¹ The contents of this report are provided in accordance with the requirements of EP4.

² Category A – Projects with potential significant adverse environmental and social risks and/or impacts that are diverse, irreversible, or unprecedented; Category B – Projects with potential limited adverse environmental and social risks and/or impacts that are few in number, generally site-specific, largely reversible and readily addressed through mitigation measures; and. Category C – Projects with minimal or no adverse environmental and social risks and/or impacts.

³ Country Designation is based on the World Bank's income criteria. Projects in designated countries (High Income OECD members) are assessed only according to local laws. Projects in "non-designated" countries are assessed according to local laws and the International Finance Corporation's standards.

⁴ Project Name Reporting indicates the number of clients who have agreed that high-level project details can be disclosed on the Equator Principles website.
