HSBC HOLDINGS PLC ANNOUNCES TENDER OFFERS FOR FOUR SERIES OF NOTES

HSBC Holdings plc (the '**Company**', '**we**' or '**us**') has announced the anticipated launch of four separate offers to purchase for cash the outstanding series of notes listed in the table below for an aggregate purchase price (excluding Accrued Interest) of up to \$5,000,000,000 (such amount, as may be increased or decreased by the Company, the '**Maximum Tender Amount**'), subject to the terms and conditions set out in the Offer to Purchase. The launch of the Offers (as defined below) is expected to be at or prior to 10:00 a.m. (New York City time) on August 5, 2026 (the '**Launch Date**'). The Offer to Purchase will be available from 10:00 a.m. (New York City time) on the Launch Date at the following link: <https://www.gbhc-usa.com/hsbc/>.

We refer to the outstanding notes listed in the table below collectively as the '**Notes**' and separately as a '**series**' of Notes. We refer to each offer to purchase a series of Notes as an '**Offer**', and collectively as the '**Offers**'. The Offers are made upon the terms and subject to the conditions set forth in the Offer to Purchase dated August 5, 2026, relating to the Notes (the '**Offer to Purchase**'). As of the date of the Offer to Purchase, the aggregate outstanding principal amount of Notes subject to the Offers is \$8,600,000,000. References to '\$' are to U.S. dollars.

(1) We will accept Notes in the order of their respective Acceptance Priority Level specified in the table above, subject to the Maximum Tender Amount, the May 2028 Notes Sub-Cap (in the case of the May 2028 Notes), the March 2028 Notes Sub-Cap (in the case of the March 2028 Notes) and the satisfaction of the New Issue Condition (each as defined below). **Subject to the Maximum Tender Amount, the May 2028 Notes Sub-Cap (in the case of the May 2028 Notes) and/or the March 2028 Notes Sub-Cap (in the case of the March 2028 Notes), all Notes validly tendered and not validly withdrawn at or prior to the Expiration Time having a higher Acceptance Priority Level (with 1 being the highest) will be accepted before any tendered Notes having a lower Acceptance Priority Level (with 4 being the lowest). Notes of a series may be subject to proration if the aggregate purchase price (excluding Accrued Interest) of all Notes validly tendered and not validly withdrawn would, if accepted in full, cause the Maximum Tender Amount to be exceeded, or if the aggregate principal amount of May 2028 Notes or March 2028 Notes, as applicable, would cause the May 2028 Notes Sub-Cap or the March 2028 Notes Sub-Cap, to be exceeded, as more fully described in the Offer to Purchase.**

Tender Offers/2

(2) For each series of Notes, the calculation of the applicable Consideration (as defined below) will be performed assuming repayment of the principal on such Par Redemption Date for such series of Notes, excluding scheduled interest payments after such Par Redemption Date.

(3) The Fixed Spread is equivalent to the spread pursuant to the “make-whole” redemption provisions under the November 2028 Notes.

The Offers are being undertaken to proactively manage the Company's outstanding debt portfolio.

Each Offer will expire at 5:00 p.m. (New York City time) on August 12, 2026, unless extended or earlier terminated by us in our sole discretion (such date and time with respect to an Offer, as the same may be extended, the ‘**Expiration Time**’). Notes tendered for purchase may be validly withdrawn at any time at or prior to 5:00 p.m. (New York City time) on August 12, 2026 (such date and time with respect to an Offer, as the same may be extended, the ‘**Withdrawal Date**’), but not thereafter, unless extended or earlier terminated with respect to an Offer by us in our sole discretion. We expect the settlement date to occur on August 17, 2026, unless extended or earlier terminated in respect of an Offer by us in our sole discretion (such date and time with respect to an Offer, as the same may be extended, the ‘**Settlement Date**’).

Each Offer is independent of the other Offers, and we may terminate, modify or waive the conditions of any Offer without terminating, modifying or waiving the conditions of any other Offer.

Upon the terms and subject to the conditions set forth in the Offer to Purchase, holders who validly tender Notes at or prior to the Expiration Time, and whose Notes have not been validly withdrawn at or prior to the Withdrawal Date and are accepted for purchase by us (subject to the Maximum Tender Amount, the applicable Acceptance Priority Levels, the May 2028 Notes Sub-Cap (in the case of the May 2028 Notes), the March 2028 Notes Sub-Cap (in the case of the March 2028 Notes), and to proration, if any), will receive consideration for each \$1,000 principal amount of such Notes, which will be payable in cash on the Settlement Date as described below (the ‘**Consideration**’).

The Consideration applicable to each series of Notes validly tendered and accepted by us pursuant to the Offers will be calculated at or around 1:00 p.m. (New York City time) on August 12, 2026 (such date and time with respect to an Offer, as the same may be extended by the Company in its sole discretion, the ‘**Price Determination Date**’), in accordance with the formula set forth in the Offer to Purchase and with standard market practice, using the applicable ‘**Offer Yield**’, which will be equal to the sum of:

- a) the applicable ‘**Reference Yield**’, as determined by the Dealer Manager (as defined below), that corresponds to the bid-side yield of the Reference Security specified in the table above for such series of Notes appearing on the Price Determination Date, such yield being directly quoted on the Bloomberg Reference Page (as defined below) and being rounded to the nearest 0.001 per cent. (with 0.0005 per cent. being rounded up), plus
- b) the Fixed Spread specified in the table above for such series of Notes.

Accordingly, the Consideration payable by us for each \$1,000 principal amount of each series of Notes accepted by us will equal:

- (i) the present value on the Settlement Date of \$1,000 principal amount of such Notes due on the Par Redemption Date (as specified in the table above) of such Notes and all scheduled interest payments on such \$1,000 principal amount of such Notes to be made from (but excluding) the Settlement Date up to and including such Par Redemption Date, discounted to the Settlement Date at a discount rate equal to the applicable Offer Yield, minus
- (ii) the Accrued Interest per \$1,000 principal amount of such Notes;

such total amount being rounded to the nearest cent per \$1,000 principal amount of such Notes, and the above calculation being made in accordance with standard market practice as described by the formula set forth in the Offer to Purchase.

The ‘**Bloomberg Reference Page**’ means the page on Bloomberg from which the Dealer Manager will observe the bid-side yield of the Reference Security for each series of Notes, which is expected to be PX3 or PX4 as appropriate (or any other recognized quotation source selected by us in consultation with the Dealer Manager if such quotation source is not available or manifestly erroneous).

As soon as reasonably practicable after the Price Determination Date, the Company will issue a press release specifying the Consideration for each series of Notes validly tendered and accepted.

In addition to the Consideration, holders whose Notes of a given series are accepted for purchase will also be paid a cash amount equal to accrued and unpaid interest on such Notes from, and including, the last interest payment date for such Notes to, but not including, the Settlement Date, rounded to the nearest cent

Tender Offers/3

(such amount in respect of a series of Notes, '**Accrued Interest**'). Accrued Interest will be payable on the Settlement Date. For the avoidance of doubt, interest will cease to accrue on the Settlement Date for all Notes accepted in the Offers. Under no circumstances will any interest be payable to holders because of any delay on the part of Global Bondholder Services Corporation, as depositary, The Depository Trust Company ('**DTC**') or any other party in the transmission of funds to holders.

On the date of the Offer to Purchase, the Company expects to launch a proposed new issuance (the '**Proposed Issuance**') of three series of senior unsecured debt securities (the '**New Notes**') which are not subject to the Offers. No assurance can be given that the Proposed Issuance will be completed.

It is expected that the Offers will be financed with the proceeds received from the Proposed Issuance and, to the extent required, with cash on hand.

The Offers are subject to the terms and conditions described in the Offer to Purchase. In particular, the Company is offering to purchase for cash the applicable Notes issued by it for an aggregate purchase price (excluding Accrued Interest) for all series of Notes of up to the Maximum Tender Amount. The maximum aggregate principal amount of the May 2028 Notes to be purchased by the Company will be \$750,000,000 (such amount, as may be increased or decreased by the Company, the '**May 2028 Notes Sub-Cap**') and the maximum aggregate principal amount of the March 2028 Notes to be purchased by the Company will be \$1,750,000,000 (such amount, as may be increased or decreased by the Company, the '**March 2028 Notes Sub-Cap**'). The Company reserves the right, but is under no obligation, to increase or decrease the Maximum Tender Amount, the May 2028 Notes Sub-Cap and/or the March 2028 Notes Sub-Cap at any time. There can be no assurance that the Company will exercise its right to increase or decrease the Maximum Tender Amount, the May 2028 Notes Sub-Cap and/or the March 2028 Notes Sub-Cap. If the Company increases or decreases the Maximum Tender Amount, the May 2028 Notes Sub-Cap and/or the March 2028 Notes Sub-Cap, it does not expect to extend the Expiration Time or the Withdrawal Date, subject to applicable law. Our obligation to complete the Offers is conditioned on the successful pricing, on terms and conditions satisfactory to us in our sole discretion, of the Proposed Issuance (the '**New Issue Condition**').

Subject to the Maximum Tender Amount, the May 2028 Notes Sub-Cap (in the case of the May 2028 Notes) and the March 2028 Notes Sub-Cap (in the case of the March 2028 Notes), the Notes will be purchased in order of the Acceptance Priority Levels (in numerical priority order) set forth in the table above. The September 2028 Notes are designated as the first, or highest, Acceptance Priority Level, the November 2028 Notes and the May 2028 Notes are designated as the second and third Acceptance Priority Levels, respectively, and the March 2028 Notes are designated as the fourth, or lowest, Acceptance Priority Level. All Notes of a series tendered at or prior to the Expiration Time having a higher Acceptance Priority Level will be accepted before any tendered Notes of a series having a lower Acceptance Priority Level are accepted.

Notes of a series may be subject to proration, on the basis of a proration factor calculated as described in the Offer to Purchase, if the aggregate purchase price (excluding Accrued Interest) that would be payable for all Notes of all series validly tendered and not validly withdrawn would, if all such Notes were accepted in full, exceed the Maximum Tender Amount. In addition, if the principal amount of validly tendered May 2028 Notes or March 2028 Notes, as applicable, were to exceed the May 2028 Notes Sub-Cap or the March 2028 Notes Sub-Cap, the amount of May 2028 Notes or March 2028 Notes purchased may be subject to proration, on the basis of a proration factor calculated as described in the Offer to Purchase. Accordingly, if, subject to the Maximum Tender Amount, the Acceptance Priority Levels, the May 2028 Notes Sub-Cap (in the case of the May 2028 Notes) and the March 2028 Notes Sub-Cap (in the case of the March 2028 Notes), as at the Settlement Date, there are sufficient funds to purchase some, but not all, of the validly tendered Notes of any series, the amount of Notes purchased in that series will be subject to proration.

To avoid purchases of tendered Notes in principal amounts other than integral multiples of \$1,000, the Company will make appropriate adjustments downward to the nearest \$1,000 principal amount with respect to each holder's validly tendered Notes accepted for purchase. Depending on the principal amount of Notes of a series validly tendered and the proration factor applied, if the principal amount of Notes of that series that are not accepted and are returned to a holder as a result of proration would result in less than an aggregate principal amount of \$200,000 (the '**Minimum Authorized Denomination**') being returned to such holder, the Company, at its sole discretion, will either accept all of such holder's validly tendered Notes of that series without proration or reject all of the Notes of such series tendered by such holder.

The Offers are not conditioned upon any minimum level of participation. The Company will not be able to definitively determine whether the Maximum Tender Amount, the May 2028 Notes Sub-Cap and/or the March 2028 Notes Sub-Cap is reached, or what the effects of proration may be with respect to the Notes, until after the Expiration Time has passed.

Tender Offers/4

The Company reserves the right to amend or waive any of the conditions of the Offers, in whole or in part, at any time or from time to time, in our sole discretion, subject to applicable law. If any of the conditions to the Offers are not satisfied at the Expiration Time with respect to an Offer, we may, in our sole discretion and without giving any notice, subject to applicable law, (a) terminate such Offer, (b) extend such Offer, on the same or amended terms, and thereby delay acceptance of any validly tendered Notes, or (c) continue to accept tenders.

We will, in connection with the allocation of the New Notes in the Proposed Issuance, consider among other factors whether or not the relevant investor seeking an allocation of the New Notes has, prior to such allocation, validly tendered or given a firm intention to us or the Dealer Manager that they intend to tender their Notes pursuant to the Offers and, if so, the aggregate principal amount of Notes tendered or intended to be tendered by such investor.

Therefore, a holder who wishes to subscribe for New Notes in addition to tendering its Notes for purchase pursuant to the Offers may be eligible to receive, at the sole and absolute discretion of the Company, priority in the allocation of the New Notes, subject to the issue of the New Notes and such holder also making a separate application for the purchase of such New Notes to the managing bookrunner of the issue of the New Notes in accordance with the standard new issue procedures of such bookrunner. However, we are not obliged to allocate the New Notes to a holder who has validly tendered or indicated a firm intention to tender Notes pursuant to the Offers and, if New Notes are allocated, the principal amount thereof may be less or more than the principal amount of Notes tendered by such holder and accepted by us pursuant to the Offers.

No assurance can be given that the Proposed Issuance will be completed.

All Notes accepted in the Offers will be cancelled and retired, and will no longer remain outstanding obligations of the Company. Holders of Notes are advised to read carefully the Offer to Purchase, including the 'Risk Factors' section, for full details of and information on the procedures for participating in the Offers.

The Company has retained HSBC Bank plc as Dealer Manager for the Offers (the '**Dealer Manager**'). Questions and requests for assistance related to the Offers may be directed to the Dealer Manager at UK: +44 (0)20 7992 6237, US: +1 (212) 525-5552 (Collect) or +1 (888) HSBC-4LM (Toll Free), or by email at liability.management@hsbcib.com.

Global Bondholder Services Corporation will act as the information agent (the '**Information Agent**'). Questions or requests for assistance related to the Offers or for additional copies of the Offer to Purchase may be directed to the Information Agent at +1 (855) 654-2014 (toll free) or +1 (212) 430-3774 (banks and brokers). You may also contact your broker, dealer, custodian bank, trust company or other nominee for assistance concerning the Offers.

If the Company terminates an Offer, all Notes tendered pursuant to such Offer will be returned promptly to the tendering holders thereof.

Holders of Notes are advised to check with any bank, securities broker or other intermediary through which they hold Notes as to when such intermediary would need to receive instructions from a beneficial owner in order for that beneficial owner to be able to participate in, or withdraw their instruction to participate in, an Offer before the deadlines specified herein and in the Offer to Purchase. The deadlines set by any such intermediary and DTC for the submission and withdrawal of tender instructions will also be earlier than the relevant deadlines specified herein and in the Offer to Purchase.
