INFORMATION MEMORANDUM

HSBC Bank Middle East Limited

(a company limited by shares incorporated in the Dubai International Financial Centre)
 as Issuer

U.S.\$ 7,000,000,000 DEBT ISSUANCE PROGRAMME

On 16 November 2004, HSBC Bank Middle East Limited (the "Issuer") established a Debt Issuance Programme which is described in this document (the "Programme") under which notes (the "Notes") may be issued by the Issuer. This document (the "Information Memorandum", which expression shall include this document as amended and supplemented from time to time and all information incorporated by reference herein) has been prepared for the purposes of providing disclosure information with regard to the Notes to be admitted to the Official List of the Irish Stock Exchange plc, trading as Euronext Dublin ("Euronext Dublin") and trading on its Global Exchange Market. Euronext Dublin's Global Exchange Market is not a regulated market for the purposes of Directive 2014/65/EU (as amended) ("MiFID II"). This Information Memorandum constitutes listing particulars for the purposes of listing on Euronext Dublin's Official List and trading on its Global Exchange Market.

Investors should note that securities to be admitted to Euronext Dublin's Official List and trading on its Global Exchange Market will, because of their nature, normally be bought and traded by a limited number of investors who are particularly knowledgeable in investment matters.

In relation to any Notes, this Information Memorandum must be read as a whole and together also with the relevant pricing supplement (the "Pricing Supplement"). Any Notes issued under the Programme on or after the date of this Information Memorandum are issued subject to the provisions described herein. This does not affect any Notes already in issue.

AN INVESTMENT IN THE NOTES INVOLVES CERTAIN RISKS. SEE PAGE 1 FOR RISK FACTORS.

This Information Memorandum does not constitute a prospectus under Directive 2003/71/EC (and amendments thereto) and includes any relevant implementing measure in the Relevant Member State (the "Prospectus Directive"). Application has been made for this Information Memorandum to be approved by Euronext Dublin and the securities to be admitted to Euronext Dublin's Official List and to trading on its Global Exchange Market. The securities issued under this Information Memorandum will not be admitted to trading on any market which is a regulated market for the purposes of MiFID II and, accordingly, no prospectus is required in connection with the issuance of the securities described in this document. Offerings or placements of the Notes under this Information Memorandum will not be made other than in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive.

The Notes have not been and will not be registered under the United States Securities Act of 1933 as amended (the "Securities Act") or any state securities laws and, unless so registered, may not be offered or sold within the United States or to, or for the benefit of U.S. persons as defined in Regulation S under the Securities Act. The Notes may include Notes in bearer form that are subject to U.S. tax law requirements.

The Programme also permits Notes to be issued on the basis that they will not be admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system or will be admitted to listing, trading and/or quotation by such other or further listing authorities, stock exchanges and/or quotation systems as may be agreed with the Issuer.

Notes issued under the Programme may be rated. The rating assigned to an issue of Notes may not be the same as the Issuer's credit rating generally. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency. The rating, if any, of a certain series of Notes to be issued under the Programme and/or details of credit ratings applicable to the Issuer generally may be specified in the relevant Pricing Supplement.

This Information Memorandum includes details of the long-term and short-term credit ratings assigned to the Issuer by Moody's Investors Service Limited ("Moody's") and Fitch Ratings Limited ("Fitch"). Each of Moody's and Fitch are established in the European Economic Area ("EEA") and are registered as credit rating agencies under Regulation (EU) No 1060/2009, as amended (the "CRA Regulation"). Each of Moody's and Fitch are included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation.

The Notes are not deposit liabilities of the Issuer but a structured investment with limited recourse against the Issuer. Accordingly, payments by Noteholders to the Issuer will not constitute a bank deposit and nor will they be covered or insured by any deposit-protection or insurance scheme in any jurisdiction.

Interest and/or other amounts payable under the Notes may be calculated by reference to certain reference rates, which may constitute a benchmark under Regulation (EU) 2016/1011 (the "Benchmarks Regulation"). If any such reference rate does not constitute such a benchmark, the relevant Pricing Supplement will indicate whether or not the administrator thereof is included in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority ("ESMA") pursuant to Article 36 of the Benchmarks Regulation. Not every reference rate will fall within the scope of the Benchmarks Regulation. Furthermore transitional provisions in the Benchmarks Regulation may have the result that the administrator of a particular benchmark is not required to appear in the register of administrators and benchmarks at the date of the relevant Pricing Supplement. The registration status of any administrator under the Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update any Pricing Supplements to reflect any change in the registration status of the administrator.

No person is or has been authorised to give any information or to make any representation not contained in or not consistent with this Information Memorandum and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Trustee or any of the Dealers.

This Information Memorandum is not intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by the Issuer, the Trustee or any of the Dealers that any recipient of this Information Memorandum should subscribe for or purchase any of the Notes. Each investor contemplating subscribing for or purchasing Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. No part of this Information Memorandum constitutes an offer or invitation by or on behalf of the Issuer, the Trustee or the Dealers or any of them to any person to subscribe for or to purchase any of the Notes.

*This Information Memorandum has been prepared on the basis that any offer of Notes in any Member State of the EEA which has implemented the Prospectus Directive (each, a "**Relevant Member State**") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of Notes which are the subject of an offering/placement contemplated in this Information Memorandum as completed by a Pricing Supplement in relation to the offer of those Notes may only do so: (i) in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or (ii) by way of a prospectus supplement pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer have authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.*

Neither the delivery of this Information Memorandum nor any Pricing Supplement nor the offering, sale or delivery of any Notes shall, in any circumstances, create any implication that there has been no change in the affairs of the Issuer since the date hereof, or that the information contained in this Information Memorandum is correct at any time subsequent to the date hereof or that any other written information delivered in connection herewith or therewith is correct as of any time subsequent to the date indicated in such document. The Dealers and the Trustee expressly do not undertake to review the financial condition or affairs of the Issuer or its subsidiary undertakings during the life of the Programme. Investors should review, inter alia, the most recent consolidated financial statements of the Issuer when evaluating the Notes or an investment therein.

It should be remembered that the price of securities and the income from them can go down as well as up. If you are in any doubt about the contents of this Information Memorandum you should consult your stockbroker, bank manager, solicitor, accountant, tax or other financial adviser.

The distribution of this Information Memorandum and the offer or sale of the Notes may be restricted by law in certain jurisdictions. Persons into whose possession this Information Memorandum or any Notes come must inform themselves about, and observe, any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Information Memorandum, see "Subscription and Sale" below.

In this Information Memorandum and in relation to any Notes, references to the "relevant Dealers" are to whichever of the Dealers enters into an agreement for the issue of such Notes as described in "Subscription and Sale" below and references to the "relevant Pricing Supplement" are to the Pricing Supplement relating to such Notes.

In this Information Memorandum, there are, in the "Risk Factors" section below, direct translations into English of characters in Chinese language. In the event of any discrepancy, the Chinese language version shall prevail.

All references in this Information Memorandum to "AED" or "Dirhams" are to the lawful currency of the United Arab Emirates, to "£", "pounds", "Pounds Sterling" and "Sterling" are to the lawful currency of the United Kingdom, to "\$", "dollars", "US\$", "USD" and "U.S. dollars" are to the lawful currency of the United States of America (the "U.S."), to "€", "euro" and "EUR" are to the lawful currency of the member states of the European Union that have adopted or adopt the single currency in accordance with the Treaty establishing the European Community, as amended, to "Japanese Yen" and "¥" are to the lawful currency of Japan and to "Renminbi", "CNY" and "RMB" are to the lawful currency of the People's Republic of China (excluding the Hong Kong Special Administrative Region, the Macau Special Administrative Region and Taiwan) ("PRC") or, in any such case, to any lawful successor currency from time to time.

STABILISATION

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or person(s) acting on behalf of any Stabilisation Manager(s)) in the relevant Pricing Supplement may over-allot notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or person(s) acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

The Notes may not be a suitable investment for all investors. The Notes may be purchased by investors as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Information Memorandum or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or profit payable in one or more currencies, or where the currency for principal or profit payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The investment activities of certain investors are subject to legal investment laws and regulations, or review and regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent: (1) the Notes are legal investments for it; (2) the Notes can be used as collateral for various types of borrowing; and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk-based capital or similar rules.

MiFID II PRODUCT GOVERNANCE / TARGET MARKET

The relevant Pricing Supplement in respect of any Notes may include a legend entitled "*MiFID II Product Governance*" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of any Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance rules under EU Delegated Directive 2017/593 (the "**MiFID Product Governance Rules**"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

PRIPs REGULATION / IMPORTANT - EEA RETAIL INVESTORS

If the relevant Pricing Supplement in respect of any Notes include a legend entitled "*Prohibition of Sales to EEA Retail Investors*", the Notes are not intended to be offered, sold or otherwise made available to, and should not be offered, sold or otherwise made available to, any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive 2002/92/EC (as amended) ("**IMD**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently, no key information document required by Regulation (EU) No 1286/2014 (the "**PRIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIPs Regulation.

Accordingly, no securities may be offered, sold or made the subject of an invitation for subscription or purchase nor will this Information Memorandum or any other related document or material be used in connection with any offer, sale or invitation to subscribe or purchase securities, whether directly or indirectly, to persons in the Kingdom of Bahrain, other than to accredited investors (as such term is defined by the CBB) for an offer outside the Kingdom of Bahrain.

The CBB has not reviewed, approved or registered this Information Memorandum or any related offering documents and it has not in any way considered the merits of the Notes to be offered for investment, whether in or outside the Kingdom of Bahrain. Therefore, the CBB assumes no responsibility for the accuracy and completeness of the statements and information contained in this Information Memorandum and expressly disclaims any liability whatsoever for any loss howsoever arising from reliance upon the whole or any part of the content of this Information Memorandum.

No offer of Notes will be made to the public in the Kingdom of Bahrain and this Information Memorandum must be read by the addressee only and must not be issued, passed to, or made available to the public generally.

NOTICE TO RESIDENTS OF THE STATE OF QATAR

The Notes have not and will not be offered, delivered or sold, directly or indirectly, in the State of Qatar (including the Qatar Financial Centre), except: (a) in compliance with all applicable laws and regulations of the State of Qatar; and (b) through persons or corporate entities authorised and licensed to provide investment advice and/or engage in brokerage activity and/or trade in respect of foreign securities in the State of Qatar. This Information Memorandum has not been reviewed or approved by the Qatar Central Bank, the Qatar Stock Exchange, the Qatar Financial Centre Regulatory Authority or the Qatar Financial Markets Authority and is only intended for specific recipients, in compliance with the foregoing.

RISK FACTORS

Prospective investors in the Notes should read the entire Information Memorandum (and where appropriate the relevant Pricing Supplement). The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes issued under the Programme. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which the Issuer believes are material for the purpose of investing in the debt or derivative securities of the Issuer and assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks relating to the Notes issued under the Programme, but the value of the Notes may be affected by other factors which may not be considered significant risks by the Issuer based on the information currently available to it or which it may not currently be able to anticipate. The Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive.

Words and expressions defined in the "Terms and Conditions of the Notes" below or elsewhere in this Information Memorandum have the same meanings in this section. Investing in Notes involves certain risks. Prospective investors should consider, among other things, the following:

RISKS RELATING TO THE ISSUER

A description of the risk factors relating to the Issuer and its business and operations that may affect the ability of the Issuer to fulfil its obligations to the Noteholders in relation to the Notes issued under the Programme is set out below:

Macroeconomic and geopolitical risk

Current economic and market conditions could materially adversely affect the Issuer

The Issuer's earnings are affected by global and local economic and market conditions. In recent years, global markets have experienced difficult conditions of varying intensity.

As at the date of this Information Memorandum, the global macroeconomic climate remains volatile. Investor confidence in international debt and equity markets (and, in turn, the performance of those markets) could be adversely impacted by recent political events. In particular, the United Kingdom's "leave" vote in the June 2016 referendum on its membership of the European Union ("EU") and the election of Donald J. Trump as President of the United States has resulted in periods of significant under and (as applicable) over performance in financial markets including, for example, the strong performance of U.S. equities in the period since the Trump administration came into office. Additionally, the impact of "Brexit" on the general political and macro-economic conditions in the United Kingdom and across the EU is expected to continue to be significant until the precise terms of the United Kingdom's exit from the EU become clearer. The recent decision of the Trump administration to pull the U.S. out of the Joint Comprehensive Plan of Action on Iran's nuclear programme could have an impact on the geopolitical environment in the Middle East, North Africa and Turkey ("MENAT") region.

Movements in global interest rates have also continued to be unpredictable. The decision of the U.S. Federal Reserve to raise interest rates in December 2015 for the first time since 2006, and again in December 2016, March 2017, June 2017, December 2017, March 2018 and June 2018, with further rate rises expected during 2018, will likely further exacerbate the reduced liquidity environment and contribute to the prevailing mood of economic uncertainty. Any slowdown in the global economic environment, together with any reduction in Government spending and the likely impact on the level of economic activity in Dubai and the United Arab Emirates ("UAE"), may have an adverse effect on the Issuer's credit risk profile.

At a regional level, and notwithstanding the partial correction in global crude oil prices through 2016 and 2017 (according to the OPEC website, the average price of the OPEC Reference Basket was approximately U.S.\$51.67 per barrel for the year ended 31 December 2016 and approximately U.S.\$62.06 per barrel for the year ended 31 December 2017), the oil-producing economies of the Gulf Co-operation Council ("GCC") states, including the UAE, have continued to be affected by budget deficits, a decrease in fiscal revenues and consequent lower public spending seen in 2016 and 2017. Government fiscal deficits have resulted in weakened net asset positions, larger external financing needs and/or continued lower government spending. This has resulted in the downgrading, or

placing on "creditwatch", of a number of GCC sovereigns including, particularly, the State of Qatar, the Sultanate of Oman and the Kingdom of Bahrain.

In the UAE, the prevailing low oil price environment has stimulated a federal government led policy of rationalisation of fiscal spending which, in turn, has led to an ongoing transformation within the UAE economy. The federal government has scaled back capital transfers to government-related entities, cut government investment, raised electricity and water tariffs and removed fuel subsidies.

Further, with effect from 1 January 2018, the federal government has introduced a value-added tax ("VAT") regime in the UAE at a rate of 5 per cent as part of a GCC wide agreement. VAT in the UAE applies on most goods and services. Financial and banking services are subject to VAT on explicit fees and commission charges. Certain financial charges are exempt from VAT. Under the UAE VAT regime, services provided to clients resident outside the GCC will be subject to 0% VAT whereas services received from foreign vendors will trigger 5% VAT (following the destination principle). These significant fiscal reforms have become an integral part of a broader federal government strategy aimed at reducing fiscal expenditure generally and fiscal dependency on hydrocarbon related revenues. When taken in totality with the ongoing oil price volatility, the diversion of significant fiscal revenues to the Saudi Arabian led military intervention in the Republic of Yemen since 2015 and domestic job losses in both the private and public sectors across the UAE (and particularly within Abu Dhabi), the impact on the UAE economy since early 2015 has been, and is expected to continue to be, significant.

Further, and in response to the ongoing volatility through 2015 and 2016, certain regional oil producing countries that have traditionally "pegged" their domestic currencies to the U.S. dollar have faced pressure to remove these foreign exchange "pegs". During 2015, each of Kazakhstan, Egypt and Azerbaijan chose to unwind the U.S. dollar peg of their domestic currencies. Whilst we are not aware that any GCC country intends on de-pegging (the Central Bank of the UAE (the "UAE Central Bank") has, as recently as June 2016, re-iterated its intention to retain the UAE dirham peg against the U.S. dollar), there remains a risk that any such future de-pegging by the GCC states (in the event that the current challenging market conditions or the volatility in global crude oil prices seen since mid-2014 persist for a prolonged period) may pose a systemic risk to the regional banking systems by virtue of the inevitable devaluation of any such de-pegged currency against the U.S. dollar and the impact this would have on the open cross-currency positions held by regional banks.

These challenging market conditions have historically resulted in reduced liquidity, greater volatility, widening of credit spreads and lack of price transparency in credit and capital markets. Adverse market conditions have impacted investment markets both globally and in the MENAT region, including adverse changes and increased volatility in interest rates and exchange rates and decreased returns from equity, property and other investments. The financial performance of the Issuer may be materially and adversely affected by a worsening of general economic conditions in the markets in which the Issuer operates, as well as by United States, European and international trading market conditions and/or related factors.

Uncertain and at time volatile economic conditions can create a challenging operating environment for financial services companies such as the Issuer. In particular the Issuer may face the following challenges to its operations and operating model in connection with challenging market conditions:

- the demand for borrowing from creditworthy customers may diminish if economic activity slows or remains subdued;
- if interest rates begin to increase, consumers and businesses may struggle with the additional debt burden, which could lead to increased delinquencies, expected credit losses/loan impairment charges;
- the Issuer's ability to borrow from other financial institutions or to engage in funding transactions may be adversely affected by market disruption;
- market developments may depress consumer and business confidence beyond expected levels. If economic growth is subdued, for example, asset prices and payment patterns may be adversely affected, leading to greater than expected increases in the Issuer's delinquencies, default rates, expected credit losses/loan impairment charges. However, if growth is too rapid, new asset valuation bubbles could appear, particularly in the real estate sector, with potentially negative consequences for financial institutions, such as the Issuer; and
- a rise in protectionism, including as may be driven by populist sentiment and structural challenges facing developed economies, which could contribute to weaker global trade, potentially affecting the Issuer's traditional lines of business. If capital flows are increasingly disrupted, some emerging markets may also impose protectionist measures that could affect financial institutions and their clients.

The occurrence of any of these events or circumstances could have a material adverse effect on the Issuer's business, financial condition, results of operations and prospects, as well as the Issuer's customers.

The Issuer is subject to political risks in the countries in which the Issuer operates, including the risk of government intervention and high levels of indebtedness

The Issuer operates through an international network of subsidiaries, branches and affiliates. The Issuer's operations are subject to potential unfavourable political developments (which may include coups and/or civil wars), currency fluctuations, social instability and changes in government policies in the countries in which the Issuer operates and where the Issuer has exposure. In addition, rising protectionism and the increased trend of using trade and investment policies as diplomatic tools may also adversely affect global trade flows.

While the UAE is seen as a relatively stable political environment, certain other jurisdictions in the Middle East are not and there is a risk that regional geopolitical instability could impact the UAE. Instability in the Middle East may result from a number of factors, including government or military regime change, civil unrest or terrorism. In particular, since early 2011, there has been political unrest in a range of countries in the MENAT region, including Egypt, Algeria, Jordan, Libya, Bahrain, Saudi Arabia, Yemen, the Republic of Iraq (Kurdistan), Syria, Palestine, Turkey, Tunisia and Oman.

This unrest has ranged from public demonstrations to, in extreme cases, armed conflict (including the multinational conflict with Islamic State (also known as Daesh, ISIS or ISIL)) and the overthrow of existing leadership and has given rise to increased political uncertainty across the region. Further, the UAE, along with other Arab states, is

currently participating in the Saudi Arabian led intervention in the Republic of Yemen which began in 2015 in response to requests for assistance from the Yemeni government. The UAE is also a member of another Saudi Arabian led coalition formed in December 2015 to combat Islamic extremism and, in particular, Islamic State. These situations have caused significant disruption to the economies of affected countries and have had a destabilising effect on international oil and gas prices. In addition, in June 2017, the UAE, along with Saudi Arabia, Bahrain and Egypt, ended diplomatic ties with the State of Qatar while in May 2018 the State of Qatar announced a ban on goods from the UAE, Saudi Arabia, Bahrain and Egypt. Though the effects of the uncertainty have been varied, it is not possible to predict the occurrence of events or circumstances such as war or hostilities, the cessation of diplomatic ties, or the impact of such occurrences, and no assurance can be given that the UAE would be able to sustain its current economic growth levels if adverse political events or circumstances were to occur. Continued instability affecting the countries in the MENAT region could adversely impact the UAE, although to date there has been no significant impact on the UAE.

Any unfavourable political events or developments could result in deteriorating business, consumer and/or investor confidence leading to reduced levels of client activity and consequently a decline in revenues and/or higher costs; foreign exchange losses; mark to market losses in trading books resulting from adjustments to credit ratings, share prices and counterparty solvency; or higher levels of expected credit losses/impairment and rates of default. Such consequences could have a material adverse effect on the Issuer's business, its financial condition and prospects, the results of the Issuer's operations and/or the Issuer's customers.

The Issuer's financial results are affected by changes in foreign currency exchange rates

The Issuer prepares its consolidated financial statements in U.S. dollars, but a substantial portion of the Issuer's assets, liabilities, revenues and expenses are denominated in other currencies. Changes in foreign exchange rates may have an effect on the Issuer's reported income, expenses, cash flows, assets and liabilities and shareholders' equity and accordingly could have a material adverse effect on the Issuer's business, its financial condition and prospects, the results of the Issuer's operations and/or the Issuer's customers.

Macro-prudential, regulatory and legal risks to the Issuer's business model

Failure of the Issuer's group parent company or any of the Issuer's affiliates to adhere to obligations that arose following the expiry of the deferred prosecution agreement could have a material adverse effect on the Issuer's results and operations

In December 2012, HSBC Holdings plc ("**HSBC Holdings**"), the Issuer's parent company, entered into agreements with U.S. and United Kingdom government and regulatory agencies regarding past inadequate compliance with the Bank Secrecy Act, anti-money laundering ("**AML**") and sanctions laws. Among those agreements, HSBC Holdings entered into a five-year deferred prosecution agreement with, among others, the U.S. Department of Justice ("**DoJ**") (the "**AML DPA**") and HSBC Holdings consented to a cease and desist order and a civil money penalty order with the Federal Reserve Bank ("**FRB**"). HSBC Holdings also entered into an agreement with the Office of Foreign Assets Control ("**OFAC**") regarding historical transactions involving parties subject to OFAC sanctions, as well as an undertaking with the United Kingdom Financial Conduct Authority (the "**FCA**") to comply with certain forward-looking AML and sanctions-related obligations.

Under these agreements, the HSBC Holdings and its consolidated subsidiaries ("**HSBC Group**") made payments totalling U.S.\$ 1.9 billion to U.S. authorities and undertook various further obligations, including, among others, to retain an independent compliance monitor (who is, for FCA purposes, a 'skilled person' under section 166 of the Financial Services and Markets Act 2000) to produce annual assessments of the HSBC Group's AML and sanctions compliance programme (the "**Monitor**"). Under the cease and desist order issued by the FRB in 2012, the Monitor also serves as an independent consultant to conduct annual assessments. In February 2018, the Monitor delivered his fourth annual follow-up review report.

Through his country-level reviews, the Monitor identified potential anti-money laundering and sanctions compliance issues that the HSBC Group is reviewing further with the DoJ, FRB and/or FCA. In particular, the DoJ is investigating the HSBC Group's handling of a corporate customer's accounts. In addition, the U.S. Department of Treasury Financial Crimes Enforcement Network (FinCEN) as well as the Civil Division of the U.S. Attorney's Office for the Southern District of New York are investigating the collection and transmittal of third-party originator information in certain payments instructed over the HSBC Group's proprietary payment systems. The FCA is also conducting an investigation into HSBC Bank plc's compliance with United Kingdom money laundering regulations and financial crime systems and controls requirements. The HSBC Group is cooperating with all of these investigations.

In December 2017, the AML DPA expired and the charges deferred by the AML DPA were dismissed. The Monitor will continue working in his capacity as a skilled person and independent consultant for a period of time at the FCA's and FRB's discretion.

The Issuer is subject to a number of legal and regulatory actions and investigations, the outcomes of which are inherently difficult to predict

The Issuer faces significant legal and regulatory risks in its business. See "*Unfavourable legislative or regulatory developments, or changes in the policy of regulators or governments could materially adversely affect the Issuer*" and "*Failure of the Issuer's group parent company or any of the Issuer's affiliates to adhere to its obligations that arose following the expiry of the deferred prosecution agreement could have a material adverse effect on the Issuer's results and operations*".

The volume and amount of damages claimed in litigation, regulatory proceedings and other adversarial proceedings against financial institutions are increasing for many reasons, including a substantial increase in the number of regulatory changes taking place globally, increased media attention and higher expectations from regulators and the public. In addition, criminal prosecutions of financial institutions for, among other things, alleged conduct, breaches of AML and sanctions regulations, anti-trust violations, market manipulation, aiding and abetting tax evasion, and providing unlicensed cross-border banking services, have become more commonplace and may increase in frequency due to increased media attention and higher expectations from prosecutors and the public.

The Issuer continues to be subject to a number of material legal proceedings, regulatory actions and investigations including, for example in relation to the HSBC Group's historical foreign exchange sales and trading activities, which concluded with the entry by HSBC Holdings into a deferred prosecution agreement with the Criminal

Division of the U.S. Department of Justice (the "**FX DPA**") (see Note 33 ("*Legal proceedings and regulatory matters*") on pages 59 to 61 of the 2017 Annual Report and Accounts for further details). It is inherently difficult to predict the outcome of many of the legal, regulatory and other adversarial proceedings involving the Issuer's businesses, particularly those cases in which the matters are brought on behalf of various classes of claimants, seek damages of unspecified or indeterminate amounts or involve novel legal claims. Additionally, potential consequences of breaching the FX DPA could include the imposition of additional terms and conditions on the Issuer, an extension of the agreement or the criminal prosecution of the Issuer, which could, in turn, entail further financial penalties and collateral consequences. Moreover, the Issuer and its subsidiary undertakings may face additional legal proceedings, investigations or regulatory actions in the future (including criminal), including in other jurisdictions and/or with respect to matters similar to, or broader than, the existing legal proceedings, investigations or regulatory actions.

An unfavourable result in one or more of these proceedings could result in the Issuer and its subsidiary undertakings incurring significant expense, substantial monetary damages, loss of significant assets, other penalties and injunctive relief, potential regulatory restrictions on the Issuer's business and/or a negative effect on the Issuer's reputation, any of which could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or the results of the Issuer's operations.

In addition, any prosecution of HSBC Holdings or one or more of its subsidiaries could result in substantial fines, penalties and/or forfeitures and could have a material adverse effect on the Issuer's business, financial condition, results of operations, prospects and reputation, including the potential loss of key licences, requirements to exit certain businesses and withdrawal of funding from depositors and other stakeholders.

Unfavourable legislative or regulatory developments or changes in the policy of regulators or governments could materially adversely affect the Issuer

The Issuer's businesses are subject to on-going regulation and associated regulatory risks, including the effects of changes in the laws, regulations, policies, guidance, voluntary codes of practice and their interpretations in the UAE and the other markets in which the Issuer operates ("**Regulations**"). These Regulations include the Dubai International Financial Centre ("**DIFC**") Law No. 1 of 2004 as amended and the relevant subsidiary regulations of the Dubai Financial Services Authority (the "**DFSA**") and the banking regulations of the countries in which the Issuer operates. This is particularly so in the current environment, where the Issuer expects governmental and regulatory intervention in the banking sector to remain high for the foreseeable future. Additionally, many of these changes increasingly have an effect beyond the country in which they are enacted, as Regulations increasingly have extra-territorial effect or the Issuer's operations mean that the Issuer is obliged to give effect to local Regulations on a wider basis.

Additionally, the Issuer may be indirectly affected by the impact of regulations to which its counterparties and affiliates are subject in their respective jurisdictions, to the extent that such regulations adversely affect counterparties' ability to meet their contractual obligations to the Issuer in transactions entered into with the Issuer.

More stringent regulatory requirements, including further capital, liquidity and funding requirements, and adjustments in the use of models for measuring risk, together with expected restrictions on outsourcing and use of data, may adversely affect elements of the Issuer's business, particularly if capital requirements are increased and/or the operating model for the provision of services is required to change to address such regulatory developments.

Regulations may come into force in the UAE without being made publicly available until after their implementation date or which may require the passing of further regulations or the provision of guidance before it is fully clear how such Regulations will impact the Issuer's business.

There may be changes in Regulations, or in their interpretation or enforcement, or in how new Regulations are implemented. Further, there may be uncertainty and lack of international regulatory coordination as enhanced supervisory standards are developed and implemented. These developments are expected to continue to change the way in which the Issuer is regulated and supervised and could affect the manner in which the Issuer conducts its business activities, manages its capital requirements, assesses its risk management practices, or how the Issuer's group parent company is structured, all of which could have a material adverse effect on the Issuer's business, financial condition, results of operations and prospects.

The Issuer may not manage risks associated with the replacement of benchmark indices effectively.

The expected replacement of the London Interbank Offered Rate ("**LIBOR**") and other benchmark rates with alternative benchmark rates introduces a number of risks for the Issuer, its clients, and the financial services industry more widely. This includes, but is not limited to:

- legal risks, as changes required to documentation for new and existing transactions may be required;
- financial risks, arising from any changes in the valuation of financial instruments linked to benchmark rates;
- pricing risks, as changes to benchmark indices could impact pricing mechanisms on some instruments;
- operational risks, due to the potential requirement to adapt informational technology systems, trade reporting infrastructure and operational processes; and
- conduct risks, relating to communication with potential impact on customers, and engagement during the transition period.

The replacement of benchmarks together with the timetable and mechanisms for implementation have not yet been confirmed by central banks. Accordingly, it is not currently possible to determine whether, or to what extent, any such changes would affect the Issuer. However, the implementation of alternative benchmark rates may have a material adverse effect on the Issuer's business, financial condition, results of operations and prospects.

The Issuer is subject to tax-related risks in the countries in which it operates

The Issuer is subject to the substance and interpretation of tax laws in all countries in which the Issuer operates and is subject to routine review and audit by tax authorities in relation thereto. The Issuer's interpretation or application of these laws may differ from those of the relevant tax authorities and the Issuer provides for potential tax liabilities that may arise on the basis of the amounts expected to be paid to the tax authorities. The amounts ultimately paid may differ materially from the amounts provided for, depending on the ultimate resolution of such matters. Changes to tax law, tax rates and penalties for failing to comply could have a material adverse effect on the Issuer's business, financial condition, results of operations and prospects.

Risks related to the Issuer's business operations, governance and internal control systems including compliance

The delivery of the Issuer's strategic actions is subject to execution risk

Robust management of critical time-sensitive and resource-intensive projects is required to effectively deliver the Issuer's strategic priorities. The Issuer continues to implement a number of externally driven regulatory programmes and the magnitude and complexity of the projects required to meet these demands present heightened execution risk. The cumulative impact of the collective change initiatives underway within the HSBC Group is significant and has direct implications on resourcing. In addition, the completion of these strategic actions is subject to economic and market conditions, which may be negatively affected as described under "Macroeconomic and geopolitical risk-Current economic and market conditions could materially adversely affect the Issuer". The failure to successfully deliver key strategic actions or other regulatory programmes could have a significant impact on the Issuer's business, financial condition, results of operations and prospects.

These factors could adversely affect the successful delivery of the Issuer's strategic priorities, as well as have both adverse financial and reputational implications, all of which could have a material adverse effect on the Issuer's business, financial condition, results of operations and prospects.

The Issuer may fail to increase the collaboration and/or the business synergies required to achieve its growth strategy

Key to achieving the HSBC Group's growth strategy is increasing the number of HSBC Group products held by the Issuer's customers through collaboration and driving synergies across its global businesses to grow revenue and earnings. Key opportunities for collaborations and to drive business synergies arise amongst the Issuer's Commercial Banking, Global Banking and Markets and Retail Banking and Wealth Management business lines (together with the HSBC Group's private bank, HSBC Private Bank (Suisse) SA), which are areas where many of the HSBC Group's competitors also focus. In both instances, this may limit the Issuer's ability to collaborate across business lines to sell additional products to its customers or may influence it to sell its products at lower prices, reducing its net interest income and revenue from its fee-based products. A failure to deliver the collaboration and/or business synergies required to achieve its growth strategy could have a material adverse effect on the Issuer's business, financial condition, results of operations and prospects.

The Issuer operates in markets that are highly competitive

The Issuer competes with other financial institutions in a highly competitive industry that continues to undergo significant changes as a result of financial regulatory reform, as well as, increased public scrutiny stemming from the financial crisis and continued challenging economic conditions.

The Issuer targets internationally mobile clients who need sophisticated global solutions and generally competes on the basis of the quality of the Issuer's customer service, the wide variety of products and services that the Issuer can offer its customers and the ability of those products and services to satisfy the Issuer's customers' needs, the extensive distribution channels available for the Issuer's customers, the Issuer's innovation and its reputation. Continued and increased competition in any one or all of these areas may negatively affect the Issuer's market share and/or cause the Issuer to increase its capital investment in its businesses in order to remain competitive. Additionally, the Issuer's products and services may not be accepted by its targeted clients.

In many markets, there is increased competitive pressure to provide products and services at current or lower prices. Consequently, the Issuer's ability to reposition or re-price its products and services from time to time may be limited and could be influenced significantly by the actions of the Issuer's competitors who may or may not charge similar fees for their products and services. Any changes in the types of products and services that the Issuer offers its customers and/or the pricing for those products and services could result in a loss of customers and market share.

Further, new entrants to the market or new technologies could require the Issuer to spend more to modify or adapt its products to attract and retain customers. The Issuer may not respond effectively to these competitive threats from existing and new competitors, and the Issuer may be forced to increase its investment in its business to modify or adapt its existing products and services or develop new products and services to respond to the Issuer's customers' needs.

As a result, continued or increased competition could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or the results of the Issuer's operations.

The Issuer's operations are highly dependent on the Issuer's information technology systems, which are subject to failures resulting from internet crimes, cyber-attacks or otherwise

The reliability and security of the Issuer's information and technology infrastructure and the Issuer's customer databases are crucial to maintaining the service availability of banking applications and processes and to protecting the Issuer's brand. The proper functioning of the Issuer's payment systems, financial control, risk management, credit analysis and reporting, accounting, customer service and other information technology systems, as well as the communication networks between the Issuer's branches and main data processing centres, are critical to the Issuer's operations.

The Issuer is increasingly exposed to fraudulent and criminal activities as a result of increased usage of internet and mobile services by customers. The Issuer also faces the risk of breakdowns in processes or procedures and systems failure or unavailability, and its business is subject to disruption from events that are wholly or partially beyond its control, such as internet crime and acts of terrorism.

Critical system failure, any prolonged loss of service availability or any material breach of data security, particularly involving confidential customer data, could cause serious damage to the Issuer's ability to service its clients, could breach regulations under which the Issuer operates and cause long-term damage to the Issuer's business and brand that could have a material adverse effect on the Issuer's business, financial condition, results of operations and prospects.

Moreover, the threat from internet crimes and cyber-attacks remains a concern for the Issuer's organisation and failure to protect the Issuer's operations from future internet crime or cyber-attacks may result in financial loss and/or loss of customer data or other sensitive information that could undermine the Issuer's reputation and its ability to attract and keep customers. They may also lead to potentially large costs to rectify any issues and reimburse losses incurred by customers.

Ransomware and distributed denial of service ("DDOS") attacks are an increasingly dominant threat across the industry. In 2017, the HSBC Group was subjected to a small number of DDOS attacks on its external-facing websites across the HSBC Group and no ransomware attacks.

Although cyber-attacks in 2017 had a negligible effect on the Issuer's customers, services or firm, due to the increasing sophistication of cyber-attacks there is the potential for future attacks to have a material adverse effect on the Issuer's business, financial condition, results of operations and prospects.

The Issuer's risk management measures may not be successful

The management of risk is an integral part of all the Issuer's activities. Risk constitutes the Issuer's exposure to uncertainty and the consequent variability of return. Specifically, risk equates to the adverse effect on profitability or financial condition arising from different sources of uncertainty, including retail and wholesale credit risk, market risk, non-traded market risk, operational risk, insurance risk, concentration risk, liquidity and funding risk, litigation risk, conduct risk, reputational risk, strategic risk, pension obligation risk and regulatory risk. While the Issuer employs a broad and diversified set of risk monitoring and mitigation techniques, such methods and the judgements that accompany their application cannot anticipate every unfavourable event or the specifics and timing of every outcome. Failure to manage risks appropriately could have an adverse effect on the Issuer's income, cash flows and the value of assets and liabilities, which could have a material adverse effect on the Issuer's business, financial condition, results of operations, prospects and reputation.

Operational risks are inherent in the Issuer's business

The Issuer is exposed to many types of operational risk that are inherent in banking operations, including fraudulent and other criminal activities (both internal and external), breakdowns in processes or procedures and systems failure or non-availability. These risks are also present when the Issuer relies on outside suppliers or vendors to provide services to the Issuer and the Issuer's customers. These operational risks could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or the results of the Issuer's operations.

The Issuer's operations are subject to the threat of fraudulent activity

Fraudsters may target any of the Issuer's products, services and delivery channels, including lending, internet banking, payments, bank accounts and cards. This may result in financial loss to the Issuer, an adverse customer experience, reputational damage and potential regulatory action depending on the circumstances of the event. Any manifestation of such risks could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or the results of the Issuer's operations.

The Issuer's operations are subject to disruption from the external environment

The Issuer operates in many geographic locations that are subject to events outside the Issuer's control. These events may be acts of God such as natural disasters and epidemics, geopolitical risks including acts of terrorism, political instability and social unrest and infrastructure issues such as transport or power failure. These events may give rise to disruption to the Issuer's services and/or result in physical damage and/or loss of life, which could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or the results of the Issuer's operations.

The Issuer may fail to adequately manage its third party suppliers and service providers

The Issuer places reliance on third-party firms for the supply of goods and services or outsourcing of certain activities. There has been increased scrutiny by global regulators of the use by financial institutions of third-party service providers, including how outsourcing decisions are made and how the key relationships are managed. For instance, we anticipate the UAE regulator introducing regulations on the use of data and outsourcing more generally, which may impact the way certain services are provided by the Issuer in the MENAT region. As these regulations are not in force yet, it is difficult to quantify what impact they will have on the Issuer and its business. Risks arising from the use of third-party service providers may be less transparent and therefore more challenging to manage or influence. The risk of inadequate management of risks associated with the use of significant third-party service providers could lead to a failure to meet the Issuer's operational and business requirements which, in turn, may involve regulatory breaches, financial crime, loss of confidential information, civil or monetary penalties or damage both to shareholder value and to the Issuer's reputation/brand image. Any such failure could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or the results of the Issuer's operations.

The Issuer's data management policies and processes may not be sufficiently robust.

Critical business processes undertaken by the Issuer rely on large volumes of data from a number of different systems and sources. If data governance (including retention and deletion), data quality and data architecture policies and procedures are not sufficiently robust, manual intervention, adjustments and reconciliations may be required to reduce the risk of error in reporting to senior management or regulators. Inadequate policies and processes may also affect the Issuer's ability to use data to service customers more effectively and/or improve our product offering. Moreover, financial institutions that fail to comply with the principles for effective risk data aggregation and risk reporting as set out by the Basel Committee on Banking Supervision by the required deadline may face supervisory measures. In addition, failure to comply with any new global or regional data privacy requirements, where applicable, may result in regulatory sanctions. Any of these inadequacies or failures could have a material adverse effect on the Issuer's business, financial condition, results of operations and prospects.

The Issuer's operations have inherent reputational risk

Reputational risk is the risk of failure to meet stakeholder expectations as a result of any event, behaviour, action or inaction, either by the Issuer, its employees or those with whom it is associated. This might cause stakeholders to form a negative view of the Issuer and the HSBC Group and may result in financial or non-financial effects or loss of confidence in the Issuer. Reputational risk relates to stakeholders' perceptions, whether fact-based or otherwise. Stakeholders' expectations change constantly and so reputational risk is dynamic and varies between geographical regions, groups and individuals. Any material lapse in standards of integrity, compliance, customer service or operating efficiency may represent a potential reputational risk.

Modern technologies, in particular online social media channels and other broadcast tools which facilitate communication with large audiences in short time frames and with minimal costs, may significantly enhance and accelerate the impact of damaging information and allegations. Reputational risk could also arise from negative public opinion about the actual, or perceived, manner in which the Issuer conducts its business activities, or financial performance, as well as actual or perceived practices in the banking and financial services industry generally. Negative public opinion may adversely affect the Issuer's ability to keep and attract customers, in particular, corporate and retail depositors, and retain and motivate staff, and could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or the results of the Issuer's operations.

The Issuer is subject to the risk of employee misconduct and non-compliance with regulations and policies

The Issuer's businesses are exposed to risk from potential non-compliance with regulations and policies, including the "HSBC Values" (the HSBC Values describe how the Issuer's employees should interact with each other and with customers, regulators and the wider community, see "*Risk Management*" on pages 66 to 67 of the Issuer group parent company's Annual Report and Accounts for the year ended 31 December 2017 (<https://www.hsbc.com/investor-relations/group-results-and-reporting/annual-report>) for further details) and related behaviours, and employee misconduct, such as fraud or negligence, all of which could result in regulatory sanctions or reputational or financial harm. In recent years, a number of multinational financial institutions have suffered material losses due to the actions of 'rogue traders' or other employees. It is not always possible to deter employee misconduct and the precautions the Issuer takes to prevent and detect this activity may not always be effective. Any manifestation of this risk could have a material adverse effect on the Issuer's business, financial condition, results of operations and prospects.

Failure of the Issuer to recruit, retain and develop appropriate senior management and skilled personnel could have a material adverse effect on the Issuer

The cumulative workload arising from a regulatory reform programme that is often extra-territorial and still evolving is hugely consumptive of human resources, placing increasingly complex and conflicting demands on a workforce where the required expert capabilities are in short supply and globally mobile.

Moreover, certain regulatory changes may affect the Issuer's ability to attract and/or retain employees. For example, changes in remuneration policy and practice resulting from the new regulations under EU Capital Requirements Directive and Regulation ("**CRD IV**") apply globally to all employees of the HSBC Group. The key change is the application of a cap on variable pay that can be paid to any "**material risk-taker**" (being employees who have been identified as having a material impact on the institution's risk profile). This presents significant challenges given that, as a worldwide business, a significant number of the HSBC Group's material risk-takers are based outside the EU. In addition, the policy statement issued by the United Kingdom Prudential Regulation Authority (the "**PRA**") extends its Remuneration Code to require all PRA authorised firms to apply clawback to vested/paid variable remuneration on an HSBC Group-wide basis for any material risk takers receiving variable pay from 1 January 2015. Furthermore, the PRA and the FCA have introduced in the United Kingdom the Senior Managers and Certification regimes and the related Rules of Conduct (the detail of which is currently subject to consultation), which are intended to set clearer expectations of the accountabilities and behaviour of both senior and more junior employees. However, there are a number of uncertainties around the precise impact of these regimes at present (including on more senior employees, on non-United Kingdom based employees and on non-executive directors).

The Issuer's continued success depends in part on the retention of key members of its management team and wider employee base. The ability to continue to attract, train, motivate and retain highly qualified professionals is a key element of the Issuer's strategy. The successful implementation of the Issuer's growth strategy depends on the availability of skilled management in each of its business units, which may depend on factors beyond the Issuer's control, including economic, market and regulatory conditions.

If one of the Issuer's business units fails to staff its operations appropriately or loses one or more of its key senior executives, and fails to successfully replace them in a satisfactory and timely manner, or fails to implement successfully the organisational changes required to support the Issuer's business, this could place the Issuer at a significant competitive disadvantage and prevent the Issuer from successfully implementing its strategy, which could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or the results of the Issuer's operations

The Issuer's financial statements are based in part on judgments, estimates and assumptions that are subject to uncertainty

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Estimates, judgments and assumptions are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected. Due to the inherent uncertainties in making estimates, judgments and assumptions, particularly those involving the use of complex models, actual results reported in future periods may differ from those reported in prior periods. The accounting policies deemed critical to the Issuer's results and financial position, based upon materiality and significant judgements and estimates, include expected credit losses/impairment of loans and advances, valuation of intangible assets recognised in business combinations, valuation of financial instruments and provisions for liabilities, which constitute critical accounting estimates and judgements with respect to the Issuer's consolidated financial statements.

An example of where the inherent uncertainty in making estimates, judgements and assumptions may cause actual results reported in future periods to differ from those reported in prior periods is in relation to the valuation of

financial instruments measured at fair value, which can be subjective, in particular where models are used that include unobservable inputs. Given the uncertainty and subjectivity associated with valuing such instruments, future outcomes may differ materially from those assumed using information available at the reporting date.

Changes in estimates, judgments or assumptions used in the preparation of the Issuer's future financial statements from estimates, judgments or assumptions used in prior periods could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or the results of the Issuer's operations.

The Issuer could incur losses or be required to hold additional capital as a result of model limitations or failure

The Issuer uses models for a range of purposes in managing its business, including regulatory capital calculations, stress testing, credit approvals, calculation of expected credit losses/loan impairment charges on an IFRS 9 basis, financial crime and fraud risk management and financial reporting. The Issuer could face adverse consequences as a result of decisions that may lead to actions by management, based on models that are poorly developed, implemented or used, or as a result of the modelled outcome being misunderstood or the use of such information for purposes for which it was not designed.

Regulatory scrutiny and supervisory concerns over banks' use of models is considerable, particularly the internal models and assumptions used by banks in the calculation of regulatory capital. If regulatory approval for key capital models is not achieved in a timely manner, the Issuer could be required to hold additional capital.

Risks arising from use of models, including reputational, could have a material adverse effect on the Issuer's business, financial condition, results of operations and prospects.

Third parties may use the Issuer as a conduit for illegal activities without the Issuer's knowledge

The Issuer is required to comply with applicable AML laws and regulations and has adopted various policies and procedures, including internal control and 'know-your-customer' procedures, aimed at preventing use of the Issuer's products and services for the purposes of committing or concealing a financial crime. A major focus of US and United Kingdom government policy relating to financial institutions in recent years has been combating money laundering and enforcing compliance with US and EU economic sanctions. This focus is reflected in part by agreements between members of the HSBC Group with US and United Kingdom authorities relating to various investigations regarding past inadequate compliance with AML and sanctions laws.

These agreements do not preclude additional enforcement actions by bank regulatory, governmental or law enforcement agencies or private litigation. A number of the remedial actions have been taken as a result of the matters related to HSBC Holdings' expired U.S. deferred prosecution agreement with the U.S. Department of Justice, which are intended to ensure that the HSBC Group's businesses are better protected in respect of these risks. However, there can be no assurance that these will be completely effective. Moreover, in relevant situations and where permitted by regulation, the Issuer may rely upon certain counterparties to maintain and properly apply their own appropriate AML procedures. While permitted by regulation, such reliance may not be effective in preventing third parties from using the Issuer (and the Issuer's relevant counterparties) as a conduit for money laundering, including illegal cash operations, without the Issuer's (and its relevant counterparties') knowledge. Becoming a party to money laundering, association with, or even accusations of being associated with, money laundering will damage the Issuer's reputation and could make it subject to fines, sanctions and/or legal enforcement. Any one of these outcomes could have a material adverse effect on the Issuer's business, financial condition, results of operations and prospects.

The Issuer has significant exposure to counterparty risk

The Issuer is exposed to counterparties that are involved in virtually all major industries, and the Issuer routinely executes transactions with counterparties in financial services, including brokers and dealers, commercial banks, investment banks, mutual and hedge funds, and other institutional clients. Many of these transactions expose the Issuer to credit risk in the event of default by its counterparty or client. The Issuer's ability to engage in routine transactions to fund its operations and manage its risks could be materially adversely affected by the actions and commercial soundness of other financial services institutions. Financial institutions are necessarily interdependent because of trading, clearing, counterparty or other relationships. As a consequence, a default by, or decline in market confidence in, individual institutions, or anxiety about the financial services industry generally, can lead to further individual and/or systemic difficulties, defaults and losses.

Where bilateral counterparty risk has been mitigated by taking collateral, the Issuer's credit risk may remain high if the collateral the Issuer holds cannot be realised or has to be liquidated at prices which are insufficient to recover the full amount of its loan or derivative exposure. There is a risk that collateral cannot be realised, including situations where this arises due to a change of law that may affect the Issuer's ability to foreclose on collateral or otherwise enforce contractual rights.

The Issuer also has limited credit exposure arising from mitigants such as credit default swaps ("CDSs"), and other credit derivatives, each of which is carried at fair value. The risk of default by counterparties to CDSs and other credit derivatives used as mitigants impacts on the fair value of these instruments depending on the valuation and the perceived credit risk of the underlying instrument against which protection has been purchased. Any adjustments or fair value changes could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or the results of the Issuer's operations.

Market fluctuations may reduce the Issuer's income or the value of its portfolios

The Issuer's businesses are inherently subject to risks in financial markets and in the wider economy, including changes in, and increased volatility of, interest rates, inflation rates, credit spreads, foreign exchange rates, commodity, equity, bond and property prices and the risk that the Issuer's customers act in a manner inconsistent with its business, pricing and hedging assumptions.

Market movements will continue to significantly affect the Issuer in a number of key areas. For example, banking and trading activities are subject to interest rate risk, foreign exchange risk, inflation risk and credit spread risk. Changes in interest rate levels, interbank spreads over official rates, yield curves and spreads affect the interest rate spread realised between lending and borrowing costs. A declining or low interest rate environment could increase prepayment activity which reduces the weighted average lives of the Issuer's interest-earning assets and could have

a material adverse effect on the Issuer. The potential for future volatility and margin changes remains. Competitive pressures on fixed rates or product terms in existing loans and deposits sometimes restrict the Issuer's ability to change interest rates applying to customers in response to changes in official and wholesale market rates.

It is difficult to predict with any accuracy changes in market conditions, and such changes could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or the results of the Issuer's operations.

The Issuer may experience periods of reduced liquidity or be unable to raise funds, each of which is essential to the Issuer's businesses

The Issuer's ability to borrow on a secured or unsecured basis and the cost of doing so can be affected by increases in interest rates or credit spreads, the availability of credit, regulatory requirements relating to liquidity or the market perceptions of risk relating to the Issuer or the banking sector, including the Issuer's perceived or actual creditworthiness.

Current accounts and savings deposits payable on demand or at short notice form a significant part of the Issuer's funding, and the Issuer places considerable importance on maintaining their stability. For deposits, stability depends upon preserving investor confidence in the Issuer's capital strength and liquidity, and on comparable and transparent pricing. Although deposits have been, over time, a stable source of funding, this may not continue.

The Issuer also accesses wholesale markets in order to align asset and liability maturities and currencies and to maintain a presence in local markets. An inability to obtain financing in the unsecured long-term or short-term debt capital markets, or to access the secured lending markets, on acceptable terms or at all, could have a substantial adverse effect on the Issuer's liquidity. Unfavourable macroeconomic developments, market disruptions or regulatory developments may increase the Issuer's funding costs or challenge its ability to raise funds to support or expand its businesses, materially adversely affecting the Issuer's business, its financial condition and prospects and/or results of the Issuer's operations.

If the Issuer is unable to raise funds through deposits and/or in the capital markets, the Issuer's liquidity position could be adversely affected and the Issuer might be unable to meet deposit withdrawals on demand or at their contractual maturity, to repay borrowings as they mature, to meet the Issuer's obligations under committed financing facilities and insurance contracts, or to fund new loans, investments and businesses. The Issuer may need to liquidate unencumbered assets to meet its liabilities. In a time of reduced liquidity, the Issuer may be unable to sell some of its assets, or it may need to sell assets at reduced prices, which in either case could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or the results of the Issuer's operations.

Any reduction in the credit rating assigned to the Issuer, any subsidiaries of the Issuer or any of their respective debt securities could increase the cost or decrease the availability of the Issuer's funding and adversely affect the Issuer's liquidity position and interest margins

As at the date of this Information Memorandum, the Issuer has been assigned the following long term and short term credit ratings (respectively) by Moody's: A3 (stable) and P-2; and the following long term and short term credit ratings (respectively) by Fitch: AA - (stable) and F1+ . Credit ratings affect the cost and other terms upon which the Issuer is able to obtain market funding. Rating agencies regularly evaluate the Issuer and certain of its subsidiaries, as well as their respective debt securities. Their ratings are based on a number of factors, including their assessment of the relative financial strength of the Issuer or of the relevant entity, as well as conditions affecting the financial services industry generally. There can be no assurance that the rating agencies will maintain the Issuer's or the relevant entity's current ratings or outlook. For example, in 2017, the Issuer's short term credit rating provided by Moody's was downgraded from A2 (negative) to A3 (stable) following a similar downgrade to the short term credit rating of HSBC Holdings by Moody's.

Any such reductions in these ratings and outlook could increase the cost of the Issuer's funding, limit access to capital markets and require additional collateral to be placed and, consequently, materially adversely affect the Issuer's interest margins and/or the Issuer's liquidity position, which in turn could have a material adverse effect on the Issuer's business, financial condition, results of operations and prospects.

The Issuer may experience adverse changes in the credit quality of the Issuer's borrowers

Risks arising from changes in credit quality and the recoverability of loans and amounts due from borrowers and counterparties (for example, reinsurers and counterparties in derivative transactions) are inherent in a wide range of the Issuer's businesses. Adverse changes in the credit quality of the Issuer's borrowers and counterparties arising from a general deterioration in economic conditions or systemic risks in the financial systems could reduce the recoverability and value of the Issuer's assets and require an increase in the Issuer's expected credit losses/loan impairment charges.

The Issuer estimates and recognises expected credit allowances/impairment allowances for credit losses inherent in the Issuer's credit exposure. This process, which is critical to the Issuer's results and financial condition, requires difficult, subjective and complex judgements, including forecasts of how these economic conditions might impair the ability of the Issuer's borrowers to repay their loans and the ability of other counterparties to meet their obligations. As is the case with any such assessments, the Issuer may fail to estimate accurately the effect of factors that the Issuer identifies or fails to identify relevant factors. Further, the information the Issuer uses to assess the creditworthiness of its counterparties may be inaccurate or incorrect. Any failure by the Issuer to accurately estimate the ability of the Issuer's counterparties to meet their obligations could result in significant losses for the Issuer which have not been provided for. Such losses may have a material adverse effect on the Issuer's business, its financial condition and prospects and/or the results of the Issuer's operations.

Changes in accounting standards may have a material impact on how the Issuer reports its financial results and financial condition.

The Issuer prepares its financial statements in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"), including interpretations issued by the IFRS Interpretations Committee, and as endorsed by the EU. From time to time, the IASB or the IFRS Interpretations Committee may issue new accounting standards or interpretations which could materially impact how the Issuer reports and discloses its financial results and financial condition as well as affect the calculation of

its capital ratios, including the common equity tier 1 capital ratio. The Issuer could also be required to apply new or revised standards retrospectively, resulting in the Issuer restating prior period financial statements in material amounts.

For example, IFRS 9, which the Issuer adopted from 1 January 2018, increased impairment charges to reflect expected credit losses and may cause expected credit losses/impairment charges to be more volatile. The adoption of IFRS 9 reduced net assets of the Issuer as at 1 January 2018 by US\$ 106 million, due to impairment reducing net assets by US\$ 117 million, net of deferred tax of US\$ 11 million.

RISKS RELATING TO THE NOTES

A wide range of Notes may be issued under the Programme. The Issuer may issue Notes with principal and/or interest determined by reference to one or more variables such as an index or formula, changes in the prices of securities or commodities, movements in currency exchange rates, movements in interest rates, movements in levels of indices, the credit of one or more entities or other factors (each, a "**Relevant Factor**" and each underlying security, commodity, currency or other asset being "**Reference Asset(s)**"). A number of these Notes may have features which contain particular risks for prospective investors. Set out below is a description of some of the risks that should be taken into consideration by prospective investors in such Notes:

Dual Currency Notes

The Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (i) the market price of such Notes may be very volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected; and
- (iv) they may lose all or a substantial portion of their principal.

Subordinated Notes

Subordinated Notes are unsecured and subordinated obligations of the Issuer. In the event that a particular Tranche of Notes is specified as subordinated in the relevant Pricing Supplement and the Issuer is declared insolvent and a winding up is initiated, the Issuer will be required to pay the holders of senior debt and meet its obligations to all its other creditors (including unsecured creditors but excluding any obligations in respect of subordinated debt) in full before it can make any payments on the relevant Notes. If this occurs, the Issuer may not have enough assets remaining after these payments to pay amounts due under the relevant Subordinated Notes.

Any obligation of the Issuer to pay interest on Subordinated Notes may be suspended in certain circumstances.

Where any Subordinated Notes form part of the regulatory capital of the Issuer, no repayment of such Notes will be made without the prior consent of the Dubai Financial Services Authority and, if required in respect of its supervision of the HSBC Group, the United Kingdom Prudential Regulation Authority (or any successor authority/ies in its/their function as the supervisor of authorised institutions).

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount to or premium above their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility.

In certain circumstances a portion of payments made on or with respect to Notes may be subject to U.S. reporting obligations which, if not satisfied, may require U.S. tax to be withheld

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as "**FATCA**", a "foreign financial institution" may be required to withhold on certain payments it makes ("**foreign passthru payments**") to persons that fail to meet certain certification, reporting, or related requirements. The Issuer is a foreign financial institution for these purposes. A number of jurisdictions (including the UAE) have entered into, or have agreed in substance to, intergovernmental agreements (each an "**IGA**") with the United States to implement FATCA, which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to 1 January 2019 and Notes treated as debt for U.S. federal income tax purposes issued on or prior to the date that is six months after the date on which final regulations defining "foreign passthru payments" are filed with the U.S. Federal Register generally would be "grandfathered" for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the issuer). However, if additional Notes (as described under "*Terms and Conditions of the Notes - Further Issues*") that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding

under FATCA. Noteholders should consult their own tax advisers regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

U.S. withholding tax may apply to Notes linked to securities issued by U.S. issuers

Section 871(m) of the U.S. Internal Revenue Code and Treasury regulations promulgated thereunder ("**Section 871 (m)**") generally impose a 30 per cent. withholding tax on dividend equivalents paid or deemed paid to certain persons with respect to certain financial instruments linked to U.S. equities or indices that include U.S. equities (such as equities and indices, "**U.S. Underlying Equities**"). Section 871(m) generally applies to instruments that substantially replicate the economic performance of one or more U.S. Underlying Equities, as determined upon issuance, based on tests set forth in the applicable Treasury regulations (such as an instrument, a "**Specified Security**").

If the security is a Specified Security, the term sheet for the security will specify the method of Section 871(m) withholding that will be applied to the security. If the "**Dividend Withholding**" approach is specified, the Issuer will report the appropriate amount of each payment under the security treated as a U.S. source dividend equivalent payment (including possibly a portion of the payments at maturity of the security), and the applicable withholding agent is expected to withhold 30 per cent. from such payment unless the payee establishes an exemption from or reduction in the withholding tax. If the "**Issuer Withholding**" approach is specified, the Issuer will withhold 30 per cent. of amounts that are or will be payable under the security (including possibly a portion of the payments at maturity of the security) that are potentially treated as U.S.-source dividend equivalent payments. The Issuer will withhold 30 per cent. of such amounts without regard to either any applicable treaty rate or the classification of an investor as a U.S. or non-U.S. investor for U.S. federal income tax purposes.

If payments to an investor are subject to withholding tax and the investor believes it is eligible for an exemption from, or reduced rate of, withholding tax, the investor may be able to claim a refund of the amounts over-withheld. The Issuer makes no representation regarding investors' eligibility to claim such a refund. Furthermore, the Issuer will not be required to pay any additional amounts as a result of this withholding tax, regardless of which withholding method is applicable to the securities, and regardless of whether the investor may have been eligible for an exemption or reduction in the withholding tax on payments from the applicable withholding agent.

Investors should consult their tax advisers regarding the potential application of Section 871(m) to the securities including, if applicable, the availability of, and process for, claiming a refund of such withholding tax.

Partly-paid Notes

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of their investment.

Risks relating to Notes generally

There is no active trading market for the Notes

Any Series of Notes issued under the Programme will be new securities which may not be widely distributed and for which there is currently no active trading market (even where, in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although application has been made for the Notes issued under the Programme to be admitted to the Official List of Euronext Dublin and to trading on its Global Exchange Market, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes.

The Notes may be redeemed prior to maturity

Unless, in the case of any particular Tranche of Notes, the relevant Pricing Supplement specifies otherwise, in the event that the Issuer would be obliged to increase the amounts payable in respect of any Tranche of Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the DIFC or the UAE or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes of such Tranche in accordance with the Conditions.

In addition, if in the case of any particular Tranche of Notes the relevant Pricing Supplement specifies that the Notes are redeemable at the Issuer's option in other circumstances the Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low or when its cost of borrowing is lower than the interest rate on the Notes. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes.

The Issuer shall have the right to terminate its obligations under the Notes in case of illegality and force majeure as set out in the Conditions and the Notes may also be terminated in other circumstances as specified in the relevant Pricing Supplement.

An optional redemption feature of the Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

Form of Notes

Because the Global Notes (as defined below) may be held by or on behalf of Euroclear and Clearstream, Luxembourg or lodged with a sub-custodian for the Central Moneymarkets Unit Service operated by the Hong Kong Monetary Authority ("**CMU**", and together with Euroclear and Clearstream, Luxembourg, the "**Clearing Systems**"), investors will have to rely on the procedures of Euroclear and Clearstream, Luxembourg or, as the case may be, CMU for transfer, payment and communication with the Issuer.

Notes issued under the Programme may be represented by one or more temporary global notes (each, a "**Temporary Global Note**"), permanent global notes (each, a "**Permanent Global Note**" and, together with a Temporary Global Note, the "**Global Bearer Notes**"), registered notes in global form ("**Global Registered Notes**")

and together with the Global Bearer Notes, the "**Global Notes**"). Such Global Notes may be deposited with a common depository for Euroclear and Clearstream, Luxembourg or, as the case may be, lodged with a sub-custodian for CMU. As set out in the circumstances described in this Information Memorandum, interests in the Global Notes may be exchangeable for definitive Notes. The Clearing Systems will maintain records of the interests in the Global Notes. While the Notes are represented by one or more Global Notes, investors will be able to trade their interests only through the Clearing Systems.

While Notes are represented by one or more Global Notes, the Issuer will discharge its payment obligations under such Notes by making payments to the common depository for Euroclear and Clearstream, Luxembourg or, as the case may be, the sub-custodian for CMU, for distribution to their account holders. A holder of an interest in a Global Note must rely on the procedures of the relevant clearing system(s) to receive payments under the relevant Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, interests in the Global Notes.

Holders of interests in the Global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by the relevant Clearing System(s) to appoint appropriate proxies. Similarly, holders of beneficial interests in the Global Notes will not have a direct right under the Global Notes to take action against the Issuer in the event of a default under the relevant Notes but will have to rely upon the exercise by the Trustee of the rights arising under the Trust Deed.

Definitive Notes may not in all circumstances be printed from engraved steel plates. If they are not to be so printed, a statement to that effect will be made in the relevant Pricing Supplement.

Credit Rating

Tranches of Notes issued under the Programme may be rated or unrated. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Any adverse change in an applicable credit rating could adversely affect the trading price for the Notes issued under the Programme.

Where an issue of Notes is rated, the rating will be specified in the relevant Pricing Supplement. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Whether or not each credit rating applied for in relation to the relevant Series of Notes will be issued by a credit rating agency established in the European Union and registered under Regulation (EC) No 1060/2009 (the "**CRA Regulation**") will be disclosed in the Pricing Supplement. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation (or is endorsed and published or distributed by subscription by such a credit rating agency in accordance with the Regulation) unless the rating is provided by a credit rating agency operating in the European Union before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is not refused.

In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued or endorsed by a credit rating agency established in the European Union and registered under the CRA Regulation unless the rating is provided or endorsed by a credit rating agency operating in the European Union before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is still pending.

No Third-Party Guarantees

Investors should be aware that no guarantee is or will be given in relation to the Notes by the shareholders of the Issuer (including, without limitation, any member of the HSBC group of companies) or any other person.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to investment laws and regulations, and additional review or regulation, by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent: (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Exchange rate risks and exchange controls

The Issuer will pay principal and profit in respect of the Notes in the Specified Currency (as referred to in the relevant Pricing Supplement). This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal payable on the Notes and (iii) the Investor's Currency equivalent market value of the Notes.

In addition, if "Price Source Disruption" is specified in the relevant Pricing Supplement as being applicable to any Notes, then if for any reason a relevant rate of exchange is not available the Calculation Agent may (i) use alternative sources to determine an exchange rate (such source as may be determined by the Calculation Agent), (ii) postpone the determination of the rate of exchange (subject to a postponement cut-off of 30 calendar days (or such other number of calendar days as may be specified in the Pricing Supplement)) after which the Calculation Agent, acting in a commercially reasonable manner, shall determine its good faith estimate of the rate and use exchange rates prevailing at later times or (iii) determine the rate of exchange as the arithmetic mean of exchange rates provided by leading dealers in the relevant foreign exchange market.

The exchange rate so determined may differ from the rate which would have prevailed but for the occurrence of the disruption and this may lead to a decrease in the amount payable to the investors. In addition, if the Calculation Agent postpones the determination of the rate of exchange the due dates for any payments in respect of the Notes (including, without limitation, the maturity date) may also be postponed.

If a specified fixing date for the determination of a relevant exchange rate is an **Unscheduled Holiday**, the fixing date will be postponed to the next relevant currency business day which is not an **Unscheduled Holiday** (subject to a postponement cut-off of 30 calendar days (or such other number of calendar days as may be specified in the Pricing Supplement)), after which the Calculation Agent, acting in a commercially reasonable manner, shall determine its good faith estimate of the relevant rate.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Sanctions

In relation to the Issuer, any transfer of, or payment in respect of, a Note or Coupon involving the government of any country which is at the relevant time the subject of the Office of Foreign Assets Control of the U.S. Department of Treasury, the UNSC, the US and the EU sanctions regimes, any person or body resident in, incorporated in or constituted under the laws of any such country or exercising public functions in any such country or any person or body controlled by any of the foregoing or by any person acting on behalf of the foregoing may be subject to restrictions pursuant to such sanctions regimes.

Investors may experience some difficulty in enforcing arbitration awards and foreign judgments against the Issuer in the DIFC

The payments under the Notes are dependent upon the Issuer making payments to the investors in the manner contemplated under the Notes. If the Issuer fails to do so, it may be necessary to bring an action against the Issuer to enforce its obligations and/or to claim damages, as appropriate, which may be costly and time consuming. The Issuer's place of incorporation and head office is the DIFC and a substantial portion of the assets of the Issuer are located in the UAE and a number of other jurisdictions outside the United Kingdom.

Each of the Agency Agreement, the Trust Deed, the Dealer Agreement and the Notes (as defined herein) are governed by English law (the "**English Law Documents**") and (subject to the exercise of an option to litigate given to certain parties (other than the Issuer)) the parties to the English Law Documents have agreed to refer any dispute in relation to such documents to arbitration under the Arbitration Rules of the LCIA (the "**LCIA Rules**"). The seat of such arbitration shall be London, England. Pursuant to an option to litigate given to certain parties, the Issuer has agreed to submit to the jurisdiction of the courts of England in respect of any dispute arising out of or in connection with the English Law Documents.

Pursuant to Article 13 of the DIFC Law No. 10 of 2005 (as amended and restated) (Law relating to the application of DIFC Laws) (Amended and Restated) (the "**Application Law**"), the parties' express submission to both arbitration and to the jurisdiction of the English courts should be effective, subject to the courts of the DIFC's (the "**DIFC Courts**"), interpretation of Article 5A(1) and 5A(2) of Dubai Law No. 12 of 2004 (as amended) (Law of the Judicial Authority at the DIFC) (the "**Judicial Authority Law**"). In particular, Article 5A(1)(e) of the Judicial Authority Law provides the DIFC Courts with jurisdiction to ratify foreign arbitral awards. However, notwithstanding Article 13 of the Application Law, it is not free from doubt that the DIFC Courts would not seek to re-examine the merits of a case.

In addition, Article 24 of the DIFC Court Law No. 10 of 2004 (as amended) (the "**DIFC Court Law**") provides that, pursuant to Article 7 of the Judicial Authority Law, the DIFC Court of First Instance has jurisdiction to ratify any judgment, order or award of any recognised: (i) foreign court; (ii) Dubai or UAE court; (iii) DIFC or foreign (including the UAE) arbitral award or any award recognised by the DIFC Court Law; or (iv) orders for the purposes of any subsequent application for enforcement in the Dubai courts in the manner prescribed in DIFC law. Article 42 (1) of the DIFC Court Law provides that judgments, orders or awards issued or ratified by the DIFC Courts may be enforced within the DIFC in the manner prescribed in the DIFC Rules of Court and Article 42(2) of the DIFC Court Law provides that judgments, orders or awards issued or ratified by the DIFC Courts may be enforced outside the DIFC in accordance with the Judicial Authority Law. Although there is no clear guidance on what is a "recognised foreign court", an English court judgment has been ratified recently within the DIFC against the contract counterparty. In addition, Article 24(2) of the DIFC Court Law provides that where the UAE has entered into an applicable treaty for the mutual enforcement of judgments, orders or awards, the DIFC Court of First Instance will comply with the terms of such a treaty. Although the UAE has not yet entered into such a bilateral enforcement treaty with England, on 23 January 2013, the Chief Justice of the DIFC Courts and the Judge in Charge of the U.K. Commercial Court of the Queen's Bench Division, England and Wales (the "**Commercial Court**") entered into a Memorandum of Guidance (the "**Memorandum of Guidance**") setting out their understanding of the procedures for the enforcement of the DIFC Courts' money judgments in the Commercial Court and vice versa. The Memorandum of Guidance is expressed to have no binding legal effect and does not constitute a bilateral enforcement treaty or legislation (and therefore is not binding on the judges of either party and does not supersede any existing laws, judicial decisions or court rules) but it may provide useful insight into the position that is likely to be adopted by the DIFC Courts when enforcing monetary judgments issued by the Commercial Court. It remains to be seen how the DIFC Courts will in practice apply the Memorandum of Guidance.

However, the UAE is a signatory to the 1958 New York Convention on the Recognition and Enforcement of Foreign Arbitral Awards (the "**New York Convention**") and the DIFC Court of First Instance should therefore recognise a foreign arbitral award if it complies with the requirements of the New York Convention without re-examining the merits of the case. The DIFC Law No. 1 of 2008 (the "**Arbitration Law**") provides that an arbitral award, irrespective of the State or jurisdiction in which it was made, shall be recognised as binding within the DIFC and, upon application in writing to the DIFC Courts, shall be enforced. However, Article 44 of the Arbitration Law provides a number of grounds upon which the recognition or enforcement of an arbitral award may be refused by the DIFC Courts for procedural irregularities and fundamental failings in the arbitral process, including where the DIFC Courts finds that the subject-matter of the dispute would not have been capable of settlement by arbitration under the laws of the DIFC or the enforcement of the award would be contrary to the public policy of the UAE. How the New York Convention provisions would be interpreted and applied by the DIFC Courts in practice and whether the DIFC Courts will enforce a foreign arbitration award in accordance with the New York Convention (or any other multilateral or bilateral enforcement convention), remains largely untested.

Accordingly, the grounds upon which DIFC Courts may decline to enforce any judgment, order or award of the English courts or any awards by the LCIA, as the case may be, against the Issuer are still unclear. Further, some remedies available under the laws of England and Wales may not be upheld in the DIFC Courts on the basis that such remedies may amount to a penalty.

Risks relating to enforcement proceedings in the United Arab Emirates

Under the terms and conditions of the Notes, the courts of England have jurisdiction to settle disputes arising from the Notes. Where proceedings to enforce an English judgment in the UAE are contemplated, under current UAE law, the courts of the UAE are unlikely to enforce such a judgment without re-examining the merits of the claim. Investors should be aware that there could be practical difficulties in bringing enforcement proceedings against the Issuer in the UAE.

Floating Rate Notes - Reform of LIBOR and EURIBOR and other interest rate index and equity, commodity and foreign exchange rate index "benchmarks"

The London Inter-Bank Offered Rate ("**LIBOR**"), the Euro Interbank Offered Rate ("**EURIBOR**") and other indices which are deemed "benchmarks" are the subject of recent national, international and other regulatory guidance and reform. Some of these reforms are already effective whilst others are yet to apply. These reforms may cause such "benchmarks" to perform differently than in the past, or to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to a "benchmark". Taking the United Kingdom as an example, on 27 July 2017, the FCA announced that it will no longer persuade or compel banks to submit rates for the calculation of the LIBOR benchmark after 2021 (the "**FCA Announcement**"). The FCA Announcement indicates that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021.

Key international reforms of "benchmarks" include IOSCO's Principles for Financial Market Benchmarks (July 2013) (the "**IOSCO Benchmark Principles**") and the new European regulation on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (the "**Benchmarks Regulation**").

The IOSCO Benchmark Principles aim to create an overarching framework of principles for benchmarks to be used in financial markets, specifically covering governance and accountability as well as the quality and transparency of benchmark design and methodologies. The first review published by IOSCO in February 2015 of the status of the voluntary market adoption of the IOSCO Benchmark Principles noted that, as the benchmarks industry is in a state of change, further steps may need to be taken by IOSCO in the future, but that it is too early to determine what those steps should be. The first review noted that there has been a significant market reaction to the publication of the IOSCO Benchmark Principles, and widespread efforts being made to implement the IOSCO Benchmark Principles by the majority of administrators surveyed.

The Benchmarks Regulation entered into force on 30 June 2016 and the majority of its provisions apply from 1 January 2018. The Benchmarks Regulation applies to "administrators" of, "contributors" to, and "users" of "benchmarks" in the EU. Among other things, the Benchmarks Regulation: (i) requires EU benchmark administrators to be authorised or registered by a national regulator (unless an exemption applies); (ii) provides that in order to be used by supervised entities in the EU, a non-EU benchmark must be qualified for use in the EU under the third-country regime (through equivalence, recognition or endorsement) and comply with extensive requirements in relation to the administration of the non-EU benchmark; and (iii) bans the use by "supervised entities" of: (a) EU "benchmarks" whose administrators are not authorised or registered; and (b) non-EU "benchmarks" that are not qualified for use in the EU under the third-country regime. Although the Issuer is not a "supervised entity" for the purposes of the Benchmarks Regulation, the terms and conditions of Notes that are linked to a "benchmark" may incorporate consequences similar to those as if the Issuer were a "supervised entity".

The scope of the Benchmarks Regulation is wide and, in addition to so-called "critical benchmarks" such as EURIBOR, could also potentially apply to many other interest rate indices, as well as equity, commodity and foreign exchange rate indices and other indices (including "proprietary" indices or strategies) which are referenced in certain financial instruments (including securities or OTC derivatives traded on an EU regulated market, EU multilateral trading facility (MTF), EU organised trading facility (OTF) or via a "systematic internaliser"), certain financial contracts and investment funds. Different types and categories of "benchmark" are subject to more or less stringent requirements, and in particular a lighter touch regime may apply where a "benchmark" is not based on interest rates or commodities and the value of financial instruments, financial contracts or investment funds referring to a benchmark is less than €50bn, subject to further conditions.

The Benchmarks Regulation and/or any international, national or other reforms and/or the general increased regulatory scrutiny of "benchmarks" could have a material impact on any listed Notes linked to a "benchmark" index, including in any of the following circumstances:

- The costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements could increase, discouraging market participants from continuing to administer or participate in certain "benchmarks" and/or leading to the disappearance of certain "benchmarks". The disappearance of a "benchmark" (including, without limitation, the LIBOR benchmark) could result in such benchmark being deemed replaced (for the purposes of the Notes) with an alternative benchmark selected by the Issuer (or an Independent Advisor to the Issuer) or adjustment to the terms and conditions pursuant to Condition 4(d) (*Alternative Reference Rates*), including to the interest rate applicable to such Notes effectively becoming fixed at the rate last set in accordance with the Conditions.
- The administrator of a rate or index which is a "benchmark" may not obtain authorisation/registration or not be able to rely on one of the regimes available to non-EU benchmarks. In such event, depending on the particular "benchmark" and the applicable terms of the Notes, such benchmark may be deemed replaced (for the purposes of the Notes) with an alternative benchmark selected by the Issuer (or an Independent Advisor to the Issuer), the terms and conditions of the Notes might be adjusted pursuant to Condition 4(d) (*Alternative Reference Rates*), or depending on the terms and conditions of the affected Notes, the Notes may be de-listed, redeemed or terminated early, or otherwise impacted.
- The methodology or other terms of the "benchmark" could be changed in order to comply with the terms of the Benchmarks Regulation or other reforms, and such changes could have the effect of reducing or increasing the rate or level or affecting the volatility of the published rate or level and, depending on the particular "benchmark" and the applicable terms of the Notes, could lead to adjustments to the terms of the Notes, including Calculation Agent determination or determination by the Independent Advisor of the rate or level in its discretion.

Any of the above consequences could have a material adverse effect on the value of and return on any such Notes. In addition, if the terms and conditions of the Notes are adjusted pursuant to Condition 4(d) (*Alternative Reference Rates*) so as to provide for an Alternative Reference Rate, there can be no assurance that any applicable Margin will be adjusted for any difference between the Alternative Reference Rate and the original Reference Rate applicable to the Notes or that any adjustment made will correspond to the difference between the original Reference Rate and the Alternative Reference Rate when assessed at any particular date.

Modification, waiver and substitution

The Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Notes permit the substitution of an affiliate of the Issuer as principal debtor in respect of the Notes, subject to a guarantee of the Issuer.

Change of law

The Conditions of the Notes are based on English law in effect as at the date of this Information Memorandum. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Information Memorandum.

Value of Baskets

The value of a basket of Reference Asset(s) and/or Relevant Factors to which any Notes relate may be affected by the number of Reference Asset(s) or Relevant Factors included in such basket. Generally, the value of a basket that includes Reference Asset(s) from a number of companies or obligors or other components or which gives relatively equal weight to each Reference Asset will be less affected by changes in the value of any particular Reference Asset included therein than a basket that includes fewer Reference Asset(s) and/or Relevant Factors or that gives greater weight to some Reference Asset(s) and/or Relevant Factors. In addition, if the Reference Asset(s) and/or Relevant Factors included in a basket are all in or relate to a particular industry, the value of such a basket will be more affected by the economic, financial and other factors affecting that industry than if the Reference Asset(s) or Relevant Factors included in the basket relate to various industries that are affected by different economic, financial or other factors or are affected by such factors in different ways.

The volatility of the Reference Asset(s) or Relevant Factors

If the volatility of Reference Asset(s) or Relevant Factors increases, the trading value of a Note which relates to such Reference Asset or Relevant Factor is expected to increase; if the volatility decreases, the trading value of a Note is expected to decrease.

Fluctuations in the value of the Underlying

Fluctuations in the price, value and/or level of Reference Asset(s) and Relevant Factors will affect the value of Notes. Also, due to the character of the particular markets on which Reference Asset(s) may be traded, the absence of last sale information and the limited availability of quotations for such Reference Asset(s) may make it difficult for many investors to obtain timely, accurate data for the price or yield of such Reference Asset(s). Purchasers of Notes risk losing their entire investment if the value of the relevant underlying basis of reference does not move in the anticipated direction.

Capital risks relating to Notes

Save to the extent otherwise provided in the relevant Pricing Supplement, the repayment of any amount invested in Notes and any return on investment is variable and not guaranteed. The performance of the investment depends on the value of a Reference Asset throughout the term of the Notes. The value of the Reference Asset(s) can alter sharply because it reflects the performance of the constituent underlying assets which make up an index or the performance of individual underlying assets and general stock and other market conditions.

The main risks involved in capital-at-risk products are as follows:

- (i) the investors' capital can fall below the amount initially invested; and
- (ii) the rate of return on the capital that investors receive depends on specific conditions being met and it is possible that no return may be provided to investors. Professionals may not be able to accurately judge whether there will be a return.

Unlike a savings account or similar investment with a low return and little or no capital risk, Notes issued under the Programme may potentially have a greater return but there is a greater risk of loss of capital. An investor should take advice from an investment professional before purchasing such types of Notes.

Risks relating to Currency Linked-Notes

This section must be read in conjunction with the sections of this Information Memorandum entitled "*Risks relating to the Notes*" and "*Risks relating to the Notes generally*".

General - Investment in Notes which are linked to an emerging market currency or an exchange rate may entail significant risks which are not associated with a similar investment in a currency which is more familiar to prospective investors, such as U.S. dollars or euro (the "**Principal Currency**"). Currency-Linked Notes may be issued in relation to which no interest is payable. The redemption amount of the Notes payable at scheduled maturity is linked to changes in the exchange rates of one or more currencies specified in the Pricing Supplement (the "**Reference Currency**" or "**Reference Currencies**") against the Principal Currency during the period specified therein, and may be subject to a minimum redemption amount per Note.

Volatility of exchange rates - Exchange rates can be volatile and unpredictable. Investors should be aware of the possibility of significant changes in rates of exchange between the Reference Currency and the Principal Currency, such as a devaluation of the Reference Currency against the Principal Currency resulting in a decrease in the value

of interest payments and the principal payable on the Notes at maturity. As a consequence the market value of the Notes may also fall.

Emerging market risk - Because of the special risks associated with investing in emerging markets, Currency-Linked Notes which are linked to a Reference Currency of an emerging market should be considered speculative. Economies in emerging markets generally are heavily dependent upon international trade and, accordingly, may be affected adversely by trade barriers, foreign exchange controls (including taxes), managed adjustments in relative currency values and other protectionist measures imposed or negotiated by the countries with which they trade. These economies also may be affected adversely by their economic, financial, military and political conditions and the supply and demand for the Reference Currencies in the global markets.

Non-deliverability of the Reference Currency - Currency-Linked Notes which are payable in an emerging market currency may provide that, if the Reference Currency is not available at or about the time when a payment is due to be made under the Notes because of circumstances beyond the control of the Issuer, then the Issuer is entitled to make the payments in U.S. dollars or delay making the payment. These circumstances could include the imposition of exchange controls or a disruption in the currency market which prevents the Issuer from obtaining the Reference Currency.

Calculation Agent's discretion - Calculation of the interest payments and/or redemption amount at scheduled maturity, as appropriate, will be by reference to the screen rates specified therein or if any such rate is not displayed at the relevant time a rate determined by HSBC Bank plc as Calculation Agent in its sole and absolute discretion. The Notes may be redeemable prior to their scheduled maturity in certain circumstances at an amount determined by HSBC Bank plc as Calculation Agent which may be less than their nominal amount.

Risks relating to Interest Rate-Linked Notes

This section must be read in conjunction with the sections of this Information Memorandum entitled "*Risks relating to the Notes*" and "*Risks relating to the Notes generally*".

General - The redemption amount of the Notes payable at scheduled maturity and/or the amount of interest payable in relation to the Notes will be linked to changes in one or more interest rates specified in the Pricing Supplement during the period specified therein.

Volatility of interest rates - Interest rates can be volatile and unpredictable. Investors should be aware of the possibility of significant changes in interest rates resulting in a decrease in the value of interest payments and the principal payable on the Notes at maturity. As a consequence the market value of the Notes may also fall.

Interest income risk - (i) In relation to certain types of Interest Rate-Linked Notes including, without limitation, Range Accrual Notes (as defined below), interest only accrues on days on which the Interest Related Variable fixes within a predetermined range set out in the Pricing Supplement. If the Interest-Related Variable does not fix within such range on one or more days during the term of the Notes, then the return on the Notes may be lower than traditional fixed-rate securities, or even zero. Noteholders should note that no interest accrues on days when the Interest-Related Variable fixes outside of the range. (ii) Noteholders should also note that Interest Rate-Linked Notes may be subject to other criteria to determine the rate, if any, at which interest accrues on the Notes. For example, there may be different tiers of calculation whereby interest would only accrue for each day that the specified Interest-Related Variable remains (a) above the relevant trigger level, (b) within the range or (c) below the relevant trigger level, in each case as set out in the Pricing Supplement. Interest payable on the Notes would therefore be linked to the volatility of the Interest-Related Variable.

Interest Rate-Linked Notes may therefore not be suitable for investors who require regular income payments.

Risk of early termination (Knock-out risk) - (i) In relation to certain types of Interest Rate-Linked Notes including, without limitation Target Accrual Redemption Notes or Accumulator Notes, the Notes will be mandatorily redeemed prior to their maturity if the sum of the cumulative interest paid in relation to the Notes reaches the predetermined Lifetime Cap, as specified in the Pricing Supplement. Noteholders should note that there is increased uncertainty of the maturity date of the Note, which would be the earlier of the pre-specified maturity date or the interest payment date when the cumulative interest amount has reached its Lifetime Cap. If the Interest Related Variable performs poorly, Noteholders may receive little or no interest during the term of the Notes and then receive the balance of the Lifetime Cap at maturity. (ii) Certain types of Notes including, without limitation, Trigger Redemption Notes, may also be mandatorily redeemed early if a specified trigger is breached during a specified period or on a specified date.

Call risk - In relation to certain types of Interest Rate-Linked Notes, the Notes may be callable by the Issuer, but not the Noteholder, prior to maturity exposing Noteholders to reinvestment risk. Noteholders should note that a call option creates uncertainty for investors, as to whether the Notes will remain outstanding until maturity.

Calculation Agent's discretion - Calculation of the interest payments and/or redemption amount at scheduled maturity, as appropriate, will be by reference to the screen rates specified therein or if any such rate is not displayed at the relevant time a rate determined by HSBC Bank plc as Calculation Agent in its sole and absolute discretion. The Notes may be redeemable prior to their scheduled maturity in certain circumstances at an amount determined by HSBC Bank plc as Calculation Agent which may be less than their nominal amount.

Risks relating to Steepener Notes - Interest Rate-Linked Notes issued pursuant to the Programme may include Steepener Notes, which are Notes in respect of which the rate of interest applicable for some or all of the term of the Notes is determined by reference to the difference (or spread) between two swap rates specified in the relevant Pricing Supplement, which difference (or spread) may (if so specified in the relevant Pricing Supplement) then be multiplied by a factor (the leverage factor), subject to any minimum and/or maximum interest rates specified.

Fluctuations in interest rates and Steepener Notes - The market value of Steepener Notes will be affected by, among other things, the amount of interest payable in each interest period. Save for any interest period during the term of such Notes in respect of which interest is to be determined by reference to fixed rates of interest, the interest rate on Steepener Notes is obtained by taking the amount (if any) by which a designated swap rate (the "**First Swap Rate**") exceeds another designated swap rate (the "**Second Swap Rate**") and multiplying that amount by the factor (the leverage factor) (all as specified in the relevant Pricing Supplement), subject to any maximum and minimum rate of interest. Subject to any minimum and maximum rate of interest, as the difference between the First Swap Rate and the Second Swap Rate decreases the rate of interest payable will fall by the amount of that decrease

multiplied by the relevant leverage factor. In the event that the First Swap Rate does not exceed the Second Swap Rate on a date which is relevant to the calculation of interest for an interest period, the interest rate on the Notes for that period will equal zero or, if any minimum rate of interest has been specified in the relevant Pricing Supplement and applies, will equal that minimum rate of interest.

Risks relating to Credit-Linked Notes to which the "Additional Terms and Conditions relating to Credit-Linked Notes (2014 ISDA Credit Derivatives Definitions Version)" apply

This section must be read in conjunction with the sections of this Information Memorandum entitled "*Risks relating to the Notes*" and "*Risks relating to the Notes generally*".

General

The Issuer may issue Notes where the amount of principal and/or interest payable is dependent upon whether certain events ("**Credit Events**") have occurred in respect of one or more entities (together "**Reference Entities**" and each, a "**Reference Entity**") and, if so, on the value of certain specified assets of such Reference Entity(ies) or, where, if such events have occurred, the Issuer's obligation is to deliver certain specified assets upon redemption of the Notes. In this respect the Notes provide investors with a return linked to the credit of the Reference Entity or Reference Entities, as well as the credit risk of the Issuer in performing its obligations under the Notes, and will not provide protection of principal or a guarantee of interest.

Prospective investors in any such Notes should be aware that depending on the terms of the Credit Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest or delivery of any specified assets may occur at a different time than expected, (iii) they may lose all or a substantial portion of their investment and (iv) the amount payable or deliverable under the Notes may take into account the Issuer's costs in relation to the termination, liquidation, transfer, settlement or re-establishment of any Hedging Arrangements. It is the responsibility of investors to ensure that their accounting, regulatory and all other treatments of the Notes are consistent with the conditional nature of their entitlement to receive payments under the Notes.

The market price of such Notes may be volatile and will be affected by factors that interrelate in complex ways, including amongst other things, the Issuer's creditworthiness, the time remaining to the redemption date and the creditworthiness of the Reference Entity which in turn may be affected by the economic, financial and political events in one or more jurisdictions. It is important for investors to understand that the effect of one factor may offset the increase in the market price of the Notes caused by another factor, and that the effect of one factor may exacerbate the decrease in the market price of the Notes caused by another factor. For example, a drop in the creditworthiness of a Reference Entity may more than offset any increase in the Issuer's creditworthiness. The market price of the Notes may be zero.

Investors and prospective investors in Credit-Linked Notes should conduct their own investigations and, in deciding whether or not to purchase such Notes, prospective investors should form their own views of the merits of an investment linked to the credit risk of the reference entity or entities in question based upon such investigations and not in reliance on any information given in the relevant Pricing Supplement.

A credit deterioration or Credit Event in a reference entity may be strongly correlated with credit deterioration or Credit Events in several other related entities. As a result, the Notes may, over a relatively short period of time, experience substantial losses which reduce or eliminate their value.

Given the highly specialised nature of Credit-Linked Notes, the Issuer considers that they are only suitable for highly sophisticated investors who are willing to take considerable risks, who are able to determine for themselves the risk of an investment linked to the credit risk of the particular reference entity or entities and who can absorb a substantial or total loss of principal.

Consequently, investors who do not fall within the description above should not consider purchasing the Credit-Linked Notes without taking detailed advice from a specialised professional adviser.

The "Additional Terms and Conditions relating to Credit-Linked Notes (2014 ISDA Credit Derivatives Definitions Version)" section of this Information Memorandum contains Additional Terms and Conditions for Credit-Linked Notes with terms based on the 2014 ISDA Credit Derivatives Definitions (the "**2014 ISDA Definitions**").

Any references in this section to ISDA will include any other entity which succeeds to or is performing functions previously undertaken by ISDA in relation to Credit Derivatives Determinations Committees and references to Credit Derivatives Determinations Committees in relation to ISDA will include any successor thereto. The Calculation Agent may make such adjustments to the Credit Linked Conditions and the relevant Pricing Supplement as it determines appropriate to account for any other entity so succeeding to or performing functions previously undertaken by ISDA.

The Issuer's obligations in respect of Credit Linked Notes are irrespective of the existence or amount of the Issuer's and/or any affiliates' credit exposure to a Reference Entity and the Issuer and/or any affiliate need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

The holders of Credit Linked Notes will be exposed to the credit of one or more Reference Entities, which exposure shall be, unless otherwise stated in the relevant Pricing Supplement, to the full extent of their investment in such Notes. Upon the occurrence of any of the default events comprising a Credit Event with respect to any Reference Entity, the Noteholders may suffer significant losses at a time when losses may be suffered by a direct investor in obligations of such Reference Entity. However, the holding of a Note is unlikely to lead to outcomes which exactly reflect the impact of investing in an obligation of a Reference Entity, and losses could be considerably greater than would be suffered by a direct investor in the obligations of a Reference Entity and/or could arise for reasons unrelated to such Reference Entity. Noteholders should also note that a Credit Event may occur even if the obligations of a Reference Entity are unenforceable or their performance is prohibited by any applicable law or exchange controls.

The Calculation Agent may exercise its right to deliver a Credit Event Notice even if the relevant Credit Event is no longer continuing and Noteholders will have no right to compel the exercise of this right or to control the timing of a Credit Event Determination Date. Notwithstanding this, in most cases a Credit Event can only be triggered (whether by an ISDA Credit Derivatives Determinations Committee determination or the Calculation Agent) if the relevant event occurred within a 60 calendar day look-back period. These provisions mean that there is a time limit on the

ability to act on a Credit Event and that it is possible that the Notes could be affected by a Credit Event that took place prior to the Trade Date.

Not all of the Credit Events require an actual default with respect to the Reference Entity's obligations. Thus Noteholders may bear losses based on a deterioration in the credit of a Reference Entity short of default. Also, not all Credit Events are triggered by events which are easily ascertainable and disputes can and have arisen as to whether a specific event did or did not constitute a Credit Event. Under the terms of the Notes, subject to certain Credit Derivatives Determinations Committee determinations, the Calculation Agent's determination will be binding on the Issuer, the Trustee and Noteholders and may be different from the view of the Trustee, Noteholders, other financial institutions and/or commentators.

The Issuer may determine that certain terms of the Notes (for example the applicable Credit Events, Deliverable Obligations and Obligations) be those set in the Credit Derivatives Physical Settlement Matrix ("**Physical Settlement Matrix**") for the Transaction Type(s) specified in the Pricing Supplement for the Reference Entity(ies), rather than being specified in the Pricing Supplement. The Physical Settlement Matrix sets out a number of terms which, depending on the Transaction Type specified, will apply to standard credit derivatives transactions if incorporated into the documentation for those transactions and is published by ISDA on its website at www.isda.org (or any successor website thereto). If applicable to the Notes, the version of the Physical Settlement Matrix which will apply will be that dated the date specified in the relevant Pricing Supplement.

Redemption following a Credit Event

Where cash settlement or auction settlement applies, the occurrence of a Credit Event in relation to any Reference Entity from time to time may result in a redemption of the Notes in a reduced nominal amount or at zero, and interest bearing Credit Linked Notes may cease to bear interest on or prior to the date of occurrence of such circumstance. The value of obligations of the relevant Reference Entity which will affect the amount (if any) due on such redemption may substantially decrease in value during the period between the Credit Event and settlement of the Notes.

In such circumstances, where cash settlement applies and the amount (if any) due on redemption of the Notes is to be calculated by reference to the value of one or more Valuation Obligations of the relevant Reference Entity, the Issuer will select the relevant Valuation Obligations in its sole and absolute discretion irrespective of their market value or liquidity and will not be obliged to consider the interests of Noteholders or mitigate their losses.

Where physical settlement is intended to apply, unless the Issuer does not deliver a Notice of Physical Settlement following the occurrence of a Credit Event because it determines that it would not have any relevant assets to deliver or that all of the relevant assets would be impossible, illegal or impractical to deliver (in which case auction or cash settlement will apply as above), the occurrence of a Credit Event in relation to any Reference Entity from time to time may result in the redemption of the Notes by delivery of certain direct or indirect obligations of the affected Reference Entity and/or obligations received under certain transactions which may be entered into by the Issuer and/or its affiliates in connection with the Issuer's obligations under the Notes, which obligations are likely to have a market value which is substantially less than their par amount (and may substantially decrease in value during the period between the Credit Event and settlement of the Notes), and interest bearing Credit Linked Notes may cease to bear interest on or prior to the date of occurrence of such circumstance. Where the Notes provide for physical settlement and the Issuer delivers a Notice of Physical Settlement, the Calculation Agent may nonetheless determine that the specified assets to be delivered are either (a) assets which, for any reason (including, without limitation, failure of the relevant clearance system or due to any law, regulation, court order or market conditions or the non-receipt of any requisite consents with respect to the delivery of assets which are loans), are impossible, illegal or impractical to deliver on the specified settlement date, or (b) assets which the Issuer and/or any affiliate has not received under the terms of any transaction entered into by the Issuer and/or such affiliate in connection with the Issuer's obligations under the Notes. Any such determination may delay settlement in respect of the Notes (in the case of paragraph (b)) and/or cause the obligation to deliver such specified assets to be replaced by an obligation to pay a cash amount (if any) which, in either case, may affect the value of the Notes and, in the case of payment of a cash amount, will affect the timing of the valuation of such Notes and as a result, the amount of principal payable on redemption. In this respect investors should note that neither the Issuer nor its affiliates are under any obligation to acquire any assets for delivery under the Notes and if no such assets are held for these purposes the Notes will be redeemed by payment of a cash amount (if any). Prospective investors should review the "*Additional Terms and Conditions relating to Credit-Linked Notes (2014 ISDA Credit Derivatives Definitions Version)*" and the relevant Pricing Supplement to ascertain whether and how such provisions should apply to the Notes.

Investors in the Notes are accordingly exposed, as to both principal and (if applicable) interest, to the credit risk of the Reference Entity. The maximum loss to an investor in the Notes is 100 per cent. of their initial principal investment, together with (if applicable) any accrued interest amounts.

Credit Event Maturity Settlement Notes

Credit-Linked Notes in relation to which Credit Event Maturity Settlement is applicable will not, even following the occurrence of a Credit Event, redeem earlier than the Scheduled Maturity Date, notwithstanding that this may occur a significant time following the occurrence of the relevant Credit Event. Following the occurrence of a Credit Event investors may therefore not receive any interest on their investment for a substantial period of time and may miss the opportunity to invest the amount payable on redemption, that would otherwise have been received earlier, in other assets or investments.

A Credit Event may occur prior to the Trade Date

As mentioned above, holders of the Notes may suffer a loss of some or all of the principal amount of the Notes in respect of one or more Credit Events that occur prior to the Trade Date or the Issue Date. Neither the Calculation Agent nor the Issuer nor any of their respective affiliates has any responsibility to inform any Noteholder, or avoid or mitigate the effects of a Credit Event that has taken place prior to the Trade Date or the Issue Date.

Increased credit risk is associated with Basket Credit Linked Notes

Where the Notes are Basket Credit Linked Notes, the Notes may be subject to redemption in part as described above upon the occurrence of a Credit Event in relation to each Reference Entity in respect of which a Credit Event occurs, on the basis of the proportional weighting of each such Reference Entity in the basket. Additionally, if specified in the relevant Pricing Supplement, some Basket Credit Linked Notes may be subject to redemption in full upon the

occurrence of a Credit Event in relation to only one or some Reference Entities in the basket, notwithstanding that there are no Credit Events with respect to the non-affected Reference Entities in the same basket. The credit risk to Noteholders may further be increased as a result of the concentration of Reference Entities in a particular industry sector or geographic area or the exposure of the Reference Entities to similar financial or other risks.

Investors' exposure to the credit performance of the Reference Entities may not correspond to actual market recovery on such Reference Entities.

Interest and principal repayments on the Notes may be calculated by reference to the Adjusted Credit Outstanding Nominal Amount. As at the Issue Date the Adjusted Credit Outstanding Nominal Amount is an amount equal to the Aggregate Principal Amount. If a Credit Event occurs in respect of a Reference Entity, then the Adjusted Credit Outstanding Nominal Amount will be reduced by (i) an amount equal to a predefined portion of the Aggregate Principal Amount (reflecting the Notes' exposure to such Reference Entity) and, if "Unwind Costs" are specified as applicable in the relevant Pricing Supplement, (ii) if hedging costs arising in relation to the Issuer's and/or any of its affiliates' hedging arrangements in connection with the partial or full redemption of such Basket Credit Linked Notes exceed the relevant Recovery Value (if auction settlement or cash settlement applies) or the market value of the relevant Initial Deliverable Obligations (if physical settlement applies), such excess. Therefore investors' exposure to each Reference Entity may exceed the exposure that they might incur in respect of having entered into a standard single name credit default swap as protection seller in respect of each Reference Entity and investors may lose the entire principal amount invested.

Successors

A Reference Entity may be replaced as Reference Entity by one or more Successor(s). For these purposes the relevant Succession Date must occur within a 90 calendar day look-back period, other than in the case of a universal succession, where the Succession Date must have occurred on or after 1 January 2014. These provisions mean that there is a time limit on the ability to act on a succession and that it is possible that the Notes could be affected by a succession that took place prior to the Trade Date.

The Calculation Agent may, if it determines appropriate, select an alternative Transaction Type for any Successor to a Reference Entity and adjust such of the Conditions, the Credit Linked Conditions and/or the relevant Pricing Supplement as it determines appropriate to reflect such new Transaction Type and determine the effective date of any such change and adjustment.

In addition, where more than one Successor to a Reference Entity has been identified the Calculation Agent shall adjust such of Conditions, the Credit Linked Conditions and/or the relevant Pricing Supplement as it shall determine to be appropriate (including, without limitation, the relevant Reference Entity Notional Amount and (if applicable) the relevant Transaction Type) to reflect that the relevant Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment.

Maturity Date extension, interest postponement and settlement suspension

Investors should note that the maturity of the Notes may be extended beyond the Scheduled Maturity Date in circumstances where a Credit Event may have occurred in relation to a Reference Entity or a Potential Credit Event has or may have occurred in relation to a Reference Entity. As a result repayment to the Noteholders may be delayed for a significant period of time even in circumstances where it transpires no Credit Event has occurred. In addition, the maturity of the Notes may be extended and ongoing interest payments may be delayed if there is a pending Credit Derivatives Determinations Committee decision at the relevant time.

The Credit Linked Conditions also provide that if, following the determination of a Credit Event Determination Date but prior to a cut-off date, there is a DC Credit Event Meeting Announcement, the Calculation Agent may at its option determine that the applicable timing requirements of the Credit Linked Conditions and the definitions of Credit Event Redemption Date, Credit Event Payment Date, Valuation Date, Maturity Date, Physical Settlement Period and PSN Cut-off Date and any other Credit Linked Condition as determined by the Calculation Agent, shall toll and be suspended and remain suspended (such period of suspension, a "**Suspension Period**") until the date of the relevant DC Credit Event Announcement or DC Credit Event Question Dismissal (with no action being taken in connection with the settlement of the Notes during such Suspension Period). At that point, the relevant timing requirements of the Credit Linked Conditions that have previously tolled or been suspended shall resume on the Business Day following such public announcement by the DC Secretary.

In the event of any such Suspension Period, the Calculation Agent may make (i) such consequential or other adjustment(s) or determination(s) to or in relation to the Credit Linked Conditions as may be desirable or required either during or following any relevant Suspension Period to account for or reflect such suspension and (ii) determine the effective date of such adjustment(s) or determination(s). In the case of interest bearing Credit Linked Notes:

- (a) if a Suspension Period falls in any one or more Interest Period(s), then no interest shall accrue during each portion of an Interest Period during which a Suspension Period exists; and
- (b) if an Interest Payment Date falls in a Suspension Period, payment of the relevant interest will be deferred until after the end of the Suspension Period.

Amendment of Credit Linked Conditions in accordance with market convention

The Calculation Agent may from time to time amend any provision of the Credit Linked Conditions (i) to incorporate and/or reflect further or alternative documents or protocols from time to time published by ISDA with respect to the settlement of credit derivative transactions and/or the operation or application of determinations by the ISDA Credit Derivatives Determinations Committees, including without limitation, in relation to settlement, credit events and successors, and/or (ii) in any manner which the Calculation Agent determines in a commercially reasonable manner is necessary or desirable to reflect or account for market practice for credit derivative transactions and/or reflect hedging arrangements of the Issuer.

ISDA Credit Derivatives Definitions

Whilst there are many similarities between the terms used in this Information Memorandum (in particular, in the "Additional Terms and Conditions relating to Credit-Linked Notes (2014 ISDA Credit Derivatives Definitions

Version")) and the terms used in the 2014 ISDA Definitions, there are many substantial differences and a prospective investor should understand that the complete terms and conditions of the Notes are as set out in the relevant sections of this Information Memorandum and the relevant Pricing Supplement and that the 2014 ISDA Definitions are not incorporated by reference herein. Consequently, investing in Credit Linked Notes is not necessarily equivalent to investing a credit default swap that incorporates the 2014 ISDA Definitions.

While ISDA has published and, where appropriate, supplemented the 2014 ISDA Definitions in order to facilitate transactions and promote uniformity in the credit derivatives market, the credit derivatives market has evolved over time and is expected to continue to change. Consequently, the 2014 ISDA Definitions and the terms applied to credit derivatives generally, including Credit Linked Notes are subject to further evolution. Past events have shown that the view of market participants may differ as to how sets of ISDA Definitions operate or should operate. As a result of the continued evolution of the market, the Credit Linked Notes may not conform to future market standards. Such a result may have a negative impact on the Credit Linked Notes and there can be no assurances that changes to the terms applicable to credit derivatives generally will be predictable or favourable to the Issuer or the Noteholders.

Risks relating to Auction Settlement of Credit Linked Notes

Where an Auction Final Price Determination Date occurs in respect of Credit Linked Notes, the Auction Final Price will be determined according to an auction procedure set out in the applicable Transaction Auction Settlement Terms, a form of which will be published by ISDA on its website at www.isda.org (or any successor website thereto) from time to time and may be amended from time to time. The Auction Final Price determined pursuant to an auction may be less than the market value that would otherwise have been determined in respect of the relevant Reference Obligation.

The Issuer and the Noteholders may have little or no influence in outcome of any such auction. However, there is a possibility that the Issuer or the Calculation Agent (or one of their affiliates) would act as a participating bidder in any such auction. In such capacity, it may take certain actions which may influence the Auction Final Price including (without limitation): (a) providing rates of conversion to determine the applicable currency conversion rates to be used to convert any obligations which are not denominated in the auction currency into such currency for the purposes of the auction; and (b) submitting bids, offers and physical settlement requests with respect to the relevant Deliverable Obligations. In deciding whether to take any such action (or whether to act as a participating bidder in any auction), neither the Issuer nor the Calculation Agent (or any of their affiliates) shall be under any obligation to consider the interests of any Noteholder.

No representation by Issuer, Calculation Agent and affiliates

None of the Issuer, the Calculation Agent nor any of their respective affiliates makes any representation whatsoever with respect to any Reference Entity, Reference Obligation(s) or other underlying obligation(s).

Dealings by Issuer, Calculation Agent and affiliates

The Issuer, the Calculation Agent and any of their respective affiliates may deal in Reference Obligation(s) or other underlying obligation(s) of any Reference Entity and may accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business with, any Reference Entity, any affiliate of any Reference Entity, and/or any other person or entity having obligations relating to any Reference Entity and may act with respect to such business in the same manner as each of them would if the Notes had not been issued, regardless of whether any such action might have an adverse effect on any Reference Entity, Reference Obligation(s) or other underlying obligation(s) or the Noteholders or otherwise (including, without limitation, any action which might constitute or give rise to a Credit Event).

No disclosure of information

The Issuer, the Calculation Agent and any of their respective affiliates may, whether by virtue of the types of relationships described herein or otherwise, on the issue date of any Notes or at any time thereafter, be in possession of information in relation to any Reference Entity, Reference Obligation(s) or other underlying obligation(s) thereof that is or may be material in the context of the issue of Notes and that may or may not be publicly available or known to Noteholders. There is no obligation on the part of the Issuer, the Calculation Agent or any such affiliates to disclose to the Noteholders any such relationship or information (whether or not confidential).

Potential conflicts of interest

HSBC Bank Middle East Limited as Issuer and HSBC Bank plc as Calculation Agent will be entitled to make certain determinations and actions and exercise certain discretions under the Credit Linked Conditions including (*inter alia*) as to whether an event constituting a Credit Event has occurred. HSBC Bank Middle East Limited or HSBC Bank plc may also be a Quotation Dealer from which the Calculation Agent may request quotations for the purposes of determining the price of the Valuation Obligation(s) of a Reference Entity following the occurrence of a Credit Event, which may affect the level of any cash amount payable under the Notes in relation to such Credit Event. As a result, potential conflicts of interest may exist between HSBC Bank Middle East Limited and the Noteholders and HSBC Bank plc and the Noteholders respectively. In their capacities as Issuer and Calculation Agent respectively, neither HSBC Bank Middle East Limited nor HSBC Bank plc acts as fiduciary for or as an adviser to any of the Noteholders in respect of any such or otherwise.

No post-issuance information

The Issuer will not provide investors with any post-issuance information regarding any Reference Entity, Reference Obligation(s) or other underlying obligation(s). In addition, prospective investors should understand that historical performance of a Reference Entity, Reference Obligation or other underlying obligation should not be viewed as predictive of future results.

Currency risk

Exchange rates can be volatile and unpredictable. Investors should be aware of the possibility of significant changes in rates of exchange between (i) the Specified Currency, (ii) the currency of any relevant underlying obligation(s) of a Reference Entity and (iii) the relevant local currency of the investor's domicile.

Risks relating to Equity-Linked Notes, Cash Equity Notes and Index-Linked Notes

This section must be read in conjunction with the sections of this Information Memorandum entitled "*Risks relating to the Notes*" and "*Risks relating to the Notes generally*".

General - An investment in Equity-Linked Notes, Cash Equity Notes or Index-Linked Notes is speculative and entails substantial risks. Equity-Linked Notes, Cash Equity Notes and Index-Linked Notes are only intended for investors who have the necessary experience and knowledge in order to understand the risks involved in relation to the Notes. Prospective Noteholders should understand that in some instances they could suffer a partial or complete loss of their investment subject, if applicable, to any minimum redemption amount specified in the relevant Pricing Supplement. Any investment return on a Note determined by reference to changes in the value of the Reference Asset(s) described in the Pricing Supplement is subject to fluctuation and may be less than would be received by investing in a conventional debt instrument. Changes in value of the Reference Asset(s) cannot be predicted. If so provided in the relevant Pricing Supplement, the Notes may be subject to early redemption by reference to changes in value of the Reference Asset(s). On redemption, Equity-Linked Notes, Cash Equity Notes and Index-Linked Notes may be redeemed in such manner as the Pricing Supplement provides or, in certain circumstances, may be exchanged for other securities. If Equity-Linked Notes, Cash Equity Notes or Index-Linked Notes are redeemed prior to maturity the value may be less than the nominal amount.

Information - No investigation has been made of the financial condition or creditworthiness of any issuer of any Reference Asset(s) in connection with the issue of any Equity-Linked Notes, Cash Equity Notes or Index-Linked Notes. Prospective investors in the Notes should obtain and evaluate the same information concerning the Reference Asset(s) and each such issuer as they would if they were investing directly in the securities underlying the Reference Asset(s). In addition, prospective investors should understand that the historical performance of the Reference Asset(s) should not be viewed as predictive of future results.

Certain factors affecting value of Notes - The value of Equity-Linked Notes, Cash Equity Notes or Index-Linked Notes prior to maturity is expected to depend on a number of factors including the performance achieved by the Reference Asset(s) until that time, interest rates, volatility and time to maturity. The price at which a holder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the principal balance thereof, based upon one or more of the factors described below. The factors that will affect the trading value of the Notes interrelate in complex ways (for example, one factor may offset an increase in the trading value of the Notes caused by another factor). Factors that may be expected to impact the value of the Notes, assuming other conditions remain constant, include:

Reference Asset value. The value of the Notes will depend substantially on the value of the Reference Asset as such value is taken into account in determining, as the case may be, any amount of interest, the redemption amount, whether the Notes will be redeemed prior to scheduled maturity and/or in cash or by delivery of the Reference Asset. Fluctuations in the value of the Reference Asset may affect the value of the Notes as may expectations of fluctuation in value during the remaining period to the Maturity Date or any earlier date for determining any price or value for the purposes of determination the basis for redemption of the Notes. Political, economic and other developments that affect the Reference Asset may also affect the value of the Reference Asset.

Interest rates. The value of the Notes may be affected by changes in interest rates. Rising interest rates may lower the value of the Reference Asset, and thus, the value of the Notes while falling interest rates may increase the value of the Reference Asset and thus, the value of the Notes. Changes in interest rates may also affect the economy of a country in which the Reference Asset is traded, and which (for the reasons discussed above) would affect the value of the Notes.

Volatility of the Reference Asset. If the size and frequency of market fluctuations in value of the Reference Asset increase or decrease, the trading value of the Notes may be adversely affected.

Time remaining to maturity. The Notes may trade at a value above that which would be expected based on the level of interest rates and the value of the Reference Asset. Any such difference will reflect a "time premium" resulting from expectations concerning the Reference Asset during the period prior to the stated maturity of the Notes. As the time remaining to the stated maturity of the Notes decreases, this time premium may decrease, adversely affecting the value of the Notes.

Hedging - Prospective investors intending to acquire Equity-Linked Notes, Cash Equity Notes or Index-Linked Notes to hedge against the market risk associated with investing in any securities or indices should recognise the complexities of utilising Notes in this manner. For instance, due to fluctuating supply and demand for the Notes, there is no assurance that their value will correlate with fluctuations in value of the Reference Asset(s).

No ownership rights - An investment in the Notes is not the same as an investment in the Reference Asset(s) and does not (prior to settlement of any exchange of Notes for the Reference Asset, where applicable) confer any legal or beneficial interest in the Reference Asset(s) or any voting rights, rights to receive dividends or other rights that a holder of the Reference Asset(s) would have. The Notes are unsubordinated and unsecured obligations of the Issuer.

Actions or omissions of the issuer of the securities, the sponsor of an index or other - In certain circumstances, the actions or omissions of the issuer of securities to which the Notes relate or for which the Notes are exchangeable, the sponsor of an index to which Notes are linked or others outside the control of the Issuer, may adversely affect the rights of the Noteholders and/or the value of the Notes, including actions that may give rise to an adjustment to, or early redemption of, the Notes.

Hedging activities of the Issuer and affiliates - The Issuer or its affiliates may carry out hedging activities related to the Notes, including purchasing the Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index), but will not be obliged to do so. Certain of the Issuer's affiliates may also purchase and sell the Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index) on a regular basis as part of their securities businesses. Any of these activities could potentially affect the value of the Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index) and, accordingly, the value of the Notes.

Redemption for tax reasons - The Issuer may redeem the Notes in whole if the Issuer would be required to pay certain tax gross up payments in respect of the Notes. The amount payable by the Issuer on such redemption will be an amount determined by the Issuer in its sole and absolute discretion and calculated in accordance with the formula or other means specified in the relevant Pricing Supplement which may be less than amounts invested in the Notes.

Noteholders may not benefit from any appreciation in value of the Reference Asset(s) that may occur following such redemption.

Risks relating to Notes denominated in Renminbi

Notes denominated and/or settled in Renminbi ("**Renminbi Notes**") outside the PRC may be issued. Set out below is a description of some of the risks that should be taken into consideration by investors in such Notes.

Renminbi is not freely convertible and there are significant restrictions on the remittance of Renminbi into and out of the PRC which may adversely affect the liquidity of the Notes

Renminbi is not freely convertible at present. The government of the PRC (the "**PRC Government**") continues to regulate conversion between Renminbi and foreign currencies including the Hong Kong Dollar. However, there has been significant reduction in control by the PRC Government in recent years, particularly over trade transactions involving import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items.

On the other hand, remittance of Renminbi into and out of the PRC for the settlement of capital account items, such as capital contributions, debt financing and securities investment, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities on a case-by-case basis and is subject to a strict monitoring system. Regulations in and out of the PRC on the remittance of Renminbi into the PRC for settlement of capital account items are being developed.

Although Renminbi was added to the Special Drawing Rights basket created by the International Monetary Fund in 2016 and policies further improving accessibility to Renminbi to settle cross-border transactions were implemented by the People's Bank of China ("**PBoC**") in 2018, there is no assurance that the PRC Government will continue to gradually liberalise control over cross-border remittance of Renminbi in the future, that the schemes for Renminbi cross-border utilisation will not be discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or out of the PRC. Despite Renminbi internationalisation programme and efforts in recent years to internationalise the currency, there can be no assurance that the PRC Government will not impose interim or long-term restrictions on the cross-border remittance of Renminbi. In the event that funds cannot be repatriated out of the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the Issuer to source Renminbi to finance its obligations under Renminbi Notes.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of the Notes and the Issuer's ability to source Renminbi outside the PRC to service Notes

As a result of the restrictions by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited.

While the PBoC has entered into agreements (the "**Settlement Arrangements**") on the clearing of Renminbi business with financial institutions (the "**Renminbi Clearing Banks**") in a number of financial centres and cities, including but not limited to Hong Kong, has established the Cross-Border Inter-Bank Payments System (CIPS) to facilitate cross-border Renminbi settlement and is further in the process of establishing Renminbi clearing and settlement mechanisms in several other jurisdictions, the current size of Renminbi denominated financial assets outside the PRC is limited.

There are restrictions imposed by PBoC on Renminbi business participating banks in respect of cross-border Renminbi settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, Renminbi business participating banks do not have direct Renminbi liquidity support from PBoC, although PBoC has gradually allowed participating banks to access the PRC's onshore inter-bank market for the purchase and sale of Renminbi. The Renminbi Clearing Banks only have access to onshore liquidity support from PBoC for the purpose of squaring open positions of participating banks for limited types of transactions and are not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In cases where the participating banks cannot source sufficient Renminbi through the above channels, they will need to source Renminbi from outside the PRC to square such open positions.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Arrangements will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of the Notes. To the extent the Issuer is required to source Renminbi in the offshore market to service its Notes, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all.

Investment in the Renminbi Notes is subject to interest rate risks

The PRC Government has gradually liberalised its regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. In addition, the interest rate for Renminbi in markets outside the PRC may significantly deviate from the interest rate for Renminbi in the PRC as a result of foreign exchange controls imposed by PRC law and regulations and prevailing market conditions.

As Renminbi Notes may carry a fixed interest rate, the trading price of the Renminbi Notes will consequently vary with the fluctuations in the Renminbi interest rates. If holders of the Renminbi Notes propose to sell their Renminbi Notes before their maturity, they may receive an offer lower than the amount they have invested.

Investment in the Renminbi Notes is subject to exchange rate risks

The value of Renminbi against other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions as well as many other factors. Recently, the PBoC implemented changes to the way it calculates the Renminbi's daily mid-point against the U.S. dollar to take into account market-maker quotes before announcing such daily mid-point. This change, and others that may be implemented, may increase the volatility in the value of the Renminbi against foreign currencies. All payments of interest and principal will be made in Renminbi with respect to Renminbi Notes unless otherwise specified. As a result, the value of these Renminbi payments may vary with the changes in the prevailing exchange rates in the

marketplace. If the value of Renminbi depreciates against another foreign currency, the value of the investment made by a holder of the Renminbi Notes in that foreign currency will decline.

Investment in the Renminbi Notes is subject to currency risk

If the Issuer is not able, or it is impracticable for it, to satisfy its obligation to pay any amounts as a result of Inconvertibility, Non transferability or Illiquidity (each, as defined in the Conditions), the Issuer shall be entitled, on giving not less than five or more than 30 calendar days' irrevocable notice to the investors prior to the due date for payment, to settle any such payment in U.S. dollars or another currency on the due date at the US Dollar Equivalent (as defined in the Conditions) of any such amounts. In this case, the risk factors in the section entitled "*Risks relating to the Notes - Exchange rate risks and exchange controls*" would apply as if U.S. dollars were the Specified Currency.

Payments with respect to Renminbi Notes may be made only in the manner designated in Renminbi Notes

All Renminbi payments to investors in respect of Renminbi Notes will be made solely (i) for so long as Renminbi Notes are represented by global notes or global registered notes held with the common depositary or common safekeeper, as the case may be, for Euroclear and Clearstream, Luxembourg, or any alternative clearing system, by transfer to a Renminbi bank account maintained in Hong Kong, or (ii) for so long as Renminbi Notes are in definitive form, by transfer to a Renminbi bank account maintained in Hong Kong in accordance with prevailing rules and regulations. Other than described in the Conditions, the Issuer cannot be required to make payment by any other means (including in any other currency or in bank instruments, by cheque or draft or by transfer to a bank account in the PRC).

There may be PRC tax consequences with respect to investment in Renminbi Notes

In considering whether to invest in Renminbi Notes, investors should consult their individual tax advisers with regard to the application of PRC tax laws to their particular situations as well as any tax consequences arising under the laws of any other tax jurisdictions. The value of the Noteholder's investment in Renminbi Notes may be materially and adversely affected if the Noteholder is required to pay PRC tax with respect to acquiring, holding or disposing of and receiving payments under those Renminbi Notes.

Remittance of proceeds in Renminbi into or out of the PRC

In the event that the Issuer decides to remit some or all of the proceeds into the PRC in Renminbi, its ability to do so will be subject to obtaining all necessary approvals from, and/or registration or filing with, the relevant PRC government authorities. However, there is no assurance that the necessary approvals from, and/or registration or filing with, the relevant PRC government authorities will be obtained at all or, if obtained, they will not be revoked or amended in the future. There is no assurance that the PRC Government will continue to gradually liberalise the control over cross-border Renminbi remittances in the future, that the PRC Government will not impose any interim or long-term restrictions on capital inflow or outflow which may restrict cross-border Renminbi remittances, that the pilot schemes introduced will not be discontinued or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC. In the event that the Issuer does remit some or all of the proceeds into the PRC in Renminbi and the Issuer subsequently is not able to repatriate funds out of the PRC in Renminbi, it will need to source Renminbi outside the PRC to finance its obligations under Renminbi Notes, and its ability to do so will be subject to the overall availability of Renminbi outside the PRC.

To the extent permitted by law and subject to the provisions of the fourth paragraph of Condition 14(a) (*Notices*), while the Notes of any Series are represented by a Note or Notes in global form, the Issuer, the Principal Paying Agent, the CMU Lodging and Paying Agent (as the case may be), any other Paying Agents, the Transfer Agents, the Calculation Agent and the relevant Registrar may deem and treat the Holder of any Bearer Note or of any Coupon and the Holder of any Registered Note (and, if more than one, the first named thereof) as the absolute owner thereof (whether or not such Note shall be overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for the purpose of receiving payment on account thereof and for all other purposes.

(h) **Transfer of Registered Notes**

Subject as provided in the final sentence of this Condition 1(h), a Registered Note may, upon the terms and subject to the conditions set forth in the Agency Agreement, be transferred in whole or in part only (**provided that** each of such part transferred and the balance not transferred is, or is an integral multiple of, the minimum denomination specified in the relevant Pricing Supplement) upon the surrender of the Registered Note to be transferred, together with the form of transfer (including, without limitation, any certification as to compliance with restrictions on transfer included in such form of transfer) endorsed on it duly completed and executed, at the specified office of the relevant Registrar or any of the Transfer Agents together with such evidence as such Registrar, or as the case may be, such Transfer Agent may reasonably require to prove the title of the transferor and the authority of the persons who have executed the form of transfer. A new Registered Note will be issued to the transferee and, in the case of a transfer of part only of a Registered Note, a new Registered Note in respect of the balance not transferred will be issued to the transferor. No Holder may require the transfer of a Registered Note to be registered during the period of 15 calendar days ending on the due date for any payment (whether of principal, redemption amount, interest or otherwise) in respect of such Note.

(i) **Delivery**

Each new Registered Note to be issued upon the transfer of a Registered Note will, within five Relevant Banking Days (as defined in Condition 19 (*Definitions*)) of the Transfer Date (as defined in Condition 19 (*Definitions*)), be available for delivery at the specified office of the relevant Registrar or, as the case may be, the relevant Transfer Agent or (at the request and risk of the

Holder of such Registered Note) be mailed by uninsured post to such address as may be specified by such Holder. For these purposes, a form of transfer received by the relevant Registrar or any of the Transfer Agents after the Record Date (as defined in Condition 8(b) (*Payments*)) in respect of any payment due in respect of Registered Notes shall be deemed not to be effectively received by such Registrar or such Transfer Agent until the day following the due date for such payment.

(j) **No charge**

The issue of new Registered Notes on transfer will be effected without charge to the Holder or the transferee by or on behalf of the Issuer, the relevant Registrar or the relevant Transfer Agent, but upon payment by the applicant of (or the giving by the applicant of such indemnity as the relevant Registrar or, as the case may be, the relevant Transfer Agent may require in respect of) any tax or other duty of whatsoever nature which may be levied or imposed in connection with such transfers or exchanges.

(k) **Regulations concerning transfer and registration of Registered Notes**

All transfers of Registered Notes and entries on the Register will be made subject to the detailed regulations (the "**Regulations**") concerning exchange and transfer of Registered Notes scheduled to the Agency Agreement. The Regulations may be amended, supplemented or replaced by the Issuer with the prior written approval of the relevant Registrar but without the consent of the Holders of any Notes. A copy of the current Regulations are available for inspection during usual business hours at the specified office of the relevant Registrar and the Transfer Agents.

(l) **No Exchange**

Registered Notes may not be exchanged for Bearer Notes and Bearer Notes may not be exchanged for Registered Notes.

2. **STATUS AND SUBORDINATION**

The Notes of each Series (other than Subordinated Notes) constitute direct, unsecured and unsubordinated obligations of the Issuer, ranking *pari passu* without any preference among themselves and, at their date of issue, ranking *pari passu* with all other unsecured and unsubordinated obligations of the Issuer other than any such obligations preferred by law.

The Notes of each Series of Subordinated Notes constitute direct, unsecured and subordinated obligations of the Issuer ranking *pari passu* without any preference among themselves. The rights of Holders of Subordinated Notes will, in the event of the winding up of the Issuer, be subordinated in right of payment to the claims of depositors and all other creditors of the Issuer other than claimants in respect of Subordinated Indebtedness (as defined in the Trust Deed) in the manner provided in the Trust Deed.

Claims in respect of any Notes or Coupons may not be set off, or be the subject of a counterclaim, by the Holder against or in respect of any obligations of his to the Issuer, the Trustee or any other person, and every Holder waives, and shall be treated for all purposes as if he had waived, any right that he might otherwise have to set off, or to raise by way of counterclaim any claim of his in respect of any Notes or Coupons, against or in respect of any obligations of his to the Issuer, the Trustee or any other person. If, notwithstanding the preceding sentence, any Holder receives or recovers any sum or asset or the benefit of any sum or asset in respect of any Note or Coupon by virtue of any such set off or counterclaim, he shall hold the same on trust for the Issuer and shall pay the amount thereof to the Issuer or, in the event of the winding up of the Issuer, to the liquidator of the Issuer.

3. **INTEREST ON FIXED RATE NOTES**

(a) **Application**

This Condition 3 is applicable to the Notes only if the Fixed Rate Note provisions are specified in the relevant Pricing Supplement as being applicable.

(b) **Accrual of interest**

Fixed Rate Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 8 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless payment of the redemption amount and/or delivery of all assets deliverable is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 3 (as well after as before judgment) until whichever is the earlier of: (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and/or all assets in respect of such Note have been delivered; and (ii) the day which is seven days after the day the Principal Paying Agent or the Trustee has notified the Noteholders that it or (as applicable) any agent appointed by the Issuer to deliver the relevant assets to the Noteholders has received all sums and/or all assets due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment and/or delivery, in which case the Notes will continue to bear interest as aforesaid).

(c) **Fixed Coupon Amount**

The amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Notes are in more than one denomination (as specified in the relevant Pricing Supplement), shall be the relevant Fixed Coupon Amount in respect of the relevant denomination.

(d) **Calculation of interest amount**

The amount of interest payable in respect of each Note for any period for which a Fixed Coupon Amount is not specified shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure

to the nearest sub-unit of the Specified Currency (as defined in Condition 19 (*Definitions*)) (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the principal outstanding amount of such Note (as specified in the relevant Pricing Supplement) divided by the Calculation Amount. For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

4. INTEREST ON FLOATING RATE NOTES

(a) Application

This Condition 4 is applicable to the Notes only if the Floating Rate Note provisions, the Index-Linked Interest Note provisions or other variable-linked interest Note provisions are specified in the relevant Pricing Supplement as being applicable.

(b) Accrual of interest

Floating Rate Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 8 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless payment of the redemption amount and/or delivery of all assets deliverable is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 4 (as well after as before judgment) until whichever is the earlier of: (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and/or all assets in respect of such Note have been delivered; and (ii) the day which is seven days after the day the Principal Paying Agent or the Trustee has notified the Noteholders that it or (as applicable) any agent appointed by the Issuer to deliver the relevant assets to the Noteholders has received all sums and/or all assets due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment and/or delivery, in which case the Notes will continue to bear interest as aforesaid).

(c) Screen Rate Determination

If Screen Rate Determination is specified in the relevant Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis:

- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (ii) if Linear Interpolation is specified as applicable in respect of an Interest Period or generally in relation to the Notes in the relevant Pricing Supplement, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates for the relevant Reference Rate which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date, where:
 - (A) one such rate shall be determined as if the Relevant Period were the period of time for which rates for the relevant Reference Rate are available next shorter than the length of the relevant Interest Period; and
 - (B) the other such rate shall be determined as if the Relevant Period were the period of time for which rates for the relevant Reference Rate are available next longer than the length of the relevant Interest Period,

provided, however, that if no such rate is available for a period of time next shorter or, as the case may be, next longer than the length of the relevant Interest Period, then the Calculation Agent, acting in a commercially reasonable manner, shall determine such rate for the relevant Reference Rate at such time and by reference to such sources as it determines appropriate;
- (iii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (iv) if a Screen Rate Fallback Trigger has occurred, then:
 - (A) if ISDA Determination for Fallback provisions is specified in the relevant Pricing Supplement as being applicable, the Calculation Agent will determine the relevant Floating Rate for the relevant Interest Determination Date in accordance with Condition 4(e) (*ISDA Determination*) on the basis of the Floating Rate Option, Designated Maturity and Reset Date specified in the relevant Pricing Supplement; and
 - (B) in all other cases where ISDA Determination for Fallback provisions is not specified in the relevant Pricing Supplement as being applicable, the Calculation Agent will:
 - (1) request the Relevant Financial Centre office of each of the Reference Banks to provide a quotation at approximately the Relevant Time on the Interest Determination Date of the rate offered by it to prime banks in the Relevant Financial Centre interbank market for a period equal to the Relevant Period and in an amount that is representative for a single transaction in that market at that time; and

- (2) determine the arithmetic mean (rounded, if necessary, to the nearest four decimal places, with 0.00005 being rounded upwards) of such quotations; and
- (3) if fewer than the Relevant Number of Quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates quoted by major banks in the Relevant Financial Centre of the Specified Currency, selected by the Calculation Agent, at approximately the Relevant Time in the Relevant Financial Centre of the Specified Currency on the first day of the relevant Interest Period for loans in the Specified Currency to Leading Banks for a period equal to the Relevant Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; **provided, however, that** if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate determined by the Calculation Agent at such time and by reference to such sources as it determines appropriate.

(d) **Alternative Reference Rates**

If Alternative Reference Rates is specified as applicable in the relevant Pricing Supplement and notwithstanding the provisions of Condition 4(c) (*Screen Rate Determination*), if the Issuer (in consultation with the Calculation Agent) determines that the Reference Rate specified in the relevant Pricing Supplement has ceased to be published on the Relevant Screen Page as a result of such Reference Rate ceasing to be calculated or administered, then:

- (i) if the Pricing Supplement specifies an "Alternative Pre-nominated Reference Rate", then the Rate of Interest applicable to the Notes for all future Interest Periods shall be such Alternative Pre-nominated Reference Rate and the Issuer shall promptly give notice of the change of the Reference Rate to the Alternative Pre-nominated Reference Rate with respect to the Notes to the Trustee, the Principal Paying Agent, the Calculation Agent and the relevant Noteholders (in accordance with Condition 14 (*Notices*)); or
- (ii) if the Pricing Supplement does not specify an "Alternative Pre-nominated Reference Rate" then the following provisions of this Condition 4(d)(ii) will apply:
 - (A) the Issuer shall use reasonable endeavours to appoint an Independent Adviser to determine an alternative rate (the "**Alternative Reference Rate**") and an alternative screen page or source (the "**Alternative Relevant Screen Page**") no later than five Business Days prior to the Interest Determination Date relating to the next Interest Period (the "**IA Determination Cut-off Date**") for the purposes of determining the Rate of Interest applicable to the Notes for all future Interest Periods (subject to the subsequent operation of this Condition 4(d));
 - (B) the Alternative Reference Rate shall be such rate as the Independent Adviser determines has replaced the relevant Reference Rate in customary market usage for the purposes of determining floating rates of interest in respect of Eurobonds denominated in the Specified Currency, or, if the Independent Adviser determines that there is no such rate, such other rate as the Independent Adviser determines in its sole discretion is most comparable to the relevant Reference Rate, and the Alternative Relevant Screen Page shall be such page of an information service as displays the Alternative Reference Rate;
 - (C) if the Issuer is unable to appoint an Independent Adviser, or the Independent Adviser appointed by it fails to determine an Alternative Reference Rate and Alternative Relevant Screen Page prior to the IA Determination Cut-off Date, then the Issuer (in consultation with the Calculation Agent and acting in good faith and a commercially reasonable manner) shall determine which (if any) rate has replaced the relevant Reference Rate in customary market usage for purposes of determining floating rates of interest in respect of Eurobonds denominated in the Specified Currency, or, if it determines that there is no such rate, which (if any) rate is most comparable to the relevant Reference Rate, and the Alternative Reference Rate shall be the rate so determined by the Issuer and the Alternative Relevant Screen Page shall be such page of an information service as displays the Alternative Reference Rate; **provided, however, that** if this Condition 4(d)(ii)(C) applies and the Issuer is unable to determine an Alternative Reference Rate and Alternative Relevant Screen Page prior to the Interest Determination Date relating to the next Interest Period, the Rate of Interest applicable to such Interest Period shall be equal to the sum of the Margin and the rate last determined in relation to the Notes in respect of a preceding Interest Period;
 - (D) if an Alternative Reference Rate and Alternative Relevant Screen Page is determined in accordance with the preceding provisions, such Alternative Reference Rate and Alternative Relevant Screen Page shall be the Reference Rate and the Relevant Screen Page in relation to the Notes for all future Interest Periods (subject to the subsequent operation of this Condition 4(d));
 - (E) if the Independent Adviser or, in accordance with Condition 4(d)(ii)(C) above, the Issuer determines an Alternative Reference Rate in accordance with the above provisions, the Independent Adviser or the Issuer (as the case may be) may also, following consultation with the Calculation Agent, specify changes to the Relevant Time, Relevant Financial Centre, Reference Banks, Relevant Number of Quotations, Leading Banks, Day Count Fraction, Business Day Convention,

Business Days and/or Interest Determination Date applicable to the Notes, and the method for determining the Rate of Interest in relation to the Notes if the Alternative Reference Rate is not available, or fewer than the required number of rates appear, on the Alternative Relevant Screen Page at any time, in order to follow market practice in relation to the Alternative Reference Rate, and shall also specify any other changes (including to the Margin) which the Issuer, following consultation with the Independent Adviser (where appointed), determines in good faith are reasonably necessary to ensure the proper operation and comparability to the Reference Rate of the Alternative Reference Rate, which changes shall apply to the Notes for all future Interest Periods (subject to the subsequent operation of this Condition 4(d)) and, for the avoidance of doubt, the Trustee shall, at the direction and expense of the Issuer, and having received a certificate from the Issuer, signed by two Authorised Signatories, confirming that the Issuer or the Independent Adviser has made the relevant determinations in accordance with this Condition 4(d) and attaching the proposed amendments to the Conditions effect such amendments to the Conditions together with such consequential amendments to the Trust Deed and Agency Agreement as the Trustee may deem appropriate in order to give effect to this Condition 4(d) and the Trustee shall not be liable to any person for any consequences thereof, save as provided in the Trust Deed. No consent of the Holders of the Notes of the relevant Series or of the Holders of the Coupons appertaining thereto shall be required in connection with effecting the Alternative Reference Rate, Alternative Relevant Screen Page or such other changes, including for the execution of any documents or the taking of other steps by the Trustee, the Issuer or any of the parties to the Agency Agreement (if required)). The Trustee shall not be obliged to agree to any amendments which in the sole opinion of the Trustee would have the effect of (A) exposing the Trustee to any liabilities against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (B) increasing the obligations or duties, or decreasing the rights or protection, of the Trustee in the documents to which it is a party and/or these Conditions; and

- (F) the Issuer shall promptly following the determination of any Alternative Reference Rate and Alternative Relevant Screen Page give notice thereof and of any changes pursuant to Condition 4(d)(ii)(E) to the Trustee, the Principal Paying Agent, the Calculation Agent and the Noteholders (in accordance with Condition 14 (*Notices*)).

(e) **ISDA Determination**

If ISDA Determination is specified in the relevant Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "**ISDA Rate**" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as calculation agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Pricing Supplement;
- (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Pricing Supplement; and
- (iii) the relevant Reset Date (as defined in the ISDA Definitions) as specified in the relevant Pricing Supplement;
- (iv) if Linear Interpolation is specified as applicable in respect of an Interest Period in the relevant Pricing Supplement, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates based on the relevant Floating Rate Option, where:
- (A) one rate shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
- (B) the other rate shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period;

provided, however, that if there is no rate available for a period of time next shorter than the length of the relevant Interest Period or, as the case may be, next longer than the length of the relevant Interest Period, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

(f) **Index-Linked Interest and other variable-linked interest**

If the Index-Linked Interest Note provisions are specified in the relevant Pricing Supplement as being applicable, the Rate(s) of Interest applicable to the Notes for each Interest Period will be determined in the manner specified in the relevant Pricing Supplement.

(g) **Maximum or Minimum Rate of Interest**

If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Pricing Supplement, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.

(h) **Determination of Rate of Interest and Calculation of Interest Amount**

The Calculation Agent will, as soon as practicable after the Relevant Time on each Interest Determination Date, determine the Rate of Interest and calculate the amount of interest payable in respect of each denomination of the relevant Floating Rate Notes (the "**Interest Amount**") for the relevant Interest Period.

The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) or otherwise in accordance with applicable market convention, as determined by the Calculation Agent, and multiplying such rounded figure by a fraction equal to the principal outstanding amount of the relevant Note divided by the Calculation Amount. For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

(i) **Calculation of other amounts**

If the relevant Pricing Supplement specifies that any other amount is to be calculated by the Calculation Agent, the Calculation Agent will, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount will be calculated by the Calculation Agent in the manner specified in the relevant Pricing Supplement.

(j) **Determination or Calculation by agent appointed by the Trustee**

If the Calculation Agent does not at any time for any reason determine the Rate of Interest or calculate the Interest Amount, the Trustee may (at the expense of the Issuer) appoint an agent to do so and such determination or calculation shall be deemed to have been made by the Calculation Agent. In doing so, such agent appointed by the Trustee shall apply the foregoing provisions of this Condition 4, with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and in all other respects it shall do so in such manner as it shall deem fair and reasonable in all the circumstances.

(k) **Publication**

The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s), to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum denomination, the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum denomination.

(l) **Notifications etc.**

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 4 by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

(m) **Dividend Equivalent Payments**

In respect of any Series of Notes where the principal and/or interest in respect to such Notes is determined by reference to one or more variables such as an index, formula, security, commodity, currency exchange rate, interest rate, inflation index, the credit of one or more entities or other factor (each variable being a "**Reference Asset(s)**"), if the Pricing Supplement in respect of such Notes states the Notes are "Section 871(m) Notes", the Pricing Supplement shall further specify whether the "Dividend Withholding" or "Issuer Withholding" approach to withholding in relation to Section 871(m) of the Code shall be applicable to the Notes.

If "Dividend Withholding" is specified in the relevant Pricing Supplement, the relevant Pricing Supplement shall provide for the Issuer to make payments to Noteholders in respect of any dividend equivalent amounts attributable to any Reference Asset(s) and shall include provisions relating to the amount and timing of such payments.

If "Issuer Withholding" is specified in the relevant Pricing Supplement, the Pricing Supplement shall specify whether any dividend equivalent amounts are to be treated as being reinvested during the term of the Notes and what portion thereof is expected as of the Issue Date to be treated for U.S. federal income tax purposes as having been withheld from a payment due to the Noteholders.

(n) **Certificates, etc. to be Final**

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purpose of the provisions of this Condition 4 whether by the Calculation Agent, the Independent Adviser or any agent appointed by the Trustee shall (in the absence of manifest error) be final and binding on the Issuer, the Trustee (or such agent appointed by the Trustee), the Paying Agents, (where appropriate) the Registrar and the Holders of Notes and of the Coupons appertaining thereto. No Holder of Notes or of the Coupons appertaining thereto shall be entitled to proceed against the Calculation Agent, the Independent Adviser, the Trustee or

any agent appointed by the Trustee, the Paying Agents, the Registrar or any of them in connection with the exercise or non-exercise by them of their powers, duties and discretions hereunder, including, without limitation, in respect of any notification, opinion, communication, determination, certificate, calculation, quotation or decision given, expressed or made for the purposes of this Condition 4.

5. **VARIABLE COUPON AMOUNT NOTES AND ZERO COUPON NOTES**

In the case of Notes which bear interest at a variable rate or rates ("**Variable Coupon Amount Notes**"), the dates on which interest shall be payable and the method of calculation of the interest payable on each such date shall be as set out in the relevant Pricing Supplement.

If any amount in respect of any Note which is non-interest bearing (a "**Zero Coupon Note**") is not paid when due, interest shall accrue on the overdue amount at a rate determined in accordance with the provisions of the relevant Pricing Supplement.

6. **REDEMPTION AND PURCHASE**

(a) **Final Redemption**

Unless previously redeemed or purchased and cancelled and subject as otherwise set out in the relevant Pricing Supplement, Notes will be redeemed at their principal amount or such other redemption amount as may be set out in or determined in accordance with the relevant Pricing Supplement on the Maturity Date specified in the relevant Pricing Supplement (or, in the case of Instalment Notes, in such number of instalments and in such amounts ("**Instalment Amounts**") as may be specified in, or determined in accordance with the provisions of, the relevant Pricing Supplement).

(b) **Redemption for Taxation Reasons**

If the Issuer satisfies the Trustee immediately prior to the giving of the notice referred to below that:

- (i) on a subsequent date for the payment of interest on any Series of Notes the Issuer would be required to pay any additional amounts in accordance with the provisions of Condition 7 (*Taxation*); or
- (ii) if the Issuer were to seek to redeem the Notes (for which purpose no regard shall be had as to whether or not the Issuer would otherwise be entitled to redeem such Notes), the Issuer would (notwithstanding its having made such endeavours as the Trustee shall consider reasonable) be required to pay any additional amounts in accordance with the provisions of Condition 7 (*Taxation*),

the Issuer may, having given not less than 30 nor more than 45 days' notice (ending, in the case of Floating Rate Notes, on an Interest Payment Date) to the Noteholders in respect of such Series of Notes, redeem all, but not some only, of the Notes, at their principal amount or such other redemption amount as may be set out in the relevant Pricing Supplement together with interest accrued and unpaid, if any, to the date fixed for redemption **provided that** no such notice of redemption shall be given earlier than 90 days (or in the case of Floating Rate Notes or Variable Coupon Amount Notes a number of days which is equal to the aggregate of the number of days in the then current Interest Period plus 60 days **provided that** such aggregate number of days shall not be greater than 90 days) prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

The Issuer may exercise such option in respect of any Note notwithstanding the prior exercise by the Holder thereof or by the Issuer (as the case may be) of their respective options to require the redemption of such Note under paragraphs (c) and (d) below, if the due date for redemption under this paragraph (b) would occur prior to that under paragraphs (c) or (d) (as the case may be) but not otherwise and, in such circumstances, the exercise of the option under paragraphs (c) or (d) (as the case may be) shall be rendered ineffective.

Subject only to the obligation of the Issuer to use such endeavours as aforesaid, it shall be sufficient, to establish the circumstances required to be established pursuant to this Condition 6(b), if the Issuer shall deliver to the Trustee a certificate of an independent legal adviser or accountant satisfactory to the Trustee to the effect either that such circumstances do exist or that, upon a change in or amendment to the laws (including any regulations pursuant thereto), or in the interpretation or administration thereof, of the Dubai International Financial Centre ("**DIFC**") or the United Arab Emirates ("**UAE**") (as the case may be) or any political subdivision or any authority thereof or therein having power to tax, which at the date of such certificate is proposed and in the opinion of such legal adviser or accountant is reasonably expected to become effective on or prior to the date on which the relevant payment of principal or interest in respect of the Notes would otherwise be made, becoming so effective, such circumstances would exist and, for these purposes, the Trustee shall accept such certificate or opinion without further enquiry and without liability to any person as sufficient evidence of the existence of such circumstances and such certificate or opinion shall be conclusive and binding on the Noteholders and Couponholders.

(c) **Redemption at the Option of the Issuer**

If this Condition 6(c) is stated to be applicable in the relevant Pricing Supplement, Notes shall be redeemable at the option of the Issuer. In such case, the Issuer may at any time (in the case of Fixed Rate Notes or Zero Coupon Notes), on any Interest Payment Date (in the case of Floating Rate Notes or Variable Coupon Amount Notes) or otherwise as set out in the relevant Pricing Supplement, on giving (in accordance with Condition 14 (*Notices*)) not less than 30 nor more than 60 days' notice (or such other period as set out in the relevant Pricing Supplement) to the Noteholders (such notice being irrevocable) specifying the date fixed for such redemption, on the date so fixed, redeem all of such Notes (or, if so specified in the relevant Pricing Supplement and subject as therein specified, some only of the Notes) at their principal amount or such other early

redemption amount as set out in the relevant Pricing Supplement together with interest accrued but unpaid thereon to the date fixed for redemption.

If the Notes of a Series are to be redeemed in part only on any date in accordance with this paragraph (c):

- (i) in the case of Bearer Notes (other than a temporary global Note or permanent global Note), the Notes to be redeemed shall be drawn by lot in such European city as the Principal Paying Agent may specify or, as the case may be, a city as the CMU Lodging and Paying Agent may specify, or identified in such other manner or in such other place as the Principal Paying Agent or the CMU Lodging and Paying Agent (as the case may be) and the Trustee may approve and deem appropriate and fair, subject to the rules and procedures of Euroclear and/or Clearstream, Luxembourg (such redemption to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion); and
- (ii) in the case of Registered Notes, the Notes shall be redeemed (so far as may be practicable) *pro rata* to their principal amounts, **provided always that** the amount redeemed in respect of each Note shall be equal to the minimum denomination thereof or an appropriate multiple thereof,

subject always to compliance with all applicable laws and the requirements of each listing authority, stock exchange and/or quotation system (if any) by which the relevant Notes may have been admitted to listing, trading and/or quotation.

In the case of the redemption of part only of a Registered Note, a new Registered Note in respect of the unredeemed balance shall be issued in accordance with Condition 13 (*Replacement and Transfer*) which shall apply as in the case of a transfer of Registered Notes as if such new Registered Note were in respect of the untransferred balance.

(d) **Redemption at the Option of the Noteholders**

If this Condition 6(d) is stated to be applicable in the relevant Pricing Supplement, Notes shall be redeemable at the option of the Noteholders. In such case, upon any Noteholder giving to the Issuer notice of redemption (such notice being irrevocable) the Issuer will, in accordance with the provisions set out in the relevant Pricing Supplement, redeem in whole (but not in part) the Note(s) specified in such notice at their principal amount or such other amount as may be set out in or determined in accordance with the relevant Pricing Supplement together with interest accrued but unpaid thereon to the date fixed for redemption.

In order to give such notice, the Holder must, not less than 45 days before the date for redemption as set out in the relevant Pricing Supplement (or such other period as may be set out in the Pricing Supplement), deposit the relevant Note (together, in the case of an interest-bearing Definitive Note, with any unmatured Coupons appertaining thereto) with, in the case of a Bearer Note, any Paying Agent, or, in the case of a Registered Note, the relevant Registrar or any Transfer Agent together with a duly completed redemption notice in the form which is available from the specified office of any of the Paying Agents or, as the case may be, the relevant Registrar or any Transfer Agent. The Holder of a Note may not exercise such option in respect of any Note which is the subject of an exercise by the Issuer of its option to redeem such Note under Condition 6(b), (c) or (i).

(e) **Purchases**

The Issuer or any holding or subsidiary company of it or any subsidiary of any such holding company may at any time purchase Notes at any price in the open market or otherwise and may resell the same.

(f) **Cancellation**

All Notes redeemed pursuant to paragraph (a), (b), (c), (d) or (i) of this Condition 6 shall, and all Notes purchased pursuant to paragraph (e) of this Condition 6 may, at the option of the Issuer, be cancelled forthwith (together with, in the case of Definitive Bearer Notes, all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith) by the Paying Agent through which they are redeemed or by the Principal Paying Agent or the CMU Lodging and Paying Agent (as the case may be) to which they are surrendered. All Notes redeemed or purchased and cancelled as aforesaid may not be re-issued or resold.

(g) **Zero Coupon Notes**

Where Zero Coupon Notes are redeemed by the Issuer prior to the Maturity Date set out in the relevant Pricing Supplement, they shall be redeemed at a redemption amount determined in accordance with the provisions set out in the relevant Pricing Supplement.

(h) **Other Redemption Provisions**

The relevant Pricing Supplement may provide for other circumstances in which Notes may or shall be redeemed, the amount payable on such redemption in respect of principal only, principal and interest or interest only and whether or not Notes so redeemed shall or may be cancelled pursuant to paragraph (f) of this Condition 6.

(i) **Illegality and Force Majeure**

The Issuer shall have the right to terminate its obligations under the Notes, if the Issuer shall have determined in its absolute discretion, that the performance of such obligations shall have become unlawful or impracticable in whole or in part for any reason whatsoever, including (without prejudice to the generality of the foregoing) as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive or with any requirement or request of

any governmental, administrative, legislative or judicial authority or power. In such circumstances the Notes shall be redeemable at the option of the Issuer in accordance with Condition 6(c) (*Redemption at the Option of the Issuer*) even if Condition 6(c) (*Redemption at the Option of the Issuer*) is specified as "Not Applicable" in the relevant Pricing Supplement.

For Notes which are specified as Credit-Linked Notes, please also refer to the section entitled "Additional Terms and Conditions relating to Credit-Linked Notes (2014 ISDA Credit Derivatives Definitions Version)" which includes additional redemption and purchase circumstances relating to such Notes.

For Notes which are specified as Equity-Linked Notes, Cash Equity Notes and Index-Linked Notes, please also refer to the section entitled "Additional Terms and Conditions relating to Equity-Linked Notes, Cash Equity Notes and Index-Linked Notes" which includes additional redemption and purchase circumstances relating to such Notes.

7. TAXATION

Except as otherwise set out in the relevant Pricing Supplement, all payments by the Issuer of principal and interest in respect of the Notes will be made without withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatever nature, present or future, as are imposed or levied by or on behalf of the DIFC or the UAE (or any authority or political subdivision therein or thereof having power to tax) unless the Issuer is required by law to withhold or deduct any such taxes, duties, assessments or governmental charges.

In that event, the Issuer will pay such additional amounts in respect of payments of principal and interest (in the case of Notes which are not Subordinated Notes) or in respect of interest but not principal (in the case of Subordinated Notes) as may be necessary in order that the net amounts received by the Noteholders or Couponholders, as the case may be, after such withholding or deduction shall equal the respective amounts which would have been received by them in respect of the relevant payments of principal and interest (in the case of Notes which are not Subordinated Notes) or of principal only (in the case of Subordinated Notes) in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (a) to, or to a third party on behalf of, a Holder of a Note or Coupon who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with the DIFC or the UAE other than the mere holding of such Note or Coupon; or
- (b) unless it is proved, in the case of Bearer Notes, to the satisfaction of the Principal Paying Agent, the CMU Lodging and Paying Agent (as the case may be) or the Paying Agent to whom the same is presented, or, in the case of Registered Notes, to the satisfaction of the relevant Registrar, that the Holder is unable to avoid such withholding or deduction by satisfying any statutory requirement or by making a declaration of non-residence or other similar claim for exemption to a Paying Agent or the relevant tax authorities (as applicable) or by notifying (and/or presenting evidence of such notification) any tax authorities of such payment of principal or interest or by presenting the relevant Note or Coupon at the specified office of another Paying Agent (whether within or outside the European Union); or
- (c) more than 30 days after the Relevant Date (defined below) except, in the case of Bearer Notes, to the extent that the Holder thereof would have been entitled to such additional amounts on presenting the same for payment on the last day of such period of 30 days; or
- (d) in the case of Registered Notes, unless the Holder, immediately upon becoming the Holder, is otherwise entitled to a complete exemption from withholding taxes on payments under the Notes; or
- (e) to, or to a third party on behalf of, a Holder who is not the sole beneficial owner of the Note or any Coupon, or a portion of either, or that is a fiduciary or partnership, but only to the extent that a beneficiary or settlor with respect to the fiduciary, a beneficial owner or member of the partnership would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment.

As used herein the "**Relevant Date**" means the date on which such payment first becomes due but, in the case of Bearer Notes, if the full amount of the money payable has not been received by the Principal Paying Agent, the CMU Lodging and Paying Agent (as the case may be) or the Trustee on or prior to such due date, it means the date on which, the full amount of such money having been so received, notice to that effect shall have been duly given to the relevant Noteholders in accordance with Condition 14.

Any reference in these Conditions to principal or interest or both in respect of the relevant Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable under this Condition 7 or pursuant to any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed;
- (ii) the principal amount payable on the relevant Notes on the Maturity Date specified in the relevant Pricing Supplement;
- (iii) the principal amount payable on redemption of the relevant Notes prior to such Maturity Date; and
- (iv) any premium and any other amounts which may be payable under or in respect of the relevant Notes.

Notwithstanding any other provision in these Conditions, the Issuer shall be permitted to withhold or deduct any amounts permitted or required by the rules of Section 871(m) of the Code or Sections 1471 through 1474 of the Code (or any amended or successor provisions), pursuant to any inter-governmental

agreement, or implementing legislation adopted by another jurisdiction in connection with these provisions, or pursuant to any agreement with the US Internal Revenue Service ("U.S. Permitted Withholding"). The Issuer and the Paying Agents will have no obligation to pay additional amounts or otherwise indemnify a holder for any U.S. Permitted Withholding deducted or withheld by the Issuer, a Paying Agent or any other party as a result of any person (other than an agent of the Issuer) not being entitled to receive payments free of U.S. Permitted Withholding.

8. PAYMENTS

(a) Bearer Notes

Payments of principal and interest (if any) in respect of Bearer Notes will (subject as provided below) be made against presentation and (save in the case of partial payment or payment of an Instalment Amount (other than the final Instalment Amount)) surrender of the relevant Note or, in the case of payments of interest, surrender of the relevant Coupon at the specified office of any Paying Agent outside the United States (subject to the next paragraph).

Payments of amounts due in respect of interest on Bearer Notes and exchanges of Talons for Coupon sheets will not be made at the specified office of any Paying Agent in the United States (as defined in the United States Internal Revenue Code of 1986 and Regulations thereunder) unless (a) payment in full of amounts due in respect of interest on such Notes when due or, as the case may be, the exchange of Talons at all the specified offices of the Paying Agents outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions and (b) such payment or exchange is permitted by applicable United States law, in which case the Issuer shall forthwith appoint a further Paying Agent with a specified office in New York City.

If the due date for payment of any amount due in respect of any Bearer Note is not both a Relevant Financial Centre Day and, if such Bearer Note is a Definitive Bearer Note or if the Pricing Supplement so specifies, a Local Banking Day (each as defined below), then the Holder thereof will not be entitled to payment thereof until the next day which is such a day and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 3 (*Interest on Fixed Rate Notes*), 4 (*Interest on Floating Rate Notes*) or 5 (*Variable Coupon Amount Notes and Zero Coupon Notes*), as appropriate.

Payment of Instalment Amounts (other than the final Instalment Amount) in respect of an Instalment Note which is a Definitive Bearer Note with Receipts will be made against presentation of the Note together with the relevant Receipt and surrender of such Receipt.

The Receipts are not and shall not in any circumstances be deemed to be documents of title and if separated from the Note to which they appertain will not represent any obligation of the Issuer. Accordingly, the presentation of a Note without the relative Receipt or the presentation of a Receipt without the Note to which it appertains shall not entitle the Holder to any payment in respect of the relevant Instalment Amount.

Upon the due date for redemption of any Definitive Bearer Note other than a Fixed Rate Note all unmatured Coupons and Talons (if any) relating to such Definitive Bearer Note (whether or not attached) shall become void and no payment shall be made in respect of them. Definitive Bearer Notes which are Fixed Rate Notes should be presented for payment with all unmatured Coupons appertaining thereto, failing which the face value of any missing unmatured Coupon (or, in the case of payment not being made in full, that portion of the amount of such missing unmatured Coupon which the sum of principal so paid bears to the total amount of principal due) will be deducted from the sum due for payment. Any amount of principal so deducted will be paid in the manner mentioned above against surrender of the relevant missing Coupon within a period of ten years from the Relevant Date (as defined in Condition 7 (*Taxation*)) for the payment of such principal, whether or not such Coupon has become void pursuant to Condition 11 (*Prescription*) or, if later, five years from the date on which such Coupon would have become due.

Notwithstanding the above, if any Definitive Bearer Notes should be issued with a Maturity Date and an interest rate or rates such that, on the presentation for payment of any such Definitive Bearer Note without any unmatured Coupons attached thereto or surrendered therewith, the amount required to be deducted would be greater than the amount otherwise due for payment, then, upon the due date for redemption, such unmatured Coupons (whether or not attached) shall become void (and no payment shall be made in respect thereof) as shall be required so that the amount required to be deducted would not be greater than the amount otherwise due for payment. Where the application of the foregoing sentence requires some but not all of the unmatured Coupons relating to a Definitive Bearer Note to become void, the relevant Paying Agent shall determine which unmatured Coupons are to become void, and shall select for such purpose Coupons maturing on later dates in preference to Coupons maturing on earlier dates. Upon any Definitive Bearer Notes becoming due and repayable prior to their Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

In relation to Definitive Bearer Notes initially delivered with Talons attached thereto, on or after the due date for the payment of interest on which the final Coupon comprised in any Coupon sheet matures, the Talon comprised in the Coupon sheet may be surrendered at the specified office of any Paying Agent outside the United States (save as provided above) in exchange for a further Coupon sheet (including any appropriate further Talon), subject to the provisions of Condition 11 (*Prescription*). Each Talon shall, for the purpose of these Conditions, be deemed to mature on the due date for the payment of interest on which the final Coupon comprised in the relative Coupon sheet matures.

If (otherwise than by reason of the application of the above) the due date for redemption of any Definitive Bearer Note is not the due date for the payment of a Coupon appertaining thereto, interest accrued in respect of such Note from (and including) the last preceding due date for the payment of a Coupon (or from the Issue Date or the Interest Commencement Date, as the case may

be) will be paid only against surrender of such Bearer Note and all unmatured Coupons appertaining thereto.

(b) **Registered Notes**

Payment of the amount due on final redemption (the "**Redemption Amount**") in respect of Registered Notes will be made against presentation and, save in the case of partial payment of the Redemption Amount, surrender of the relevant Registered Notes at the specified office of the relevant Registrar. If the due date for payment of the Redemption Amount of any Registered Note is not both a Relevant Financial Centre Day and, if such Registered Note is not in global form or if the Pricing Supplement so specifies, a Local Banking Day (each as defined below), then the Holder thereof will not be entitled to payment thereof until the next day which is such a day and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 3 (*Interest on Fixed Rate Notes*), 4 (*Interest on Floating Rate Notes*) or 5 (*Variable Coupon Amount Notes and Zero Coupon Notes*), as appropriate.

Payment of amounts (whether principal, interest or otherwise) due (other than the Redemption Amount) in respect of Registered Notes will be paid to the Holder thereof (or, in the case of joint Holders, the first-named) as appearing in the register kept by the relevant Registrar at the close of business (local time in the place of the specified office of the relevant Registrar) on the fifteenth day prior to the due date for such payment (the "**Record Date**").

Payment will be made in the currency in which such amount is due either by cheque posted to the Noteholder's registered address (or, in the case of joint Holders, the first-named) not later than the relevant due date for payment unless prior to the relevant Record Date the Holder thereof (or, in the case of joint Holders, the first named) has applied to the relevant Registrar and such Registrar has acknowledged such application for payment to be made to a designated account denominated in the relevant currency, in each case as specified in paragraph 8(c) below.

(c) **Payment of US Dollar Equivalent**

The following provisions apply to both Bearer Notes and Registered Notes denominated in Renminbi only.

Notwithstanding the foregoing, if by reason of Inconvertibility, Non-transferability or Illiquidity, the Issuer is not able to satisfy payments of principal or interest in respect of Notes denominated in Renminbi when due in Renminbi in Hong Kong, the Issuer may, on giving not less than 5 or more than 30 calendar days' irrevocable notice to the Noteholders prior to the due date for payment, settle any such payment in U.S. Dollars on the due date at the US Dollar Equivalent of any such Renminbi denominated amount.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 8(d) above by the Renminbi Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders.

(d) **General Provisions**

The following provisions apply to both Bearer Notes and Registered Notes. Payments of amounts due (whether principal, interest or otherwise) in respect of Notes will be made in the currency in which such amount is due by transfer to an account denominated in the relevant currency specified by the payee, **provided that** payments in respect of Notes held in the CMU Service will be made to the person(s) for whose account(s) interests in the relevant Bearer Note or, as the case may be, Registered Note are credited as being held with the CMU Service in accordance with the CMU Rules (as defined in the Trust Deed) at the relevant time as notified to the CMU Lodging and Paying Agent by the CMU Service in a relevant CMU Instrument Position Report (as defined in the Trust Deed) or any other relevant notification by the CMU Service, which notification shall be conclusive evidence of the records of the CMU Service (save in the case of manifest error) and payment made in accordance thereof shall discharge the obligations of the Issuer in respect of that payment. For the avoidance of doubt, so long as any Note or Coupon is held by the CMU Service, presentation thereof to the CMU Lodging and Paying Agent shall not be required as a precondition of its making payments in respect thereof.

Payments of principal, interest and other amounts (if any) in respect of Notes are subject in all cases to any fiscal or other laws and regulations applicable in the place of payment but without prejudice to the provisions of Condition 7 (*Taxation*).

Without prejudice to the generality of the foregoing, the Issuer reserves the right to require any person receiving payment of principal, interest and/or other sums, or as the case may be, payment of interest with respect to any Note or Coupon to provide a Paying Agent with such certification or information as may be required to enable the Issuer to comply with the requirements of the United States Federal Income Tax laws or such other laws as the Issuer may be required to comply with.

9. **REDENOMINATION**

(a) **General**

Where redenomination is specified in the relevant Pricing Supplement as being applicable, and in respect of Notes denominated in a National Currency Unit (as defined below) (the "**Relevant Currency**") the Issuer may, without the consent of the Trustee or the Noteholders, on giving at least 30 days' prior notice to the Noteholders in accordance with Condition 14 (*Notices*), designate a Redenomination Date in respect of such Notes.

With effect from the Redenomination Date:

- (i) each Note shall (unless already so provided by mandatory provisions of applicable law) be deemed to be redenominated into an amount of euro in the denomination of euro 0.01 with a principal amount for each Note equal to the principal amount of that Note in the Relevant Currency converted into euro at the rate for the conversion of the Relevant Currency into euro established by the Council of the European Union pursuant to the Treaty (including compliance with rules relating to roundings in accordance with EC regulations); **Provided, however, that**, if the Issuer determines, with the prior approval of the Trustee, that the market practice in respect of the redenomination into euro 0.01 of internationally offered securities is different from that specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of such deemed amendments;
- (ii) if Notes are in definitive form:
 - (A) all unmatured Coupons denominated in the Relevant Currency (whether or not attached to the Notes) will become void with effect from the date (the "**Euro Exchange Date**") on which the Issuer gives notice (the "**Euro Exchange Notice**") to the Noteholders that replacement Notes and Coupons denominated in euro are available for exchange (**provided that** such Notes and Coupons are available) and no payments will be made in respect thereof;
 - (B) the payment obligations contained in all Notes denominated in the Relevant Currency will become void on the Euro Exchange Date but all other obligations of the Issuer thereunder (including the obligation to exchange such Notes in accordance with this Condition 9(a)(ii)) shall remain in full force and effect; and
 - (C) new Notes and Coupons denominated in euro will be issued in exchange for Notes and Coupons denominated in the Relevant Currency in such manner as the Principal Paying Agent may specify and as shall be notified to the Noteholders in the Euro Exchange Notice;
- (iii) all payments in respect of the Notes (other than, unless the Redenomination Date is on or after such date as the Relevant Currency ceases to be a sub-division of the euro, payments of interest in respect of periods commencing before the Redenomination Date) will be made solely in euro, as though references in the Notes to the Relevant Currency were to euro. Such payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) maintained by the payee with a bank in the principal financial centre of any member state of the European Communities; and
- (iv) such other changes will be made to the Programme as the Issuer may decide, with the prior written approval of the Trustee, to conform such Notes to conventions then applicable to instruments denominated in euro. Any such other changes will not take effect until after they have been notified to the Noteholders in accordance with Condition 14 (*Notices*).

None of the Issuer, the Trustee, or any Paying Agent will be liable to any Noteholder or other person for any commissions, costs, losses or expenses in relation to or resulting from any credit or transfer of euro or any currency conversion or rounding effected in connection therewith.

(b) **Interest**

Following redenomination of the Notes pursuant to Condition 9(a) above:

- (i) where Notes are in definitive form, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate principal amount of the Notes presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (ii) in respect of Fixed Rate Notes where interest is payable annually, any interest required to be calculated for a period of less than one year in respect of the Notes shall be calculated on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed fall in a leap year, the sum of (a) the number of those days falling in a leap year divided by 366 and (b) the number of those days falling in a non-leap year divided by 365); **provided, however, that** if the Issuer determines, with the prior agreement of the Trustee, that the market practice in respect of internationally offered euro denominated securities is different from that specified above, the above shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of such deemed amendment;
- (iii) in respect of Fixed Rate Notes where interest is payable quarterly or semi-annually, the amount of interest payable in respect of each Note on any Interest Payment Date shall be calculated by applying the Rate of Interest to the principal amount of such Note, dividing the product by four or two (as the case may be) and rounding the figure down to the nearest euro 0.01. If interest is required to be calculated for any other period, it shall be calculated on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed fall in a leap year, the sum of (a) the number of those days falling in a leap year divided by 366 and (b) the number of those days falling in a non-leap year divided by 365); **provided, however, that** if the Issuer determines, with the prior agreement of the Trustee, that the market practice in respect of such internationally offered euro denominated securities is different from that specified above, the above shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, each listing authority, stock exchange and/or quotation

system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of such deemed amendment;

- (iv) in respect of Floating Rate Notes, the Interest Amount payable in respect of the Notes for each Interest Period will be calculated by applying the Rate of Interest for such Interest Period to the principal amount of such Note during the Interest Period, multiplying the product by the actual number of days in such Interest Period divided by 360 and rounding the resulting figure down to the nearest euro 0.01; and
- (v) in respect of Floating Rate Notes, the Rate of Interest for any subsequent Interest Period shall be determined by the Calculation Agent on the basis of provisions which it determines, in its sole and absolute discretion, reflects the market practice in respect of internationally offered euro denominated securities.

10. ENFORCEMENT

- (a) In the case of any Series of Notes other than Subordinated Notes, if default is made for a period of 14 days or more in the repayment of any principal or the delivery of any Entitlement due on the Notes of such Series or any of them or in the payment of any interest due in respect of the Notes of such Series or any of them, then the Trustee may at its discretion, and if so requested by the Holders of at least one-fifth in principal amount of such Notes then outstanding or if so directed by an Extraordinary Resolution (as defined in the Trust Deed) of the Holders of such Notes (subject in each case to being indemnified and/or secured and/or prefunded to its satisfaction) shall, give written notice to the Issuer that the Notes of such Series are immediately due and repayable, whereupon the principal amount of such Notes or such other amount as set out in the relevant Pricing Supplement shall become immediately due and repayable together with interest accrued to (but excluding) the date of actual repayment;

Provided that it shall not be such a default to withhold or refuse any such payment or delivery (1) in order to comply with any fiscal or other law or regulation or with the order of any court of competent jurisdiction, in each case applicable to such payment or delivery or (2) in cases of doubt as to the validity or applicability of any such law, regulation or order, in accordance with advice given at any time during the said period of 14 days by independent legal advisers acceptable to the Trustee as to such validity or applicability.

- (b) In the case of any Series of Subordinated Notes:

- (i) if default is made for a period of 7 days or more in the repayment of any principal due on the Notes of such Series or any of them or for a period of 14 days or more in the payment of any interest due in respect of the Notes of such Series or any of them, then the Trustee may, in order to enforce payment, at its discretion and without further notice, in the case of a Series of Subordinated Notes, institute proceedings for the winding up of the Issuer in the DIFC,

Provided that it shall not be such a default to withhold or refuse any such payment (1) in order to comply with any fiscal or other law or regulation or with the order of any court of competent jurisdiction, in each case applicable to such payment or (2) in cases of doubt as to the validity or applicability of any such law, regulation or order, in accordance with advice given at any time during the said period of 7 or 14 days, as the case may be, by independent legal advisers acceptable to the Trustee as to such validity or applicability;

- (ii) the Trustee may at its discretion and without further notice institute such proceedings against the Issuer as it may think fit and may, subject as hereinafter provided, institute proceedings for the winding up of the Issuer in the DIFC to enforce any obligation, condition or provision binding on the Issuer under the Trust Deed in relation to such Series of Subordinated Notes or under such Notes or the Coupons appertaining thereto (other than any obligation for the payment of any principal or interest in respect of such Notes or Coupons or any other payment obligation in respect thereof) **provided that** the Issuer shall not by virtue of the institution of any such proceedings other than proceedings for the winding up of the Issuer be obliged to pay any sum or sums (whether in respect of principal or interest or other sums in respect of the relevant Notes or the Coupons appertaining thereto or by way of damages in respect of any breach of any such obligation, condition or provision or otherwise howsoever). The Trustee may only institute proceedings for the winding up of the Issuer to enforce the obligations above referred to in this paragraph if a default by the Issuer thereunder is not remedied to the satisfaction of the Trustee within 60 days (or such longer period as the Trustee may permit) after notice of such default has been given to the Issuer by the Trustee requiring such default to be remedied.

NB: The restriction on the payment of damages would have the effect of limiting the remedies available to the Trustee in the event of a breach of certain covenants by the Issuer.

- (c) In the case of any Series of Notes, in the event of an order being made or an effective resolution being passed for the winding up of the Issuer in the DIFC (otherwise than in connection with a scheme of reconstruction or amalgamation the terms of which shall previously have been approved in writing by the Trustee or by an Extraordinary Resolution of the Holders of the relevant Series of Notes) the Trustee may declare the Notes of the relevant Series to be due and redeemable immediately (and such Notes shall thereby become so due and redeemable) at their principal amount together with accrued interest as provided in the Trust Deed and the relevant Pricing Supplement or at such other amount, or at such amount calculated in accordance with such other formula, as is set out in the relevant Pricing Supplement.
- (d) The Trustee shall not in any event be bound to take any of the actions referred to in Condition 10 (b)(i) or (ii) or Condition 10(c) above in respect of any Series of Notes unless (i) it shall have been so requested in writing by the Holders of at least one-fifth of the principal amount of the Notes of the relevant Series then outstanding or it shall have been so directed by an Extraordinary

Resolution of the Holders of the Notes of the relevant Series and (ii) it shall have been indemnified and/or secured and/or prefunded to its satisfaction.

- (e) No remedy against the Issuer other than as specifically provided by this Condition 10 or the Trust Deed shall be available to the Trustee, the Noteholders or Couponholders in respect of any Series of Notes whether for the recovery of amounts or assets owing in respect of such Notes or the Coupons appertaining thereto or under the Trust Deed or in respect of any breach by the Issuer of any obligation, condition or provision under the Trust Deed or such Notes or Coupons or otherwise, and no Noteholder or Couponholder shall be entitled to proceed directly against the Issuer unless the Trustee, having become bound to proceed, fails to do so within a reasonable period and such failure shall be continuing in which case any such Holder may, upon giving an indemnity satisfactory to the Trustee, in the name of the Trustee (but not otherwise), himself institute proceedings against the Issuer for the relevant remedy to the same extent (but not further or otherwise) that the Trustee would have been entitled to do so.

11. PRESCRIPTION

Notes and Coupons will become void unless presented for payment within a period of ten (10) years and five (5) years, respectively, from the Relevant Date (as defined in Condition 7 (*Taxation*)) in respect thereof. Any monies paid by the Issuer to the Principal Paying Agent, CMU Lodging and Paying Agent (as the case may be) or the Trustee for the payment of the principal or interest in respect of any Notes or Coupons and remaining unclaimed when such Notes or Coupons become void will then revert to the Issuer and all liability of the Principal Paying Agent, the CMU Lodging and Paying Agent (as the case may be) or the Trustee with respect thereto will thereupon cease.

There shall not be included in any Coupon sheet issued in exchange for a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 11 or Condition 8 (*Payments*).

12. PAYING AGENTS, TRANSFER AGENTS, CALCULATION AGENT AND REGISTRAR

- (a) The Agency Agreement contains provisions indemnifying the Principal Paying Agent, the CMU Lodging and Paying Agent, the Paying Agents and Transfer Agents (if any) and the Registrars and absolving them from responsibility in connection with certain matters. The Agency Agreement may be amended by the parties thereto in relation to any Series of Notes if, in the opinion of the Issuer and the Trustee, the amendment will not materially adversely affect the interests of the relevant Holders.
- (b) The Issuer reserves the right at any time to vary or terminate the appointment of the Principal Paying Agent, the CMU Lodging and Paying Agent, any Paying Agent or Transfer Agent, the Calculation Agent or any Registrar and to appoint additional or other Paying Agents and/or Transfer Agents or a substitute Calculation Agent or a substitute Registrar, **provided that** it will, so long as any Notes are outstanding, maintain (i) a Calculation Agent, (ii) a Paying Agent, and (iii) in the case of any Registered Notes, a Registrar with a specified office in England or such City as may be specified in the relevant Pricing Supplement. Notice of all changes in the identities or specified offices of any Paying Agent, Calculation Agent or Registrar will be given by the Issuer to Noteholders in accordance with Condition 14.
- (c) For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the relevant Pricing Supplements), all percentages resulting from such calculations will be rounded, if necessary, to five decimal places (with 0.000005 per cent. being rounded up to 0.00001 per cent.).

13. REPLACEMENT AND TRANSFER

Should any Note or Coupon be lost, stolen, mutilated, defaced or destroyed it may be replaced at the specified office (in the case of a Bearer Note or Coupon) of the Principal Paying Agent, the CMU Lodging and Paying Agent (as the case may be) or such other Paying Agent or office as the Trustee may approve or (in the case of Registered Notes) of the relevant Registrar upon payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

Upon the terms and subject to the conditions set out in the Agency Agreement, a Registered Note may be transferred in whole or in part only (**provided that** such part is, or is an appropriate multiple of, the minimum denomination set out in the Pricing Supplement) by the Holder or Holders surrendering the Registered Note for registration of transfer at the office of the relevant Registrar, duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Issuer and the relevant Registrar, duly executed by the Holder or Holders thereof or his or their attorney duly authorised in writing. A new Registered Note will be issued to the transferee and, in the case of a transfer of part only of a Registered Note, a new Registered Note in respect of the balance not transferred will be issued to the transferor.

Each new Registered Note to be issued upon the transfer of a Registered Note will, within three Relevant Banking Days of the Transfer Date be available for delivery at the specified office of the relevant Registrar or, at the option of the Holder requesting such transfer be mailed (by uninsured post at the risk of the Holder(s) entitled thereto) to such address(es) as may be specified by such Holder.

The costs and expenses of effecting any registration of transfer pursuant to the foregoing provisions, except for the expenses of delivery by other than regular mail or insurance charges that may be imposed in relation thereto, shall be borne by the Issuer.

The relevant Registrar shall not be required to register the transfer of Registered Notes for a period of 15 days preceding the due date for any payment of principal of or interest in respect of such Notes.

14. NOTICES

- (a) All notices to the Holders of Bearer Notes or the Coupons appertaining thereto will be valid if published in one leading daily newspaper with general circulation in London (which is expected to be the Financial Times) or Asia (as the case may be) and, if such publication is not practicable, if published in a leading English language daily newspaper having general circulation in Europe or Asia (as the case may be) and, if the Notes are admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system by publication in a manner such that the rules of such listing authority, stock exchange and/or quotation system by which the Notes have then been admitted to listing, trading and/or quotation have been complied with. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once, on the date of the first such publication (or, if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers).

Holders of any Coupons appertaining to Bearer Notes will be deemed for all purposes to have notice of the contents of any notice given to the Holders of such Bearer Notes in accordance herewith.

Any notices to Holders of Registered Notes will be deemed to have been validly given if mailed to their registered addresses (as advised by the relevant Registrar) or to that of the first named of them in the case of joint Holders. Any such notice shall be deemed to be given on the second day after the date of mailing.

Notwithstanding the foregoing, while the Notes of any Series are represented by a Note or Notes in global form ("**Global Notes**") and such Global Notes are deposited with, or with a depository for or on behalf of, Euroclear and/or Clearstream, Luxembourg and/or any other clearing system or depository, each person who has for the time being a particular principal amount of the Notes credited to his securities account in the records of Euroclear or Clearstream, Luxembourg or such other clearing system or depository shall be treated as the Holder in respect of that principal amount of the Notes for all purposes other than for the purposes of payment of principal and interest on such Notes, and in such case notices to the Holders may be given by delivery of the relevant notice to the relevant clearing system or depository and such notices shall be deemed to have been given to the Holders holding through the relevant clearing system or depository on the date of delivery to the relevant clearing system or depository.

Notwithstanding the foregoing, while the Notes of any Series are represented by a Global Note, and such Global Notes are deposited with a sub-custodian for and registered in the name of The Hong Kong Monetary Authority ("**HKMA**"), as operator of the CMU, notices to Holders may be given by delivery of the relevant notice to persons shown in the CMU Instrument Position Report (as defined in the Agency Agreement) issued by the HKMA on the business day prior to the date of despatch of such notice. Any such notice shall be deemed to have been given to the Holders on the second day after the day on which such notice is delivered to the persons shown in the relevant CMU Instrument Position Report.

- (b) Notices given by any Noteholder shall be in writing and given by lodging the same, together with the relative Note or Notes, with the Principal Paying Agent, the CMU Lodging and Paying Agent (as the case may be) or other Paying Agent (if any) at its specified office.

15. **MODIFICATION OF TERMS, WAIVER AND SUBSTITUTION**

The Trust Deed contains provisions for convening meetings of the Holders of the Notes of any Series to consider any matter affecting their interests, including, subject to the agreement of the Issuer, the modification by Extraordinary Resolution of the terms and conditions of such Notes or the provisions of the Trust Deed with respect to such Notes. The quorum for any meeting convened to consider an Extraordinary Resolution will be one or more persons holding or representing a clear majority in principal amount of the Notes for the time being outstanding, or any adjourned meeting one or more persons being or representing Holders of the Notes whatever the principal amount of the Notes so held or represented; provided, however, that the modification of certain terms concerning, among other things, the amount and currency and the postponement of the due date of payment of the Notes and the Coupons appertaining thereto or interest or other amount payable in respect thereof or the Asset Amount and due date for delivery under the Notes, may only be sanctioned by an Extraordinary Resolution if passed at a meeting the quorum at which is persons holding or representing not less than two-thirds, or at any adjourned such meeting not less than one third, in principal amount of the Notes of such Series for the time being outstanding.

The Trust Deed provides that (i) a resolution passed at a meeting duly convened and held in accordance with the Trust Deed by a majority consisting of not less than three-quarters of the votes cast on such resolution, (ii) a resolution in writing signed by or on behalf of the holders of not less than three-quarters in principal amount of the Notes for the time being outstanding or (iii) consent given by way of electronic consents through the relevant clearing system(s) (in a form satisfactory to the Trustee) by or on behalf of the holders of not less than three-quarters in principal amount of the Notes for the time being outstanding, shall, in each case, be effective as an Extraordinary Resolution of the Holders of Notes. An Extraordinary Resolution passed at any meeting of the Holders of the Notes of any Series will be binding on all Holders of Notes of that Series, whether or not they are present at the meeting, and on the Holders of Coupons appertaining to the Notes of that Series.

The Trust Deed contains provisions for convening a single meeting of holders of Notes of more than one Series in certain circumstances where the Trustee so decides.

Subject to certain exceptions, the Trustee may agree, without the consent of the Holders of Notes of any Series or the Holders of the Coupons appertaining thereto (if any) to making any modification to the Conditions or to the provisions of the Trust Deed or to the relative Notes or Coupons if in the opinion of the Trustee such alteration:

- (i) is of a formal, minor or technical nature; or
- (ii) is made to correct a manifest error; or
- (iii) is not materially prejudicial to the interests of such Noteholders and/or Couponholders.

In addition, the Trustee shall agree to such modification to the Trust Deed, the Agency Agreement and these Conditions as may be required in order to give effect to Condition 4(d) (*Alternative Reference Rates*) in connection with effecting any Alternative Reference Rate or Alternative Relevant Screen Page. Any such modification, waiver, authorisation or determination shall be binding on the Holders of Notes of that Series and the Holders of the Coupons appertaining thereto and, unless the Trustee agrees otherwise, shall be notified to the Holders of Notes of that Series as soon as practicable thereafter in accordance with Condition 14 (*Notices*).

Subject to certain exceptions, the Trustee may, in relation to each Series of Notes, without prejudice to its rights in respect of any subsequent breach or event, from time to time and at any time, but only if and insofar as in its opinion the respective interests of the Holders of Notes of such Series and the Holders of the Coupons appertaining thereto shall not be materially prejudiced thereby, waive or authorise any breach or prospective breach by the Issuer of any of the covenants or provisions contained in the Trust Deed or such Notes or Coupons or determine that any Default or any event which with the lapse of time and/or giving of notice would be a Default, but for such determination, shall not be treated as such.

For the purposes of this Condition, "**Default**" means any of the defaults set out in Condition 10 paragraph (a) and (b)(i) and any failure to meet any obligation, condition or provision referred to in paragraphs (b)(ii) or (c) of Condition 10.

Any such waiver, authorisation or determination may be given or made on such terms and subject to such conditions as shall seem fit and proper to the Trustee and shall be binding on the Holders of Notes of that Series and the Holders of the Coupons appertaining thereto and if, but only if, the Trustee shall so reasonably require, shall be notified by the Issuer to the Holders of Notes of that Series as soon as practicable thereafter.

Subject to such amendment of the Trust Deed and such other conditions as the Trustee may require, but without the consent of the Holders of Notes of any Series or the Holders of the Coupons appertaining thereto (if any), the Trustee may also agree, subject to such Notes and the Coupons appertaining thereto being irrevocably guaranteed by the Issuer (on a subordinated basis in the case of Subordinated Notes), to the substitution of a subsidiary or holding company of the Issuer or any subsidiary of any such holding company in place of the Issuer as principal debtor under such Notes and the Coupons appertaining thereto (if any) and the Trust Deed insofar as it relates to such Notes.

In connection with the exercise of its powers, trusts, authorities or discretions (including, but not limited to those in relation to any proposed modification, waiver, authorisation, or substitution as aforesaid) the Trustee shall have regard to the interests of the Holders of the Notes of the relevant Series as a class and in particular, but without limitation, shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders resulting from the individual Noteholders or Couponholders being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders.

16. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Holders of Notes of any Series or Holders of the Coupons appertaining thereto (if any), to the extent permitted by applicable laws and regulations, create and issue further notes ranking equally in all respects (or in all respects save as specified in the relevant Pricing Supplement) with the Notes of such Series so that the same shall be consolidated and form a single series with such Notes for the time being outstanding.

17. LAW AND JURISDICTION

17.1 Governing Law

The Trust Deed, the Notes and the Coupons (if any) and all non-contractual obligations arising out of, from or in connection with them, shall be governed by, and shall be construed in accordance with English law.

17.2 Arbitration

Without limiting the rights of the Noteholders under Condition 17.3, any dispute, claim, difference or controversy arising out of, relating to, or having any connection with the Trust Deed, the Notes and the Coupons (if any) (including any dispute regarding their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to any non-contractual obligations arising out of or in connection with them (a "**Dispute**")) shall be referred to and finally resolved by arbitration under the London Court of International Arbitration ("**LCIA**") Rules (the "**Rules**"), which rules (as amended from time to time) are deemed to be incorporated by reference into this Condition 17.2. For these purposes:

- (i) the seat of arbitration shall be London;
- (ii) there shall be three arbitrators, each of whom shall be disinterested in the arbitration, shall have no connection with any party thereto and shall be an attorney experienced in international securities transactions; and
- (iii) the language of the arbitration shall be English.

17.3 Jurisdiction

Notwithstanding Condition 17.2, the Trustee (or, but only where permitted to take action in accordance with the terms of the Trust Deed, any Noteholder) may, in the alternative, and at its sole discretion, by notice in writing to the Issuer:

- (i) within 28 days of service of a Request for Arbitration (as defined in the Rules); or
- (ii) in the event no arbitration is commenced,

require that a Dispute be heard by the courts of England. If the Trustee (or any Noteholder) gives such notice, the Dispute to which such notice refers shall be determined in accordance with this Condition 17.3 and, subject as provided below, any arbitration commenced under Condition 17.2 in respect of that Dispute will be terminated.

If any notice to terminate is given after service of any Request for Arbitration in respect of any Dispute, the Trustee (or the relevant Noteholder) must also promptly give notice to the LCIA Court and to any Tribunal (each as defined in the Rules) already appointed in relation to the Dispute that such Dispute will be settled by the courts. Upon receipt of such notice by the LCIA Court, the arbitration and any appointment of any arbitrator in relation to such Dispute will immediately terminate. Any such arbitrator will be deemed to be *functus officio*. The termination is without prejudice to:

- (i) the validity of any act done or order made by that arbitrator or by the court in support of that arbitration before his appointment is terminated;
- (ii) his entitlement to be paid his proper fees and disbursements; and
- (iii) the date when any claim or defence was raised for the purpose of applying any limitation bar or any similar rule or provision.

In the event that a notice pursuant to this Condition 17.3 is issued, the following provisions shall apply:

- (i) the courts of England shall have exclusive jurisdiction to settle any Dispute and the Issuer submits to the exclusive jurisdiction of such courts; and
- (ii) the Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.

17.4 Service of Process

Any payment made under such circumstances in the Alternative Payment Currency will constitute valid payment and will not constitute a default in respect of the Notes. The Issuer's communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained by the Issuer hereunder shall be at its sole discretion and shall (in the absence of manifest error, wilful default or bad faith) be conclusive for all purposes and binding on the Issuer, the Paying Agents, and the holders of the Notes or Coupons. By acceptance thereof, purchasers of the Notes will be deemed to have acknowledged and agreed and to have waived any and all actual or potential conflicts of interest that may arise as a result of the calculation of the Alternative Payment Amount by the Issuer.

For the purposes hereof, **"Alternative Payment Currency"**, **"Relevant Screen Rate"** and **"Specified Currency Jurisdiction"** have the respective meanings given to them in the relevant Pricing Supplement.

C **Screen Rate Unavailability**

Where the Screen Rate is unavailable, for any reason, at the specified time on any date on which an exchange rate is required to be determined, the Calculation Agent will, if a Screen Rate Fall-Back is specified in the relevant Pricing Supplement, determine the relevant exchange rate in accordance with the Screen Rate Fall-Back provisions specified in the Pricing Supplement. If the Calculation Agent is unable to determine the exchange rate in accordance with such Fall-Back provisions or no such Screen Rate Fall-Back provisions are so specified, then the Calculation Agent shall determine the exchange rate in its sole and absolute discretion, acting in good faith.

For the purposes hereof, **"Screen Rate"** and **"Screen Rate Fall-Back"** have the respective meanings given to them in the relevant Pricing Supplement.

D **Price Source Disruption**

If "Price Source Disruption" is specified as being applicable in the relevant Pricing Supplement, then, if on any Scheduled FX Fixing Date:

- (A) a Price Source Disruption occurs, (other than as a result of an Unscheduled Holiday) and no Screen Rate Fall-Back provisions or any other fall-back provisions for the calculation of the Relevant Rate (as applicable) are specified in the relevant Pricing Supplement, then the Calculation Agent shall:
- (1) determine the Relevant Rate by reference to the rate of exchange published by available recognised financial information vendors (as selected by the Calculation Agent acting in good faith and in a commercially reasonable manner) on the Scheduled FX Fixing Date (the **"Fallback Reference Price"**); or
 - (2) unless the Pricing Supplement specifies Dealer Poll as not applicable, in the event that the Calculation Agent is unable to determine a Fallback Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fallback Reference Price so determined does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market, the Calculation Agent will request four Reference Dealers to provide a quotation of their rate for the Relevant Rate as of the Scheduled FX Fixing Date. If at least two quotations are provided, the Relevant Rate will be the arithmetic mean of such quotations; and
 - (3) if (i) the Pricing Supplement specifies Dealer Poll as not applicable and the Calculation Agent is unable to determine a Fallback Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fallback Reference Price so determined does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; (ii) the Calculation Agent determines that the Relevant Rate determined in accordance with paragraph (2) above does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; or (iii) fewer than 2 quotations are provided by Reference Dealers following the Calculation Agent's request pursuant to paragraph (2) above, the Calculation Agent will determine the Relevant Rate on the first succeeding Business Day on which the Price Source Disruption ceases to exist; **provided, however, that** if the Price Source Disruption continues for thirty consecutive calendar days (or such other number of calendar days as may be specified in the relevant Pricing Supplement) after the Scheduled FX Fixing Date (the **"FX Cut-off Date"**), the Calculation Agent shall determine its good faith estimate of the Relevant Rate on that FX Cut-off Date; or
- (B) an Unscheduled Holiday occurs (whether or not a Price Source Disruption also occurs), the Scheduled FX Fixing Date for such Relevant Rate and all other Relevant Rates which have the same Scheduled FX Fixing Date shall be postponed to the first succeeding Relevant Currency Business Day; **provided, however, that** in the event that the Scheduled FX Fixing Date is postponed as a result of the occurrence of an Unscheduled Holiday (a **"Postponed FX Fixing Day"**), and if the Postponed FX Fixing Day has not occurred on or before the thirtieth consecutive calendar day (or such other number of calendar days as may be specified in the relevant Pricing Supplement) after the Scheduled FX Fixing Date (any such period being a **"Deferral Period"**),

then the next day after the Deferral Period that is or would have been a Relevant Currency Business Day but for an Unscheduled Holiday, shall be deemed to be the Postponed FX Fixing Day and the Calculation Agent shall determine its good faith estimate of the Relevant Rate on that Postponed FX Fixing Day.

If a Scheduled FX Fixing Date is postponed in accordance with this Condition 20D(A)(3)(*Price Source Disruption*), any Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of days as may be specified in the relevant Pricing Supplement) following the postponed Scheduled FX Fixing Date or, if later, the FX Cut-off Date or Postponed FX Fixing Day, as applicable.

Unless Interest Adjustment is specified in the relevant Pricing Supplement as being applicable, no further payment on account of interest or otherwise shall be due in respect of any payment postponed pursuant to this Condition 20D(A)(3)(*Price Source Disruption*) so that, for the avoidance of doubt, any interest payable in respect of the Notes on a Related Payment Date which is so postponed shall be calculated as if such Related Payment Date had not been postponed pursuant to this Condition 20D(A)(3)(*Price Source Disruption*) unless, in the case of a Fixed Rate Note, a Floating Rate Note or a Zero Coupon Note, there is a subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in Condition 3 (*Interest on Fixed Rate Notes*), 4 (*Interest on Floating Rate Notes*) or 5 (*Variable Coupon Notes and Zero Coupon Notes*), as appropriate.

In relation to Equity-Linked Notes which are to be redeemed by the delivery of a Securities Transfer Amount, and subject to the other provisions of these Conditions and the relevant Pricing Supplement:

- (i)
- (A) Each Noteholder shall, on or before the date five calendar days before the Maturity Date (or such earlier date as the Issuer shall determine is necessary for the Issuer, the Paying Agents, Euroclear, Clearstream, Luxembourg, CMU, DTC and/or any other relevant clearing system to perform their respective obligations in relation to the Notes and notify to the Paying Agents and the Noteholders) send to Euroclear, Clearstream, Luxembourg, CMU, DTC and/or any other relevant clearing system, as the case may be, in accordance with its then applicable operating procedures, and copied to the Principal Paying Agent or, as the case may be, the CMU Lodging and Paying Agent, a duly completed Transfer Notice.
- (B) A Transfer Notice, once delivered to Euroclear, Clearstream, Luxembourg, CMU, DTC and/or any other relevant clearing system, shall be irrevocable and may not be withdrawn without the consent in writing of the Issuer. A Noteholder may not transfer any Note which is the subject of a Transfer Notice following delivery of such Transfer Notice to Euroclear, Clearstream, Luxembourg, CMU, DTC and/or any other relevant clearing system. A Transfer Notice shall only be valid to the extent that Euroclear, Clearstream, Luxembourg, CMU, DTC and/or any other relevant clearing system have not received conflicting prior instructions in respect of the Notes which are the subject of the Transfer Notice.
- (C) Failure properly to complete and deliver a Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided shall be made by the Principal Paying Agent or, as the case may be, the CMU Lodging and Paying Agent and shall be conclusive and binding on the Issuer and the Noteholder.
- (D) The Principal Paying Agent or, as the case may be, the CMU Lodging and Paying Agent shall promptly on the local banking day following receipt of a Transfer Notice send a copy thereof to the Issuer or such person as the Issuer may previously have specified.
- (E) Delivery of the Securities will be via the relevant Clearing System. The delivery or transfer of Securities to each Noteholder is at the relevant Noteholder's risk and if delivery occurs later than the earliest possible date for delivery, no additional amounts will be payable by the Issuer.
- (F) the Issuer shall discharge its obligation to redeem the relevant proportion of the Notes by delivering, or procuring the delivery of, the Securities Transfer Amount on the Settlement Date to the Clearing System for credit to the account with the Clearing System specified in the Transfer Notice of the relevant Noteholder.
- (G) The amount of Securities to be delivered to or for the account of each Noteholder shall be an amount of Securities equal to the number of Notes in respect of which such Noteholder is the holder as specified in the relevant Transfer Notice multiplied by the Securities Transfer Amount **provided, however, that** if a Noteholder would become entitled to a number of Securities which is not equal to a board lot of the Securities at such time, as determined by the Calculation Agent, or an integral multiple thereof, then the Noteholder's entitlement to delivery of Securities shall be rounded down to the nearest whole Security.
- (H) In relation to each Noteholder, the Calculation Agent shall calculate the Residual Amount and the Residual Cash Amount. The Residual Cash Amount shall be paid by the Issuer to the relevant Noteholder on the Settlement Date.
- (I) Each Noteholder shall be required as a condition of its entitlement to delivery of Securities in respect of any Notes to pay all Transfer Expenses in respect of such Notes.
- (J) After delivery to or for the account of a Noteholder of the relevant Securities Transfer Amount and for such period of time as the transferor or its agent or nominee shall continue to be registered in any clearing system as the owner of the Securities comprised in such Securities Transfer Amount (the "**Intervening Period**"), none of such transferor or any agent or nominee for the Issuer or such transferor shall (i) be under any obligation to deliver to such Noteholder or any other person any letter, certificate, notice, circular, dividend or any other document or payment whatsoever received by the Issuer or such transferor, agent or nominee in its capacity as holder of such Securities, (ii) be under any obligation to exercise any rights (including voting rights) attaching to such Securities during the Intervening Period, or (iii) be under any liability to such Noteholder or any other person in respect of any loss or damage which the Noteholder or any other person may sustain or suffer as a result, whether directly or indirectly, of the Issuer or such transferor, agent or nominee being registered in such clearing system during such Intervening Period as legal owner of such Securities.
- (L) All dividends on Securities to be delivered will be payable to the party that would receive such dividends according to market practice for a sale of the Securities executed on the Notional Sale Date to be delivered in the same manner as such Securities. Any such

dividends will be paid to or for credit to the account specified by the Noteholder in the relevant Transfer Notice. No right to dividends on the Securities will accrue to Noteholders prior to the Notional Sale Date.

- (ii) the Calculation Agent shall determine, in its sole and absolute discretion, whether or not at any time a Settlement Disruption Event has occurred and where it determines such an event has occurred and so has prevented delivery of Securities on the original day that but for such Settlement Disruption Event would have been the Settlement Date, then the Settlement Date will be the first succeeding day on which delivery of such Securities can take place through the relevant Clearing System unless a Settlement Disruption Event prevents settlement on each of the eight relevant Clearing System Business Days immediately following the original date (or during such other period (the "**Disruption Period**") specified in the relevant Pricing Supplement) that, but for the Settlement Disruption Event, would have been the Settlement Date. In that case, if the Securities are debt securities, the Issuer shall use reasonable efforts to deliver such Securities promptly thereafter in a commercially reasonable manner (as determined by the Calculation Agent in its sole and absolute discretion) outside the Clearing System and in all other cases (a) if such Securities can be delivered in any other commercially reasonable manner (as determined by the Calculation Agent in its sole and absolute discretion), then the Settlement Date will be the first Business Day on which settlement of a sale of Securities executed on that eighth relevant Clearing System Business Day, or during such other period specified in the relevant Pricing Supplement, customarily would take place using such other commercially reasonable manner (as determined by the Calculation Agent in its sole and absolute discretion) of delivery (which other manner of delivery will be deemed the relevant Clearing System for the purposes of delivery of the relevant Securities), and (b) if such Securities cannot be delivered in any other commercially reasonable manner (as determined by the Calculation Agent in its sole and absolute discretion), then the Settlement Date will be postponed until delivery can be effected through the relevant Clearing System or in any other commercially reasonable manner.

For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Securities comprised in a basket, the Settlement Date for Securities not affected by the Settlement Disruption Event will be the first day on which settlement of a sale of such Securities executed on the Maturity Date customarily would take place through the relevant Clearing System.

- (iii) if the Calculation Agent determines, in its sole and absolute discretion, that a Delivery Disruption Event has occurred, it shall notify the Issuer who shall promptly notify the relevant Noteholder(s) and the Issuer may then:
- (A) determine, in its sole and absolute discretion, that the obligation to deliver the relevant Securities Transfer Amount will be terminated and the Issuer will pay such amount as in the opinion of the Calculation Agent (such opinion to be made in its sole and absolute discretion) is fair in the circumstances by way of compensation for the non-delivery of the Securities Transfer Amount, in which event the entitlements of the respective Noteholder(s) to receive the relevant Securities Transfer Amount shall cease and the Issuer's obligations under the Notes shall be satisfied in full upon payment of such amount; or
- (B) deliver on the Settlement Date such amount of the Securities Transfer Amount (if any) as it can deliver on that date and pay such amount as in the opinion of the Calculation Agent (such opinion to be made in its sole and absolute discretion) is fair in the circumstances by way of compensation for the non-delivery of the remainder of the Securities Transfer Amount, in which event the entitlements of the respective Noteholder(s) to receive the relevant Securities Transfer Amount shall cease and the Issuer's obligations under the Notes shall be satisfied in full upon payment of such amount.

Where this Condition 20(b)(iii) fails to be applied, insofar as the Calculation Agent determines in its sole and absolute discretion to be practical, the same shall be applied as between the Noteholders on a *pro rata* basis, but subject to such rounding down (whether of the amount of a payment or of a number of Securities to be delivered) and also to such other adjustments as the Calculation Agent determines, in its sole and absolute discretion, to be appropriate to give practical effect to such provisions.

(c) **Automatic Early Redemption**

This Condition 20(c) is applicable only to Automatic Early Redemption Notes.

If on any Automatic Early Redemption Valuation Date, the Automatic Early Redemption Event occurs, then unless previously redeemed or purchased and cancelled, the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date together with any interest accrued but unpaid thereon to the Automatic Early Redemption Date (unless otherwise specified in the relevant Pricing Supplement) immediately following such Automatic Early Redemption Valuation Date and the redemption amount payable by the Issuer on such date upon redemption of each Note shall be an amount in the relevant currency equal to the relevant Automatic Early Redemption Amount.

As used herein:

(d) **Knock-in and Knock-out Provisions**

If "Knock-in Event" is specified as applicable in the Pricing Supplement in relation to any Cash Equity Note, Equity-Linked Note or Index-Linked Note, then each payment and/or delivery in respect of which a Knock-in Event applies, as specified in the relevant Pricing Supplement, shall be conditional upon the occurrence of such Knock-in Event.

For the purposes hereof:

"**Knock-in Determination Day**" means each Scheduled Trading Day during the Knock-in Determination Period, unless such day is a Disrupted Day due to the occurrence of an event giving rise to a Disrupted Day prior to the Knock-in Valuation Time on such day. If such day is a Disrupted Day due to the occurrence of such an event, then the Knock-in Determination Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the original date that, but for the occurrence of a Disrupted Day, would have been the Knock-in Determination Day is a Disrupted Day. In that case, that eighth Scheduled Trading Day shall be deemed to be the Knock-in Determination Day, notwithstanding the fact that such day is a Disrupted Day, and the Calculation Agent shall determine the price of the Security or, as the case may be, the level of the Index in the same manner that it would determine a price of a Security or, as the case may be, a level of an Index on a deemed Valuation Date that is also a Disrupted Day in accordance with the provisions of Condition 20(e)(i)(A), (B) or (C), as the case may be;

"**Knock-in Valuation Time**" means the time or period of time on any Knock-in Determination Day specified as such in the relevant Pricing Supplement or in the event that the relevant Pricing Supplement do not specify a Knock-in Valuation Time, the Knock-in Valuation Time shall be the Valuation Time.

If "Knock-out Event" is specified as applicable in the Pricing Supplement in relation to any Cash Equity Note, Equity-Linked Note or Index-Linked Note, then each payment and/or delivery in respect of which a Knock-out Event applies, as specified in the relevant Pricing Supplement, shall be conditional upon such Knock-out Event not having occurred.

For the purposes hereof:

"**Knock-out Determination Day**" means each Scheduled Trading Day during the Knock-out Determination Period, unless such day is a Disrupted Day due to the occurrence of an event giving rise to a Disrupted Day prior to the Knock-out Valuation Time on such day. In that case, that eighth Scheduled Trading Day shall be deemed to be the Knock-out Determination Day, notwithstanding the fact that such day is a Disrupted Day, and the Calculation Agent shall determine the price of the Security or, as the case may be, the level of the Index in the same manner that it would determine a price of a Security or, as the case may be, a level of an Index on a deemed Valuation Date that is a Disrupted Day in accordance with the provisions of Condition 20(e)(i)(A), (B) or (C), as the case may be;

"**Knock-out Determination Period**" means the period which commences on, and includes, the Knock-out Period Beginning Date and ends on, and includes, the Knock-out Period Ending Date;

(e) **Consequences of Disrupted Days**

For the purposes of this Condition 20(e) "**Limit Valuation Date**" shall mean, if any Valuation Date in respect of a Note is a Disrupted Day, the Specified Maximum Number of Disrupted Days following such Valuation Date, notwithstanding the fact that such day is a Disrupted Day.

(i) If any Valuation Date is a Disrupted Day, then:

(A) in the case of an Equity-Linked Note, a Cash Equity Note or an Index-Linked Note which, in each case, relates to a single Security or Index, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, **provided that** the Valuation Date shall not fall after the Limit Valuation Date. In that case:

(1) in respect of an Index-Linked Note, the Limit Valuation Date will be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and the Calculation Agent shall determine the level of the Index as of the Valuation Time on the Limit Valuation Date determined in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Limit Valuation Date of each security or other property comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security or other property on the Limit Valuation Date, its good faith estimate of the value for the relevant security or other property as of the Valuation Time on the Limit Valuation Date); and

(2) in respect of an Equity-Linked Note or a Cash Equity Note, the Limit Valuation Date shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day and the Calculation Agent shall determine its good faith estimate of the value for the relevant Security as of the Valuation Time on that Limit Valuation Date;

(B) in the case of an Index-Linked Note which relates to a basket of Indices, the Valuation Date for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date and the Valuation Date for each Index affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day which is not a Disrupted Day relating to that Index, unless each of the succeeding Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Index. In that case, the Limit Valuation Date shall be deemed to be the Valuation Date for the relevant Index notwithstanding the fact that such day is a Disrupted Day relating to that Index and the Calculation Agent shall determine, in its sole and absolute discretion, the level of that Index, as of the Valuation Time on the Limit Valuation Date in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Limit Valuation Date of each security or other property comprised in the relevant Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security or other property on the Limit Valuation Date, its good faith estimate of the value for the relevant security or other property as of the Valuation Time on the Limit Valuation Date); and

(C) in the case of an Equity-Linked Note or a Cash Equity Note which, in each case, relates to a basket of Securities, the Valuation Date for each Security not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Security affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to that Security, unless each of the Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Security. In that case, (1) the Limit Valuation Date shall be deemed to be the Valuation

Date for the relevant Security, notwithstanding the fact that such day is a Disrupted Day, and (2) the Calculation Agent shall determine, in its sole and absolute discretion, its good faith estimate of the value for that Security as of the Valuation Time on the Limit Valuation Date.

(ii) If Averaging Dates are specified in the relevant Pricing Supplement, then notwithstanding any other provisions of these Conditions, the following provisions will apply to the valuation of the relevant Index or Securities:

(A) The Final Price or Final Index Level will be, in relation to any Valuation Date:

- (1) in respect of an Index-Linked Note or an Equity-Linked Note settled by way of Cash Settlement or a Cash Equity Note which, in each case, relates to a single Security or Index (as the case may be), the arithmetic mean of the Reference Price of the Security or (as the case may be) of the Reference Level of the Index on each Averaging Date;
- (2) in respect of an Index-Linked Note settled by way of Cash Settlement or a Cash Equity Note which, in each case, relates to a basket of indices, the arithmetic mean of the amounts for such basket determined by the Calculation Agent in its sole and absolute discretion as provided in the relevant Pricing Supplement as of the relevant Valuation Time(s) on each Averaging Date or, if no means for determining the Final Index Level is so provided, the arithmetic mean of the amounts for such basket calculated on each Averaging Date as the sum of the Reference Level of each Index comprised in such basket (weighted or adjusted in relation to each Index as provided in the relevant Pricing Supplement); and
- (3) in respect of an Equity-Linked Note settled by way of Cash Settlement or a Cash Equity Note which relates to a basket of Securities, the arithmetic mean of the prices for such basket determined by the Calculation Agent in its sole and absolute discretion as provided in the relevant Pricing Supplement as of the relevant Valuation Time(s) on each Averaging Date or, if no means for determining the Final Price is so provided, the arithmetic mean of the prices for such basket calculated on each Averaging Date as the sum of the values calculated for the Securities of each Underlying Company as the product of (aa) the Reference Price of such Security and (bb) the number of such Securities comprised in such basket (weighted or adjusted in relation to each Security as provided in the relevant Pricing Supplement).

(B) If any Averaging Date is a Disrupted Day, then, if the consequence specified in the relevant Pricing Supplement in relation to "**Averaging Date Market Disruption**" is:

- (1) "**Omission**", then such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the relevant Final Price or Final Index Level, as applicable, **provided that**, if through the operation of this provision no Averaging Date would occur with respect to the relevant Valuation Date, then Condition 20(e)(i) will apply for purposes of determining the relevant level, price or amount on the final Averaging Date in respect of that Valuation Date as if such final Averaging Date were a Valuation Date that was a Disrupted Day. If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Maturity Date or any early redemption date in accordance with the Conditions or the relevant Settlement Date, as the case may be, or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date;
- (2) "**Postponement**", then Condition 20(e)(i) will apply for purposes of determining the relevant level, price or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date for the relevant Notes. If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Maturity Date or any early redemption date in accordance with the Conditions or the relevant Settlement Date, as the case may be, or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date; or
- (3) "**Modified Postponement**", then:
 - (aa) in the case of an Index-Linked Note or an Equity-Linked Note or a Cash Equity Note which relates to a single Index or Security, the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the Limit Valuation Date immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date (the "**Scheduled Final Averaging Date**") in relation to the relevant Scheduled Valuation Date, then the Limit Valuation Date shall be deemed to be the Averaging Date, notwithstanding the fact that such day is a Disrupted Day (irrespective of whether that Limit Valuation Date is already an Averaging Date) and:
 - (i) in respect of an Index Linked Note, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 20(e)(i)(A)(1); and

- (ii) in respect of an Equity-Linked Note or a Cash Equity Note, the Calculation Agent shall determine the relevant price for that Averaging Date in accordance with Condition 20(e)(i)(A)(2); and
- (bb) in the case of an Index-Linked Note, an Equity-Linked Note or a Cash Equity Note which relates to a basket of Indices or Securities, the Averaging Date for each Index or Security not affected by the occurrence of a Disrupted Day shall be the day specified in the relevant Pricing Supplement as an Averaging Date in relation to the relevant Valuation Date (the "**Scheduled Averaging Date**") and the Averaging Date for an Index or Security affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date in relation to such Index or Security. If the first succeeding Valid Date in relation to such Index or Security has not occurred as of the Valuation Time on the Limit Valuation Date immediately following the Scheduled Final Averaging Date, then the Limit Valuation Date shall be deemed to be the Averaging Date (irrespective of whether that Limit Valuation Date is already an Averaging Date) and:
 - (i) in respect of an Index-Linked Note, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 20(e)(i)(B); and
 - (ii) in respect of an Equity-Linked Note or a Cash Equity Note, the Calculation Agent shall determine the relevant amount for that Averaging Date in accordance with Condition 20(e)(i)(C).

If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Maturity Date or any early redemption date in accordance with the Conditions or Settlement Date, as the case may be, or (ii) the occurrence of an Extraordinary Event or Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date.

- (C) If (1) on or prior to any Averaging Date, in respect of an Index-Linked Note, an Index Modification, Index Cancellation or Index Disruption (each as defined in Condition 20(f)(ii)) occurs, or (2) on any Averaging Date in respect of an Index-Linked Note an Index Disruption Event occurs, then the Calculation Agent shall determine, in its sole and absolute discretion, the Final Index Level using, in lieu of a published level of the relevant Index, the level for that Index as determined by the Calculation Agent in its sole and absolute discretion in accordance with the formula for and method of calculating that Index last in effect prior to that change or failure, but using only those securities that comprised that Index immediately prior to that change or failure (other than those securities that have since ceased to be listed on any relevant Exchange).

If a Valuation Date is postponed in accordance with this Condition 20(e) (*Consequences of Disrupted Days*), any Disrupted Day Related Payment Date will also be postponed, if needed, such that the Disrupted Day Related Payment Date shall fall at least three (3) local banking days (or such other number of local banking days as may be specified in the Pricing Supplement) following the postponed Valuation Date or, if later, the Limit Valuation Date, as applicable.

Unless Interest Adjustment is specified in the relevant Pricing Supplement as being applicable, no further payment on account of interest or otherwise shall be due in respect of any payment postponed pursuant to this Condition 20(e) (so that, for the avoidance of doubt, any interest payable in respect of the Notes on a Disrupted Day Related Payment Date which is so postponed shall be calculated as if such Disrupted Day Related Payment Date had not been postponed pursuant to this Condition 20(e)) unless, in the case of a Fixed Rate Note, a Floating Rate Note, Variable Coupon Amount Note or a Zero Coupon Note, there is a subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in Condition 3 (*Interest on Fixed Rate Notes*), 4 (*Interest on Floating Rate Notes*) or 5 (*Variable Coupon Amount Notes and Zero Coupon Notes*), as appropriate.

(f) **Adjustments to Indices**

This Condition 20(f) is applicable only in relation to Index-Linked Notes.

(i) **Successor Index**

If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor acceptable to the Calculation Agent, or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that Index (the "**Successor Index**") will be deemed to be the Index.

(ii) **Index Adjustment Events**

If on or prior to any Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date (A) a relevant Index Sponsor announces that it will make a material change in the formula for or the method of calculating that Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation or other routine events) (an "**Index Modification**") or permanently cancels the Index (an "**Index Cancellation**"), or (B) the Index Sponsor fails to calculate and announce a relevant Index (an "**Index Disruption**") and together with an Index Modification and an Index Cancellation, each an "**Index Adjustment Event**"), then the Calculation Agent shall determine, in its sole and absolute discretion, the Final Index Level using, in lieu of a published level of that Index, the level for that Index as at that Valuation Date,

Automatic Early Redemption Valuation Date or Averaging Date, as the case may be, as determined by the Calculation Agent in its sole and absolute discretion in accordance with the formula for and method of calculating that Index last in effect prior to the change, failure or cancellation, but using only those securities that comprised that Index immediately prior to that Index Adjustment Event.

(iii) *Correction of Index Levels*

If the level of an Index published by the Index Sponsor at any time and used or to be used by the Calculation Agent for any calculation or determination under the Notes is subsequently corrected and the correction is published by the Index Sponsor within one Settlement Cycle after the original publication, the Calculation Agent will make such adjustment as it in its sole and absolute discretion determines to be appropriate, if any, to the settlement or payment terms of the Notes to account for such correction **provided that** if any amount has been paid in an amount which exceeds the amount that would have been payable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable in respect of the Notes and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Issuer shall be entitled to reimbursement of the relevant excess payment (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Noteholder, together with interest on that amount for the period from and including the day on which payment was originally made to (but excluding) the day of payment of reimbursement by the Noteholder (all as calculated by the Calculation Agent in its sole and absolute discretion). Any such reimbursement shall be effected in such manner as the Issuer shall determine.

(g) *Adjustments and Events affecting Securities*

This Condition 20(g) is applicable only in relation to Equity-Linked Notes and Cash Equity Notes.

(i) *Potential Adjustment Events*

The Calculation Agent shall determine, in its sole and absolute discretion, whether or not at any time a Potential Adjustment Event has occurred and where it determines such an event has occurred, the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Securities and, if so, will make such adjustment(s) as it in its sole and absolute discretion determines to be appropriate, if any, to the formula for the final redemption amount set out in the relevant Pricing Supplement, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, the number of or type of shares, other securities or other property which may be delivered pursuant to such Notes and/or any other adjustment(s) and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes as the Calculation Agent determines, in its sole and absolute discretion, to be appropriate to account for that diluting or concentrative effect and determine, in its sole and absolute discretion, the effective date(s) of such adjustment(s).

(ii) *Extraordinary Events*

Following the occurrence of any Extraordinary Event, the Calculation Agent will, in its sole and absolute discretion, determine whether or not the relevant Notes shall continue and, if so, determine, in its sole and absolute discretion, any adjustments to be made. If the Calculation Agent determines that the relevant Notes shall continue, it may make such adjustment(s) as it, in its sole and absolute discretion, determines to be appropriate, if any, to the formula for the final redemption amount set out in the relevant Pricing Supplement, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, the number of or type of shares, other securities or other property which may be delivered pursuant to such Notes and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent in its sole and absolute discretion. If the Calculation Agent determines in its sole and absolute discretion that the relevant Notes shall be redeemed, then the Notes shall be redeemed as of the date selected by the Calculation Agent in its sole and absolute discretion and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or final redemption amount (or any other payment to be made by the Issuer) as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of such amount as in the opinion of the Calculation Agent (such opinion to be made in its sole and absolute discretion) is fair in the circumstances by way of compensation for the redemption of the Notes.

(iii) *Conversion*

In respect of an Equity-Linked Note or a Cash Equity Note which relates to debt securities, following the occurrence of any Conversion, the Calculation Agent will, in its sole and absolute discretion, determine whether or not the Notes will continue and, if so, determine, in its sole and absolute discretion, any adjustment(s) to be made. If the Calculation Agent determines that the Notes shall continue, it may make such adjustment(s) as it, in its sole and absolute discretion, determines to be appropriate to the formula for the final redemption amount set out in the relevant Pricing Supplement, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, number of or type of shares, other securities or other property which may be delivered under such Notes and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes and/or any other adjustment and determine, in its sole and absolute discretion, the effective date(s) of such adjustment(s). If the Calculation Agent determines in its sole and absolute discretion that the Notes shall be redeemed, then the Notes shall be redeemed as of the date selected by the Calculation Agent in its sole and absolute discretion and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or final redemption amount (or any other payment to be made by the Issuer), as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of such amount as, in the opinion of the Calculation Agent (such opinion to be made by the

Calculation Agent in its sole and absolute discretion) is fair in the circumstances by way of compensation for the redemption of the Notes.

(iv) *Correction of Prices*

In the event that any price published or announced on a given day and utilised or to be utilised for the purpose of any calculation or determination under the Notes is subsequently corrected and the correction is published or announced by the Exchange within one Settlement Cycle after the original publication, the Calculation Agent will make such adjustment(s) as it in its sole and absolute discretion determines to be appropriate, if any, to the amount payable in respect of the Notes and their terms to account for such correction and the Calculation Agent shall determine, in its sole and absolute discretion, the effective date(s) of such adjustment(s) **provided that** if any amount has been paid in an amount which exceeds the amount that would have been payable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable in respect of the Notes and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Issuer shall be entitled to reimbursement of the relevant excess payment (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Noteholder, together with interest on that amount for the period from and including the day on which payment was originally made to (but excluding) the day of payment of reimbursement by the Noteholder (all as calculated by the Calculation Agent in its sole and absolute discretion). Any such reimbursement shall be effected in such manner as the Issuer shall determine.

(h) *Additional Disruption Events*

Following the occurrence of any Additional Disruption Event, the Calculation Agent will, in its sole and absolute discretion, determine whether or not the relevant Notes shall continue and, if so, determine, in its sole and absolute discretion, any adjustments to be made. If the Calculation Agent determines that the relevant Notes shall continue, it may make such adjustment(s) as it, in its sole and absolute discretion, determines to be appropriate, if any, to the formula for the final redemption amount set out in the relevant Pricing Supplement, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, the number of or type of shares, other securities or other property which may be delivered pursuant to such Notes and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent in its sole and absolute discretion. If the Calculation Agent determines in its sole and absolute discretion that the relevant Notes shall be redeemed, then the Notes shall be redeemed as of the date selected by the Calculation Agent in its sole and absolute discretion and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or final redemption amount (or any other payment to be made by the Issuer), as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of such amount as in the opinion of the Calculation Agent (such opinion to be made in its sole and absolute discretion) is fair in the circumstances by way of compensation for the redemption of the Notes.

For the purposes any Series of Notes, "Additional Disruption Event" means any event specified as such in the relevant Pricing Supplement, and for such purpose the following terms if so specified shall be deemed to have the following meanings unless otherwise provided in the relevant Pricing Supplement:

- (i) "**Change in Law**" means that, on or after the Issue Date, (A) due to the adoption of or any change in any applicable law or regulation (including without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer determines in its sole and absolute discretion that (x) it has become illegal for the Issuer to hold, acquire or dispose of Securities relating to such Notes, (y) it has become illegal for the Issuer to hold, acquire, purchase, sell or maintain one or more (i) positions or contracts in respect of any securities, options, futures, derivatives or foreign exchange in relation to such Notes, (ii) stock loan transactions in relation to such Notes or (iii) other instruments or arrangements (howsoever described) held by the Issuer in order to hedge, individually or on a portfolio basis, such Notes or (z) the Issuer will incur a materially increased cost in performing its obligations under the Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position);
- (ii) "**Failure to Deliver**" means the failure of a party to deliver, when due, the relevant Securities in respect of the Notes, where such failure is due to illiquidity in the market for such Securities;

- (iv) "**Hedging Disruption**" means that the Issuer is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity price risk of issuing and performing its obligations with respect to the Notes or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s); and
- (v) "**Increased Cost of Hedging**" means that the Issuer would incur a materially increased costs (as compared with circumstances existing on the Issue Date), amount of tax, duty, expense or fee (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity price risk of entering into and performing its obligations with respect to the Notes, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s), **provided that** any such materially

increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer shall not be deemed an Increased Cost of Hedging.

(i) ***Effects of European Economic and Monetary Union***

Following the occurrence of an EMU Event, the Calculation Agent shall make such adjustment (and determine, in its sole and absolute discretion, the effective date of such adjustment) as it, in its sole and absolute discretion, determines to be appropriate, if any, to the formula for the final redemption amount set out in the relevant Pricing Supplement, the formula for and method of calculating the relevant Index and/or the securities or other property comprising the relevant Index, the number of and type of Securities to which each Note relates, the number of and type of Securities comprised in a basket, the amount, the number of or type of shares, other securities or other property which may be delivered under such Notes and/or any other adjustment and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes.

Following the occurrence of an EMU Event, without prejudice to the generality of the foregoing, the Issuer shall be entitled to make such conversions between amounts denominated in the national currency units (the "National Currency Units") of the Participating Member States and the euro, and the euro and the National Currency Units, in each case, in accordance with the conversion rates and rounding rules in Regulation (EC) No. 1103/97 as it, in its sole and absolute discretion, determines to be appropriate.

Neither the Issuer nor the Calculation Agent will be liable to any Noteholder or other person for any commissions, costs, losses or expenses in relation to or resulting from any currency conversion or rounding effected in connection therewith.

For the purposes hereof:

"**EMU Event**" means the occurrence of any of the following, as determined by the Calculation Agent, in its sole and absolute discretion:

- (i) the redenomination of any security into euro;
- (ii) the change by any organised market, exchange or clearing, payment or settlement system in the unit of account of its operating procedures to the euro;

(j) ***Other Adjustments***

Upon the occurrence of any event(s) that the Calculation Agent determines (in its discretion, but acting reasonably) affects or could potentially affect the value of an Index-Linked Note, an Equity-Linked Note or a Cash Equity Note, the Calculation Agent may (in its discretion, but acting reasonably) make any additional adjustments to the Strike Price, the number and/or type of Securities and/or Indices to which such an Index-Linked Note, an Equity-Linked Note or a Cash Equity Note relates, and to any other exercise, settlement, payment or other term of such an Index-Linked Note, an Equity-Linked Note or a Cash Equity Note including, without limitation, the amount, number or type of cash, shares, other securities or property which may be transferred under such Index-Linked Note, an Equity-Linked Note or a Cash Equity Note, and determine the effective date(s) of such adjustments.

(k) ***Adjustments where the Securities are Units in a Fund***

Where the Securities are specified in the relevant Pricing Supplement as being Units in a Fund, in the case of the occurrence at any time on or prior to the Valuation Date of any Extraordinary Event affecting the Fund or the value of the Units, the Calculation Agent may make any adjustment as provided in the preceding provisions of this Condition 20 or:

- (i) if the Calculation Agent determines that no adjustment that it could make under the preceding provisions of this Condition 20 would produce a commercially reasonable result:
 - (A) the Calculation Agent will use commercially reasonable efforts to identify a new underlying asset with characteristics, investment objectives and policies similar to those in effect for the Affected Units immediately prior to the occurrence of the relevant Extraordinary Event and any substitution of the new underlying asset for the Affected Units shall be effected at such time and in such manner as determined by the Calculation Agent in its sole and absolute discretion; and
 - (B) if necessary, the Calculation Agent will adjust any relevant terms, including, but not limited to, adjustments to account for changes in volatility, investment strategy or liquidity relevant to the Units or the Notes; or
- (ii) if the Calculation Agent determines in its sole and absolute discretion that the relevant Notes shall be redeemed, then the Notes shall be redeemed as of the date selected by the Calculation Agent in its sole and absolute discretion and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or final redemption amount, as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of an amount as in the opinion of the Calculation Agent (such opinion to be made in its sole and absolute discretion) is fair in the circumstances by way of compensation for the redemption of the Notes.

In this Condition 20(k) "**Affected Unit(s)**" means each Unit subject to an applicable Extraordinary Event.

**ADDITIONAL TERMS AND CONDITIONS RELATING TO CREDIT-LINKED NOTES (2014 ISDA
CREDIT DERIVATIVES DEFINITIONS VERSION)**

The section headed "*Terms and Conditions of the Notes*" of this Information Memorandum shall be supplemented and modified by the following "*Additional Terms and Conditions relating to Credit-Linked Notes (2014 ISDA Credit Derivatives Definitions Version)*" (the "**Credit Linked Conditions**") and, together with the Terms and Conditions of the Notes, the "**Base Conditions**") in respect of any issue of Credit-Linked Notes as amended or supplemented by the terms of each Tranche of Notes set out in the Pricing Supplement (the "**Pricing Supplement**") for which "*Additional Terms and Conditions relating to Credit-Linked Notes (2014 ISDA Credit Derivatives Definitions Version)*" is specified as applicable therein.

In the event of any inconsistency between the "*Terms and Conditions of the Notes*" and the "*Additional Terms and Conditions relating to Credit-Linked Notes (2014 ISDA Credit Derivatives Definitions Version)*", such "*Additional Terms and Conditions relating to Credit-Linked Notes (2014 ISDA Credit Derivatives Definitions Version)*" shall prevail and the "*Terms and Conditions of the Notes*" shall be amended accordingly.

Unless otherwise stated in these Credit Linked Conditions or in the relevant Pricing Supplement, in the event that any day specified in the section "Credit Linked Redemption" in the relevant Pricing Supplement or the last day of any period calculated by reference to calendar days falls on a day that is not a Business Day, such day or last day shall be subject to adjustment in accordance with the applicable Business Day Convention.

In the case of Credit Linked Notes for which more than one Reference Entity is specified in the relevant Pricing Supplement, all references to "the Reference Entity" herein shall be construed to refer to the Reference Entity in respect of which the relevant determination falls to be made at any relevant time and all related provisions and determinations will be construed accordingly. In addition, where an event, date, determination or circumstance relates to a Reference Entity, only those Business Centre(s) specified in relation to that Reference Entity will be deemed to apply for the purposes of the definition of "Business Day" in relation thereto and otherwise all of the Business Centre(s) specified in the relevant Pricing Supplement (including those for all Reference Entities) will apply for the purposes of the definition of "Business Day".

For the avoidance of doubt no Credit Linked Notes will be considered frustrated, or otherwise void or voidable (whether for mistake or otherwise) solely because:

- (a) any relevant Reference Entity does not exist on, or ceases to exist on or following, the Trade Date; and/or
- (b) Obligations, Deliverable Obligations, Valuation Obligations or the Reference Obligation do not exist on, or cease to exist on or following, the Trade Date.

Any references in these Credit Linked Conditions to ISDA will include any other entity which succeeds to or is performing functions previously undertaken by ISDA in relation to Credit Derivatives Determinations Committees and references to Credit Derivatives Determinations Committees in relation to ISDA will include any successor thereto and the Calculation Agent may make such adjustments to these Credit Linked Conditions and the relevant Pricing Supplement as it determines appropriate to account for the application of these provisions.

For the avoidance of doubt, the application of any of Credit Linked Conditions 7, 8, 9, 10 or 12 below shall not preclude the application of any other such Credit Linked Condition either contemporaneously or subsequently and in the event that any such Credit Linked Conditions are inconsistent or the Calculation Agent becomes entitled to exercise a discretion under one or more of such Credit Linked Conditions, the Calculation Agent may elect in its discretion which Credit Linked Condition shall apply and under which Credit Linked Condition or Credit Linked Conditions it shall exercise its discretion.

Credit Linked Notes may take the form of Single Reference Entity Credit Linked Notes or Basket Credit Linked Notes. The Settlement Method for Credit Linked Notes may be Auction Settlement, Physical Settlement or Cash Settlement (for which purposes the Final Price will be fixed) and Credit Event Maturity Settlement may apply to Credit Linked Notes where the Settlement Method is Auction Settlement or Cash Settlement. The relevant Pricing Supplement shall specify (depending upon the particular Credit Linked Notes), amongst other things:

- (a) the type of Credit Linked Notes;
- (b) the Settlement Method and (if applicable) the Final Price and whether Credit Event Maturity Settlement applies;
- (c) the Reference Entity or Reference Entities in respect of which a Credit Event may occur;
- (d) the Reference Obligation(s) (if any) in respect of each Reference Entity;
- (e) the Trade Date and the Scheduled Maturity Date; and
- (f) the Reference Entity Notional Amount in respect of each Reference Entity.

1. **Redemption of Credit Linked Notes**

- (a) Unless previously redeemed or purchased and cancelled and subject as provided in Credit Linked Condition 2, Credit Linked Condition 3, Credit Linked Condition 4 or Credit Linked Condition 5, the Issuer shall redeem each Credit Linked Note on the Maturity Date by payment of the final redemption amount set out in the relevant Pricing Supplement. The final redemption amount will be rounded to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards).

In the case of Instalment Notes, subject as provided in Credit Linked Condition 2, Credit Linked Condition 3 or Credit Linked Condition 4, as applicable, the Issuer shall redeem each Credit Linked Note in such number of instalments and in such amounts ("**Instalment Amounts**") as may be specified in, or determined herein or in accordance with the provisions of, the relevant Pricing Supplement.

Following any partial redemption of a Note, references to a nominal amount of Credit Linked Notes (or Notes) equal to the Calculation Amount shall be deemed to be to a nominal amount which as of the Issue Date had a nominal amount equal to the Calculation Amount.

If a Credit Event Determination Date has occurred in respect of any Reference Entity the Issuer shall redeem each Credit Linked Note as described below.

References in these Credit Linked Conditions to a Credit Linked Note or Note are to a nominal amount of Credit Linked Notes equal to the Calculation Amount (subject as provided above). Any payment of a "*pro rata*" amount in respect of a Note will be determined by reference to its nominal amount relative to the then nominal amount of Notes. For the avoidance of doubt, Condition 6(a) will not apply.

- (b) Where the Notes are Single Reference Entity Credit Linked Notes, if a Credit Event Determination Date has occurred in relation to the Reference Entity, then the Notes will be settled in accordance with Credit Linked Condition 2, Credit Linked Condition 3 or Credit Linked Condition 4, as applicable.
- (c) Where the Notes are Basket Credit Linked Notes, if a Credit Event Determination Date has occurred in respect of any specified Reference Entity, then the provisions of Credit Linked Condition 5 will apply.
- (d) Where any Credit Event Redemption Amount is or would be zero then, other than for the payment of accrued interest (if any) or any other due but unpaid amounts, the Notes will be cancelled as of the Credit Event Redemption Date with no payment being due other than any final amount of accrued interest or any other due but unpaid amounts. The Issuer will have no further obligations in respect of the Credit Linked Notes.
- (e) If any purchase and cancellation of Notes occurs under Condition 6(e) (*Purchases*) or any further issue under Condition 16 (*Further Issues*), the Calculation Agent will make such adjustments to the relevant Pricing Supplement and/or these Credit Linked Conditions as it determines appropriate (including Reference Entity Notional Amounts and/or the Original Notional Amount, as applicable) to ensure the Notes continue to reflect economic intentions.

2. **Auction Settlement**

- (a) Where (i) Auction Settlement is specified as the applicable Settlement Method in the relevant Pricing Supplement for Single Reference Entity Credit Linked Notes and a Credit Event Determination Date occurs on or prior to the Auction Final Price Determination Date or (ii) Credit Linked Condition 4(a) applies and the Issuer does not give a Notice of Physical Settlement, the Issuer shall give notice (such notice an "**Auction Settlement Notice**") to the Noteholders in accordance with Condition 14 (*Notices*), and, subject to these Credit Linked Conditions, in particular Credit Linked Condition 1, redeem all but not some only of the Credit Linked Notes, each Credit Linked Note being redeemed by the Issuer at the Credit Event Redemption Amount on the Credit Event Redemption Date. Any delay in the delivery of an Auction Settlement Notice or failure by the Issuer to deliver an Auction Settlement Notice shall not affect the validity of a Credit Event Determination Date.
- (b) Unless settlement has occurred in accordance with the paragraph above, if:
- (i) an Auction Cancellation Date occurs;
 - (ii) a No Auction Announcement Date occurs (and in circumstances where such No Auction Announcement Date occurs pursuant to paragraphs (b) or (c)(ii) of the definition of No Auction Announcement Date, the Issuer has not exercised the Movement Option);
 - (iii) a DC Credit Event Question Dismissal occurs;
 - (iv) a Credit Event Determination Date was determined pursuant to paragraph (a)(i) of the definition of Credit Event Determination Date or paragraph (a) of the definition of Non-Standard Credit Event Determination Date and no Credit Event Resolution Request Date has occurred on or prior to the date falling three Business Days after such Credit Event Determination Date; or

- (v) the Calculation Agent determines that it is otherwise reasonably likely that the Reference Transaction would be settled in accordance with the Fallback Settlement Method and gives notice of such to the Issuer (the date on which the Calculation Agent gives such notice, the "**Calculation Agent Fallback Settlement Determination Date**"),

then the Issuer shall redeem the Credit Linked Notes in accordance with Credit Linked Condition 3 below.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Credit Linked Condition 2, upon payment of the Credit Event Redemption Amounts in respect of the Notes, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the nominal amount of a Credit Linked Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer.

3. Cash Settlement

If a Credit Event Determination Date has occurred and (i) Cash Settlement is specified as the applicable Settlement Method in the relevant Pricing Supplement for Single Reference Credit Linked Notes or (ii) Credit Linked Condition 2(b) above applies, the Issuer shall give notice (such notice a "**Cash Settlement Notice**") to the Noteholders in accordance with Condition 14 (*Notices*), and, subject to these Credit Linked Conditions, in particular Credit Linked Condition 1, redeem all but not some only of the Credit Linked Notes, each Credit Linked Note being redeemed by the Issuer at the Credit Event Redemption Amount on the Credit Event Redemption Date. Any delay in the delivery of a Cash Settlement Notice or failure by the Issuer to deliver a Cash Settlement Notice shall not affect the validity of a Credit Event Determination Date.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Credit Linked Condition 3, upon payment of the Credit Event Redemption Amounts in respect of the Notes, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the nominal amount of a Credit Linked Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer.

4. Physical Settlement

- (a) If a Credit Event Determination Date has occurred, then where Physical Settlement is specified as the applicable Settlement Method in the relevant Pricing Supplement for Single Reference Entity Credit Linked Notes, the Issuer shall give notice (such notice a "**Notice of Physical Settlement**") to the Noteholders in accordance with Condition 14 (*Notices*), and, subject to these Credit Linked Conditions, in particular Credit Linked Condition 1, redeem all but not some only of the Credit Linked Notes each Credit Linked Note being redeemed by the Issuer by the Delivery of the Deliverable Obligations comprising the Entitlement on or prior to the Credit Settlement Date, subject to and in accordance with the Conditions and these Credit Linked Conditions, unless in the determination of the Issuer in its sole and absolute discretion in its opinion (i) it would not have any Deliverable Obligations to so Deliver or (ii) all of the Deliverable Obligations would be Undeliverable Obligations, in which case the provisions of Credit Linked Condition 2 above shall apply as if Auction Settlement were thereafter specified as the applicable the Settlement Method in the relevant Pricing Supplement and these Credit Linked Conditions and the relevant Pricing Supplement will be construed accordingly and the Issuer shall redeem the Credit Linked Notes in accordance with Credit Linked Condition 2. Any delay in the delivery of a Notice of Physical Settlement or failure by the Issuer to deliver a Notice of Physical Settlement shall not affect the validity of a Credit Event Determination Date.

In the Notice of Physical Settlement, the Issuer shall specify the Deliverable Obligations comprising the Entitlement that it reasonably expects to Deliver and the Outstanding Principal Balance or Due and Payable Amount, as applicable, or the equivalent amount in the Credit Settlement Currency (in each case the relevant "**Outstanding Amount**") and, if different, the face amount, of each such Deliverable Obligation and the aggregate Outstanding Amount of such Deliverable Obligations (the "**Aggregate Outstanding Amount**"). For the avoidance of doubt, the Issuer shall be entitled to select any of the Deliverable Obligations to constitute the Entitlement, irrespective of their market value.

The Issuer may, from time to time, amend a Notice of Physical Settlement by delivering a notice to Noteholders in accordance with Condition 14 (*Notices*), (each such notification, a "**Physical Settlement Amendment Notice**") that the Issuer is replacing, in whole or in part, one or more Deliverable Obligations specified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, (to the extent the relevant Deliverable Obligation has not been Delivered as of the date such Physical Settlement Amendment Notice is effective). A Physical Settlement Amendment Notice shall specify each replacement Deliverable Obligation that the Issuer will Deliver (each, a "**Replacement Deliverable Obligation**") and shall also specify the Outstanding Amount of each Deliverable Obligation identified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, that is being replaced (with respect to each such Deliverable Obligation, the "**Replaced Deliverable Obligation Outstanding Amount**"). The Outstanding Amount of each Replacement Deliverable

Obligation identified in the Physical Settlement Amendment Notice shall be determined by applying the Revised Currency Rate to the relevant Replaced Deliverable Obligation Outstanding Amount. The Outstanding Amount of the Replacement Deliverable Obligation(s) specified in any Physical Settlement Amendment Notice in aggregate with the Outstanding Amount of the Deliverable Obligation(s) specified in the Notice of Physical Settlement or any earlier Physical Settlement Amendment Notice which, in each case, are not being replaced must not be greater than the Aggregate Outstanding Amount. Each such Physical Settlement Amendment Notice must be effective on or prior to the Credit Settlement Date (determined without reference to any change resulting from such Physical Settlement Amendment Notice). Notwithstanding the foregoing, (i) the Issuer may correct any errors or inconsistencies contained in the Notice of Physical Settlement or any Physical Settlement Amendment Notice, as applicable, by notice to Noteholders in accordance with Condition 14 (*Notices*), prior to the relevant Delivery Date; and (ii) if Asset Package Delivery is applicable, the Issuer shall on the relevant PSN Effective Date, or as soon as reasonably practicable thereafter (but in any case, prior to the Delivery Date), notify the Noteholders (in accordance with Condition 14 (*Notices*)) of the detailed description of the Asset Package, if any, that the Issuer will Deliver in lieu of the Prior Deliverable Obligation or Package Observable Bond, if any, specified in the Notice of Physical Settlement or Physical Settlement Amendment Notice, as applicable, it being understood in each case that any such notice shall not constitute a Physical Settlement Amendment Notice.

If "**Mod R**" is specified as applicable in the relevant Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Deliverable Obligation falls within paragraph (e) of the definition thereof or the Deliverable Obligation or Valuation Obligation, as applicable, is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation may be included in the Entitlement only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements or, if none at the relevant time, both the PSN Effective Date and the Delivery Date.

If "**Mod Mod R**" is specified as applicable in the relevant Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Deliverable Obligation falls within paragraph (e) of the definition thereof or the Deliverable Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation may be included in the Entitlement only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements or, if none at the relevant time, both the PSN Effective Date and the Delivery Date. For the purposes of this paragraph only and notwithstanding the foregoing, in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

For the purposes of making a determination pursuant to the two prior paragraphs or the definition of Restructuring Maturity Limitation Date, the final maturity date shall, subject as provided in the prior paragraph, be determined on the basis of the terms of the Deliverable Obligation in effect at the time of making such determination and, in the case of a Deliverable Obligation that is due and payable, the final maturity date shall be deemed to be the date on which such determination is made.

Asset Package Delivery will apply if an Asset Package Credit Event occurs, unless (i) such Asset Package Credit Event occurs prior to the Credit Event Backstop Date determined in respect of the Credit Event specified in the Credit Event Notice or DC Credit Event Announcement applicable to the Credit Event Determination Date, or (ii) if the Reference Entity is a Sovereign, no Package Observable Bond exists immediately prior to such Asset Package Credit Event. Notwithstanding the foregoing, if Sovereign No Asset Package Delivery is specified as applicable in the relevant Pricing Supplement, it shall be deemed that no Package Observable Bond exists with respect to a Reference Entity that is a Sovereign (even if such a Package Observable Bond has been published by ISDA) and accordingly, Asset Package Delivery shall not apply thereto.

Where Asset Package Delivery applies, the Calculation Agent may make any adjustment in relation to provisions for physical settlement and determination of the Entitlement to take account of the relevant Asset Package.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Credit Linked Condition 4, upon Delivery of the Deliverable Obligations and/or payment of the Partial Cash Settlement Amounts, as the case may be, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The value of such Deliverable Obligations and/or the Partial Cash Settlement Amount, as the case may be, may be less than the nominal amount of a Credit Linked Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer.

- (b) Terms relating to Physical Settlement

(i) Asset Transfer Notices

In relation to Credit Linked Notes to be redeemed (whether in whole or in part) by Delivery of the Entitlement(s), in order to obtain Delivery of the Entitlement in respect of the Credit Event Portion of any Note, the relevant Noteholder must:

- (A) if such Note is in global form, deliver to the relevant Clearing System and (in the case of Registered Notes) the Registrar, with a copy to the Principal Paying Agent, the Issuer and any entity appointed by the Issuer to Deliver the Entitlement on its behalf (the "**Delivery Agent**") no later than the close of business in each place of reception on the Cut-off Date, a duly completed asset transfer notice (the "**Asset Transfer Notice**") substantially in the form set out in the Annex (*Form of Asset Transfer Notice*) to these Credit Linked Conditions; and
- (B) if such Note is in definitive form, deliver (i) if such Note is a Bearer Note, to any Paying Agent or (ii) if such Note is a Registered Note, to the Registrar or any Paying Agent, in each case, with a copy to the Principal Paying Agent, the Issuer and the Delivery Agent (as defined above) no later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice.

For the purposes hereof, "**Cut-Off Date**" means the date specified as such in the Notice of Physical Settlement or Physical Settlement Amendment Notice, as applicable.

A form of Asset Transfer Notice may be obtained during normal business hours from the specified office of the Registrar or any Paying Agent.

An Asset Transfer Notice may only be delivered (i) if such Note is in global form, in such manner as is acceptable to the relevant Clearing System or (ii) if such Note is in definitive form, in writing.

If a Note is in definitive form, it must be delivered together with the duly completed Asset Transfer Notice.

The Asset Transfer Notice shall:

- (1) specify the name, address and contact telephone number of the relevant Noteholder and the person from whom the Issuer or Delivery Agent may obtain details for the Delivery of the Entitlement;
- (2) specify the series number of the Notes and the number of Notes which are the subject of such notice;
- (3) in the case of Notes in global form, specify the nominal amount which is the subject of such notice and the number of the Noteholder's account at the relevant Clearing System which, where the relevant Delivery represents the final settlement due in respect of the Notes, is to be debited with such Notes and in such case irrevocably instruct and authorise the relevant Clearing System to debit the relevant Noteholder's account with such Notes on or before the relevant Credit Settlement Date;
- (4) include an undertaking to pay all Expenses and, in the case of a Note in global form, an authority to the relevant Clearing System to debit a specified account of the Noteholder with the relevant Clearing System in respect thereof and to pay such Expenses;
- (5) include such details as are required for Delivery of the Entitlement which may include account details and/or the name and address of any person(s) into whose name evidence of the Entitlement is to be registered and/or any bank, broker or agent to whom documents evidencing the Entitlement are to be Delivered and/or any other Delivery instructions and specify the name and number of the Noteholder's account to be credited with any cash payable by the Issuer, (including, where applicable, pursuant to Credit Linked Condition 11, in respect of any cash amount constituting the Entitlement); and
- (6) authorise the production of such certification in any applicable administrative or legal proceedings,

all as provided therein.

(ii) Verification of the Noteholder

In the case of Notes in global form, upon receipt of an Asset Transfer Notice, the relevant Clearing System shall verify that the person delivering the Asset Transfer Notice is the holder of the nominal amount of Notes described therein according to its records. Subject thereto, the relevant Clearing System will confirm to the Principal Paying Agent the

series number and number of Notes the subject of such notice, the relevant account details and the details for the Delivery of the Entitlement in respect of the Credit Event Portion of such Notes. Upon receipt of such confirmation, the Principal Paying Agent will inform the Issuer and any Delivery Agent thereof. The relevant Clearing System will on or before the relevant Credit Settlement Date, where the relevant Delivery represents the final settlement due in respect of the Notes, debit the securities account of the relevant Noteholder with the relevant Notes the subject of such Asset Transfer Notice.

(iii) Determination and Delivery

Any determination as to whether an Asset Transfer Notice is duly completed and in proper form shall be made by the relevant Paying Agent or the Registrar, as the case may be, in each case in consultation with the Principal Paying Agent, and shall be conclusive and binding on the Issuer, the Principal Paying Agent, any Delivery Agent and the relevant Noteholder. Subject as set out below, any Asset Transfer Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Paying Agent, the Issuer and any Delivery Agent immediately after being delivered or sent as provided in paragraph (i) above, shall be null and void.

If such Asset Transfer Notice is subsequently corrected to the satisfaction of, in the case of Notes in global form, the relevant Clearing System, or, in the case of Notes in definitive form, by the relevant Paying Agent or the Registrar, as the case may be, in each case in consultation with the Principal Paying Agent, it shall be deemed to be a new Asset Transfer Notice submitted at the time such correction was delivered as provided above.

The relevant Clearing System or the relevant Registrar or the Paying Agent, as applicable, shall use its reasonable efforts as soon as reasonably practicable to notify the Noteholder submitting an Asset Transfer Notice, if, in consultation with the Principal Paying Agent and the Issuer, it has determined that such Asset Transfer Notice is incomplete or not in proper form. In the absence of negligence or wilful misconduct on its part, none of the Issuer, the Paying Agents, the Registrar or the relevant Clearing System shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Noteholder.

No Asset Transfer Notice may be withdrawn after receipt thereof by the relevant Clearing System, the Registrar or a Paying Agent, as the case may be, as provided above. After delivery of an Asset Transfer Notice, the relevant Noteholder may not transfer the Notes which are the subject of such notice.

In relation to each Deliverable Obligation comprising an Entitlement the Issuer will Deliver or procure the Delivery of the relevant Deliverable Obligation on or prior to the relevant Credit Settlement Date at the risk of the relevant Noteholder in the manner provided below and provided that the Asset Transfer Notice is duly delivered as provided above not later than the close of business in each place of reception on the Cut-Off Date, Provided That if all or some of the Deliverable Obligations included in such Entitlement are Undeliverable Obligations and/or Hedge Disruption Obligations as of the Credit Settlement Date, then the provisions of Credit Linked Condition 11 below will apply.

If a Noteholder fails to give an Asset Transfer Notice as provided herein with a copy to each relevant party prior to the close of business in each place of reception on the Cut-Off Date, then the Deliverable Obligations comprising each relevant Entitlement will be treated as Hedge Disruption Obligations and the provisions of Credit Linked Condition 11 below will apply.

The Issuer (or any Delivery Agent on its behalf) shall, at the risk of the relevant Noteholder, Deliver (or procure the Delivery) of the Entitlement in respect of the Credit Event Portion of a Note, in such commercially reasonable manner as the Calculation Agent shall in its sole discretion determine and notify to the person designated by the Noteholder in the relevant Asset Transfer Notice or in such manner as is specified in the relevant Pricing Supplement. All Expenses shall be for the account of the relevant Noteholder and no Delivery of the Entitlement shall be made until all Expenses have been paid by the relevant Noteholder to the satisfaction of the Issuer.

(iv) General

Credit Linked Notes held by the same Holders will be aggregated for the purpose of determining the aggregate Entitlements in respect of the Credit Event Portion of such Notes, **provided that**, the aggregate Entitlements in respect of the same Holder will be rounded down to the nearest whole unit of the Deliverable Obligation or each of the Deliverable Obligations, as the case may be, in such manner as the Calculation Agent shall determine. Fractions of the Deliverable Obligation or of each of the Deliverable Obligations, as the case may be, will not be delivered and in lieu thereof a cash adjustment calculated by the Calculation Agent shall be paid to the Noteholder.

After Delivery of the Entitlement in respect of the Credit Event Portion of a Note and for the Intervening Period, none of the Issuer, the Paying Agents, the Registrar, any Delivery Agent or any other person shall at any time (i) be under any obligation to deliver or procure delivery to any Noteholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of the securities or obligations included in such Entitlement, (ii) be under any obligation to exercise or procure exercise of any or all rights attaching to such securities or obligations or (iii) be under any liability to a Noteholder in respect of any loss or damage which such Noteholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities or obligations.

(c) **Rights of Noteholders and Calculations**

None of the Issuer, the Calculation Agent, any Delivery Agent and the Agents shall have any responsibility for any errors or omissions in any calculation or determination in respect of the Notes.

The purchase of the Notes does not confer on any holder of such Notes any rights (whether in respect of voting, distributions or otherwise) attaching to any Deliverable Obligation.

5. **Consequences of a Credit Event Determination Date for Basket Credit Linked Notes**

(a)

(i) *Auction Settlement or Cash Settlement for Basket Credit Linked Notes*

If (x) Auction Settlement or Cash Settlement is specified as the applicable Settlement Method in the relevant Pricing Supplement and a Credit Event Determination Date has occurred in respect of any specified Reference Entity or (y) (ii) below applies in respect of a Series of Basket Credit Linked Notes and the Issuer does not give a Notice of Physical Settlement, (i) the Issuer shall give notice in each case that a Credit Event Determination Date has occurred (such notice a "**Settlement Notice**") to the Noteholders in accordance with Condition 14 (*Notices*) and (ii) in respect of each Basket Credit Linked Note:

- (A) the Issuer shall pay as an Instalment Amount for the purposes of Credit Linked Condition 1(a) above an amount equal to the relevant Credit Event Amount (for which purposes, subject as provided below, the Settlement Method shall apply), if any, on the relevant Credit Event Payment Date which will be the relevant Instalment Date. For the avoidance of doubt, where Credit Event Maturity Settlement is specified to be applicable in the relevant Pricing Supplement each such Credit Event Payment Date and the related Instalment Date will fall on the Maturity Date;
- (B) the interest calculation basis described in paragraph (b) below will apply; and
- (C) other than where Credit Event Maturity Settlement is specified to be applicable in the relevant Pricing Supplement, notwithstanding anything to the contrary herein and subject to the following sentence, if on any date on or prior to the Maturity Date the Adjusted Credit Outstanding Nominal Amount is equal to zero, each Credit Linked Note will be redeemed at the final Credit Event Amount on the final Credit Event Payment Date. If such final Credit Event Amount is zero, then the Credit Linked Notes will be cancelled as of the final Credit Event Payment Date, with no payment being due in respect thereof and the Issuer will have no further liability in respect of the Notes.

Unless settlement has occurred in accordance with part (A) above, if the Settlement Method is Auction Settlement and:

- (1) an Auction Cancellation Date occurs;
- (2) a No Auction Announcement Date occurs (and in circumstances where such No Auction Announcement Date occurs pursuant to paragraphs (b) or (c)(ii) of the definition of No Auction Announcement Date, the Issuer has not exercised the Movement Option);
- (3) a DC Credit Event Question Dismissal occurs;
- (4) a Credit Event Determination Date was determined pursuant to paragraph (a)(i) of the definition of Credit Event Determination Date or paragraph (a) of the definition of Non-Standard Credit Event Determination Date and no Credit Event Resolution Request Date has occurred on or prior to the date falling three Business Days after such Credit Event Determination Date; or
- (5) a Calculation Agent Fallback Settlement Determination Date occurs,

then the Fallback Settlement Method shall apply for the purposes of the Credit Event Amount.

For the avoidance of doubt parts (A) and (B) of this provision will apply and part (C) of this provision will continue to apply in relation to each Reference Entity in respect of which a Credit Event Determination Date has occurred.

Any delay in the delivery of a Settlement Notice or failure by the Issuer to deliver a Settlement Notice shall not affect the validity of the Credit Event Determination Date in respect of the affected Reference Entity.

A Credit Event Determination Date may occur more than once except that, subject as provided in Credit Linked Condition 14 and the definition of Credit Event Determination Date in Credit Linked Condition 13, a Credit Event Notice (if applicable) may only be delivered on one occasion and a Credit Event Determination Date may occur once only, with respect to any Reference Entity (unless subsequent to the occurrence of a Credit Event Determination Date with respect to any Reference Entity, that Reference Entity becomes the Successor to one or more other Reference Entities in respect of which a Credit Event Determination Date has not occurred, in which case a Credit Event Determination Date may occur again).

(ii) *Partial Physical Settlement for Basket Credit Linked Notes*

If Partial Physical Settlement provisions is specified in the relevant Pricing Supplement as being applicable and a Credit Event Determination Date has occurred in respect of any specified Reference Entity, the Issuer shall give notice (such notice a "**Notice of Physical Settlement**") to the Noteholders in accordance with Condition 14 (*Notices*), and, subject to these Credit Linked Conditions, in particular Credit Linked Condition 1, redeem the Credit Event Portion of all but not some only of the Credit Linked Notes and Deliver in respect of each such Credit Event Portion the Deliverable Obligations comprising the Entitlement on or prior to the Credit Settlement Date, subject to and in accordance with the Conditions and these Credit Linked Conditions, unless in the determination of the Issuer in its sole and absolute discretion in its opinion (i) it would not have any Deliverable Obligations to so Deliver or (ii) all of the Deliverable Obligations would be Undeliverable Obligations, in which case the provisions of sub-paragraph (i)(C)(1) of this Condition 5 above shall apply in relation to such Credit Event Portion as if Auction Settlement were thereafter specified as the applicable Settlement Method in the relevant Pricing Supplement and these Credit Linked Conditions and the relevant Pricing Supplement will be construed accordingly and the Issuer shall redeem the Credit Event Portion of all of the Credit Linked Notes in accordance with sub-paragraph (i)(C)(1). Any delay in the delivery of a Notice of Physical Settlement or failure by the Issuer to deliver a Notice of Physical Settlement shall not affect the validity of the Credit Event Determination Date in respect of the affected Reference Entity.

If the Notes are subject to this Credit Linked Condition 5(ii), the interest calculation basis described in paragraph (b) below will apply.

Notwithstanding anything to the contrary herein and subject to the following sentence, if on any date on or prior to the Maturity Date the Adjusted Credit Outstanding Nominal Amount is equal to zero, each Credit Linked Note will be redeemed by Delivery of the final Entitlement on the final Credit Settlement Date (and/or, as applicable, by payment of the Partial Cash Settlement Amount(s) on the Partial Cash Settlement Date(s) if the provisions of Credit Linked Condition 11 below apply). If such final Entitlement (or final Partial Cash Settlement Amount, as applicable) is zero, then each relevant Credit Linked Note will be cancelled, with no further payment or delivery being due in respect thereof and the Issuer will have no further liability in respect thereof.

For the avoidance of doubt the provisions above will apply, or continue to apply as applicable, in relation to each Reference Entity in respect of which a Credit Event Determination Date has occurred.

A Credit Event Determination Date may occur more than once except that, subject as provided in Credit Linked Condition 14 and the definition of Credit Event Determination Date in Credit Linked Condition 13, a Credit Event Notice (if applicable) may only be delivered on one occasion and a Credit Event Determination Date may occur once only, with respect to any Reference Entity (unless subsequent to the occurrence of a Credit Event Determination Date with respect to any Reference Entity, that Reference Entity becomes the Successor to one or more other Reference Entities in respect of which a Credit Event Determination Date has not occurred, in which case a Credit Event Determination Date may occur again).

Each Credit Linked Note or, if the Credit Linked Notes are in global form, the relevant Global Note, shall be endorsed to reflect such partial redemption. If the Calculation Agent, at any time, determines that the aggregate nominal amount of the Credit Linked Notes is thereby reduced to zero, the Issuer's obligations in respect of such Credit Linked

Notes shall immediately be discharged and the Issuer shall have no further liability in respect thereof.

In the Notice of Physical Settlement, the Issuer shall specify the Deliverable Obligations comprising the Entitlement that it reasonably expects to Deliver and the Outstanding Principal Balance or Due and Payable Amount, as applicable, or the equivalent amount in the Credit Settlement Currency (in each case the relevant "**Outstanding Amount**") and, if different, the face amount, of each such Deliverable Obligation and the aggregate Outstanding Amount of such Deliverable Obligations (the "**Aggregate Outstanding Amount**"). For the avoidance of doubt, the Issuer shall be entitled to select any of the Deliverable Obligations to constitute the Entitlement, irrespective of their market value.

The Issuer may, from time to time, amend a Notice of Physical Settlement by delivering a notice to Noteholders in accordance with Condition 14 (*Notices*), (each such notification, a "**Physical Settlement Amendment Notice**") that the Issuer is replacing, in whole or in part, one or more Deliverable Obligations specified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, (to the extent the relevant Deliverable Obligation has not been Delivered as of the date such Physical Settlement Amendment Notice is effective). A Physical Settlement Amendment Notice shall specify each replacement Deliverable Obligation that the Issuer will Deliver (each, a "**Replacement Deliverable Obligation**") and shall also specify the Outstanding Amount of each Deliverable Obligation identified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, that is being replaced (with respect to each such Deliverable Obligation, the "**Replaced Deliverable Obligation Outstanding Amount**"). The Outstanding Amount of each Replacement Deliverable Obligation identified in the Physical Settlement Amendment Notice shall be determined by applying the Revised Currency Rate to the relevant Replaced Deliverable Obligation Outstanding Amount. The Outstanding Amount of the Replacement Deliverable Obligation(s) specified in any Physical Settlement Amendment Notice in aggregate with the Outstanding Amount of the Deliverable Obligation(s) specified in the Notice of Physical Settlement or any earlier Physical Settlement Amendment Notice which, in each case, are not being replaced must not be greater than the Aggregate Outstanding Amount. Each such Physical Settlement Amendment Notice must be effective on or prior to the Credit Settlement Date (determined without reference to any change resulting from such Physical Settlement Amendment Notice). Notwithstanding the foregoing, (i) the Issuer may correct any errors or inconsistencies contained in the Notice of Physical Settlement or any Physical Settlement Amendment Notice, as applicable, by notice to Noteholders in accordance with Condition 14 (*Notices*), prior to the relevant Delivery Date; and (ii) if Asset Package Delivery is applicable, the Issuer shall on the relevant PSN Effective Date, or as soon as reasonably practicable thereafter (but in any case, prior to the Delivery Date), notify the Noteholders (in accordance with Condition 14 (*Notices*)) of the detailed description of the Asset Package, if any, that the Issuer will Deliver in lieu of the Prior Deliverable Obligation or Package Observable Bond, if any, specified in the Notice of Physical Settlement or Physical Settlement Amendment Notice, as applicable, it being understood in each case that any such notice shall not constitute a Physical Settlement Amendment Notice.

If "**Mod R**" is specified as applicable in the relevant Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Deliverable Obligation falls within paragraph (e) of the definition thereof or the Deliverable Obligation or Valuation Obligation, as applicable, is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation may be included in the Entitlement only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements or, if none at the relevant time, both the PSN Effective Date and the Delivery Date.

If "**Mod Mod R**" is specified as applicable in the relevant Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Deliverable Obligation falls within paragraph (e) of the definition thereof or the Deliverable Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation may be included in the Entitlement only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements or, if none at the relevant time, both the PSN Effective Date and the Delivery Date. For the purposes of this paragraph only and notwithstanding the foregoing, in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

For the purposes of making a determination pursuant to the two prior paragraphs or the definition of Restructuring Maturity Limitation Date, the final maturity date shall, subject

as provided in the prior paragraph, be determined on the basis of the terms of the Deliverable Obligation in effect at the time of making such determination and, in the case of a Deliverable Obligation that is due and payable, the final maturity date shall be deemed to be the date on which such determination is made.

Asset Package Delivery will apply if an Asset Package Credit Event occurs, unless (i) such Asset Package Credit Event occurs prior to the Credit Event Backstop Date determined in respect of the Credit Event specified in the Credit Event Notice or DC Credit Event Announcement applicable to the Credit Event Determination Date, or (ii) if the Reference Entity is a Sovereign, no Package Observable Bond exists immediately prior to such Asset Package Credit Event. Notwithstanding the foregoing, if Sovereign No Asset Package Delivery is specified as applicable in the relevant Pricing Supplement, it shall be deemed that no Package Observable Bond exists with respect to a Reference Entity that is a Sovereign (even if such a Package Observable Bond has been published by ISDA) and accordingly, Asset Package Delivery shall not apply thereto.

Where Asset Package Delivery applies, the Calculation Agent may make any adjustment in relation to provisions for physical settlement and determination of the Entitlement to take account of the relevant Asset Package.

- (b) Each Note will bear interest pursuant to, and in accordance with, Condition 3 (*Interest on Fixed Rate Notes*) or Condition 4 (*Interest on Floating Rate Notes*), as applicable, **provided that** (i) for the purposes of determining the interest amounts payable, the Calculation Amount shall be deemed to be each Note's *pro rata* share of the Interest Credit Outstanding Nominal Amount in respect of the relevant Interest Period and (ii) without duplication to any adjustment pursuant to the final paragraph of "**Credit Event Determination Date**" below, if one or more Interest Payment Dates has occurred between the Credit Event Determination Date and its determination, the Issuer may elect in its sole and absolute discretion to instigate the clawback of any overpaid interest in respect of such Interest Payment Date(s).
- (c) The final redemption amount will be, unless otherwise specified in the relevant Pricing Supplement, an amount calculated by the Calculation Agent equal to a Note's *pro rata* share of the Adjusted Credit Outstanding Nominal Amount as of the Maturity Date. Such final redemption amount will be rounded to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards). For the avoidance of doubt, if the Adjusted Credit Outstanding Nominal Amount as of the Maturity Date is zero, then the relevant final redemption amount will be zero and no amounts will be payable in respect thereof.
- (d) For the purposes of Basket Credit Linked Notes:

"Adjusted Credit Outstanding Nominal Amount" means, on any date, (i) the Aggregate Principal Amount minus (ii) the aggregate Reference Entity Notional Amounts of Reference Entities in respect of which a Credit Event Determination Date has occurred on or prior to the relevant date minus (iii) the aggregate of (x) any Shortfall Amounts for each Reference Entity in respect of which a Credit Event Determination Date has occurred on or prior to the relevant date, **provided that** in no event shall the Adjusted Credit Outstanding Nominal Amount be less than zero;

"Interest Credit Outstanding Nominal Amount" means, in respect of an Interest Period:

- (i) the arithmetic average of the Adjusted Credit Outstanding Nominal Amounts for each day in such Interest Period, calculated without the deduction of any Shortfall Amounts or Unwind Costs, as applicable; or
- (ii) if "Accrual of Interest upon Credit Event" is specified as "Applicable - Scheduled Maturity Date" in the relevant Pricing Supplement, the amount determined pursuant to Credit Linked Condition 6; and

"Shortfall Amount" means, for a Reference Entity in respect of which a Credit Event Determination Date has occurred:

- (i) if Auction Settlement or Cash Settlement is specified as the applicable Settlement Method in the relevant Pricing Supplement, the aggregate, for all of the Notes, of (a) (i) the relevant Unwind Costs minus (ii) the Recovery Value related to the relevant Credit Event Amount or, if greater, (b) zero; or
- (ii) if Partial Physical Settlement is specified as applicable in the relevant Pricing Supplement, the aggregate, for all of the Notes, of (a) (i) the relevant Unwind Costs minus (ii) the market value, determined by the Calculation Agent on the Market Value Determination Date, of the Initial Deliverable Obligations related to the relevant Entitlement or, if greater, (b) zero.

If a Credit Event Determination Date occurs the Adjusted Credit Outstanding Nominal Amount will be reduced in accordance with this Credit Linked Condition 5 proportionately to the weighting of the

relevant Reference Entity in the portfolio and to reflect the relevant Shortfall Amounts or Unwind Costs, as applicable.

Any Credit Event Amount payable or the value of any Deliverable Obligations deliverable and/or Partial Cash Settlement Amount payable, as the case may be, on the related partial redemption of each Note may be less than the amount of such reduction and upon such payment and/or delivery, as applicable, the Issuer shall have discharged its obligations in respect of the amount of the Notes so redeemed and shall have no other liability or obligation whatsoever in respect thereof. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer.

In the event that the Adjusted Credit Outstanding Nominal Amount is reduced to zero, the Issuer's obligations in respect of the Credit Linked Notes will be discharged (after payment of any Credit Event Amount(s) or Delivery of any Deliverable Obligation(s) and/or payment of any Partial Cash Settlement Amount(s) as the case may be) and the Issuer will have no further liability in respect of the Notes.

6. Accrual of Interest

- (a) In the case of Single Reference Entity Credit Linked Notes, if "Accrual of Interest upon Credit Event" is specified as "Not Applicable" in the relevant Pricing Supplement, notwithstanding Condition 3(b) (*Accrual of Interest*) and Condition 4(b) (*Accrual of Interest*), as applicable, no interest shall be payable (and accordingly will be deemed not to have accrued) in respect of a Note in respect of which the relevant date for payment thereof (as may be adjusted pursuant to these Credit Linked Conditions) has not occurred on or prior to the Credit Event Determination Date or, if the Credit Event Determination Date falls prior to the first such payment date, no interest shall accrue on the Notes;
- (b) in the case of Single Reference Entity Credit Linked Notes, if "Accrual of Interest upon Credit Event" is specified as "Applicable - Credit Event Determination Date" in the relevant Pricing Supplement, notwithstanding Condition 3(b) (*Accrual of Interest*) and Condition 4(b) (*Accrual of Interest*), as applicable, each Note shall cease to bear interest from the Credit Event Determination Date or, if earlier, the last day of the Interest Period ending on (but excluding) the Scheduled Maturity Date; or
 - (i) if "Accrual of Interest upon Credit Event" is specified as "Applicable - Scheduled Maturity Date" in the relevant Pricing Supplement:
 - (ii) in the case of Single Reference Entity Credit Linked Notes interest will continue to accrue and be payable following a Credit Event Determination Date in accordance with Condition 3 (*Interest on Fixed Rate Notes*) or Condition 4 (*Interest on Floating Rate Notes*), as applicable; or
 - (iii) in the case of Basket Credit Linked Notes, interest will continue to accrue and be payable following a Credit Event Determination Date in accordance with Credit Linked Condition 5(b) calculated on the basis of an Interest Credit Outstanding Nominal Amount equal to the Calculation Amount,

Provided that, if:

- (A)
 - (1) Credit Linked Condition 7, Credit Linked Condition 8 or Credit Linked Condition 9 applies in respect of the Notes and, in the case of Credit Linked Condition 7, a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date or, in the case of Credit Linked Condition 8, a Failure to Pay has not occurred on the Grace Period Extension Date or, in the case of Credit Linked Condition 9, a Credit Event has not occurred on or prior to the DC Determination Cut-off Date, as the case may be; and/or
 - (2) Credit Linked Condition 10 applies in respect of the Notes and a Credit Event Determination Date or the Repudiation/Moratorium Extension Condition, as applicable, has not occurred or is not satisfied on or prior to the Postponed Cut-off Date,
 then interest will accrue as provided in Credit Linked Condition 7, Credit Linked Condition 8, Credit Linked Condition 9 or Credit Linked Condition 10, as the case may be; and
- (B) without duplication to any adjustment pursuant to the final paragraph of "Credit Event Determination Date" below, if one or more Interest Payment Dates has occurred between the Credit Event Determination Date and its determination, the Issuer may elect in its sole and absolute discretion to instigate the clawback, withholding and/or repayment by the Noteholder (whether by way of claim, set off, adjustment in future amounts payable or deliverable by the Issuer under the Notes or otherwise) of any overpaid Interest Amount(s) paid in respect of such Interest Payment Date(s).

7. Repudiation/Moratorium Extension

If "Repudiation/Moratorium" is specified as a Credit Event in the relevant Pricing Supplement, the provisions of this Credit Linked Condition 7 shall apply.

Where a Credit Event Determination Date has not occurred on or prior to the Scheduled Maturity Date but the Repudiation/Moratorium Extension Condition has been satisfied on or prior to the Scheduled Maturity Date or, if Credit Linked Condition 10(y) applies, the Postponed Cut-off Date and the Repudiation/Moratorium Evaluation Date in respect of such Potential Repudiation Moratorium may, in the sole opinion of the Calculation Agent, fall after the Scheduled Maturity Date, then the Calculation Agent shall notify the Noteholders in accordance with Condition 14 (*Notices*) that a Potential Repudiation/Moratorium has occurred and the maturity of the Notes will be delayed (without prejudice to any other later Maturity Date also determined pursuant to the Notes) to the fifth Business Day following the Repudiation/Moratorium Evaluation Date or, if later, the Postponed Cut-off Date and:

- (a) where (1) a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date or (2) a Repudiation/Moratorium has occurred on or prior to the Repudiation/Moratorium Evaluation Date but a Credit Event Determination Date has not occurred:
 - (i) each nominal amount of Credit Linked Notes equal to the Calculation Amount will be redeemed by the Issuer at the final redemption amount set out in the relevant Pricing Supplement on the Maturity Date; and
 - (ii) in the case of interest bearing Credit Linked Notes, the Issuer shall be obliged to pay interest (if any) calculated as provided herein, accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or, if none, the Interest Commencement Date to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the Maturity Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or
- (b) where a Repudiation/Moratorium has occurred on or prior to the Repudiation/Moratorium Evaluation Date and a Credit Event Determination Date has occurred, the provisions of Credit Linked Condition 1 and Credit Linked Condition 2, Credit Linked Condition 3, Credit Linked Condition 4 or Credit Linked Condition 5, as applicable, shall apply to the Credit Linked Notes.

Any failure to provide notice of any such delay to Noteholders will not constitute an Event of Default under the Notes and will not affect the validity of any of the above provisions.

8. **Grace Period Extension**

If "Grace Period Extension" is specified as applicable in the relevant Pricing Supplement, the provisions of this Credit Linked Condition 8 shall apply.

Where a Credit Event Determination Date has not occurred on or prior to the Scheduled Maturity Date but, in the determination of the Calculation Agent, a Potential Failure to Pay has occurred with respect to one or more Obligation(s) in respect of which a Grace Period is applicable on or prior to the Scheduled Maturity Date (and such Grace Period(s) is/are continuing as at the Scheduled Maturity Date), then the Calculation Agent shall notify the Noteholders in accordance with Condition 14 (*Notices*) that a Potential Failure to Pay has occurred and the maturity of the Notes will be delayed (without prejudice to any other later Maturity Date also determined pursuant to the Notes) to the fifth Business Day following the Grace Period Extension Date and:

- (a) where (1) a Failure to Pay has not occurred on the Grace Period Extension Date or (2) a Failure to Pay has occurred on the Grace Period Extension Date but a Credit Event Determination Date has not occurred:
 - (i) each nominal amount of Credit Linked Notes equal to the Calculation Amount will be redeemed by the Issuer at the final redemption amount set out in the relevant Pricing Supplement on the Maturity Date; and
 - (ii) in the case of interest bearing Credit Linked Notes, the Issuer shall be obliged to pay interest calculated as provided herein, accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or, if none, the Interest Commencement Date to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the Maturity Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or
- (b) where a Failure to Pay has occurred on the Grace Period Extension Date and a Credit Event Determination Date has occurred, the provisions of Credit Linked Condition 1 and Credit Linked Condition 2, Credit Linked Condition 3, Credit Linked Condition 4 or Credit Linked Condition 5, as applicable, shall apply to the Credit Linked Notes.

Any failure to provide notice of any such delay to Noteholders will not constitute an Event of Default under the Notes and will not affect the validity of any of the above provisions.

9. **Credit Derivatives Determinations Committee Extension**

If, in the determination of the Calculation Agent, a Potential Credit Event has occurred and following a Credit Event Resolution Request Date the Credit Derivatives Determinations Committee has not made its determination on or prior to the Scheduled Maturity Date or any Interest Payment Date then the Calculation Agent shall notify Noteholders in accordance with Condition 14 (*Notices*) that (without prejudice to any other later Maturity Date also determined pursuant to the Notes) the Maturity Date or the relevant interest payment has been postponed to a date (the "**DC Determination Postponed Date**") being the day falling five Business Days after (a) if the Credit Derivatives Determinations Committee Resolves that a Credit Event has occurred, fifteen (15) Business Days following the relevant DC Credit Event Announcement or (b) if the Credit Derivatives Determinations Committee Resolves that a Credit Event has not occurred, the second Business Day following the relevant DC No Credit Event Announcement or, as applicable, (c) fifteen (15) Business Days following the DC Credit Event Question Dismissal (the date of the relevant DC Credit Event Announcement, DC No Credit Event Announcement or DC Credit Event Dismissal, as applicable, the "**DC Determination Cut-off Date**"), and:

- (a) in the case of the Maturity Date, where (1) a Credit Event has not occurred on or prior to the DC Determination Cut-off Date or (2) a Credit Event has occurred on or prior to the DC Determination Cut-off Date but a Credit Event Determination Date has not occurred:
 - (i) each nominal amount of Credit Linked Notes equal to the Calculation Amount will be redeemed by the Issuer at the final redemption amount set out in the relevant Pricing Supplement on the Maturity Date; and
 - (ii) in the case of interest bearing Credit Linked Notes, the Issuer shall be obliged to pay interest calculated as provided herein, accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or if none the Interest Commencement Date to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the Maturity Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or
- (b) where a Credit Event has occurred on or prior to the DC Determination Cut-off Date and a Credit Event Determination Date has occurred, the provisions of Credit Linked Condition 1 and Credit Linked Condition 2, Credit Linked Condition 3, Credit Linked Condition 4 or Credit Linked Condition 5, as applicable, shall apply to the Credit Linked Notes; or
- (c) in relation to such event as of an Interest Payment Date, the Calculation Agent may delay the relevant amount of interest which would otherwise be payable on the relevant Interest Payment Date. In this case where (i) a Credit Event has not occurred on or prior to the DC Determination Cut-off Date then, without duplication to any interest payable pursuant to paragraph (a) above, the relevant amount of interest shall be payable on the relevant DC Determination Postponed Date but no additional interest will be payable in respect of the relevant delay and for the avoidance of doubt no amendment will be made to any Interest Period or basis of calculation of the relevant amount of interest, other than as described above; or (ii) where a Credit Event has occurred on or prior to the DC Determination Cut-off Date and a Credit Event Determination Date has occurred thereafter, if applicable, the relevant amount of interest will be adjusted accordingly and may be zero and (if any) will be payable on the relevant DC Determination Postponed Date or, in the case of any interest due at maturity, on the Maturity Date.

Any failure to provide notice of any such postponement to Noteholders will not constitute an Event of Default under the Notes and will not affect the validity of any of the above provisions.

10. **Maturity Date Extension in the case of Credit Linked Notes**

The following provisions of this Credit Linked Condition 10 apply to Credit Linked Notes and, for the avoidance of doubt, may be applied on more than one occasion:

Without prejudice to Credit Linked Condition 12, if:

- (y) on the Scheduled Maturity Date, in the opinion of the Calculation Agent, a Potential Repudiation/Moratorium may have occurred,

the Calculation Agent may at its option notify the Noteholders in accordance with Condition 14 (*Notices*) that redemption of the Notes has been postponed (without prejudice to any other later Maturity Date also determined pursuant to the Notes) to the Postponed Maturity Date and, in the case of (x) above, the Repudiation/Moratorium Evaluation Date, the Grace Period Extension Date, the last day of the Notice Delivery Period (which for these purposes shall apply in the case of 10(x)(A) as well as 10(x)(D) above) or the DC Determination Cut-off Date, as the case may be, has been postponed to the Postponed Cut-off Date and:

where:

- (a) in the case of Credit Linked Condition 10(x), a Credit Event Determination Date has not occurred on or prior to the Postponed Cut-off Date or, in the case of Credit Linked Condition 10(y), the Repudiation/Moratorium Extension Condition is not satisfied on or prior to the Postponed Cut-off Date:
- (i) subject as provided below, each Note will be redeemed by the Issuer at the final redemption amount set out in the relevant Pricing Supplement on the Maturity Date; and
 - (ii) in the case of interest bearing Credit Linked Notes, the Issuer shall be obliged to pay interest calculated as provided herein accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or, if none, the Interest Commencement Date to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the Maturity Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or
- (b) where:
- (i) in the case of Credit Linked Condition 10(x), a Credit Event Determination Date has occurred on or prior to the Postponed Cut-off Date, the provisions of Credit Linked Condition 1 and Credit Linked Condition 2, Credit Linked Condition 3, Credit Linked Condition 4 or Credit Linked Condition 5, as applicable, shall apply to the Credit Linked Notes; or
 - (ii) in the case of Credit Linked Condition 10(y), the Repudiation/Moratorium Extension Condition is satisfied on or prior to the Postponed Cut-off Date, the provisions of Credit Linked Condition 7 shall apply to the Credit Linked Notes.

For the purposes hereof:

"Postponed Cut-off Date" means the fifteenth (15th) Business Day after the Scheduled Maturity Date, the relevant Repudiation/Moratorium Evaluation Date or Grace Period Extension Date, or the last day of the Notice Delivery Period or the DC Determination Cut-off Date, as the case may be; and

"Postponed Maturity Date" means the fifth (5th) Business Day after the Postponed Cut-off Date.

11. **Partial Cash Settlement**

If all or a portion of the Obligations comprising an Entitlement are Undeliverable Obligations and/or Hedge Disruption Obligations, the Issuer shall give notice (a **"Partial Cash Settlement Notice"**) to the Noteholders in accordance with Condition 14 (*Notices*) and the Issuer shall pay in respect of each Undeliverable Obligation and/or Hedge Disruption Obligation, as the case may be, the Partial Cash Settlement Amount on the Partial Cash Settlement Date. Any failure to provide a Partial Cash Settlement Notice will not constitute an Event of Default under the Notes and will not affect the validity of any of the foregoing provisions.

In the Partial Cash Settlement Notice, the Issuer must give details of why it is unable to deliver the relevant Undeliverable Obligations or Hedge Disruption Obligation, as the case may be.

Unless otherwise specified in the relevant Pricing Supplement, for the purposes of this Credit Linked Condition 11 only the following terms shall be defined as follows and such definitions will apply notwithstanding other definitions of such terms in Credit Linked Condition 13:

"Indicative Quotation" means, in accordance with the Quotation Method, each quotation obtained from a Quotation Dealer at the Valuation Time for (to the extent reasonably practicable) an amount of the Undeliverable Obligation or Hedge Disruption Obligations, as the case may be, equal to the Quotation Amount, which reflects such Quotation Dealer's reasonable assessment of the price of such Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, based on such factors as such Quotation Dealer may consider relevant, which may include historical prices and recovery rates.

"Market Value" means, with respect to an Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, on a Valuation Date, (i) if more than three Full Quotations are obtained, the arithmetic mean of such Full Quotations, disregarding the Full Quotations having the highest and lowest values (and, if more than one such Full Quotations have the same highest or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (ii) if exactly three Full Quotations are obtained, the Full Quotation remaining after disregarding the highest and lowest Full Quotations (and, if more than one such Full Quotations have the same highest value or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (iii) if exactly two Full Quotations are obtained, the arithmetic mean of such Full Quotations; (iv) if fewer than two Full Quotations are obtained and a Weighted Average Quotation is obtained, such Weighted Average Quotation; (v) if Indicative Quotations are specified as applying in the relevant Pricing Supplement and exactly three Indicative Quotations are obtained, the Indicative Quotation remaining after disregarding the highest and lowest Indicative Quotations (and, if more than one such Indicative Quotations have the same highest or lowest value, then one of such highest or lowest Indicative Quotations shall be disregarded); (vi) if fewer than two Full Quotations are obtained

and no Weighted Average Quotation is obtained (and, if Indicative Quotations are applicable, fewer than three Indicative Quotations are obtained) then, subject to paragraph (b) of the definition of "Quotation" below, an amount as determined by the Calculation Agent on the next Business Day on which at least two Full Quotations or a Weighted Average Quotation or, if applicable, three Indicative Quotations are obtained; and (vii) if fewer than two Full Quotations are obtained and no Weighted Average Quotation is obtained (and, if Indicative Quotations are applicable, fewer than three Indicative Quotations are obtained) on the same Business Day on or prior to the tenth Business Day following the Valuation Date the Market Value shall be any Full Quotation obtained from a Quotation Dealer at the Valuation Time on such tenth Business Day or, if no Full Quotation is obtained, the weighted average of any firm quotations (or, if applicable, Indicative Quotations) for the Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, obtained from Quotation Dealers at the Valuation Time on such tenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations (or, if applicable, Indicative Quotations) were not obtained on such day.

"Partial Cash Settlement Amount" is deemed to be, for an Undeliverable Obligation or a Hedge Disruption Obligation, as the case may be, an amount calculated by the Calculation Agent equal to the greater of:

- (a)
 - (i) the Outstanding Principal Balance, the Due and Payable Amount or the Currency Amount, as applicable, of each Undeliverable Obligation or Hedge Disruption Obligation, as the case may be; multiplied by
 - (ii) (x) the Final Price with respect to such Undeliverable Obligation or Hedge Disruption Obligation, determined as provided in this Credit Linked Condition or (y) in the case of a Hedge Disruption Obligation, if a Hedging Auction has been held on or prior to the relevant Credit Settlement Date, the Hedging Auction Final Price; less if applicable
 - (iii) Unwind Costs, if any (but excluding any Unwind Costs already taken into account in calculating the relevant Entitlement); less
 - (iv) Expenses, if any (but excluding any Expenses already taken into account in calculating the relevant Entitlement); and
- (b) zero,

provided that where the relevant Undeliverable Obligation or Hedge Disruption Obligation forms part of the Asset Package and (in the case of (x) above) the Calculation Agent determines that a Final Price cannot reasonably be determined in respect of such Undeliverable Obligation or Hedge Disruption Obligation, then the Partial Cash Settlement Amount will be an amount calculated by the Calculation Agent equal to the fair market value of the relevant Undeliverable Obligation or Hedge Disruption Obligation less Unwind Costs if any (but excluding any Unwind Costs already taken into account in calculating the relevant Entitlement) and less Expenses, if any (but excluding any Expenses already taken into account in calculating the relevant Entitlement).

"Partial Cash Settlement Date" is deemed to be the date falling five Business Days after the calculation of the Final Price or, if the Hedging Auction Final Price applies, the relevant Credit Settlement Date.

"Quotation" means each Full Quotation, the Weighted Average Quotation and, if Indicative Quotations are specified as applying in the relevant Pricing Supplement, each Indicative Quotation obtained and expressed as a percentage of the Outstanding Principal Balance or Due and Payable Amount, as applicable, of the relevant Undeliverable Obligation or Hedge Disruption Obligation with respect to a Valuation Date in the manner that follows:

- (a) The Calculation Agent shall attempt to obtain Full Quotations with respect to each Valuation Date from five or more Quotation Dealers. If the Calculation Agent is unable to obtain two or more such Full Quotations on the same Business Day within three Business Days of a Valuation Date, then on the next following Business Day (and, if necessary, on each Business Day thereafter until the tenth Business Day following the relevant Valuation Date) the Calculation Agent shall attempt to obtain Full Quotations from five or more Quotation Dealers, and, if two or more Full Quotations are not available, a Weighted Average Quotation. If two or more such Full Quotations or a Weighted Average Quotation are not available on any such Business Day and Indicative Quotations are specified as applying in the relevant Pricing Supplement, the Calculation Agent shall attempt to obtain three Indicative Quotations from five or more Quotation Dealers.
- (b) If the Calculation Agent is unable to obtain two or more Full Quotations or a Weighted Average Quotation (or, if Indicative Quotations are specified as applying in the relevant Pricing Supplement, three Indicative Quotations) on the same Business Day on or prior to the tenth Business Day following the Valuation Date, the Quotations shall be deemed to be any Full Quotation obtained from a Quotation Dealer at the Valuation Time on such tenth Business Day or, if no Full Quotation is obtained, the weighted average of any firm quotations (or, if applicable, Indicative Quotations) for the Undeliverable Obligation or the Hedge Disruption Obligation, as the case may be, obtained from Quotation Dealers at the Valuation Time on such tenth Business

Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations (or, if applicable, Indicative Quotations) were not obtained on such day.

- (c) The Calculation Agent shall determine, based on the then current market practice in the market of the relevant Undeliverable Obligation or Hedge Disruption Obligations, as the case may be, whether such Quotations shall include or exclude accrued but unpaid interest. All Quotations shall be obtained in accordance with this determination.

"Quotation Amount" is deemed to be, with respect to each type or issue of Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, an amount equal to at least the Outstanding Principal Balance or Due and Payable Amount (or, in either case, its equivalent in the relevant Obligation Currency converted by the Calculation Agent by reference to exchange rates in effect at the time that the relevant Quotation is being obtained), as applicable, of such Undeliverable Obligation or Hedge Disruption Obligations, as the case may be.

"Quotation Method" is deemed to be Bid.

"Valuation Date" is the fifth Business Day following the relevant Credit Settlement Date.

"Valuation Method" is deemed to be Highest unless fewer than two Full Quotations are obtained or a Weighted Average Quotation applies (or, if applicable, Indicative Quotations), in which case "Valuation Method" is deemed to be Market.

"Valuation Obligation" is deemed to be each Undeliverable Obligation or Hedge Disruption Obligation, as the case may be.

"Valuation Time" is the time specified as such in the relevant Pricing Supplement, or, if no time is so specified, 11:00 a.m. in the principal trading market for the Undeliverable Obligation or the Hedge Disruption Obligation, as the case may be.

"Weighted Average Quotation" means, in accordance with the Quotation Method, the weighted average of firm quotations obtained from Quotation Dealers at the Valuation Time, to the extent reasonably practicable, each for an amount of the Undeliverable Obligation or the Hedge Disruption Obligation, as the case may be, with an Outstanding Principal Balance or Due and Payable Amount, as applicable, of as large a size as available but less than the Quotation Amount that in aggregate are approximately equal to the Quotation Amount.

12. Settlement Suspension

(a) Suspension

During such Suspension Period none of the Issuer, the Calculation Agent or any Noteholder are obliged to, nor are they entitled to, take any action in connection with the settlement of the Credit Linked Notes. Once the relevant DC Credit Event Announcement or DC Credit Event Question Dismissal has occurred, the relevant timing requirements of the Credit Linked Conditions that have previously tolled or been suspended shall resume on the Business Day following such public announcement by the DC Secretary with the Issuer having the benefit of the full day notwithstanding when the tolling or suspension began in accordance with this Credit Linked Condition 12.

In the event of any such Suspension Period, the Calculation Agent may make (x) such consequential or other adjustment(s) or determination(s) to or in relation to the Conditions and these Credit Linked Conditions as may be desirable or required either during or following any relevant Suspension Period to account for or reflect such suspension and (y) determine the effective date of such adjustment(s) or determination(s).

(b) Interest

In the case of interest bearing Credit Linked Notes:

- (i) if a Suspension Period falls in any one or more Interest Period(s), then no interest (or any interest on any delayed payment of interest) shall accrue during each portion of an Interest Period during which a Suspension Period exists; and
- (ii) if an Interest Payment Date falls in a Suspension Period, payment of the relevant interest will be deferred until such date as determined by the Calculation Agent falling no earlier than the first Business Day and no later than the fifth Business Day following the end of

the Suspension Period, all subject to the provisions of Condition 8 (*Payments*) and Credit Linked Conditions 7, 8, 9 and 10.

- (v) if one or more entities succeed directly as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor and the Reference Entity will not be changed in any way as a result of such succession;
- (vi) if one or more entities succeed, either directly or indirectly, as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than twenty-five per cent. of the Relevant Obligations of the Reference

Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations will be the Successor (provided that if two or more entities succeed to an equal percentage of Relevant Obligations, each such entity will be a Successor and the Base Conditions and/or the relevant Pricing Supplement will be adjusted as provided below); and

- (vii) in respect of a Reference Entity which is not a Sovereign, if one entity assumes all of the obligations (including at least one Relevant Obligation) of the Reference Entity, and at the time of the determination either (A) the Reference Entity has ceased to exist, or (B) the Reference Entity is in the process of being dissolved (howsoever described) and the Reference Entity has not issued or incurred any Borrowed Money obligation at any time since the legally effective date of the assumption, such entity (the "**Universal Successor**") will be the sole Successor; and
- (b) An entity may only be a Successor if:
 - (i) either (A) the related Succession Date occurs on or after the Successor Backstop Date, or (B) such entity is a Universal Successor in respect of which the Succession Date occurred on or after 1 January 2014;
 - (ii) the Reference Entity had at least one Relevant Obligation outstanding immediately prior to the Succession Date and such entity succeeds to all or part of at least one Relevant Obligation of the Reference Entity; and
 - (iii) where the Reference Entity is a Sovereign, such entity succeeded to the Relevant Obligations by way of a Sovereign Succession Event.

The Calculation Agent will be responsible for determining, as soon as reasonably practicable after delivery of a Successor Notice and with effect from the Succession Date, any Successor or Successors under paragraph (a) above, Provided That the Calculation Agent will not make any such determination if, at the time of determination, the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that there is no Successor based on the relevant succession to Relevant Obligations.

The Calculation Agent may, if it determines appropriate, select an alternative Transaction Type for any Successor to a Reference Entity and adjust such of the Base Conditions and/or the relevant Pricing Supplement as it determines appropriate to reflect such new Transaction Type and determine the effective date of any such change and adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if any such Transaction Type and adjustment reflects any adjustment to any credit derivative transaction(s) related to or underlying the Credit Linked Notes incorporating the provisions of the 2014 ISDA Credit Derivatives Definitions (the "**2014 Definitions**"). Upon the Calculation Agent making such adjustment, the Issuer shall give notice as soon as practicable to Noteholders in accordance with Condition 14 (*Notices*) stating the new Transaction Type and the adjustment to the Base Conditions and/or the relevant Pricing Supplement (if any). For the avoidance of doubt any failure to provide such a notice to Noteholders will not constitute an Event of Default under the Notes and will not affect the validity of any of the foregoing provisions.

The Calculation Agent will make all calculations and determinations required to be made under this definition of Successor on the basis of Eligible Information and will, as soon as practicable after such calculation or determination, make such calculation or determination available for inspection by Noteholders at the specified office of the Principal Paying Agent. In calculating the percentages used to determine whether an entity qualifies as a Successor under paragraph (a) above, if there is a Steps Plan, the Calculation Agent shall consider all related successions in respect of such Steps Plan in aggregate as if forming part of a single succession.

Where pursuant to paragraph (a)(iii), (a)(iv) or (a)(vi) or (b) above, more than one Successor has been identified, the Calculation Agent shall adjust such of the Base Conditions and/or the relevant Pricing Supplement as it shall determine to be appropriate (including, without limitation, the Reference Entity Notional Amount and (if applicable) the Transaction Type) to reflect that the Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it adjusts such of the Base Conditions and/or the relevant Pricing Supplement in such a manner as to reflect the adjustment to and/or division of any credit derivative transaction(s) related to or underlying the Credit Linked Notes under the provisions of the 2014 Definitions.

Upon the Calculation Agent making such adjustment, the Issuer shall give notice as soon as practicable to Noteholders in accordance with Condition 14 (*Notices*) stating the adjustment to the Base Conditions and/or the relevant Pricing Supplement and giving brief details of the relevant Successor event. For the avoidance of doubt any failure to provide such a notice to Noteholders will not constitute an Event of Default under the Notes and will not affect the validity of any of the foregoing provisions.

If two or more entities (each, a "**Joint Potential Successor**") jointly succeed to a Relevant Obligation (the "**Joint Relevant Obligation**") either directly or as a provider of a Relevant Guarantee, then (i) if the Joint Relevant Obligation was a direct obligation of the Reference Entity, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as direct obligor or obligors, or (ii) if the Joint Relevant

Obligation was a Relevant Guarantee, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as guarantor or guarantors, if any, or otherwise by each Joint Potential Successor in equal parts.

For the purposes of this definition of "Successor", "**succeed**" means, with respect to the Reference Entity and its Relevant Obligations, that an entity other than the Reference Entity (i) assumes or becomes liable for such Relevant Obligations whether by operation of law or pursuant to any agreement (including, with respect to a Reference Entity that is a Sovereign, any protocol, treaty, convention, accord, concord, entente, pact or other agreement), or (ii) issues Bonds or incurs Loans (the "**Exchange Bonds or Loans**") that are exchanged for Relevant Obligations, and in either case the Reference Entity is not thereafter a direct obligor or a provider of a Relevant Guarantee with respect to such Relevant Obligations or such Exchange Bonds or Loans, as applicable. For purposes of this definition of "Successor", "succeeded" and "succession" shall be construed accordingly. In the case of an exchange offer, the determinations required pursuant to paragraph (a) of this definition of "Successor" shall be made on the basis of the outstanding principal balance of Relevant Obligations exchanged and not on the basis of the outstanding principal balance of the Exchange Bonds or Loans.

Each such form of Credit Derivatives Auction Settlement Terms shall set out, *inter alia*, definitions of "Auction", "Auction Cancellation Date", "Auction Covered Transaction" and "Auction Final Price Determination Date" in relation to the relevant Credit Event. The Transaction Auction Settlement Terms for purposes of the Credit Linked Notes shall be the relevant form of Credit Derivatives Auction Settlement Terms for which the Reference Transaction would be an Auction Covered Transaction (as such term will be set out in the relevant Credit Derivatives Auction Settlement Terms). The Reference Transaction (as set out in the definition thereof) is a hypothetical credit derivative transaction included in these Credit Linked Conditions principally for the purpose of selecting the Credit Derivatives Auction Settlement Terms appropriate to the Credit Linked Notes.

The following terms shall have the following meanings:

- (A) "**Valuation Obligation Category**" means one of Payment, Borrowed Money, Reference Obligation Only, Bond, Loan, or Bond or Loan (each as defined in the definition of "Obligation" above, except that, for the purpose of determining Valuation Obligations, the definition of "Reference Obligation Only" shall be amended to state that no Valuation Obligation Characteristics shall be applicable to Reference Obligation Only).

- (B) "**Valuation Obligation Characteristics**" means any one or more of Not Subordinated, Specified Currency, Not Sovereign Lender, Not Domestic Currency, Not Domestic Law, Listed, Not Domestic Issuance (each as defined in the definition of "Obligation" above), Assignable Loan, Consent Required Loan, Direct Loan Participation, Transferable, Maximum Maturity, Accelerated or Matured and Not Bearer;

- (1) "**Assignable Loan**" means a Loan that is capable of being assigned or novated to, at a minimum, commercial banks or financial institutions (irrespective of their jurisdiction of organisation) that are not then a lender or a member of the relevant lending syndicate, without the consent of the relevant Reference Entity or the guarantor, if any, of such Loan (or the consent of the applicable borrower if the Reference Entity is guaranteeing such Loan) or any agent;

- (2) "**Consent Required Loan**" means a Loan that is capable of being assigned or novated with the consent of the Reference Entity or the guarantor, if any, of such Loan (or the consent of the relevant borrower if the Reference Entity is guaranteeing such loan) or any agent;

- (3) "**Direct Loan Participation**" means a Loan in respect of which, pursuant to a participation agreement, the Issuer is capable of creating, or procuring the creation of, a contractual right in favour of each Noteholder that provides each Noteholder with recourse to the participation seller for a specified share in any payments due under the relevant Loan which are received by such participation seller, any such agreement to be entered into between each Noteholder and either (A) the Issuer (to the extent that the Issuer is then a lender or a member of the relevant lending syndicate), or (B) a Qualifying Participation Seller (if any) (to the extent such Qualifying Participation Seller is then a lender or a member of the relevant lending syndicate);

- (4) "**Transferable**" means an obligation that is transferable to institutional investors without any contractual, statutory or

regulatory restriction, provided that none of the following shall be considered contractual, statutory or regulatory restrictions:

- I contractual, statutory or regulatory restrictions that provide for eligibility for resale pursuant to Rule 144A or Regulation S promulgated under the United States Securities Act of 1933, as amended (and any contractual, statutory or regulatory restrictions promulgated under the laws of any jurisdiction having a similar effect in relation to the eligibility for resale of an obligation);
 - II restrictions on permitted investments such as statutory or regulatory investment restrictions on insurance companies and pension funds; or
 - III restrictions in respect of blocked periods on or around payment dates or voting periods;
- (5) "**Maximum Maturity**" means an obligation that has a remaining maturity of not greater than the period specified in the relevant Pricing Supplement (or if no such period is specified, thirty years);
 - (6) "**Accelerated or Matured**" means an obligation under which the principal amount owed, whether by reason of maturity, acceleration, termination or otherwise, is due and payable in full in accordance with the terms of such obligation, or would have been but for, and without regard to, any limitation imposed under any applicable insolvency laws; and
 - (7) "**Not Bearer**" means any obligation that is not a bearer instrument unless interests with respect to such bearer instrument are cleared via Euroclear, Clearstream International or any other internationally recognised clearing system.

(ii) *Interpretation of Provisions*

- (A) If (i) any of the Valuation Obligation Characteristics "Listed", "Not Domestic Issuance" or "Not Bearer" is specified in the relevant Pricing Supplement, the relevant Pricing Supplement shall be construed as though such Valuation Obligation Characteristic had been specified as a Valuation Obligation Characteristic only with respect to Bonds; (ii) the Valuation Obligation Characteristic "Transferable" is specified in the relevant Pricing Supplement, the relevant Pricing Supplement shall be construed as though such Valuation Obligation Characteristic had been specified as a Valuation Obligation Characteristic only with respect to Valuation Obligations that are not Loans; or (iii) any of the Valuation Obligation Characteristics "Assignable Loan", "Consent Required Loan" or "Direct Loan Participation" is specified in the relevant Pricing Supplement, the relevant Pricing Supplement shall be construed as though such Valuation Obligation Characteristic had been specified as a Valuation Obligation Characteristic only with respect to Loans.
- (B) If more than one of "Assignable Loan", "Consent Required Loan" and "Direct Loan Participation" are specified as Valuation Obligation Characteristics in the relevant Pricing Supplement, the Valuation Obligations may include any Loan that satisfies any one of such Valuation Obligation Characteristics specified and need not satisfy all such Valuation Obligation Characteristics.
- (C) If a Valuation Obligation is a Relevant Guarantee, the following will apply:
 - (1) for purposes of the application of the Valuation Obligation Category, the Relevant Guarantee shall be deemed to satisfy the same category or categories as those that describe the Underlying Obligation;
 - (2) for purposes of the application of the Valuation Obligation Characteristics, both the Relevant Guarantee and the Underlying Obligation must satisfy on the relevant date or dates each of the applicable Valuation Obligation Characteristics, if any, specified in the relevant Pricing Supplement from the following list: "Not Subordinated", "Specified Currency", "Not Sovereign Lender", "Not Domestic Currency" and "Not Domestic Law";

- (3) for purposes of the application of the Valuation Obligation Characteristics, only the Underlying Obligation must satisfy on the relevant date or dates each of the applicable Valuation Obligation Characteristics, if any, specified in the relevant Pricing Supplement from the following list: "Listed", "Not Domestic Issuance", "Assignable Loan", "Consent Required Loan", "Direct Loan Participation", "Transferable", "Maximum Maturity", "Accelerated" or "Matured" and "Not Bearer"; and
- (4) for purposes of the application of the Valuation Obligation Characteristics to an Underlying Obligation, references to the Reference Entity shall be deemed to refer to the Underlying Obligor.
- (D) For purposes of the application of the Valuation Obligation Characteristic "Maximum Maturity", remaining maturity shall be determined on the basis of the terms of the Valuation Obligation in effect at the time of making such determination and, in the case of a Valuation Obligation that is due and payable, the remaining maturity shall be zero.
- (E) If "Financial Reference Entity Terms" and "Governmental Intervention" are specified as applicable in the relevant Pricing Supplement, if an obligation would otherwise satisfy a particular Valuation Obligation Characteristic, the existence of any terms in the relevant obligation in effect at the time of making the determination which permit the Reference Entity's obligations to be altered, discharged, released or suspended in circumstances which would constitute a Governmental Intervention, shall not cause such obligation to fail to satisfy such Valuation Obligation Characteristic.
- (F) For purposes of determining the applicability of Valuation Obligation Characteristics and the requirements specified in the paragraphs commencing "If "Mod R"..." and "If "Mod Mod R"..." below to a Prior Deliverable Obligation or a Package Observable Bond, any such determination shall be made by reference to the terms of the relevant obligation in effect immediately prior to the Asset Package Credit Event.
- (G) If "Subordinated European Insurance Terms" is specified as applicable in the relevant Pricing Supplement, if an obligation would otherwise satisfy the "Maximum Maturity" Valuation Obligation Characteristic, the existence of any Solvency Capital Provisions in such obligation shall not cause it to fail to satisfy such Valuation Obligation Characteristic.

If "**Mod R**" is specified as applicable in the relevant Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Valuation Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Valuation Obligation may be specified in a Valuation Obligation Notification only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements or, if none at the relevant time, the date of delivery of the Valuation Obligation Notification.

If "**Mod Mod R**" is specified as applicable in the relevant Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Valuation Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Valuation Obligation may be specified in a Valuation Obligation Notification only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements or, if none at the relevant time, the date of delivery of the Valuation Obligation Notification. For the purposes of this paragraph only and notwithstanding the foregoing, in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

For the purposes of making a determination pursuant to the two prior paragraphs or the definition of Restructuring Maturity Limitation Date, the final maturity date shall, subject as provided in the prior paragraph, be determined on the basis of the terms of the Valuation Obligation in effect at the time of making such determination and, in the case of a Valuation Obligation that is due and payable, the final maturity date shall be deemed to be the date on which such determination is made.

Asset Package Delivery will apply if an Asset Package Credit Event occurs, unless (i) such Asset Package Credit Event occurs prior to the Credit Event Backstop Date determined in respect of the Credit Event specified in the Credit Event Notice or DC Credit Event Announcement applicable to the Credit Event Determination Date, or (ii) if the Reference Entity is a Sovereign, no Package Observable Bond exists

immediately prior to such Asset Package Credit Event. Notwithstanding the foregoing, if Sovereign No Asset Package Delivery is specified as applicable in the relevant Pricing Supplement, it shall be deemed that no Package Observable Bond exists with respect to a Reference Entity that is a Sovereign (even if such a Package Observable Bond has been published by ISDA) and accordingly, Asset Package Delivery shall not apply thereto.

The Valuation Obligation Notification shall describe the selected Valuation Obligation(s) in reasonable detail and shall specify the relevant title(s) or designation(s), maturity date(s) and coupon rate(s) and, unless the Quotation Amount is specified in the relevant Pricing Supplement, the applicable Quotation Amount in respect of each such Valuation Obligation (Provided That the aggregate of the Quotation Amounts in respect of the Valuation Obligations shall not exceed the relevant Reference Entity Notional Amount). The Issuer may at any time after delivering a Valuation Obligation Notification but prior to the Valuation Time on the Valuation Date deliver a further Valuation Obligation Notification which shall replace all prior Valuation Obligation Notifications in relation to any additional or replacement Valuation Obligation(s) specified therein.

For the avoidance of doubt the Issuer shall be entitled to select any Valuation Obligations for the purposes of calculating the Final Price irrespective of their market value and, provided that (in the case of a Valuation Obligation selected pursuant to sub-paragraph (a) above) the selected obligation satisfies the applicable Valuation Obligation Category and Valuation Obligation Characteristics on the relevant date, such obligation(s) may constitute the Valuation Obligation(s) for the purposes hereof notwithstanding that this is not the case subsequent to such date.

"**Valuation Time**" means the time specified as such in the relevant Pricing Supplement or, if no time is so specified, 11.00 a.m. in the principal trading market for the Valuation Obligation.

"**Weighted Average Quotation**" means in accordance with the Quotation Method, the weighted average of firm quotations obtained from Quotation Dealers at the Valuation Time, to the extent reasonably practicable, each for an amount of the Valuation Obligation with an Outstanding Principal Balance or Due and Payable Amount, as applicable, of as large a size as available but less than the Quotation Amount (but, of a size at least equal to the Minimum Quotation Amount) that in aggregate are approximately equal to the Quotation Amount.

14. **Credit Event Notice after Restructuring Credit Event**

Notwithstanding anything to the contrary in these Credit Linked Conditions, upon the occurrence of an M(M)R Restructuring:

- (a) The Calculation Agent may deliver multiple Credit Event Notices in respect of such M(M)R Restructuring, each such Credit Event Notice setting forth an amount of the relevant Reference Entity Notional Amount to which such Restructuring Credit Event applies (the "**Partial Redemption Amount**") that may be less than such Reference Entity Notional Amount immediately prior to the delivery of such Credit Event Notice. In such circumstances the Credit Linked Conditions and related provisions shall be deemed to apply to the Partial Redemption Amount only and each such Credit Linked Note shall be redeemed in part (such redeemed part being equal to the Partial Redemption Amount).
- (b) For the avoidance of doubt (A) the nominal amount of each Credit Linked Note not so redeemed in part shall remain outstanding, the Reference Entity Notional Amount shall be reduced by the Partial Redemption Amount and interest shall accrue in respect of each Credit Linked Note as provided in Condition 3 (*Interest on Fixed Rate Notes*) or Condition 4 (*Interest on Floating Rate Notes*), and Credit Linked Condition 5(b), as applicable, (adjusted in such manner as the Calculation Agent determines to be appropriate), (B) the Credit Linked Conditions and related provisions shall apply to such Credit Linked Note in the event that subsequent Credit Event Notices are delivered in respect of the Reference Entity that was the subject of the Restructuring Credit Event and (C) if, following a Restructuring Credit Event, different Credit Event Determination Dates have been determined with respect to different portions of amounts payable or deliverable to Noteholders under the relevant Series, the Calculation Agent will (x) determine such adjustment(s) to the Base Conditions as may be required to achieve as far as practicable the same economic effect as if each such portion was a separate series or otherwise reflect or account for the effect of the above provisions of this Credit Linked Condition 14 and (y) the effective date of such adjustment(s).
- (c) If the provisions of this Credit Linked Condition 14 apply in respect of the Credit Linked Notes, on redemption of part of each such Credit Linked Note the relevant Credit Linked Note or, if the Credit Linked Notes are represented by a Global Note, such Global Note, shall be endorsed to reflect such part redemption.

15. **Provisions relating to Multiple Holder Obligation**

Unless this Credit Linked Condition 15 is specified as not applicable in the relevant Pricing Supplement, then, notwithstanding anything to the contrary in the definition of Restructuring and related provisions, the occurrence of, agreement to, or announcement of, any of the events described in sub-paragraphs (a) to (c) of the definition of "**Restructuring**" shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation.

"**Multiple Holder Obligation**" means an Obligation that (i) at the time of the event which constitutes a Restructuring Credit Event is held by more than three holders that are not Affiliates of each other and (ii) with respect to which a percentage of holders (determined pursuant to the terms of the Obligation as in effect on the date of such event) at least equal to sixty-six and two-thirds is required to consent to the event which constitutes a Restructuring Credit Event, provided that any Obligation that is a Bond shall be deemed to satisfy the requirement in paragraph (ii).

16. **Calculation Agent, Calculation Agent Notices and Timings**

- (a) Whenever any state of affairs, circumstance, event or other matter falls to be determined, considered or otherwise decided upon, or any discretion is required to be exercised, by the Calculation Agent or any other person (including where a matter is to be decided by reference to the Calculation Agent's or such other person's opinion), unless otherwise stated, that matter shall be determined, considered or otherwise decided upon, or that discretion shall be exercised, (i) where by the Calculation Agent, acting in good faith and in a commercially reasonable manner or (ii) where by such other person acting in its sole and absolute discretion and in each case shall in the absence of manifest error) be final and binding on the Issuer, the Trustee and the Noteholders. Whenever the Calculation Agent is required to make any determination it may, *inter alia*, decide issues of construction and legal interpretation. Any delay, deferral or forbearance by the Calculation Agent in the performance or exercise of any of its obligations or its discretion under the Notes including, without limitation, the giving of any notice by it to any person, shall not affect the validity or binding nature of any later performance or exercise of such obligation or discretion. Neither the Calculation Agent nor the Issuer shall be liable for any loss, liability, cost, claim, action, demand or expense (including without limitation, all costs, charges and expenses paid or incurred in disputing or defending any of the foregoing) arising out of or in relation to or in connection with the Calculation Agent's appointment or the exercise of its functions (including, without limitation, any such delay, deferral or forbearance), except in the case of the Calculation Agent such as may result from its own wilful default, negligence or bad faith or that of its officers or agents.
- (b) Any notice to be delivered by the Calculation Agent to the Issuer pursuant to these Credit Linked Conditions may be given in writing (including by facsimile and/or email) and/or by telephone. Any such notice will be effective when given, regardless of the form in which it is delivered. A notice given by telephone will be deemed to have been delivered at the time the telephone conversation takes place. If the notice is delivered by telephone, a written confirmation will be executed and delivered confirming the substance of that notice within one Calculation Agent City Business Day of that notice. Failure to provide that written confirmation will not affect the effectiveness of that telephonic notice.
- (c) Any notice to be delivered by the Issuer to the Calculation Agent pursuant to these Credit Linked Conditions may be given in writing (including by facsimile and/or email) and/or by telephone. Any such notice will be effective when given, regardless of the form in which it is delivered. A notice given by telephone will be deemed to have been delivered at the time the telephone conversation takes place. If the notice is delivered by telephone, a written confirmation will be executed and delivered confirming the substance of that notice within one Calculation Agent City Business Day of that notice. Failure to provide that written confirmation will not affect the effectiveness of that telephonic notice.
- (d) For the purposes of determining the day on which an event occurs for purposes of these Credit Linked Conditions, the Calculation Agent will determine the demarcation of days by reference to Greenwich Mean Time (or, if the Reference Entity has a material connection to Japan for these purposes, Tokyo time) irrespective of the time zone in which such event occurred. Any event occurring at midnight shall be deemed to have occurred immediately prior to midnight.
- (e) In addition, if a payment is not made by the Reference Entity on its due date or, as the case may be, on the final day of the relevant Grace Period, then such failure to make a payment shall be deemed to have occurred on such day prior to midnight Greenwich Mean Time (or, if the Reference Entity has a material connection to Japan for these purposes, Tokyo time), irrespective of the time zone of its place of payment.

17. **Amendment of Credit Linked Conditions**

- (a) The Calculation Agent may from time to time amend any provision of these Credit Linked Conditions (i) to incorporate and/or reflect further or alternative documents or protocols from time to time published by ISDA with respect to the settlement of credit derivative transactions and/or the operation or application of determinations by Credit Derivatives Determinations Committees, including without limitation, in relation to settlement, credit events and successors and/or (ii) in any manner which the Calculation Agent determines in a commercially reasonable manner is necessary or desirable to reflect or account for market practice for credit derivative transactions and/or reflect or account for a Hedge Disruption Event.
- (b) The Trustee shall consent, without the consent of the Noteholders or the Couponholders, to any such amendments upon receipt from the Issuer of a certificate, signed by a Director of the Issuer, stating that the amendments proposed by the Calculation Agent are necessary to reflect or account for market practice for credit derivative transactions and/or reflect or account for a Hedge

Disruption Event, provided that the Trustee shall not be obliged to agree to any such amendments which, in the sole opinion of the Trustee, either: (x) increase or modify the duties and/or obligations of the Trustee; or (y) remove, modify or adversely affect any rights, powers or protections of the Trustee.

- (c) Any amendment made in accordance with this Credit Linked Condition 17 shall be notified to the Noteholders in accordance with Condition 14 (*Notices*). Any failure to provide notice of any such amendment to Noteholders will not constitute an Event of Default under the Notes and will not affect the validity of any of the foregoing provisions.

18. Early redemption of Reference Obligation Only Notes following a Substitution Event

If the Notes are Reference Obligation Only Notes relating to a single Reference Entity and the event set out in paragraph (a) of the definition of Substitution Event above occurs with respect to the Reference Obligation, then:

- (a) interest (if any) shall cease to accrue on the Credit Linked Notes from and including the Interest Payment Date immediately preceding the relevant Substitution Event Date or, if no Interest Payment Date has occurred, no interest will accrue on the Credit Linked Notes; and
- (b) each Credit Linked Note will be redeemed by the Issuer at its relevant Reference Obligation Only Early Termination Amount specified in, or determined in the manner specified in, the relevant Pricing Supplement on the Maturity Date, which for the purposes of this Credit Linked Condition 18 shall be the day falling five Business Days following the relevant Substitution Event Date.

19. DC Resolution Adjustment Events

If following the publication of a DC Resolution (the "**Prior DC Resolution**"), a further DC Resolution (the relevant "**Further DC Resolution**") is published the effect of which would be to reverse all or part of the Prior DC Resolution or if any DC Resolution would reverse any determination made by the Calculation Agent and/or the occurrence of a Credit Event Determination Date, notwithstanding any other provisions of these Credit Linked Conditions the Calculation Agent may, in its sole and absolute discretion, make any adjustment(s) that the Calculation Agent determines is necessary or desirable to the Conditions or these Credit Linked Conditions to reflect the publication of such Further DC Resolution or DC Resolution, including, without limitation, as a result of the impact or effect of such Further DC Resolution or DC Resolution on the Hedging Arrangements (if any at the relevant time).

20. Payments

Condition 8(d) (*Payments - General Provisions*) shall be amended by including the following sentence as the last sentence therein:

"Notwithstanding anything contained in these Conditions, if any relevant Condition requires any amounts in relation to a Note to be rounded as part of any calculations or determinations, then in the case of Notes which are for the time being represented by a Global Note, such calculation or determination shall be carried out in relation to the aggregate principal amount of the Notes so represented. Any rounding shall be carried out to the result thereof and the rounding shall not be carried out in relation to any calculations or determinations made on a *pro rata* or per Note basis."

21. Modification and Substitution

Condition 15 (*Modification of Terms, Waiver and Substitution*) shall be amended by inserting "; or" after the reference to "Couponholders" in the last line of sub paragraph (b)(iii) and inserting thereafter the following as a new sub paragraph (b)(iv):

- (iv) any modification of the Notes of a Series after the Issue Date required in connection with the listing of such Notes on any stock exchange."

[MiFID II PRODUCT GOVERNANCE/PROFESSIONAL INVESTORS AND ECPs ONLY TARGET MARKET - Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, "**MiFID II**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels.]

FORMS OF NOTES; SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Notes may, subject to all applicable legal and regulatory requirements, be issued in Tranches or Series comprising either Notes in bearer form ("**Bearer Notes**") or Notes in registered form ("**Registered Notes**"), as specified in the relevant Pricing Supplement.

Registered Notes

In the case of Registered Notes, the relevant Pricing Supplement may specify that the Notes will be issued in global form (Global Registered Notes as defined below) held in specified clearing systems, as described below, or in definitive form (Definitive Registered Notes as defined below).

Global Registered Notes

If Notes are to be issued in the form of Global Registered Notes, the Issuer will deliver a Global Registered Note (as such term is defined below), subject to the Agency Agreement (as defined herein) in accordance with their respective terms and as specified in the relevant Pricing Supplement.

Global Registered Notes

In the case of a Tranche of Registered Notes offered and sold solely outside the United States (as defined in Regulation S) in reliance on Regulation S, such Tranche of Registered Notes may be represented by a Global Registered Note without interest coupons (a "**Global Registered Note**"), which will be deposited on or about the closing date (the "**Closing Date**") for the relevant Tranche with a common depository for Euroclear and/or Clearstream, Luxembourg and registered in the name of a nominee for such common depository or, as the case may be, with a sub-custodian for the CMU. Interests in any Global Registered Note will be exchangeable (in circumstances described below under "*Exchange and Transfer of Global Registered Notes for Definitive Registered Notes*") for Definitive Registered Notes ("**Definitive Registered Notes**") in the relevant form scheduled to the Trust Deed.

Owner of Global Registered Notes and Payments

Subject to certain provisions of the Trust Deed relating to directions, sanctions and consents of Holders of Registered Notes and to meetings of Holders of Notes, so long as one or more of the Clearing Systems or the nominee of their common depository or sub-custodian (as the case may be) is the registered owner or holder of a Global Registered Note, that Clearing System or such nominee or sub-custodian, as the case may be, will be considered the sole owner or holder of the Notes represented by such Global Registered Note for all purposes under the Agency Agreement, the Trust Deed and the Notes. Payments of principal, interest and additional amounts, if any, pursuant to Condition 7, on Global Registered Notes will be made to one or more of the Clearing Systems, such nominee or sub-custodian, as the case may be, as the registered holder thereof. None of the Issuer, the Trustee, the relevant Registrar, or any Paying Agent or any affiliate of any of the above or any person by whom any of the above is controlled for the purposes of the Securities Act will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in Global Registered Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. Each such payment in respect of a Global Registered Note will be made to the person shown as the registered owner or holder in the Register at the close of business (in the relevant clearing system) on the Clearing System Business Day before the due date for such payment (the "**Record Date**") where "**General Clearing System Business Day**" means a day on which each clearing system for which the Global Registered Note is being held is open for business.

CMU

If a Global Registered Note is lodged with the CMU, the person(s) for whose account(s) interests in such Global Registered Note are credited as being held in the CMU in accordance with the CMU Rules as notified by the CMU to the CMU Lodging and Paying Agent in a relevant CMU Instrument Position Report or any other relevant notification by the CMU (which notification, in either case, shall be conclusive evidence of the records of the CMU save in the case of manifest error) shall be the only person(s) entitled (in the case of Registered Notes, directed or deemed by the CMU as entitled) to receive payments in respect of Notes represented by such Global Registered Note and the Issuer will be discharged by payment to, or to the order of, such person(s) for whose account(s) interests in such Global Registered Note are credited as being held in the CMU in respect of each amount so paid. Each of the persons shown in the records of the CMU, as the beneficial holder of a particular nominal amount of Notes represented by such Global Registered Note must look solely to the CMU Lodging and Paying Agent for his share of each payment so made by the Issuer in respect of such Global Registered Note.

Exchange and Transfer of Global Registered Notes for Definitive Registered Notes

Beneficial interests in a Global Registered Note will be exchangeable, in whole but not in part, for Definitive Registered Notes: (i) if the relevant Clearing System(s) is/are closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; or (ii) if an Enforcement Event occurs as set out in Condition 10 (*Enforcement*); or (iii) if so specified in the relevant Pricing Supplement, if the holder of the relevant Global Registered Note requests that such interest be exchanged for Definitive Registered Notes; or (iv) at the option of the Issuer, if the Issuer, any Paying Agent or the relevant Registrar, by reason of any change in, or amendment to, the laws of the DIFC or the UAE, is or will be required to make any deduction or withholding from any payment under the Notes which would not be required if such Notes were in definitive form.

In such circumstances, (a) the relevant Registrar will be required to notify all Holders of interests in the relevant Global Registered Notes registered in the name of Euroclear, Clearstream, Luxembourg or the nominee of their common depository or the sub-custodian of the CMU, as the case may be, of the availability of Definitive Registered Notes and (b) the Issuer will, at the cost of the Issuer, cause sufficient Definitive Registered Notes, as the case may be, to be executed and delivered to the relevant Registrar for completion, authentication and dispatch to the relevant Holders. A person having an interest in the relevant Global Registered Note must provide the relevant

Registrar with a written order containing instructions and such other information as the Issuer and the relevant Registrar may require to complete, execute and deliver the relevant Definitive Registered Note.

The option for Global Registered Notes to be exchangeable for Definitive Registered Notes by giving notice should not be applicable in respect of Notes not having the minimum denomination(s) and integral multiples set out in the relevant Pricing Supplement.

Bearer Notes

Bearer Notes will be issued in accordance with the provisions of United States Treasury Regulations 1.163-5(c)(1)(ii) and 1.163-5(c)(2)(i)(D) ("**TEFRA D**"), unless the relevant Pricing Supplement provides that such Notes will be issued in accordance with the provisions of United States Treasury Regulations 1.163-5(c)(1)(ii) and 1.163-5(c)(2)(i)(C) ("**TEFRA C**"). Bearer Notes issued in accordance with TEFRA D will be represented upon issue by a temporary global note in bearer form without interest coupons (a "**Temporary Global Note**"). Bearer Notes issued in accordance with TEFRA C will be represented upon issue by a permanent global note in bearer form without interest coupons (a "**Permanent Global Note**") or by a Temporary Global Note. Each Temporary Global Note and Permanent Global Note will be deposited on or about the issue date for the relevant Tranche with a common depository, depositories or sub-custodians (as the case may be) for the relevant Clearing System(s). Beneficial interests in a Temporary Global Note issued in accordance with TEFRA C will be exchangeable at any time and without any requirement for certification for Bearer Notes in definitive form ("**Definitive Bearer Notes**"), in accordance with the terms of such Temporary Global Note and as specified in the relevant Pricing Supplement. Interests in a Temporary Global Note issued in accordance with TEFRA D will be exchangeable either for Definitive Bearer Notes or for interests in a Permanent Global Note, on or after the date which is 40 days after the date on which such Temporary Global Note is issued and upon certification as to non-U.S. beneficial ownership thereof or otherwise as required by U.S. Treasury Regulations, in accordance with the terms of such Temporary Global Note and as specified in the relevant Pricing Supplement.

Interests in any Permanent Global Note will be exchangeable, in whole but not in part, for Definitive Bearer Notes, against presentation and (in the case of final exchange) surrender of such Permanent Global Note at the specified office from time to time of the Principal Paying Agent or, as the case may be, the CMU Lodging and Paying Agent (i) if the relevant Clearing System(s) or any other clearing system by which the Notes have been accepted for clearing is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention to cease business permanently, (ii) if an Enforcement Event occurs as set out in Condition 10, (iii) if so specified in the relevant Pricing Supplement, upon the bearer's request or (iv) if the Issuer or any Paying Agent, by reason of any change in, or amendment to, the laws of the DIFC or the UAE, is or will be required to make any deduction or withholding from any payment under the Notes which would not be required if such Notes were in definitive form.

Definitive Bearer Notes will, if interest-bearing and if so specified in the relevant Pricing Supplement, have interest coupons ("**Coupons**") and, if applicable, a talon for further Coupons attached. All Definitive Bearer Notes will, if the principal thereof is repayable by instalments, have endorsed thereon a grid for recording the payment of principal.

Payments in respect of Bearer Notes

All payments, if any, in respect of Bearer Notes when represented by a Temporary Global Note or a Permanent Global Note will be made against presentation and surrender or, as the case may be, presentation of the relevant Temporary Global Note or Permanent Global Note at the specified office of any of the Paying Agents. A record of each payment so made in respect of Notes when represented by a Permanent Global Note will be endorsed on the relevant schedule to such Permanent Global Note by or on behalf of the Principal Paying Agent or, as the case may be, the CMU Lodging and Paying Agent, which endorsement will be *prima facie* evidence that such payment has been made.

The records of the relevant clearing systems which reflect the amount of Noteholders' interests in the Notes shall be conclusive evidence of the nominal amount of Notes represented by the Global Notes.

If any date on which a payment of interest is due on the Notes of a Series issued in accordance with TEFRA D occurs while any of the Notes of that Series are represented by a Temporary Global Note, the relevant interest payment will be made on such Temporary Global Note only to the extent that certification has been received by the relevant Clearing System(s) as to the beneficial ownership thereof, as required by U.S. Treasury Regulations, in accordance with the terms of such Temporary Global Note.

in the case of (i) and (ii) above, so long as any Notes are listed on any stock exchange, notices will also be published as required by the rules and regulations of such stock exchange.

The provisions for meetings of Holders of Notes scheduled to the Trust Deed provide that, where all the Notes of the relevant Series are held by one person, the quorum in respect of the relevant meeting will be one person present (being, in the case of an individual, present in person or, being, in the case of a corporation, present by a representative) holding all the outstanding Notes of the relevant Series or holding voting certificates or being a proxy in respect of such Notes.

Purchase and Cancellation

Cancellation of any Note surrendered for cancellation following its purchase will be effected by reduction in the principal amount of the relevant Temporary Global Note, Permanent Global Note or, as the case may be, Global Registered Note and, in the case of a Global Registered Note, will be recorded in the Register by the relevant Registrar.

Issuer's Option to Redeem in Part

No drawing of Bearer Notes or redemption *pro rata* of Registered Notes will be required under Condition 6(c) in the event that the Issuer exercises any option to redeem such Notes in part while all such Notes which are outstanding are represented by a Temporary Global Note, Permanent Global Note or, as the case may be, Global Registered Note. In such event, the standard procedures of the relevant Clearing System(s) or, as the case may be, the Alternative Clearing System shall operate to determine which interests in such Global Notes are to be subject to such option. In relation to Bearer Notes, such partial redemption is to be reflected in the records of the relevant Clearing System(s) as either a pool factor or a reduction in nominal amount, at their discretion.

Early Redemption at the option of the Holder - Provisions relating to Registered Notes held in Clearing Systems

Condition 6(d) allows for early redemption of Notes at the option of the Holder of such Notes if so specified in the relevant Pricing Supplement. Such option is exercisable by the Holder of the relevant Notes by depositing such Notes, together with a notice of exercise of such option (an "**Option Notice**"), duly completed and signed in accordance with Condition 6(d), at the specified office of any Paying Agent (in the case of Bearer Notes, outside the United States). In respect of any Registered Notes of the relevant Series of which a nominee for a common depository for Euroclear and Clearstream, Luxembourg is the registered Holder, or, as the case may be, a sub-custodian for the CMU is the registered Holder, such Option Notice will be deemed to have been duly completed and signed by the Holder of the relevant Notes if it has been completed and signed by or on behalf of a person in respect of whom notification has been given by the relevant Clearing System(s) to the relevant Registrar that such person is a person who is shown in the records of such Clearing System(s) as having relevant Registered Notes of a specified principal amount standing to the credit of its account with that the Clearing System(s) or delivered from its account with such Clearing System(s) for the purpose of exercising such option.

CLEARING AND SETTLEMENT

Custodial and depository links have been established with the Clearing Systems to facilitate the initial issuance of Notes and cross-market transfers of Notes between investors associated with secondary market trading. Transfers within a Clearing System will be in accordance with the usual rules and operating procedures of the relevant system.

Euroclear and Clearstream, Luxembourg

Euroclear and Clearstream, Luxembourg each holds securities for participating organisations and facilitates the clearance and settlement of securities transactions between their respective participants through electronic book-entry changes in accounts of such participants. Euroclear and Clearstream, Luxembourg provide to their respective participants, among other things, services for safekeeping, administration, clearance and settlement of internationally-traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg participants are financial institutions throughout the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations. Indirect access to Euroclear or Clearstream, Luxembourg is also available to others, such as banks, brokers, dealers and trust companies which clear through or maintain a custodial relationship with a Euroclear or Clearstream, Luxembourg participant, either directly or indirectly.

Distributions of principal and interest with respect to book-entry interests in the Notes held through Euroclear and Clearstream, Luxembourg will be credited, to the extent received by the Principal Paying Agent, to the cash accounts of Euroclear or Clearstream, Luxembourg participants in accordance with the relevant system's rules and procedures.

CMU

The CMU Service is a central depository service provided by the Central Moneymarkets Unit of the HKMA for the safe custody and electronic trading between the members of this service ("**CMU Members**") of capital markets

instruments ("**CMU Instruments**") which are specified in the CMU Service Reference Manual as capable of being held within the CMU Service.

The CMU Service is only available for CMU Instruments issued by a CMU Member or by a person for whom a CMU Member acts as agent for the purposes of lodging instruments issued by such persons. Membership of the CMU Service is open to all members of the Hong Kong Capital Markets Association and "authorised institutions" under the Banking Ordinance (Cap. 155) of Hong Kong.

Compared to clearing services provided by Euroclear and Clearstream, Luxembourg, the standard custody and clearing service provided by the CMU Service is limited. In particular (and unlike the European clearing systems), the HKMA does not as part of this service provide any facilities for the dissemination to the relevant CMU Members of payments (of interest or principal) under, or notices pursuant to the notice provisions of, CMU Instruments. Instead, the HKMA advises the CMU Lodging Agent (or a designated paying agent) of the identities of the CMU Members to whose accounts payments in respect of the relevant CMU Instruments are credited, whereupon the CMU Lodging Agent (or the designated paying agent) will make the necessary payments of interest or principal or send notices directly to the relevant CMU Members.

Similarly, the HKMA will not obtain certificates of non-U.S. beneficial ownership from CMU Members or provide any such certificates on behalf of CMU Members. The CMU Lodging Agent will collect such certificates from the relevant CMU Members identified from an instrument position report obtained by request from the HKMA for this purpose.

An investor holding an interest through an account with either Euroclear or Clearstream, Luxembourg in any Notes held in the CMU Service will hold that interest through the respective accounts which Euroclear and Clearstream, Luxembourg each have with the CMU Service.

Secondary Market Trading in relation to Global Registered Notes

Trading between Euroclear and/or Clearstream, Luxembourg participants: Secondary market sales of book-entry interests in the Notes held through Euroclear or Clearstream, Luxembourg to purchasers of book-entry interests in the Notes through Euroclear or Clearstream, Luxembourg will be conducted in accordance with the normal rules and operating procedures of Euroclear and Clearstream, Luxembourg and will be settled using the procedures applicable to conventional eurobonds.

PRODUCT DESCRIPTIONS

PRODUCT DESCRIPTION RELATING TO CURRENCY-LINKED NOTES

Notes issued pursuant to the Programme may include Currency-Linked Notes, being Notes in relation to which the interest rate and/or the final redemption amount payable at maturity is dependent on the performance of a particular underlying currency or group of currencies specified in the Pricing Supplement (each a "**Currency Related Variable**"). Generally, if the underlying currency in question appreciates in relation to the currency to which it is being compared, the interest rate and/or redemption amount will increase accordingly.

Details of the underlying currency or group of currencies and the page(s) of Bloomberg, the Reuters Service and/or other source where information about such underlying currency or group of currencies can be obtained will be specified in the relevant Pricing Supplement.

There follows a description of certain types of Currency-Linked Notes that may be issued under the Programme. In addition to these Notes, the Issuer may issue Currency-Linked Notes under the Programme which combine elements of any of the Notes described below or are linked to a currency in a manner other than described below, details of which will be provided in the relevant Pricing Supplement.

Payment of Interest shall be subject to further specifications in the formula specified in the Pricing Supplement.

Triple Currency Notes: Notes in relation to which the interest payable is a fixed amount and if at least one of the two Currency-Related Variables is higher than a predefined level or value at maturity, the redemption amount payable to the Noteholder at maturity is calculated by reference to a formula specified in the Pricing Supplement applied to the aggregate principal amount of the Notes. Investors normally receive payment at maturity in one of the three currencies (either the original currency in which the Notes are denominated or one of the two alternative currencies of the Currency-Related Variable). Payment of interest may be subject to further specifications in the formula specified in the Pricing Supplement.

Early Redemption Accrual Notes: Notes which are to be mandatorily redeemed prior to their maturity date if a specified trigger event relating to a Currency-Related Variable occurs after or during a specified period or on a specified date, as specified in the Pricing Supplement. The face amount of the Notes will be converted into an alternative currency every day and accrues until the trigger event date, so that the redemption amount payable to the Noteholder will be in the alternative currency for the accrued face amount and/or in the original denomination currency for the residual face amount.

Reverse Convertible Notes: Notes in relation to which the interest payable is a fixed amount. If the final level or value of Currency-Related Variable at maturity is higher than the initial level or value of the Currency-Related Variable, the redemption amount payable to the Noteholder at maturity is the aggregate principal amount of the Notes, whereas, if the final level or value of Currency-Related Variable is equal to or lower than the initial level or value of the Currency-Related Variable, the redemption amount payable to the Noteholder at maturity is calculated by reference to a formula specified in the Pricing Supplement applied to the aggregate principal amount of the Notes (such amount being less than the aggregate principal amount of the Notes).

Tracker Notes: Notes in relation to which the redemption amount payable to the Noteholder at maturity is calculated as either (i) the *product* of the aggregate face amount of the Notes and, if there is an increase in the level or value of the Currency-Related Variable during the term of the Notes, such level or value expressed as a percentage of the initial level or value of the Currency-Related Variable, or (ii) the *product* of the aggregate face amount of the Notes and, if there is a decrease in the level or value of the Currency-Related Variable during the term of the Notes, such level or value expressed as a percentage of the initial level or value of the Currency-Related Variable. No interest is payable in respect of such Notes.

Leverage Tracker Notes: Notes in relation to which the redemption amount payable to the Noteholder at maturity is calculated as either (i) the *product* of the aggregate face amount of the Notes and, if there is an increase in the level or value of the Currency-Related Variable during the term of the Notes, the *product* of a multiplier or participation

rate specified in the Pricing Supplement and such level or value expressed as a percentage of the initial level or value of the Currency-Related Variable, or (ii) the *product* of the aggregate face amount of the Notes and, if there is a decrease in the level or value of the Currency-Related Variable during the term of the Notes, such level or value expressed as a percentage of the initial level or value of the Currency-Related Variable. No interest is payable in respect of such Notes.

PRODUCT DESCRIPTION RELATING TO INTEREST RATE-LINKED NOTES

Notes issued pursuant to the Programme may include Interest Rate-Linked Notes, being Notes in relation to which the interest payable thereon (if any) and/or the redemption amount thereof is determined by reference to levels of, or movements in, specified interest rates or other interest rate dependent variables, as applicable (each, an "**Interest-Related Variable**"). Such Notes may be Fixed Rate Notes, Floating Rate Notes, Variable Coupon Amount Notes or Zero Coupon Notes, as specified in the relevant Pricing Supplement. In the case of Variable Coupon Amount Notes, details of the dates on which interest shall be payable and the method of calculation of the interest payable on each such date will be set out in the relevant Pricing Supplement.

Interest-Related Variables may consist of interest rates for specified periods, such as London inter-bank offered rates "**LIBOR**" for deposits in specified currencies or "**EURIBOR**" for deposits in euro, or constant maturity swap ("**CMS**") or remaining maturity swap ("**RMS**") rates, or other interest-based factors, as specified in the relevant Pricing Supplement. Details of the Interest-Related Variable(s) applicable to any particular Series or Tranche of Notes and an indication of where information about the past and the future performance of the Interest-Related Variable and other information relating thereto will be specified in the relevant Pricing Supplement.

There follows a description of certain types of Interest Rate-Linked Notes that may be issued under the Programme. In addition to these types of Notes, the Issuer may issue Interest Rate-Linked Notes under the Programme which combine elements of any of the Interest Rate-Linked Notes described below or are linked to Interest-Related Variables in a manner other than described below, details of which will be provided in the relevant Pricing Supplement.

Early Redemption features for Interest Rate-Linked Notes:

Callable Notes: Notes which may be redeemed prior to their specified maturity date at the option of the Issuer, which option may be exercised periodically or on dates specified in the Pricing Supplement.

Puttable Notes: Notes which may be redeemed at the option of the Noteholder prior to the maturity date if a specified trigger event relating to an Interest-Related Variable occurs during a specified period or on a specified date, as specified in the Pricing Supplement.

Target Redemption Notes: Notes, the terms of which provide as follows: (i) the minimum and maximum interest payable to a Noteholder over the term of the Notes are set on the issue date and expressed as pre-determined percentages of the notional amount of the Notes ("**Lifetime Floor**" and "**Lifetime Cap**", respectively), (ii) the final interest payment is increased so that, if the cumulative total interest payments (taking into account the amount of such final interest payment) would not otherwise reach the Lifetime Floor, Noteholders receive over the life of the Notes cumulative interest payments equal to the Lifetime Floor and (iii) the Notes will be mandatorily redeemed at par on the first interest payment date on which the cumulative total interest payments up to and including such payment date would exceed the Lifetime Cap taking into account the interest payments scheduled to be made on such date, which interest payments will then be reduced so that Noteholders receive over the life of the Notes aggregate interest payments equal to the Lifetime Cap.

Trigger Redemption Notes: Notes which are not Callable Notes and which are to be mandatorily redeemed prior to their maturity date if a specified trigger event in relation to a Interest-Related Variable occurs during a specified period or on a specified date, as specified in the Pricing Supplement.

Payment features for Interest Rate-Linked Notes:

Coupon Notes: Notes in relation to which the interest payable to the Noteholder is subject to the performance of the Interest-Related Variable.

Zero Coupon Notes: Notes in relation to which no interest is payable to the Noteholder until the earlier of the scheduled maturity or early redemption.

Deferred Coupon Notes: Notes in relation to which the interest in relation to a given payment date may be deferred until the earlier of the scheduled maturity or early redemption on conditions specified in the Pricing Supplement.

Interest-Related Variable discontinuity features for Interest Rate-Linked Notes:

Digital Notes: Notes in relation to which, if the Interest-Related Variable at maturity reaches a predefined level or value, the interest payable is a fixed amount.

Barrier Notes: Notes under which the interest and/or the redemption amount payable to the Noteholder at maturity are determined by reference to the performance of the Interest-Related Variable depending on the level or value of the Interest-Related Variable attaining or falling below predefined levels or values. If the Pricing Supplement so specify, the predefined level or value may be varied on a specified date or dates or during specified periods throughout the term of the Notes. The predefined levels or values may consist of any of the following:

Up and Out: If the level or value of the Interest-Related Variable is higher than a predefined level or value at a specified date or during a specified period the interest and/or redemption amount payable to the Noteholder ceases to be linked to the performance of the Interest-Related Variable as specified in the relevant Pricing Supplement.

Up and In: If the level or value of the Interest-Related Variable is higher than a predefined level or value at a specified date or during a specified period the interest and/or redemption amount payable to the Noteholder become linked to the performance of the Interest-Related Variable as specified in the relevant Pricing Supplement.

Down and Out: If the level or value of the Interest-Related Variable is lower than a predefined level or value at a specified date or during a specified period the interest and/or redemption amount payable to the Noteholder cease to be linked to the performance of the Interest-Related Variable as specified in the relevant Pricing Supplement.

Down and In: If the level or value of the Interest-Related Variable is lower than a predefined level or value at a specified date or during a specified period the interest and/or redemption amount payable to the Noteholder become linked to the performance of the Interest-Related Variable as specified in the relevant Pricing Supplement.

The specified date or dates, or specified periods, for the observation of the level or value of the Interest-Related Variable against the relevant predefined level or value may include any of the following or maybe as otherwise specified in the Pricing Supplement:

American: the level or value of the Interest-Related Variable is observed continuously during a specified period.

Bermudan: the level or value of the Interest-Related Variable is observed during a period which consists of a number of specified dates.

Discrete: the level or value of the Interest-Related Variable is observed daily at a specified time on specified dates.

European: the level or value of the Interest-Related Variable is observed at maturity.

Parisian: the level or value of the Interest-Related Variable is observed on the occurrence of a specified event.

Switchable Notes: Notes paying a fixed coupon. After a predetermined period, the Issuer may, at its sole option, switch irrevocably from a fixed coupon to a floating coupon on each predefined switch date.

Window: the level or value of the Interest-Related Variable is only observed during a fixed period.

Interest-Related Variable path dependent features for Interest Rate-Linked Notes:

Range Accrual Notes: Notes in relation to which the interest only accrues for each day during a period that a specified Interest-Related Variable remains within a specified range (which may vary during the term of the Notes), as specified in the Pricing Supplement.

Average Growth Notes: Notes under which the redemption amount payable to the Noteholder at maturity is calculated by reference to the average level or value of the Interest-Related Variable on a number of specified dates occurring on or after the issue date to but excluding the maturity date, as specified in the Pricing Supplement.

Snow Notes: Notes in relation to which a fixed interest rate is set for the initial interest period and then leveraged thereafter whereby the interest rate for any given period is determined by reference to (i) the rate used to calculate the interest for the preceding period and applying to it a pre-specified rate and (ii) a Interest-Related Variable, as set out in the Pricing Supplement (subject to minimum interest rate of 0 per cent.).

Ratchet Notes: Notes in relation to which a fixed rate is used to calculate the interest for the initial period (the "initial rate") and leveraged thereafter whereby the subsequent rate for any given period used to calculate the interest is determined by reference to (A) the rate applicable for the preceding period and applying to it a pre-specified rate and (B) an Interest-Related Variable (subject to a minimum interest rate of 0 per cent.), until a specified date on which the rate used to calculate the interest is reset to the initial rate and the rate leverage process recommences.

Serial Notes: Notes in relation to which rate used to calculate the interest is determined by reference to (i) any one of the minimum, the maximum or the average level or value of the specified Interest-Related Variable over a certain period of time and (ii) a rate specified in the Pricing Supplement.

Snowball: Callable Notes in relation to which the fixed rate used to calculate the interest is set for the initial period and then leveraged thereafter whereby the rate for any given period is calculated using the rate for the preceding period and applying to it a pre-specified rate which increases each year and subtracting the level or value of the specified Interest-Related Variable (subject to minimum interest rate of 0 per cent.).

Bearish Snowball: Callable Notes in relation to which the rate used to calculate the fixed interest is set for the initial period and then leveraged thereafter whereby the rate for any given period is calculated using the rate for the preceding period and adding to it the product of a multiple of the Interest-Related Variable minus a pre-specified rate (which increases each year) (subject to a minimum interest rate of 0 per cent. and a pre-specified maximum interest rate).

Resettable Snowball: Callable Notes in relation to which (i) the rate used to calculate the fixed interest payment is set for the initial period (the "initial interest rate") and leveraged thereafter whereby the subsequent interest rate for any given interest period is calculated using the interest rate for the preceding period and applying to it a pre-specified rate which increases each year and subtracting the specified Interest-Related Variable (subject to a minimum rate of 0 per cent.) until a specified date on which the interest is reset to the initial rate and the rate leverage process recommences, and (ii) the Issuer has a right to redeem the Notes earlier than the maturity date if a trigger event relating to a specified Interest-Related Variable occurs and is existing on a specified early redemption date during the term of the Notes.

Recovery Note: Callable Notes in relation to which the fixed rate used to calculate the interest is set for the initial period and then leveraged thereafter whereby the rate for any given period is calculated using the rate for the preceding period and adding to it the product of a multiple of the specified Interest-Related Variable minus a pre-specified rate (which increases each year) (subject to a minimum interest rate of 0 per cent. and a pre-specified rate maximum).

Seesaw Note: Callable Notes in relation to which the method of calculating interest changes during the life of the Notes as follows. The fixed rate used to calculate the interest is set for the initial period and is then leveraged thereafter whereby the rate for any given period is calculated using the rate for the preceding period and applying to it a multiple of a pre-specified rate or rates less the specified Interest-Related Variable. The rate used to calculate the interest will then revert to the original rate or another fixed rate for a specified number of periods. Thereafter, the rate used to calculate the interest for any given period is calculated using the rate for the preceding period and applying to it a multiple of the specified Interest-Related Variable less a pre-specified rate or rates. The rate applicable to any period may be subject to minimum and maximum rate limits.

SnowBlade Note: Target Accrual Redemption Notes which are not Callable Notes in relation to which a fixed rate is set for the initial period and then leveraged thereafter whereby the rate for any given subsequent period is

calculated using the rate for the preceding period and applying to it a pre-specified rate which increases each year and subtracting the specified Interest-Related Variable (subject to a minimum interest rate of 0 per cent.).

If such cumulative amount is greater than the amount specified in the Pricing Supplement the interest payable on the relevant payment date shall be reduced to ensure such cumulative amount is equal to the amount specified in the Pricing Supplement for such payment date.

Floored Global Coupon: Notes in relation to which (i) the interest payable is determined by reference to an Interest-Related Variable, and (ii) the cumulative interest paid up to a given payment date (including the interest payable in respect of such payment date) is greater than or equal to an amount specified in the Pricing Supplement for such payment date. If such cumulative amount is less than the amount specified in the Pricing Supplement the interest payable on the relevant payment date shall be increased to ensure such cumulative amount is equal to the amount specified in the Pricing Supplement for such payment date.

VariCap Note: Notes which are not Callable Notes, in relation to which the interest rate calculated in relation to any period is a CMS rate plus a spread, but subject to a minimum rate and a variable maximum interest rate (the "Cap"). Bearish TARN: Target Accrual Redemption Notes in relation to which the interest rate is calculated by applying a fixed multiplier to the level of a specified Interest-Related Variable and subtracting a specified fixed rate which increases each year (subject to a minimum interest rate of 0 per cent.).

BONUS TARN: Target Accrual Redemption Notes in relation to which the interest rate is calculated using an initial fixed rate during the first interest period, then a higher fixed rate minus a multiplier time a specified Interest-Related Variable during subsequent periods and an additional bonus payment (expressed as a percentage of

the notional amount of the Notes and increasing annually throughout the term of the Notes) is made to Noteholders on the redemption date.

SnowRange Notes: Notes which are Callable Notes and in relation to which (i) interest only accrues for each day (a "Qualifying Day") during a period that a specified Interest-Related Variable remains within a specified range (which may vary during the term of the Notes), as specified in the Pricing Supplement, (ii) the interest rate is set for the initial interest period and then leveraged thereafter whereby the interest rate for any given interest period is calculated using the interest rate for the preceding period and applying to it a multiplier (calculated from the number of Qualifying Days in the current period divided by the actual number of days in the current period). (The SnowRange Note is a variation of the CRAN.)

Accumulator Leverage Inverse Floater Note: Floating Rate Notes in relation to which (i) the amount of interest payable to the Noteholder over the term of the Notes is known from the issue date and expressed as a percentage of the notional amount (the "Lifetime Cap") but the timing of interest payments and the maturity date is not known, (ii) the final interest payment is adjusted at maturity so that the sum of all interest payments (including such adjusted payment) equals the Lifetime Cap (iii) the Notes are automatically redeemed at par on an interest payment date if the sum of the interest payments (prior to the adjustment of such interest payment) would otherwise exceed the Lifetime Cap.

BladeRanger Notes: Target Accrual Redemption Notes under which interest only accrues for each day (a "Qualifying Day") during a period that a specified Interest-Related Variable remains within a specified range (which may vary during the term of the Notes), as specified in the Pricing Supplement, (ii) the interest rate is set for the initial interest period and then leveraged thereafter whereby the interest rate for any given interest period is calculated using the interest rate for the preceding period and applying to it a multiplier (calculated from the number of Qualifying Days in the current period divided by the actual number of days in the current period).

Range Accrual Notes: Notes in relation to which the interest is a variable amount (calculated by reference to a formula in the Pricing Supplement) and only accrues for each day during a period that a specified Interest-Related Variable remains within a specified range (which may vary during the term of the Notes), as specified in the Pricing Supplement.

Dual Range Accrual Notes: A dual range accrual note is a range accrual note that accrues interest for each day where the two observed reference indices are within their respective range while a lower coupon or no interest is accrued for each day where the indices fall outside of the range. The range for the observed reference indices (mostly observed daily) might vary over the life of the security. The most common structure is linked to the spread of two Constant Maturity Swaps and an interbank rate.

Constant Maturity Swap ("CMS") linked Notes and Remaining Maturity Swap ("RMS") linked Notes

Deferred digital: Notes which are not Callable Notes and in relation to which (i) the timing of the interest rate payment is conditional on the specified Interest-Related Variable and (ii) if the specified Interest-Related Variable remains below a certain trigger level or barrier, the interest rate payable is a fixed amount and if the specified Interest-Related Variable reaches the trigger level or barrier, the interest rate payable is compounded over the term of the Notes and payment is deferred until maturity.

Recovery Best Coupon Notes: Notes in relation to which, if the level or value of the Equity/Index-Related Variable is higher than predefined levels or values on specified dates, the interest payable in relation to such specified dates is a fixed amount. TAXATION

The following is a general description of certain tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes. Prospective purchasers of Notes should consult their own tax advisers as to the consequences under the tax laws of the country of which they are resident for tax purposes and the tax laws of the DIFC and the UAE of acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes. This summary is based upon the laws as in effect on the date of this Information Memorandum and is subject to any change in law that may take effect after such date.

The proposed financial transactions tax ("FTT")

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**participating Member States**"). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are expected to be exempt.

Under the Commission's Proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

United Arab Emirates Taxation

The following summary of the anticipated tax treatment in the UAE in relation to the payments on the Notes is based on the taxation law and practice in force at the date of this Information Memorandum and does not constitute legal or tax advice and prospective investors should be aware that the relevant fiscal rules and practice and their interpretation may change. Prospective investors should consult their own professional advisers on the implications of subscribing for, buying, holding, selling, redeeming or disposing of Notes and the receipt of any payments with respect to such Notes under the laws of the jurisdictions in which they may be liable to taxation.

There is currently in force in the Emirates of Abu Dhabi and Dubai legislation establishing a general corporate taxation regime (the Abu Dhabi Income Tax Decree 1965 (as amended) and the Dubai Income Tax Decree 1969 (as amended)). The regime is, however, not enforced save in respect of companies active in the oil industry, some related service industries and branches of foreign banks operating in the UAE. It is not known whether the legislation will or will not be enforced more generally or within other industry sectors in the future. Under current legislation, there is no requirement for withholding or deduction for or on account of UAE, Abu Dhabi or Dubai taxation in respect of payments of interest and principal to any holder of the Notes. In the event of such imposition of any such withholding, the Issuer has undertaken to gross-up any payments subject to certain limited exceptions.

The Constitution of the UAE specifically reserves to the UAE government the right to raise taxes on a federal basis for the purposes of funding its budget. It is not known whether this right will be exercised in the future.

The UAE has entered into double taxation arrangements with certain other countries but these are not extensive in number.

Dubai International Financial Centre

This zero rate of tax applies to income, corporation and capital gains tax. In addition, this zero rate of tax will also extend to repatriation of capital and to transfers of assets or profits or salaries to any party outside the Dubai International Financial Centre. Article 14 of the DIFC Law also provides that it is possible to renew the 50 year period to a similar period upon issuance of a resolution by the Ruler of Dubai. As a result no payments by the Issuer under the Notes are subject to any tax in the Dubai International Financial Centre, whether by withholding or otherwise.

SUBSCRIPTION AND SALE

HSBC Bank plc has in a modified and restated dealer agreement dated 12 July 2018 (the "**Dealer Agreement**") agreed with the Issuer a basis upon which it may from time to time agree either as principal or agent of the Issuer to subscribe for or purchase, to underwrite or, as the case may be, to procure subscribers or purchasers for Notes. When entering into any such agreement to subscribe for or purchase, to underwrite, or, as the case may be, to procure subscribers for or purchasers for any particular Series of Notes, the Issuer and the relevant Dealer(s) will agree details relating to the form of such Notes and the Conditions relating to such Notes. The Dealer Agreement contains provisions for the Issuer to appoint other dealers (together with the Dealer, the "**Dealers**") from time to time either generally in respect of the Programme or in relation to a particular Tranche of Notes.

The Arranger and its affiliates have engaged and may in the future engage in investment banking and/or commercial banking transactions with and perform services for the Issuer (and its affiliates) in the ordinary course of business.

General

No action has been or will be taken in any country or jurisdiction by the Issuer or the Dealers that would permit a public offering of Notes, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. Persons into whose hands this Information Memorandum or any Pricing Supplement comes are required by the Issuer and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they subscribe for, purchase, offer, sell or deliver Notes or have in their possession or distribute this Information Memorandum or any Pricing Supplement in all cases at their own expense.

The Dealer Agreement provides that the Dealers shall not be bound by any of the restrictions relating to any specific jurisdiction (set out below) to the extent that such restrictions shall, as a result of change(s) in, or change(s) in official interpretation of, after the date hereof, applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealers described in the first paragraph under the heading "*General*" above.

Selling restrictions may be supplemented or modified with the agreement of the Issuer. Any such supplement or modification will be set out in the relevant Pricing Supplement (in the case of a supplement or modification relevant only to a particular Tranche of Notes) or (in any other case) in a supplement to this Information Memorandum.

United States of America

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except pursuant to an exemption from, or in a transaction not subject to the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S.

The Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the Code and regulations thereunder.

Each Dealer has agreed that, except as permitted by the Dealer Agreement, (a) it will not offer, sell or deliver Notes, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Notes of a Tranche, as certified to the Principal Paying Agent or the CMU Lodging and Paying Agent (as the case may be) or the Issuer by such Dealer (or, in the case of a sale of a Tranche of Notes to or through more than one Dealer, by each of such Dealers as to the Notes of such Tranche purchased by or through it, in which case the Principal Paying Agent or the CMU Lodging and Paying Agent (as the case may be) or the Issuer shall notify each such Dealer when all such Dealers have so certified) within the United States or to, or for the account or benefit of, U.S. persons, and (b) it will send to each dealer to which it sells Notes during the periods referred to in (a)(i) and (ii) above a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

In addition, until 40 days after the commencement of the offering of Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

European Economic Area

Prohibition of Sales to EEA Retail Investors

Unless the Pricing Supplement for each Tranche of Notes issued under this Programme specifies the "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Information Memorandum as completed by the Pricing Supplement (as applicable) in relation thereto to any retail investor in the EEA. For the purposes of this provision:

- (a) the expression "retail investor" means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of MiFID II; or
 - (ii) a customer within the meaning of IMD where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Directive; and

- (b) the expression an "offer" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

Public Offer Selling Restriction under the Prospectus Directive

If the relevant Pricing Supplement in respect of any Notes specifies the "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", in relation to each Member State of the EEA (each, a "**Relevant Member State**"), with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") an offer of Notes which are the subject of the offering contemplated by this Information Memorandum as completed by the relevant Pricing Supplement in relation thereto to the public in that Relevant Member State may not be made, except that with effect from and including the Relevant Implementation Date, an offer of such Notes to the public in that Relevant Member State may be made:

- (a) *Qualified investors*: at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) *Fewer than 150 offerees*: at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (c) *Other exempt offers*: at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "**offer of Notes to the public**" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression "**Prospectus Directive**" means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in each Relevant Member State.

Qualified Investor Selling Restriction

The Notes have not and will not be offered with a minimum denomination of less than EUR100,000 (or equivalent in another currency) in any Member State of the EEA which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), except that the Notes may be offered at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive.

For the purposes of this provision, the expression "**Prospectus Directive**" means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.

Selling Restrictions Addressing Additional United Kingdom Securities Laws

In relation to Notes having a maturity of less than one year, Notes may not be offered or sold other than to persons:

- (a) whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses; or
- (b) who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses,

where the issue of the Notes would otherwise constitute a contravention of Section 19 of the Financial Services and Markets Act 2000 ("**FSMA**") by the Issuer.

An invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) may only be communicated or caused to be communicated in connection with the issue or sale of Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer.

All applicable provisions of the FSMA with respect of anything done in connection with the Notes in, from or otherwise involving the United Kingdom have been and will be complied with.

Notes to be issued under the Programme have not been and will not be offered, sold or publicly promoted or advertised by it in Egypt other than in compliance with any laws applicable in Egypt governing the issue, offering and sale of securities.

Dubai International Financial Centre

The Notes have not and may not be offered to any person in the Dubai International Financial Centre unless such offer is:

- (i) an "**Exempt Offer**" in accordance with the Markets Rules (MKT) Module of the Dubai Financial Services Authority (the "**DFSA**") rulebook; and
- (ii) made only to persons who meet the Professional Client criteria set out in Rule 2.3.3 of the DFSA Conduct of Business Module of the DFSA rulebook.

Hong Kong

The Notes (except for Notes which are a "structured product" as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong (the "**SFO**")) have not been offered or sold and will not be offered or sold in Hong Kong,

by means of any document, other than: (i) to "professional investors" as defined in the SFO and any rules made under the SFO; or (ii) in other circumstances which do not result in the document being a "prospectus" as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong (the "C(WUMP)O") or which do not constitute an offer to the public within the meaning of the C(WUMP)O.

No advertisement, invitation or document relating to the Notes, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) may be issued or held in the possession of the Issuer or any Dealer or any other offeror nominated by the Issuer for the purpose of such issue of Notes, whether in Hong Kong or elsewhere other than with respect to Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" as defined in the SFO and any rules made under the SFO.

Kingdom of Saudi Arabia

No action has been or will be taken in the Kingdom of Saudi Arabia that would permit a public offering of the Notes. Any investor in the Kingdom of Saudi Arabia or who is a Saudi person (a "Saudi Investor") who acquires any Notes pursuant to an offering should note that the offer of Notes is a private placement under Article 9 or Article 10 of the "Rules on the Offer of Securities and Continuing Obligations" as issued by the board of the Saudi Arabian Capital Market Authority (the "CMA") resolution number 3-123-2017 dated 27 December 2017 (the "KSA Regulations"), made through an authorised person licensed to carry out arranging activities by the CMA and following a notification to the CMA under the KSA Regulations.

The Notes may thus not be advertised, offered or sold to any person in the Kingdom of Saudi Arabia other than to "sophisticated investors" under Article 9 of the KSA Regulations or by way of a limited offer under Article 10 of the KSA Regulations. Each Dealer represents and agrees, and each further Dealer appointed under the Programme will be required to represent and agree, that any offer of Notes by it to a Saudi Investor will be made in compliance with Article 9 or Article 10 of the KSA Regulations.

Each offer of Notes shall not therefore constitute a "public offer", an "exempt offer" or a "parallel market offer" pursuant to the KSA Regulations, but is subject to the restrictions on secondary market activity under Article 15 of the KSA Regulations. Any Saudi Investor who has acquired Notes pursuant to a private placement under Article 9 or Article 10 of the KSA Regulations may not offer or sell those Notes to any person unless the offer or sale is made through an authorised person appropriately licensed by the CMA and: (a) the Notes are offered or sold to a Sophisticated Investor (as defined in Article 9 of the KSA Regulations); (b) the price to be paid for the Notes in any one transaction is equal to or exceeds Saudi Riyals 1 million or an equivalent amount; or (c) the offer of sale is otherwise in compliance with Article 15 of the KSA Regulations.
