Alternative Performance Measures

This announcement contains non-IFRS measures used by management internally that constitute alternative performance measures under European Securities and Markets Authority guidance and non-GAAP financial measures defined in and presented in accordance with SEC rules and regulations ('**Alternative Performance Measures**'). The primary Alternative Performance Measures we use are presented on a 'constant currency' basis which is computed by adjusting comparative period reported results for the effects of foreign currency translation differences, which distort period-on-period comparisons. Reconciliations between Alternative Performance Measures and the most directly comparable measures under IFRS are provided in our 1Q 2023 Earnings Release furnished with the SEC on Form 6-K on 2 May 2023 and which is available at [www.hsbc.com/ results-and-announcements](http://www.hsbc.com/results-and-announcements).
