HSBC HOLDINGS PLC ANNOUNCES PRICING TERMS OF ITS TENDER OFFERS FOR FOUR SERIES OF NOTES

On August 5, 2026, HSBC Holdings plc (the '**Company**', '**we**' or '**us**') launched four separate offers to purchase for cash the outstanding series of notes listed in the table below, upon the terms of, and subject to the conditions set out in, the offer to purchase dated August 5, 2026, relating to the Notes (the '**Offer to Purchase**'), which is available at the following link:

<https://www.gbsc-usa.com/hsbc/>.

We refer to the outstanding notes listed in the table below collectively as the '**Notes**' and separately as a '**series**' of Notes. We refer to each offer to purchase a series of Notes as an '**Offer**', and collectively as the '**Offers**'.

As previously announced, the Company increased (a) the maximum tender amount applicable to the Offers from an aggregate purchase price (excluding Accrued Interest) of up to \$5,000,000,000 to an aggregate purchase price (excluding Accrued Interest) of up to \$6,750,000,000 (as amended, the '**Maximum Tender Amount**') and (b) the maximum aggregate principal amount of May 2028 Notes to be purchased by the Company, from an aggregate principal amount of \$750,000,000 to an aggregate principal amount of \$1,000,000,000 (as amended, the '**May 2028 Notes Sub-Cap**').

The Company today announces that on the terms and subject to the conditions in the Offer to Purchase, set forth in the table below is the '**Consideration**' for each series of Notes, as calculated at 1:00 p.m. (New York City time) on the date hereof (the '**Price Determination Date**') in accordance with the Offer to Purchase. References to '\$' are to U.S. dollars.

(1) We will accept Notes in the order of their respective Acceptance Priority Level specified in the table above, subject to the Maximum Tender Amount, the May 2028 Notes Sub-Cap (in the case of the May 2028 Notes) and the March 2028 Notes Sub-Cap (in the case of the March 2028 Notes). **Subject to the Maximum Tender Amount, the May 2028 Notes Sub-Cap (in the case of the May 2028 Notes) and/or the March 2028 Notes Sub-Cap (in the case of the March 2028 Notes), all Notes validly tendered and not validly withdrawn at or prior to the Expiration Time having a higher Acceptance Priority Level (with 1 being the highest) will be accepted before any tendered Notes having a lower Acceptance Priority Level (with 4 being the lowest). Notes of a series may**

Tender Offers/2

be subject to proration if the aggregate purchase price (excluding **Accrued Interest**) of all Notes validly tendered and not validly withdrawn would, if accepted in full, cause the Maximum Tender Amount to be exceeded, or if the aggregate principal amount of May 2028 Notes or March 2028 Notes, as applicable, would cause the May 2028 Notes Sub-Cap or the March 2028 Notes Sub-Cap, to be exceeded, as more fully described in the Offer to Purchase.

(2) For each series of Notes, the calculation of the applicable Consideration has been performed assuming repayment of the principal on such Par Redemption Date for such series of Notes, excluding scheduled interest payments after such Par Redemption Date.

(3) The Fixed Spread is equivalent to the spread pursuant to the “make-whole” redemption provisions under the November 2028 Notes.

(4) Per \$1,000 principal amount.

Each Offer will expire at 5:00 p.m. (New York City time) today, unless extended or earlier terminated by us in our sole discretion (such date and time with respect to an Offer, as the same may be extended, the ‘**Expiration Time**’). Notes tendered for purchase may be validly withdrawn at any time at or prior to 5:00 p.m. (New York City time) today (such date and time with respect to an Offer, as the same may be extended, the ‘**Withdrawal Date**’), but not thereafter, unless extended or earlier terminated with respect to an Offer by us in our sole discretion. We expect the settlement date to occur on August 17, 2026, unless extended or earlier terminated in respect of an Offer by us in our sole discretion (such date and time with respect to an Offer, as the same may be extended, the ‘**Settlement Date**’).

Each Offer is independent of the other Offers, and we may terminate, modify or waive the conditions of any Offer without terminating, modifying or waiving the conditions of any other Offer.

Upon the terms and subject to the conditions set forth in the Offer to Purchase, holders who validly tender Notes at or prior to the Expiration Time, and whose Notes have not been validly withdrawn at or prior to the Withdrawal Date and are accepted for purchase by us (subject to the Maximum Tender Amount, the applicable Acceptance Priority Levels, the May 2028 Notes Sub-Cap (in the case of the May 2028 Notes), the March 2028 Notes Sub-Cap (in the case of the March 2028 Notes), and to proration, if any), will receive the Consideration specified in the table above, which will be payable in cash on the Settlement Date as described below.

The Consideration applicable to each series of Notes validly tendered and accepted by us pursuant to the Offers has been determined in accordance with the formula set forth in the Offer to Purchase and with standard market practice, using the applicable ‘**Offer Yield**’, which is equal to the sum of:

- a) the applicable ‘**Reference Yield**’ specified in the table above that corresponds to the bid-side yield of the Reference Security specified in the table above for such series of Notes on the Bloomberg Reference Page PX3 or PX4, plus
- b) the Fixed Spread specified in the table above for such series of Notes.

Accordingly, the Consideration payable by us for each \$1,000 principal amount of each series of Notes accepted by us is equal to:

- (i) the present value on the Settlement Date of \$1,000 principal amount of such Notes due on the Par Redemption Date (as specified in the table above) of such Notes and all scheduled interest payments on such \$1,000 principal amount of such Notes to be made from (but excluding) the Settlement Date up to and including such Par Redemption Date, discounted to the Settlement Date at a discount rate equal to the applicable Offer Yield, minus
- (ii) the **Accrued Interest** per \$1,000 principal amount of such Notes;

such total amount being rounded to the nearest cent per \$1,000 principal amount of such Notes, and the above calculation has been made in accordance with standard market practice as described by the formula set forth in the Offer to Purchase.

In addition to the Consideration, holders whose Notes of a given series are accepted for purchase will also be paid a cash amount equal to accrued and unpaid interest on such Notes from, and including, the last interest payment date for such Notes to, but not including, the Settlement Date, rounded to the nearest cent (such amount in respect of a series of Notes, ‘**Accrued Interest**’). **Accrued Interest** will be payable on the Settlement Date. For the

Tender Offers/3

avoidance of doubt, interest will cease to accrue on the Settlement Date for all Notes accepted in the Offers. Under no circumstances will any interest be payable to holders because of any delay on the part of Global Bondholder Services Corporation, as depository, The Depository Trust Company ('DTC') or any other party in the transmission of funds to holders.

The Company reserves the right, but is under no obligation, to increase or decrease the Maximum Tender Amount, the May 2028 Notes Sub-Cap and/or the March 2028 Notes Sub-Cap at any time. There can be no assurance that the Company will exercise its right to increase or decrease the Maximum Tender Amount, the May 2028 Notes Sub-Cap and/or the March 2028 Notes Sub-Cap. If the Company increases or decreases the Maximum Tender Amount, the May 2028 Notes Sub-Cap and/or the March 2028 Notes Sub-Cap, it does not expect to extend the Expiration Time or the Withdrawal Date, subject to applicable law.

Subject to the Maximum Tender Amount, the May 2028 Notes Sub-Cap (in the case of the May 2028 Notes) and the March 2028 Notes Sub-Cap (in the case of the March 2028 Notes), the Notes will be purchased in order of the Acceptance Priority Levels (in numerical priority order) set forth in the table above. The September 2028 Notes are designated as the first, or highest, Acceptance Priority Level, the November 2028 Notes and the May 2028 Notes are designated as the second and third Acceptance Priority Levels, respectively, and the March 2028 Notes are designated as the fourth, or lowest, Acceptance Priority Level. All Notes of a series tendered at or prior to the Expiration Time having a higher Acceptance Priority Level will be accepted before any tendered Notes of a series having a lower Acceptance Priority Level are accepted.

Notes of a series may be subject to proration, on the basis of a proration factor calculated as described in the Offer to Purchase, if the aggregate purchase price (excluding Accrued Interest) that would be payable for all Notes of all series validly tendered and not validly withdrawn would, if all such Notes were accepted in full, exceed the Maximum Tender Amount. In addition, if the principal amount of validly tendered May 2028 Notes or March 2028 Notes, as applicable, were to exceed the May 2028 Notes Sub-Cap or the March 2028 Notes Sub-Cap, the amount of May 2028 Notes or March 2028 Notes purchased may be subject to proration, on the basis of a proration factor calculated as described in the Offer to Purchase. Accordingly, if, subject to the Maximum Tender Amount, the Acceptance Priority Levels, the May 2028 Notes Sub-Cap (in the case of the May 2028 Notes) and the March 2028 Notes Sub-Cap (in the case of the March 2028 Notes), as at the Settlement Date, there are sufficient funds to purchase some, but not all, of the validly tendered Notes of any series, the amount of Notes purchased in that series will be subject to proration.

To avoid purchases of tendered Notes in principal amounts other than integral multiples of \$1,000, the Company will make appropriate adjustments downward to the nearest \$1,000 principal amount with respect to each holder's validly tendered Notes accepted for purchase. Depending on the principal amount of Notes of a series validly tendered and the proration factor applied, if the principal amount of Notes of that series that are not accepted and are returned to a holder as a result of proration would result in less than an aggregate principal amount of \$200,000 (the '**Minimum Authorized Denomination**') being returned to such holder, the Company, at its sole discretion, will either accept all of such holder's validly tendered Notes of that series without proration or reject all of the Notes of such series tendered by such holder.

The Offers are not conditioned upon any minimum level of participation. The Company will not be able to definitively determine whether the Maximum Tender Amount, the May 2028 Notes Sub-Cap and/or the March 2028 Notes Sub-Cap is reached, or what the effects of proration may be with respect to the Notes, until after the Expiration Time has passed.

As previously announced, on August 5, 2026, the Company priced the offering of \$2,500,000,000 5.243% Fixed Rate/Floating Rate Senior Unsecured Notes due 2032, \$3,250,000,000 5.729% Fixed Rate/Floating Rate Senior Unsecured Notes due 2037 and \$1,000,000,000 Floating Rate Senior Unsecured Notes due 2032 (the '**New Issuance**'), thereby satisfying the New Issue Condition (as defined in the Offer to Purchase) with respect to the Offers. It is expected that the Offers will be financed with the proceeds received from the New Issuance and, to the extent required, with cash on hand.

Tender Offers/4

The Company reserves the right to amend or waive any of the conditions of the Offers, in whole or in part, at any time or from time to time, in our sole discretion, subject to applicable law. If any of the conditions to the Offers are not satisfied at the Expiration Time with respect to an Offer, we may, in our sole discretion and without giving any notice, subject to applicable law, (a) terminate such Offer, (b) extend such Offer, on the same or amended terms, and thereby delay acceptance of any validly tendered Notes, or (c) continue to accept tenders.

All Notes accepted in the Offers will be cancelled and retired, and will no longer remain outstanding obligations of the Company. Holders of Notes are advised to read carefully the Offer to Purchase, including the 'Risk Factors' section, for full details of and information on the procedures for participating in the Offers.

The deadlines set by any such intermediary and DTC for the submission and withdrawal of tender instructions will also be earlier than the relevant deadlines specified herein and in the Offer to Purchase.
