The unaudited condensed interim financial statements should be read in conjunction with the audited financial statements of the Group and the Bank for the financial year ended 31 December 2025 and the accompanying explanatory notes on pages 11 to 47 attached to the unaudited condensed interim financial statements.

The unaudited condensed interim financial statements were approved by the Board of Directors on 22 October 2026.

NOTES TO THE FINANCIAL STATEMENTS

1 General Information

HSBC Bank Malaysia Berhad (the Bank) is principally engaged in the provision of banking and other related financial services. The subsidiaries of the Bank are principally engaged in the businesses of Islamic Banking and nominee services. Islamic Banking operations refer generally to the acceptance of deposits and granting of financing under the principles of Shariah. The Bank and its subsidiaries are collectively known as 'the Group'.

There were no significant changes in these activities during the financial period.

The Bank is a public limited liability company, incorporated and domiciled in Malaysia. The registered office of the Bank is located at Level 21, Menara IQ, Lingkaran TRX, Tun Razak Exchange, 55188 Kuala Lumpur.

The immediate parent bank and the ultimate holding company during the financial period are The Hongkong and Shanghai Banking Corporation Limited (HBAP) and HSBC Holdings plc, respectively.

The unaudited condensed interim financial statements were approved and authorised for issue by the Board of Directors on 22 October 2026, any amendments made to the notes of the financial statement are in accordance with the delegated authority of the resolution of the Directors.

2 Basis of Preparation

The unaudited condensed interim financial statements for the financial period ended 30 September 2026 have been prepared in accordance with the requirements of Malaysian Financial Reporting Standards (MFRS) 134 'Interim Financial Reporting' and International Accounting Standard 34 'Interim Financial Reporting'. The unaudited condensed interim financial statements incorporate those activities relating to Islamic Banking which have been undertaken by the Bank's Islamic subsidiary.

The unaudited condensed interim financial statements do not include all of the information required for full annual financial statements, and should be read in conjunction with the audited financial statements of the Group and the Bank for the financial year ended 31 December 2025. The explanatory notes attached in the unaudited condensed interim financial statements provide an explanation of events and transactions that are significant for an understanding of the changes in the financial position and performance of the Group and Bank since the financial year ended 31 December 2025.

(i) Standards and amendments to published standards that are effective and applicable to the Group and the Bank

The accounting policies, presentation, significant estimates and judgements adopted by the Group and the Bank for the interim financial statements are consistent with those adopted in the audited financial statements for the financial year ended 31 December 2025, except for the adoption of the following amendments to MFRSs which are effective during the current financial period:

- Amendments to MFRS 9 and MFRS 7 on 'Classification and Measurement of Financial Instruments'

  The amendments to MFRS 9 and MFRS 7 are to:

  - require financial assets to be derecognised on the date the contractual rights to the cash flows expire and financial liabilities to be derecognised when obligation under the contract is discharged (i.e. the settlement date). In addition, there is an optional exception to derecognise financial liabilities before the settlement date for settlement using electronic payment systems (if specified criteria are met);
  - clarify and add further guidance for assessing whether a financial asset meets the solely payments of principal and interest (SPPI) criterion;
  - add new disclosures for certain instruments with contractual terms that can change cash flows (such as some financial instruments with features linked to the achievement of environment, social and governance targets); and

2 Basis of Preparation (Cont'd)

(i) Standards and amendments to published standards that are effective and applicable to the Group and the Bank (Cont'd)

- Amendments to MFRS 9 and MFRS 7 on 'Classification and Measurement of Financial Instruments' (Cont'd)

  The amendments to MFRS 9 and MFRS 7 are to (Cont'd):

  - update the disclosures for equity instruments designated at fair value through other comprehensive income (FVOCI).

- Annual Improvements to MFRS Accounting Standards

  Annual improvements are limited to changes that either clarify the wording in an Accounting Standard or correct relatively minor unintended consequences, oversights or conflicts between the requirements in the Accounting Standards. Amendments that are part of Annual Improvements are:

  - Amendments to MFRS 1 First-time Adoption of Malaysian Financial Reporting Standards
  - Amendments to MFRS 7 Financial Instruments: Disclosures;
  - Amendments to MFRS 9 Financial Instruments
  - Amendments to MFRS 10 Consolidated Financial Statements
  - Amendments to MFRS 107 Statement of Cash Flows

  The adoption of the above amendments does not give rise to any material financial impact to the Group and the Bank.

(ii) Standards and amendments to published standards that have been issued but not yet effective to the Group and the Bank

A number of new standards and amendments to standards and interpretations that are applicable to the Group and the Bank but are not yet effective have been issued.

Effective for annual periods commencing on or after 1 January 2027

- MFRS 18 'Presentation and Disclosure in Financial Statements' replaces MFRS 101 'Presentation of Financial Statements'

  The new MFRS introduces a new structure of profit or loss statement:

  - Income and expenses are classified into 3 new main categories:
    - Operating category which typically includes results from the main business activities;
    - Investing category that presents the results of investments in associates and joint ventures and other assets that generate a return largely independently of other resources; and
    - Financing category that presents income and expenses from financing liabilities.

  - Entities are required to present two new specified subtotals: 'Operating profit or loss' and 'Profit or loss before financing and income taxes'.

  Management-defined performance measures (MPMs) are disclosed in a single note and reconciled to the most similar specified subtotal in MFRS Accounting Standards. Changes are also made to the guidance on aggregation and disaggregation which focus on grouping items based on their shared characteristics.

  The Group has not early adopted this new standard and is in the process of assessing the impact on the financial statements.

[1] Included in gross loans, advances and financing of the Bank are Syndicated Investment Account for Financing/Investment Agency Account (SIAF/IAA) financing which are disclosed as 'Asset Under Management' in the financial statements of HBMS. SIAF/IAA arrangement is with the Bank's wholly owned subsidiary, HBMS, and the contract is based on the Wakalah principle where the Bank, solely or together with other financial institutions provide the funds, whilst the assets are managed by HBMS (as the Wakeel or agent). However, in the arrangement, the profits of the underlying assets are recognised by the Bank proportionately in relation to the funding it provides in the syndication arrangement. At the same time, risks on the financing are also proportionately borne by the Bank. Hence, the underlying assets and allowances for impairment arising thereon, if any, are proportionately recognised and accounted for by the Bank. These comprise the following types of financing:

The Group and the Bank measure the ECL using the three-stage approach. The following section explains how significant changes in the gross carrying amount of loans, advances and financing during the year have contributed to the changes in the ECL allowances for the Group under the expected credit loss model.

Total ECL allowances decreased by RM4.6 million for the Group compared to the balance at the beginning of the year. This net decrease was mainly contributed by asset written off (RM143.6 million), partially offset by remeasurement due to changes in credit risk (RM134.1 million) and new financial assets originated or purchased (RM9.3 million).

– 12-month ECL not credit impaired (stage 1) – decreased by RM3.1 million for the Group, mainly from net remeasurement due to changes in credit risk and asset derecognised, offset by net migration of loans, advances and financing from stages 2 and 3 due to improved credit quality and new financial assets originated or purchased.
– Lifetime ECL not credit-impaired (stage 2) – decreased by RM3.7 million for the Group, mainly from net migration of loans, advances and financing to stages 1 and 3, offset by net remeasurement due to changes in credit risk.
– Lifetime ECL credit-impaired (stage 3) – increased by RM2.2 million for the Group, primarily from net remeasurement due to changes in credit risk, partially offset by asset written-off and net migration of loans, advances and financing to stages 1 and 2.

Additional Tier 1 Wakalah Financing Facility

The Bank subscribed to Additional Tier 1 Wakalah Financing Facility (the Facility) issued by its subsidiary, HSBC Amanah Malaysia Berhad (HBMS). The Facility qualifies as Additional Tier 1 capital of HBMS as per the Capital Adequacy Framework for Islamic Banks (Capital Components) issued by BNM.

The Facility will be perpetual with no fixed maturity and may be callable at the option of HBMS only after a period of five years, subject to prior approval from BNM. The expected returns generated from the Wakalah investments pursuant to the disbursement of the Facility are payable on a semi-annual basis (at the full discretion of HBMS at all times). The Facility has no step up features, or any other terms that may create an expectation that the option for prepayment will be exercised. The Facility meets the requirements of equity classification in HBMS as per MFRS 132 'Financial Instruments: Presentation'.

The Group and the Bank issued non-cumulative and non-convertible redeemable perpetual preference shares. The preference shares qualify as Additional Tier 1 capital of the Group and the Bank as per the Capital Adequacy Framework (Capital Components) issued by Bank Negara Malaysia (BNM). Dividend payments are non-cumulative and may be cancelled at the sole discretion of the Group and the Bank. On the occurrence of a trigger event as defined by BNM, the capital instruments will be written down at the point of non-viability. They rank higher than ordinary shares in the event of a wind-up. The capital instrument meets the requirements of equity classification as per MFRS 132.

39 Performance Review, Economy and Prospects

Performance Review

The Group recorded profit before tax (PBT) of RM1,798.4 million for the financial period ended 30 September 2026, marking an increase of RM206.0 million or 12.9% year-on-year. The increase in PBT is mainly attributed to a growth of RM215.0 million or 7.1% increase in operating income arising from a rise in non-net interest income by RM243.8 million, partially offset by RM28.8 million or 2.1% decreased in net interest income. This is partially offset by a higher operating expenses by RM27.4 million or 1.9% with overall cost-income-ratio at 44.2%.

Total assets as at 30 September 2026 has decreased by RM1.9 billion or 1.8% to RM105.8 billion (31 December 2025: RM107.7 billion). The Group's capital and liquidity coverage ratios continue to remain strong and well above regulatory requirements.

Economy and Prospects

The global economic was broadly resilient, supported by continued technology-related spending, improving supply conditions and stable labour markets. However, geopolitical tensions in the Middle East continued to create risks to growth and contributed to higher energy costs and inflationary pressures.

Malaysia's economy expanded by 6.0% in the second quarter of 2026, compared with 5.4% in the first quarter, supported by continued domestic demand and robust export expansion in the services and manufacturing sector. Inflation edged higher in the second quarter with the impact of higher external cost pressures partly contained by domestic policy measures. Bank Negara Malaysia (BNM) maintained the Overnight Policy Rate (OPR) at 2.75% to support continued price stability and sustainable economic growth. Looking ahead, Ministry of Finance expects Malaysia's economic growth for full year 2026 to be at the upper-end of the projected range of 4.8% to 5.3%[1].

Against this backdrop, HSBC Bank Malaysia Berhad (HBMB) and its Islamic banking subsidiary, HSBC Amanah Malaysia Berhad, collectively referred to as HSBC Malaysia, continued to support clients involved in Malaysia's international trade, investment and economic transformation. During the period under review, HSBC Malaysia collaborated with The Edge on the "The Value Chain Shift: Scaling Talent, Capital and Capability up the Chip Ladder" symposium, which brought together government and industry stakeholders to discuss financing, talent and capability development in Malaysia's electrical and electronics (E&E) and semiconductor sectors. HSBC Malaysia also partnered with The Edge on the Pre-Budget 2027 Roundtable, bringing together a diversified group from the government, industry and academia to share their perspectives and priorities ahead of the federal budget. HSBC Malaysia also supported the Government of Malaysia as joint lead manager and joint bookrunner for a USD1.5 billion sukuk issuance which achieved the tightest-ever spreads for a US dollar sukuk issued by the Government of Malaysia.

During the period under review, HSBC Malaysia was recognised at the Euromoney Awards for Excellence 2026, receiving the titles of "Malaysia's Best International Bank" and "Malaysia's Best Bank for Customer Experience". HSBC Malaysia also received "Best Wealth Manager" for the third consecutive year at The Asset Triple A Private Capital Awards 2026, and "Best Customer Experience via Mobile and Internet Banking (Global)" at The Digital Banker Digital CX Awards 2026. In addition, HSBC Amanah received several accolades at The Asset Triple A Islamic Finance Awards, including "Islamic Wealth Manager of the Year", "Islamic ESG Bank of The Year" and "Best Islamic Trade Finance Bank".

HSBC Malaysia remains committed to supporting its customers and being the preferred international financial partner for clients in Malaysia.
