes:** Notes under which the redemption amount payable to the Noteholder at maturity is calculated as the *sum* of the aggregate face amount of the Notes *plus* an amount equal to the *product* of the aggregate face amount of the Notes and a multiplier or participation rate specified in the Pricing Supplement and any increase in the level or value of the Currency-Related Variable (such amount being subject to a maximum amount payable to the Noteholder set on the issue date and expressed as a predefined percentage of the aggregate face amount of the Notes (a "**Fixed Cap**")).

**Basket Growth Notes:** Notes under which the redemption amount payable to the Noteholder on maturity is calculated as the *sum* of the aggregate face amount of the Notes *plus* an amount equal to the *product* of the aggregate face amount of the Notes and a multiplier or participation rate specified in the Pricing Supplement and the difference in the level or value of the Currency-Related Variable(s) relating to a basket of currencies.

**Basket Digital Notes:** Notes in relation to which, if there is an increase in the level or value of the Currency-Related Variable(s) relating to a basket of currencies, the interest payable is a fixed amount.

**Basket Digital Plus Notes:** Notes in relation to which, if there is an increase in the level or value of the Currency-Related Variable(s) relating to a basket of currencies, the interest payable is a fixed amount *plus* an amount equal to the *product* of the aggregate face amount of the Notes and a multiplier or participation rate specified in the Pricing Supplement and the increase in the level or value of the Currency-Related Variable(s) relating to a basket of currencies.

**Best of Growth Notes:** Notes in relation to which, if there is an increase in the level or value of the Currency-Related Variable(s) relating to a basket of currencies, the interest payable to the Noteholder is a variable amount equal to the *product* of the aggregate face amount of the Notes and the increase in the

level or value of the best performing Currency-Related Variable(s) relating to a basket of currencies specified in the Pricing Supplement.

**Multi Digital Notes:** Notes in relation to which, if each Currency-Related Variable relating to each of the currencies in the basket reaches a predefined level or value, the interest payable is a fixed amount.

**Barrier Growth Notes:** Notes under which the redemption amount payable to the Noteholder at maturity is calculated as the *sum* of the aggregate face amount of the Notes *plus* an amount equal to the *product* of the aggregate face amount of the Notes and a multiplier or participation rate specified in the Pricing Supplement and any increase in the level or value of the Currency-Related Variable **provided, however, that** the level or value of the Currency-Related Variable is less than a predefined level or value at all times ("**Performance Cap**") at any time during the term of the Notes. If the level or value of the Currency-Related Variable is equal to or higher than a predefined level or value at any time, the redemption amount payable to the Noteholder at maturity will be an amount equal to the aggregate face amount of the Notes and, in such circumstances, if so specified in the relevant Pricing Supplement, a fixed amount of interest will be payable to the Noteholder. If the Pricing Supplement so specify, the predefined level or value may be varied on a specified date or dates or during specified periods throughout the term of the Notes.

**Digital Notes:** Notes in relation to which, if the Currency-Related Variable at maturity reaches a predefined level or value, the interest payable is a fixed amount.

**Range Accrual Notes:** Notes in relation to which the interest payable (calculated by reference to a formula in the Pricing Supplement) only accrues for each day during a period that a specified Currency-Related Variable remains within a specified range (which may vary during the term of the Notes), as specified in the Pricing Supplement.

**Range Binary Notes:** Notes in relation to which, if the Currency-Related Variable remains within a specified range, the interest payable is a specified variable amount (calculated by reference to a formula in the Pricing Supplement).

**Touch Rebate Notes:** Notes in relation to which, if the Currency-Related Variable reaches one or a number of predefined levels or values at any time, or is above one or a number of predefined levels or values on any specified date, the redemption amount payable at maturity is a specified variable amount (calculated by reference to a formula in the Pricing Supplement).

**Second Chance Notes:** Notes in relation to which, if the level or value of the Currency-Related Variable remains, at all times, within a predefined initial range, or if the level or value of the Currency-Related Variable does not remain within such predefined initial range but remains, at all times, within a broader predefined range, the redemption amount payable at maturity is a specified variable amount (calculated by reference to a formula in the Pricing Supplement).

**Target Redemption Notes:** Notes in relation to which, the interest payable is determined by reference to the level or value of the Currency-Related Variable **provided, however, that** the maximum cumulative amount of interest payable over the term of the Notes is specified on the issue date (the "**Lifetime Cap**") and the Issuer may redeem the Notes at par on the first payment date on which the cumulative interest up to and including such payment date would exceed the Lifetime Cap (taking into account the interest relating to such payment date), which interest will then be reduced so that Noteholders receive, over the life of the Notes, an aggregate of interest equal to the Lifetime Cap.

**Recovery Best Coupon Notes:** Notes in relation to which, if the level or value of the Currency-Related Variable is higher than predefined levels or values on specified dates, the interest payable in relation to

such specified dates is a fixed amount. If the level or value of the Currency-Related Variable is not higher than the relevant predefined levels or values on any of the specified dates the interest which would otherwise have been payable in respect of such payment date shall not be paid on such payment date but shall be deferred to the next payment date in respect of which the level or value of the Currency-Related Variable is higher than the relevant predefined level or value.

**Knock-out Straddle Notes:** Notes in relation to which the redemption amount payable to the Noteholder at maturity is calculated as the *sum* of the aggregate face amount of the Notes *plus* an amount equal to the *product* of the aggregate face amount of the Notes and a multiplier or participation rate specified in the Pricing Supplement and any increase or decrease in the level or value of the Currency-Related Variable during the term of the Note, **provided, however, that** if such level or value is less than a specified level or value ("**Performance Floor**") or greater than a specified level or value ("**Performance Cap**") at any time during the term of the Note, the Note shall be redeemed at par.

#### **Non-capital protected Notes**

**Airbag:** Notes in relation to which the redemption amount payable to the Noteholder at maturity is calculated as either (i) the *product* of the aggregate face amount of the Notes and any increase or decrease in the level or value of the Currency-Related Variable during the term of the Note expressed as a percentage of the initial level or value of the Currency-Related Variable **provided that** the amount payable at maturity is no less than a specified amount, or (ii) the *product* of the aggregate face amount of the Notes and (A) if there is an increase in the level or value of the Currency-Related Variable during the term of the Notes, the *product* of a multiplier or participation rate specified in the Pricing Supplement and such level or value expressed as a percentage of the initial level or value of the Currency-Related Variable, or (B) if there is a decrease in the level or value of the Currency-Related Variable during the term of the Notes, such level or value expressed as a percentage of the initial level or value of the Currency-Related Variable. No interest is payable in respect of such Notes.

**Leverage Airbag Plus Notes:** Notes in relation to which the redemption amount payable to the Noteholder at maturity is calculated as the *product* of the aggregate face amount of the Notes and (A) if there is an increase in the level or value of the Currency-Related Variable during the term of the Notes, the *product* of a multiplier or participation rate specified in the Pricing Supplement and such level or value expressed as a percentage of the initial level or value of the Currency-Related Variable, (B) if there is a decrease in the level or value of the Currency-Related Variable during the term of the Notes but the level or value of the FX Related Vehicle at maturity is greater than a specified level or value (the "**Performance Floor**"), 100 per cent., or (C) if there is a decrease in the level or value of the Currency-Related Variable during the term of the Notes, the level or value of the Currency-Related Variable has fallen below the Performance Floor at any time during the term of the Notes and the level or value of the Currency-Related Variable at maturity is less than the initial level or value of the Currency-Related Variable, such level or value at maturity expressed as a percentage of the initial level or value of the Currency-Related Variable. No interest is paid in respect of such Notes.

**Booster Notes:** Notes in relation to which the redemption amount payable to the Noteholder at maturity is calculated as either (i) if there is an increase in the level or value of the Currency-Related Variable during the term of the Notes, the *sum* of (1) the aggregate face amount of the Notes and (2) the *product* of the aggregate face amount of the Notes and (3) the *product* of a multiplier or participation rate specified in the Pricing Supplement and (4) such level or value expressed as a percentage of the initial level or value of the Currency-Related Variable, (such percentage being subject to a predefined maximum percentage (a "**Performance Cap**")), (ii) if the final level or value of the Currency-Related Variable at maturity is less than the initial level or value of the Currency-Related Variable but higher than a predefined level or value specified in the Pricing Supplement, the *sum* of (1) the aggregate face amount of the Notes and (2) the *product* of the aggregate face amount of the Notes and (3) the predefined level or value specified in the Pricing Supplement, or (iii) if the final level or value of the Currency-Related Variable at maturity is less than the initial level or value of the Currency-Related Variable and such level or value is also less than a predefined level or value specified in the Pricing Supplement, the *product* of (1) the aggregate face amount of the Notes and (3) the final level or value of the Currency-Related Variable.

**Dual Currency Notes:** Notes in relation to which the interest payable is a fixed amount and, if the Currency-Related Variable is higher than a predefined level or value at maturity, the redemption amount payable to the Noteholder at maturity is calculated by reference to a formula specified in the Pricing

Supplement applied to the aggregate principal amount of the Notes. Investors normally receive the final redemption amount at Maturity in one currency (either the original currency in which the Notes are denominated, or the alternative currency of the Currency-Related Variable). Payment of Interest shall be subject to further specifications in the formula specified in the Pricing Supplement

**Triple Currency Notes:** Notes in relation to which the interest payable is a fixed amount and if at least one of the two Currency-Related Variables is higher than a predefined level or value at maturity, the redemption amount payable to the Noteholder at maturity is calculated by reference to a formula specified in the Pricing Supplement applied to the aggregate principal amount of the Notes. Investors normally receive payment at maturity in one of the three currencies (either the original currency in which the Notes are denominated or one of the two alternative currencies of the Currency-Related Variable). Payment of interest may be subject to further specifications in the formula specified in the Pricing Supplement

**Early Redemption Accrual Notes:** Notes which are to be mandatorily redeemed prior to their maturity date if a specified trigger event relating to a Currency-Related Variable occurs after or during a specified period or on a specified date, as specified in the Pricing Supplement. The face amount of the Notes will be converted into an alternative currency every day and accrues until the trigger event date, so that the redemption amount payable to the Noteholder will be in the alternative currency for the accrued face amount and/or in the original denomination currency for the residual face amount.

**Reverse Convertible Notes:** Notes in relation to which the interest payable is a fixed amount. If the final level or value of Currency-Related Variable at maturity is higher than the initial level or value of the Currency-Related Variable, the redemption amount payable to the Noteholder at maturity is the aggregate principal amount of the Notes, whereas, if the final level or value of Currency-Related Variable is equal to or lower than the initial level or value of the Currency-Related Variable, the redemption amount payable to the Noteholder at maturity is calculated by reference to a formula specified in the Pricing Supplement applied to the aggregate principal amount of the Notes (such amount being less than the aggregate principal amount of the Notes).

No interest is payable in respect of such Notes.

**Leverage Tracker Notes:** Notes in relation to which the redemption amount payable to the Noteholder at maturity is calculated as either (i) the *product* of the aggregate face amount of the Notes and, if there is an increase in the level or value of the Currency-Related Variable during the term of the Notes, the *product* of a multiplier or participation rate specified in the Pricing Supplement and such level or value expressed as a percentage of the initial level or value of the Currency-Related Variable, or (ii) the *product* of the aggregate face amount of the Notes and, if there is a decrease in the level or value of the Currency-Related Variable during the term of the Notes, such level or value expressed as a percentage of the initial level or value of the Currency-Related Variable. No interest is payable in respect of such Notes.

## PRODUCT DESCRIPTION RELATING TO INTEREST RATE-LINKED NOTES

Notes issued pursuant to the Programme may include Interest Rate-Linked Notes, being Notes in relation to which the interest payable thereon (if any) and/or the redemption amount thereof is determined by reference to levels of, or movements in, specified interest rates or other interest rate dependent variables, as applicable (each, an "**Interest-Related Variable**"). Such Notes may be Fixed Rate Notes, Floating Rate Notes, Variable Coupon Amount Notes or Zero Coupon Notes, as specified in the relevant Pricing Supplement. In the case of Variable Coupon Amount Notes, details of the dates on which interest shall be payable and the method of calculation of the interest payable on each such date will be set out in the relevant Pricing Supplement.

Interest-Related Variables may consist of interest rates for specified periods, such as London inter-bank offered rates "**LIBOR**" for deposits in specified currencies or "**EURIBOR**" for deposits in euro, or constant maturity swap ("**CMS**") or remaining maturity swap ("**RMS**") rates, or other interest-based factors, as specified in the relevant Pricing Supplement. Details of the Interest-Related Variable(s) applicable to any particular Series or Tranche of Notes and an indication of where information about the past and the future performance of the Interest-Related Variable and other information relating thereto will be specified in the relevant Pricing Supplement.

There follows a description of certain types of Interest Rate-Linked Notes that may be issued under the Programme. In addition to these types of Notes, the Issuer may issue Interest Rate-Linked Notes under the Programme which combine elements of any of the Interest Rate-Linked Notes described below or are linked to Interest-Related Variables in a manner other than described below, details of which will be provided in the relevant Pricing Supplement.

### Early Redemption features for Interest Rate-Linked Notes:

**Callable Notes:** Notes which may be redeemed prior to their specified maturity date at the option of the Issuer, which option may be exercised periodically or on dates specified in the Pricing Supplement.

**Puttable Notes:** Notes which may be redeemed at the option of the Noteholder prior to the maturity date if a specified trigger event relating to an Interest-Related Variable occurs during a specified period or on a specified date, as specified in the Pricing Supplement.

**Target Redemption Notes:** Notes, the terms of which provide as follows: (i) the minimum and maximum interest payable to a Noteholder over the term of the Notes are set on the issue date and expressed as pre-determined percentages of the notional amount of the Notes ("**Lifetime Floor**" and "**Lifetime Cap**", respectively), (ii) the final interest payment is increased so that, if the cumulative total interest payments (taking into account the amount of such final interest payment) would not otherwise reach the Lifetime Floor, Noteholders receive over the life of the Notes cumulative interest payments equal to the Lifetime Floor and (iii) the Notes will be mandatorily redeemed at par on the first interest payment date on which the cumulative total interest payments up to and including such payment date would exceed the Lifetime Cap taking into account the interest payments scheduled to be made on such date, which interest payments will then be reduced so that Noteholders receive over the life of the Notes aggregate interest payments equal to the Lifetime Cap.

**Trigger Redemption Notes:** Notes which are not Callable Notes and which are to be mandatorily redeemed prior to their maturity date if a specified trigger event in relation to a Interest-Related Variable occurs during a specified period or on a specified date, as specified in the Pricing Supplement.

### Payment features for Interest Rate-Linked Notes:

**Coupon Notes:** Notes in relation to which the interest payable to the Noteholder is subject to the performance of the Interest-Related Variable.

**Zero Coupon Notes:** Notes in relation to which no interest is payable to the Noteholder until the earlier of the scheduled maturity or early redemption.

**Deferred Coupon Notes:** Notes in relation to which the interest in relation to a given payment date may be deferred until the earlier of the scheduled maturity or early redemption on conditions specified in the Pricing Supplement.

**Barrier Notes:** Notes under which the interest and/or the redemption amount payable to the Noteholder at maturity are determined by reference to the performance of the Interest-Related Variable depending on the level or value of the Interest-Related Variable attaining or falling below predefined levels or values. If the Pricing Supplement so specify, the predefined level or value may be varied on a specified date or dates or during specified periods throughout the term of the Notes. The predefined levels or values may consist of any of the following:

**Up and Out:** If the level or value of the Interest-Related Variable is higher than a predefined level or value at a specified date or during a specified period the interest and/or redemption amount payable to the Noteholder ceases to be linked to the performance of the Interest-Related Variable as specified in the relevant Pricing Supplement.

**Up and In:** If the level or value of the Interest-Related Variable is higher than a predefined level or value at a specified date or during a specified period the interest and/or redemption amount payable to the Noteholder become linked to the performance of the Interest-Related Variable as specified in the relevant Pricing Supplement.

**Down and Out:** If the level or value of the Interest-Related Variable is lower than a predefined level or value at a specified date or during a specified period the interest and/or redemption amount payable to the Noteholder cease to be linked to the performance of the Interest-Related Variable as specified in the relevant Pricing Supplement.

**Down and In:** If the level or value of the Interest-Related Variable is lower than a predefined level or value at a specified date or during a specified period the interest and/or redemption amount payable to the Noteholder become linked to the performance of the Interest-Related Variable as specified in the relevant Pricing Supplement.

**Parisian:** the level or value of the Interest-Related Variable is observed on the occurrence of a specified event.

**Switchable Notes:** Notes paying a fixed coupon. After a predetermined period, the Issuer may, at its sole option, switch irrevocably from a fixed coupon to a floating coupon on each predefined switch date.

**Window:** the level or value of the Interest-Related Variable is only observed during a fixed period.

**Interest-Related Variable path dependent features for Interest Rate-Linked Notes:**

**Range Accrual Notes:** Notes in relation to which the interest only accrues for each day during a period that a specified Interest-Related Variable remains within a specified range (which may vary during the term of the Notes), as specified in the Pricing Supplement.

**Average Growth Notes:** Notes under which the redemption amount payable to the Noteholder at maturity is calculated by reference to the average level or value of the Interest-Related Variable on a number of specified dates occurring on or after the issue date to but excluding the maturity date, as specified in the Pricing Supplement.

**Snow Notes:** Notes in relation to which a fixed interest rate is set for the initial interest period and then leveraged thereafter whereby the interest rate for any given period is determined by reference to (i) the rate used to calculate the interest for the preceding period and applying to it a pre-specified rate and (ii) a Interest-Related Variable, as set out in the Pricing Supplement (subject to minimum interest rate of 0 per cent.).

**Ratchet Notes:** Notes in relation to which a fixed rate is used to calculate the interest for the initial period (the "**initial rate**") and leveraged thereafter whereby the subsequent rate for any given period used to calculate the interest is determined by reference to (A) the rate applicable for the preceding period and applying to it a pre-specified rate and (B) an Interest-Related Variable (subject to a minimum interest rate of 0 per cent.), until a specified date on which the rate used to calculate the interest is reset to the initial rate and the rate leverage process recommences.

**Serial Notes:** Notes in relation to which rate used to calculate the interest is determined by reference to (i) any one of the minimum, the maximum or the average level or value of the specified Interest-Related Variable over a certain period of time and (ii) a rate specified in the Pricing Supplement.

**Snowball:** Callable Notes in relation to which the fixed rate used to calculate the interest is set for the initial period and then leveraged thereafter whereby the rate for any given period is calculated using the rate for the preceding period and applying to it a pre-specified rate which increases each year and subtracting the level or value of the specified Interest-Related Variable (subject to minimum interest rate of 0 per cent.).

**Bearish Snowball:** Callable Notes in relation to which the rate used to calculate the fixed interest is set for the initial period and then leveraged thereafter whereby the rate for any given period is calculated using the rate for the preceding period and adding to it the product of a multiple of the Interest-Related Variable minus a pre-specified rate (which increases each year) (subject to a minimum interest rate of 0 per cent. and a pre-specified maximum interest rate).

**Resettable Snowball:** Callable Notes in relation to which (i) the rate used to calculate the fixed interest payment is set for the initial period (the "**initial interest rate**") and leveraged thereafter whereby the subsequent interest rate for any given interest period is calculated using the interest rate for the preceding period and applying to it a pre-specified rate which increases each year and subtracting the specified Interest-Related Variable (subject to a minimum rate of 0 per cent.) until a specified date on which the interest is reset to the initial rate and the rate leverage process recommences, and (ii) the Issuer has a right to redeem the Notes earlier than the maturity date if a trigger event relating to a specified Interest-Related Variable occurs and is existing on a specified early redemption date during the term of the Notes.

**Recovery Note:** Callable Notes in relation to which the fixed rate used to calculate the interest is set for the initial period and then leveraged thereafter whereby the rate for any given period is calculated using the rate for the preceding period and adding to it the product of a multiple of the specified Interest-Related Variable minus a pre-specified rate (which increases each year) (subject to a minimum interest rate of 0 per cent. and a pre-specified rate maximum).

**Seesaw Note:** Callable Notes in relation to which the method of calculating interest changes during the life of the Notes as follows. The fixed rate used to calculate the interest is set for the initial period and is then leveraged thereafter whereby the rate for any given period is calculated using the rate for the preceding period and applying to it a multiple of a pre-specified rate or rates less the specified Interest-Related Variable. The rate used to calculate the interest will then revert to the original rate or another fixed rate for a specified number of periods. Thereafter, the rate used to calculate the interest for any given period is calculated using the rate for the preceding period and applying to it a multiple of the specified Interest-Related Variable less a pre-specified rate or rates. The rate applicable to any period may be subject to minimum and maximum rate limits.

**SnowBlade Note:** Target Accrual Redemption Notes which are not Callable Notes in relation to which a fixed rate is set for the initial period and then leveraged thereafter whereby the rate for any given

subsequent period is calculated using the rate for the preceding period and applying to it a pre-specified rate which increases each year and subtracting the specified Interest-Related Variable (subject to a minimum interest rate of 0 per cent.).

***Callable step-down Floaters:*** Callable Notes which are Floating Rate Notes and in relation to which (i) the rate used to calculate the interest is set at a fixed margin above the specified Interest-Related Variable but the total of which is capped at a specified fixed rate and (ii) the interest is only payable if the specified Interest-Related Variable remains below a certain pre-specified level.

***Callable Inverse Floaters:*** Callable Notes in relation to which a fixed rate used to calculate the interest is set for an initial period, after which the rate for any given period is calculated by subtracting from a pre-specified fixed rate a multiple of the specified Interest-Related Variable (subject to a minimum interest rate of 0 per cent.).

***Constant Maturity Swap ("CMS") Fixed Spread Callable Range Accrual Notes:*** Notes in relation to which the interest is greater than or equal to a specified fixed rate Callable Notes in relation to which a fixed rate is set for the initial period and then for subsequent periods the fixed rate only accrues for each day during that period if specified constant maturity swap spread (a "CMS Spread") remains above a pre-specified trigger level or lower barrier

**VariCap Note:** Notes which are not Callable Notes, in relation to which the interest rate calculated in relation to any period is a CMS rate plus a spread, but subject to a minimum rate and a variable maximum interest rate (the "**Cap**"). **BONUS TARN:** Target Accrual Redemption Notes in relation to which the interest rate is calculated using an initial fixed rate during the first interest period, then a higher fixed rate minus a multiplier time a specified Interest-Related Variable during subsequent periods and an additional bonus payment (expressed as a percentage of the notional amount of the Notes and increasing annually throughout the term of the Notes) is made to Noteholders on the redemption date.

**SnowRange Notes:** Notes which are Callable Notes and in relation to which (i) interest only accrues for each day (a "**Qualifying Day**") during a period that a specified Interest-Related Variable remains within a specified range (which may vary during the term of the Notes), as specified in the Pricing Supplement, (ii) the interest rate is set for the initial interest period and then leveraged thereafter whereby the interest rate for any given interest period is calculated using the interest rate for the preceding period and applying to it a multiplier (calculated from the number of Qualifying Days in the current period divided by the actual number of days in the current period). (The SnowRange Note is a variation of the CRAN.)

**Accumulator Leverage Inverse Floater Note:** Floating Rate Notes in relation to which (i) the amount of interest payable to the Noteholder over the term of the Notes is known from the issue date and expressed as a percentage of the notional amount (the "**Lifetime Cap**") but the timing of interest payments and the maturity date is not known, (ii) the final interest payment is adjusted at maturity so that the sum of all interest payments (including such adjusted payment) equals the Lifetime Cap (iii) the Notes are automatically redeemed at par on an interest payment date if the sum of the interest payments (prior to the adjustment of such interest payment) would otherwise exceed the Lifetime Cap.

**BladeRanger Notes:** Target Accrual Redemption Notes under which interest only accrues for each day (a "**Qualifying Day**") during a period that a specified Interest-Related Variable remains within a specified range (which may vary during the term of the Notes), as specified in the Pricing Supplement, (ii) the interest rate is set for the initial interest period and then leveraged thereafter whereby the interest rate for any given interest period is calculated using the interest rate for the preceding period and applying to it a multiplier (calculated from the number of Qualifying Days in the current period divided by the actual number of days in the current period).

**Resettable SnowRange:** SnowRange Notes which are Callable Notes and in relation to which, on a specified date, the interest payable is reset to the initial interest rate applicable to the first interest period and the interest rate leverage process recommences.

**Bearish SnowRange:** Callable Notes in relation to which (i) the interest only accrues for each day (a "Qualifying Day") over a period that a specified Interest-Related Variable remains above a pre-specified level which may be increased annually, as specified in the Pricing Supplement and (ii) the interest rate is set for the initial interest period and then leveraged thereafter whereby the interest rate for any given interest period is calculated using the interest rate for the preceding period and applying to it a multiplier (calculated from the number of Qualifying Days in the current period divided by the actual number of days in the current period).

**Front-End SnowRange:** SnowRange Notes which are Callable Notes in relation to which the Issuer is entitled to exercise its right to redeem early if the specified Interest-Related Variable remains within the pre-specified range during the first year of the term of the Notes.

**Range Accrual Notes:** Notes in relation to which the interest is a variable amount (calculated by reference to a formula in the Pricing Supplement) and only accrues for each day during a period that a specified Interest-Related Variable remains within a specified range (which may vary during the term of the Notes), as specified in the Pricing Supplement.

**Dual Range Accrual Notes:** A dual range accrual note is a range accrual note that accrues interest for each day where the two observed reference indices are within their respective range while a lower coupon or no interest is accrued for each day where the indices fall outside of the range. The range for the observed reference indices (mostly observed daily) might vary over the life of the security. The most common structure is linked to the spread of two Constant Maturity Swaps and an interbank rate.

#### **Constant Maturity Swap ("CMS") linked Notes and Remaining Maturity Swap ("RMS") linked Notes**

**Deferred digital:** Notes which are not Callable Notes and in relation to which (i) the timing of the interest rate payment is conditional on the specified Interest-Related Variable and (ii) if the specified Interest-Related Variable remains below a certain trigger level or barrier, the interest rate payable is a fixed amount and if the specified Interest-Related Variable reaches the trigger level or barrier, the interest rate payable is compounded over the term of the Notes and payment is deferred until maturity.

**Remaining-Maturity-Swap CRAN:** Callable Notes in relation to which interest only accrues for each day over a certain period of time that the specified underlying Remaining-Maturity-Swap (RMS) rate remains below a certain pre-specified trigger level or upper barrier.

**RMS Wings Note:** Callable Notes in relation to which there is a certain fixed minimum interest rate which only accrues for each day over a certain period of time that the specified Interest-Related Variable is either (i) below a certain pre-specified trigger level or (ii) above a certain higher pre-specified trigger level.

**CMS SnowRange:** Callable Notes in relation to which (i) interest only accrues for each day (a "Qualifying Day") over a certain period of time that a specified CMS rate remains within a pre-specified range which may increase annually and (ii) the interest rate is set for the initial interest period and then leveraged thereafter whereby the interest rate for any given interest period is calculated using the interest rate for the preceding period and applying to it a multiplier (calculated from the number of Qualifying Days in the current period divided by the actual number of days in the current period).

**CMS Recovery Note:** Callable Notes in relation to which a fixed interest rate is set for the initial interest period and then leveraged thereafter whereby the interest rate for any given interest period is calculated using the interest rate for the preceding period and adding to it the product of a multiple of a specified CMS rate minus a pre-specified interest rate (which increases each year) (subject to minimum interest rate of 0 per cent. and a pre-specified maximum interest rate).

**CMS TARN Note:** Target Accrual Redemption Notes in relation to which a fixed interest rate is set for the initial interest period and then for subsequent interest periods the interest rate is calculated using a

fixed rate and subtracting the level of a specified CMS rate (subject to a minimum interest rate of 0 per cent.).

### **CMS Spread-linked Notes**

**(CMS) Fixed SCRAN:** Callable Notes in relation to which a fixed interest rate is set for the initial interest period and then for subsequent interest periods the fixed interest rate only accrues for each day over a certain period of time that a specified constant maturity swap spread (a "**CMS Spread**") remains above a pre-specified trigger level or lower barrier.

**(CMS) Floating SCRAN:** Callable Notes in relation to which a fixed interest rate is set for the initial interest period and then for subsequent interest periods a floating rate of interest only accrues for each day over a certain period of time that a specified CMS-Spread remains above a pre-specified trigger level or lower barrier.

**Wedding Cake Note:** Notes which are not Callable Notes, in relation to which the floating interest rate is comprised of three different tiers of calculation and only accrues for each day that a specified CMS Spread remains (a) above a pre-specified trigger level, (b) remains within a pre-specified range and (c) remains below a pre-specified trigger level, over a certain period of time.

**Floating SCRAN:** Callable Notes in relation to which a fixed interest rate is set for the initial interest period and then for subsequent interest periods the interest only accrues for each day over a certain period of time that the specified Interest-Related Variable remains above a pre-specified trigger level or lower barrier.

**VariCap Note:** Notes which are not Callable Notes, in relation to which the interest calculated in relation to any period is a CMS rate plus a spread, but subject to a minimum interest rate and a variable maximum interest rate (the "**Cap**"). The Cap is calculated by reference to a multiple of the specified CMS Spread, which multiple may or may not increase over time, as specified in the relevant Pricing Supplement.

**CMS Steepener (Bearish):** Callable Notes in relation to which the interest rate is set at a fixed margin above a specified CMS rate and is payable if such CMS rate remains above a pre-specified trigger level (which increases throughout the term of the Notes) but if the CMS rate falls below the trigger level, then the interest rate payable is capped at a specified fixed amount.

**Captain Notes:** Notes under which the principal amount payable to the Noteholder at maturity and/or the interest payable to the Noteholder are determined by reference to the average level or value of an Equity/Index-Related Variable in respect of which each Component has a maximum level or value (a "**Cap**") specified in the Pricing Supplement.

Captain Notes may include additional provisions, including the following:

- provisions under which, if the performance of the relevant Equity/Index-Related Variable or Component thereof is positive and/or exceeds a certain level or value, then for all future observations the Cap is either replaced with a Cap at a new level or the level or value of such Component for all future observations is fixed at a new specified level or value;
- provisions under which the negative performance of the Equity/Index-Related Variable or Component thereof has a minimum level or value (a "**Floor**") so that any negative performance beyond the Floor is disregarded;

- provisions under which the final level or value of the relevant Equity/Index-Related Variable or Component thereof is replaced by its highest level or value observed on the previous valuation dates under the Notes.

**Binary Captain Notes:** Notes under which the principal amount payable to the Noteholder at maturity and/or the interest payable to the Noteholder are determined by reference to the average level or value of an Equity/Index-Related Variable in respect of which each Component that has, on the relevant valuation date, a level or value higher than its initial level or value shall have a pre-determined level or value assigned to it for the purposes of calculating such average level or value of the Equity/Index-Related Variable.

On certain dates specified in the Pricing Supplement the average performance of each Component since the issue date will be determined and the participations for each Component will be adjusted, so that the best performing Components will have an increased participation and the worst performing Components will have a decreased participation.

**Growing Average Notes:** Notes under which the redemption amount payable to the Noteholder at maturity is calculated by reference to the average level or value of the Equity/Index-Related Variable in

respect of certain periods specified in the Pricing Supplement **provided, however, that** the average level or value for a given period shall not be less than the highest average level or value determined in respect of each preceding period.

**Performance Spread Notes:** Notes under which the interest payable to the Noteholder is linked to the performance of an Equity/Index-Related Variable, the level or value of which is dependent on the difference in the performance of the best performing Component and the worst performing Component during a given period, **provided, however, that** the interest shall be no greater than an amount specified in the Pricing Supplement. If specified in the Pricing Supplement, the interest may be greater than or equal to a minimum amount.

**Target Redemption Notes:** Notes in relation to which the interest payable to the Noteholder is determined by reference to the level or value of the Equity/Index-Related Variable **provided, however, that** the maximum cumulative amount of interest payable over the term of the Notes is specified on the issue date (the "**Lifetime Cap**") and the Issuer may redeem the Notes at par on the first interest payment date on which the cumulative interest up to and including such interest payment date would exceed the Lifetime Cap (taking into account the interest scheduled to be made on such date), which interest amount will then be reduced so that Certificate holders receive, over the life of the Notes, interest in an aggregate amount equal to the Lifetime Cap.

**Recovery Best Coupon Notes:** Notes in relation to which, if the level or value of the Equity/Index-Related Variable is higher than predefined levels or values on specified dates, the interest payable in relation to such specified dates is a fixed amount. If the level or value of the Equity/Index-Related Variable is not higher than the relevant predefined levels or values on any of the specified dates the interest which would otherwise have been payable in respect of such interest payment date shall not be paid on such interest payment date but shall be deferred to the next interest payment date in respect of which the level or value of the Equity/Index-Related Variable is higher than the relevant predefined level or value.

#### **Non-Principal Protected Notes**

**Absolute Performance Auto Callable Notes:** Notes in relation to which the interest (if any) and/or the redemption amount payable is linked to the performance of an Underlying, as determined by the Calculation Agent. The performance of the Underlying on particular dates may result in the redemption of the Absolute Performance Auto Callable Notes prior to their scheduled maturity at an amount which reflects the absolute performance of the Underlying. The performance of the Underlying will also determine the redemption amount of Absolute Performance Auto Callable Notes at their scheduled maturity. Absolute Performance Auto Callable Notes will be redeemed on their scheduled maturity at an amount which reflects the absolute performance of the Final Index Level (as defined in the relevant Pricing Supplement) in relation to the Initial Index Level (as defined in the relevant Pricing Supplement), as determined by the Calculation Agent. Accordingly, so long as no Trigger Event has occurred investors may receive on redemption of the Notes an amount in excess of their nominal amount even if the performance of the Underlying has been negative. If a Trigger Event has occurred, Absolute Performance Auto Callable Notes will be redeemed in whole (but not in part) at an amount (which may be less than their nominal amount) equal to the product of the nominal amount multiplied by the percentage decrease in value of the Underlying during the Observation Period (as defined in the relevant Pricing Supplement) as determined by the Calculation Agent. Absolute Performance Auto Callable Notes may or may not bear interest.

**Barrier Notes:** Notes under which the interest and/or the redemption amount payable to the Noteholder at maturity are determined by reference to the performance of the Equity/Index-Related Variable depending on the level or value of the Equity/Index-Related Variable attaining or falling below predefined levels or values. If the Pricing Supplement so specify, the predefined level or value may be varied on a specified date or dates or during specified periods throughout the term of the Notes. The predefined levels or values may consist of any of the following:

- **Up and Out:** if the level or value of the Equity/Index-Related Variable is higher than a predefined level or value at a specified date or during a specified period the interest and/or redemption amount payable to the Noteholder ceases to be linked to the performance of the Equity/Index-Related Variable as specified in the relevant Pricing Supplement.

- *Up and In*: if the level or value of the Equity/Index-Related Variable is higher than a predefined level or value at a specified date or during a specified period the interest and/or redemption amount payable to the Noteholder becomes linked to the performance of the Equity/Index-Related Variable as specified in the relevant Pricing Supplement.
- *Down and Out*: if the level or value of the Equity/Index-Related Variable is lower than a predefined level or value at a specified date or during a specified period the interest and/or redemption amount payable to the Noteholder cease to be linked to the performance of the Equity/Index-Related Variable as specified in the relevant Pricing Supplement.
- *Down and In*: if the level or value of the Equity/Index-Related Variable is lower than a predefined level or value at a specified date or during a specified period the interest and/or redemption amount payable to the Noteholder become linked to the performance of the Equity/Index-Related Variable as specified in the relevant Pricing Supplement.

The specified date or dates or specified periods for the observation of the level or value of the Equity/Index-Related Variable against the relevant predefined level or value may include any of the following or may be as otherwise specified in the Pricing Supplement:

- *American*: the level or value of the Equity/Index-Related Variable is observed continuously during a specified period.
- *Bermudan*: the level or value of the Equity/Index-Related Variable is observed during a period which consists of a number of specified dates.

- *Parisian*: the level or value of the Equity/Index-Related Variable is observed on the occurrence of a specified event.
- *Window*: the level or value of the Equity/Index-Related Variable is only observed during a fixed period.

**Cliquet Notes**: Notes in relation to which the redemption amount payable to the Noteholder at maturity is calculated by reference to the performance of the Equity/Index-Related Variable in each of a number of periods specified in the Pricing Supplement (each a "**Cliquet Period**"). The redemption amount payable at maturity is equal to the *sum* of the upside and/or downside in the level or value of the Equity/Index-Related Variable during each Cliquet Period. Variants of Cliquet Notes include:

- *Cliquet with local cap*: the performance of the Equity/Index-Related Variable in each Cliquet Period is limited on the upside.
- *Cliquet with collar*: the performance of the Equity/Index-Related Variable in each Cliquet Period is limited on both the upside and downside.
- *Digital Cliquet*: the performance of the Equity/Index-Related Variable in each Cliquet Period corresponds to a different pre-determined amount according to whether the underlying rises or falls in each Cliquet Period.

## TAXATION

*The following is a general description of certain tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes. Prospective purchasers of Notes should consult their own tax advisers as to the consequences under the tax laws of the country of which they are resident for tax purposes and the tax laws of Jersey and the United Arab Emirates of acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes. This summary is based upon the laws as in effect on the date of this Information Memorandum and is subject to any change in law that may take effect after such date.*

### **Jersey Taxation**

The Issuer is a "financial services company" (as defined in the Income Tax (Amendment No. 28) (Jersey) Law 2007), which is subject to a ten per cent. rate of corporate tax in Jersey. Payments of interest in respect of the Notes will not be subject to any taxation in Jersey (unless the Noteholder is resident in Jersey) and no withholding in respect of taxation will be required on such payments of interest to any Noteholder.

No stamp duties are payable in Jersey on the acquisition, ownership, redemption, sale or other disposal of the Notes. Probate or Letters of Administration may be required to be obtained in Jersey on the death of an individual holder of the Notes. Stamp duty is payable in Jersey on the registration of such Probate or Letters of Administration on the value of the holder's estate in Jersey.

### **European Union Directive on the Taxation of Savings Income**

As part of an agreement reached in connection with the EU directive on the taxation of savings income in the form of interest payments, and in line with steps taken by other relevant third countries, Jersey introduced with effect from 1 July 2005 a retention tax system in respect of payments of interest, or other similar income, made to an individual beneficial owner resident in an EU Member State by a paying agent established in Jersey. The retention tax system applies for a transitional period prior to the implementation of a system of automatic communication to EU Member States of information regarding such payments. During this transitional period, such an individual beneficial owner resident in an EU Member State will be entitled to request a paying agent not to retain tax from such payments but instead to apply a system by which the details of such payments are communicated to the tax authorities of the EU Member State in which the beneficial owner is resident.

The retention tax system in Jersey is implemented by means of bilateral agreements with each of the EU Member States, the Taxation (Agreements with the European Union Member States) (Jersey) Regulations 2005 and Guidance Notes issued by the Policy & Resources Committee of the States of Jersey. Based on these provisions and what is understood to be the current practice of the Jersey tax authorities, the Issuer would not be obliged to levy retention tax in Jersey under these provisions in respect of interest payments made by it to a paying agent established outside Jersey.

In August 2013, the Council of Ministers of the States of Jersey announced that it would ask the States of Jersey to make regulations that will make it mandatory, from 1 January 2015, for Jersey to automatically exchange information for EU bilateral savings tax agreements, and that will repeal the present retention tax provisions.

### **The proposed financial transactions tax ("FTT")**

On 14 February 2013, the European Commission published a proposal (the Commission's Proposal) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the participating Member States).

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating

Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

A joint statement issued in May 2014 by ten of the eleven participating Member States indicated an intention to implement the FTT progressively, such that it would initially apply to shares and certain derivatives, with this initial implementation occurring by 1 January 2016. The FTT, as initially implemented on this basis, may not apply to dealings in the Notes.

The FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation. Additional EU Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

### **United Arab Emirates Taxation**

The following summary of the anticipated tax treatment in the United Arab Emirates (the "UAE") in relation to the payments on the Notes is based on the taxation law and practice in force at the date of this Information Memorandum and does not constitute legal or tax advice and prospective investors should be aware that the relevant fiscal rules and practice and their interpretation may change. Prospective investors should consult their own professional advisers on the implications of subscribing for, buying, holding, selling, redeeming or disposing of Notes and the receipt of any payments with respect to such Notes under the laws of the jurisdictions in which they may be liable to taxation.

There is currently in force in the Emirates of Abu Dhabi and Dubai legislation establishing a general corporate taxation regime (the Abu Dhabi Income Tax Decree 1965 (as amended) and the Dubai Income Tax Decree 1969 (as amended)). The regime is, however, not enforced save in respect of companies active in the oil industry, some related service industries and branches of foreign banks operating in the UAE. It is not known whether the legislation will or will not be enforced more generally or within other industry sectors in the future. Under current legislation, there is no requirement for withholding or deduction for or on account of UAE, Abu Dhabi or Dubai taxation in respect of payments of interest and principal to any holder of the Notes. In the event of such imposition of any such withholding, the Issuer has undertaken to gross-up any payments subject to certain limited exceptions.

The Constitution of the UAE specifically reserves to the UAE government the right to raise taxes on a federal basis for the purposes of funding its budget. It is not known whether this right will be exercised in the future.

### **Withholding of U.S. tax on account of FATCA**

The United States has enacted rules, commonly referred to as "FATCA", that generally impose a new reporting and withholding regime with respect to certain U.S. source payments (including dividends and interest), gross proceeds from the disposition of property that can produce U.S. source interest and dividends and certain payments made by, and financial accounts held with, entities that are classified as financial institutions under FATCA.

Whilst the Notes are in global form and held within the ICSDs, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Notes by the Issuer, any paying agent or the common depositary, given that each of the entities in the payment chain beginning with the Issuer and ending with the ICSDs is a major financial institution whose business is dependent on compliance and participation with FATCA and that any alternative approach introduced under an intergovernmental agreement will be unlikely to affect the Notes. The documentation expressly contemplates the possibility that the securities may go into definitive form and therefore that they may be taken out of the ICSDs. If this were to happen, then a non-FATCA compliant holder could be subject to withholding. However, definitive Notes will only be printed in remote circumstances. An investor should be aware that if any payments in relation to a Note were subject to withholding or deduction under FATCA, the Issuer would have no obligation to pay any additional amounts in relation to such withholding or deduction in accordance with Condition 7 (*Taxation*) of the Notes.

**Withholding on Dividend Equivalent Payments**

The U.S. Treasury Department has released proposed regulations under Section 871(m) of the Code, which require withholding of up to 30 per cent. (depending on whether an income tax treaty or other exemption applies) on payments or deemed payments made to non-U.S. persons on certain financial instruments to the extent that such payments are treated as being contingent upon, or determined by reference to, U.S.-source dividends. Significant aspects of the application of these regulations to the Notes are uncertain. Payments on Notes made after 31 December 2015 that are treated by the applicable Treasury regulations as being contingent upon, or determined by reference to, any U.S. source dividends may be subject to this withholding. In addition, as currently proposed, the regulations could impose withholding tax on Non-U.S. Holders to the extent U.S.-source dividends are paid on the underlying equity securities, even if no corresponding payment is made on the Notes to the Non-U.S. Holders. Withholding under Section 871(m) will not be imposed on Notes that are issued prior to the date that is 90 days after the final regulations under 871(m) of the Code are published. The Issuer would have no obligation to pay any additional amounts in relation to such withholding or deduction.

### **Kingdom of Saudi Arabia**

No action has been or will be taken in the Kingdom of Saudi Arabia that would permit a public offering of the Notes. Any investor in the Kingdom of Saudi Arabia or who is a Saudi person (a "**Saudi Investor**") who acquires any Notes pursuant to an offering should note that the offer of Notes is a private placement under Article 10 or Article 11 of the "Offer of Securities Regulations" as issued by the Board of the Capital Market Authority resolution number 2-11-2004 dated 4 October 2004 and amended by the Board of the Capital Market Authority resolution number 1-28-2008 dated 18 August 2008 (the "**KSA Regulations**"), through a person authorised by the Capital Market Authority ("**CMA**") to carry on the securities activity of arranging and following a notification to the CMA under the KSA Regulations.

The Notes may thus not be advertised, offered or sold to any person in the Kingdom of Saudi Arabia other than to "sophisticated investors" under Article 10 of the KSA Regulations or by way of a limited offer under Article 11 of the KSA Regulations.

The offer of the Notes shall not therefore constitute a "public offer" pursuant to the KSA Regulations, but is subject to the following restrictions on secondary market activity pursuant to Article 17 of the KSA Regulations:

- (a) a Person (the "transferor") who has acquired Notes may not offer or sell such Notes or part thereof to any Person (referred to as a "transferee") unless: (i) the transfer is made through an entity licensed by the CMA; (ii)(A) the price to be paid by the transferee for such Notes in any one transaction equals or exceeds Saudi Riyals 1 million; (B) the transferee is a sophisticated investor (as described in the KSA Regulations); or (C) the Notes are being offered or sold in such other circumstances as the CMA may prescribe;
- (b) if the provisions of paragraph (a)(ii)(A) cannot be fulfilled because the price of the Notes being offered or sold to the transferee has declined since the date of the original offer to sophisticated investors, the transferor may offer or sell the Notes to the transferee if their purchase price during the period of the original offer was equal to or exceeded Saudi Riyals 1 million;
- (c) if the provisions of paragraph (b) cannot be fulfilled, the transferor may offer or sell the Notes if he sells his entire holding of the Notes to one transferee; and
- (d) the provisions of paragraphs (a) to (c) shall apply to all subsequent transferees of the Notes.
